A second plate of plate glass is placed at a distance of some four inches from the original shop window, and by all air being excluded the temperature of the air between the two windows being equalized, no frost conceres the view. Mr. Dunlop of the Framery, yesterday took measurements, and will place the second plate glass at once.

SHARP LICENSE INSPECTOR

Saw Well-Travelled Footpath Leading to Unlicensed Hotels and "Caught on" to the Game.

Preston, Nov. 20.—R. H. Knowles, of Bruslar, license inspector, for the south riding of Waterloo County who is one of the strictest inspectors in this section, made a haul which has created quite a sensation, as it will probably result in the exposure of a long practiced violation of the liquor act in Upper Wilmot.

When Inspector Knowles made a trip through Upper Wilmot some time ago his suspicions were aroused at Jerry Moyer and Berlet's Corners, where at one time there had been hotels, but which were now supposed to be private dwellings.

Mr. Knowles observed that the road leading to the front of these places had been travelled considerably. There were no indications otherwise to lead him to think that liquor was served there.

Sunk Torpedo Boat In a Sham Fight

During Night Manoeuvres in a Heavy Snow Storm Sudden Glare of Searchlight Confused Helmsman.

Kiel, Nov. 20.—The torpedo boat struck amidships, causing her boiler to explode.

The suddenness of the catastrophe explains the great number of victims.

It is believed that all the missing members of the crew were killed or drowned.

Several wounded officers were rescued.

The accident occurred in the midst of a blinding snowstorm, and the night was very dark. The torpedo boat sank in four minutes.

Emperor William, who arrived here at noon for the swearing in of the naval recruits, was immediately informed of the accident.

THE ICE-BREAKERS

Gold Lake Hunters Allow Their Fellow Sportsmen of Eagle Lake to Work.

And now the Gold Lake Hunting Club are claiming to have the laugh on the hustling ice-breakers, who have been thinning out the deer round Eagle Lake.

It seems that the Gold Lake party had packed up and were all ready to leave their lodge last Wednesday afternoon. They discovered to their disgust that the narrows, through which they would have to pass to paddle back to their connection with civilization, were frozen solid. There was a good inch and a half of ice interfering with transported by canoes.

Just as they were embarking, with hearts sickened at the thought of breaking through two miles and a half of thick tough ice, the sounds of blows upon ice were heard.

At once they turned back to the lodge and waited, until the Eagle Lake party had cleft a way through the ice. This latter operation took a good four hours' hard work.

Then the Gold Lakers paddled for Buckhorn and approach to some chances, later on of buttermilk!

The issuing was taken from the former place two years ago last May, while the latter had not had a license for many years.

Under the authority of a search warrant, Mr. Knowles and Chief of Police McMaster o. Bowmanville raided these houses, finding liquor in both places and everything as convenient for business as in a hotel with a regular license.

Each place was run by a widow and it is said to be evident that the liquor business has been carried on for many years, in the latter place, and in the former place ever since the license had been cancelled.

The officers seized a big supply of beer and whisky which was forwarded to Bowmanville, where the two widows will come up for trial shortly.

Inspector Knowles was an appointee of the Ross administration, but his services evidently have been satisfactory, as the Bowmanville Conservative Association protested against him being shorn of office.

FEDERAL CHURCH COUNCIL

Preliminary Plan of Representation and Objects Outlined at New York Conference.

New York, Nov. 20.—The business committee of the inter-church conference on federation announced the draft of a plan for church federation at the conference in Carnegie Hall to-day. The following are the chief points;

A federal council of Protestant churches to meet every four years, the first meeting to be held on June 1, 1908.

Each denomination to have four members in the council and one extra member for each 50,000 communicants.

The council to act in the capacity of an advisory board and to interfere [illegible] individual denominations.

The object to be united action on social and moral questions, and to give spiritual counsel and promote fellowship.

An executive committee to deal with the business of the council in the intervals between meetings.

Thirty denominations are to be in the federation at the outset and provision is made for the admission of others.

The plan will come before the conference on Monday for action.

New York, Nov. 20.—The inability of the Protestant Episcopal delegates to act for their church in endorsing the plan for church federation was brought to the attention of the convention by Bishop Whitaker of the diocese of Pennsylvania. He said that the eight Protestant Episcopal delegates present were expressly directed to vote as individuals, though the church was in entire and increasing sympathy with the objects of the conference.

1056 British Tars Desert.

New York, Nov. 20.—One thousand and fifty-six British sailors were missing yesterday from the fleet of Prince Louis of Battenberg, which has been anchored in New York harbor for a little more than a week.

These sailors are recorded as deserters on the books of the fleet, but their officers hope that most of them have merely overstayed their shore leave.

ANOTHER DESCENDANT.

Hamilton, Nov. 20. — Miss Emma Matthews, 491 Cannon street, this city, claims that she is the great-granddaughter of Lady Maria Fitzherbert, morganatic wife of King George IV., and heiress to a fortune of $12,000,000, which awaits that descendant. She has communicated with lawyers in London instructing them to push her claims.

Australia is Reconsidering

London, Nov. 17.—Communications, it is stated in a melbourne despatch, are still passing between Premier Deakin and General Booth regarding the proposed immigration scheme which was understood to have fallen through.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which snow no outcropping, and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we knew we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 190 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 80 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 150 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for it time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 50 per cent. on a basis of five wells to the acre.

How Consumption Starts

Tired When You Waken--Languid All Day—Nerves Worn Out —Snap All Gone

Your limbs feel "draggy" and excessively weak. A night's sleep seldom brings satisfying rest. Continuous headaches, exhaustion and nervous sensations destroy your health. Soon every spark of vitality is used up. Then you catch tuberculosis.

Start to-day. Build up, get new nerve force, and overcome this process of decay. Use Ferrozone, which physicians consider the most vitalizing, uplifting tonic ever made.

Ferrozone cures because it can furnish the body with sufficient nutriment and building material.

Think of the instant effect—at once the appetite increases, delightful color in the cheeks proves that rich, red blood is being circulated. Tired muscles are invigorated, flesh and weight are added. Nerve force develops, and bounding, joyous health is firmly established.

This is certain—Ferrozone restores failing strength from any cause. The experience of Mr. Thos. Lowd, of [illegible], proves this:

"Household worries and cares had about exhausted my strength. I was weak and miserable. My cheeks lacked the color of health, and occasionally I had spells of rheumatism. Then my appetite fell off, and nothing could tempt me to eat. Worn-out feelings, chills and despondency filled my very being. I became anaemic and dwindled down to a shadow. Consumption was very near. Ferrozone put strength in my body with a rush. It built me up, strong, virile and happy, and I have been well ever since."

Ferrozone cures sickness by curing the real cause—lack of blood and nerve tone. It keeps people at their best—fit, ready and anxious for work. In 50c. boxes only, six for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Can.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock. The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year strictly in advance.

PETERBORO, NOVEMBER 20 1905

THE MINISTERAL PENSION DOOMED.

It looks very much as if the popular outcry against the mischievous plan for pensioning Cabinet Ministers after a paltry five years' service, would force its repeal at the next session of Parliament. The Government appears to have become convinced of the deep-rooted disgust which [illegible] the country over this selfish scheme, and to be preparing to withdraw from so unpopular a position. Not only did Mr. Aylesworth, the new Ontario Minister, declare himself against it in his opening speech to his prospective electors, but now we have Mr. Pardee, the Liberal candidate in West Lambton, hastening to put himself on record against it as well. Speaking at Sarnia on Monday night, he said:

He was frankly opposed to the pension bill, and could only say that he was assured by Sir Wilfrid Laurier that the matter would be reconsidered at the next session of the House. If a man held a Cabinet position and lost it, let him accept the fortune of war. If a man had served his country well, [illegible], and had lost his means of support, something might be done, as in England, in the way of a special act for his special case, but there was no need of pensioning young men and men of means simply because they had served five years in the Cabinet.

These two Liberal candidates—the one a Minister—would hardly be allowed to agree in opposing this section of the obnoxious measure, if it were not the intention of the Government to repeal it. There is a possibility, of course, that they are merely talking buncombe for the purpose of carrying their bye-elections; but, if this be so, the rising hope of the Ontario Liberals—Mr. Aylesworth—is in poor business.

It might be less significant—and far more satisfactory—if they also attacked the indemnity grab. But both men apologize for that greedy conspiracy. In the case of Mr. Pardee, his rejection of the Ministerial pension is a noble renunciation of another man's benefit, while he proposes to take any stray benefit which may bear his own personal address. Certainly the indemnity grab will mulct the country of the larger sum. It will not, of course, so seriously menace the independence of Ministers during their first five years of service, but it will sap the independence of many a private member who would take no step which was likely to hasten a dissolution of Parliament and the imperilling of his fat $2,500 a year.

THE POSITION OF THE "INDUSTRIAL" POLICY-HOLDER.

Inasmuch as the Metropolitan Life is a stock company, its shareholders rather than its policyholders have the most immediate interest in the way the company is managed. But inasmuch as the company occasionally gives dividends to policyholders and allows them to expect other dividends in the future, the policyholders also have an interest, even apart from their fundamental right to be given guarantees against the company's abusing its power and thereby becoming insolvent.

The testimony of President Hegeman before the New York legislative investigating committee shows many acts of the company which were not to the interest either of policyholders or shareholders, however much they may have benefited individual officers or representatives of the company. There were large loans without interest to newly organized banks. There were large loans to individuals either without interest or at very low rates. There were sales of securities below market quotations, and there were valuations of securities owned by the company above market quotations. There were syndicate operations unfavorable to the company and large contributions to a professional lobbyist's expenses.

The Metropolitan charges premiums on the industrial policies, which make up the greater part of its business, that are almost twice as large as the premiums on ordinary life policies. Of course the expenses of collecting weekly premiums are high, and the policyholder must pay the expense. It cannot be doubted, however, that much cheaper insurance of this character could be provided. Inasmuch as the people who take this kind of insurance are always poor and usually ignorant of business matters, they deserve special protection from the state, and every effort should be made to guarantee them facilities for obtaining protection at rates as low as possible.

EDITORIAL COMMENT

That is certainly a fine healthy line of trouble that the Czar turned over to Witte.

• • •

Enthusiastic American ladies who want Prince Louis to marry them mustn't overlook the rather important fact that there is a Mrs. Battenberg.

• • •

The Cons. in Alberta carried a constituency named Rosebud. The rest of the bouquet went to the enemy.

• • •

Sir Thomas Lipton denies the rumor that he is married. The story was probably started by some one who noticed that he was getting bald and had a couple of buttons missing from his coat.

Catarrh Cannot Be Cured.

with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Texas Lands
Very Cheap
The Houston & Texas Central Ry. Co. has decided to sell its land grant in Northwest Texas, adjoining Oklahoma. To effect a quick sale and avoid the expense of maintaining sales agencies, the lands have been listed at very low prices.
They are adjacent to the Rock Island main line running diagonally across Oklahoma and Texas. Portions of the tract are well watered and nearly all is susceptible of cultivation. Transportation facilities excellent—big markets within easy reach.
Sale will be made in parcels of 160 acres up to four sections or 2,560 acres to each purchaser. The prices are on a fixed scale—no fluctuation. Taxes are low, terms liberal and warranty deeds given in all cases.
If interested, send quick for descriptive leaflet with full information.
Rock Island System

BLOOD DISEASES CURED

Drs. K. & K. Established 25 Years.

NO NAMES USED WITHOUT WRITTEN CONSENT.

Before Treatment.

After Treatment.

He was surprised at how the sores healed—"I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 5 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend you to treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish." W. H. S.

We treat Nervous Debility, Varicocele, Stricture, Vital Weakness, Blood and Skin diseases, Urinary, Bladder and kidney complaints of men and Women.

READER Are you a victim? Have you lost hope? Are you contemplating to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. BOOKS FREE—"The Golden Monitor" (illustrated), on Diseases of Men. Sealed Book on "Diseases of Women" Free.

DRS. KENNEDY & KERGAN

Cor. Michigan Ave. and Shelby St., Detroit, Mich.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 350,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 160 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 30 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $6,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 4 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U.S.A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

CAPITAL STOCK $1,000,000, fully paid and non-assessable.
Par Value of Shares $1.00. Incorporated under the laws of Arizona.

THE SAFE WAY

The Kramer Gold Mining Co. do not lease properties on chance, but lease with option to purchase within a reasonable time. Our contracts or property all contain clause carrying this privilege. is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

A TANGLED WEB

BY MRS. ALEXANDER

Author of "Beaton's Bargain," "His Perfect Trust," "By Another Name," "Her Heart's Idol," "Half a Truth," "His Rival."

"I can scarcely believe my eyes!" he exclaimed. "Am I to conclude that Marsden has tranferred his allegiance, with the betrothal ring, from Miss L'Estrange to you?"

"He has," she returned, twirling the ring round and round, smiling softly.

"And how—how did Marsden contrive to break off with Miss L'Estrange?"

"That I do not know; but he has done so, and as I have always found you capable of keeping silence when necessary, I do not mind telling you, that Mr. Marsden has made some rather curious discoveries which, in short, render his marriage with Miss L'Estrange impossible."

"Discoveries, eh?" in a peculiar tone; "and will you not trust me completely?"

"No, my good friend; I—in short, I do not exactly know myself."

"It is all very mysterious, and detcedly hard for Miss L'Estrange."

"I don't suppose she is in a very enviable state of mind;" returned Mrs. Ruthven, with an air of quiet enjoyment.

Shirley looked at her curiously.

"And have you given up all hopes of tracing your rubies?" he asked.

"Yes," she said, sharply; "what suggested them to you?"

"I don't know; perhaps an idea that Marsden has not hitherto brought you luck."

"He will replace my rubies by the Marsden diamonds. Now, Captain Shirley, you said you thought I was going to cut you completely; you are mistaken; I am not going to cut you, but I am going to drop you as an intimate friend. Mr. Marsden, for some reason or other, would not be pleased, I know, if I continued on the same terms with you, and he is naturally my first consideration. You have always been friendly and useful, and I may add, prudent; for you have wisely agreed with me in letting by-gones be by-gones. But before entering into a new phase of my existence, I should like to look through a few acknowledgments of yours, which you have given me from time to time," and she drew from a Russia leather despatch box several slips of paper neatly fastened together.

"Mrs. Ruthven!" cried Shirley, coloring crimson, "if you mean that I am to clear up with you, previous to your entering on your 'new phase,' you intend to reward my prudence by ruining me!"

She looked at him for a moment in amused silence.

"I am not quite so hard a creditor, Shirley; partly, perhaps, because I do not forget by-gones, quite. No; I inaugurate this new phase of my existence, by returning you all these promissory notes. I wish to hear no more of them—let us part friends. I wish you good luck, in whatever way you WOULD best like it."

Shirley's dark face changed. "You are kind, and—and most liberal," he said. "I wish our old—let me say friendship—was not to be ended." He took the papers she held out, and, twisting them up, thrust them into his breast-pocket. "I shall never meet your match again; you have shown me what can be dared and done by a woman, blessed as you are with a heavy purse and a potent will."

"And all's well that ends well," returned Mrs. Ruthven. She gave him her hand with a slight inclination of the head, and he felt himself dismissed.

* * * * * * *

The days flew fast, and that fixed for Winton's departure had dawned.

Nora dared not hope that she still held the same place in his regard. Of course, she thought, her sudden change, her apparent readiness first to accept Marsden and then to break with him, had lowered her in the estimation of so high-minded a man as Mark Winton.

He had called as he promised, but both Mrs. L'Estrange and her step-daughter were out.

"He will not go without bidding us good-bye," said the former more than once, as she began to understand matters without questioning, and grew anxious that the two she heartily loved should not spoil each other's lives for a punctilio. "I must write and ask him to luncheon or dinner."

"No, no, dear Helen! Promise me, promise me faithfully you will not," implored Nora, with such a distressed expression of countenance that Mrs. L'Estrange promised.

The last day was bright and crisp, there had been a light fall of snow, and the grass in the park was prettily powdered.

No exterior brightness, however, could cheer Nora. She kept a brave face, but her heart felt as if it must break; for the moment life was to her like one of those wretched dreams where the dreamer, all burning to attain some joy almost within touch, is kept back by impalpable barriers, vague obstacles, gossamer to the eye, impregnable to the striving spirit.

It was, she told herself, useless, unmaidenly, to grieve so about a man who was evidently resolved not to renew his proposal to her. She had begged to join Bea and her governess in their early walk; anything was better than sitting still.

She talked kindly and cheerfully in German to the little fraulein about her home and her people, every now and again falling into silence and bitter thought, and then with the restlessness of pain, she wanted to go home and read; a tough book of some kind would draw her out of herself. She complained of fatigue, and they returned to the house.

Nora went listlessly upstairs, opened the drawing-room door, and stopped for a moment. Helen was speaking to some one, another step, and she saw her step-mother seated on a low chair looking up to Mr. Winton, who stood on the hearth-rug leaning his shoulders against the chimney-piece. She instinctively turned her face from the light, and assuming by an effort an air of composure, advanced to shake hands with him—a charming figure, as the reflection of the fire played on her dark-green, close fitting cloth coat, edged with sable, and a pretty cap of the same fur crowned her golden-brown curls. In spite of her will and firmly asserted self-control, a vivid blush rose to her cheeks, which left color enough even when it had partially faded.

"Where is Bea?" asked Mrs. L'Estrange, when the others had had each other good-day.

"Gone to take off her things."

"I must bring her to see you," said Mrs. L'Estrange, with rather a significant look to Winton.

"He is going, then," thought Nora, too much taken up with the idea to heed her step-mother leaving the room.

(To be continued.)

No Session for Stratford.

Stratford, Nov. 19.—Mr. John Bain, secretary to the Dominion Tariff Commission, to-day telegraphed Secretary Steele, of the Stratford Board of Trade, stating that no session of the commission would be held here, and asking that Stratford people desirous of making representation to the commission be at London on Monday. The matter will come up before the Board of Trade and representatives from here will go to London.

STOLE SCHOOL FUNDS.

Peoria, Ills., Nov. 17.—Newton C. Dougherty, former superintendent of schools and banker, yesterday pleaded not guilty to a charge of embezzling several hundred thousand dollars of Peoria school funds.

BIG G CHEMICAL CO. U.S.A.

WANTED

Investors to know about the

BUFFALO-ARIZONA GOLD MINES CO.

It is a mighty attractive property and is being developed by men.

There are 100 acres of mining land which are owned free from debt.

It has no bonds nor preferred stock.

The present price of the stock is very low.

Now is the time to purchase.

If you knew the value of this mine you would want the stock more than we wish to sell it.

For further particulars see

PETERBORO BROKERAGE CO., Fiscal Agents

Your Last Opportunity Will Soon Pass.

We have had an advertisement in The Times several days giving some facts about the BIG CASINO MINES, but some people seem to think it impossible for so good an investment to be offered in Peterboro.

We will give $500.00 to anyone who will disprove one of the following statements

The Big Casino Mines are located at Big Oak Flat, Tuolumne County, California, on the great "Mother Lode."

We have 276 acres of ground. Have been developing and equipping the property more than three years and a half. Have spent over $200,000.00 on the property.

We have 10,000 feet of underground work done. Have a very large amount of good ore blocked out ready to break down and mill, and have more ore in our property than can be mined out in two or three life times.

We have apparently inexhaustible bodies of good ore. We also have ore that will mill $1,000.00 per ton.

We have a modern 20 stamp mill in good condition, to which we propose to add 30 stamps as soon as possible. With 50 stamps we will pay $30,000.00 to $40,000.00 per month in dividends. $10,000.00 per month will be 2 cents per share per month, or 48 per cent. on the money you invest in the stock at 50 cents per share.

We will lay aside a sinking fund to double the capacity of the mill, making 100 stamps which we propose to put in inside of the next twelve months, then your dividends should every year be at least equal to your investment.

$250.00 and two weeks' time should cover every expense of a trip to the mines, so that you can personally examine them and have the opportunity of disproving the above facts and get the $500.00

Are you satisfied with interest or would you prefer profits like those we have told you the Big Casino will pay?

Your money is no safer in real estate, in the bank or anywhere else, than invested in Big Casino stock.

Four years ago Calumet, of Arizona, sold at $1.00 per share to raise money to develop and equip the mines. Certain people said it can't be any good or it would all be taken up out there; but they sold their stock and developed the mine, and paid their first dividend on Dec. 18th, 1903. The dividend was $2.00 per share, just twice what the stock cost, and they paid $10.00 per share last year, and will pay their last quarterly dividend for this year next month, which will make $10.00 per share this year, and the stock is quoted on the open markets of the world at $115.00 to $120 per share.

Granite Mountain stock was sold in St. Louis at 10 cents per share, and in 10 months after their mill started the stock was worth $72.00 per share in the open market and paid the St. Louis stockholders $13,000,000.00 in dividends during the next three years.

Neither of the above named mines gave more promise of making the wonderful producer they have proved to be, at the same stage of development, than the Big Casino does at present.

The directors of the Big Casino know their stock, based on the ore developed and equipment of the property, would be cheap at par, $1.00 per share, and will advance the price to $1.00 Nov. 25th, if not sooner. Right to advance the price to $1.00 any day is reserved, and the 25th is positively the last day you can buy the stock for less than $1.00 per share.

The Big Casino is a developed mine, and we will make one of the large dividend payers of the State of California out of it if we never sold a share of stock, for we can get all the money out of the mine to add to the mill, and it would only delay dividends a little longer.

The Big Casino will become a permanent dividend payer early in the coming year, and should pay not less than 24 per cent. on your investment at 50 cents per share the first year.

Remember the price may advance any day, and there will be none offered you for less than $1.00 per share after the 25th.

Yours truly,

GEO. L. PORTER,

Peterboro, Ont., Nov. 11th, 1903.

P. S.—See me at the White House.

The Consolidated Eureka Mining & Tunnel Co.

A SPLENDID INVESTMENT

With certainty of large profits in the near future.

AN AMERICAN DISEASE

Indigestion is Responsible for More Sickness in America Than Any Other Disease.

Some doctors go so far as to say that indigestion is the national disease of America. Repeated attacks inflame the lining of the stomach and cause the glands to secrete mucous instead of the juice of natural digestion. Consequently the blood is poisoned, nerve force is reduced, the vitality of the entire system is weakened.

There is but one national remedy for indigestion and that remedy is Dr. Hamilton's Pills, which are being used by thousands with marvellous success.

Dr. Hamilton's Pills accelerate the action of the gastric glands and give tone to the digestive organs. They strengthen the kidneys and liver, cleanse and purify the blood, and thus add general tone to every organ of the body. Flesh and strength are fast restored and the patient can eat and digest any food he pleases.

Under this vitalizing effect of Dr. Hamilton's Pills your system will soon rally; once more you'll enjoy the blessings of health. Test Dr. Hamilton's Pills yourself. 25c. per box or five boxes for $1, at all dealers, or by mail from N. C Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

Death of Young Englishman.

A young Englishman named Walter Clark died in the Nicholls hospital on Friday night. His people live in England, and the deceased had completed arrangements for spending Christmas with them, but unfortunately death intervened. His funeral will be held this afternoon from Belleham's undertaking establishment at 2.30 to the Little Lake cemetery.

Peterboro Opera House Spoken of

Lindsay Post says: The management of the new opera house in Peterboro have secured the services of a permanent constable. He will be attired in a uniform of blue, with silver buttons and police cap, and as he has been authorized to keep the best of order at all times, he has been provided with a pair of automatic handcuffs and a hard club.

Charlotte St. Pedestrians Stopped.

All pedestrian traffic on the north side of Charlotte street, near George street was stopped for a considerable time on Saturday afternoon. A cart entering the alleyway just beside the Peterboro Fuel & Cartage Co., got a wheel stuck, by running off the inclined boards, running over the crossing. Both horse and cart were right across the pavement for about an hour.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

TUESDAY SEPT. 5, 1905

Intending students should make application as soon as possible.

WM. PRINGLE,

Opposite Post Office, Principal.

LOCAL INCIDENTS

By The Times Man on the Street

—Mr. Harry Corby has given the Mayor of Belleville $10,000 towards a public library.

—Miss Coleman gave an address at the gospel meeting at the Y.W.C.A. yesterday afternoon.

—The next session of the first Division Court will be held before his Honor Judge Weller on Dec. 15.

—The cadet cadery class out by Y.W.C.A. will meet this afternoon at 3 o'clock with Miss Sherin in charge.

—Shop early for Xmas and get first choice. All articles reserved until called for later on. Times Bookstore.

—The choir of St. John's, in full vestments for both sexes, was yesterday a subject of flattering comment.

—A special meeting of the Ladies' Auxiliary of the Y.M.C.A. will be held this evening at 7.30 o'clock. A full attendance is requested.

—The Havelock post office has lately been renovated and now presents an appearance more in keeping with Havelock's progressiveness.

—St. Peter's T.A.B. Literary Society will meet this evening when Rev. Father Galvin will lecture on the "Monasteries of the Middle Ages."

—To-night Rev. Dr. Symonds, of Christ church, cathedral, Montreal, will give a lecture in the Y.M.C.A. on "Ideals in the Life of Lord Beaconsfield."

—St. Paul's Young Men's Guild Mock Parliament will hold a session on Tuesday night when a number of important measures will come up for discussion.

—Crepe paper in entirely new designs and colors, for making lamp shades and fancy articles. Be sure and see the latest out before buying. Times Bookstore.

—The brain weary knight of the pen of a Saturday evening begins to think that the monotonous drone of the Salvation Army Band and Infinity of Time are synonymous.

—Yesterday not a guest claimed or had enforced on him, the hospitality of the Hotel des Joys. In fact it was reported that P. C. Stewart last night was singing "The Gates Ajar."

—The first of a series of meetings in Dummer township in the interest of local option will be held at Warsaw on Tuesday evening. Rev. J. G. Potter will be one of the speakers.

—To-day in St. Andrew's church, the pastor, Rev. J. G. Potter, will preach at both services. The morning subject will be "The King and His People," and in the evening, "Liberty."

—The meeting to organize a chapter of the Brotherhood of St. Andrew in connection with St. Luke's church has been postponed from Tuesday evening, owing to the congregational reunion, until Wednesday evening at nine o'clock.

—Two men riding on the platform of a pilot engine, at Belleville on Saturday morning, were instantly killed. The men were named respectively William Dick and David Wrenwick. Dick's head was entirely severed from his body.

SOCIAL AND PERSONAL

—Miss Madeline Wilson is visiting friends in Hamilton.

—Police Magistrate Dumble was in Toronto on Saturday.

—Miss Clara Bellerjeau went up to Toronto Saturday morning.

—Miss L. Crunk of Trenton, who has been the guest of Mrs. Metheral, Bethune street, for the last five weeks has returned home.

—The engagement is announced of Miss Carrie Gilmour, eldest daughter of Mr. David Gilmour, formerly of Trenton, to Mr. Herbert M. Roblin, of Buffalo.—Toronto News.

—Mrs E. A. Peck entertained her friends to a delightful "at home" Friday afternoon. About 100 ladies were present. The house was prettily decorated with chrysanthemums and other flowers.

—Miss Bertha B. Kelly, who has been visiting at North Bay, spent a few days with her Peterboro, Toronto and Cavan friends this week and will return to North Bay to prolong her visit there until Christmas.—Mail-Mirror.

KNOCKED SENSELESS

Percy O'Donnell, a Boy Sleigh-Driver Into a Tree.

An accident occurred on Saturday that, for a short time looked as though it were going to be attended by a fatality.

Percy O'Donnel a young boy whose home is at 76 Harvey street, met with an accident which put him unconscious for about two hours. He was sleigh-riding down the Murray street hill in front of the Collegiate Institute, when he ran into a tree. He struck his head with great force, and also cut a gash on the side of his head. He was carried into one of the houses near the school and Dr. McKinnon was called. It was nearly one o'clock before Percy gained enough to be removed to his home. During the afternoon he complained of a pain in his chest also, but yesterday he was reported as progressing favorably.

A GOOD BAG OF BUCKS

A Gentleman Well Known in This City.

A gentleman well known in this city, Mr. Geo. Gallett, of Cobourg, and Levi Payne, of Lakefield, have returned from Stony Lake, where they had been spending a two weeks' outing. They secured sixty ducks and two partridge during their stay.

Water Power at Campbellford

The municipality of Campbellford is going into the development of power extensively, and if the application which the council has made to the Department of Railways and Canals is granted, in the near future work will be commenced on a new dam which, it is expected, will develop 1,000 horse power. With the erection of the new dam the town will have power to sell to manufacturing concerns, in addition to that required for the operation of the electric light and waterworks plant.

REV. DR. SYMONDS HEARD

ELOQUENT AND INTELLECTUAL SERMONS.

Both St. John's and St. Luke's Churches Crowded to the Doors Yesterday--Aisles at all Services Had to be Filled With Chairs.

Never perhaps in the recent history of St. John's church was this sacred and imposing edifice more densely crowded than at last night's service. Long before the bell ceased its summons call to service, scores of chairs had to be requisitioned, and every aisle of the church was filled with these temporary accommodations for the many hundreds of overflow attendance.

Rev. J. C. Davidson, the rector, read the prayers and second lesson. The choir was larger than usual and the recently introduced "mortar board," or college caps and surplices worn by the lady members of the choir, gave a very finished and artistic appearance to its singers.

The service was largely a choral one, as the psalms for the evening were all rendered in song, the effect of which, owing to evident careful practice by the choir was greatly appreciated.

The rector announced that yesterday afternoon (Sunday) amid great enthusiasm, a junior chapter of the Brotherhood of St. Andrew's had been organized.

ST. LUKE'S CHURCH.

Rev. Dr. Symonds gave a most eloquent and instructive sermon in St. Luke's the most side pleasant and largest attended church. At this service, as at St. John's in the evening, chairs had to be brought into use, and every aisle was crowded from chancel to doors. Rev. Mr. Langfeldt, the rector, personally supervised, and assisted in arranging for the comfort, and worship of the vast crowd in attendance. During this evening service at St. Luke's his Worship, the Bishop of Toronto, conferred the Holy Rite of Confirmation on sixty candidates. These included members of the church of mature age as well as younger members.

SERMON AT ST. JOHN'S.

At the evening service at St. John's church, Rev. Dr. Symonds gave a most interesting sermon, that whilst deep in argument and intellectual in character, was still within the comprehension and appreciation of all present. His address, given in his usual convincing style and well modulated voice, was an open argument devoid of dogma or limited by the tenets of church creed or doctrine.

His text was taken from the third chapter of St. Paul to the Corinthians, 6th verse. The speaker began by explaining that St. Paul had established a church in Corinth, which in comparison with others of that time was large and wealthy.

This he had established a year and a half before going to preach elsewhere. Apollos was a friend of the apostle and a very eloquent man. He desired to assist the apostle, but instead of the people being pleased at his work, a spirit of envy of the relative merits was engendered. Men, heard St. Peter and James who had come down from Jerusalem, and were inclined to criticise the work done by the apostle.

So that, in this peaceful community, their sprang up sects and bodies, some would say "I am for Paul," "I for Apollos," whilst others claimed the patronage of still different preachers.

The work was for the Lord, so Christ said to these wranglers, who are useless unless they combine to the general good. Now, you are working for Paul, now for Apollos, and then for others. Who are these workers but cogs in the whole machinery of God's work.

The words of the text give good food for reflection.

Our thoughts may gather round three points. The part that God's works play, what man's work plays, and the harvest or fruit to be gained by co-operation of the three.

"God's work is creative mainly. Man knows not how he creates;" this the speaker very aptly illustrated by saying, "If a man takes a grain of wheat in his hand, he cannot, without the creative power given by God, regenerate its likeness.

Man cannot make the fruits or grain but he can put it to use. "God creates and man only uses God's creation." Matters in the spiritual world are very analagous. There are various nationalities, we however, did not pick our particular nationality; so it is with our minds; With all our boastful wealth, and powers, given us by God, we cannot now, any more, than could men in the stone age, create.

In former days we used, and perhaps illiterate in days now passed away, to hear the doctrine promulgated that we need more particular to hear the doctrine that all things come from God, yet this is largely mingled with error.

God has put us here that we may, through our intelligence, improve our nature, as it is in the spiritual world; God gives the raw material, and it is for us to use this with common sense, and multiply the gifts and then when the time comes, lay them at the feet of God.

If the farmer never worked, he would have no harvest, just so it is in the spiritual world. He who says "God is doing everything, there is no use for me working," such men fall in the same error as the farmer, who

Fiendish Tortures of The Jews in Russia

Letters from Odessa and Kovno Throw Light Upon the Awful Massacres of Women and Children.

New York, Nov. 21.—Despatches from Russia during the recent Jewish massacres gave only a faint idea of the atrocities committed against the Hebrews in the land of the Czar. Some of the survivors have written letters to friends in America describing the horrors they underwent. These letters, coming as they do from those who witnessed the slaughter of mothers, wives, fathers, brothers and sisters, tell with grim truthfulness of the terrible scenes witnessed during the persecutions of the Jews by the infuriated Russian mobs. Extracts from some of the letters follow:

THOUGHT DEAD, IS SPARED.

Morris Levinson, of Philadelphia, received from his sister at Odessa:

"At the same time our father was attacked in the street a mob ran into our house and struck mother on the head with such a blow that she fell senseless. That wasn't enough for them. Brutal men. They tortured her in the most horrible manner.

"I was knocked senseless, but they left me there, thinking, I suppose, that I was dead. Send us some money for medicines and food. If you haven't any, beg of your fellow-Jews. Thank God that you live in a free land and help us, who are destined to live like beasts."

MOTHER STONED TO DEATH.

Aaron Rothenstein wrote:

"Dear Cousins: I weep like a child as I write this letter, for a terrible calamity has befallen our family. Mother was lying in a terrible condition, when the mob entered our house, and, after destroying all our possessions, seized her and put her under the most horrible tortures. She was alone in our home, and no one was on hand to defend her. She gathered her failing strength and rushed into the street, crying for help. The mob stoned her, and she was instantly killed."

DROVE SPIKES IN HER BRAIN

Herman Sachs, of Kiev, has written to Samuel London, one of the organizers of a relief committee:

"A Jewess named Sarah Goldman, was taken to our hospital with two spikes seven inches long driven into her brain. A Jew named Kaufman was found in the street with his under lip cut off with a knife, after his tongue and windpipe had been pulled out with pincers.

"A Jew named Belkers had been tortured until he was a raving maniac, and on a street corner a woman about to become a mother was tormented until she died. A carpenter was surprised at his w... and both his hands sawed off with his own saw."

A CATHEDRAL WEDDING

Miss Katherine Bolin Becomes the Wife of Mr. J. J. Doherty of Asphodel.

A very pretty wedding was celebrated yesterday morning in St. Peter's cathedral, when Miss Katherine Bolin, of this city, and Mr. John J. Doherty, of Asphodel, plighted their troth in the presence of a large number of relatives and friends. The ceremony was performed by Rev. Father Galvin.

The bride was attired in a travelling suit of blue broadcloth, with hat to match. The bridesmaid, Miss Margaret J. Heffernan, niece of the bride, was similarly gowned. Mr. Edward J. Doherty of Hastings was groomsman.

At the conclusion of the ceremony the wedding party repaired to the residence of the bride, 208 1-2 Charlotte street, where a dainty wedding breakfast was served, after which the bride and groom left upon the night o'clock C.P.R. train for Toronto, Niagara Falls, and western points, and upon their return, a few days hence, will take up residence in Asphodel.

Mr. and Mrs. Doherty were the recipients of a large array of wedding gifts.

Assault May Have Caused Death.

Ogdensburg, N.Y., November 21.—Mrs. Florence Stacey is dead at Malone, and her husband, Fred Stacey, has been placed under arrest, it being alleged that he assaulted his wife on October 2nd. Stacey refuses to say anything about the assault.

MR. BAKER'S DEATH

Mr. Robert J. Baker Dies After Operation in St. Michael's Hospital Toronto, Yesterday.

Yesterday afternoon about four o'clock a well-known resident of this city, Mr. Robert J. Baker, of Charlotte street, passed away in St. Michael's hospital, after an operation for abcess in the head.

Mr. Baker who went to Toronto a few weeks ago, as recorded in these columns, after being ill with a painful abcess internally near the ear, had an operation about three weeks ago in the same hospital. He seemed to rally quickly after the operation, in fact he had been able to get up and take walks outside. After a time however, the pain returned again appeared, the second time, on the other side of the head. He was operated upon at two o'clock yesterday by Dr. Bingham of Toronto, and about four o'clock, two hours after the operation, passed away.

The body was brought home and taken to his late residence on Charlotte street, by the C.P.R. midnight train, interment it was take place in the Little Lake cemetery, but full particulars as to time and date were not established last night.

Mr. Baker, who was highly esteemed by all who knew him, leaves to mourn his loss, a widow, two sisters, Mrs. Chas. James, Toronto, and Mrs. John Briggs, Brock street, city. He also leaves two brothers, Mr. Geo. Baker, Cor. Brock and Smith streets, Baker, on Brock street, and Samuel, whose place of business is on Water street.

The late Mr. Baker was 31 years of age.

EFFICIENCY PAY

57th Regiment Get Their Pay at the Bank of Ottawa.

Saturday and yesterday were busy days for the local branch of the Bank of Ottawa. The members of the 57th Regiment were receiving their pay through that bank, and the clerks were kept busy during banking hours handing out the cash. This year for the first time the men drew efficiency pay, which in the case of first year men amounted to $2.40, second year, $4.80, and third year, $6.00. The efficiency pay was drawn by the men this year. Their regular pay going into the regimental fund as in the past. This is used to provide the trip for the regiment during this summer, the officers allowing all their pay to go into this fund.

Any members of this regiment who have not yet received their pay may obtain it at the Bank of Ottawa.

SHOT DEPUTY BAILIFF

J. Clarkson Killed While Making a Seizure.

Winnipeg, Nov. 20.—John Clarkson lies dead in Treherne as the result of a gunshot wound, inflicted, as far as indications point in, in a diabolical manner by Eli Grobb, a farmer living eight miles northwest of Treherne. Clarkson was 26 years of age, and lately from England, and was appointed deputy bailiff a short time ago. One of his first commissions was the serving of a writ of seizure under the Seed Grain Mortgage Act on Grobb, who is a bachelor farmer. According to the prisoner's statement, Clarkson entered his house and told him of the seizure and he claims that Clarkson was proceeding in a high-handed manner, and that he (Grobb), ordered him off the place. On command, he says, Clarkson refused to comply with, and after a few words Grobb shot him twice with a shot gun, killing him outright. Grobb stated that he then left the body in the house and came into town to give himself up to the authorities.

HELP THE POOR

Give Your Assistance in Cash or Clothing to the King's Daughters

The rector of St. John's church on Sunday made a strong appeal for funds and clothing for the poor. These contributions will be distributed by that most respected body of philanthropic ladies, "The King's Daughters." A telephone message from any one desiring to help the poor by gifts of money, cast-off clothing, blankets, etc., will receive prompt attention and such contributions will be called for and placed where they will do good.

This is the time of year that our citizens' hearts and pocket-books should open in favor of their less fortunate brethren in distress. It might be added that the peculiar organization and intelligence dept. of the King's Daughters, keeps the society in touching with the deserving poor, and such a society should be encouraged by tangible assistance.

AN OTONABEE DEATH

Mrs. E. Hair Passes Away at Lot 30, Con. 10, of Otonabee.

We regret to have to chronicle the death of Margaret Jane Easson, wife of Evans Hair, of lot 30, con., 10, of the township of Otonabee. The late Mrs. Hair was a lifelong resident of the township and had a wide circle of friends and acquaintances, who will be shocked to hear of her death on Sunday morning at the family residence.

The late Mrs. Hair, whose death was the result of pneumonia, was the daughter of the late Mr. and Mrs. Robert Easson, of Otonabee township, both of whom pre-deceased her by a number of years. She had been ill but a short time before her death.

A sister of the deceased, Annie Easson, died in Otonabee some years ago. Surviving brothers are William, of Petterboro, Henry, of Haliburton, Allan, of Otonabee, and James, of Duluth. One daughter, Amelia, and two sons, Herbert and John, all residing in Otonabee, remain to mourn her loss.

The funeral will take place this afternoon at one o'clock from the family residence, lot 30, concession 10, Otonabee township, to the Little Lake cemetery, for interment. The services will be conducted by Rev. E. A. Langfeldt, rector of St. Luke's church, of which the deceased was a member.

POLICE COURT NEWS

Last night, Charles Sorleber, a bridegroom of only a few weeks' time, and whose entry into the grand army of benedicts, was recently reported in these columns, last night, was, by the cruel hand of fate, augmented by a policeman's sturdy arm torn from the fidelity of conjugal felicity.

Instead of toasting his shins at the kitchen stove, protesting that his recently gained connubial bliss was growing apace, declaring that every hour of married bliss was a moment spent in the Elysian fields of perfect happiness, and laying the faggots on the domestic range in anticipation of rekindling the sordid flames of every day cooking, that in comparison with the fires of love consuming his ardent heart, passed the long weary hours of the midnight vigils on an oak plank in the Hotel des Cops.

Charles had evidently decided that the smouldering fires of love's young dream required fuel. The mistake Charles made was in the fuel selected. Had he gone home and after laying with the family buck saw and answered, stayed there all hot love do the rest, all would have been well. But Charles undertook to stoke up the H.F. of Y.L.D. with alcoholic stimulants. The result was disastrous. Charles got a jag and thereby hangs this tale. On Simcoe street, the avenger of such indiscretions, in the person of P. C. Adams, happened along just as Charles had done a pretty tidy shift of stoking up, and run him in. This morning, perhaps by the contribution of sundry shekels to our city treasury, or perhaps by a well told tale of woe to his Worship, without any expense, Charles will be asked to return to matrimonial relations, or regain a possibility steps in) perhaps a revised edition of Mrs. Camille's, midnight admonitions and strictures.

REV. DR. SYMOND'S BUSY

The Eloquent Divine Speaks Twice Yesterday to Large Audiences.

Perhaps the busiest man in Peterboro yesterday, was Rev. Dr. Symonds, one of Canada's ablest, and most intellectual speakers on literary and religious topics.

During the afternoon the rev. gentleman, at the Y.W.C.A. building addressed about sixty ladies, members of the North, South and Inner Circle of Peterboro's Literry Society of which the distinguished speaker is Honorary President.

Mrs. (Dr.) Boucher, occupied the chair, and in a few well chosen words introduced the Rev. Dr. Symonds. In her introduction, Mrs. Boucher compared Mr. Symonds, with Burkin's intellectual hero, making a very apt comparison and stating that he was the hero of the litterateurs of this city.

Rev. Mr. Symonds gave a short but most interesting talk on general matters appertaining to literary matters in general.

During the evening, a large audience, composed of Peterboro's most enthusiastic patrons and exponents of literature, listened in the Y.M.C.A. Hall to a most instructive discourse by the same talented speaker, on The Works of Lord Beaconsfield.

Rev. Dr. Symonds gave a most comprehensive resume of Disraeli's works and literary powers. His treatment of Beaconsfield's novels was most interesting and displayed a knowledge, based on deep and accurate direction of the great English writer's motives and characters that was somewhat unique.

Mr. R. M. Dennistoun occupied the chair. On completion of the very entertaining address, Mr. Eardley-Wilmot, in a few well chosen words moved a vote of thanks, which was seconded by Mr. O. Fessenden.

CONGRESS OF COLONIZATION

Questions of Importance at Quebec Conference.

St. Jerome, Que., November 21.—The Congress of Colonization, which was called at the instigation of the Hon. J. O. Reaume, Minister of Public Works of Ontario, met here today to consider many questions of great importance to this Province and the Dominion in general. Minister Reaume is in attendance and will deliver one or more important addresses. The subject of discussion for today includes the colonization reserve, forestry exploitation, roads, transportation by rail and water.

The Ontario Government is represented by several delegates from the colonization branch of the Department of Lands and Mines and is taking great interest in the conference.

SALVATIONIST DIES

Mr. Carlos S. Green, Charlotte Street Died Suddenly Yesterday.

The many friends in this city and elsewhere, of Carlos S. Green, the Charlotte street grocer and butcher, who passed away yesterday morning who passed away yesterday morning four o'clock, will be shocked to hear of his death. The deceased had only been ill since Friday morning with stomach trouble. Yesterday morning he complained of not being able to breathe, and got up and when sitting on a chair, suddenly collapsed and fell to the floor.

The late Mr. Carlos Sidney Greene was a son of Mr. and Mrs. Henry Greene, 328 Dowse street and was twenty-six years of age. He was born in Stirling, but had lived in Peterboro for nearly fourteen years. He was a prominent worker in the Salvation Army, and for years played in Salvation Army band, of which his brother, J. M. Greene, is leader. He was greatly loved and respected by his comrades in the work and by the community at large.

The late Mr. Greene was a musician of more than local reputation. His favorite instrument was the euphonium, of which he was a master.

He leaves a wife and an infant son. Mr. J. M. Greene is a brother, of deceased and Mrs. R. C. Braund is a sister.

The funeral will take place to-morrow afternoon at 1.30 o'clock, from his late residence, 328 Charlotte St., and proceed to the Salvation Army barracks, where a special service will be conducted by Brigadier Turner, of Montreal, provincial officer. Major Morris of Toronto, staff band master will have charge of the band, and the funeral music.

Interament will be made in Little Lake cemetery.

TO CATARRH SUFFERERS

Hyomei Cures by Breathing Medicated Air.

The popularity and increase in the sales of Hyomei are unique in the annals of medicine. Such astonishing cures have been made by this remedy that its sale is steadily increasing every year.

The complete Hyomei outfit costs but $1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei. The inhaler lasts a life-time, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows Nature in her methods of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day, and your catarrh is cured. That's all.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write today for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

Korea Now in The Grip of the Japanese

Emperor Orders Assination of Ministers Signing Away Nation's Indepedence.

Seoul, Nov. 21.—The conference of nearly a week between the Japanese envoys, headed by Marquis Ito, and the Korean Cabinet ended yesterday and was followed early this morning by a nine hours' sitting at the palace with the Emperor.

At the beginning of to-day's session, Baron Hayashi declared his determination not to withdraw until the four demands made by Marquis Ito were signed. The suspense was ended at 1.30 o'clock this morning, when the Cabinet, with the exception of the Minister of Agriculture and Minister of Foreign Affairs, Packelsaun, having yielded, sent for the imperial seals, and signed the desired agreement. The four Japanese demands were as follows:

1. The appointment of a Japanese administrator to govern Korea under the Emperor.
2. The appointment of Japanese administrators at all treaty ports.
3. The transfer of Korean diplomatic affairs to Tokio.
4. No arrangements to be made with other powers without the consent of Japan.

THREATS BY JAP TROOPS.

Three thousand Japanese soldiers marched a demonstration all over today at the Emperor's. Before the old palace Japanese troops patrolled the streets as a night. The Emperor's palace was also surrounded by troops and Japanese soldiers and police were lodged in the grounds of the palace. Minister Pakchesun and the Minister of Agriculture continue to hold out with the Emperor against the action of the Japanese Minister Packchisun in leading the opposition against the signing of the demands of Marquis Ito, adjured the Emperor with the most powerful argument possible to a superstitious, Confucianist sovereign; namely, that his consent would affront and outrage all the spirits of his imperial ancestors.

After the refusal of the Emperor to return the first visit of Marquis Ito, the Marquis remained in the background. The conference between Baron Hayashi and the Korean Cabinet, which led to an agreement, began yesterday morning at the Japanese Legation, and was so vehement as to attract attention on adjacent streets. It resulted in Packelsaun and the Minister of Agriculture dramatically denouncing the proceedings and withdrawing to the palace, where they secluded themselves with the Emperor.

TOOK RINGS FROM ALDERMAN

Ald. St. Denis Follows Woman and Has Her Sent to the Tombs.

New York, Nov. 20.—The Daily American publishes the following:

Andre J. H. St. Denis, an alderman of Montreal, and a member of the Police Committee of the Board, appeared in the Tombs Court yesterday afternoon as a complainant against a beautiful woman, who later was committed to the Tombs in default of $500 bail, for examination on Saturday.

The woman gave the name of Alice Hubbard, and said she lived with her sister at No. 230 West One Hundred and Twelfth street. She gave her occupation as that of a manicure.

Mr. St. Denis accused her of the larceny of two rings valued at $300. He said she took them from his jewel case before coming to New York to visit his sister.

Through her lawyer Miss Hubbard said that Alderman St. Denis had given the rings to her, and she did not steal them.

The lawyer said that Miss Hubbard met the alderman in Montreal and visited his family at his summer home on the St. Lawrence River.

She later came to this city to seek employment, and was arrested in the apartments of her sister.

When the young woman was arraigned before Magistrate Crane the latter advised her to give back the rings as the best way to avoid going to the Tombs. She said she was willing to do so, but tearfully added that she could not because she had pawned them.

Appeals to the alderman on the part of the lawyer to consent to her parole for the night were ineffectual. "A night in jail will do her good," he said.

On her way over to the Tombs on the "Bridge of Sighs" the young woman collapsed, and the services of several prison attendants were required to carry her to the woman's prison.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

RUGBY.

In view of recent history of local rugby wins, it will be a standing reproach to both our local players and our city, if a bumper crowd does not witness Saturday's game at Riverside Park.

The Peterboro team has carried Peterboro's colors to victory this season, and it is up to our citizens to prove their appreciation of their success by turning out as they never did before.

Dundas, it is now thought, will run an excursion, along with their players, so do not let the visiting rovers of our great game, occupy the seats of our grand stand. Let us all turn out and cheer our team to its inevitable victory next Saturday.

* * * *

Saturday's game, the last of the season, and the blue and whites will then settle and carry off the championship.

* * * *

As the Dundas players, last Saturday, played a strong enough game to tie the locals, they will put up a strong effort to wrest the victory from Peterboro on Saturday; Peterboro on the other hand, playing on the home soil, and watched by the eyes of their fellow citizens, will have nothing undone to win out.

DOCTORS TO DISCUSS FEVER

Yellow Fever Will Be Topic at Medical Conference.

Memphis, Tenn., November 21.—Nearly five hundred physicians from Mississippi, Arkansas and Tennessee are assembled here at present to attend the Tri-State Medical Association Convention, which opens here today for a three days' session. The opening session was held, as in former years, in the Hotel Gayoso, and was called to order by Dr. H. L. Sutherland, of Rossdale, Miss., the president of the association. The attendance is larger than ever before and the interest among the delegates is greater than in former years, owing to the fact that matters of the utmost importance to the three states represented in the convention will come up for consideration.

The Tri-State Medical Association is the largest and most important district medical society in the South and its meetings are practically a clearing house for medical information, as the physicians get together and exchange ideas and information and profit by each other's experience. This year many important papers will be read concerning the prevention and treatment of yellow fever, malaria and other diseases prevailing in the Mississippi valley. The entertainment program includes a banquet which will be tendered to the visiting delegates tomorrow evening. The quarantine question will be carefully discussed.

IRRITATION IS DEPLORED

Sensible Germans Regret Revival of Anti-English Feeling.

New York, November 21.—A despatch from Berlin says Lord Knolly's pointed denial of the report in the German provincial papers that King Edward would be present at the Kaiser's silver wedding in February has caused considerable irritation here, and afforded a welcome opportunity to the anti-English press, which has opened the flood-gates of abuse, in a way much deplored by sensible Germans as likely to frustrate the efforts being made between England and Germany, to restore a good understanding.

THE TURKISH THRONE

Project on Foot to Make Favorite Son of Sultan His Successor.

Constantinople, November 21.—Accordcording to information secretly received, there is a project on foot at Yildiz Kiosk to make the favorite son of the Sultan, Prince Burhan-Eddine, his immediate successor. This would constitute a violation of the law of succession hitherto observed in Turkey by depriving of their rights to the throne, the legitimate heir, Prince Rechad, the Sultan's brother, and Prince Yussuf Izzeddine, the next heir in the line of succession. The object in view is not the introduction into Turkey of the rule of primogeniture in the succession to the throne as it exists in other states, the eldest son of Abdul Hamid, Prince Selim, being set aside in favor of a younger brother. In reality the system which, it is sought to establish, would surrender in future the Turkish throne to the cupidity of court intriguers and the caprice of the militia. Popular feeling is said to be ready for revolution at the mere idea of this infringement of the ancient tradition, and there is a belief here that Germany is behind the intrigue. Prince Burhan-Eddine has been carefully brought up by German tutors and imbued with German ideas.

Paid $1,000 For a Meal.

Pittsburg, Nov. 20.—Fred Fleck, an old locomotive engineer of the Pennsylvania Road, says he has received a letter from Andrew Carnegie, inclosing a cheque for $1,000 to pay for a luncheon which Mr. Carnegie ate in Fleck's engine cab years ago when he was riding with the engineer.

Mr. Carnegie, it appears, was ravenously hungry, and gladly dined on the contents of Fleck's dinner pail. He has now paid for that meal.

J. D. ROCKEFELLER'S DEATH

Has Pulled $105,780,000 From Standard Oil Since 1898.

New York, November 21.—Standard Oil declared a dividend of $10 a share, making $40 for the year.

Within the last eight years the Standard Oil Co. has disbursed to stockholders on its outstanding capitalization of $97,500,000 more than $87,500,000, which exceeds the capitalization of the corporation three times over. What John D. Rockefeller's share of these gigantic disbursements has been is not definitely known. It has been said, however, that he owns one-third of these capital stock. On this basis he has received from the Standard Oil Co. in dividends in eight years more than $105,000,000.

Based on $700 a share, the figure recently touched by Standard Oil stock, the market valuation of its holdings would be in the neighborhood of $337,500,000.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also know that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,264 feet and 3 inches deep, and has five distinct showings of oil; this well has a pressure of 150 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 30 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 180 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 50 per cent. on a basis of five wells to the acre.

The Scourge of Consumption

Thousands Are Dying—If Tired Languid or Run Down Get Protection Before Too Late

No child, man or woman is safe from consumption unless their blood is pure, rich and nourishing.

Allow the blood to become thin, and immediately the whole system grows weak. The lungs are deprived of resisting power and the ever-present tubercular bacilli develops.

The most positive protection against consumption is Ferrozone, which restores the blood to full strength. Weak organs are instantly strengthened. Worn-out tissues are rebuilt. New life is given to the lungs and all danger of consumption is destroyed.

Mrs. E. J. Richardson, Manotick, Ont., tells us follows of her enormous gain in health from Ferrozone: "For two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion. A dead tired-ness hung over me like a load of lead. Housework of any kind I simply loathed to do. A bad cough developed that worried me greatly for I thought it might be tubercular. At last I tried a few bottles of Ferrozone. I was convinced it was good. I took it regularly for eight weeks and the change in my condition was wonderful. My cheeks filled out and became clear and rosy. I gained eight pounds and now am strong and vigorous as possible."

Ferrozone feeds, nourishes and tones up the body—it sends the thrill and vim of robust health from head to foot—makes you feel better at once. Won't you use Ferrozone? Price 50c. per box, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock. The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year strictly in advance.

THE CZAR.

The suggestion has arisen that with the fall of czarism the title of the Czar will also pass away in favor of some designation less remindful of the old regime. A change from Czar of Russia to Emperor of the Russians would not lessen the monarch's dignity, but it would at least sentimentally indicate the profound and beneficent change which has occurred in his relationship to his people. The suggestion is an ingenious one, but it does not seem probable that it will be acted upon, though if it were it would by no means be the first change in the title of the Russian sovereign. For, in fact, Czar has not for nearly two centuries been the official title, but it has become the popular title, and, while a law might in an hour change the one, the latter could scarcely be changed in a generation.

The original title, borne by Rurik and his successors, was the Scandinavian Konung, or King, upon changed into Kniaz, and then expanded into Velikv Kniaz, or Great King, probably in imitation of the Persian and other Asiatic styles. At a later date Kniaz came to mean Prince rather than King, and Velikv Kniaz became the equivalent of the German Grossfuerst. It was Ivan the Terrible who assumed the title of Czar, or Caesar, in emulation of the Roman emperors, the two-headed eagle of Byzantium being also adopted as the Russian emblem. By virtue of this title and of the emblem Russia came in time to claim reversion of sovereignty over both the Eastern and Western empires of Byzantium and Rome, or, practically, of all Europe and Western Asia. Peter the Great, two centuries ago, in further pursuance of this idea, decreed that the formal, official title of the sovereign should be Imperator, or Emperor, and such it has remained ever since. So when Nicholas II. is described in a state document it is as Imperator or Emperor of All Russias. In certain parts of the empire, however, he is described as Czar, for some as Velikv Kniaz, or Great Prince, and for Finland, of course, as Grand Duke.

The popular designations of the sovereign has also been various. Batyushka, or little father, and Gosudar, or Sire, have long been favorites in song and story. The former has been especially used among the peasantry, while the latter has been and is much used in semi-formal address to the sovereign, much as Sire is in other lands. Increasingly, however, Czar has grown in popular favor, and it is probable that at this time nine-tenths of the Russian people use it to the exclusion of all other titles. He is called Czar in the refrain of the national anthem and in other songs, in operas and dramatic works, in literature and art, and is thus hailed in the cheers of the army and of the people. Czar, therefore, he is likely to be in the future as in the past, especially is, through the passing of czarism, he makes the old title to be one of new and more auspicious signification to the people.

MR. BALFOUR ON THE WORLD'S PEACE.

Premier Balfour rejoices to feel that, whereas exactly a century ago, Pitt predicted a long period of strife and warfare, he is privileged to predict, not only for Great Britain but for the whole civilized world, a long period of peace. Every sincere lover of progress rejoices to know that the British Prime Minister has excellent reasons for his prophecy. The wish is not father to his thought. Critical analysis of the international situation discloses ample ground for his optimistic view.

Aside from the horrors caused in Russia by the shock of the collision between the new order and the outgrown regime to which the reactionaries and selfish despots cling with desperation, the world is calming down. In the far East, in the near East and in the middle East diplomacy and existing treaties, including, as Mr. Balfour properly reminds the nations, The Hague arbitration convention—soon, we hope, to be broadened and strengthened—will solve outstanding problems without resort to physical force. The Anglo-Japanese, the Franco-Russian and the triple alliances are guaranties of peace, and equally effectual, in a moral sense, are the "understandings" between England and France, Russia and Germany, and France and Italy. It is hardly necessary to add that the good will of the United States, "splendidly" isolated, toward all nations is a potent peace factor.

There is no likelihood that Europe or the Western world generally will find itself compelled to form a coalition against a too ambitious power prepared to trample upon the rights of its neighbors in pursuit of its own schemes of aggrandizement or empire. In this industrial age, when no nation can live without foreign markets and expanding commerce, even colonial and imperial ambition, if at all enlightened, shrinks from war and contents itself with pacific penetration" and open doors.

The late Moroccan episode caused a dangerous strain in the relations between Germany and France, and for a time a clash seemed imminent. But Germany did not want war, and the controversy was satisfactorily adjusted—so satisfactorily, indeed, that all interest in the conference over Morocco has died out. And now there is active discussion of improved relations between Germany and France on one hand and Germany and England on the other. The program of the British Liberals, who are expected to carry the country at the next general elections, includes a good understanding with Germany without prejudice to France.

The foreign, and particularly the eastern, policy of a constitutionally governed Russia will be practical and sensible, based on recognition of facts and the real interest of the people.

Of course, the chapter of accidents is never closed, but the present situation undoubtedly warrants Mr. Balfour's reassuring forecast.

ANARCHISTS ACQUITTED.

Haverstraw, (N.Y.), Nov. 20.—The jury yesterday acquitted six anarchists who were on trial here on the charge of manufacturing bombs for the assassination of rulers.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitobe or the Northwest Provinces exception 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7.50 per annum for an individual, and from $20 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0r 1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The leases shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Colorado
At Her Best

In late summer Colorado is at her best. The green of the verdure on mountain and meadow is slowly turning to crimson and gold. Afar looms a peak whose snow-capped summit is enshrouded in autumnal haze. The air is laden with the spice of mountain pines and fir trees.

Colorado is surely the best place to go for the autumn vacation.

BLOOD DISEASES

If you inherited or contracted any Blood Disease you are never safe unless the virus or poison has been eradicated from the system. At times you see alarming symptoms, but live in hope no serious results will follow. Have you any of the following symptoms? Sore throat, ulcers on the tongue or in the mouth, hair falling out, aching pains, itchiness of the skin, sores or blotches on the body, eyes red and smart, dyspeptic stomach, sexual weakness—enlarged glands. Don't trust to luck. Don't ruin your system with the old fogy treatment—mercury, potash and patent medicines, which suppress the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our NEW METHOD TREATMENT is guaranteed to cure you. OUR GUARANTEES ARE BACKED BY BANK BONDS that the Blood or Skin disease will never return. Thousands of patients have been already cured by our NEW METHOD TREATMENT for over 20 years, and no return of the disease. No experiment, no risk—not a "patch up," but a positive cure. The worst cases solicited.

W. H. PATTERSON NO NAMES USED WITHOUT WRITTEN CONSENT. W. H. PATTERSON

HAD BLOOD POISON 12 YEARS

The New Method Treatment Cured Him after Drugs, Mercury, Hot Springs, &c., all failed.

Wm. H. Patterson, of Saginaw, Mich., relates his experience: "I do not like notoriety and especially of this kind, but I feel I owe this much to Drs. K. & K. for the great good they have done me. I had a serious blood disease when 21 years of age. The skin and blood symptoms gradually developed. Pimples and ulcers formed, ruining sores broke out, hair became loose, pains in the bones and joints. After Treatment dyspeptic stomach, foul breath, itchy skin, etc. It is needless for me to say I tried doctors. I grew to hate the looks of one. I visited Hot Springs twice for four months each time. It helped me temporarily, but in six months after returning home I was as bad as ever. Finally a Doctor friend of mine advised me to see Kennedy & Kergan. He was in the knows of these by over 20 years as they made a specialty of these diseases and treated the worst cases by the hundred they ought to be expert in curing them. I was afraid of advertising doctors, but I took his advice. They agreed to treat me under a guarantee or I investigated their financial standing and found they were perfectly responsible. So I commenced the new method Treatment. The eruptions disappeared in two weeks, the bone pains in four weeks and in four months I was entirely cured. Yes, sir, I can recommend the New Method Treatment for Blood and Skin Diseases."

CURES GUARANTEED OR NO PAY.

Consultation Free. Books Free. If unable to call, write for a Question Blank for Home Treatment

DRS. KENNEDY & KERGAN

149 SHELBY STREET, - DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 250,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 162 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $1,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $67.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 4 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U.S.A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

A TANGLED WEB

BY MRS. ALEXANDER

Author of "Beaton's Bargain," "His Perfect Trust," "By Another Name," "Her Heart's Idol," "Half a Truth," "His Rival."

"I thought you were to sail today?" she said, taking off her cap and parting the fringe on her brow; the room was quite too warm, after the cold air, and she drew a chair forward, still keeping her back to the windows.

"I have postponed my departure for a week or two," returned Winton; and there was an awkward pause, while Nora, with unsteady fingers, tried to put her gloves and rubbed her hands gently together.

"You seem tired of your holiday?"

"No," said Winton, taking a step nearer to her, and looking straight into her eyes. "I must tell you the truth, even though it may seem bad taste to do so, at least so soon. I am not tired of my holiday, but I wanted to throw myself into engrossing work, to deaden the pain of disappointed hope—hope that, probably, I had no right to entertain, yet which I could not resist!" Nora was silent. "I may seem a tiresome, persevering blockhead—but, once more, Nora, I offer you my future life! And I promise, with all my soul, to be your truest friend, as well as your true lover! Shall I go, or stay?"

And Nora—the tears welling over and hanging on her lashes—said softly, but most distinctly, "Stay!" Then she lost hold on herself, and burst into a fit of weeping.

"Good heavens, Nora!" cried Winton, dismayed. "You do not accept me against your will?"

"No, no," she returned, recovering herself a little. "But I have been so miserable and so foolish!"

"Tell me," said Winton, bending one knee on a footstool beside her, and taking her hand gently in his, "why did you accept Marsden?"

"Because I thought he loved me very much; and—" with a quick glance from her sweet, wet eyes, and a frank pressure of the hand, "that no one else did."

"How was that?" cried Winton—his heart beating fast. "You must have felt how soon you grew dear to me—dearer than anything else on earth, or in Heaven either?"

"Why did not you tell me so before?" asked Nora, smiling, though her lips still trembled.

"Because, my love, my life, I was afraid! Do you remember, one day, you bid me good-bye at the door, at Brookdale, and I dared to hold your hand closer and longer than I ought? The words, 'I love you,' were on my lips at that moment; but it was no time or place to speak them; and ever after, in some nameless way, you put me from you, and, virtually, told me you would have nothing to do with me?"

"Yes, I remember it, and I was told that—that you had been engaged to Helen, and were now hoping to marry her!"

"Who told you this? Marsden?" he asked, sternly, catching her other hand, and holding both tight.

"Yes," faltered Nora.

"Then he is an infernal liar! Why did you believe him?"

"Why should I doubt him?"

"Then you should not have doubted me."

"You would not have me so conceited as to fancy a man must be very, very fond of me—when he never told me so?"

"While I thought every one must see I was making a fool of myself!"

"Oh—if you wish to keep up a character for wisdom—"

"I don't suppose you believe much in my wisdom! But, Nora, will you really come with me to India?—to a wild, remote station?"

"I am not wise enough to refuse! But I can't start next week!"

"I should think not. You will believe me, when I tell you, I never loved any woman but yourself, and give me a place in your heart, in return?"

"I will, Mark," said Nora, gravely, steadily, with a tender solemnity.

So, when Mrs. L'Estrange was called back, it was all settled; a very happy party met at dinner that evening—at which repast Miss Beatrice, to her great delight, was allowed to be present, and did good service by promoting general and very discursive conversation.

The society papers soon added to their usual paragraphs mysterious hints as to broken engagements, and the false information disseminated by their contemporaries respecting the approaching nuptials of a certain popular member of society, whose domains lay not a hundred miles from a well-known cathedral town in the Midlands, etc., etc., etc.

Nora L'Estrange and Winton were too much strangers and pilgrims in the world of London to share the attention bestowed on Mrs. Bathven and Marsden. The noise made by the extraordinary theft of her jewels had given the pretty widow a certain standing in the estimation of society, and her marriage with so well-known a man as Marsden made her position secure.

Little remains to tell of this ill-balanced tale, where, though virtue is fairly rewarded, vice is by no means chastised as it ought to be. Justice, complete justice, is, however, rarely visible to the naked eye; let us believe there is a secret sword, which brings unerring punishment to the evil-doer, even though he "flourishes as a green bay tree" in the eyes of his neighbors.

A couple of years after what Nora considered her great deliverance, Mrs. L'Estrange, in her tranquil home at Brookdale, which it was arranged was to be her residence so long as Mr. and Mrs. Winton remained in India, wrote as follows, in one of her monthly letters to her step-daughter:

"You will, I am sure, be sorry that Clifford Marsden had a bad fall, out hunting, last week. They tell me he rides most recklessly; indeed, he is much changed since his marriage. Mrs. Marsden, I must say, makes a capital lady of the manor, and is decidedly popular, though somewhat [illegible] Mr. Marsden is either silent and moody, or in fierce high spirits. He is very thin, and not nearly so handsome as he was. There is a curious, glazed, staring look in his eyes, that distresses me, for I always liked him; and he always shows the utmost friendliness to Bea and to myself. I never heard that he drinks too much, but it is whispered that he eats opium. He is often away, and when at home seems to take no interest in anything. Madame is master and mistress, and people appear to consider her rather neglected by her husband. Mrs. Marsden shows me all proper civility, but I feel she does not like me; and I dare not encourage Clifford to come here as often as he would like. It is reported that Mrs. Marsden is trying to bribe Colonel Marsden, the next heir, who is a bachelor and rather out at elbows, to join her husband in breaking the entail, and then the estate is to be settled on her. This may be mere gossip; I can not help feeling grieved for Clifford, he seems so broken and hopeless.

"The mail has not come in yet, so I shall send this off. I can not tell you what pleasure your descriptions of your delightful life up-country give me, and Bea, too, looks eagerly for your letters. My kind love to Mark, who, I am sure, is a pattern husband. What a narrow escape you had of losing each other!"

THE END.

Wealth of Languages.

The English language—according to a German statistician who has made a study of the comparative wealth of languages—heads the list with the enormous vocabulary of 260,000 words. German comes next, with 80,000 words; then Italian, with 75,000; French, with 30,000; Turkish, with 22,500; and Spanish, with 20,000.

Our Inventor's Advisor sent upon request. Marion & Marion, New York Life Bldg., Montreal; and Washington, D.C., U.S.A.

BIG G — MEN AND WOMEN. Use Big G for unnatural discharges, inflammations, irritations or ulcerations of mucous membranes. Painless, and the natural astringent for poisonous. Sold by Druggists, or sent in plain wrapper, by express, prepaid, for $1.00, or 3 bottles, $2.75. Circular sent on request. BIG G CHEMICAL CO., CINCINNATI, O. U.S.A.

GET INTO A PRODUCING CAMP

The mines of the

BUFFALO ARIZONA GOLD MINES CO.

are in a well known mineral belt and surrounded by well known producers.

The Poland Mining Co., the Cash, the Michigan-Arizona, the Chicago Gold and Copper are all within a radius of three miles of our camp. In fact, these mining companies nearly surround the Buffalo-Arizona property.

Why seek investment off in some desert country where life and property are in constant danger when you can buy Buffalo-Arizona stock so low?

We own 100 acres free from debt or bonds.

We are opening up the ore bodies according to business methods.

For a short time we can offer this stock at 15c. per share, par $1.00. Send at once to

PETERBORO BROKERAGE CO., Fiscal Agents

Your Last Opportunity Will Soon Pass.

We have had an advertisement in The Times several days giving some facts about the BIG CASINO MINES, but some people seem to think it impossible for so good an investment to be offered in Peterboro.

We will give $500.00 to anyone who will disprove one of the following statements

The Big Casino Mines are located at Big Oak Flat, Tuolumne County, California, on the great "Mother Lode."

We have 270 acres of ground. Have been developing and equipping the property more than three years and a half. Have spent over $200,000.00 on the property.

We have 10,000 feet of underground work done. Have a very large amount of good ore blocked out ready to break down and mill, and have more ore in our property than can be mined out in two or three life times.

We have apparently inexhaustible bodies of good ore. We also have ore that will mill $1,000.00 per ton.

We have a modern 20 stamp mill in good condition, to which we propose to add 80 stamps as soon as possible. With 50 stamps we will pay $30,000.00 to $50,000.00 per month in dividends. $10,000.00 per month will be 2 cents per share per month, or 48 per cent. on the money you invest in the stock at 50 cents per share.

We will lay aside a sinking fund to double the capacity of the mill, making 100 stamps which we propose to put in inside of the next twelve months, then your dividends should every year be at least equal to your investment.

$250.00 and two weeks' time should cover every expense of a trip to the mines, so that you can personally examine them and have the opportunity of disproving the above facts and get the $500.00

Are you satisfied with interest or would you prefer profits like those we have told you the Big Casino will pay?

Your money is no safer in real estate, in the bank or anywhere else, than invested in Big Casino stock.

Four years ago Calumet, of Arizona, sold at $1.00 per share to raise money to develop and equip the mines. Certain people said it can't be any good or it would all be taken up out there; but they sold their stock and developed the mine, and paid their first dividend on Dec. 18th, 1903. The dividend was $2.00 per share, just twice what the stock cost, and they paid $10.00 per share last year, and will pay their last quarterly dividend for this year next month, which will make $16.00 per share this year, and the stock is quoted on the open markets of the world at $115.00 to $120 per share.

Granite Mountain stock was sold in St. Louis at 10 cents per share, and in 10 months after their mill started the stock was worth $72.00 per share in the open market and paid the St. Louis stockholders $13,000,000.00 in dividends during the next three years.

Neither of the above named mines gave more promise of making the wonderful producer they have proved to be, at the same stage of development, than the Big Casino does at present.

The directors of the Big Casino know their stock, based on the ore developed and equipment of the property, would be cheap at par, $1.00 per share, and will advance the price to $1.00 Nov. 25th, if not sooner. Right to advance the price to $1.00 any day is reserved, and the 25th is positively the last day you can buy the stock for less than $1.00 per share.

The Big Casino is a developed mine, and we will make one of the large dividend payers of the State of California out of it if we never sold a share of stock, for we can get all the money out of the mine to add to the mill, and it would only delay dividends a little longer.

The Big Casino will become a permanent dividend payer early in the coming year, and should pay not less than 24 per cent. on your investment at 50 cents per share the first year.

Remember the price may advance any day, and there will be none offered you for less than $1.00 per share after the 25th.

Yours truly,

GEO. L. PORTER,

Peterboro, Ont., Nov. 14th, 1903.

P. S.--See me at the White House.

The Consolidated Eureka Mining & Tunnel Co.

A SPLENDID INVESTMENT

With certainty of large profits in the near future.

I have succeeded in securing a block of stock of the above company for Canadian investors, and cordially invite my customers and others to to call at my office 349 Water Street, and talk it over. Watch for further particulars in these columns.

RHEUMATISM

Lives in the Blood

Consequently it requires an internal treatment—one that will restore the blood, and thereby relieve the cause of the pain.

After years of experiment Dr Hamilton succeeded in producing a remedy that quickly cures rheumatism, gout and all uric acid disorders. This marvellous cure has been given to the public as Dr. Hamilton's Mandrake and Butternut Pills; in every case they cure quickly.

By toning the kidneys and liver, Dr. Hamilton's Pills ensure a clean healthy body. The blood is restored to a normal healthy condition, renewed vigor is imparted to overworked organs, and thus the general health is built up, and no room is left for rheumatism to creep in.

Discouraged sufferer, relief is at hand. Use Dr. Hamilton's Pills, and you will soon shake hands for good with your old enemy. Here is substantial proof:

A Cripple's Story of Cure

"This is a glad day for me, writes James E. Brown Ellis from Midland, Ont., "because I can speak of my permanent cure of rheumatism. I have been all through the aching days and sleepless nights, have spent my money on worthless remedies, and consequently in ten minutes Dr. Hamilton's Pills. I feel sure of their merit. No remedy gave such relief or did me so much good as Dr. Hamilton's Pills. My rheumatism they cured, and ever since my health has been perfect."

When Dr. Hamilton's Pills are to be had in any drug store, it's foolish to live on in misery and ill-health. You ought to get this medicine today and cure yourself. Price 25c. per box, or five boxes for $1 at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

opens on

TUESDAY SEPT. 5, 1905

Intending students should make application as soon as possible.
Call at the College, or address

WM. PRINGLE,
Opposite Post Office, Peterboro.

LOCAL INCIDENTS

By The Times Man on the Street

—The Woman's Auxiliary of All Saints' church will meet this afternoon at 2.30.

—A special meeting of the teachers of Charlotte street Sunday school will be held on Thursday evening.

—A sixteen-year-old girl charged two well-known local men with a serious offence at police station yesterday morning. Developments are expected.

—Crepe paper in entirely new designs and colors, for making lamp shades and fancy articles. Be sure and see the latest out before buying. Times Bookstore.

—Sunday was "Prison Sunday's" throughout the diocese. Special prayers for prisoners and prison reform were offered in St. John's, St. Luke's and All Saints' churches.

—Many hunters are indignant this fall because their dogs were poisoned. To kill a hunter's dogs, is to kill the goose that lays settlers in the back country many a golden egg.

—A special meeting of the Ministerial Association will be held this morning at 9.30 o'clock. Rev. Dr. Symonds, of Montreal, will address the members at the Y.M.C.A.

—A case in which a young boy was charged with throwing a snowball, at the police court yesterday morning, was withdrawn, at the request of the man who laid the information.

—Yesterday on George street by Central Park;

Dog enamoubles;
Car approaches;
Car sped;
Dog dead!

—Lieut.-Col. Dr. Bowen, of Minden, has been notified by the commanding officer of the 8th Field Battery of Artillery that a long service medal is now in his hands for presentation to the doctor at such time as it may be convenient for him to receive it.

—Mr. R. Westcott, the George St. storeman yesterday got in a large shipment of hockey shoes manufactured by Messrs. Jos. Linton & Co., the celebrated shoe manufacturers of Montreal. These are goods of the highest quality and will doubtless command a ready sale.

—Things are progressing very favorably at the House of Refuge. A number of inmates are already lodged therein, and all seemed to be perfectly contented with their lot. Men are busy looking after the horses, cows and other animals, and the recently installed waterworks system is proving a great convenience in the stable. A new windmill has been purchased, and will be erected next week. The latest inmate to arrive was one from Rearboro, who was lodged in the House yesterday by Mr. Ephriam Pogue.—Lindsay Post.

SOCIAL AND PERSONAL

—Mr. T. H. G. Deane is in Chicago on business.

—Mr. J. S. Knapman is in Hamilton on business.

—Mr. Chas. Huffman went to Buffalo yesterday morning.

—Mr. Oscar Dumble, of Tweed, was in the city over Sunday.

—Mr. Frank Laglante, of Toronto, was in the city yesterday on business.

—Mr. Henry Sheria, of New York, is visiting his nephew, Mr. H. P. Kennedy.

—Miss Cora Osburn, of Lindsay, is the guest of friends, Water street.

—Mr. Herb. Martin of the Robt. Simpson Co., Toronto, spent Sunday at his home in the city.

—Mr. Wm. Rudkins, of Peterboro, was in town yesterday, a guest at the Simpson House.—Lindsay Post.

—Misses Nora and Maud Sanderlook of Port Hope, are in the city, the guests of their sister, Mrs. Frank McCoy.

—Mr. Jack Morgan, of the Standard Bank, Richmond Hill, is spending a few days with his cousin, Mr. Howard Robinson.

—Mrs. Charles Arthur Brodigan is the guest of Mrs. J. Everett Olas, and will receive with Mrs. Olas this afternoon.

—Mrs. M. Tooley and Mrs. J. M. Brooks went to Troy, N.Y., yesterday morning for a two weeks' visit with friends.

—Rev. Mr. Johnston, of Millbrook, who preached on Sunday in Keene for Rev. Mr. McDonald, passed through the city on his way home yesterday morning.

—Mr. W. Salsbury left yesterday morning for Toronto to commence his duties at the Parliament Buildings in the position to which he has been appointed in the License Department.

—Mr. Wm. Rudkins, of Peterboro, was in town yesterday, a guest at the Simpson House. —Mr. Fred Kelly, of Peterboro, is the guest over Sunday at Mr. and Mrs. Davey, Wellington street.—Lindsay Post.

Cheap Wrapping Paper

About a ton of back numbers of newspapers, for sale in lots to suit. Price, 6 cents per package and upwards.

Str. "City" to be Floated.

The steamer City of Peterboro, which has been sunk at its wharf, east side, for some weeks, will be floated in the course of a few days. To accomplish this the water in the hull will have to be lowered twenty inches. The steamer in some inexplicable way sank, and this means of floating her has been adopted.

A KINDLY ACT

Rev. Mr. Langfeldt Pays for Burial of W. Clarke Out of His Own Pocket

Yesterday afternoon a deed was done at the Little Lake cemetery that should not be allowed to be passed by without publication.

We might state here that our informant was not in any way prompted by the principal in the act below noted; in fact the Rev. E. A. Langfeldt will only know of its being given the public when this issue appears.

Yesterday afternoon, a young Englishman, a member of St. John's church choir, called at our sanctum and acquainted us with the details of this philanthropic and christian act.

When the funeral of the late Mr. Walter Clarke, a young Englishman, who, as noted in a former issue of The Times, died in the Nicholls Hospital, last Friday, reached the Little Lake cemetery, owing to the deceased having no relatives here, it was decided to inter the body, for lack of funds, in that portion reserved for paupers.

Rev. E. A. Langfeldt, who conducted the burial services, would not allow an Englishman's remains, under such circumstances to be buried in the "Potter's Field," and at once gave orders that a place of interment be provided in a more suitable spot, paying all expenses out of his private funds.

It is such acts as this that endears a clergymen among his flock and and stamps his high standing as a man.

ART-LOVER WRITES

A Correspondent Takes Exception to a Picture Now on View in This City.

(To the Editor of The Times.)

Dear Sir,—Some people should apply a glove-stretcher, to be followed later on, as circumstances will allow, to their minds and broaden them. This is for those who, never having visited any art galleries of note, take exception to a reproduction of the chef d'oeuvre of a celebrated painter.

Let such narrow-minded reminders of the Cromwellian age or the Blue laws of Connecticut, apply ice water to their heated and too often badly imaginative brains. The motion beneath the Prince of Wale's three feathers, and that of the Star of the Garter, is applicable to such prudes.

Yours truly,
ART LOVER.

Grand Opera House

WEDNESDAY, NOVEMBER 22, Winston Churchill's great play "THE CROSSING." Plan open at the Opera House from 10 a.m. to 11:15 a.m., 12 to 4 and 5 to 8 p.m. Prices 25c., 35c., 50c., 75c., $1.00 and $1.50.

MR. SNOWDEN SELLS

Oldest Established and Popular Hotel Now Offered For Sale.

In another column of this and succeeding issues, will be seen an advertisement that will create some surprise among our readers in general and a desire to purchase among those [illegible]

Mr. William Snowden, who during the past years has worked up a lucrative and respectable trade in his hotel business, is now offering to sell out his finely equipped place on Charlotte street.

This hotel, as most of our citizens know, holds a high place in the estimation of not only our local citizens, but among the travelling public.

Mr. Snowden, who is a thoroughly practical hotelman, has decided to retire for business and spend his time in out-door pursuits.

The hotel is too well known by most of our readers to require more than a passing notice; it is up-to-date in every particular, being furnished with every modern convenience, and has a large clientele among the travellers. We prophesy that the man fortunate enough to get this hotel will gain a money maker; at the same time many of our citizens will regret to lose the genial proprietor at his old stand.

A TERRIBLE FALL

Mr. Osborne of Marmora Falls 27 Feet From a Scaffold.

Harry Osborne, of Marmora, fell from the outside scaffolding of Hubbell's new building, 27 feet, striking on his shoulders on a pile of scantling. He was busy sweeping snow from the wall and how he came to mistake footing is not known. The force of the fall caused his body to bound several feet and his head was cut open on a brick. Nobody expected to see him alive, but, strange to say, he hadn't a bone broken and was conscious in a few minutes. Though suffering very severe pain and the horror of the shock, he is doing very well and rested last night better than could be expected. He will likely recover.

One thing is very fortunate, that he is a stout-built man with abundance of vitality—a man of typically good health.—Marmora Herald.

FAIRLY SATISFACTORY

Mr. Bruce Smith, Inspector of Prisons Finds Castle Nesbitt in Good Order.

As noted in a former issue of The Times, Mr. Bruce Smith, inspector of Prisons, recently inspected our local jail. Part of his report, just issued, reads as follows:

I visited all parts of this jail and premises. The floors in many places in both the jail and court house were found bad, and should be renewed at once. There is no provision made at this jail for giving prisoners employment. I would strongly urge that a supply of paint for pavement and floors in charge of the jailer, who would put the prisoners to painting. A new bath is required for the prisoners.

The beds and bedding, corridors and cells, yards, closets, drainage and ventilation and water supply were all found quite satisfactory. The dietary is according to jail regulations, and the quality of food supplied is good. There were 39 suits of clothing on hand and in good condition of repair. The closets in the court yard were found in a very unsanitary condition. The heating of the jail and court house is much more expensive than it should be, as provision was made for heating from a central plant from which radiation might be taken for the whole court house and jail.

I examined the books and found that they were very well kept, and that the entries were up to date. The minute book of inspection should be kept in the jailer's office. My visit of inspection impressed me favorably in regard to the discipline and management of this jail.

HUNTER SHOT

Mr. William Westall of Cavan Accidently Shot in the Shoulder.

Mr. William Westall, of Cavan, who last Saturday afternoon was shot in the shoulder, and who had a close call from death, was yesterday reported as doing as well as could be expected.

It seems that he was out in the woods near his home Saturday afternoon, and on his way home he was overtaken by a neighbor, who offered to give him a drive home.

As Mr. Westall was getting out of the buggy, on arriving at his farm near Cavanville, the friendly neighbor who had driven him, handed him the gun. In some way the horse gave a sudden start, causing the hammers of the gun to clinch against some portion of the rig.

This caused an immediate explosion, and the contents of the gun entered Mr. Westall's right shoulder.

The upper part of the bone of his arm for three or four inches was completely destroyed. Dr. Turner, of Millbrook, was sent for, and the injured man was brought to this city and taken to the Nicholls hospital, where his injuries were attended to. The physician hopes to save the arm, but the injury inflicted is very serious, and it will become days before the danger of losing the arm will be passed.

Mr. Westall is a married man with a family.

Catarrh Cannot Be Cured.

with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores,

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Muffin Dishes, Vases, large and small, and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20, Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

BEST ADVERTISING MEDIUM IN EASTERN ONTARIO

VOL. XXXIII, NO 273 PETERBORO, ONTARIO, WEDNESDAY NOVEMBER 22, 1905. PRICE TWO CENTS.

FOUGHT ON EDGE OF SKY-SCRAPER

Two Workmen Had an Encounter on Narrow Planking Eighty Feet Above Yonge Street ---Thrilling Sight for Onlookers.

Toronto, Nov. 21.—Eighty feet above the pavement of Yonge street, with only a narrow planking to tear them up, two of the workmen engaged on the Traders' Bank building had a set-to at the close of the dinner hour a couple of days ago. For five minutes they swayed one way and the other on the edge of the girder forming the Yonge street front of the eighth storey, while those below who were able to see them expected every moment that they would topple to the street and be dashed to pieces.

A THRILLING SIGHT.

From the windows of some of the high buildings thereabout the tussle could be more plainly seen than from the street, and those who witnessed it describe it as a thrilling sight, whether the men were in earnest or were only indulging in a little horseplay. A half-dozen of their fellows stood about on the staging, or clung to the upright beams watching the struggle without making any effort to stop it. As soon as the foreman caught sight of what was going on he went up and put a stop to it.

STARTED WITH A BANG.

Before he got there, however, one of the men had struck the other on the side of the head with what looked to be a short bar of iron, but fortunately, not so as to knock him outward.

Familiarity with the dangers of working astride of a narrow girder high up in the air makes those men careless, and in this case the two combatants probably felt as much at home as the ordinary person would on the ground. But to the onlooker the sight of two men struggling on the edge of such a descent was one to make the heart stand still.

BUSINESS DEAL

W. A. Sanderson & Co., the George St. Jewellers Make Change in Personel.

Yesterday a deal in local business circles was made public, whereby Peterboro's most prominent firm of jewellers, Messrs. W. A. Sanderson & Co., will be changed as to the actual partnership.

As is well known, Mr. W. E. Wasson, better known in athletic circles and by his many friends as "Ernie," has, since the lamented death of the late Mr. Sanderson, carried on and widely extended this important store and industry.

Mr. Wasson has now taken into partnership Mr. F. J. Metheral, a gentleman, whose admission to the firm cannot but redound to its credit and enlargement of business.

Owing to the new partnership, to better formulate a basis of beginning under the changed ownership, a tremendous reduction sale is now announced.

This will be hailed with delight, not only by the many old customers of this enterprising store, but by the purchasing public of this and surrounding counties. It will enable those of thrifty habits, to get highest grade goods, from a stock unsurpassed in the Dominion, at prices, probably lower than the excellence of the goods would warrant.

This is the Christmas present buyers' golden opportunity. We understand that some $45,000 worth of goods, of all grades, from the cheapest to what would grace a Bond street jeweller's shelves. We prophecy a great future for the new firm.

A CLOSE VOTE

Lakefield Council Passes a By-law Authorizing Vote on Local Option

At a meeting of the Lakefield village council held on Monday night, a matter directly affecting the future of that village was discussed. Lakefield with its thousands of transients during the summer season, by vote of its councillors, decided, by casting vote of the mayor to run a chance to cut off all hotel facilities for those visitors by submitting to the villagers a local option by-law.

A petition was presented, signed by about 150 ratepayers, asking council to submit a local option by-law at the same time that the municipal elections are held. There was also a petition signed by about the same number of ratepayers asking council to take no action.

After a couple of hours' discussion a motion was carried by the casting vote of the mover that the by-law be submitted to the ratepayers at the municipal elections in January next.

This is a matter that involves many thousands of dollars spent in this city. Should the villagers pass this by-law, Peterboro can count on being minus many thousands of dollars but annually by transient visitors, who will not choose a spot without hotel accommodations before a place where, when out for a holiday, they can procure proper treatment.

BIBLE SOCIETY

Peterboro Branch will Meet on Wednesday Evening, Dec. 6th.

The annual meeting of the Peterboro branch of the Canadian Bible Society will be held in St. Paul's church on Wednesday evening, Dec. 6th, when reports for the past year will be presented, and officers elected.

It is expected that Rev. Mr. Welsh, of Toronto, the new general secretary of the Canadian Society will be present and deliver an address. Other speakers have also been invited.

POLICE COURT NEWS

Yesterday morning Charles Scriver, a benedict of only a few weeks' standing, was charged by the local police with having tarried too long and too well with the cup that holds knock-out drops, on Monday night.

Charles claimed privileges as not having fallen from grace since his recent matrimonial venture, but the magistrate considered the city truancy needed $2. Charles again told a hard-luck story, and wanted time to raise the two simoleons. He was given ten days' grace.

Thos McDonald was up on a charge of "vagrancy." Tom is also a good general sleeper when likely to get stake.

He gave his Worship a "con" story about seeing Father McColl in connection with an alleged desire for a pass to the House of Providence.

As the Inspector of Prisons has recently given a good report of our local jail, Thos. was given a pass good for 30 days amid the breeze swept fortress managed by Mine Host Nesbitt.

BRITAIN TRIES TO HAMPER GERMANY

By Making Vital Concessions To Russia.

A PERSIAN GULF OUTLET

Official of Kaiser Sees in Studied Silence of British Speakers a Bowing to the Popular Hatred of the Fatherland.

London, November 21.—The Observer makes public an exclusive forecast of the basis of the Anglo-Russian entente that Britain is believed to be planning. It attempts to show how at the same time Britain is aiming a deliberate and deadly blow at Germany.

The Observer says that Britain will offer to Russia the Bagdad Railway and will even lend financial help for its completion. This will not only afford Russia its long desired outlet to the Persian Gulf, but will assure Russia's economic predominance in Asia Minor, smashing German ascendancy in that region. Britain will not permit fortifications on the Persian Gulf, but will subject the agreement to the other powers for assent.

By handing over Constantinople to Russia, Britain will finally announce its approval of a pan-Slavist confederation in the Balkans under Russian hegemony.

Britain's remuneration for these vital concessions will be the denunciations by Russia of all its ambitious designs in Afganistan, Thibet, India and Central Asia in general.

Another week has ended, notable for its speeches regarding Britain's foreign relations, wherein the strikingly uniform omission of any reference to Germany has again been the most significant feature.

"Premier Balfour, Lord Lansdowne, the Duke of Devonshire and half a dozen other public men all have reviewed the field of Britain's international intimacies this week," said a German official who occupies a high diplomatic position in London, to a press correspondent. They went out of their way to recall by name every friendship that Britain enjoys or hopes to enjoy in both hemispheres and yet there was an ominous and studied silence so far as Germany is concerned. Such things make us doubt whether the repeated private assurance of the British Government that it does not share in the popular hatred of Germany are really true.

"If the Government or the governing agencies now in power or about to come into power desire a cordial relationship with Germany why do not their spokesmen, who are making speeches all over the country every night of the week say so. Why do they not try to stem popular prejudice. Are they afraid to run counter to the jingo sentiments of the masses. It would be folly to disguise the serious consequences that lurk in a continuance of the misunderstanding regarding official Britain's real feelings. The jingoes not only object to England not fraternizing with Germany, but are determined to prevent German fraternizing with anybody else. That's a program that spells danger."

ATHLETIC WORLD

BY OUR SPORTING EDITOR

THE TURF.

Mr. A. Rountree, secretary of the local Turf Club, yesterday received a communication from Mr. H. Rice, proprietor of the Hotel Welland, Welland, Ont., asking him to arrange dates for the coming winter race meet. Mr. Rice will probably enter Miss Hunter, a fast mare well-known in this west part of Ontario.

• • • •

Local turfmen are making great preparations for the winter meet of the Eastern Circuit. Everyday trainers are to be seen exercising their horses, which are fast rounding into good condition. The track is covered with snow and racing cutters are the prevailing vehicles. Yesterday morning Mr. Cooke was working out Jay Eyerdeal and Gladiator, while Mr. Martin Cannon's trainer, Mr. John Neville was speeding Lady Gothard and Bluebier. The local meet will be the greatest in the history of the Turf Club.

• • • •

The Canadian ice racing circuit will be the best in the history of the Province. The first meet will begin in Dufferin Park, Toronto, the last week in December. Among the other places of importance where the meets are Port Perry, Lindsay, Peterboro, Picton, Belleville, Kingston, Ottawa and Montreal. Newmarket, Orillia, Barrie, and other places will probably give meetings.

• • • •

CURLING.

The annual meeting of the Peterboro curlers is called for Thursday evening next at eight o'clock in the curlers' rink on Charlotte street. It is urgently requested that all members be present as the election of officers will take place and the general business of the club will be discussed.

• • • •

HOCKEY.

Gananoque will have a handsome new rink this winter.

• • • •

The Soo Hockey team of the International League, are apparently anxious to secure the services of Harry McRobie. Yesterday he received another offer to go this time an inducement of $20 per week being held.—Brockville Recorder.

• • • •

McRobie is a fast man, and did splendid work on the Brockville hockey team in the Federal League last winter. He played both rugby games against the locals and on these occasions his playing was gilt-edged.

Not much stock can be placed in the rumor that "Artie" Boyce, of the Preston Falls team, will play with Lindsay this year. It is not a settled thing as yet, so go slow.—Lindsay Post

• • • •

RUGBY.

There will be one game for the Dominion championship, and, perhaps, two, as the result of the meeting of the Canadian Rugby Union Executive on Saturday night at the King Edward Hotel. President Clancy of Ottawa, Secretary-Treasurer R. Shilling, Ottawa, and Vice-Presidents Rev. A. F. Burr and Dr. W. B. Hendry were at the session, and everything passed off amicably. It was decided that Varsity, winners of the Intercollegiate championship, and Ottawa City, the Quebec Union champions, should play on the Rosedale grounds next Saturday at 2.30. The Executive will also land their good offices to bring about a game between the winners and the Hamilton Tigers.

The matter of awarding the championship will be decided at the annual meeting of the C.R.F.U.

In regard to the intermediate Canadian championship the semi-final between Ottawa H. winners in the Quebec Union and R.M.C., the college champions will be played next Saturday in Brockville. If Ottawa wins the final game will be played in Brockville on Dec. 11. If R.M.C. and Dundas are in the finals the game will be in Peterboro, and if R.M.C. and Peterboro are the contendors, at Brockville. This arrangement will hold good unless the teams agree otherwise.

GAS PIPE IN THE WAY

Charlotte Street Sewer Pipes Will Have to Run Up Hill.

Yesterday as Mr. Evans the special street commissioner was laying drain pipes to carry away surface water on Charlotte street, at the G. T. R. crossing, he struck a snag, or to be strictly correct, an intercepting gas pipe. The sewer pipes of large diametre cross under the railway tracks, but on excavating to lay them, to the north of the tracks, immediately under the gate at the north of Charlotte street, a three-inch gas main, ran right on the track of the sewer pipes. As the Gas Co. people did not seem to know exactly, where their pipe in this spot lay, the city engineer had to hunt for it.

As matters now stand the sewer pipes at this spot, will have to be severed, to go over the gas main, or in other words the sewer will have to flow up hill for a few feet.

CELEBRATES BIRTHDAY

Mr. John Fowler, of North Monaghan with Friends Honors His 79th Natal Day.

On Monday night, Mr. John Fowler, of North Monaghan, celebrated his 79th birthday. His grandchildren, children, and numerous friends, gathered at Mr. Fowler's residence and expressed their sympathy of Mr. and Mrs. Fowler.

Mr. Fowler is the father of fifteen children, and is to-day hale and hearty, and fully alive to, and interested in current events. This was very much in evidence on Monday night, when Mr. Fowler and his respected wife danced the night-head reel as well as they could have done it 50 years ago.

Mr. Fowler is one of the most highly respected and esteemed residents of the county.

He was born in North Monaghan one-half mile from his present residence.

Mr. Sargent, an old resident of Otonabee, was present to do honor to the birthday festivities.

The Times joins with Mr. Fowler's many friends in wishing him many happy returns of the day.

Forresters Arrange for Funeral

A special meeting of the members of Court Peterboro, No. 29, C.O.F., was held yesterday evening at eight o'clock in their hall, Simcoe street, for the purpose of making arrangements for the funeral of their late Bro. Robert Baker. Arrangements were completed for holding the obsequies, under the society's auspices on Thursday afternoon.

A FINE NIGHT-CAP

The Best Thing in the World to go to Bed and Sleep on.

"My wife and I find that 4 teaspoonfuls of Grape-Nuts and a cup of hot milk, or some cream, with it, makes the finest night-cap in the world," says an Allegheny, Pa., man.

"We go to sleep as soon as we strike the bed, and slumber like babies till rising time in the morning.

"It is about 3 years now since we began to use Grape-Nuts food, and we always have it for breakfast and before retiring and sometimes for lunch. I was so sick from what the doctors called acute indigestion and brain fag before I began to use Grape-Nuts that I could neither eat, sleep nor work with any comfort. I was afflicted at the same time with the most intense pains, accompanied by a racking headache and backache, every time I tried to eat anything. Notwithstanding an unusual pressure from my professional duties, I was compelled for a time to give up my work altogether.

"Then I put myself on a diet of Grape-Nuts and cream alone, with an occasional cup of Postum Food Coffee as a runner-up, and sometimes a little dry toast. I assure you that in less than a week I felt like a new man—I had gained 6 pounds in weight, could sleep well and think well.

"The good work went on, and I was soon ready to return to business, and have been hard at it, and enjoying it, ever since. Command me at any time any one enquires as to the merits of Grape-Nuts. You will find me always ready to testify." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Read the little book, "The Road to Wellville," in pkgs.

EQUITABLE LIFE BRIBED MANNING

The "Man Who Gets Around Once a Year" Received Money for Betraying Clients Who Retained Him to Fight Insurance Co.

New York, Nov. 22.—John A. Nicholas, a lawyer and Quarantine Commissioner of the port of New York from 1890 to 1892, who wrote the letter to Senator Chauncey M. Depew in behalf of his "friend who usually gets around at this time of the year," and who, he wrote, were getting "rambunctious" and needed help, was the first witness before the Insurance Investigating Committee to-day. Much interest has been aroused by the reading of Nicholas' letters to Senator Depew on Friday. The Senator was not able to remember who Mr. Nichols friend was. Before Mr. Nichols was placed on the witness stand, Mr. Hughes, counsel for the committee, announced that the examination of George H. Squire of the Equitable Society, which was conducted by a sub-committee on Saturday, had not been completed owing to Mr. Squire's ill-health, and that it was deemed expedient to withhold the publication of Mr. Squire's deposition until it was completed.

EMPLOYED BY MUTUAL LIFE.

Mr. Nichols was called. As shown by vouchers under observation by the committee on Friday, Mr. Nichols received retainers from the Equitable Life Assurance Society. When he went before this committee to-day he testified that he had been an attorney for 25 years and had been President of the Knickerbocker Life Insurance Company. He had been employed by the Equitable Society for 20 to 25 years under an annual retainer of $1,000 and said he is still under that retainer. Recently he was employed by the Mutual Life Insurance Company.

BRIBED MANNING.

He said he was consulted by the officers of the Equitable Society on matters not connected with the Legislature in 1904. One of the matters entrusted to him was that of W. S. Manning, of Albany, who, he said, was formerly a travelling salesman for a chemical company, who formerly had been an actuary, and was familiar with life insurance companies and their methods. Mr. Nicholas said that Manning was employed by certain people to bring charges against the Equitable Society that the reserve was not as large as it ought to be. Manning was paid $450, Mr. Nicholas said, because he would be favorable to the company." Witness said this was paid to keep Manning from being employed against the company, and he said he thought these payments had been made over a period of fifteen years. Sometimes these payments reached $650.

The vouchers signed by Mr. Nichols were produced. A payment of $6,000, July 1, 1899, witness could not remember, but, answering Mr. Hughes, said he thought it was to enable him to pay somebody else. Vouchers dated October, 1898, for $6,714, and July 1, 1899, for $6,000, witness was also unable to explain, but thought he could remember later, when he had refreshed his memory. He promised to submit to the committee a statement of others than Manning to whom he made payments.

THE "RAMBUNCTIOUS" FRIEND.

The letter of the witness to U.S. Senator Depew, dated December, 1905, relative to "our friend who gets round at this time of the year," was read to the witness, and he said it referred to Mr. Manning. He wrote to Senator Depew because the Senator was on the Finance Committee of the Equitable Society, and that he expected the Senator to turn the letter over to the executive officers. The letter of Dec. 4, 1904, relative to "our constant rows friend from up the river," witness also said referred to Mr. Manning. Mr. Manning, he said, wanted to know whether the arrangement of yearly payments by the Equitable Society was to be continued. Witness said Mr. Manning went into the arrangement under his impression Mr. Nicholas said he induced Manning to give up his business as an actuary because Manning had been antagonistic.

The payments on vouchers bearing the names of Morson, Brooker, Baldersson, and Caldis, and numerous others, witness said, were made to Mr. Manning, and these names were used in order to keep Manning's name out of the matter.

MR. CHAS. YOUNG DEAD

Bowmanville Loses One of Its Prominent Citizens.

Mr. Charles Young of Bowmanville died on Monday after a long illness from creeping paralysis. Deceased was a native of Alford, Lincolnshire, England, and was for over 43 years engaged in the grocery, provision, and meat business, was one of Bowmanville's most known business men, and was very highly respected. About six years ago he was forced to retire from business on account of illness. He was an active worker in the Methodist church, being a class leader and trustee. He was twice married, first to Miss Agnes Cowker, by whom he had three daughters, Mrs. W. N. Tilley, Toronto, and Mrs. F. A. Reddy, and Miss Young of Bowmanville. His second wife, Miss Hotsler, survives him. Deceased was in his 74th year. The funeral takes place this afternoon to Bowmanville cemetery.

LARGE LYNX KILLED

A Ferocious Cat Killed on Farm Near Fawkham Post Office.

An Orillia exchange says: One of the largest specimens of the lynx tribe seen in these parts in many years, was purchased by Mr. W. Sutherland, taxidermist, from Mr. Hugh Bethune, of Mara, who shot it on Monday on his farm near Fawkham post office. It is full grown, and would have been an exceedingly ugly customer to meet in the woods. The 'link' was discovered by one of Mr. Bethune's boys, while engaged in gratifying its appetite with some offal from a cow that had been slaughtered some time before. Mr. Bethune armed himself with a rifle and crept up quietly to within a short distance of the animal, and succeeded in putting a ball through its head. There is a swamp in this vicinity which is said to be infested with lynx, and one or two residents claim to have seen a bear this fall.

TENDERS LET

List of Those Who Will Keep our Pavements Clear This Winter.

At a meeting of the Board of Works, held on Monday night, and by stress of business omitted, the following tenders for snow-plowing for the winter were let;

North Eastern Division—R. McCarthy at $65.

Southern Division—Robt. Nicholls at $120.50.

South Eastern Division—Albert Vallis at $120.

North Western Division—N. Bonneau at $150

Western Division—James Tanes at $150

North Division — John O'Brien at $178

Moved by Ald. Johnston and Tovey that the above tenders be accepted.—Carried.

Preliminary Trial of the Battleship.

Washington, D. C., November 21. — This is the date set for the preliminary trial of the new battleship Virginia, just completed at Newport News. Like the battleship Rhode Island, which was recently submitted to a trial, the Virginia has a displacement of 14,948 tons, and is designed for a speed of nineteen knots. Her complement calls for forty officers and 773 enlisted men. The Virginia will be fitted as a flagship.

A LAKEFIELD FIRE

Mr. Whatley's Green House Destroyed by Fire.

Mr. Henry Whatley, of Lakefield, was suddenly awakened on Monday morning about half-past two by his neighbor, Mr. John Edwards, and informed that his greenhouse was on fire. When he got out he found that the structure of frame and glass was nearly half burned down. The neighbors did good work and saved the nearby buildings. The fire engine arrived on the scene just as the building was burned to the ground. As the building was of such an inflammable nature, that it burned down very quickly. The loss, which is a very heavy one, will exceed $300, on which there is no insurance.

A CORRECTION

Mr. Leahy Paid for Burial of Late Mr. Clarke.

The information given The Times on Monday evening to the effect that the remains of Mr. Clarke, the young Keewatinan who died in St. Nicholas Hospital Friday last, were interred in a lot purchased by the Rev. E. A. Langford, proves to have been incorrect. We were informed, on reliable authority yesterday, that it was Mr. Leahy, of Dummer, the farmer with whom deceased had been employed, who generously paid for the grave rather than that the remains should be buried in the "Potters' Field." It is also true that the reverend gentleman was quite willing to bear this expense if necessary.

GALLOWS ORDERED UP

Expected Execution of Mrs. Rogers Will Take Place December 8.

Rutland, Vt., November 21.—Deputy Sheriff Hance, of South Royalton, has received official notice from Governor Bell to prepare at once for the execution of Mrs. Mary Rogers on December 8, and work will begin at once on erecting at Windsor prison the gallows which have twice been erected in sight of the woman's cell, only to be taken down as reprieves gave a lease of life.

Governor Bell's order to Mr. Hance is taken by some to mean that the state officials have little hope of the United States Supreme Court allowing the petition for a writ of habeas corpus for Mrs. Rogers, which is now before it.

Does Not Look For Victory.

Montreal, Nov. 20.—A. F. MacLaren, Conservative M.P., for North Perth, who returned yesterday from a three weeks' sojourn in the North, west, does not look for a Hanitaux victory in Saskatchewan.

"I cannot hold out," he said, "any encouragement in the way of a victory for Hon. Mr. Haultain." The Ottawa government have the stamp and they know how to work the scale.

He says that it now looks as if the next session would be much shorter than that of the past one by 40 per cent.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which snow no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 300 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we knew we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 190 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 6 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 256 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 20 per cent. on a basis of five wells to the acre.

TIREDNESS MEANS DANGER

Indicates Faulty Blood and Worn Out Nerves—Build Up or Total Collapse Will Surely Follow

When you're tired all day, bothered by trifles, exhausted with nervousness, be sure there is something wrong.

You need bracing up, need more nourishment in the blood, need a powerful medicine to vitalize the nerves and distribute force and staying power to all over-worked organs.

The most marvelous success is Ferrozone, a nourishing tonic so scientific as to be the admiration of every physician. Ferrozone performs wonders for people in poor health; acts directly on the blood, enriching it with strength and new life that is at once dispatched to all parts of the body. Ferrozone feeds the nerves and vital energies, supplies force, determination and joyous, buoyant spirits.

A case where there was lassitude and lack of strength is told by Mr. David Brown, of post-office box No. 33, Bombay, Ont. "About a year ago" my health commenced to fail. My hands and feet seemed always cold. I felt worn-out and exhausted, weak as a little child. My face twitched. My limbs and arms commenced to lose their sense of feeling and finally my left side was perfectly numb. All my color left. My appetite ran down. Ferrozone was the first to give me any help. I improved with it very quickly. It toned up the blood and started circulation, so that the numbness gradually disappeared. My condition was perfectly cured by Ferrozone, and I have been well ever since. (Signed) "David Brown."

SPECIAL NOTICE.—To get satisfactory results be sure you get Ferrozone only. Fifty cents per box, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock. The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year strictly in advance.

PETERBORO, NOVEMBER 21 1905

NO MORE SUMMER SESSIONS

After next year there will be no more Parliamentary sessions extending into the summer holidays. The session will begin in November, and, by common agreement, at a stated time, probably ... To enable this to be done, the departmental year is hereafter to close on March 31 in place of June 30. This is the English custom. By meeting in November it is thought the sessions will be shortened; while the members from outlying parts of the Dominion will appreciate the long holiday at Christmas which will enable them to return home to visit the families and attend to their private affairs.

WHY THE RUSSIANS FIGHT THE JEWS

Several of our readers ask The Times to "kindly explain why the Russians are fighting the Jews." That is a large order and may breed controversy. But we are willing to try to give the common theory of the best informed and most impartial persons.

Russia is in a state of social and industrial transition from serfdom to land tenantry or peasant proprietorship. When the serfs received freedom, they gradually became partly communal and partly individual owners and occupiers of the agricultural land. This brought them under obligations to pay taxes and rent out of the fruit of their labor after supporting their families, more often in kind than in money, and in other ways to sustain a partly independent industrial existence.

Centuries of serfdom had left them unfit for self-reliance, the exactions of oppressive taxation and military service hampered them and they fell into financial difficulties. They who have observed from the beginning the difficulties of the emancipated negroes in sustaining the responsibilities of free industrial existence can understand the greater difficulties of the Russian peasantry in a far worse environment.

Debt became the normal state of the Russian peasant and artisan. The Jews were the natural creditors because no other people, outside of the considerable towns, had money to lend or capacity to carry on business. For the same reason they monopolized the trading in many parts of Russia. A creditor class is never popular either with borrowers or buyers.

When debtors are harassed by political oppression and driven desperate by privation, they lose all sense of justice and turn upon their creditors as the authors of all their ills. So it may happen, in a community as ignorant and miserable as some parts of Russia, that the one race whose thrift and capacity has saved it from absolute ruin and starvation becomes the object of its bitter hatred and the victim of its furious rage.

Guardless used to blame the Russian government unjustly for the Jewish massacres. It is probable that the government did its best to prevent them. Evidence of this is the fact that riots and massacres broke out in greater fury than ever when the government was paralyzed by revolution. They seem to be the fruit of popular madness, bred by industrial oppression in minds blinded by ignorance and warped by starvation, which strikes at the nearest visible object as a rabid dog snaps at the hand that feed him.

They are a painful incident of the slow agony of Russian transition from barbarism to civilization.

THE DOURO COUNCIL.

Regular meeting held on Wednesday, November 15th. All the members were present. On motion of the reeve, the minutes of the previous meeting were read and confirmed.

On motion of Mr. Allen, seconded by F. Leahy, Barth. Leahy was appointed a commissioner to build a culvert on line of road between concessions 11 and 12, in front of lot 2.

ORDERS ON TREASURER.

Albert Nelson, 50c., for two head of cattle drowned in Buckley's lake drain; amount to be charged to drainage fund. B. Leahy recorded his vote against the payment of this account, as he contended the proper persons were not notified.

Joseph Ayott, $2.00, refund of statute labor tax of 1904.

John Young, $3.50, repairing culvert and supplying timber for same, concessions 5 and 6, lot 4.

John Kennedy, repairing road, concessions 3 and 4, lot 11. $5.00.

James Mahoney, wood for P. Davey, $3.00

John Towns, work on road, lots 10 and 11, concession 5, $4.00.

Robert Tedford, building culvert, concession 1, lots 5 and 6, $1.50.

Barth. Condon, building culvert, concessions 4 and 5, lot 9, $3.50.

D. O'Brien, work on road, concessions 4 and 5, lots 4 and 5, $4.00.

Robert Dixon, repairing Dixon's bridge, $6.50.

John F. Condon, repairing road, concessions 2 and 3, $3.25.

P. M. Leahy, inspecting trees planted by John O'Shea, in accordance with the provisions of the tree planting act, $3.50.

B. Leahy was appointed a commissioner to expend the sum of $2.79 in repairing Canal road in concession 12.

John McMurray was appointed a commissioner to expend the sum of $28.50 on road between concessions 1 and 2, in front of lot 11.

FURTHER ORDERS ON TREASURER.

F. Moher, reeve, 7 days' sessional allowance and 7 days commissioner..... ...$28.00

John R. Allen, 7 days' sessional allowance and 7 days commissioner..... ...$28.00

B. Leahy, 7 days' sessional allowance and 7 days commissioner..... ...$28.00

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention so to do.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1800 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was the only hope, but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than robbers. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy and Kergan, as he had taken treatment from them himself and knew they were square and skilful. He wrote them and got the New Method Treatment for me. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never lose a day. I wish all sufferers knew of your valuable treatment.
HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious diseases. They contaminate the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It only suppresses the symptoms—so. NEW METHOD positively cures all blood diseases forever.

YOUNG OR MIDDLE AGED MEN.—Improvident acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and vitally you are not the man you used to be or should be. Will you heed the warning?

READER Are you a victim? Have you lost hope? Are you thinking of marriage? Has your blood been diseased? Have you any weakness? Our New Method treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has failed you, write for an honest opinion Free of Charge. BOOKS FREE—"The Golden Monitor" (Illustrated), on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No names on boxes or envelopes. Everything confidential. Question list and cost of treatment WRITE for Home Treatment.

DRS. KENNEDY & KERGAN

Cor. Mich. Ave. and Shelby St., Detroit, Mich.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (some has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 853,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 163 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $17,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $4,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 4 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U. S. A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

SELECTIONS

HEINZE'S SLICK TRICK.

The Clever Scheme by Which He Got a Bond For $700,000.

When Clark needed Heinze's political support in his fight for the senatorship he went on Heinze's bond for $1,000,000 in a suit that the Butte and Boston company had brought against Heinze. When Clark made his alliance with the Amalgamated he went before the supreme court and asked permission to remove his name from the bond, which request the supreme court denied. Shortly afterward a suit was commenced against Heinze in the supreme court in which he was obliged to furnish a bond for $700,000. Clark was able by his influence to prevent Heinze from getting any Montana men to furnish this bond.

Great was the joy in the Amalgamated camp that night. The "system" believed that Heinze could not possibly get a bond for such an immense sum and, as Heinze's policy of expansion had involved every dollar of his available capital, they stood back with joyous hearts to await the crash. The court would order his mines closed, his smelter would shut down, his bank collapse and Heinze would walk out of Butte dead broke. To the amazement of the "system," Heinze walked into the supreme court the next morning and filed a bond for $700,000, given by the Wilmington (Del.) Bonding and Casualty company and decorated with the big golden seal of the state of Delaware.

Four months later, when Heinze had got out of his tight place and was once more on Wall street, the anger of the "system" can be imagined when they learned how they had been tricked. A month before Clark betrayed Heinze in the supreme court, Heinze, who was watching for signs, and sensed what was coming, walked into his office in a towering rage one day and summarily discharged five of his clerks and bookkeepers. They disappeared with $25,000 of Heinze's money, but speedily arrived in Wilmington, Del., where they opened magnificent offices and applied to the proper authorities for the right to do business. This was granted, but all the business they ever did was to send a beautiful bond, a triumph of the engraver's art, to their employer when he telegraphed for it. The supreme court called Heinze into its august presence and lectured him severely. Heinze listened gravely, though there are people who say that he had a cat that swallowed the canary look in his eyes while the venerable jurist was speaking.—Tom Watson's Magazine.

New York's Wagon Traffic.

Over 12,000,000 tons of agricultural products are carried over the ordinary wagon roads in the state of New York each year, and this is not taking into consideration the delivery of quarry and forest products or merchandise, fertilizer, etc., carried away from the marketing points back to the farm. It seems safe to say that at least 50,000,000 tons are carried over the wagon roads of New York state every year.

Therefore, if the roads of the state of New York were improved until they were equal to those of European countries there would be a saving of over $30,000,000 each year to the people of the state of New York, in accordance with the best estimate made by the department of road inquiries of the United States department of agriculture.—Frank D. Lyon in Auto Advocate.

Substitute For Irrigation.

An Italian scientist has invented a novel substitute for irrigation. He uses the fruit of the Barbary nopal, a fig tree which bears figs that are excellent reservoirs of moisture. In the spring the scientist digs a ditch about the foot of the tree he desires to protect from the coming drought, and this ditch is filled with figs cut into thick pieces. A dense layer is made and beaten down. The mucilaginous pulp, covered with earth, stores up much moisture, which it gives off gradually, watering the tree sometimes for as long a period as four months.

All in the Family.

In a remote section of Meade county all of the people have moved out of a school district excepting one family. The father and two sons have elected themselves as directors and employed the mother, who holds a certificate to teach. The only pupil is a little girl in the family. The directors have voted to hold school in the family home and to give the teacher $40 a month in wages. The property of the district is taxed to pay the cost.—Kansas City Star.

Wireless Started Good Result.

It was thought that when wireless telegraphy was introduced into Constantinople the sultan would deal out honors and rewards with a lavish hand. However, when the apparatus had been explained to him his majesty grew quite flurried and characterized it as an invention of the evil one. Mr. Marconi would seem to have grounds here for an action for slander.—London Globe.

The Tottering Alhambra.

Solemn warning is given by the curator of the Alhambra in Spain that the 700-year-old palace is falling to pieces. The ancient home of Spain's Moorish kings has withstood both earthquakes and fire. The French soldiers blew up eight of its towers and tried to level the entire fabric. It is the great age of the building which is threatening it with destruction now.

GOLD AND WORTH.

Do You Own Stock in any mining proposition that pays no dividends? Solution of depression of investor, publication, and the consequent rise in price, stated by Bonbright, or send to plain words, 42 Broadway, N. Y.

MUST ENGLAND GET OUT?

Wei-Hai-Wei Lease Contingent on Port Arthur.

Washington, November 21.—In diplomatic circles, keen interest is felt in the ultimate disposition of Wei-Hai-Wei, the English naval station in China. When China ceded Port Arthur to Russia for a term of years, it made an agreement with England ceding Wei-Hai-Wei for the same length of time that Port Arthur should remain in Russian hands. Since the Russo-Japanese war Port Arthur is no longer a Russian possession and the question now comes up whether the agreement made with England holds good any longer.

The Man With the Toothache.

A man with the toothache doesn't care about anything else. The glories of the world pall on his taste, the wonders of creation seem as naught.

The tooth becomes a volcano of belching fury and the rest of life hid-den in a cloud of its billowing smoke.

You can't borrow anything from a man with the toothache. You can't instruct and improve him. You tell him that the world travels at the rate of 1,000 miles a minute and it doesn't startle him in the least. He simply groans.

You say to him, "My friend, there are stars so far off that their light has not yet reached this world," but he doesn't mind it. He only bowls.

You tell him that some of the sun spots are 100,000 miles in diameter, and that one of them would take a Jupiter at one mouthful, but it is nothing to him. The toothache is neglectful of scientific truths.—London Tit-Bits.

A Case of Pronouns.

Tommy Mulligan of the seventh grade was absent from the class room for one entire day. It would appear that he had played truant, for, unknown to Tommy, his teacher had spied him trudging homeward with pockets bulging suspiciously when she, too, was homeward bound that afternoon.

But Tommy brought a note of excuse the next morning, which, of course, would prove that he had been detained at home legitimately. The writing was hardly that of a feminine hand, and the note appeared to have been written laboriously and with much blotting. Furthermore, the penmanship seemed to be strangely familiar to his teacher. The note read as follows:

"Dear teacher: Please excuse Tomy for not comeing to shool yesthidy. he cudnot come I tore my pants.—Mrs. Mulligan."—Philadelphia Inquirer.

Your Last Opportunity Will Soon Pass.

We have had an advertisement in The Times several days giving some facts about the BIG CASINO MINES, but some people seem to think it impossible for so good an investment to be offered in Peterboro.

We will give $500.00 to anyone who will disprove one of the following statements

The Big Casino Mines are located at Big Oak Flat, Tuolumne County, California, on the great "Mother Lode."

We have 770 acres of ground. Have been developing and equipping the property more than three years and a half. Have spent over $300,000.00 on the property.

We have 10,000 feet of underground work done. Have a very large amount of good ore blocked out ready to break down and mill, and have more ore in our property than can be mined out in two or three life times.

We have apparently inexhaustible bodies of good ore. We also have ore that will mill $1,000.00 per ton.

We have a modern 20 stamp mill in good condition, to which we propose to add 20 stamps as soon as possible. With 40 stamps we will pay $30,000.00 to $60,000.00 per month in dividends. $30,000.00 per month will be 3 cents per share per month, or 6 per cent. on the money you invest in the stock at 50 cents per share.

We will lay aside a sinking fund to double the capacity of the mill, making 100 stamps which we propose to put in inside of the next twelve months, then your dividends should every year be at least equal to your investment.

$250.00 and two weeks' time should cover every expense of a trip to the mines, so that you can personally examine them and have the opportunity of disproving the above facts and get the $500.00.

Are you satisfied with interest or would you prefer profits like those we have told you the Big Casino will pay?

Your money is no safer in real estate, in the bank or anywhere else, than invested in Big Casino stock.

Four years ago Calumet, of Arizona, sold at $1.00 per share to raise money to develop and equip the mines. Certain people said it can't be any good or it would all be taken up out there; but they sold their stock and developed the mine, and paid their first dividend on Dec. 18th, 1903. The dividend was $2.00 per share, just twice what the stock cost, and they paid $16.00 per share last year, and will pay their last quarterly dividend for this year next month, which will make $16.00 per share this year, and the stock is quoted on the open markets of the world at $415.00 to $420 per share.

Granite Mountain stock was sold in St. Louis at 10 cents per share, and in 18 months after their mill started the stock was worth $72.00 per share in the open market and paid the St. Louis stockholders $12,000,000.00 in dividends during the next three years.

Neither of the above named mines gave more promise of making the wonderful producer they have proved to be, at the same stage of development, than the Big Casino does at present.

The directors of the Big Casino know their stock, based on the ore developed and equipment of the property, would be cheap at par, $1.00 per share, and will advance the price to $1.00 Nov. 28th, if not sooner. Right to advance the price to $1.00 any day is reserved, and the 26th is positively the last day you can buy the stock for less than $1.00 per share.

The Big Casino is a developed mine, and we will make one of the large dividend payers of the State of California out of it if we never sold a share of stock, for we can get all the money out of the mine to add to the mill, and it would only delay dividends a little longer.

The Big Casino will become a permanent dividend payer early in the coming year, and should pay not less than 24 per cent. on your investment at 50 cents per share the first year.

Remember the price may advance any day, and there will be none offered you for less than $1.00 per share after the 28th.

Yours truly,

GEO. L. PORTER,

Peterboro, Ont., Nov. 18th, 1905.

P. S.--See me at the White House.

The Consolidated Eureka Mining & Tunnel Co.

A SPLENDID INVESTMENT

With certainty of large profits in the near future.

GET INTO A PRODUCING CAMP

The mines of the

BUFFALO ARIZONA GOLD MINES CO.

are in a well known mineral belt and surrounded by well known producers.

The Poland Mining Co., the Cash, the Michigan-Arizona, the Chicago Gold and Copper are all within a radius of three miles of our camp. In fact, these mining companies nearly surround the Buffalo-Arizona property.

Why seek investment off in some desert country where life and property are in constant danger when you can buy Buffalo-Arizona stock so low?

We own 100 acres free from debt or bonds.

We are opening up the ore bodies according to business methods.

For a short time we can offer this stock at 15c. per share, par $1.00. Send at once to

Watch the Skin for Bad Blood

It Comes to the Surface in the Form of Pimples, Boils, Rashes and Humors.

Where the blood is weak and degraded the system lacks staying power and force. Frightful ulcers and unsightly blotches break out, the skin becomes yellow and muddy, the eyes lack lustre.

Reader, does YOUR blood need attention? If so get Dr. Hamilton's Pills at once; they filter out all poisons, eliminate disease-making germs, nourish and re-vitalize every drop of blood in the body.

No medicine exerts such a marvelous influence for good as Dr. Hamilton's Pills; they clear the complexion, make it exquisitely beautiful; they cure pimples, rashes and skin troubles of every kind. Read the following carefully:

No Appetite—Bad Color—General Debility

"I was run down," writes Mr. Albert E. Dickson, of Fairhaven, P. O. My color was dull and unhealthy, appetite was poor, and I generally suffered from weakness. I found it hard to sleep, and felt worn out and tired all the time. Dr. Hamilton's Pills made an instant change. I grew stronger, my blood was made rich, and I gained in weight. To-day I am vigorous, cheery and healthy in every respect.

You will never realize what good health means until you feel the quickening vitalizing effect of Dr. Hamilton's Pills. Every tired, overstrained, nervous man and woman should use this grand tonic regularly. Life will then be full of happiness and buoyant health. All dealers sell Dr. Hamilton's Pills, 25c. per box, or five boxes for $1, by mail if price is forwarded to N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

T. A. S. Smoker Postponed.

It has been decided to postpone the T.A.S. smoker from Wednesday, November 22, to Monday, November 27. The program for the event is in course of preparation, and the prospects are that it will be one of the best smokers in the history of the city.

Hotel For Sale.

That well established and largely patronized hotel, the Snowden House. This hotel has a large clientele among the commercial, city and farming trade. Will take cash or acceptable farm property in exchange. Immediate possession to suitable applicant. None but principals need apply. Apply to,

WILLIAM SNOWDEN,
Proprietor.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

Mr. Small to See "The Crossing."

L. A. J. Small, the well-known theatrical manager of Toronto, will be in the city to-night to witness the production this evening, of Mr. Winston Churchill's new arraigned play "The Crossing." This play had a great run in the Princess theater, Toronto, about five weeks ago, and on Monday night delighted a packed house in London, Ont. This is shown by the telegram received by Mr. E. H. Bradshaw, manager of our new Grand Opera House, and printed in another part of this issue.

The matinee that was advertised for elsewhere, given out on the opening night in error, will not be held, only one performance of "The Crossing" will be given here.

THE FALL TERM

Intending students should make application as soon as possible.

Call at the College, or address

WM. PRINGLE,
Opposite East Side. Principal.

LOCAL INCIDENTS

By The Times Man on the Street

—The chief wants an owner for a lady's pocket book, which was picked up Sunday morning on Gilmour street.

—The local aldermen may send a deputation to interview the Minister of Railways and Canals, in respect to getting better wharfage for the city.

—After this date at all performances held in the opera house here, box office will be open three days previous to every performance given, from 10 a.m. to 9 p.m.

—The Toronto branch of Perkins, Ince & Co., whole sale grocers, on Simcoe street, at G.T.R. crossing, was robbed by burglars on Sunday night. Two cases of whiskey were stolen.

—Gananoque is aroused over the refusal of the town council to allow a vote to be taken for local option. The mayor has issued his proclamations for a public meeting to discuss the refusal, and canvassers are out to get every possible name to a new petition to be laid before the council.

—The Ladies Auxiliary of the Y.M.C.A. have decided to give a grand concert on the evening of December 7th in the Grand Opera House. For this purpose they have secured the services of the Grand English Concert Co., composed of Miss Hope Morgan, Madam Beatrice Langley, Mr. Stanley Adams and Miss Myrtle Meggie, who will furnish the program.

SOCIAL AND PERSONAL

—Mr. W. T. Boyd of Bobcaygeon, is in the city.

—Miss Allen Roger has returned from Toronto.

—Mr. J. B. McWilliams was in Toronto on Monday.

—Mr Harry Long, has returned from a visit to Hamilton.

—Mr. W. R. Morris, C.A., has left for Smith's Falls on business.

—Mr. J. S. Kaufman has returned from a business trip to Hamilton.

—Mr. and Mrs. Alf. Parker, have returned from a visit to Hamilton.

—Lindsay Post; Mr. W. E. Green, of Peterboro, was in town Saturday.

—Miss Minnie E. King, o. Paterboro, was a guest at the Simpson House.

—Miss Clara Bellingham has arrived home after spending a few days in Toronto.

—Mr. Crossman was in Toronto yesterday picking up some specials for his store.

—Mr. A. Parker has returned from Brantford and Hamilton, where he spent the last few days.

—Miss L. Donahue left Monday night for San Francisco, where she will spend the winter.

—Mrs. Jas. Pollard, of Orono, is visiting her sister, Mrs. George J. Chalmers, 542 Water St.

—Archbishop Gauthier of Kingston and McEvay of London, were on Monday received by the Pope.

—Mr. R. J. Solen, proprietor of the new Hunter street cash store, was in Toronto on Monday on business.

—The results of examinations in Antigonish, N.S., West Lamoton, North York and Wentworth will take place today.

—Mr. Henry Kennedy, of New York, who has been visiting his nephew, Mr. H. F. Kennedy, has returned to his home.

—The commissioned officers of the 57th Regiment held a meeting in their mess room, Simcoe street, yesterday evening.

—Rev. J. G. Lewis will begin a series of special services in Park street church next week. The meetings will be held every evening except Saturday.

—Invitations have been issued by Rho camp to an "at home" which will be held in the Foresters Hall, Simcoe street, on Wednesday evening, November 29th.

—Mrs. R. S. Morrell, nee Savigny, will receive for the first time since her marriage, on Thursday, November 23rd, afternoon and evening, at her home, 171 Aylmer street.

—A man was fined $5 at the Galt police court on Monday, morning for spitting on the floor of the opera house. This is the first penalty of the anti-spitting by-law of the town.

—Mr. George Dawson, of Montreal, who has been hunting with the Davy Sound Hunt Club, and Mr. J. E. A. Fitzgerald left yesterday for a few days' partridge shooting near Hastings.

—The Missionary Society of Bridgenorth Methodist church has presented through Mrs. W. B. Kelly, president, a large bale of clothing for the Children's Aid Society of Peterboro.

—Mr. and Mrs. Lawrence Hill Grahame left yesterday for New York, whence they will sail on Saturday next for Porto Rico, the home of Mr. Grahame's new political duties—Mail and Empire.

—Mr. J. E. Hodgson, of the Collegiate Institute staff gave an interesting address Monday evening before the members of the Murray street Baptist young people's society, on "Christ Played in History."

—It is reported that a case of smallpox has developed in Lindsay, and that the victim is quarantined, while steps will be taken to have the scholars in attendance at the Public and Separate schools as well as the Collegiate Institute, vaccinated.

—A congregational reunion was held at St. Luke's church yesterday evening when the members of the Young Men's Guild and the Girls' Auxiliary, entertained the members of the congregation. Rev. Dr. Symonds was present and delivered an address.

MORE SMALLPOX

Now There is an Outbreak at Capreol Township Near Lindsay.

An outbreak of smallpox is reported from Capreol, an unorganized township 15 miles from Sudbury. One of the cases is a very severe one, and a good many people in the district have the disease, or a more or less mild type. A provincial constable has been sent from Sudbury to enforce the quarantine regulations. Dr. Hall, the provincial health officer, is in the eastern part of the province, and will go to Capreol township on his return.

GETS HIS WIFE

Charles Hermans After Long Chase From Rice Lake Gets His Wife At Bridgenorth.

Yesterday morning, three human beings begrimed from a seeming life of absence from the comforts and conventionalities of home life, Charles Herman, a woman whom he claimed as his wife, Hattie Herman, and their alleged child, a daughter, appeared before County Magistrate George Edmison at the court house.

The man, Herman, and his wife, were arrested a few days ago in Bridgenorth, by Constable Cullen, upon a charge of vagrancy, and were placed at once in the county jail. Up to the day of their arrival in Bridgenorth a quarrel broke out in the domestic environment.

It seems that the alleged wife is some what erratic in her movements, taking periodical excursions into the highways (?) as freedom from conjugal bondage, she had, it seems, taken the broad highway, travelling neither by horse nor locomotive power from the domestic hearth at Rice Lake.

Woman-like, although severing her connection from the wedded partner in her woe and weal, she had taken good care, like the hare in a paper chase, to leave tangible evidence of her movements and intended destination.

By these scattered hints as to her flight, her husband had traced her to Bridgenorth.

Here when the following husband, located her, the woman willing to be wed but not regained without a display of fictitious unwillingness, had a row with her husband on his arrival.

In the court, Herman acknowledged having indulged in personalities, and recriminations as to the purity of pastilla.

Herman asked to be allowed to try for work either here or in Belleville. As his exchequer only contained enough to produce less than three beers, the magistrate decided to enlarge the case for one week to allow Herman and his wife an opportunity to secure a means of subsistence, and the child with, in the meantime, be placed in the Shelter.

HEADQUARTERS HERE

American Cereal Co. will After This Transact Business From Peterboro Office.

On reliable information received by The Times yesterday, we can state that an important change will hereafter be in evidence, in transaction of general business of Peterboro's branch of the American Cereal Co.

As noted in a former issue of this journal, Mr. T. H. G. Denne, who for some years has been head buyers of the company, has been in Chicago, on important business for the company.

Hereafter, Mr. Denne, whose management of his department has been characterized by great success, will henceforth be sales manager for Canada, and will have full charge of the selling end of the business. In this department a new line of policy will, it is expected, be adopted in future, and an enlarged force of salesmen will be on the road.

Mr. A. G. Stevens, who has been handling the selling end of the business heretofore, will go to the Maritime Provinces, where he will make headquarters there, and Mr. W. G. Cochrane, who has been on the road, will be in the office here altogether in future, as correspondent, Mr. Denne's assistant.

Some of the officials from the Chicago office are here at the present time assisting the local officers in having the changes effected.

This means that instead of, as heretofore, all reports and business being handled at and from Chicago, the Canadian business of the company will now be handled at the Peterboro factory.

Dumped Into the Otonabee.

A gang of men engaged yesterday in hauling out the private yacht of a local citizen from our beautiful Otonabee, for winter storage, had quite a laugh on one of their number, whom we will call "Johnny Caught." John was holding the tiller on the team doing the work, when the team suddenly started forward unexpectedly. This sudden jerk caused John to fly over a barbed wire fence and into the Otonabee. Unfortunately there was a hole in the bank where John alighted, and he went in over his thigh high rubber boots. He was sent home and advised to hang himself by clothes line to a line to dry.

SOUND SLEEP

Can Easily Be Secured.

"Up to 3 years ago" a woman writes, "I was in the habit of using both tea and coffee regularly.

"I found that my health was beginning to fail, strange nervous attacks would come suddenly upon me, making me tremble so excessively that I could not do my work while they lasted; my sleep left me and I passed long nights in restless discomfort. I was filled with nervous dread as to the future.

"A friend suggested that possibly tea and coffee were to blame, and I decided to give them up, and in casting about for a hot table beverage, which I felt was an absolute necessity, I was led by good fortune to try Postum Food Coffee. For more than a year I have used it three times a day and expect, so much good has it done me, to continue its use during the rest of my life.

"Soon after beginning the use of Postum, I found, to my surprise, that, instead of tossing on a sleepless bed through the long, dreary night, I dropped into a sound, dreamless sleep the moment my head touched the pillow. Then I suddenly realized that all my nervousness had left me, and my appetite, which had fallen off before, had all at once been restored so that I ate my food with a keen relish.

"All the nervous dread was gone. I walk a mile and a half each way to my work every day and enjoy it. I find an interest in everything that goes on about me that makes life a pleasure. All this I owe to leaving off tea and coffee and the use of Postum, for I have taken no medicine." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Read the little book, "The Road to Wellville," in pkgs.

GRAND OPERA HOUSE

... Tonight ...

November 22

What the Manager of Grand Opera House, London, Wires about "The Crossing."

You are fortunate to getting "The Crossing," the dramatic treat of the season. Don't let your people miss one of the very best shows I have ever seen.

(Sgd.) J. E. TURTON,
Manager Opera House.

This attraction played to packed houses at the Princess theatre, Toronto, at the same prices as Peterboro. People who miss seeing this attraction miss seeing a treat that Peterboro has never had before. Prices 25c., 35c., 50c., 75c., $1.00 and $1.50.

Box office open continuously from 10 a.m. to 9 p.m. Telephone 568.

NO DECISION REACHED

Local Ministerial Association Leave Subject of Reduction of Licenses in Abeyance.

A special meeting of the Ministerial Association was held at the Y.M.C.A. Hall yesterday morning to consider a proposal to have the number of liquor licenses in the city reduced. All the members took part in the discussion, but no definite decision was reached. After a thoughtful consideration the line of action to be taken still remains in abeyance. Those present were; Revs. J. C. Davidson, president; F. J. Scott, Dr. Torrance, J. G. Potter, A. H. Brace, J. G. Lewis, secretary; and W. J. Jolliffe.

Catarrh Cannot Be Cured.

with Local Applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

F. J. CHENEY & CO., Props.,
Toledo, O.

Sold by druggists, price 75c.
Hall's Family Pills are the best.

McCollum Bros'. Horse Sale.

McCollum Bros.' annual auction sale of surplus stock will be held next Saturday at one o'clock sharp. The list includes 26 horses, all sound and in good condition, which they do not want to keep over winter. Also a number of cutters and harness, all in good shape. This sale was a big success last year and present indications point to a big crowd of buyers again this year. All the horses and rigs belong to the livery stable. The sale will be held at the barns on Water street.

Lecture to Hospital Nurses.

A pleasant event took place at the residence of Dr. C. H. and Mrs. Amys, Charlotte street on Monday, when the nurses in training at Nicholls Hospital assembled to spend the evening. Dr. Amys delivered the lecture to the training class and took advantage of the occasion to do so at his home. After delivering an address to the visitors on "Amerika vs. Antimetica," a pleasant social time was spent, a number of friends being present to join in the festivities of the occasion.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

VOL. XXXIII, NO 274 PETERBORO, ONTARIO, THURSDAY NOVEMBER 23, 1905. PRICE TWO CENTS.

LIBERAL SWEEP IN THE FOUR BYE-ELECTIONS

Aylesworth Elected in North York by a Large Majority.

Yesterday elections took place in four constituencies for the House of Commons. Considerable interest was centered in North York, where the Hon. A. B. Aylesworth, the new Postmaster-General, ran against Mr. McCallum. In this constituency, Mr. W. F. McLean and the Toronto World made a hard fight for the defeated candidate. In the general election Sir William Mulock, the late Postmaster-General, had a majority of 902.

Hon. Mr. Aylesworth's majority yesterday was over 500.

WENTWORTH GOES LIBERAL.

This constituency in Wentworth was created in 1903, and in the election of 1904, Sealey (Lib.) was elected by 20 majority. In a recount before Judge Snider, E. D. Smith (Con.) was declared elected by a majority of 10, the judge throwing out a poll in Valens, which gave Sealey 20 there.

Returns available last night indicate a close contest, but the odds are strongly in favor of the Liberal candidate.

Judge Snider's decision was fought out in the courts with the result that a new election was ordered. Mr. Smith was member for North Wentworth in the parliament preceding the general election of 1904.

The Liberal majority yesterday was about 53.

WEST LAMBTON FOLLOWS SUIT.

The vacancy in West Lambton was caused by the death of Dr. T.G. Johnston (Liberal).

Liberal majority yesterday about 500.

IN ANTIGONISH.

The vacancy in Antigonish, N.S., is caused by the retirement of Colin McIsaac to accept a position on the Transcontinental railway commission. Hilt is Sir John Thompson's old riding, and he was the only Conservative who has been successful there.

Returns available last night indicate a close contest, but the odds are strongly in favor of the Liberal candidate.

OFFICERS ELECTED

Big Dipper Gold Mining Co. Meet and Elect Directors.

An important meeting of the Big Dipper Gold Mining Company was held on Tuesday night in Messrs. Dobbs, Watson, Peak, Kerr & Stevenson's law offices, on Water street.

The meeting was a specially important one, being the first organization meeting since the company's charter was issued recently.

As noted in a former issue of The Times, the capital stock, as per their charter, now stands at the respectable figure of $2,500,000.

The directors appointed were Messrs. J. J. Tisdale, J. M. Fletcher, S. Sager, Buffalo, N.Y.; J. S. Waldron, Peterboro; John Jamieson, Myers Cave, Ont.; A. J. Reed, E. J. Wilson, R. F. Hayward and Geo. Bradley, of Bolivar, N.Y.

The directors elected the following officers:—

President—J. M. Fletcher.
Vice-Pres.—J. J. Tisdale.
Sec.-Treas.—J. S. Waldron.
Gen. Manager and Mine Supt. — John A. Jamieson.

The company received the property free of all encumbrances, including all the machinery and development work.

The property owned by the Big Dipper Mining Company, includes more than eighteen lots in Barrie township, Frontenac county. On the property are one saw mill, one shingle mill, one 60-horse power boiler, installed; one 30-horse power boiler, set steel drills in operation; boarding house with accommodation for about 35 men; three blacksmith shops; two boats, one steam and the other gasoline; one ten ton barge, boat house and timber enough on the property to supply all development work for years to come.

The mine is being worked in two sections, a tunnel and a shaft. Twenty-three men are now working night and day on the mine, and it is intended shortly to enlarge their number, as the company is now sawing timber got on their own property into lumber for sheds, boarding houses, mill, etc.

It was also decided by the directors to place 50,000 shares of treasury stock on the market at 25 per cent. discount, for immediate sale.

TARIFF CHANGES

Those Interested in This Industrial Centre Should Get Ready.

The Tariff Commission, as noted in a Times-Star issue, will sit in Peterboro on Thursday, Nov. 30. It is of vital importance to this city, dependent for its prosperity on protection of our manufacturers, to give the subject of tariff changes or reform, thorough investigation and see that those directly interested, have all documents and their case strong to hand before the commission sits.

Mr. Robert Fair, president of the Retail Merchants' association stated yesterday that any members of the association who had any suggestions to make in regard of any change in the present tariff, should be in readiness to submit their views to the commission. Every provision will be made with this end in view. All members who may desire to appear before the public body, which will sit here on November 30th, may send in their applications at once to Mr. Walter Oke, Secretary of the Retail Merchants' Association.

A SUCCESSFUL SALE

Mr. Wesley Jones' Sale of Farm Stock Brings Good Prices.

On Tuesday last, Mr. J. H. Gardiner, the well-known auctioneer, conducted a successful sale of farm stock on the premises of Mr. Wesley Jones, lot 9, con. 4, Monaghan.

It was attended by a considerable number of prominent citizens of Peterboro and vicinity.

The stock which was of high grade, brought exceeding good prices. Several horses brought from $120 downwards, two year old heavy draft colts $150; yearlings $125, and colts of 1905, $80.

Cows brought in the neighborhood of $40 and calves of 1905, $25 per pair.

The whole sale netted about $2500. When Mr. Gardiner gets talking, he can charm the good dollars out of his auditors' pockets like water running down hill.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which snow no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house of to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we knew we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 190 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 120 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 6 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 20 per cent. on a basis of five wells to the acre.

CZAR COOLEST MAN IN RUSSIA

Graphic Account of the Horrors of Nicholas' Empire.

HE EXPECTS MORE KILLING

Stead Declares Troops Can Not be Depended on and Liberals Are Weak.

Berlin, November 22.—William Stead arrived here today from St. Petersburg by way of Finland and Copenhagen. For an hour and a half he poured forth his vivid impressions of "hell pretty well let loose," as he called it, of the things he had seen and heard, and of "the ghastly welter into which Russian society has drifted."

"Strange things are happening," said Mr. Stead. "Think of the incidents at Reval. Some determined persons marched down the street to the town hall, followed by a crowd. There the mayor and councillmen were sitting, deliberating on the situation. In came our determined friends.

"'We demand,' they said, 'We demand liberty, universal suffrage and the right to rule ourselves.'

MONEY IS DEMANDED.

"'But,' said the mayor, 'I cannot give you these things. I would gladly send your petition to the Emperor.'

"'Well,' continued the delegates, 'we are delegates of a revolution, and if we do not get what we want we have decided to burn the city. Give us 7,500 roubles.'

"The mayor and his colleagues thought it was better to pay the 7,500 roubles than have the city burned, so they raised the money, paid the delegates, and the latter went away promising to be very good. But another crowd came and said: 'What about us? Pay us too.'

"This the mayor would not do, and they went away with threats of destruction.

LED BY A WOMAN.

"The 'Red Virgin' of the French commune was Louise Michal. Well, in Reval a certain widow, named Linde, dressed in scarlet from top to toe, and with an ax over her shoulder, placed herself at the head of the mob. All night the revolutionists whetted themselves up.

"In the meantime the governor had gotten out troops, and the mob gathered in the morning facing the soldiers in the great square. The governor on the mob to disperse, and said that if after fifteen minutes they did not disperse he would order the troops to fire.

"Five minutes went by, and the Widow Linde, in red, climbed a lamp post and cried out encouragement and exhorted steadfastness for the revolution. The soldiers began to call out to the people to go away, as, if they were ordered to fire, they must do so, and, their ranks [illegible] the body.

SCREAMS "KILL HIM."

"'Kill him! Kill him!' screamed the Widow Linde, pointing to the governor. Several revolver shots were fired from the crowd, but no one was hit.

"The governor, who waited to the end of the fifteen minutes, then gave the command to fire, and the Widow Linde, shot through the body, fell to the ground, as Baron Kaxell, an eyewitness told me, 'like a sparrow from a twig.'

"One hundred and five dead persons were picked up from the square and thirty more died in the hospital.

"The coolest man in Russia is the Emperor. God grant that he may keep his seat, that the Liberals may gather about him, and that they may resist the forces of dissolution. His authority is shaken, passions are loose, and things are likely to be worse.

"There may be a fearful slaughter. As an optimist I think a hundred thousand lives may fall. If I were pessimistic I would say two millions."

Mr. Stead added that the army could no longer be depended upon. Several officers at Helsingfors have sent word to the Liberals while holding a meeting that they need not be afraid, as the troops would not fire.

MR. GREEN'S FUNERAL

Long and Solemn Cortege of Salvation Army Soldiers Follow Remains.

Yesterday afternoon about four o'clock a long and imposing funeral passed through our principal streets. The funeral was that of the late Mr. Charles Green, a member of the Salvation Army, who carried on a grocery business on Charlotte St.

This long line of mourning friends whose despondent attitude, as well as their strength in numbers, testified to the general regret felt through out this community was Mr. Green.

The funeral cortege formed at the family residence and wound its way, to the solemn strains of the Dead March in Saul, along Charlotte, Aylmer and Simcoe streets to the Salvation Army barracks, where appropriate service was held.

As the procession was forming, and passing by the corner of Charlotte and Aylmer streets, a slim token of respect was shown by the proprietor of the hotel on that corner. He turned all flags on on the bar and looked it up until the last carriage in the procession had passed, at the same time quelling down all his blinds.

From the barracks the procession again proceeded along George street to the Little Lake cemetery.

Many households at Temple Head took notice on George street to see the cortege by said solemn respect shown to the departed.

The order of the procession was as follows: Eight or four members of the Salvation Army; then came the band of the Army, some thirty strong. Their rendition of the Dead March would have done credit to any musical organization at standing pressure and gracious step was kept by both band and walking soldiers. After the band came the hearse containing the remains in a coffin appropriately draped in the Army emblem.

After the hearse came a cab filled completely with flowers sent by sorrowing friends; among the floral designs, was a large one on the front seat depicting in flowers "The Gates Ajar." After the flowers came four hacks filled with the family and chief mourners. Then followed members of the Army headed by their color-bearer with flag draped in black; with the army were some 30 or 40 girls and women belonging to the force. The procession was, after those cabs, mentioned, composed of a long line of private conveyances. At the cemetery the solemn service for the dead was rendered effectively by officers of the Salvation Army. Taken altogether the whole obsequies and funeral procession were most imposing and involved tears from more than one onlooker. The services at the barracks were conducted by Brigadier Turner, of Montreal, and Major Morris, of Toronto. Short speeches expressing sorrow at the death of Mr. Greene and the appreciation of his sterling qualities and blameless life were delivered by Major Morris, Ensign Owen, of Toronto; Adjutant Jennings and Rev. W. J. Joliffe of the Charlotte street Methodist church.

HOUNDS FOUND

Mr. W. Gallon Has a Hound Still Awaiting an Owner.

As the Eagle Lake and other hunt clubs from Peterboro, have lost hounds during this fall's hunt, it may interest them to quote from a letter received yesterday by The Times, from Mr. W. Gallon, of Cranbrook.

The writer says in part: "I saw in The Daily Times of recent issue that the Eagle Lake hunting party had lost two hounds. They came to my place, which is a long way from the camp. The youngest stayed until Sunday evening, when he left without saying anything about his destination, but it seems he turned up at home Tuesday evening. The other is here yet, that is if it is their dog. I might say that they were good sized dogs, black and tan with a good deal of white. The one that is here yet answers to the name of "Barney," but comes quicker if you hold out a good sized chunk of meat before his notice.

If I knew what to do with that dog I would send him down to Apsley, and forward him by Mr. Kennedy. I have sent word to several parties about the dogs but they had lost no dogs. Send me word."

If the description tallies with any dogs lost by Peterboro hunters they would do well to write Mr. Gallon.

WAS IT PREMONITION?

Little Girl Almost Predicts Her Kitten's Death.

Last night, as a local citizen was wending his way homeward aboard a north bound car, arrived at his residence on Water street near Argyle street, he met with a little adventure which, while not in substance, was in possibilities, worth noting.

When the car reached his home nearly opposite the residence of Mr. Richard Hall, he jumped off and started for his front door.

His wife and little girl recognizing his footsteps, opening the front door went to meet him. Behind the child ran her pet kitten. The small edition of cat ran ahead of the lady and child.

Suddenly, for no ostensible reason, this little girl became visibly agitated. Almost convulsed with fear she ran after the kitten to catch it, saying "Papa this kitten will be killed, my kitten will die." No car by this time was within easy distance.

The kitten playfully evaded all attempts at capture, until after a few minutes, a south-bound car came along. During the several minutes between when the cat came out and the south-bound car arrived, the child exhibited every symptom, never before shown, of frenzied dread for her pet's safety.

As the car passed by the kitten ran between the wheels and its head was completely severed.

This is a simple little tale, but there seemed a telepathic intimation warning the child of her pet's death.

Mayors' Combine.

Cleveland, Nov. 22.—Mayor Johnson, with the authorization of Mayor Grashot Dempsey, Badger and Whitlock, of Cincinnati, Columbus and Toledo, respectively, yesterday called a meeting of all the mayors-elect of Ohio cities to be held in this city Dec. 4th.

Mayor Dunne, of Chicago, and Mayor Weaver, of Philadelphia, will be present at the meeting.

In speaking of the matter Mayor Johnson said: "Primarily the idea is to form an organization of the Mayors of all the large cities. We want to get all of the reform mayors into the organization if possible. With the organization formed we will discuss and arrange to fight for legislation that will be of benefit to the citizens."

QUEBEC'S OBNOXIOUS TAX

It is Stated That It Will Be Modified by Legislature.

Ottawa, November 22.—It is understood in an authoritative quarter here the Provincial Treasurer of Quebec has given the Dominion Government assurances that the commercial travellers act will be reconsidered and modified at the next sitting of the Legislature. The proposal will be of such a nature as to remove the discontent which the tax has caused in Great Britain.

King Edward Delighted.

Christiania, Nov. 22.—In reply to a congratulatory telegram sent by the Norwegian Government, King Edward wired: "I thank you for your kind telegram. I am contented to know that my dear daughter will be [illegible] country."

PETERBOROUGH WOMAN STRANGELY DISAPPEARS

Mrs. Jane Clark, Woolsely Street, Leaves Home Three Weeks Ago to Visit a Friend and Cannot Be Found.

Peterboro is the scene of the [illegible] of one of these mysterious disappearances that at times give the reading public food for consideration and wonderment.

Fully three weeks ago Mrs. Jane Clark, a widow, who resides on Woolsely street, near Barnardo avenue, left home to visit her friend Mrs. William King of Douro.

Mrs. King's residence is situated within half a mile of the Auburn Mills, and is just outside the city limits.

Since her stated intention of visiting Mrs. King, neither Mrs. Clark's son, Thomas, who resides with her, nor, as far as could be ascertained by The Times, have any of her friends in this city heard of her whereabouts.

Yesterday Mr. Thos. Clark, becoming alarmed at his mother's prolonged absence, hired a rig and drove to Lakefield in search of his mother. It seems that, at different times in the past, Mrs. Clark, who is a woman some 67 to 68 years of age, has disappeared for short times, but such absences were for shorter periods than her present absence, and she has always been located stopping with friends, generally along the road from the city to Lakefield.

Mr. Clark yesterday first telephoned to Miss Ray, the telephone operator at Lakefield, also being acquainted with his mother; Miss Ray however had heard nothing of her for months.

As noted, Mr. Clark at once engaged a rig and drove to Lakefield, calling at the houses of all such people as knew his mother. He could find no trace of the missing woman, nor had any of those interviewed seen her for over a month. On his return Mr. Clark at once interviewed the local police authorities, who will endeavor to locate Mrs. Clark.

It might be added that Mrs. Clark, The Times ascertained yesterday, never called upon Mrs. King as was her expressed intention.

Mrs. Clark is for her age quite sound in her mental faculties; at times her mind is apt temporarily to wander in her thoughts, but would recover possession of her reasoning powers in a very short space of time.

She is not a woman in any way addicted to the use of intoxicants. This latter fact of course complexes the difficulty in solving her mysterious disappearance.

Should this account reach the eyes of any one having any idea of Mrs. Clark's whereabouts, they should at once, communicated with Mr. Thos. Clark or the police, as Mr. Clark is very much distressed over his mother's disappearance.

ENGLAND'S NOBLE QUEEN

Is Anxious For Peace Among European Powers.

London, November 22.—Queen Alexandria will play a very important part in international politics in the near future. Thus far Her Majesty has taken little interest in the grouping of the European powers, apart from the very natural desire which she entertains to see her relatives in power, and, above all, happily mated.

Since her visit to her father's home in Copenhagen, however, the Queen has been more influenced than ever by her sister, the Empress Dowager of Russia, and Her Majesty has told her intimate friends that she intends to do all she can to influence King Edward in securing an Anglo-Russian rapprochement.

[illegible] Dowager loves England, but she dislikes Germany cordially and believes that Russia's interests would be best served by an understanding with England.

NEW STATION AND HOTEL

G. T. P. Will Spend Two Million Dollars in Ottawa.

Ottawa, November 22.—It is reported that at least $2,000,000 will be spent in the erection of a new station and hotel, and the providing of terminal facilities in Ottawa. The hotel will be put up by the Grand Trunk Pacific Company, and will be separate from the station. The company also will erect hotels at Quebec, Montreal, Winnipeg, Edmonton and their proposed Pacific terminus. The cost of the new station and terminal facilities will be borne by the Grand Trunk Company, and the terms upon which other companies will be granted their use has yet to be settled.

Another Accident on St. Lawrence.

Montreal, Nov. 22.—The St. Lawrence route has received another black mark. This morning between six and seven o'clock the Elder Dempster steamship Angola, outward from Montreal for Cuba and Mexico, went aground opposite Longue Pointe six miles below the city. The vessel's managers state that the weather came on thick when she reached this point, and that she took a shear and went aground on this shoal.

A fleet of tugs are now at work endeavoring to pull her off. She has on board 1,600 tons of cargo, which was to be greatly augmented at Halifax before the vessel proceeded to southern waters. It is not thought thing the Angola has so far received any injury to speak of.

Sabbath Raid on Chicago Saloons.

Chicago, Nov. 22.—The Inter-Ocean yesterday says: Arrangements have been made with justices and detectives to issue and serve 5,000 warrants on saloon-keepers who keep their places open next Sunday. While no one could be found last night who would stand sponsor for this new move in support of the crusade against the Sunday saloon, it was reported that clergymen who have been leaders in this reform movement were to take the initiative in the new fight.

The ministers have repeatedly urged Mayor Dunne to enforce the Sunday closing by-law, and are said to have formed an alliance, and seek to enlist their desired reforms without his aid.

Stratford's New Station.

Stratford, Nov. 22.—The city council last night decided to share a portion of the amount as proposed by the Grand Trunk for the erection of a new station.

ADVERTISING IS THE THING.

WALLACE CROSSED LABRADOR

First White Man to Accomplish the Feat Without the Aid of Indians.

St. John's, Nfld., Nov. 23.—Letters today from Dillon Wallace, the Labrador explorer and New York lawyer, contained the news that he had successfully crossed Labrador. Mr. Wallace is the first white man who has ever crossed Labrador without either guides or Indian assistants. With the lawyer was one companion named Easton. The letters said that both were well, and had plenty of provisions when they reached the Province of Ungava on October 15.

In 1901 Mr. Wallace went with Leonidas Hubbard's unlucky expedition. Mr. Hubbard, whose purpose was also to cross Labrador, lost his life from starvation, and Mr. Wallace was searching this crossing party when he had to turn exhausted in the snow.

A WINTER OF TRAVEL.

Although the most perilous part of the New York lawyer's trip is completed he still has before him a winter of travel by snowshoes before he reaches civilization. He and Mr. Easton at this time when the letters were written, were planning to start westward through Ungava for George's River post, and thence to reach Fort Chimo, which is one of the most northerly points on the mainland of North America. Here the two will wait until the coast waways are frozen over. Then they intend to start southward toward Quebec on the frozen rivers, travelling with dog sleds and snowshoes. Mr. Wallace said that he expected to reach Quebec in April.

M'CURDY PAID MONEY TO PLATT

Insurance Companies Contributed to Political Parties for Protection.

New York, Nov. 23.—Senator Platt testified yesterday before the Armstrong insurance investigation Committee and flatly contradicted President McCurdy, of the Mutual Life, who swore some time ago that the Mutual, to his knowledge, had never contributed to the State political campaign funds.

Senator Platt stated that the Equitable has contributed $10,000 a year for the past ten years. The Mutual's contributions have been irregular.

"Will what officer of the Mutual Life did you deal in receiving these contributions?"

"I think it was Mr. McCurdy. I would not be sure."

"Did you get the money from him directly?"

"No, sir."

"How did it happen that the Mutual Life contributed the money? Was it in pursuance of an understanding between yourself and Mr. McCurdy?"

"I simply asked him at various times when communities were very great for money, and he said he would be very glad to subscribe."

Senator Platt admitted that he intended companies expected in return for the contributions protection against legislation inimical to the policyholders' interests. Senator Platt turned all the contributions over to the Republican State Committee, of which ex-Governor Odell was and is now chairman.

REBELS WERE HEAVILY ARMED

Anti-Government Plotters Arrested Near Havana.

Havana, Nov. 23.—Sixty rifles were seized by the police last night in a raid on a house near San Jose de Marianao, Province of Pinar del Rio, in which fifty anti-Government plotters were meeting. A dozen of the latter were captured.

Col. Julian Cruz, a prominent citizen of Pinar del Rio, and at present in Havana, has been arrested in connection with the anti-Government movement, and will be taken to Pinar del Rio for trial.

HEALTH FOR WOMEN

Mrs. Emma Daigle of Moncton N B., Sends an open Letter to All Sufferers.

Most women are tired when they wake up. Housework drags along with great difficulty. Nervousness is always present, headaches seldom depart, tears are ever ready to flow.

But there is a cure; a true specific for women's ills that restored a prominent lady in Moncton, Mrs. Daigle, who tells the following experience:

"About a year ago I had a serious sickness, sort of a general breakdown. My digestion failed entirely and I was able to eat but very little. I took violent stomach pains and suffered terribly from headaches. My doctor said it was "nerve exhaustion" and I might never be well. My troubles increased, for as I grew weaker I became subject to neuralgia and rheumatism. Sleep finally forsook me and I almost lost heart. Different medicines didn't help. Doctors couldn't do me any good. I was desperate when I heard of Ferrozone. The first box convinced me it was just what I needed. It toned up my stomach, gave me a splendid appetite and thus my recovery seemed easier. Ferrozone increased my weight several pounds, has restored my nerves, given me a good color and strength such as I never had before. For the weak and sickly I can truthfully recommend Ferrozone." (Signed) Emma Daigle.

REMEMBER: No mere stimulant or alcoholic concoction can take the loss of the nerve and blood nourishment contained in Ferrozone. This true tonic always does what is claimed for it. Sold everywhere in 50c. boxes or six for $2.50. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $2 per year strictly in advance.

PETERBORO, NOVEMBER 23 1905

A GREAT WORK.

The other day in the Guild Hall in London, at a special court of Common Council, presided over by the Lord Mayor, with the ceremonies prescribed by long tradition, the Freedom of the city of London was presented to "General" Booth, the founder and head of the Salvation Army, in recognition of "his earnest and conscientious exertions for the moral and social improvement of the necessitous classes."

This recognition of the work done by General Booth is the highest honor London can bestow. General Booth conceived the idea of the Salvation Army forty years ago. In fifty-two countries the Army now has 7,219 posts, with nearly 19,000 officers and willing helpers. Its work goes forward in Europe, America, Asia, Africa and Australia—everywhere. It is the most remarkable and most successful organization for the rescue of the vicious and hopeless that has ever existed. In London alone, according to the City Chamberlain, shelter is nightly given to 4,000 persons, while 23,000 sleep under the roofs of the Army's homes. Its factories and workshops are 25 in number and gave work last year to 10,000 poor. Add its "prison-gate" work, its farms in the country for men out of employment, its 121 rescue homes for abandoned women and its provisions for the reclamation of street arabs, and it will be seen that its enterprises are numerous and varied in character to meet the wants of the needy poor. In view of the vast benefits conferred on mankind by the Army, the city of London very properly accords a public testimonial to its founder. "The citizens of London," said the City Chamberlain, "are proud, General Booth, to offer you through me the right hand of fellowship, and to receive in their body one whose aim has been the rescue of the hopeless and the elevation of human nature. On behalf of the Lord Mayor, the Court of Aldermen and the Court of Common Council, I beg to ask your acceptance of this casket, containing a copy of your freedom, and also a check for £100 toward the funds of your noble work."

In accepting the casket General Booth sketched the history of the Army and outlined its aims. "We have reached," he said, "the Godless, Christless crowds with a religion that is very simple. It is to worship and love God, to consecrate life to His service and to do what can be done for one's neighbors. The Army has done something to spread that religion, and by its means to help the starving poor and ameliorate their sufferings. In all great cities there is a vast sea of misery, vice and crime indescribable. The hugor measure of the world's agonies never comes to notice. There are so many of whom it may be said they are in hell already. They are the despair of our civilization and the disgrace of our civilization."

BUSINESS GOOD ALL OVER

From all sections of the country business conditions are reported as good. There is great activity in practically all lines of trade. Money is thus kept actively in circulation. "In almost every department of industrial, commercial or financial activity," says Henry Clews in his financial review, "records have been daily broken. It is quite safe to say that the volume of trade during the present year far surpasses all other years in the history of the country." From all appearances, the year 1905 will be the banner year as regards the volume of business transacted.

With all the great amount of business and consequent prosperity there has been a notable absence of dangerous speculation. The unprecedented development of latent resources and the rapid increase of population have been important contributing elements to the bounding prosperity that is everywhere prevalent. Another encouraging factor is the absence of any indications of general over-production. The prospect, therefore, is good for a continuance of the conditions which have made the present year so satisfactory from a business viewpoint.

The iron and steel industry is considered "the barometer of business" in the United States. This barometer stands at high mark. The phenomenal demand for iron and iron products continues and it is reliably stated that "the great steel corporation has orders on hand or in sight which will keep it fully occupied for the next twelve months." Perhaps no better indication of continued general prosperity could be cited.

The probability that there will be serious interference with the tariff at the coming session of Parliament is becoming more and more remote. This fact adds to the optimism of the outlook, and forms a combination which the forces of disorder, panic and disintegration will find it difficult to overcome.

Steamer Reported Sunk.

Halifax, Nov. 22. — The lobster steamer Eda R. which arrived yesterday at Clark's Harbor, on the south coast of Nova Scotia, from Mud Harbor, reports that on Friday afternoon a large steamer struck Black Ledge, off Cape Sable. The steamer struck at five o'clock, and in ten minutes went to the bottom. A heavy gale was raging, and the crew of the coaster say that all on the foundered steamer undoubtedly perished. Nothing further as to the identity of the steamer can be ascertained to-day, but she is believed to be the Norwegian steamer Turbia, which has been engaged in the coal carrying trade for the Dominion Coal Company, between Sydney and Yarmouth, N.S. She left Sydney several days ago, and has not been reported since her sailing. She probably carried a crew of twelve men.

Will See Combine.

Guelph, Nov. 22.—The solicitors for the Homewood Sanitarium in Toronto have received instructions to take legal steps to recover $800 and more alleged overcharges by the Toronto contractors for plumbing at the sanitarium, as revealed by the recent investigation into the plumbers' combine in Toronto.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quarts.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sale.

Placer mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The leases shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, that nervousness, bashfulness and despondency disappear, the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—the more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.

☞NO NAMES USED WITHOUT WRITTEN CONSENT.

THREATENED WITH PARALYSIS.

Peter H. Summers, of Kalamazoo, Mich., relates his experience:

"I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many specialist physicians, even an electric belt. Three months went to Mt. Clemens

BEFORE TREATMENT

AFTER TREATMENT

but all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent them many patients and will continue to do so."

CURES GUARANTEED OR NO PAY.

We treat and cure VARICOCELE, STRICTURE, NERVOUS DEBILITY, BLOOD DISEASES, URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

DRS. KENNEDY & KERGAN

148 SHELBY STREET, DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (some has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 350,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 162 Acres of highly mineralized land in the famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $1,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $67.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 20 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 4 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U. S. A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

CAPITAL STOCK $1,000,000, fully paid and non-assessable.
Par Value of Shares $1.00. Incorporated under the laws of Arizona.

THE SAFE WAY

The Kramer Gold Mining Co. do not lease properties on chance, but lease with option to purchase within a reasonable time. Our contracts on property all contain clause carrying this privilege. Millions may be taken out during term of long lease. We have experts in touch with all new discoveries of ore.

PROPERTIES NOW OWNED

We own the "Four Sisters" producing ore worth $5 00 to $60.00 per ton.

SHARES 25 CENTS

For a limited time we offer stock in lots of not less than 100 shares for 25 cents per share. Payable $10 per month, or 5 per cent discount for cash

MUTUAL CONSOLATION

By Sidney Hodges Cole

Copyright, 1905, by R. B. McClure

There is a certain little inn on the Thames, a quiet, unpretentious little affair with ivy running all over its low walls, and a stretch of velvet lawn before it running down to the river, where fussy little launches go whisking up and down importantly and gay young couples loiter along in punts.

Some one had recommended the inn to Bellingham long ago, and in his present state of mind it seemed to him the very place to hide from the world until his heartache was over—the very place in which to think it all over and adjust himself to the new conditions in which [illegible] had no part.

Therefore, as soon as his baggage was released by the custom house, he sought the little inn on the Thames, engaged rooms for two months, and prepared to blot the memory of a certain young woman in New York from his mind, if such a thing were possible.

The inn was well patronized, but most of its guests were staid people past middle life, who sat all day beneath the awnings on the lawn, watching the gay life on the river in which they had no part. It was all very satisfactory to Bellingham. This exaggerated quiet was the very thing he was looking for. He was quite content, he thought, to spend his days beneath the striped awnings or reading down by the river. Very few of the other guests tried to penetrate his reserve, and these few met with so little encouragement that even they desisted, and Bellingham was left to his own devices.

Now, Bellingham was a young man of normal mind despite the fact that he believed himself to be the victim of melancholia. A week of this sort of monotony bred in him a restless desire for action. He decided to take up punting, and, with all the American belief that punting is something ridiculously easy to master, he hired a trim looking punt and set forth.

He had not gone far on his erratic course when his respect for punting and punters was vastly increased. Somehow it wasn't as easy to get the hang of the thing as he had imagined. The pole had a most irritating habit of sticking in the bottom; moreover, the depth of the river seemed most variable.

He had gone perhaps a mile when the pole once more stuck in the mud, and this time the tug he gave failed to

HE HEARD A LAUGHING HAIL FROM THE BANK.

loosen it. The punt careened dangerously. It was a case of letting go the pole or getting a spill. Bellingham chose the lesser evil. The pole was left sticking upright in the water as the punt drifted away from it.

Bellingham looked about him helplessly. As he did so he heard a laughing hail from the bank and, turning, saw a young woman just stepping into a punt beneath the willows. She poled out to him skillfully and brought her punt alongside his helpless craft.

"Just catch the gunwale of my punt and I'll have you ashore in a moment," she said.

"Thanks," said Bellingham, doing as he was bidden. "It's very good of you."

"I wouldn't have come out if I hadn't recognized a fellow countryman in distress," she laughed. "It really isn't as easy as it looks, is it?"

"I've discovered it isn't," said he ruefully. "Very kind of you to give me this assistance. It was a decidedly awkward fix I was in."

They had reached the willows on the bank, and Bellingham helped her ashore. It was a cozy spot. Books and cushions lay against the trees and a spirit kettle blazed away cheerfully on a flat stone.

"You might tie your punt here, and then I'll take you out to your pole," she suggested.

Bellingham's eyes were resting with no uncertain meaning on the spirit kettle.

"Perhaps you'd like a cup of tea first," she said. "I suppose, since we're fellow Americans, formalities may be overlooked, Mr."—

"Bellingham," he supplemented.

"I'm Miss Holt," she said, "and I imagine we're both from New York."

Bellingham bowed. "Quite correct," he laughed. "And, thanks, I will delay long enough for the tea."

They made themselves comfortable on the bank, and while they drank tea and nibbled thin biscuits they chatted gayly. Bellingham was surprised to find that he was enjoying himself immensely. He had not realized before how his isolation at the inn had palled on him. Miss Holt was a remarkably charming girl, he decided, and besides this she was possessed of a ready wit that inspired Bellingham to his best epigram, and epigram was Bellingham's long suit.

Some two hours passed pleasantly before they went out for the pole which still stuck up from the river. When Bellingham had loaded the books and cushions into the girl's punt and embarked in his own he stood for a time surveying her thoughtfully.

"I want to thank you for a delightful afternoon," he said at length. "I'm staying down at The Keys, I came there to cure a broken heart. To tell the truth, I haven't succeeded tremendously."

She smiled comprehendingly. "Since confessions seem to be in order," she said, "I may as well tell you I'm staying with my aunt at The Bunch of Grapes farther up the river. I'm supposed to be there to heal the wound of a broken engagement. I haven't succeeded amazingly either," she ended naively.

"I say," Bellingham proposed, "let's form a mutual consolation society and have tea again here tomorrow afternoon."

"All right. Agreed!" she laughed as she started up the stream.

During the following weeks Bellingham left the striped awnings on the lawn to the other guests. He spent most of his time at a certain patch of willows on the banks of the river, where there were cushions and books and tea—and a pretty girl. He learned to pole a punt with something approaching the English skill, and they poked about the stream discovering other quiet nooks. The pain in his heart was considerably lessened, and certain disturbing memories ceased to disturb him longer.

The two months slipped past and the time of his return drew near. The afternoon before his departure they were on the river together, Bellingham poling and the girl pensively silent. The punt drew up to the willows on the bank where he had first seen her.

"I hate the idea of breaking up this society for mutual consolation," said he. "It's been wonderfully successful, as far as I am concerned. I wish it might continue."

"For about how long?" she asked archly.

"Forever," said he flatly.

She rose and abstractedly broke off a piece of the low hanging willow branch. He noticed that her hands trembled.

"Well," she said slowly, her eyes on the vista of green meadows, "what's to prevent it?"

THE CANADA METAL CO.,
TORONTO, ONT.
Babbit Specialists.

Write for "All About Babbits."

Your Last Opportunity Will Soon Pass.

We have had an advertisement in The Times several days giving some facts about the BIG CASINO MINES, but some people seem to think it impossible for so good an investment to be offered in Peterboro.

We will give $500.00 to anyone who will disprove one of the following statements.

The Big Casino Mines are located at Big Oak Flat, Tuolumne County, California, on the great "Mother Lode."

We have 170 acres of ground. Have been developing and equipping the property more than three years and a half. Have spent over $200,000.00 on the property.

We have 10,000 feet of underground work done. Have a very large amount of good ore blocked out ready to break down and mill, and have more ore in our property than can be mined out in two or three life times.

We have apparently inexhaustible bodies of good ore. We also have ore that will mill $1,000.00 per ton.

We have a modern 20 stamp mill in good condition, to which we propose to add 20 stamps as soon as possible. With 40 stamps we will pay $20,000.00 to $60,000.00 per month in dividends. $10,000.00 per month will be 2 cents per share per month, or 48 per cent. on the money you invest in the stock at 50 cents per share.

We will lay aside a sinking fund to double the capacity of the mill, making 100 stamps which we propose to put in inside of the next twelve months, then your dividends should every year be at least equal to your investment.

$250.00 and two weeks' time should cover every expense of a trip to the mines, so that you can personally examine them and have the opportunity of disproving the above facts and get the $500.00.

Are you satisfied with interest or would you prefer profits like these we have told you the Big Casino will pay?

Your money is no safer in real estate, in the bank or anywhere else, than invested in Big Casino stock.

Four years ago Calumet, of Arizona, sold at $1.00 per share to raise money to develop and equip the mines. Certain people said it can't be any good or it would all be taken up out there; but they sold their stock and developed the mine, and paid their first dividend on Dec. 18th, 1903. The dividend was $2.00 per share, just twice what the stock cost, and they paid $10.00 per share last year, and will pay their last quarterly dividend for this year next month, which will make $50.00 per share this year, and the stock is quoted on the open markets of the world at $115.00 to $120 per share.

Granite Mountain stock was sold in St. Louis at 10 cents per share, and in 10 months after their mill started the stock was worth $72.00 per share in the open market and paid the St. Louis stockholders $12,000,000.00 in dividends during the next three years.

Neither of the above named mines gave more promise of making the wonderful producer they have proved to be, at the same stage of development, than the Big Casino does at present.

The directors of the Big Casino know their stock, based on the ore developed and equipment of the property, would be cheap at par, $1.00 per share, and will advance the price to $1.00 Nov. 25th, if not sooner. Right to advance the price to $1.00 any day is reserved, and the 25th is positively the last day you can buy the stock for less than $1.00 per share.

The Big Casino is a developed mine, and we will make one of the large dividend payers of the State of California out of it if we never sold a share of stock, for we can get all the money out of the mine to add to the mill, and it would only delay dividends a little longer.

The Big Casino will become a permanent dividend payer early in the coming year, and should pay not less than 24 per cent. on your investment at 50 cents per share the first year.

Remember the price may advance any day, and there will be none offered you for less than $1.00 per share after the 25th.

Yours truly,

GEO. L. PORTER,

Peterboro, Ont., Nov. 14th, 1905.

P. S.--See me at the White House.

The Consolidated Eureka Mining & Tunnel Co.

A SPLENDID INVESTMENT

With certainty of large profits in the near future.

I have succeeded in securing a block of stock of the above company for Canadian investors, and cordially invite my customers and others to to call at my office 349 Water Street, and talk it over. Watch for further particulars in these columns.

WORTH KNOWING

How to invest money.
How to invest it safely.
How to invest it successfully.
You can obtain 3½ in savings banks.
You can obtain 4 to 5 per cent on mortgage.
Both good but too extremely slow.

IT IS WORTH A MINUTES TIME

To learn how to make money
How to make it quickly.
Large and quick fortunes
Are now made only in mines.
Write for a copy of the

GOLD FIELDS OF OREGON

It will start you up the road to success.

WHEELER & CO., Dept. 114, 32 Broadway, N. Y.

Good reliable agents wanted.

GET INTO A PRODUCING CAMP

The mines of the

BUFFALO ARIZONA GOLD MINES CO.

are in a well known mineral belt and surrounded by well known producers.

The Poland Mining Co., the Cash, the Michigan-Arizona, the Chicago Gold and Copper are all within a radius of three miles of our camp. In fact, these mining companies nearly surround the Buffalo-Arizona property.

Why seek investment off in some desert country where life and property are in constant danger when you can buy Buffalo-Arizona stock so low?

We own 100 acres free from debt or bonds.

We are opening up the ore bodies according to business methods.

For a short time we can offer this stock at 15c. per share, par $1.00. Send at once to

Nourishing Blood Means Strength

Your are Pale and Weak Because Your Blood is Thin and Weak.

There can be no such thing as health without pure rich blood—no sparkling eyes, clear skin, or active brain.

The very foundation of health and strength lies in the blood, which must be kept free from poisons and impurities.

Nature has no better blood medicine than Dr. Hamilton's Pills, which are composed of such vegetable extracts as mandrake and butternut, known to all doctors for their prompt and healthy action.

If you would drive out disease and increase your force and vigor, take Dr. Hamilton's Pills. You will feel fresher, brighter, and enjoy keener appetite.

She Was Pale and Listless

"Before using Dr. Hamilton's Pills," writes Miss Edith E. Phelps of Woodstock, "I was pale and listless, my color was yellow, and my appetite very poor. To-day I am a different girl, weigh more, look better, and feel improved in every way."

Why not use Dr. Hamilton's too? You'll get that healthy glowing health that thousands and thousands are enjoying because they use this famous medicine. Price 25c. per box, or five boxes for $1.00, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

Furnished House Wanted

Comfortable furnished house wanted, no family. Apply at Times office or address.

Chemong Lake Frozen Over

Mr. Jobs, of Bridgenorth, was in the city yesterday, and reported that Chemong Lake was completely covered with ice, it having frozen over during the night. The ice is said to be quite thick, and there is a fine sheet of glass. The young people in the vicinity are greatly enjoying the skating thus afforded.

Indian Women of America.

A lecture on the above subject before the St. Peter's T.A.S. takes place on Friday evening next. The subject includes a review of the progressive period of Indian occupation, as well as a particular reference to Indian women. A few readings from the poets will be given also.

Hotel For Sale.

That well established and largely patronized hotel, the Snowden House, This hotel has a large clientele among the commercial, city and farming trade. Will take cash or acceptable farm property in exchange. Immediate possession to suitable applicant. None but principals need apply. Apply to

WILLIAM SNOWDEN,
Proprietor.

Telephone Extension.

Two additional metallic circuits between Toronto and Hamilton have just been completed by the Bell Telephone Company. Long-distance communication between the two cities should be greatly facilitated by this additional service, and any congestion of traffic which may have existed relieved.

A Busy Studio.

Yesterday, and in fact for some time past Mr. R. M. Roy's studio has been one of the busiest spots in Peterboro. Yesterday Mr. Roy, from the time of opening, until long after electric light was called into requisition, had a separate sitting every 15 minutes without a break. Those wanting their photos taken for Xmas will have to make engagements long ways ahead. Mr. Roy has made a very greatly enlarged photograph of Mr. Harry Wilmot, ex-reeve, seated on a bank bearing a noble set of antlers. It is worth a visit to the studio to see.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

TUESDAY SEPT. 5, 1906

Intending students should make application as soon as possible.

Call at the College, or address

WM. PRINGLE,
Principal Post Office Building.

LOCAL INCIDENTS

By The Times Man on the Street

—There was nothing doing at police court yesterday morning.

—No attractions are booked for the Grand for the next three weeks.

—It now costs $60 a year to sell cigarettes in Lakefield. That is far too cheap.

—The City of Peterboro once more floats the Otonabee's waters "like a thing of life."

—The Home Orchestra under the leadership of Mr. Grieg, played at the Grand last night.

—Yesterday all bridges over the Trent Valley canal were permanently closed for the winter, and the men relieved from duty.

—Novelties for Xmas presents arriving daily, purchase early. A small deposit on any article will reserve until later. Times Bookstore.

—A meeting for the purpose of forming a chapter of the Brotherhood of St. Andrew, was held at St. Luke's church yesterday evening.

—The directors of the Port Hope Brewing Company, met yesterday. Messrs. Alex. Elliott and R. J. Munro left on the noon train to attend.

—Next Monday night the Young Men's Guild of All Saints' church will be favored with a lecture on the incandescent lamp by Mr. Burnett.

—Times said on a meeting of the Ladies' Literary Association of St. Peter's T.A.S. on Friday evening, Nov. 24th, when Mr. Hampden Burnham will lecture on "Indian Women."

—George Woodcock, an employe of Contractor James Hogue, broke a finger of his left hand yesterday. The head of a hammer flew off and the handle struck his hand with considerable force.

—Court Chemong, No. 530, Independent Order of Foresters, will meet on Thursday of next week to discuss important matters. The annual election of officers will take place on December 28th.

—Brigadier Turner, of Montreal, provincial officer, was in the city conducted a special meeting at the Salvation Army barracks yesterday evening in the interest of young people. There was a large attendance.

—For the convenience of those who have friends at a distance We have a good assortment of Xmas cards now on display. Buy our leader, a nice fancy box containing ten lovely cards for only twenty cents each. Times Bookstore.

—Mr. W. Carson of Cavanville writes The Times that last Monday evening, people in his vicinity saw, a mark of rockets, and the writer himself saw a dragon shaped meteor on Sunday. The writer thinks from this that we may still have some fine weather.

—Yesterday afternoon about 3 o'clock a party from Norwood lost purse, containing about $2.75 in money, but when saying thanks Mitchell & Son's dry goods store, and J.C. Turnbull's establishment. Any one finding the same can have it at the police station.

—The brick work on the foundry extension at the Lock Works has been completed and now the men are working on the roof. As soon as the works come down for stock taking, which will probably be the latter part of December, the new machinery will be put in, but until then only construction work can be done.

—It is rumored that Mr. Harry Piper's studio is to join the picture business and Harry Wilson riding on a splendid large antlered buck. For the past two days Mr. Roy has had a sitting every fifteen minutes, without a break from opening until long after the electric light had to be called into requisition. Those desiring their pictures taken before Xmas should make appointments long before no sitting can be secured.

—Mr. R. J. Seden, proprietor of the fine New Book Store, recently opened on Hunter street, opposite the Post Office, returned yesterday from a three-days' business trip in Toronto. Mr. Seden has in the few days since his opening received such marked and general patronage, he considered it necessary to go to the Wholesalers of Toronto and Montreal to largely increase his present fine new stock. Mr. Seden whilst in Toronto purchased what is perhaps the finest stock of Xmas goods that ever came to this city in one package.

HOW TO RUN AUTOS

Will Be Taught at Purdue University Within a Few Months.

Lafayette, Ind., November 21.—It is announced at Purdue University that a school of automobile engineering, the first of its kind in the country, will be established within a few months at the local institution and receive the support of nearly every automobile manufacturer of importance in the United States. Machines will be shipped to Purdue and the students enrolled in the new course will study their parts and test them. A laboratory for the exclusive use of the automobile department is to be established.

Fine Hereford Cattle Shipped.

Yesterday three car loads of splendid cattle were shipped from this city to Toronto by Messrs. Norris & Strykes, the cattle buyers. Two car loads of the cattle came from Mr. Jopling of Bobcaygeon. This latter gentleman secured them for Messrs. Boyd of Bobcaygeon. Three car loads comprise some very fine Hereford cattle. Some of the heifers weigh 1200 each. The third car load came from the North country and were particularly choice beasts.

"THE CROSSING"

Vast Crowd in Grand Opera House Enjoys Churchill's Great Play

Last night the Grand Opera House was crowded from the orchestra to the loftiest perch of the gods. The crowd present represented all classes of Peterboro's society. It was noticeable that the orchestra chairs and parquet were occupied in large part by those who represented literature and art in Peterboro. The name of the author, of this great and strong play, "The Crossing," Mr. Winston Churchill, is so world wide, that irrespective of the acknowledged merits of the play, his name as playwright would draw a crowd.

Mr. Bradburn, the manager, had arranged for his patron's comfort and convenience, in every detail.

The play is one of the strongest, if not the strongest Peterboro has ever seen. Mr. John Blair as Nicholas Temple, is one of the greatest exponents of theatrical art the stage knows today, whilst Miss Mabel Best, as Mrs. Temple, kept the audience entranced.

The company is one of the best aggregations of artists that appear on the boards on this continent. The scenery is particularly deserving of attention, and last night every act passed off without the sign of a hitch or fault.

Peterboro theater goers have reason to thank Mr. Bradburn for the great treat provided last night, and to feel assured that, judging by the companies that have so far played in the new opera house, he will keep up the standard of attractions as promised from the inception of the house.

A HEAVY JOB

New 8-Ton Boiler Installed in Mann's Cheese Box Factory.

Four teams of horses, dragging a sleigh on which rested a large boiler for Mr. E. H. Mann's cheese box factory, which arrived at the G.T.R. station Tuesday night, yesterday had their work cut out to move it. However it was successfully unloaded and delivered to the factory on Dublin street. The boiler weighs eight tons without any fixtures attached. The boiler was placed on two heavy pieces of timber, which acted as runners and the little snow on the road was a great advantage to the horses, as the thing slipped along easily. Owing to the Otonabee street bridge, over the creek being too frail to risk so heavy a load, the boiler was taken to Brock street over the new concrete bridge. Just west of the Lock Works the rear end of the load slid off the groove of the roadbed, and caused a delay, but scraping this short delay the difficult job was done without any material hitch.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One HUNDRED Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO.,
Toledo, O.

Sold by Druggists, 75c.
Hall's Family Pills are the best.

ANOTHER LIVE DEER

Mr. Brown of Springville Gets Two Live Deer in One Season.

A young live deer, a doe, was brought to the city yesterday passing through en route to Springville. The doe came from Apsley. It was caught alive and in perfect health last spring by Mr. Montgomery.

The doe was purchased by Mr. Thos. Brown, of Springville, and is the second live deer, the former one being mated in a previous issue of The Times recently, as being secured by Mr. Brown this year.

Mr. Brown has not yet entered the Grand Army of Benedicts, still he has secured his two deers in one season.

Talk about Utah and Brigham Young!

SOCIAL AND PERSONAL

—Mr. T. H. Hughes left yesterday morning for Liverpool, England.

—Mrs. W. B. Hinkshaw and son are visiting friends in Port Hope for a few days.

—Mr. A. J. Small, the well known financial manager, of Toronto, is in the city.

—Mr. Jos. H. Sims, of the Brantford Carriage Co., Brantford, is in the city on business.

—Mr. and Mrs. T. L. Armstrong, of Waterloo, were registered at the Oriental yesterday.

—Mr. E. E. Barker, of Chicago, is in the city on business, and is registered at the Oriental.

—Mr. Geo. H. Edwards, of Denver, Col., is in the city for a few days calling on old friends.

—Miss Eva M. Pinkard, of Galt, is visiting her sister, Mrs. George Smithwell, 264 Hunter street.

—Rev. Dr. Symonds, of Montreal, who has been spending a few days in the city has returned home.

—Mr. Butterman of Toronto, route agent for the Canadian Express Co. was in the city yesterday looking after the interests of the company here.

—Mrs. A. M. Griffin, who has been spending the summer in Detroit, has returned to her former residence at 254 Water street, where she will reside for the winter.

—Mr. A. C. Stanton leaves Friday on the noon train for the Maritime Provinces, where he will take charge of the wholesale trade for the Ames-Holden Cereal Company. As yet Mr. Stanton has not decided on a place for his headquarters.

WANT MORE LIGHT

Fire Water and Light Committee Consider Applications for Electric Light.

The Fire, Water and Light Committee met on Tuesday evening, and considered five applications for more electric light.

Members present were; Chairman Johnston, Ald. Crowe, McIntyre, Tovey and Hall.

The applications read were as follows;—

Residents at corner of Smith and Bethune streets put in an application for an electric light. The nearest light is at the corner about two blocks west.

Residents at corner of Division and London streets, wanted an electric light in that neighborhood, as it is very dark and the sidewalk is in need of repair.

Residents on Water street and King street, opposite the shops of the Peter Hamilton Company, want a light.

Residents on Bolivar street and King street, west end, want a light.

Residents asked for a 32-candle power light at the corner of Reid and Murray street, outside of Wm. Hamilton Company.

As the first four applications were for arc light, which cost $60 each per year, the committee took no action. The last named application being for a 32-candle power incandescent lamp was granted.

SUCCESSFUL REUNION

Y. M. S. and Girls Auxiliary of St. Luke's Entertains Congregation.

A most successful reunion was that of Tuesday night in St. Luke's church Sunday school. The Young Men's Guild, in co-operation with the Girls' Auxiliary of that church, entertained the congregation of the church.

The room was very tastefully decorated for the occasion, many mottoes, such as "God Save the King," "Health and Happiness be Yours," "We Welcome Our Visitors," and others making a most gay looking room resemble.

At the door the parishioners were all welcomed by Mr. G. G. Pratley and Miss Lizzie Stewart. During the evening [illegible] rendered splendid music, social intercourse, games, etc., were indulged in. Shortly after 9.30 o'clock the rector, Rev. E. A. Langfeldt took the chair and expressed his pleasure at seeing such a large and happy gathering. He welcomed all the old members as well as the new ones, and expressed his pleasure at having Rev. Dr. Symonds present.

The rev. doctor gave an impromptu expression of his pleasure at being present, and of the progress St. Luke's is making.

A very happy evening including music and refreshments was enjoyed by all.

Where to go This Winter.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardinets, Bon Bon Dishes, Muffin Dishes, Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

Canadian Companies To Be Investigated

Ottawa Report Says Government Will Look Into Insurance Companies Methods.

[Special to The Times.]

Ottawa, November 24. — Although no definite announcement has been made to that effect, it is understood in well informed circles that the Canadian Government is at present seriously considering the advisability of following the example of the American Government and instituting an investigation of the methods of the Canadian insurance companies. It is privately conceded that the coming session of the Dominion Parliament will witness an investigation into the whole subject. This inquiry will probably be undertaken by a special Parliamentary committee, having power to summon witnesses. In his last report to Parliament the Superintendent of Insurance for Canada pointed out the necessity for the amendment of the Insurance Act, which is not now suited to the requirements of the business. Before the law is amended the inquiry will be held, which will lay bare any irregularities and restore public confidence in the stability of the Canadian institutions which have suffered as a result of the revelations in New York.

A ENGLISH SWINDLE

Two Bright Young Englishmen, well Recommended Seek Employment.

Yesterday a Times' representative interviewed two young English men who arrived in the city. They are victims of a fake immigration bureau in London, England, and had matters misrepresented as to future employment on arrival in Canada.

The two men are bright and intelligent, with a good appearance, and well dressed. One is a bookkeeper, cashier, and subsequently a commercial traveller. The other is a professional dry goods window dresser. These young men have very good references from responsible firms in the Old Country. Any one having an opening might communicate with the young men who by kindness of the Queen's Hotel proprietor, are stopping at that place until they get work.

The manner in which they sailed under false representations was as follows.

On their native English city they were called on by a shrically clad gentleman, even wearing an irreproachable clergyman's high "choker" collar, who handed them his card neatly engraved "Rev. ———." This pseudo parson, under the guise of philanthropy, advised them to take advantage of the present scarcity of work, and consequent high wages existing in Canada. He even was kind enough to take them to an Emmigration Bureau, where they were supplied with tickets for a certain sum each.

The conditions under which their tickets were sold them was that the price included a weeks'g free board in Liverpool while awaiting sailing of the ship; it also included (seemingly) a guarantee of immediate employment on arrival.

The two young men on their arrival at Liverpool did not have the honor of a visit, as promised by their friend of the (professed) Anglican Church; nor did they get the free board as promised. They did discover however that the clergyman (?) had gotten a "rake off" of about $6, or as the young men put it "thirty Bob," on each ticket from the, emigration bureau for services rendered.

On their arrival, they found that their promised employment resulted in their trunks being forwarded without their consent to a farmer in this county. To obtain possession of their baggage they would have to work one whole month "On Trial" gratis and then make the best bargain possible with their employer to get their clothes.

As they are men far superior in ability to the average farm hand, they felt their position keenly and are anxious to get work in Peterboro.

They were given cards of introduction to the English Church rectors here, and will solicit their advice and assistance towards getting work.

We fancy if they met their English clerical (?) friend, his high collar and suspender buttons would require immediate adjustment after the interview.

A PRETTY WEDDING

Miss Eleanor Courtney Becomes the Bride of Mr. Jas. A. Young.

A very interesting and pretty ceremony was celebrated Wednesday night at the residence of Mr. Ed. Courtney, the well-known east side wooden work expert.

His daughter, Miss Eleanor, was joined in holy bonds of wedlock to Mr. Jas. A. Young, one of the most promising young men of Smith's township.

The wedding was practically a private event, only immediate friends of the bride and groom being present. Rev. J. G. Lewis, pastor of the Mark street church performed the ceremony.

As the bride and groom, entered the drawing room, Mrs. Rahill, very artistically rendered the wedding march from Lohengrin.

The bride wore a very becoming dress of silver grey tamilina over blue taffeta, with white silk and applique trimmings and carried a beautiful bouquet of cream roses. The groom's gift to the bride was a handsome gold chain with diamond setting. After the ceremony the party partook of an elaborate supper in the dining room, which was beautifully decorated with white chrysanthemums and smilax.

The bride and groom were the recipients of many costly and useful gifts from Toronto, Ottawa, Detroit, Stratford, Cornwall, New York, South Bend, Port Dover, Manitoba and England, as well as in and around Peterboro.

Mr. and Mrs. Young will reside in Smith. The bride, who was a valued member of Mark street choir, is a very popular and highly esteemed young lady.

A PLAUSIBLE TALE

How Former Student of Queen's Victimized a Number of Medical Men.

Kingston, Nov. 23.—During the past two months accounts have come from Queen's University medical graduates practicing in New York, Michigan and other States, telling how a Queen's student, who hails from a town near Kingston, has victimized them for amounts from $50 to $200. Detectives are now on the hunt for their swindler. He easily got the ear of the Queen's men in his trap, as, told them a pitiful story of being short of funds, and unable to reach the outside of a member of his family, who, he said, was dangerously ill. In most cases he succeeded in getting them to endorse drafts on his father. Soon afterwards the drafts came back unhonored. Probably a dozen Queen's graduates were victimized in this manner. It is supposed the young man is now out in the far west.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which snow no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take years to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,504 feet and 6 inches deep, and has five distinct showings of oil; this well has a pressure of 150 pounds, which ought to give us a flow of about 1,200 barrels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 256 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 6 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 50 per cent. on a basis of five wells to the acre.

REVOLT AGAINST STRIKE LEADERS

Russian Public are Opposed to Present Methods.

BETTER FEELING PREVAILS

Blunder of Revolutionists in Not Perfecting Their Campaign Rescues Witte from Predicament.

St. Petersburg, November 24.—The blunder of the revolutionary leaders in declaring a general strike without previously ascertaining what means existed for carrying it out, has resulted in a revolt by the public against these tyrannial bosses. This with threat of an armed demonstration by foreign powers, has temporarily rescued Count Witte from a serious predicament.

The manifesto at the end of October was intended to destroy the old regime but there had been no preparation beforehand, to establish the new. This created anarchy. The Premier's desire to do everything himself, which led him to make up a cabinet from among his former clerks, renders the administration incapable.

The revolutionary propaganda in the army is increasing effectively. The garrisons at Grodno and Hatbia have revolted, while that at Vladivostok is still unpacified. The Chinese minister in St. Petersburg has handed to Count Lamsdorf, Minister of Foreign Affairs, a heavy claim for losses sustained by Chinese subjects in Vladivostok during the recent outbreaks.

It develops that revolutionary agents are travelling from village to village, dressed in general's uniforms, instructing the Muzniks to rise against their landlords, such action being declared to be the wish of the Czar.

The Poles have carried their case to the Moscow Congress. The situation in Finland is still a source of danger. There are signs that the Hebrews are preparing for an enormous emigration to America.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

RUGBY.

Do not fail to back up our local winners by being present at Saturday's game.

Dundas will have many supporters, as they expect to win and will run an excursion. It's a long way to come to get beat.

Ben Simpson, the former Peterboro player, now with the Hamilton Tigers will referee the big game between Peterboro and Dundas at Riverside Park on Saturday. Ben is thoroughly conversant with the rules and should make a most capable official.

The locals are in the best of shape. They have practised hard and often and when they go on the field on Saturday every man will be prepared to go the speed limit. Crowley will be back on the half line and with the confidence he always inspires in the team, the boys will go right at Dundas from the start. Meagher has recovered from the injuries received in the first game with Brockville and will be on the line on Saturday.

The game will be a battle between two evenly matched teams fast enough for senior company and in perfect condition, and the spectators will see a contest worth many times the price of admission.

HOCKEY.

The prospects for the Guild League this season are very bright, if suitable terms can be arranged with the Brock street rink management. Charlotte street, 'George street, 'All Saints,' St. Andrew's and St. John's, will likely be represented in the Guild League, while there is a possibility that St. Paul's may also have a team in the guild organization.

The Boys' Brigade of All Saints' church have now organized a hockey team which will play in one of the local leagues. The officers elected are;

President—Rev. Mr. Miller.
Captain—George Hillier.
Secretary—Robt. Pilkings.
Manager—Howard Chambers.

Judging by the natural and physical build of these neophytes in the Canadian winter game, All Saints will soon be heard from as hostilers after the puck.

CABSCADDEN TRIED SUICIDE

The Barrie Man Charged with Arson Attempts to End His Life.

Barrie, Nov. 23.—Alfred E. Cascadden, while awaiting his preliminary examination on a charge of arson, attempted suicide early this morning and will probably die. He stabbed himself in the breast, and gashed his throat horribly, severing the windpipe. Lying in bed in his own blood, he was found at eight o'clock hardly alive. He left a farewell letter to his wife in which he said he was not responsible for his actions. Cascadden was a man of very high-strung temperament, and it was thought that his mind was overburdened by the disgrace of his arrest. He had been in business here about a year, and was formerly a farmer in Oro. He has a wife and four small children.

MR. BAKER'S FUNERAL

Large Attendance of Various Orders Testify to Deceased's Popularity.

Yesterday afternoon, there was tangible evidence, patent to all of the deep respect and esteem in which the late Mr. R. J. Baker was held among all classes of the community.

The funeral was very largely attended, the members of the Machinists' Union, No. 696, the Prentice Boys and the Canadian Order of Foresters, turned out in a body.

The floral contributions were very beautiful and included wreaths from the Prentice Boys, Machinists' Union, upon which was designed "Fellow Workman," the Wm. Hamilton Company Works, Canadian Order of Foresters, and floral tributes from the Canadian General Electric Company tool room. There were very many floral tributes from personal friends of the deceased.

Rev. J. G. Lewis, pastor of the Mark street church, conducted the burial service.

The pall-bearers were; Messrs. A. W. Tibby and Frank Turner, of the Prentice Boys; Willis Garrow and Edward Cookson, Machinists Union; Walter Hooper and H. H. Hiller, Canadian Order of Foresters.

The bearers, each carrying large bouquets of white flowers, walked beside the hearse. The procession was led by a large line of members of the societies with which deceased was associated, and a very long following of private conveyances made an imposing spectacle, that testified to the general regret felt over his sad departure.

BUSINESS ENLARGEMENT

Mr. Warne the George St Patent Medicine Dealer Branches Out.

The purchasing public of Peterboro will soon see an important change in a local business on George street. Mr. W. B. Warne, who has carried on a successful and rapidly growing business at 344 1-2 George street, in all kinds of patent medicines and druggists' sundries, has completed arrangements for enlarging his present quarters at an early date.

The north wall between his present store and the shop NEXT door is to be taken out, and this shop to the north, now occupied as a boot and shoe store, will be absorbed by Mr. Warne.

An important feature included in this change, is that Mr. S. C. Warne, under whose name the enlarged business will be carried on, will occupy one-half of the coming large store with a first-class stock of jewellery whilst the former vendor of patent medicines will continue his present business in the other portion of the new emporium.

As Mr. Warne has made so signal a success in his present business of selling the various patent medicines, there is every reason to suppose that the about-to-be enlarged store will result in continued and increased sales.

These two young men are both Peterboro and are bound to get to the top.

LOYALTY OF DON COSSACKS

St. Petersburg Officers Fear a Mutiny of Troops.

London, Nov. 23.—The St. Petersburg correspondent of the Times says; "I have endeavored to verify the ugly rumors of disaffection among the troops in St. Petersburg, and this statement has been made to me by an officer of the Guards; 'The intervention of the workmen on behalf of the Cronstadt mutineers has had a deplorable effect on the morale of our soldiers and the greatest anxiety prevails. Other officers are still more pessimistic, and fear some regiments will get out of hand."

DON COSSACKS MARCHING.

St. Petersburg, Nov. 23.—Ten thousand Don Cossacks are marching from Taganrog to St. Petersburg with the object of releasing the Emperor.

The Cossacks of the Don have all through Russian history had a direct connection with the Empire. They may be termed superlatively loyal, and they have furnished the Empire with one of the most valuable elements of its national army. Their services in the protection of the frontiers from the Caucasus to China are almost invaluable.

PEASANT OUTBREAKS.

St. Petersburg, Nov. 23. — Details received here show that the peasant outbreaks extended to twenty-four Provinces. The movement was non-political, the participants aiming at the acquisition of land. Numbers of the land owners were compelled to flee, abandoning everything.

In encounters with marauding bands of peasants, the troops have killed 150 and wounded many more.

RUSSIAN DEAD NUMBERED 56,000

Official Report of Casualties in Manchuria.

Washington, Nov. 23.—Colonel John Van P. Hoff, medical department U. S. A., who has recently returned from the Russian army in Manchuria, with which he went through part of the campaign in the war against Japan, has been authorized by the chief of staff to give out exact-is of his official report. According to Col. Hoff the number of killed and dead of wounds was 37,845 men, and the number of men dead from disease 18,000. These statistics are exclusive of casualties at Port Arthur, and show almost exactly two men dead from results of battle to one man dead from sickness.

ADVERTISERS IN THIS TIMES.

Balfour to Resign, Liberals Resent It

Fear It Will Show Weakness of Party and Permit Balfour and Chamberlain to Unite Against It.

London, Nov. 24—The recent rumours of an early dissolution of Parliament and an appeal to the country are gradually crystallizing into more definite form, and while no official intimation has yet been forthcoming, the idea is prevalent in well informed political circles that Premier Balfour will take an early opportunity to place his resignation in the hands of King Edward. Should this materialize, the Liberals will be invited to form a Government. Parliament will meet for a few days' session, and a general election will occur early in the new year.

SUDDEN CHANGE IN SITUATION.

The political situation has so radically altered during the past week that even the Government supporters no longer argue that Mr. Balfour has a sufficiently united party at his back to meet Parliament again with the object of initiating any legislation for the public advantage. This Premier's appeal to the Unionists at Newcastle a week ago in unity on his fiscal policy has not met with much success. On the contrary, Joseph Chamberlain, the most powerful private member of the Unionist coalition, directly joined issue with his chief by a speech at Bristol on Tuesday calling on the Unionists to rally to the support of his own more drastic fiscal proposals, which include a fifty-cent. tax on grain. This cleavage of the party was thus more markedly accentuated, and many Unionist politicians hold that no good purpose could be served by a longer retention of office, and that the weakness of the party will only be further increased by a perpetuation of the existing rivalries between the two sections.

CABINET MEETS TO-MORROW.

A Cabinet meeting has been called for to-morrow. This will be only the second held this fall, and the fact that there have been so few conferences between the ministers is taken as another indication of the imminence of a change of Government. On the Stock Exchange a definite announcement of the resignation of the Cabinet is expected at any time, and the whole market today was dull in consequence.

LIBERALS RESENT RESIGNATION.

The Liberals are inclined to resent Mr. Balfour's resignation at the present moment. They contend that the Premier should remain in office a few weeks longer, and himself dissolve Parliament and appeal to the country. The Liberals see no reason why the present Opposition should put themselves to the inconvenience of forming a Government in the dark, without knowing what forces they will command in the new Parliament, and they object to what they designate as Mr. Balfour's "tactical manoeuvre," whereby the Liberal attack would be turned into a defence before election, and Mr. Balfour would be given a free hand to arrange with Mr. Chamberlain for concerted action against the Liberal party.

The Conservative Unionist party has been in power in England since the Rosebery Ministry, which held the reins for a little over a year after Mr. Gladstone stepped out, was overthrown in 1895. It has therefore held office longer than the average term of Governments in England. Mr. Balfour became Premier in 1902. Since 1855 the following Premiers have been in control:

Feb. 10, 1855—Palmerston.
Feb. 26, 1858—Derby.
June 18, 1859—Palmerston.
Nov. 6, 1865—Russell.
July 6, 1866—Derby.
Feb. 27, 1868—B. Disraeli.
Dec. 9, 1868—W. E. Gladstone.
Feb. 21, 1874—B. Disraeli.
April 28, 1880—W. E. Gladstone.
June 24, 1885—Salisbury.
Feb. 6, 1886—W. E. Gladstone.
Aug. 3, 1886—Salisbury.
Aug. 18, 1892—W. E. Gladstone.
March 3, 1894—Rosebery.
June 2, 1895—Salisbury.
July 12, 1902—A. J. Balfour.

DUEL IN NEW YORK HOTEL

Murder Arising Out of Election Frauds —Two Gangs Clash.

New York, Nov. 24.—Election frauds are believed by the police to have caused the murder last night of W. F. Harrington, in Little Naples' dance hall, and also the probably fatal injuries of another man, who was found with a shattered skull some distance away from that resort. The injured man was identified as Abraham Junkerman, of this city. The dance hall is at 57 Great Jones street, and is conducted by Paul Kelly, leader of an East Side gang. From papers found on the dead man and from information obtained from nine prisoners, two of them women, who were arrested after the murder, the police learned that the quarrel started over election matters.

In the barroom of the resort, Harrington was killed during a revolver battle, which left the floors spotted with blood and riddled the pictures on the wall. Bartender Bernard Escott, one of those under arrest said that the fight started when four members of the Liberty Association, which is hostile to the Kelly gang, entered the room after midnight. One of these men, Escott says, immediately ordered drinks for the whole crowd.

INJECTED ATROPID POISON

Canadian Adopts Novel Method of Ending His Life.

London, Nov. 24.—Robert Douglas Sprout, aged 26, who lodged at 17 Torrington square, committed suicide. It transpired at the inquest that he had been overworked of late, and suffered from insomnia. An autopsy revealed that death was due to atropid poison, which had been hypodermically injected. Deceased left a letter for the coroner, saying: "It is a straight case of suicide. My reasons are my own and implicate no one. Any small debts I may have will be paid by them." meaning his solicitors. The jury returned a verdict of suicide whilst temporarily insane. Sprout was from Bluewood, Halton, county, Ontario, where the body has been shipped per s.s. Virginian.

Crazed Peasants Possess Russia

St. Petersburg, Nov. 24.—The newspapers of the Volga regions are filled with details of agrarian risings. Travel is dangerous everywhere, and in many places is impossible. The peasants are pillaging the domains of the clergy, their homes and even the hospitals. They are slaughtering cattle and devouring the stock raw. In the Jurieff and Alexandrovsk districts of this Government peasant mobs are demanding the surrender of the stocks of provisions, and are threatening to set the torch to the whole locality, and to storm the county treasuries.

LIBERTY OF PRESS.

The Emperor presided at the first meeting of Count Witte's full Cabinet at Tsarskoe Selo yesterday. It is understood that he signed two decrees, converting the promises of the manifesto of liberty of the press and of assembly into definite orders.

An extensive holocaust has been declared to the engineering and metal industries.

TRADE TREATY WITH COLONIES

Lord Rosebery's Plan to Settle the Fiscal Controversy.

London, Nov. 24.—Lord Rosebery, speaking at Penzance, said that the only practicable union of the Empire must be based on a series of periodical conferences from all parts of the Empire. It was certain that the Mother Country could never be driven, whatever the pressure might be, to accept conditions from Great Britain, because the colonies resent the interference of the Mother Country with a great and perhaps a just jealousy.

Lord Rosebery challenged Mr. Chamberlain's statement that the Empire could be united in a fiscal union without taxing raw materials and only slightly taxing food. The experiment might easily be made. Two or three richly-endowed members of the Tariff Reform League might be sent to Canada to meet a few Canadians conversant with the fiscal needs and aspirations of that colony, and get them men to formulate a plan of treaty which could be submitted to this people of Great Britain and Canada.

If it was shown that the various interests involved approved of it there would then be something tangible to go upon. The same thing might be done with the other colonies. When these schemes were presented to the public we would then be in a position to judge if it was practicable or not to unite the empire in a fiscal union without taxing raw materials and food. One should then know what the colonial manufacturers thought of it.

Regarding the unemployed question Lord Rosebery thought the next Government might do well to take General Booth into its counsel. He has knowledge and special machinery for dealing with the workless.

New Lake in Canada.

Ottawa, November 24.—A new lake not as far shown on any Canadian maps, has been discovered north and west of Lake Abitibi. This lake was discovered by the surveyors of the Transcontinental Railway. It is twelve miles long and three miles wide, north and south of Lake Abitibi, and for 100 miles west the soil is good, being clay loam.

Will Prevent Wholesale Exodus.

Madrid, Nov. 24.—The Minister of War presented to-day to the Cortes an appropriation of $4,200,000 for the purchase of 200 rapid fire field guns.

The Minister of the Interior presented a bill regulating emigration. The measure is intended to stop a wholesale exodus from the famine-stricken districts of Spain.

A Pantypool Fatality.

Pantypool was Louise Minnet, Welt, in Toronto, Nov; 24.—At a meeting of the creditors of L. Cain, Pantypool, held yesterday in the office of the assignee, Mr. Oslar Wade, the assets were shown to be $4,127 and the liabilities $4,182. The business will probably be disposed of by private sale, only 6c. disposed of by private sale.

An Alleged Plumbers' Combine

Ottawa, Nov. 24.—It is claimed that the plumbers of Ottawa have a combine similar to the one which is being probed in Toronto, and that investigations will be investigated in connection to the course of the next few days.

All Thin, Pale Women

Can Learn the Cause of Their Nervous, Used-up Condition

With women, ill-health is usually traceable to nerve exhaustion. Feeling run-down and tired most of the time is nature's warning that more nerve-force is required.

You must build up, nourish the body, vitalize the nerves, get more flesh and blood.

It's the abundant nutriment and building material in Ferrozone that enables it to cure so many sick women. It increases the appetite, adds weight and strength, restores lost color and develops a surplus of energy and nerve force that defies sickness of any kind. There is living proof in Mrs. Daniel Ferguson, Jr., of Prescott, Ont. Read her statement:

"A year ago my health failed. I grew thin and exceedingly pale. At night it was difficult to obtain restful sleep. My appetite was variable and indigestion bothered me considerably. I became nervous and suffered from heart palpitation. You could scarcely believe the benefit I derived in one week from Ferrozone. Color came back to my cheeks. My vitality and appetite increased, renewed nerve force and better spirits came also. Ferrozone did a world of good and made me well.

Remember this: No alcoholic stimulant can nourish and build up like Ferrozone. Fifty cents per box or six boxes for $2.50. At all dealers, or N. C. Polson & Co., Kingston, Ont., and Bartford, Conn., U.S.A.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

UNION LABEL

PETERBORO, NOVEMBER 25 1905

MUNICIPAL OWNERSHIP IN ENGLAND.

Prof. Hugo R. Meyer has studied municipal ownership in Great Britain more thoroughly than most of its eulogists have. His conclusion is that it is a distinct injury to the public. It hampers industrial progress. It deprives communities of the advantages they would enjoy if individual initiative were not suppressed. Municipal ownership has resulted in the municipalities playing the part of the dog in the manger. There are certain things they will not do themselves because they lack the energy or are doubtful as to the financial returns. They will not let private corporations undertake the work because they may make money or give the public better facilities than those given by municipal plants.

Twenty years ago when the subject of electric lighting was before Parliament, Lord Salisbury said: "It was the public which would suffer if the [private] companies were not allowed to come into the field, and if this new instrument of power discovered by science should lie useless and unfruitful for several years." The public has suffered. The government was so submissive to the influence exerted by municipal corporations and urban district councils that it made one law for them and another, and a much harder one for the private companies. The result was that the private companies were kept out of such cities as Glasgow and Manchester, and it was not until near 1900 that the municipal government supplied electric lights in the residential districts and the outer portions of the business districts. January 1st last there were in the United Kingdom only 58 central electric stations. It would have had 1,200 stations if it had been proportionately as well served as the United States.

There is an extraordinary lack of street railway facilities in the United Kingdom, because private enterprise has been paralyzed and the municipalities have been unwilling to fill the void thus created. The urban population of the United Kingdom is about the same as that of the United States, but the one was served in 1904 by street railways with a track mileage of 3,250 miles and the other by street railways with a mileage of 14,000 miles. The municipalities are unwilling to build or improve street railways, and will not let private companies—which they stigmatize as "dividend seeking" concerns—build them. The municipalities clung to horse railways until nearly 1900. Private companies would have begun building electric lines twenty years ago, but the municipalities would not let them, and the people suffered.

Electric power distribution is held back in England by the fear of the municipalities that private corporations will get possession of a field of labor which the municipalities think there may be money in for them at some future time. The prosperity of England depends on its ability to make goods cheaply. Engineers and capitalists are willing to stake their reputations and their money upon their ability to supply cheaper power to manufacturers if allowed to build central power plants. The municipalities are exerting their great influence to thwart plans which would decrease the number of the unemployed and better the condition of the employed.

Municipal ownership in Great Britain paises the hand of enterprise. It robs the public of the benefit of the services of our courageous and far sighted men who perceive possibilities of development which are not visible to the average man, and improve them if permitted to do so. The American advocates of municipal ownership—men whose ideas are, as Prof. Meyer says, 'made in Europe'—should study his analysis of the practical workings of their favored policy in Great Britain.

MUNICIPAL OWNERSHIP

A meeting of municipal officials was held at Guelph a few days ago, when Mr. K. W. McKay, of St. Thomas, editor of the Municipal World and county clerk of Elgin, read a paper on "Municipal Organization and Administration," with special reference to counties and townships. Mr. McKay is one of the best posted men on the subject in the Province. One of the matters he dealt with was the constitution of county councils. The present Government has given notice that it is the intention to abolish the County Councils Act, and return to the old system in a modified form. Mr. McKay is of the opinion, as was the meeting, that no changes should be made, but that members of township, town and village councils should be eligible as members of county councils. This has been one of the chief objections to the new system, and its removal would no doubt make the present system more popular. The following were the conclusions arrived at by Mr. McKay, and endorsed by the meeting, with the exception of the second, which was laid over for further consideration:

(1) That no change should be made in the present constitution of county councils, and that members of township, town and village councils should be eligible for election as county councillors.

(2) That a municipal councillor's terms of office be extended to two years, in councils of five the reeve and two councillors shall retire each year, and that a similar provision be made for the annual election of the mayor and one-half of the larger town councils.

(3) That in view of the large increase of business of the modern township it is desirable that permanent highway commissioners be appointed for each.

(4) That the executive be instructed to prepare a circular setting forth the aims of this association, to be sent to each municipality, requesting them to appoint representatives to regular meetings, and to grant a small fee to cover necessary expenses.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7.50 per annum for an individual, and from $20 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

DRS. KENNEDY & KERGAN

148 Shelby Street, - DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 253,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 163 Acres of highly mineralized land in the famous Thunder and Custer Mountain, Idaho districts, and over $17,000,000.00 not has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $67.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent, on the par value of the stock out stand. ing—no dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 6 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U.S.A.

WANTED: A Fiscal Agent for Canadian Territory.

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

HUMOR

HE GOT A BARGAIN.

George Washington's Judgment of It Would Have Been Rapid.

I had talked with the farmer in the seat with me for a quarter of an hour about crops and the weather when he switched off the subject by saying:

"I think I made a rather good bargain uptown today."

"In what?"

"My wife wanted a pair of shoes, and I remembered seeing a lot of secondhand ones when I was in town lastfall I went uptown, and for a dollar I got a pair just exactly as good as if I had paid $3 for a pair at home. It's business to save a dollar whenever you can, ain't it?"

"Of course. Had you any other errand uptown?"

"Nope; I just went for the shoes."

"What's the fare up and back?"

"A dollar ten."

"And you've lost about a day."

"About a day."

I said nothing further, and after about ten minutes had passed, during which time the farmer seemed to be doing some thinking, he all at once turned and said:

"Say, them shoes cost me 10 cents more than a new pair would right at home!"

"Exactly."

"And you had it figured out ten minutes ago."

"Yes."

"Waal, stranger, George Washington was a purty big man from all accounts, but if he had been in your place I don't believe he'd have been ten seconds in callin' me a blamed old fool!"—Cleveland Plain Dealer.

Knows the Business.

Little Harold's father is at the advertising end of a big paper, and the youngster often hears technical terms in the talk about him. A family friend recently brought a box of chocolates when he called, and, giving them to the boy, said, "Now, Hal, I hope you'll mention me in your prayers for that."

"Put your name in one time for that," was Master Harold's reply. "If you want to be mentioned every night until further notice you'll have to bring me a bigger box."—New York Press.

He Knew His Mother.

Georgie's mother was very impatient in demanding trading stamps whenever she purchased anything, and little Georgie knew that.

A few days ago his mother was blessed with baby twins, and as soon as Georgie heard of it he hastened to his mother's room and whispered into her ears, "Say, ma, didn't you get any trading stamps with the twins?"—New York World.

Literary Note.

"In that new novel I'm writing," said the author, "I'm all out of patience with my hero, and I've almost made up my mind to kill him!"

"Go ahead and do it, old man," said his friend. "Any jury composed of your readers will acquit you!"—Atlanta Constitution.

Too Many Plans.

"When it comes to running a racing automobile," said the man in the big goggles, "it is certainly a fine art."

"I should say it is a fine art," responded the mile a minute chauffeur. "You have to pay a fine about every twenty miles."—Chicago News.

The Happy Minister.

She—Who did you congratulate first, the bride or the groom?

He—Neither. I congratulated the minister.

She—Why the minister?

He—Oh, he got the money, you know.—Yonkers Statesman.

Misunderstood.

"Do you ever read a paper at your club?" asks the visitor.

"No. Every time I go to the reading room I find that the papers have been grabbed by the usual bunch of habitues who sit around that room all the time."—Judge.

Always Covered.

"What sort of complexion has she?"

"Really, I'm not sure that I have ever seen it."—New York Press.

She Wouldn't Believe It.

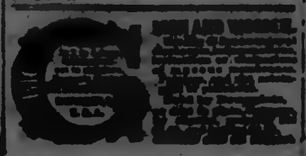
"There's no use talking"—

"Don't tell that to a woman."—Cleveland Plain Dealer.

In Hard Luck.

"Wot luck?"

"Aw, only two matinee, a Sunday school ticket an' a bit apple! I tell you, Jim, dere's nothin' in de beatin' business no more!"—St. Louis Post-Dispatch.



Sydney Smith.

Sydney Smith, the world renowned wit, was something more than a perpetrator of clever sayings or even than a politician and agitator for reforms. He was celebrated in each country parish, where by far the greater part of his life was spent, as doctor and magistrate, combining these offices with those of a faithful and hard working clergyman. The home side of Sydney Smith is too little appreciated. While he still lived in Edinburgh, before he had taken his second charge as minister, he studied medicine so that he might be enabled to work upon body as well as soul in future livings. He was very proud of this knowledge of the art of healing and not a little inclined to boast to his son-in-law, Dr. Henry Hewland, of his cures. The following remedy for a common juvenile complaint was written to friends in London: "We conquered here the whooping cough with a pennyworth of salt of tartar. What an odd thing that such a specific should not be more known!"

Why He Dropped His Shovel.

A few years ago a witty but not overindustrious Celt was one of the street gang at Newburyport, and a few minutes before noon he threw his shovel into the gutter, sat down on the curbstone and proceeded to fill and light his pipe. Just as he extracted the first puff of smoke the superintendent of streets came around a corner and, seeing Pat, roared out: "Here! What are you throwing down your shovel for at this time of day?"

"To cool it, sir-r," said Pat, whereupon the superintendent dodged around the corner to get his face together.—Boston Herald.

Coal Gas.

Coal gas was described and manufactured by Dr. Clayton of England as early as 1730.

Life Saving Pigs.

A cousting steamer was wrecked near Sydney. The captain tied life lines to some pigs which formed part of the cargo. These, on being thrown overboard, quickly swam ashore, taking the lines with them. Communication being thus established, every person on board was rescued.

Alum.

Alum as a medicine has been in common use for nearly 800 years. It is found in many quarters of the world, and several varieties are known to commerce.

Eyes and Darkness.

Objects in a dark room cannot at first be seen by one going in from the sunlight because the pupil of the eye has been contracted during the exposure and cannot at once enlarge to admit sufficient rays of light to enable the individual to see clearly.

Candles.

Candles were first used symbolically on the altars of churches in the fourth century.

Your Last Opportunity Will Soon Pass.

We have had an advertisement in The Times several days giving some facts about the BIG CASINO MINES, but some people seem to think it impossible for so good an investment to be offered in Peterboro.

We will give $500.00 to anyone who will disprove one of the following statements.

The Big Casino Mines are located at Big Oak Flat, Tuolumne County, California, on the great "Mother Lode."

We have 270 acres of ground. Have been developing and equipping the property more than three years and a half. Have spent over $300,000.00 on the property.

We have 10,000 feet of underground work done. Have a very large amount of good ore blocked out ready to break down and mill, and have more ore in our property than can be mined out in two or three life times.

We have apparently inexhaustible bodies of good ore. We also have ore that will mill $1,000.00 per ton.

We have a modern 20 stamp mill in good condition, to which we propose to add 80 stamps as soon as possible. With 50 stamps we will pay $20,000.00 to $50,000.00 per month in dividends. $20,000.00 per month will be 2 cents per share per month, or 48 per cent. on the money you invest in the stock at 50 cents per share.

We will lay aside a sinking fund to double the capacity of the mill, making 100 stamps which we propose to put in inside of the next twelve months, then your dividends should every year be at least equal to your investment.

$250.00 and two weeks' time should cover every expense of a trip to the mines, so that you can personally examine them and have the opportunity of disproving the above facts and get the $500.00.

Are you satisfied with interest or would you prefer profits like those we have told you the Big Casino will pay?

Your money is no safer in real estate, in the bank or anywhere else, than invested in Big Casino stock.

Four years ago Calumet, of Arizona, sold at $1.00 per share to raise money to develop and equip the mines. Certain people said it can't be any good or it would all be taken up out there; but they sold their stock and developed the mine, and paid their first dividend on Dec. 12th, 1903. The dividend was $2.50 per share, just twice what the stock cost, and they paid $10.00 per share last year, and will pay their last quarterly dividend for this year next month, which will make $10.00 per share this year, and the stock is quoted on the open markets of the world at $112.00 to $120 per share.

Granite Mountain stock was sold in St. Louis at 10 cents per share, and in 10 months after their mill started the stock was worth $72.00 per share in the open market and paid the St. Louis stockholders $12,000,000.00 in dividends during the next three years.

Neither of the above named mines gave more promise of making the wonderful producer they have proved to be, at the same stage of development, than the Big Casino does at present.

The directors of the Big Casino know their stock, based on the ore developed and equipment of the property, would be cheap at par, $1.00 per share, and will advance the price to $1.00 Nov. 25th, if not sooner. Right to advance the price to $1.00 any day is reserved, and the 25th is positively the last day you can buy the stock for less than $1.00 per share.

The Big Casino is a developed mine, and we will make one of the large dividend payers of the State of California out of it if we never sold a share of stock, for we can get all the money out of the mine to add to the mill, and it would only delay dividends a little longer.

The Big Casino will become a permanent dividend payer early in the coming year, and should pay not less than 24 per cent. on your investment at 50 cents per share the first year.

Remember the price may advance any day, and there will be none offered you for less than $1.00 per share after the 25th.

Yours truly,

GEO. L. PORTER,

Peterboro, Ont., Nov. 14th, 1903.

P. S.—See me at the White House.

The Consolidated Eureka Mining & Tunnel Co.

A SPLENDID INVESTMENT

With certainty of large profits in the near future.

I have succeeded in securing a block of stock of the above company for Canadian investors, and cordially invite my customers and others to to call at my office 349 Water Street, and talk it over. Watch for further particulars in these columns.

Lumbago, Sciatica, Gout, Neuralgia

All Caused by Rheumatic Poison in the Blood—Cure Guaranteed —Relief Swift and Sure from

DR. HAMILTON'S PILLS.

There is a new life ahead for every sufferer from rheumatic poison who has not yet used Dr. Hamilton's Pills; their prompt cures are the marvel of the medical profession of many nations.

The unspeakable anguish of rheumatic torture need no longer be suffered—use Dr. Hamilton's Pills and permanent cure is assured. In so many thousands of cases have Dr. Hamilton's Pills been successful, the manufacturers are willing to guarantee a lasting cure to all that use them.

No one can doubt the efficacy of Dr. Hamilton's Pills after reading the experience of Miss Minnie Saunders, of Halifax, who says;

"Scores of different remedies failed to relieve me. I suffered incessantly from neuralgia and sciatica. Sometimes the pain was unbearable.

"A friend recommended Dr. Hamilton's Pills. In a few days I was relieved. I continued the treatment, using in all five boxes, and was cured. I have not felt the slightest pain or ache since taking Dr. Hamilton's Pills, and consider my cure absolutely perfect."

Why delay any longer? Get Dr. Hamilton's Pills at once. They will restore your health in a short time. Price 25c. per box, or five boxes for $1 at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

Furnished House Wanted

Comfortable furnished house wanted, no family. Apply at Times office for address.

Regulations re P. O. Keys.

Mr. H. C. Rogers, postmaster, has received orders from the Department to notify all box-holders that it is criminal for them to have on the mail safe but keys not regularly supplied by the Department.

Hotel For Sale.

That well established and largely patronized hotel, the Snowden House. This hotel has a large clientele among the commercial, city and farming trade. Will take cash or acceptable farm property in exchange. Immediate possession to suitable applicant. None but principals need apply. Apply to,

WILLIAM SNOWDEN,
Proprietor.

Dr. McPherson Re-visits Peterboro.

Dr. McPherson, of Toronto, who has been in Peterboro for several days in the interests of his celebrated paper, the Buffalo Horse World, left for Lindsay last night. The genial doctor, who has been getting local "write-ups" for the Horse World, had shaken hands with a great many old friends who remember him some 25 years ago. At that time Dr. McPherson then called "Professor McPherson," exhibited a [illegible] troupe of trained horses and ponies in this city and gave a wonderful exhibition of his powers of control on several bitherto untameable horses belonging to this county.

A Successful Plumbing Firm.

Messrs. McGregor & Reid, the George street plumbers, yesterday had a gang of their men at work at Lakefield overhauling a defective job of electrical wiring, put in by another electrician, in the splendid residence of Mr. Bravender of that village. In view of this fact, it is easily to be understood how Mr. McGregor superintended the wiring and installation of the dynamos, etc., in the great King Edward Hotel, Toronto. This local firm has recently received many flattering applications for work from outside towns and cities, but this have, owing to press of business in this city and vicinity to defer consentance.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

LOCAL INCIDENTS

By The Times Man on the Street

—The chief has a brush found yesterday. Who owns it?

—Next Sunday will be observed as "Temperance Sunday" in all the churches.

—A tax sale of lands will take place at the court house on Wednesday next.

—"The Crossing" Co. left via the C.P.R. for Kingston, where they played last night.

—A meeting of the Fortnightly Club is called for Tuesday night instead of Saturday night.

—Mr. J. H. Burnham will lecture to-night on the Indian Women of America at the T.A.S. Hall.

—The annual meeting of the Curling Club was held at the Brock street rink yesterday evening.

—Householders who have not cleaned their sidewalks of the small quantity of snow left on should do so.

—Mr. Wellington Binder's Bible class will meet to-night at eight o'clock in the Y.W.C.A. instead of one Thursday night.

—Rev. J. G. Potter will give an object talk to the boys at the Y.M.C.A. to-day at 4.15 o'clock. All boys over 12 welcome.

—Novelties for Xmas presents arriving daily, purchase early. A small deposit on any article will reserve until later. Times Bookstore.

—No word has yet been had of the missing Mrs. Jane Clark, whose mysterious disappearance some weeks ago, was given detailed in The Times at yesterday.

—At Saturday's game one section of the grandstand will be reserved for ladies and their escorts and another for the excursionists from Hamilton and Dundas.

—The Junior boys' Guild of St. Andrew's church will join with the boys at the Y.M.C.A. at the meeting to be held to-day afternoon at 4.15 o'clock. Rev. J. G. Potter will deliver an address.

—The Post says:—A deputation from the Board of Health and Town Council waited on the county council this morning and brought before that body the need of an isolation hospital at Lindsay.

—For the convenience of those who have friends at a distance We have a good assortment of Xmas cards now on display. See our leader a nice fancy box containing ten lovely cards for only twenty cents each. Times Bookstore.

—Mr. Robt. Annis, of Bowmanville was very successful at the New York Horse show, winning two first prizes and two seconds on the four Hackneys he showed, aggregating in prize money $375. His name appeared in the list of large winners in the Gotham papers.

—Work on the lift lock near Kirkfield, on the Trent Valley Canal, will cease for the winter at the end of this week. Next spring the work will be resumed by some fifty men. The Dominion Bridge Company will push their contract to completion in a couple of months.

—The Brotherhood of St. Andrew in connection with St. John's church have made arrangements to observe St. Andrew's Day on Thursday next, Nov. 30th. Mr. N. F. Davidson, of Toronto, a former president of the Brotherhood in Canada, will be present and address a mass meeting in St. John's church school house.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

KNIGHTS CONVENE

Leading Knights of Columbus in Session Here.

A special convention of the Knights of Columbus was opened here yesterday. All the Grand Knights of the various councils in Ontario are present. State Deputy D. O'Connell, District Deputy F. R. Latchford, of Ottawa, and M. J. Gorman, Ottawa, are the representatives present from the Supreme Council of Ontario. Most important business is being transacted and the convention is being held in the rooms of the local council of the Knights of Columbus.

Among those present from outside points are: C. P. Monaghan, E. J. Hoban, Sault Ste. Marie; Jas. W. Morrison, S. J. Cottam, J. F. Browne, J. A. Cummings, Toronto; P. McCool, North Bay; J. McGlade, North Bay; E. F. Whalen, P. J. Weddle, M. J. J. Colgan, S. J. O'Donoghue, M. J. Quinn, H. T. Lee, J. J. Ryan, F. Campbell, Toronto; Hon. F. R. Latchford, Ottawa; D. R. Macdonald, Cayuga, Ont.; A. G. F. Macdonald, Alexandria; J. B. Davenport, Toronto; T. J. Hurley, Bellville; Thomas Hart, Deseronto; M. J. Gorman, Ottawa, and others. They are registered at the Orrental.

OF INTEREST TO HUNTERS

Local Signatures, a Petition to Extend the Deer Shooting Season.

Mr. H. P. Dwight, president of the Great Northwestern Telegraph Company, has sent a petition, requesting an amendment to the game laws, to be signed by the deer hunters in Peterboro. It is proposed by the chairman of the Game Commission, who is sympathy with the movement, to recommend the Government to change the open season from November to October, and to extend the time from two weeks to one month. The petition, which is being largely signed, reads as follows;—

To the Ontario Game Commission;

The open season for deer hunting in the Province of Ontario, after being altered about a number of times was fixed a number of years ago at fifteen days—from the first to the fifteenth of November;—while the open season in the adjoining province of Quebec is four months—from the 1st of September to the 31st of December.

The undersigned are of the opinion that the restricted season as at present has the effect practically of compelling and law-abiding deer hunters, if they go at all, to be in the woods together. Which is not only dangerous to hunters personally, but far more destructive to the game than would be the case if the open season was made longer with fewer hunters in the woods at the same time. The present open season is also objectionable from the fact that November is the rutting season, when the flesh of the buck is rank and unfit for food—venison being in its best condition much earlier in the season.

While, the undersigned do not recommend that the open season should be made as large as it has been fixed in the Province of Quebec, they would suggest that it would be made for one month, and for the month of October. Licenses to be issued for the first half or last half of the month at the option of the applicants.

The undersigned respectfully urge this change in the game laws respecting deer hunting, in the confident belief that so amended it will meet the approval of the great majority of law-abiding deer hunters in the province of Ontario.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

COMPULSORY VACCINATION

Lindsay Has Vaccinated Some 90 per cent of its Children.

The Lindsay Post says:—

"A special meeting of the Board of Education was held last evening in the town clerk's office. The Post was not notified, and hence cannot report a report, but we are informed by one of the members that the business transacted related to the unwillingness of some persons to comply with the Board's order that all school children must be vaccinated or [illegible] This is [illegible] per cent. of the pupils have complied with the regulations, and last night the Board ruled that the remaining 10 per cent. must toe the mark before Monday morning next, failing which they will be refused admission to the schools.

MARRIED AT FAIRVIEW

Miss Iva May Shaw and Mr. N. M. Henry United in Marriage.

A very interesting marriage was yesterday afternoon celebrated at "Fairview," the residence of Mr. W. Shaw, Otonabee.

A large number of friends from Port Hope, Ottawa, Owen Sound, Toronto, Peterboro, and other places witnessed the marriage of Mr. Shaw's eldest daughter, Miss Iva May to Mr. Norman Maxwell Henry of Millbrook.

The ceremony was performed by Rev. E. A. Langfeldt, M.A., rector of St. Luke's, at which church the bride is a member.

A very pretty feature of this marriage were the floral decorations, the happy couple standing during the ceremony under a massive bell of flowers and greenery.

The bride was attired in a gown of cream silk mulienne, over silk taffeta, with lace and chiffon trimmings and carried a bouquet of white roses. There were two bridesmaids, Miss Ada Shaw, of Clark, cousins of the bride, and Miss Olga Brand, of Port Hope. The groomsman was Mr. Jas. Henry, of Millbrook, brother of the bride.

After the usual dejeuner, and speeches were concluded, the bride and groom left on the 3 o'clock G.T.R. train for Port Hope and will make an extended tour, throughout western Ontario. On their return, Mr. and Mrs. Henry will reside in Millbrook.

Newspapers in Glass Houses.

A local contemporary, in Wednesday evening's issue, grew wrathy about some "Unscrupulous Morning Journal," that had copied articles which the journal in question had and has done for weeks, copied from the Buffalo Horse World. The fault found with the morning journal in question was this, so it was stated, had not given the Horse World credit for the original news. This omission may have been inadvertently made. But all papers occasionally omit by oversight to give credit for news "borrowed." Even the journal making this defense of the Horse World is not beyond copying verbatim from another paper, without giving credit, such news, for instance, as a social function at which its representatives did not happen to be present recently. No paper, with its readers' interests at heart will always stop at borrowing items of interest overlooked by its representatives. One motto is "Live and let live, give and take."

SOCIAL AND PERSONAL

—Mr. J. Eakins, of Millbrook, was in the city yesterday.

—Mr. W. J. Haynes, Campbellford, was registered at the National yesterday.

—Mr. John S. Bonny, of Ottawa, an old Peterboro boy, is in the city on a visit.

—Mr. W. E. Williams, of Manchester, England, who has been ill at the Oriental, is able to be out again.

—Messrs. W. S. Buckler and G. H. Gillespie, of Peterboro, were guests at the Simpson House yesterday.—Hamilton Spectator.

—Conductor D. J. McMillan, of the G.T.R. flyer, was in Hamilton yesterday attending the funeral of his niece.

—Mr. and Mrs. Alford, Downie street, have gone to New York, city, and will reside there in the future.

—Mr. Wm. Scott, of the Ashbutt Brewing and Malting Company, returned yesterday from a business trip to Lindsay.

—Mr. A. G. F. MacDonald, proprietor of the News, Alexandria, and former president of the Canadian Press Association, is in the city.

—Hon. F. R. Latchford, of Ottawa, former Minister of Public Works of Ontario, and Mr. M. J. Gorman, K. C., of Ottawa, are in the city.

—Mr. T. H. Hughes left yesterday morning for Montreal, where he will take the C.P.R. steamer Lake Manitoba, for Liverpool, Eng.

—Mr. J. Brown, of Toronto, formerly of the Canadian General Electric Company, was in the city yesterday attending the funeral of the late Robert Baker.

—Mrs. A. T. Kerr, formerly of Peterboro, will receive with Mrs. M. A. Turner at the Grand Central Building this afternoon, before leaving for Ottawa, where she will spend the winter.

—Mr. Thomas Gladman, of Exeter, Ont., is in the city on a visit, which may possibly extend over the winter. His many friends who greet him with warm welcomes are pleased to see him enjoying good health.

—Mrs. W. J. Green, of Kaiso, B.C., is in the city, the guest of Mrs. Wm. Stock, for a couple of weeks. Mrs. Green, formerly Miss Elvin, was connected with the Barnardo Home as matron for some years, and has many friends in the city who will be pleased to renew her acquaintance. She has just returned from a two months' visit with her father, in Southgate, near London.

Mr. R. Hill, Dunmmer Sues For Libel.

And now comes an after-the-clap of the Dunmmer tragedy. An action for unstated damages has been instituted by Robert Hill, of Dunmmer township, against James H. Dewart, also of that township, on a charge of libel in connection with a letter which appeared in an evening contemporary in September last, in which statements, it is alleged, of a libellous nature were made. A writ was issued some days ago at the instance of Mr. E. B. Edwards, K.C., who is acting for the plaintiff.

The latter was published on Sept. 7th, and is in connection with the Gow case.

RVING RELICS TO BE SOLD BY AUCTION

Will of Famous Actor Provides for Such Disposal of Famous Collection.

(Special Cable).

London, Nov. 25.

Sir Henry Irving's remarkable collection of curios, books and pictures is to be sold by auction on a date to be fixed by Messrs. Christie.

The fact that Sir Henry's rare collection of treasures should be put up for sale at all may appear strange, but Miss Irving, but H. B. Irving said the sale was in accordance with the terms of his father's will.

It is probably many years since so many valuable treasures as those which fill Sir Henry's home in Stratton street have been placed within reach of the collector.

Among the most notable are a pack of playing cards and silver counters that belonged to King Charles I. and are contained in a case inlaid with ivory. The designs of the cards, including the costumes of the kings, queens, and knaves, are worked in colored silks. There is also a leather goblet which once belonged to Oliver Cromwell, and which Sir Henry used in the part of Werner.

ACTORS' MEMENTOS.

Of theatrical relics Sir Henry had probably the finest collection which has ever been brought together. Garrick's gold ring, with a miniature of the actor, was given him some years ago by Lord Rosebery. The sandals worn by Edmund Kean as Brutus and the two swords worn by the same actor are also among the relics.

Remarkable interest will also attach to Sir Henry's first playbill. It is dated September 29, 1856, and relates to his first appearance on any stage at the New Royal Lyceum Theatre, Sunderland. Though yellow with age, it is in other respects perfectly preserved.

Sir Henry Irving's pictures include the famous "Old Battersea Bridge," by Whistler, and a magnificent engraving of Charles I. by Mathew Antonius, of Antwerp. Besides these there are two interesting sketches by Sir John Tenniel, of Othello and Shylock, illustrating his ideas of their costume.

Included in the library are albums and scrap-books relating to Macready, Charles L. Mathews and Charles Kean. Other relics consist of an Elizabethan dagger once owned by Lord Byron and a mask of Shakespeare's face.

CORPSE IN A SACK THROWN INTO LAKE

Wife and Family of an Old Man Suspected of Murdering Him.

(Special Cable).

Rome, Nov. 25.

Suspicions are circulating in the village of Griante, five miles from Menaggia, that the wife and family of Giovannis Prina have murdered him.

Prina, who was 69 years old, disappeared at the end of August, and no satisfactory explanations being forthcoming, vague rumors of foul play passed among the villages. Finally, one of the sons, who lived at Menaggio and was on bad terms with the rest of the family, communicated his suspicions to the police. Inquiries were made, but owing to the general fear of vendetta no evidence could be obtained.

Now, however, a boatman has come forward with a startling story. He says that another of Prina's sons told him to be on the lookout during the low tides on Lake Como for a large sack which he had recently thrown into the water. He forbade the boatmen to mention the matter on pain of death.

Locally it is asserted that the wife and sons of Prina murdered the old man by beating him with sticks, tied up the remains in a sack, and threw them into the lake.

ANKLETS OF GOLD NOW FASHION'S FAD

English Women Use Ancient Symbols of Slavery as Personal Adornments.

(Special Cable.)

London, Nov. 25.

The anklet, after hundreds of years, has returned to favor, and is to grace the slender ankle of the belle of today.

The modern anklet resembles the plain gold band first worn as a sign of bondage.

Being a slave no more, woman, as is her habit, is only too glad to play with the symbol of slavery, provided the symbol is becoming. Therefore, the anklet graces the foot of the girl who wants to be just a little more than merely up to date.

Oriental anklets are much in demand, and in many instances these are supplied with a hinge and clasp, and slip round the foot easily.

Some of the new anklets are the tiniest gold bands inscribed with ancient charms, said to defend the wearer from all diseases and from evil of every kind.

Other anklets are made of precious stones strung together. These are worn under the stocking, and scarcely show through, so fine and small are they.

Phoenician gives or beaten gold anklets carved in hieroglyphics are very popular, and will probably be worn at winter dances.

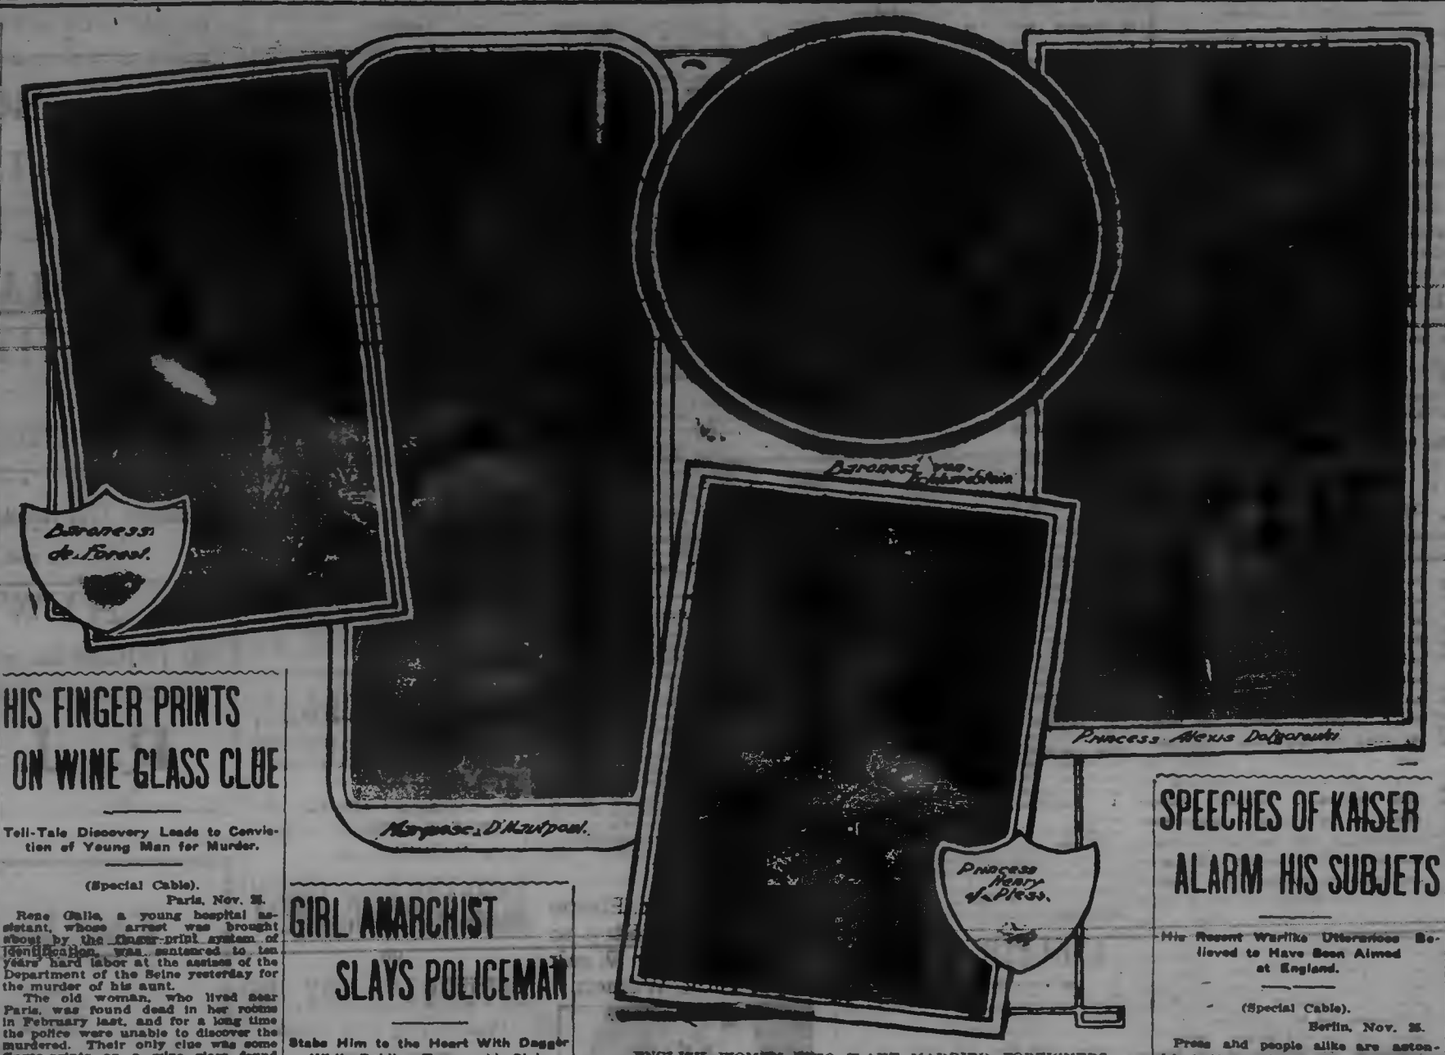
LOVERS BOUND WITH WIRE.

Young Couple Found Tied Together in Embrace of Death.

(Special Cable.)

London, Nov. 25.—Locked in each other's arms, and with their lower limbs fastened together with barbed wire, the bodies of a young girl and man were found in a pond near Fallowfield Athletic Grounds, Manchester, yesterday.

The girl has been identified as Gertrude McKay, Egerton terrace, Stockport road, Manchester, aged 16, who had been missing from her home for three weeks, and the man has not been identified, but is believed to have been employed on the railway at St. Helens.



ENGLISH WOMEN WHO HAVE MARRIED FOREIGNERS.

HIS FINGER PRINTS ON WINE GLASS CLUE

Tell-Tale Discovery Leads to Conviction of Young Man for Murder.

(Special Cable).

Paris, Nov. 25.

Rene Gallo, a young hospital assistant, whose arrest was brought about by the finger-print system of identification, was sentenced to ten years' hard labor at the assizes of the Department of the Seine yesterday for the murder of his aunt.

The old woman, who lived near Paris, was found dead in her rooms in February last, and for a long time the police were unable to discover the murderer. Their only clue was some finger-prints on a wine glass found near the dead body.

A comparison of these with other prints at the central detective office, made a month ago, pointed to Gallo as the murderer. He was arrested, and a strong case made against him, which ended in his conviction yesterday morning.

STRUGGLE FOR LIFE ON EDGE OF CLIFF

Plucky Custom House Officer Attempts to Capture Smugglers and is Hurled Over.

(Special Cable).

Geneva, Nov. 25.

A terrible struggle took place yesterday in the snow on the summit of the Splugen Pass between two smugglers and a Swiss custom house officer named Nicoletti.

The smugglers, who were taking a large quantity of tobacco into Italy, were pursued by Nicoletti, who, in his haste, omitted to take his rifle with him.

The Swiss officer caught the smugglers after a long chase, and a fierce struggle ensued near the brink of a precipice.

Nicoletti was eventually overpowered by the two smugglers, who hurled him down the precipice and escaped.

The courageous Swiss was picked up by a search party in a dying condition.

PEER'S SISTER DEAD IN CHANNEL WRECK

London, Nov. 25.—The Southwestern Railway's cross-channel steamer Hilda foundered off the French coast this morning with a loss of more than 100 persons on board. Five of the passengers and one member of the crew were rescued by a passing steamer and now are on their way to Southampton. An unconfirmed report has reached Paris that seventy persons were saved.

The Hilda left Southampton Friday night for St. Malo, on the north coast of France. Her passage was greatly delayed by a fog in the channel, and when nearing St. Malo she ran into a severe snowstorm, apparently missed her course, and foundered on the rocks off Cardin lighthouse, three miles from St. Malo.

The company's steamer Ada, outward bound, from St. Malo, rescued five of the passengers and one of the crew.

St. Malo dispatches state that it is understood that there were about twenty first-class passengers, including several English people. Among the latter were the Hon. Mrs. Butler, sister-in-law of Lord Lansdowne, and Col. Follet. Though it is not certain that these actually were on board, they were expected to travel by the Hilda, and it is known that all the first-class passengers were drowned. These passengers were English officers and others who were coming to rejoin their families or to spend the season at St. Malo and Dinard (opposite St. Malo).

The crew numbered twenty-six, and there were about a hundred third-class passengers, all Frenchmen, the majority being cotton dealers from St. Brieuc and neighborhood.

A telegram from St. Servan, adjoining the town of St. Malo, gives the few particulars yet available. The Hilda struck the rocks at four o'clock Sunday morning in the roadstead off the Island of Cezembre.

GIRL ANARCHIST SLAYS POLICEMAN

Stabs Him to the Heart With Dagger While Raiding Treasonable Club.

(Special Cable).

Bucharest, Nov. 25.

While engaged in searching for a missing school girl the police at Jassy discovered an anarchist club, composed of girls from 14 to 20 years of age.

Anetta Vanescua, the 18-year old daughter of a local tailor, was presiding over the deliberations of the club, which was held in a disused wine cellar, on the walls of which were painted in red various revolutionary mottoes.

About thirty girls were present, and upon the arrival of the police all began to sing the anarchist hymn, "Internationale."

When the police announced that the members of the club were under arrest, the girl Vanescua rushed at one of the constables and stabbed him with a dagger, inflicting injuries from which he died shortly afterward.

Meanwhile, four other policemen arrested the rest of the girls, who fought desperately, scratching and biting the police.

A large quantity of anarchist literature, printed in Roumanian and French, was discovered in the cellar.

SWELL THIEF CAUGHT AT WORK ON TRAIN

Destroys Ticket Which Bore His Photograph, and Identity is Unknown.

(Special Cable).

Rome, Nov. 25.

Last night detectives had the good fortune to arrest on the Rome-Paris express one of those pests who have lately made railway traveling in Italy positively terrifying to the tourist class through audacious, ever-recurring robberies.

Two English first-class passengers in a Pullman car simultaneously discovered themselves minus their respective pocketbooks, one containing $70 and the other $120 in paper money. Just then an elegantly dressed individual withdrew into the toilet compartment, where he remained a considerable time. The detectives set a watch, and after the suspect's exit the entire haul was found secreted behind the door. Realizing his position, the thief drew an international tourist ticket from his pocket, and hastily tore out the appended photograph. The police immediately secured it, and gave the man into the custody of the Royal Carabinieri at the next station. His identity has not yet been disclosed.

MEETING OF ATHEISTS DISPERSED BY WOMEN

Armed With Sticks They Invade a Cemetery and Drive Unbelievers Out.

(Special Cable).

Geneva, Nov. 25.

A band of Swiss women broke up an atheist meeting in the cemetery of Claro, a little village in the canton of Tessin, yesterday.

The atheists were being harangued by a Russian revolutionist, and the women, indignant that their men folk would not repudiate the "blasphemies," armed themselves with sticks, and drove out the atheists with blows. The police had to be called in to disperse the infuriated women.

WIVES OF FOREIGN NOBLES WHO ARE OF BRITISH BIRTH

Many Daughters of Illustrious Houses in England United in Marriage to Proud Aristocracy of Europe.

(Special Cable).

LONDON, Nov. 25.

Few Englishwomen of our time could hope to rival, and none to surpass, the triumph of the Princess Henry of Pless in the role of the Queen of Sheba, which she chose for herself on the occasion of the jubilee ball at Devonshire House. The one word that describes the blonde beauty of face and the elegance of form of the Miss Daisy West of a few short years ago is "regal," and it is not for nothing that she counts her descent from Henry II. and Eleanor of Provence.

Born in the state bedchamber at Ruthin Castle, her girlish days were spent with her sister, Shelagh, the present Duchess of Westminster, in simple rusticity, from which she emerged in her 17th year, to take the town by storm on the occasion of her first appearance at court.

Before the summer was over she met her fate at a garden party, in the person of the handsome scion of Wilson's proudest family. Prince Henry of Pless. Two months stood sponsors to her son, and, whether in Berlin or at Cowes, at Ascot or in Ostend, she still holds undisputed sway.

PROTEGE OF HER MAJESTY.

The same relation, now fourteen years ago, that withstood the Pless wedding was marked also by another interesting match, when Miss Julia Manor, the orphan daughter of one of Queen Alexandra's oldest friends, became La Marquise d'Hautpoul. She enjoyed, and still enjoys in a very special sense, the inner life of Sandringham, where she throws off the spirit of reserve that marks her deportment in general society.

The Marquis himself, a fine representative of the old aristocracy of Toulouse, has been suffering from a painful operation this autumn, and the Queen has shared the anxieties of her protege to the full. A couple of years ago the Marquise passed through a severe illness, through which she was attended by the constant solicitude and the capable nursing of her Majesty.

Among the royal Rajes her greatest confidante has ever been the Duchess of Fife, whose prowess with the rod and line she loves to emulate, and her last Christmas gift to Her Royal Highness was a dainty book of salmon flies, tied with her own deft fingers.

A PRINCESS OF MUSCOVY.

It was from the house of her friend, Miss Fleetwood Wilson, that Miss Daisy West drove to her wedding with Prince Henry of Pless, and seven years after the compliment was returned, at the disposal of Miss Wilson for her honeymoon with Prince Alexis Dolgorouki.

The Princess Alexis came fleet of her liking on her entrance to the south of Russia, but she is still a popper in London society, and when she appeared with a tiny diamond coronet of a new design her example was eagerly followed by many other beautiful women, among whom Emily de Trafford was not the least. One of the special features of her boudoir in Mayfair is an endless collection of silver frames, enshrining the photographs of her many intimates in the brilliant world.

She usually spends the autumn at Breamar, but this year has had to remain in town for the purpose of undergoing an electric cure, and her annual visit to Muscovy is postponed. The Princess is devoted to her young family, the adored one of them being the little daughter of her own, she is always on the lookout for opportunities of organizing diversions and other delights for other people's youngsters, including those of her humblest acquaintances.

GREATEST HEIRESS OF HER YEAR.

Another Silesian noble, Baron von Eckhardstein, did not find his wooing run so smoothly as his greater compatriot, Hans Heinrich of Pless. But the secret of diplomacy is patience, and patience rewarded him with the hand of Miss Grace Maple, and it is no wonder that with such a helpmeet-clever, thoughtful, handsome, the very image of her name—the Baron has, in ten short years, developed into a typical Englishman.

The Baroness is noted for her amazing pearls, which suit her fluffy hair and slender throat to perfection. She was one of the most delightful hostesses at this year's Cowes, and is greatly liked by the votaries of the outdoor sports which her father did so much to foster.

As the adopted son of the late Baron Hirsch, Baron de Forest has enjoyed the friendship of King Edward from his earliest days. His wedding last year with Lord Gerard's sister, the Hon. Ethel Gerard, gave to English society a new host and hostess who have already distinguished themselves by their charming hospitalities.

The King himself found time during the busy Cowes week to see and praise the Baron's new yacht, the swift 1000-ton cruiser, which may be regarded as the last word in floating palaces. The Baroness is petite, dark-eyed, with a wonderful coronal of hair, which half conceals and half reveals the thoughtful brow of her race.

LORD KINNOUL'S SISTER.

The mother of Count Alexander Munster was a Dolgorouki before she wedded the famous German Ambassador to Paris, and her stalwart son was, therefore, setting an example to his relative, Alexis, when he led to the altar Lord Kinnoul's sister, Lady Muriel May.

The Countess is a dainty personality, brimming over with happiness, and when the late Empress Frederick was living at Friedrichshof no one was more welcome to her intimacy than the young bride, who determined from the first—that was fifteen years ago—to throw herself heart and soul into her husband's ambitions.

Yet, she has never abandoned her early friendships, and no parties during the Homburg season are merrier than those which are assembled in her elegant house by Lady Muriel Munster.

CONTRASTS IN FORTUNE.

Rich Man's Downfall and Good Luck of Tramp.

(Special Cable.)

London, Nov. 25—Fortune plays grim pranks. Roger Evans, who years ago owned a flourishing brewery business in Cardiff, died at the local workhouse yesterday. He was a native of Cardigan, and it is computed that he was at one time worth nearly $200,000.

In sharp contrast to this is the fact that an inmate of the Nottingham Church Army Labor Home has just been left $15,000 by an aunt who has died in Sheffield.

Enthusiasted from want of food and in an advanced state of consumption, the man, Williams by name, sought shelter in the workhouse. He had tramped for seven months searching for work.

SPEECHES OF KAISER ALARM HIS SUBJETS

His Recent Warlike Utterances Believed to Have Been Aimed at England.

(Special Cable).

Berlin, Nov. 25.

Press and people alike are astonished, if not alarmed, at the warlike tone of the Kaiser's latest series of speeches, which on the day of the unveiling of the statue of the "Great Silent One," as the Germans call Moltke, culminated in the defiant world challenge of the toast, "To our people in arms."

The general astonishment is rendered more acute by the remembrance of the Kaiser's proclamation of his "unceasing efforts for peace," only a few days ago.

Since the already famous toast was pronounced at a time when more than one statesman in England is making his voice in favor of the improvement of Anglo-German relations, people here are asking themselves, "Are we really on the eve of war, and with whom?"

The more important papers observe a strict silence on the subject. Others dwell upon the rhetorical values of the speeches, with the wish to make it appear that the Kaiser's post-prandial eloquence is of no political importance.

But the rabid Anglophobe papers plainly tell their anxious readers that the Kaiser was addressing himself to Great Britain, and that he is ready to back his words with the "Mailed Fist."

In court circles it is whispered that the Kaiser's bellicose speeches are a direct reply to an article which recently appeared in a London court journal.

CONSENT TO WEDDING ARRIVED TOO LATE

Boy and Girl Lovers Commit Suicide After Throwing Money in Crowd.

(Special Cable).

Paris, Nov. 25.

Raymond Caquet and Leontine Girondelot, a young couple from the Ardennes, who had eloped, committed suicide in the Hotel Favart yesterday afternoon, after throwing all their money to a crowd in the street.

The attention of the passers-by was first attracted by a shower of coppers falling from the hotel window. Silver, gold and then banknotes followed, and the crowd grew with amazing rapidity.

A minute after the money ceased falling eight revolver shots were heard in quick succession. Policemen and hotel servants rushed upstairs, and found the young people lying on the floor—the girl dead, with three bullets in her head, and the boy dying, with five in his head and body.

The boy, who is the son of a wealthy wine merchant, is only 20 years old, and the girl 15. They ran away together a few days ago, and telegraphed to their parents asking for consent to be married. They received no answer, and decided to die together.

Soon after they shot themselves a telegram giving their parents' consent to the wedding arrived.

INSANE NURSE KILLS CHILD.

Woman Attendant at Hospital Develops Homicidal Tendency.

(Special Cable.)

London, Nov. 25.—A terrible crime was perpetrated at a nursing home in Regent Hill crescent, Brighton, yesterday.

Dr. Helen Boyle, on going into one of the bedrooms, found that a nurse named Emily Cannon had suddenly become insane. In the room was the dead body of an infant, whose throat had been cut.

Close by was a surgical knife, with which the act had been committed.

Cannon and the child occupied the same bedroom, and the nurse, who has been removed to the infirmary, is supposed to have killed the child with homicidal mania in the night.

TWICE ESCAPED ARREST IN COFFIN

Strange and Gruesome Device Resorted to to Fool Officials of Court.

(Special Cable.)

London, Nov. 25.—A strange and somewhat gruesome device, by which a man named Baker, charged yesterday with fraud, succeeded in once evading arrest, and a second time in effecting a humorous, was described at the West Ham Police Court.

On one occasion when [illegible] Baker was understood to be at an undertaker's shop at Manor Park, and the officers of the court went there to apprehend him. But he could not be found, though the place was thoroughly searched.

On trestles in the shop was a coffin, in which the police were informed there lay a body. In the presence of the officers the coffin was screwed up and taken away to, as was intimated, a public mortuary.

A day or by later it was discovered that the supposed dead man in the coffin was no other than Mr. Baker, whose friends had collaborated with him in this way of evading arrest.

On the second occasion a judgment summons was to be served. This time a woman at the house said that Mr. Baker was very ill and could not be seen.

When the officers next called the blinds were all down, and they were told that the defendant had died that morning. Then came a coffin, and the "body" was again removed.

After each of these adventures Mr. Baker started business in another part of London.

He has now been sent for trial on the charge of fraud.

GIGANTIC CARPET BEING MADE OF GRASS

Whole Village Engaged in Weaving Floor Covering Measuring 25,000 Square Feet.

(Special Cable.)

London, Nov. 25.—In the making of one gigantic carpet, 25,000 feet in area, 200 people—practically the entire population of the village of Glemsford, Suffolk—have been for many weeks employed.

It is to be laid at Olympia for the winter sports club.

Woven of cocoanut fibre and raffia grass, with a "pile" 1½ inches in thickness, and dyed green, the carpet looks and feels like genuine turf. It can be rolled smooth like a real lawn, and cricket, tennis and hockey balls "play" off it in precisely the same fashion as they do off real growing grass.

In the making of the carpet, which will cost £30,000, more than twenty tons of raffia grass are being used. When finished the carpet will weigh forty-six tons.

During the winter croquet, lawn tennis, cricket, football, hockey, polota and other games will be played on it.

AMERICAN FLAUTIST OBJECTS TO KISSES

They Spoil Muscles of the Mouth, She Says, and Thereby Affect Her Art.

(Special Cable.)

London, Nov. 25.—That the habit of kissing prohibits greatness as a flute player is the reason given by Miss de Forest Anderson for not indulging in osculation.

Miss Anderson is a young American flautist who made her debut before a London audience at the Queen's Hall on November 10. "You have to choose now," she was told by her doctor and music teacher, "whether you will be a first or a flautist." She chose to be a flautist, vowed she would never kiss, and has since refused the kisses of cowboys and duchesses.

"The reason of the prohibition," she explained yesterday, "is, of course, physiological. The muscles of the mouth of a flautist are delicate and sensitive to a degree. There are few great flautists—the really great never kiss. I hope that this is not egotistical.

"I receive kisses in letters. I have battled against kisses on platforms. Not long ago I was playing at the house of one of your duchesses. I pleased her greatly. She put her arm around me, and I was tempted—but I explained to her and she forebore."

The Princess Henry of Hess and the Duchesses of Sutherland are taking an interest in Miss Anderson, who plays half a dozen instruments, is a composer, and has earned fame as a flautist in her native land.

IMITATING THE "FRISCO KID."

Kilted Scot, With Blacking-Box and Brushes, Astonishes Parisians.

(Special Cable).

Paris, Nov. 25.—W. Martin, a Glasgow youth, caused a considerable sensation in the Rue du Temple yesterday.

He was attired in Highland kilts, with sporran, and carried a blacking-box and brushes. A crowd collected, and one who knew English spoke to him.

"I have come to Paris to polish the boots of the most distinguished citizens," he said.

He was taken to a police station, but was released after giving a satisfactory explanation of his affairs.

NEWSPAPER SUPPLIES PLAYS.

Offset to Drastic Action of Society of Dramatic Authors.

(Special Cable).

Paris, Nov. 25.—In consequence of the drastic measures taken by the Society of dramatic authors in refusing to allow M. Richepenard, the proprietor of the Folies Dramatiques Theatre, to play the pieces of any of its members, the Matin has given him a play written by members of its staff.

It is entitled "Love's Volcano," which is the name of the play by M. Michel Carre, which M. Richepenard was forbidden by the society to stage. The Matin also says it supply pantomime plays to all theatres which are now or may be of impenthusiasts with the Society of Dramatic Authors.

IDLE THOUGHTS

ON MATTERS LOCAL, NATIONAL AND UNIVERSAL.

As the innovation at St. John's church in the matter of uniform vestments for the choir, lady members is to be copied by the Methodist, and may be the Presbyterian churches. It is not many years back when the further removed dissenting churches from that of England's established church the better to some minds, and it is pleasing to note that the poor old church, with a history of which she may pardonably be proud, is still thought worthy of emulation, in some respects at least. This is only a small matter, it is true, on which to agree, but in these days of sectarian divergency, even the most insignificant unison in religious ranks is as welcome as flowers that bloom in the spring. In the Christian world there are so many "gates" to heaven that the would-be heathen convert is at a loss which to choose. Undoubtedly the cause of Christianity has prospered somewhat in heathen lands, but Buddhists, Mohamedans, Confucists, and the like, who are of one intelligent accord in the matter of worship, certainly look askance on a religion which embraces so many different denominations—and they are increasing every year. The march of Christianity throughout the whole world has one as yet unconquered enemy and that is "dissension."

* * * * *

It's pretty hard for England to please Germany in her foreign attitude. But a few moons ago every speech uttered by British statesmen regarding Britain's foreign relations was permeated with a veiled threat against the "Fatherland," according to German Jingoists, and now that John Bull's public men have cut out the word Germany" from their public utterances, they are accused of sinister motives for doing so. In the words of an official of the Kaiser, British jingoes ast only object to England fraternizing with Germany, but are determined to prevent Germany fraternizing with anybody else." Of a truth, this is admitting Germany's pitiable weakness in her foreign relations, and England's phenomenal strength. Lo, how have the mighty fallen! For years past Emperor Bill has cut a ludicious figure astride his little cock horse, with flourishing sword, and inebriated by the exuberance of his own martial arrogance. To him more than any one else in his empire may be attributed the present estrangement of one Anglo-Saxon race from their Anglo-Saxon brethren in Europe. His Imperial High and Mightiness has never lost an opportunity of insulting the people his grandmother ruled and his uncle now rules. England's embarrassment was Billy's undisguised pleasure on more than one occasion; but Germany finds no joy in her present isolation, anything but splendid as was that of England, and Britain's alliance with powerful Japan in the east, her entente with France, and her understanding with Russia, all of which goes for world peace. The German Emperor has missed his mark, and only succeeded in antagonizing Britishers against Germans, to no good for his own people. When the Jamieson raid occurred in the Transvaal, he made the mistake of congratulating Kruger, and brought the British Government and a flying squadron about his ears. He next blundered in asking the British Government to stop free-born Englishmen from singing in London music halls a topical song applicable to that occasion, in which his august majesty was dubbed "Emperor Billy;" he only succeeded in having another verse added to the song, more humorous if anything than the preceding ones, and with the English rank and file he has been "Emperor Billy" ever since. And up to date his German majesty has on many occasions come conspicuously to the front in pronounced opposition to England's interests; his aggression has been evidently contagious in the "Fatherland," and John Bull 'can't forget." There was at one time every reason to look for an Anglo-German alliance, and had Emperor William manifested but one half the kingly courtesy and deportment, together with the diplomatic acumen, of his royal uncle of England, that entente would have been consummated years ago, in the interests not only of the contracting parties, but of world peace.

* * * * *

Talking of topical songs, it may be interesting to Canadians to understand just what such songs mean to English people. One seldom hears a topical song in Canada. As heard in London and other Old Country music halls, while they cannot be characterized as specimens of poetical or musical excellence, they appeal to the patriotism of the nation, and their reception is frequently no uncertain indication of what England's policy MUST be under certain conditions. Take for instance the time of the Balkan treaty, when Lord Beaconsfield represented England at Berlin, in 1878, a critical period preceding which English interests in Southern Europe had been ignored by European powers and in consequence of which the British Lion was aroused. Here is a type of a topical song with which every music hall then rang:

The Turkey was put on the table,
And Russia, she held the fork;
Germany held the carving knife,
While Austria did the talk.
France stood by with a napkin,
The rest of the folks were out;
Germany said we'll now begin
To carve the bird about;
But, lo, the door was opened,
Old England said good-day;
Before this dinner commences
I'll have a word to say.
You didn't expect to find me here;
But now I'm on the spot,
I'll not stand by with a careless eye
And see you gobble the lot.

And here is another sample:

We don't want to fight
But, by jingo, if we do
We've got the ships, we've got the men and the money too.
We beat the Bear before
And while we're Britons true
The Russians shall not have Constantinople.

The enthusiasm with which these crude topical songs were received at such a time can be better imagined than described, and emanating from the masses, the material from which England's fighting power is gained, was a pretty safe indication of the nation's mood. And John Bull doesn't hide his enthusiasm on such occasions beneath a bushel. On the contrary, he does it handsomely.

* * * * *

It is quite right and proper that the City Fathers should take time by the forelock and look forward to wharfage facilities. No doubt West Peterboro's member for the Dominion House will urge upon the Minister of Railways and Canals the desirability of drawing upon the Government's chancellor of the exchequer for a part of "the needful" with which to construct our barge accommodation, yet in the perspective it is true, but coming sure. Mr. Hall might also, while he is about it, secure the Minister's ear not pledged to Port Hope, and, in his customary persuasive language, point out that this recently acquired constituency by Liberalism is particularly solicitous that the Canal's outlet shall be at Trenton. And above all things, let him emphasize the fact that our famous life lock has been working half time for want of a gateway of some kind into Old Ontario, and into the upper waters from Georgian Bay.

—M. C.

BAD WASHOUT

Two Ladies Fall in Where Water Pipe Bursts on Water Street.

Last night a "hurry up" telephone message was sent into the police station, notifying them of a bad washout at 861 Water street. An urgent appeal was made to the police to locate either City Engineer Hay or Superintendent Henderson.

It seems that the large new water main, recently laid along Water street had badly burst opposite the location named above. Water was rushing out furiously and a great cavity, within a very few minutes yawned for victims in the dark. Everything in the vicinity was soon in a state of liquid mud.

Two ladies passing by, in some way happened to approach too near and were at once plunged into the dark and muddy crevice washed out by the rapidly flowing water. It was only with some difficulty that they were rescued from their perilous and unpleasant predicament. After some searching Superintendent Henderson was found, and he, at once rushed to the spot and cut off the flow of water.

Owing to the late hour of this intelligence reaching us, we can only give telephonic notes received of the occurrence. Full particulars in next issue.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

RUGBY.

Come on, come all! Back up our local pig skin pastors. They have carried Peterboro's colors to victory so far this year, and this afternoon they will probably pull victory again out of a sturdy opposition.

* * * *

The game at Riverside Park, this afternoon will be the best and swiftest that the white and blues have run up against this season. Should the clerk of the weather be in propitious mood there will be the largest crowd at the game that Peterboro has seen in many a year.

* * * *

The Deedes touch and their backers are confident of winning, but "there are others!"

* * * *

The Times yesterday had a supplementary telegram from Mr. J. A. Culverwell, Port Hope, expressing his sympathy and hopes for Peterboro's football players this afternoon. He as yesterday's wire again expressed regret at inability to be present at this afternoon's great contest.

* * * *

The line-up of the back division will be somewhat changed. Mathern will be at full back and Meagher will be at quarter. Gillespie being moved back to the half line. This shake-up it is felt, will materially strengthen the team and with Crowley on the half-line, the team will be as strong as possible. Meagher has all the qualifications of a quarter-back and should help much in stopping the Deedes bucking game.

The team will line up as follows:—
Scrub—Mathews.
Right Field—Crowley.
Centre Half—Shaw.
Left Half—Gillespie.
Quarter Back—Meagher.
Centre—Hurtubise (captain.)
Outside Wings—McDonald, Regan.
Outside Wings — Gilbert, Drough, Scarve—Quinlan, Hall, Fitzpatrick and Simon.

* * * *

—The annual meeting of the Conservatives of East Peterboro will be held in the town hall, Norwood, on Wednesday, December 6 at one o'clock p.m. The election of officers and organization work will be the most important business before the meeting which will be addressed by a prominent speaker from Toronto.

—The revival services in the Baptist church, Indian River, have been concluded. They were most successful and as a result a large number of new members received baptism and were accepted into full membership of the church, while many were deeply impressed. The services were conducted by Rev. Mr. Steadman and Rev. Mr. Brace of Peterboro, performed the baptismal ceremonial.

* * * *

CURLING.

Some forty sturdy wielders of the broom assembled Thursday night in the curling rink, to organize for the coming season. Judging by the wind of last night they will soon get busy.

The secretary-treasurer's report was read and proved very satisfactory. Much praise is due to such officers of the club as Messrs. J. S. Knapman and G. H. Giroux, for the energetic and intelligent efforts towards making local curling a success.

The financial statement showed receipts of $765.79, with an expenditure of $466.18, leaving a balance on hand of $299.61; this amount when deducted from the rental expenses, leaves a deficit of about $70, which was wiped off by subscription.

The election of officers resulted as follows:—

Patron and Patroness—Mr. and Mrs. C. McGill.
Hon. President—Mr. W. G. Morrow.
President—Mr. T. Brightman.
Vice-President—Mr. T. F. Matthews.
Secretary-Treasurer — Mr. R. M. Waddell.
Representative Members —Messrs. W. G. Fergusson and E. B. Edwards.
Executive Committee — Messrs. R. Neal, W. H. Denham, J. S. Knapman, F. H. Dixon, G. H. Giroux.
Membership Committee — Messrs. W. G. Murrow, T. F. Matthews, A. Moore, R. Neal, T. Brightman, J. S. Knapman, W. E. Talbot, F. H. Dixon, J. E. A. Fitzgerald and C. N. Brown.

Messrs. W. G. Morrow, retiring president, T. Brightman, president; J. A. Cameron, Thos. Rutherford, F. F. Matthews, J. S. Knapman, J. H. Gibson, W. H. Denham, and others, made short addresses in connection with the club and its future prospects.

A NEW COMPANY

Mr. Dunslow's Recent Auxiliary Establishment Now Working

As noted in a former issue of The Times, Mr. H. Dunslow of the "Framery," some time ago, secured possession of a factory situated on Edinboro street, his rapidly increasing output of goods demanding such an auxiliary.

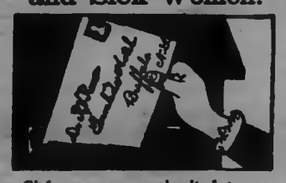
The factory was yesterday working full blast, and Mr. Dunslow's recently added manufacturing facilities will now enable him to fill his large volume of orders for "Silent salesmen," wall cases, plate glass fronts, etc.

A new company is now in process of organization to manufacture such goods as enumerated above, and will be entitled the Peterboro Show Case Co. Mr. Dunslow will be manager of the company. It is intended shortly to apply for letters of incorporation. Such goods as Mr. Dunslow's company will turn out, in conjunction with the Framery and factory, cannot but advertise Peterboro throughout the Dominion. For particulars watch adv. columns of next week.

A Rare Musical Treat.

The public of Peterboro are about to enjoy a rare musical treat. On the evening of December 7th, the Grand English Concert Company, will appear in the Grand Opera House, and give one of their celebrated entertainments. Among those to appear are Miss Hope Morgan, soprano; Madam Beatrice Langley, violinist; Mr. Stanley Adams, baritone and Miss Myrtle Meggie, pianist. This concert is given under the auspices of the Ladies' Auxiliary of the Y. M.C.A. It is anticipated that so superb an attraction will draw a crowded house. For further particulars, see adv. in future issues of The Times.

A Letter to Dr. Pierce is the First Step to Health for Weak and Sick Women.



Sick women are invited to consult Dr. Pierce, by letter, free, and under seal of the strictest privacy. In a little over thirty years of practice as chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. Pierce, assisted by his staff of nearly a score of physicians, has treated and cured over half a million women. Address Dr. R. V. Pierce, Buffalo, N. Y.

Offers of "free medical advice" made in imitation of Dr. Pierce's offer of *free consultation by letter* are advertised by persons who are not physicians, and are not qualified to give medical advice. Every woman should consult her own safety by careful inquiry into the genuineness of such offers.

There is no offer similar to Dr. Pierce's, which has behind it an institution of national note, such as the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., with its staff of nearly a score of physicians, presided over by a specialist of Dr. Pierce's experience and success, in the treatment and cure of diseases peculiar to women.

How Other Women Have Been Cured.

"I suffered untold misery for many years with uterine trouble," writes Mrs. Mary R. Wilcox, of Emo (Rainy River) Algoma Co., Ont., "until I commenced taking Dr. Pierce's good medicine and used the local treatment as advised. I took two bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery.' I also sent for one box of your 'Antiseptic and Healing Suppositories.' I have only used two and that was two months ago. I would advise every woman who suffers from ulceration of the uterus and piles to use Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' They are the best medicines in the world. Also write to Dr. Pierce for his fatherly advice. I have felt better in these past seven months than I have for years. Every month I used to have to go to bed and have hot poultices and take laudanum to ease the pain. I don't go to bed now nor do I take laudanum."

"I have used your medicine as you directed," writes Mrs. Caroline Hammac, of Hammac, Escambia Co., Ala. "I have only used one bottle of Dr. Pierce's Favorite Prescription and in connection I used one bottle of 'Golden Medical Discovery.' Six doses a day, three of each, and sometimes I used the tablets as you directed. I feel well. I am hard at work and have been for some time. I had been under a good doctor five years for this same disease and you see how quick your medicine cured me."

"About a year ago I had a misbap which left me in very poor health for some time afterward," writes Mrs. Cass Johnson, of Gordon, Sheridan Co., Nebr. "I employed a local doctor but got only temporary relief, until I commenced using Dr. Pierce's medicines, which I did after consulting you. I am now as well as ever. I took five bottles of the 'Favorite Prescription' and one of the 'Golden Medical Discovery.' I would recommend these medicines to all who suffer as I did."

If you are sick or ailing take advantage of Dr. Pierce's offer of free consultation by letter and write to-day to Dr. R. V. Pierce, Buffalo, N. Y.

AFTER THE SQUALL

By HONORE WILLSIE

Copyright, 1903, by Honore Willsie

The lake lay smooth and dark like a piece of smoked glass. Along the shore the early green of the trees melted into the hazy gray of the sky. At the college pier the reflection of the pier posts wavered serenely from the reflected roof of the boathouse.

"I'll do give one the nightmare," Peggy exclaimed as Jack handed her carefully into the boat.

"It looks like squally," said Jack, taking up the oars; "the sky, I mean, not the reflection."

"Pooh!" answered Peggy, curling herself up in the stern of the boat. "Do you suppose I'm going to let the prospect of a mere squall spoil my first boat ride of the year? Besides, we both can swim, can't we?"

Jack stared at Peggy with what was intended for a look of withering disdain.

"You bet, Peggy, if I thought there was any danger in this stunt I'd not take you."

Peggy raised her eyebrows. "Jack, what is the matter with you? Are you trying to be proud and haughty in an old sweater? My child, please recall that you had to be spanked into having your face washed. It is now, oh, Jack, too late to make an impression on my fresh young heart, I"—

"Gee, but you're crazy!" murmured Jack.

"And I," went on Peggy, ignoring the interruption, "I wish to state that this sudden development of courtesy in one who has pulled my hair and whose ears I have boxed both in sorrow and in anger makes me feel the necessity of reminding you that it is useless for you to fuss and put on airs, for you are nothing but a freshman after all."

Jack dug his oars viciously into the water, splashing his own red jersey and Peggy's white sweater.

"Strikes me you entered the same day I did. What time does that bloomin' matron say you'll have to be back?"

"Six o'clock. Otherwise it's Peggy before the house committee, and the Botany club depends on me to get the lichens to them before 7," she answered, making herself into a still smaller ball in the stern seat. The boat leaked a little.

"Oh, we'll be back in time easy. We'll reach the pines in half an hour."

Peggy looked a little anxiously at the sky. "That wind is coming up, Jack," she said. "I guess I'll get out the extra oars and help."

"You'll do nothing of the sort," answered Jack. "It's not a girl's work."

Peggy looked up quickly, then smiled to herself and settled back in her place again. It was very still and shadowed among the pines. The soft new needles smelled deliciously of spring, and the wind was only a faraway sigh in the treetops. The pine trees murmured, robins flickered among the soft fuzz of the new needles. Suddenly Jack pulled out his watch.

"Gee whiz," he said, "it's five minutes of 6!"

Peggy could feel herself going white. "Jack," she gasped, "it's not a funny joke to be hauled up by the house committee. They are all seniors, and no one is so hard on a freshman as a senior. They have been through all those scrapes and know how to strike hard."

They ran to the shore. In the shelter of the pines they had not realized that a heavy squall had grown out of the light wind of the afternoon. The water was thick with whitecaps, and the wind tore across the lake as if determined to aid the house committee against the delinquent Peggy.

Jack looked out at the water with lips tight pressed. "Peggy," he said, "I'll not venture out with you with a sea like that one, house committee or no house committee."

"Jack Howard," replied Peggy, "you've got to."

"Peggy!" He threw back his shoulders and eyed Peggy with dignity. "Peggy, you are not going to be drowned while I am around. I tell you I will not go till the squall is over."

Peggy threw back her girlish shoulders and eyed Jack with even greater dignity than his own.

"I'll not speak to you, Jack Howard, until you launch that boat." And with this she pulled her tam o' shanter down over her curly hair, walked back to the edge of the pines and, sitting down in the needles, stared with marked indifference at the sky above Jack's head.

Jack stood irresolute for a moment. Peggy had never looked more tantalizing. The white tam shaded a face that was almost irresistible, and he was conscious of an intense desire to obey the behests of that capricious, curly head even though so doing might lead to the bottom of the lake. But another look at the water and he withdrew to the foot of the tree opposite Peggy's. After lighting his pipe he stretched his boots with impassive face. Minute after minute went by, and the cold spring dusk came on.

"I'm just freezing to this old pine tree," thought Peggy, "but I just won't give in. Doesn't he look dear and tragic, though? I wouldn't have missed this row for anything. Rows do bring out the character so. Now, who would have thought that I could be so firm?"

Little by little as the night settled down the wind sank, and as it sank a fine misting rain set in. Lake and shore, pines and sky slowly melted into one gray green tone that gave Peggy a shiver of desolation. Jack looked at his watch.

"Half past 7, Peggy," he said. "I am going to launch the boat."

They rowed out into the lake in dignified silence. Peggy, in her old place in the stern, snuggled down into her sweater and wondered how long she must maintain her difficult isolation.

Finally, "We ought to be home in three-quarters of an hour," came in soothing tones from Jack's end of the boat.

No answer from the stern.

"A nasty rain," from the rower's bench.

No reply.

"It's almost too dark to steer, isn't it?" was inquired tenderly.

Still no reply.

Heavier and heavier grew the darkness, and wetter and wetter became the white sweater and the red jersey.

"Oughtn't we to be there by now?" asked a nervous little voice from Peggy's end of the boat.

Jack hauled in his oars, struck a match and looked at his watch. "Gads!" he exclaimed. "It's a quarter after 8. Where in thunder have we got to?"

"There seems to be nothing around us," said Peggy, "but water."

"Row more to the right, Peggy," said Jack. Then, after half an hour, "Try it to the left."

"Oh, dear!" sighed Peggy. "It's so dark. If we only could find a little something to land on!"

"Now, Peggy, dear," said Jack, "don't be frightened. I'll save you. I calculate that we are clear across the lake by now, and we will land at one of the lake farms and get some one to drive up to town. If we assure the house committee that we have been chaperoned ever since 9 o'clock they won't do very much to you."

"Oh, won't they!" said Peggy derisively. "You don't know them, my dear. They will have the time of their lives over me."

"Then," answered Jack firmly, "they will have me to reckon with."

"Isn't he romantic?" thought Peggy. Then aloud, "Oh, Jack, Jack, there is a light!" And in an instant they were bumping pier posts, the rough sides of which were eagerly grasped by the bedraggled pair in the rowboat. They landed and tied the boat.

"Hey, what's doing down there?" called a man's voice from the shore.

Jack took Peggy's hand. "The owner of the place," he said to her softly. Then he called, "I'm lost with a lady."

There was silence from the shore, and then the man's voice came back through the rain:

"Lost! Who are you?"

"I'm John Howard of Hull university."

"All right, come along, Mr. Howard."

Jack and Peggy walked carefully up the pier, and through the rain they saw a great building that seemed strangely close to the water for a farmhouse. A man whose face they could not see in the darkness stepped forward.

"Come right in," he said and threw open a door. There on a long bench that faced a racing shell sat a dozen men.

"Hello, Howard!" said one in a surprised sort of way.

With one gasp of disgust Jack pulled Peggy back out of the light.

"The varsity boathouse!" he groaned as they hurried across the campus. "Gee, I have done it! We'll never hear the end of this. We must have rowed clear around that confounded lake. And the way I announced to the chap who invited us in! We'll never hear the end of this."

"And my dose is a double one," groaned Peggy. "Think of the house committee."

Jack left her at the door of Rose cottage, and Peggy slowly climbed the stairs to report to the matron. But instead of fear a little tremor of joy made her throat quiver, and the prospect of her interview with the house committee was not even a needle point shadow on the clear serenity of her happiness, for as he said good night Jack had held her hand and whispered:

"Never mind, dear, we'll grin and bear it together. Won't we?"

Van Buren's Answers.

One day the merits of Van Buren were being discussed by a party of politicians on a Hudson river steamboat. One of the party had been dwelling on his noncommittalism and complaining that a plain answer to a plain question was never elicited from him.

"I'll wager dinners for the company," added he, "that if one of us shall go down to the cabin and ask Van Buren the simplest question that can be thought of he will evade a direct answer. You, and I'll give you leave, too, to tell Van Buren why you ask the question, and that there is a bet depending on the reply."

This seemed fair enough. One of the party was deputed to go down and try the experiment.

He found Van Buren, whom he knew well, in the saloon and said:

"Mr. Van Buren, some gentlemen on the upper deck have been accusing you of noncommittalism and have just laid a wager that you would not give a plain answer to the simplest question, and they deputed me to test the fact. Now, sir, allow me to ask you, 'Where does the sun rise?'"

Mr. Van Buren's brow contracted; he hesitated a moment, then said:

"The terms east and west are conventional, but"—

"That'll do," interrupted the interrogator. "We have lost the bet!"

And Got Rid of It.

Mrs. Pitley—They say he is so unkind to his wife. Mr. Pitley—That shows how people misjudge a man. I know it to be a fact that he spent one whole year endeavoring to make a satisfactory investment of his wife's money.—Town and Country.

Where to go This Winter.

BARNARDO BOYS

More Openings for them in Canada Than it is Possible to Fill.

Winnipeg, Nov. 24.—Mr. A. B. Owens of Toronto, general manager for Canada of the Barnardo Homes, arrived here Monday, and has left for Rueaid, where he will inspect the farm and farm homes. "There is no possibility of any change occurring in our work owing to the death of Dr. Barnardo," said Mr. Owens. "The work of the society is of such an nature that it could not easily be stopped, and it has so commended itself both to the British and Canadian people that there would be an immediate protest against any suggestion of a discontinuance of the work. During this present year we have brought 1,387 boys to Canada from our various institutions in Great Britain. The demand for boys continues unabated, and we could place many more than we have, both in the Eastern Provinces and in the West."

DANGER OF CLASH OVER

Trouble of Fishermen Has Been About Settled.

Washington, Nov. 24.—All danger of a clash between the Gloucester and Newfoundland fishermen has been avoided, it is believed, for this season by exchanges between Secretary Root and Sir Mortimer Durand, the British Ambassador. Secretary Root is now awaiting a reply from London to his memorandum in which he called attention to three main points of difference. This is expected some time within the week, and its receipt, it is believed, will clear up practically the entire situation. The United States case was given very careful attention by Mr. Root and the United States government, it is said, has taken a firm stand on these three points.

CARSCADDEN TRIED SUICIDE

The Barrie Man Charged with Arson Attempts to End His Life.

Barrie, Nov. 23.—Alfred E. Carscadden, while awaiting his preliminary examination on a charge of arson, attempted suicide early this morning and will probably die. He stabbed himself in the breast, and gashed his throat horribly, severing the windpipe. Lying in bed in his own blood, he was found at eight o'clock barely alive. He left a farewell letter to his wife in which he said he was not responsible for his actions. Carscadden was a man of very high-strung temperament, and it was thought that his mind was overbalanced by the disgrace of his arrest. He had been in business here about a year, and was formerly a farmer in Oro. He has a wife and four small children.

FREE

The Man Medicine Receipt Free to All Suffering Men

You—a man—are not a man unless you are a man in every sense.

There are thousands living dead lives today [illegible] who are strong potent able, stalwart as Adonises—and made so by the great Man Medicine—the medicine for man-weakness, the cure for impotency.

You can have this great remedy, and get it at most any drug store by sending for the great free prescription. Sent free in plain envelope to any man who writes for it—no cost of any kind—no bills, no receipts, no papers to sign—free—absolutely—to any and every sufferer.

The Man Medicine receipt or prescription has made MEN of thousands who had ceased to enjoy the reality of real life actions.

It will do as much for you as it has for others. Be a man.

Be the man you want to be—be as you used to be—be NORMAL—be natural as I right.

Man Medicine does it—does what you want it to do—wildly strongly, naturally, and the great free prescription is yours for the asking—sent free to any address.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $25 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold 40 rods in length for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,

Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

BUSINESS CHANGE

Texas Lands

Very Cheap

The Houston & Texas Central Ry. Co. has decided to sell its land grant in Northwest Texas, adjoining Oklahoma. To effect a quick sale and avoid the expense of maintaining sales agencies, the lands have been listed at very low prices.

They are adjacent to the Rock Island main line running diagonally across Oklahoma and Texas. Portions of the tract are well watered and nearly all is susceptible of cultivation. Transportation facilities excellent—big markets within easy reach.

Sale will be made in parcels of 160 acres up to four sections or 2,560 acres to each purchaser. The prices are on a fixed scale—no fluctuation. Taxes are low, terms liberal and warranty deeds given in all cases.

If interested, send quick for descriptive leaflet with full information.

JOHN SEBASTIAN,

Passenger Traffic Manager, CHICAGO.

THE MASTER SPECIALISTS OF AMERICA

We know the diseases and weaknesses of men like an open book. We have been curing them for 25 years. We have given our lives to it, and thousands upon thousands of men restored to Vigorous Vitality are today living monuments to the skill, knowledge and success of Drs. Kennedy & Kergan. We never hold out false hopes, we never undertake a case we cannot cure. We have made to thorough a study of all the diseases of men—of Varicocele, Stricture, Blood Poisons, Hydrocele, Nervous Debility, Paralysis, Bladder, Urinary and Kidney Diseases, General Weakness, Loss of Vitality, and have cured so many thousands of cases that if there is a cure for YOUR disease you will find it here. When we undertake a case there is no such thing as failure. We charge nothing for consultation and our knowledge, skill and experience are at your service. We will explain to you How and Why We Can Cure You; why the diseases of men require the knowledge and skill of Master Specialists. We do not require to experiment with your case as we know from experience in treating thousands of cases exactly what to prescribe for your symptoms. Don't be discouraged if you have treated without success with Quacks, Fakirs, Electric Belts, Free Trials, etc. You must get cured—and Doctors alone can cure you. Our New Method System of treatment has stood the test for 25 years—why should it fail in your case. Should your case prove incurable you need not pay us a dollar. We refer you to any Bank in this city as to our financial standing. If you cannot call write for a Question Blank for Home Treatment. Consultation Free. Booklets sent Free.

DRS. KENNEDY & KERGAN

148 SHELBY STREET, DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (some has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 350,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 6 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U.S.A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

APPEARANCE

Is such an important feature on the table. It makes a heap of difference to the pleasure of the meal whether you have a good or a poor looking Sugar on the table.

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

NEVER REACH BOTTOM.

Articles Dropped in Calumet Mine Shaft Cling to Most Side.

It is an interesting scientific fact and one not generally known that nothing that falls from the mouth of the deepest mining shaft in the world ever reaches the bottom. This has been demonstrated at the famous Red Jacket shaft of the Big Calumet and Hecla copper mine at Calumet. The article, no matter what shape or size it may be, is invariably found clinging to the east side of the shaft.

One day a monkey wrench was dropped, but it did not get to the bottom. It was found lodged against the east side of the shaft several hundred feet down. This incident coming to the attention of the Michigan College of Mines, it was decided to make a careful test of the apparent phenomenon. It was decided best to use a small but heavy spherical body, and a marble, tied to a thread, was suspended about twelve feet below the mouth of the shaft. When the marble was absolutely still, assuring that it would drop straight down, the thread was burned through by the flame of a candle. The marble fell, but at a point 500 feet from the surface it brought up against the east wall of the shaft.

The same would be the case were a man to fall into the shaft. While it would mean sure death, the body, badly torn, would be found lodged in the timbering on the east side. Members of the faculty of the College of Mines are now engaged in experiments with a view of developing data as to the thickness of the earth's crust. It is not hoped to solve the perplexing problem of the distribution of the earth's matter, but it is hoped to add to the information collected concerning it.

To this end the Red Jacket shaft presents advantages possessed by no other place in the universe. The deep shafts in other parts of the country and in foreign lands generally begin at an altitude and end above or very little below the sea level, whereas at the Calumet mine the Red Jacket shaft starts in a comparatively low altitude and pierces the earth's crust deeper and farther below the ocean level than any other in existence. It is hoped within a year to be able to give some intelligent information regarding the investigations.—Lake Linden Cor. St. Paul Dispatch.

Religion and Nothing.

While most of the world which calls itself progressive has developed a certain religious toleration, quotes an exchange, Wurzburg, that very old town, appears to nourish the fires of religious enmity. It is from the following remarkable notice that this conclusion arises: On the outer wall of the building reserved for women in the municipal free swimming baths a placard is placed announcing that "on Mondays, Wednesdays and Fridays this bath is reserved for Protestant young women." Whether the would be bather will have to pass a theological examination before being allowed to enter or what other precautions have been taken to prevent the Catholics slipping in on Protestant days, or vice versa, we are not told. As the notice stands it seems, happily, centuries removed from the present day in some enlightened England, Japan and the United States.

The Jewish Immigrants.

It will be surprising to many to know the number of Jewish immigrants who undertake a journey of thousands of miles to a strange land without an address and who are amazed to find that their friend Moische or Jankel is unknown in New York. When remonstrated with for coming without an address the immigrant usually answers that if admitted he could find his relatives within five minutes after landing. Again, a girl is surprised when informed that we may have some difficulty in locating her cousin who lives at "72 Brooklyn." Another class arrive by the thousands with copied addresses, which in ninety-nine cases out of a hundred are so undecipherable as to be useless. It is gratifying to state that in most instances, through the help of the Yiddish papers, we succeed in locating the relatives.—Jewish Charity.

The Lost Ten Tribes.

Are the Japanese the lost ten tribes of Israel? The Jewish World revives this old theory, remarking that it was probably inevitable that they should be sought in the Japanese in view of the fact that the museums of Japan contain numerous engravings purporting to show the landing of Jews in Nippon. One of the pictures cited is said to show a procession in which the ark is discernible and in which the priests wear hats of Biblical pattern. Another depicts Solomon in the act of receiving gifts from the queen of Sheba, while—and this is regarded as the most conclusive of all—the founder of Japan's dynasty of 125 emperors bore the name Jimmu (Gimel) to the last king of Israel (Hezekiah), his contemporary.

Timing the Boiling.

In a lecture before the Royal Institute in London an English scientist showed a new comic way of timing the boiling of eggs. The egg was suspended from the beam of a pair of scales and dipped in a pan of boiling water. The sand from an hourglass trickled into the scale which hung from the other end of the beam until the egg was cooked. Then the weight of the sand lifted the egg out of the saucepan and rung an electric bell.

Factors Scotland.

Scotland has fallen! A writer in the National Review draws this doleful picture: "Scotland, the dreary paradise of bourgeois prosperity and sectarianism, a country of 32 seats, 3,000 churches, 200 bowling greens, 250 golf links and no poet!"

MEN AND WOMEN.

Big Pay at home introducing our Specialties and Catalogue. Permanent position. Salary or commission. Experience unnecessary. Outfit free. Write quick. Address, Standard Silver Co., U.S.A.

Toasts.

In olden days our ancestors approved of using toasted bread with their drinks, and toast still floats in the loving cup and also the cups called copus, bishop and cardinal at the universities; hence the lady named or the sentiment proposed was the toast or savor of the wine which gave the draft piquancy.

Montenegro.

Montenegro has its name from the color of its mountains. The word means "black mountain."

Hops.

Hops were used as a medicine and as a basis for an intoxicating beverage in Egypt as early as 2000 B. C. The plant is represented on the Egyptian monuments of that date.

Mozart.

Mozart was very small, being only a little over five feet in height. His face was thin, and the size of his nose was apparently exaggerated by the attenuation of his features. He wore his hair long and done up in a cue, according to the custom of his day. His mouth was small and his face clean shaven.

How Greensboro Was Named.

General Nathanael Greene during his retreat before the British in 1781 fought a battle at a settlement in North Carolina ever since called Greensboro.

Bombazine.

Bombazine was made and worn as early as the twelfth century.

Irish Moss.

The Irish moss of commerce comes mostly from the west coast of Ireland; hence the name. It is also found extensively along the coasts of Newfoundland, Labrador and New England.

Creosote.

Creosote was discovered in 1830 by Reichenbach, who extracted it from the tar of wood.

Gold Beetles.

In Central America the most remarkable gold beetles in the world are found. The head and wing cases are brilliantly polished with a luster as of gold itself. To sight and touch they have all the seeming of metal.

The James River.

The James river was named after James II. At the first English settlement it was called "the river of the Holy Ghost." The Indians called it Pawathanne, "the river of life."

Columbia River.

The Columbia river was first called the Oregano, the Spanish name for the wild sage that grows on its banks. Whitney says that the Spanish name was Orejon, "big ear" or "one that hath large ears," an allusion to the custom of the Indians in that region of stretching their ears by boring them and crowding them with ornaments.

NEW PAINTING BUSINESS

Your Last Opportunity Will Soon Pass.

We have had an advertisement in The Times several days giving some facts about the BIG CASINO MINES, but some people seem to think it impossible for so good an investment to be offered in Peterboro.

We will give $500.00 to anyone who will disprove one of the following statements.

The Big Casino Mines are located at Big Oak Flat, Tuolumne County, California, on the great "Mother Lode."

We have 276 acres of ground. Have been developing and equipping the property more than three years and a half. Have spent over $300,000.00 on the property.

We have 10,000 feet of underground work done. Have a large amount of good ore stoped out ready to break down and mill, and have more ore in our property than can be mined out in two or three life times.

We have apparently inexhaustible bodies of good ore. We also have ore that will mill $1,000.00 per ton.

We have a modern 20 stamp mill in good condition, to which we propose to add 80 stamps, as soon as possible. With 50 stamps we will pay $30,000.00 to $50,000.00 per month in dividends. $30,000 00 per month will be 2 cents per share per month, or 48 per cent. on the money you invest in the stock at 50 cents per share.

We will lay aside a sinking fund to double the capacity of the mill, making 100 stamps which we propose to put in inside of the next twelve months, then your dividends should every year be at least equal to your investment.

$250.00 and two weeks' time should cover every expense of a trip to the mines, so that you can personally examine them and have the opportunity of disproving the above facts and get the $500.00.

Are you satisfied with interest or would you prefer profits like those we have told you the Big Casino will pay?

Your money is no safer in real estate, in the bank or anywhere else, than invested in Big Casino stock.

Four years ago Calumet, of Arizona, sold at $1.00 per share to raise money to develop and equip the mines. Certain people said it can't be any good or it would all be taken up out there; but they sold their stock and developed the mine, and paid their first dividend on Dec. 13th, 1902. The dividend was $2.00 per share, just twice what the stock cost, and they paid $16.00 per share last year, and will pay their last quarterly dividend for this year next month, which will make $16.00 per share this year, and the stock is quoted on the open markets of the world at $115.00 to $120 per share.

Granite Mountain stock was sold in St. Louis at 10 cents per share, and in 10 months after their mill started the stock was worth $72.00 per share in the open market and paid the St. Louis stockholders $12,000,000.00 in dividends during the next three years.

Neither of the above named mines gave more promise of making the wonderful producer they have proved to be, at the same stage of development, than the Big Casino does at present.

The directors of the Big Casino know their stock, based on the ore developed and equipment of the property, would be cheap at par, $1.00 per share, and will advance the price to $1.00 Nov. 25th, if not sooner. Right to advance the price to $1.00 any day is reserved, and the 25th is positively the last day you can buy the stock for less than $1.00 per share.

The Big Casino is a developed mine, and we will make one of the large dividend payers of the State of California out of it if we never sold a share of stock, for we can get all the money out of the mine to add to the mill, and it would only delay dividends a little longer.

The Big Casino will become a permanent dividend payer early in the coming year, and should pay not less than 24 per cent. on your investment at 50 cents per share the first year.

Remember the price may advance any day, and there will be none offered you for less than $1.00 per share after the 25th.

Yours truly,

GEO. L. PORTER,

Peterboro, Ont., Nov. 11th, 1903.

P. S.--See me at the White House.

When Run-down "Draggy," Used-up

You Lack the Vigor, Courage and Staying Power that "Ferrozone" Can Supply

Night comes and it's hard to sleep. Morning dawns and the anxious, tired feeling is still there. Don't neglect this gradual decline; it can't cure itself. But by forming rich, pure blood, Ferrozone will quickly supply the nutriment and building material your system craves.

Instantly you are aware that some powerful force is building up your depleted energies. Dr. once you feel braced, toned, strengthened. Search the world over and you won't find anything to tone up a weak system like Ferrozone. Physicians claim it is the most strength-giving, uplifting medicine ever discovered.

No more spells of tiredness, but bounding, joyful health when you take Ferrozone, of which Mrs. H. S. Cobb, of Bowsman, Man., speaks in the following words of praise:

"I state my case because I think it may assist other women to health. I was pale and emaciated, suffering from nervousness, and hysteria. Little things going wrong in the house bothered me. The doctor advised different treatments but they didn't help. He said my low condition was due to weakness that might never be cured. Ferrozone had a peculiar grateful effect and built me up quickly. The ills I suffered from are cured. I am now strong and vigorous and was made so by Ferrozone."

Why not cast aside the claims of sickness and enter the bright, happy life of robust health. Let Ferrozone help you—let it cure you once and forever. Price 50c. per box or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Hound Lost.

Between Lakefield and Peterboro, on Nov. 16th. The dog is a small fox hound, colors black, white and tan. He had a patch of pink on the back of his neck. Any one giving information leading to his recovery, to Charles Gunsolus, Peterboro, will receive a suitable reward. 1d

Why Not Pass the Law Here?

Victoria county council is also up against an isolation hospital problem. The matter is being considered by the county council, which is now in session at Lindsay.

26 Horses to Be Sold To-day.

Messrs. McCollum Bros. the Water street livery men, will to-day sell by public auction 26 horses. The sale takes place at one o'clock at the barns. Messrs. McCollum, owing to the time of year, when livery business is slack, have decided to reduce their surplus stock of driving horses. It is expected that buyers from several outside towns and cities will be present to pick up possible bargains.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Toronto Broker Visits the City.

Yesterday Mr. W. A. MacKenzie, representing Messrs. Amelius Jarvis & Co., the well known brokers of Toronto, was in the city interviewing the mayor, the chairman of the finance committee, and other city officials in reference to the debentures which his company have purchased from the city. While here City Treasurer F. Brownsombe accompanied Mr. MacKenzie about town and showed him some of our local sights.

Mr. J. A. Pierce Recovered

Our readers will remember, as noted in these columns at the time, that last July Mr. J. Audley Pierce, of McKeesport, Pa., whilst out enjoying an outing at Stony Lake, was struck and severely injured by a stray bullet at Stony Lake. It was also noted that Mr. Pierce was compelled during his stay to go to the Nicholls Hospital for treatment. We are pleased to say that Mr. Pierce has so far recovered from his injuries as to be able to leave for home in a few days. He was able to leave the hospital yesterday.

Miss Dutton Originates New Game.

The saying is an old one that there is nothing new under the heavens. This however was disproved on Thursday evening at the residence of Mr. and Mrs. R. A. Dutton, when a new and laughable game was introduced. The young hostess entertained about forty friends thereby. The task of trimming a trimming hat for his lady partner was given to each young man while he was decorated with a tie of gaudy material made by each young lady. Prizes were awarded for the best and worst attempts. Game and music occupied the rest of the evening, which proved very enjoyable.

LOCAL INCIDENTS

By The Times Man on the Street

—To-morrow is the World's Temperance Sunday.

—There are 26 patients in Nicholls Hospital at present.

—Great doings among the local Free Masons last night.

—Don't forget this afternoon's game at Riverside Park.

—And now the business interests of Peterboro demand cold and snow.

—Mr. E. H. Mann is erecting a residence on his lot on Dublin street, opposite his planing mills.

—A meeting of the primary and junior Sunday School Teachers' Union was held in St. Paul's Endeavor room last night.

—Mr. L. P. Henley will open a stock-ranger warehouse in the premises on Water street, owned by Mr. F. Mason, and recently occupied by Mr. Green as a music store.

—The rugby club wish to announce that the south end of the grand stand this afternoon will be reserved for the Dundas visitors; the center for ladies and their escorts.

—Talk about a block of trust! Mr. John Marvin, Hunter street, is to-day selling five pounds of good steak for 25 cents. This does not look like a combine to do the public.

—18 Italians who have for some time, resided in this city, yesterday left for New York, via G.T.R., en-route for Sunny Italy. They will return with the swallows (not of lager).

—Orono News: The sanatylene gas plant, machine and all fixtures have arrived and are now being installed in the Methodist church under the supervision of Mr. Samuel Long of Port Hope.

—The Hastings Star says: Mr. H. Lambert, of Peterboro, well known to the residents of this district, will open a tin, furnace and stove store next week in the store just east of the Star office.

—Col. McLean, warden of the United Counties, and Mr. H. Masterson, Commissioner of the Hastings bridge, were here on Thursday and inspected the work done on the bridge pier. It was pronounced satisfactory, and will cost in the neighborhood of $800.00.—Hastings Star.

DIED YESTERDAY

Mrs. Mary Jane Dodds Passed Away at 352 Mark Street.

Yesterday morning early a former resident of Markdale, in the person of Mrs. Mary Jane Dodds, passed away at the residence of her son, Mr. J. A. Dodds, 352 Mark street. Mrs. Dodds was 75 years of age, and a lady highly respected by all who knew her.

The deceased had been suffering from inflammation of the lungs for some time and her end was not unexpected. She is survived by three sons, J. A., William, Rainy River, and Geo. L., Winnipeg. She was predeceased by her husband forty years. The remains will be conveyed by the early C.P.R. train and forwarded to Markdale, at which place the funeral will be held. She had been visiting with her son for some months prior to her death.

BODY NOT FOUND

George Elliott, Party to Find Late Chief Bond's Remains.

As noted in a former issue, Mr. A. George went to Haliburton on November 15th, in order to try and locate the body of his friend Chief Bond, of Port Hope, whose sad drowning accident has already been described.

At Haliburton he was met by Mr. P. A. Curry of Wilmot, a settlement ten miles north of Haliburton. They left at daybreak next morning for the Irwin settlement, four miles north.

As they were compelled by force of circumstances, to travel in a jumper they made very slow progress. At the Irwin settlement Mr. George took the remains of the late Miss Grieve in charge, and returned with them to Haliburton.

The remains of the late Miss Grieve were sent to Port Hope Friday morning, Mrs. Bond and daughter, Mr. Samuel Bond, and Mr. B. H. Holland, P.M., accompanying them. Mr. Milton Bond and Mr. Samuel Bond of the Toronto Street Railway, brothers of the late chief, reached Haliburton Thursday evening at six o'clock. The council had sent instructions with the Bond brothers to have Mr. George do all in his power to recover the remains and spare no expense. After receiving a supply of provisions and the necessary searching apparatus, Mr. George, Mr. Curry and Mr. Milton Bond left for the scene. They rowed from the Irwin settlement to Crooked Lake, a distance of five miles, and at once set to work to try and recover the remains. With four or five inches of snow, the party worked unceasingly all day but without success. They continued their search until late Saturday night, using a jack-light, and also Sunday morning, but having no success, and were out, they left Sunday afternoon for Haliburton. Mr. George offered a reward of $50 for the recovery of the body. A dynamite party worked all day Tuesday, but the news reached Port Hope Wednesday that the water is too deep (120 feet) for the dynamite to take any effect.

Two Rinks This Year.

Havelock Standard: Havelock skaters will have no lack of skating opportunities this year, judging from the fact that two first-class open-air rinks will soon be running in full operation. Mr. A. McIntyre will conduct one on the north two lots on Alexander street, west. This ice area will be 80x175 feet, lighted with arc lamps, and two separate waiting rooms will accommodate the patrons. The ice will be flooded by a gasoline engine. Mr. McIntyre deserves the public thanks they will be provided with first-class ice and every accommodation. He expects to have the rink ready this week, if the weather continues cold. The other rink will be managed by Mr. Jos. Frost. It will be located on the sheet of water commonly known as the "Frog Pond," and will be about 70x180 feet in area. It too, will be lighted by electric lights, and comfortable waiting rooms erected. Mr. Frost also expects to have things running in first-class shape this week.

SOCIAL AND PERSONAL

—Mr. B. H. Bradburn, was in Toronto yesterday.

—Mr. T. S. G. Pegler, of Port Hope was in the city yesterday.

—Mr. B. F. Ackerman, of Peterboro, was in town on Saturday last.

—Mr. Richard Lees, I.P.S., was in town on Monday.—Norwood Register.

—Miss V. McSweyn, of Lindsay, is spending a week with friends in the city.

—Mr. George H. Grills of Belleville was registered at the Oriental yesterday.

—Mrs. J. W. Fowler, fifth ward, is spending a few days with friends in Roseboro.

—Mr. T. G. E. Pegler, of Port Hope, and Mr. Frank D. Taylor, of Toronto, are in the city.

—Mr. Herb. Burnham was out from Peterboro on Wednesday of last week.—Millbrook Reporter.

—Rev. G. H. Copeland of Campbellford, was in the city yesterday, registered at the Snowden House.

—Mr. J. H. Sharpe, passenger agent of the C.P.R., Steamship Line, Toronto, was in the city yesterday.

—Mr. Athens B. Todd, formerly of Haliburton, and late of Toronto, has been transferred to the Crown Bank at Odessa.

—Mrs. Dennistoun and the two Miss Dennistouns sail for England on Dec. 5th. They will remain abroad for the winter.

—Mr. W. Inch, of Messrs. Perkins, Ince & Co., the wholesale grocers was in the city last night, a guest of the Snowden House.

—Mrs. Jos. Dean, who for the past year has been visiting with friends in Milwaukee, has returned to the city. Mr. Dolan yesterday wore the smile that won't wear off.

—Mr. Thomas McJannet, principal of the central school, Ottawa, and brother-in-law of Mr. A. J. Johnston, of this city, has been appointed as assistant to Inspector Glashan. Mr. McJannet is well known here and his many friends will learn with pleasure of his promotion.

—We are pleased to state that Mr. William Westall, of Cavan, who was severely wounded last Saturday by the accidental discharge of a loaded gun, being handed him as he got out of a buggy, the whole charge of shot entering body, is rapidly recovering.

—The Knights of Columbus, with their visiting brethren attending the recent conference had a most enjoyable evening on Thursday, in the society's hall. It was ladies' night, and everything went merry as a marriage bell. Games and refreshments were the order of the evening.

—A Lincoln, Nebraska, despatch says: Patrick Raymond, aged 18, was arrested yesterday while lighting a cigarette which he had just rolled for his own use in the presence of a city detective. He was fined $50 and costs. This is the lightest penalty prescribed by the law for "manufacturing" cigarettes.

—As noted some time since, Mr. Hemmitt, was recently promoted from his former position of manager of the Bank of Ottawa here, to assistant inspector of the bank. Mrs. Hemmitt, Murray street, has now packed up her household goods and will leave the city for her new home on or about next Wednesday.

Insurance News.

Insurance man of the West who read the daily columns of insurance information in the Chicago Record-Herald, keep pace with the times and are prepared for all emergencies and contingencies that have grown into the insurance business. The column "With Insurance Men" gives in compact form all the latest doings in the insurance world, and is conceded by insurance men everywhere to be the best and most up-to-date report published by any newspaper in the United States. The Record-Herald does not copy its information from insurance journals, but secures it first hand from managers, agents and adjusters, and by telegraph from its own special correspondents, by telephone and in special cable dispatches from abroad. The New York service of the Record-Herald's insurance department is equalled by no other paper. In fact, the Record-Herald is the only daily newspaper that gives insurance men the first information daily on every important event in the insurance business.

PASSING OF PORRIDGE

Makes Way For the Better Food of a Better Day.

"Porridge is no longer used for breakfast in my house," writes a loyal Britain from Hunterville, Ont. This was an admission of no small significance to one brought up on the time-honored stand-by.

"One month ago," she continues, "I bought a package of Grape-Nuts food for my husband, who had been an invalid for over a year. He had passed through a severe attack of pneumonia and la grippe combined, and was left in a very bad condition when they passed away.

"I tried everything for his benefit, but nothing seemed to do him any good. Month followed month and he still remained as weak as ever. I was almost discouraged about him when I got the Grape-Nuts, but the result has entirely vanished me for my anxiety.

"In the one month that he has eaten Grape-Nuts he has gained ten pounds in weight, his strength is rapidly returning to him, and he looks like a new man. Now we all eat Grape-Nuts food, and are the better for it. Our little 5-year-old boy, who used to suffer from pains in the stomach after eating the old-fashioned porridge, has no more trouble since he began to use Grape-Nuts, and I have no more doctors' bills to pay for him.

"We use Grape-Nuts with only sweet cream, and find it the most tasty dish in our bill of fare.

"Last Monday I ate four teaspoonfuls of Grape-Nuts and cream for breakfast, nothing else, then set to work and got my morning's work done by nine o'clock, and felt 'less tired, remain stronger, than if I had made my breakfast on meat, potatoes, etc., as I used to. I would not be without Grape-Nuts in the house for any money." Names given by Postum Co., Battle Creek, Mich. There's a reason.

Read the little book, "The Road to Wellville," in pkgs.

ANY FOOL.

Knows enough to carry an umbrella when it rains, but the wise one is he who carries one when it is only cloudy.

Any man will send for a doctor when he gets bed-fast, but the wiser one is he who adopts proper precautionary, preventive and curative measures when first appear the ills which, if unchecked and uncared, grow into serious illness.

Impaired digestion and nutrition are generally the forerunners of a nervous or functional break-down.

Nature has provided remedies most abundantly for all such conditions in our native medicinal plants. With the use of chemically pure glycerine, of proper strength and at a proper sustained temperature, Dr. Pierce extracts from Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root, medicinal principles which, when combined in just the right proportions, constitute his widely famed "*Golden Medical Discovery.*" It restores the tone of the stomach, the activity of the liver and invigoration of the nerves, pouring vitality into the blood till the once sick and debilitated one is so renewed in health, strength and power that he can resume his work, whatever it is with vim and energy.

All medical authorities, of whatever school, agree that Hydrastis, or Golden Seal—one of the essential roots in the make-up of Dr. Pierce's Golden Medical Discovery—is of very great value as a pure tonic, and as an alterative—valuable in chronic affections of the stomach, intestines and bladder.

Refuse any Substitute for Dr. Pierce's Golden Medical Discovery. Not only the Original but the Pellets, called Dr. Pierce's Pleasant Little Liver Pills, first put up over 40 years ago, by old Dr. R. V. Pierce, have been much imitated but never equalled, as thousands testify. They're purely vegetable, being made up of concentrated and refined medicinal principles, extracted from the roots of American plants. Do not gripe. One or two for stomach corrective, three or four for cathartic.

OBSCURED THE VIEW

Why Local Gentleman Did Not See Improvement in Friend's Store.

Yesterday afternoon a well-known local gentleman dropped into a Water street jewellery store to see his friend the proprietor.

It might be mentioned that the gentleman in question and the jeweller are friends of long standing, and that the caller is a frequent visitor.

After the jeweller and his caller had chatted a very few minutes the gentleman seated on a chair outside the counter noticed that great changes had been made in the shop. For instance the rear partition had been removed, making the store much longer, grill work, a fine "silent salesman" show case, and other attractions had been added.

In expressing his admiration of the improvements the gentleman said, "Why you must have hustled this morning ——, to get all these changes made!" "Oh no" said the jeweller, "This was done a week ago."

"Why, nonsense," his friend retaliated, "I was in here on Monday, sitting right on this stool (in front of the show) and talking with you for fully half an hour and I did not notice the changes. They could not have been made on Thursday."

"Yes, they were," retorted the jeweller, "but don't you remember that Billy B. was sitting just in front of you?" The genial man of pasteboards and transportation expert had hidden the view from the store by his sylph-like framework.

The Home Savings and Loan Co., Ltd.

20 Church Street, Toronto Chronicle

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the tract included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that when your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise, it's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we knew we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 180 pounds, which ought to give us a flow of about 3,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 250 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 6 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an earnest dividend of 20 per cent. on a basis of five wells to the acre.

Bright's Disease

A Cure of Marvelous Merit That Gives Instant Effect Found at Last.

No malady is more stealthy or fatal than Bright's Disease.

Every year it claims more victims than famine and war combined.

In the beginning it is marked by puffiness under the eyes, yellow, sallow skin and pain in the back. The urine becomes scanty, often contains sediment, causes great irritation and pain.

Reader, if you are troubled with these symptoms, get Dr. Hamilton's Pills at once. This vitalizing medicine will fast restore brilliance to your dull anxious eyes. Exhaustion will be replaced by surplus vigor. Your back pains and urinary disorders will cease.

Renewed life is put into the kidneys, and Bright's Disease passes away forever.

Permanent Cure in Every Case.

"I was stricken with Bright's Disease two years ago," writes Mrs. G. E. Matthewson, Middletown. "I grew worse. Sugar was almost eleven per cent. and the doctors gave me up. After using Dr. Hamilton's Pills one week I began to mend.

"Dr. Hamilton's Pills have made a well woman of me, and I know others who have been cured also by this medicine."

Why suffer any longer? Dr. Hamilton's Pills will restore you to robust good health. No medicine in the world so efficient for diabetes, Bright's Disease and affection of the kidneys, liver and bladder. Price 25c. per box, or five boxes for $1, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A. and Kingston, Ont.

NEW SUBSCRIBERS

Telephone Users Should Read and Digest the New Instructions

The Bell Telephone Co., as noted in a former issue of The Times, has recently installed a new and most modern switchboard in their Peterboro Office.

As this switchboard is worked on a different principle to the former one in use here, subscribers gained greatly in convenience and service in general.

There are certain consequent and radical differences in the system now in vogue, by which a subscriber calls the central. The company have attached to each of the recently introduced instruments the following instructions, which, both for convenience of user and central, should be closely followed, viz.:

"To call the central office remove the telephone from the hook. When you have finished talking, hang up the telephone, placing the small end up. The act of hanging up the telephone gives a positive signal to the operator to disconnect your line. Be sure, therefore, not to hang up your telephone until you have completed your conversation. If the attention of the operator is wanted in order to make another call, or for any other purpose, move the hook up and down slowly three or four times. Speak close to the transmitter. Please read instructions in Subscriber's Directory."

One explanation of importance not given in the above is that should a subscriber have occasion to leave his instrument during a conversation, e.g., should he after answering a call just rung, have to call some one else to the 'phone, he should never, until he or the party called have finished their entire conversation, hang the receiver on the hook. The reason of this, as explained in our description recently published of the new switchboard, is that the moment the receiver is hung on the hook a white disc, opposite such speaker's number on the board, announces his completion of his conversation. By hanging up the the receiver you cut yourself off from connection with the speaker at the other end of your line, and central considers your conversation is over. If necessary to leave the instrument during a conversation, not yet completed, leave the receiver hanging by its cord.

A Shooting Accident

Mr. Wm. Westall, of Ida, met with a very distressing accident while returning from a shooting trip a few days ago. He was riding home in a buggy with young Coe and on getting out pulled the gun towards him muzzle foremost. The hammer caught against something and the discharge entered his arm tearing it badly. It is to be hoped that Mr. Westall will fully recover the use of his arm.

WOMAN PREACHES

A Practical Doctrine

"My home was broken up some time ago," writes a venerable lady from Ohio, "and I spent my life going about, visiting my children.

"But wherever I go I take my Postum pot and a supply of the food coffee along with me. I cannot take the risk of being without it, for I firmly believe that were it not for Postum Food Coffee I would not be living today.

"I began to use it four years ago. For several years prior to that time I was a great sufferer from stomach and heart trouble and headache. I consulted the best medical talent, but medicine did me no good, and my condition seemed to be growing worse instead of improving, till I was practically given over as a confirmed invalid.

"Finally a doctor suggested that I stop coffee drinking, and although I was loth to do so, I complied. I was visiting my son-in-law in Ottawa at the time. He was a Postum drinker, and at his urgent recommendation I began its use. It did not appeal to me at first, but I found that this was because it was not boiled long enough. When it was made right I relished it.

"In due time, after the coffee effects had passed out of my system so that Postum could do its work, I began to get better in every symptom. My stomach ceased to trouble me, and digestion became normal. My heart action was restored to a healthy status, the headaches and nervousness grew less frequent and severe, and at last ceased altogether, and now I am well and strong, as few persons are at my advanced age.

"Be sure that I preach the Gospel of Postum everywhere to those I meet. I have converted many, especially my own children and grandchildren, who have all been made healthier, livelier, and heartier by the use of Postum." Name given by Postum Co., Battle Creek, Mich.

There's a reason.

Read the little book, "The Road to Wellville," in pkgs.

PROMINENT CANADIAN OWES LIFE TO PE-RU-NA.

Suffered Ten Years—Lost 100 Pounds In Flesh.

Mr. J. N. Latreille, the well known grocer and liquor dealer, of Montreal, Can., has been one of the leading business men of that city for thirty years. He writes as follows:

"I had catarrh of the head, throat and stomach for about ten years, and for the past two years had been growing worse.

"I felt exhausted and weak, and coughed continually. When in health my weight was 220 pounds, but I lost 100 pounds in a year. Catarrh had made me almost blind and deaf. I felt discouraged.

"Finally I tried Peruna, took three bottles, and now I must say that my health is much improved, and have gotten rid almost entirely of the effects of that dreaded disease."

TWO CHILDREN HER FAMILY

Reader Opposed to the Race Suicide Theory

[To the Editor of The Times.]

Sir,—I read in your paper the other day an item regarding the alarming (?) decreasing birth rate in Canada and the United States, to which, with your kind permission, I desire to enter a protest.

It is all very well for preachers to tell us that race suicide is a sin, but the cold fact remains that there are too many people on earth. If an epidemic were to carry half the people to death you would hear but 50 per cent. of the complaints now heard.

If two children to the family were the limit, would there not be less trouble? Would there not be ample employment with good returns for that employment? Would there not be more of an incentive to safeguards from evil environment?

How many saloons, how many evil resorts, how many divorce mills, would be running full blast, with no more than two children to the family? How many children would there be stowed away for the night in poorer [illegible]

No, gentlemen, get down to good, hard common sense. Do not overstock the farm.

FRANK MURRAY.

Peterboro, November 23.

A BUSINESS CHANGE

Mr. J. B. Douglas Will Manage Toronto Shoe Company's New Shop

Quite an important change in the local shoe business was in evidence yesterday.

As noted in yesterday's issue, Warne Bros. are about to absorb the store occupied by the Douglas Shoe Co. The remaining stock of the latter company has been purchased by the Toronto Shoe Co., who have secured the premises at 324 George street, recently occupied by Mr. E. A. Micks, the hardware dealer.

Yesterday the stock of the Douglas was transfered to the new premises of the Toronto Shoe Co., and will be sold out there at any price almost to make way for a large and modern stock soon to be placed there by the new company.

Mr. J. B. Douglas, who is a pushing and successful young business man, will act as manager for the Toronto Co., so that their getting a good share of Peterboro's boot and shoe trade is assured.

The new shop will be run under the trade name of the Toronto Shoe Co.

Their adv. will appear shortly in another column.

Buy in Peterboro

Already our merchants are making their preparations for the Christmas trade. Christmas is the great time of gift-giving. The fact is made apparent by the holiday-time hose our merchants' windows are already taking on, owing to the arriving of large shipments of new goods ordered for the Christmas trade. Indeed but few of the city merchants are not now fully stocked with the newest, smartest and best in their respective lines. An article of the same quality can be bought as cheaply, if not cheaper, in Peterboro than elsewhere. At this holiday time, when the merchants have gone to a great expense and are looking for a big trade, they should receive the support and encouragement of every citizen. And this should be done first and foremost by being loyal to their home city, where they earn their livelihood; and second by making their purchases early. By making purchases early, not only will it tend to avoid the usual great crush a few days before Christmas, but it will enable the purchaser to make better selections. Let every reader at this Christmas time make it his motto to "Buy early and buy at home."

—For the convenience of those who have friends at a distance We have a good assortment of Xmas cards now on display. Run our leader a nice fancy box containing ten lovely cards for only twenty cents. Tinsley Bookstore.

Consumption Cured

Attention is called to the marvellous cures wrought in the City and County by the recently discovered, and now patented remedy put up by Dr. Johnston, of this city.

Dr. Johnston has on hand and is willing, at all times, to show those interested bona fide letters received from grateful users of his wonderful discovery.

If taken in time, Consumption can be cured.

The medicine is sold at $2 per bottle. No free samples.

United Fleets Sail To Make Demonstration

There is no Sign of Excitement at Constantinople and Hope Still Exists That Matters Will Be Arranged.

Athens, Nov. 27.—The international fleet assembled at the Piraeus for the purpose of making naval demonstrations against Turkey in support of the demands of the powers for the financial control of Macedonia sailed at noon to-day under sealed orders. British and French torpedo boats were left behind to keep up communication with the fleet.

Constantinople, via Sofia, Bulgaria, Nov. 25.—The ambassadors of the powers at a conference just held decided to proceed with the naval demonstrations as the best reply to the Porte's note. There is absolutely no sign among the Mussulmans of Constantinople that they are in the least way disturbed concerning the question of the financial control of Macedonia. The vast majority are not aware that such a question exists. The aspect of the city is perfectly normal and there appears to be no chance of any anti-Christian movement unless the word is given from high quarters.

MUST BE NO REVOLUTION.

Paris, Nov. 27.—It was learned at the foreign office today that Austria and Russia in behalf of the powers, have addressed a strongo note to Bulgaria, Servia and Greece, warning them that the naval demonstration against Turkey should not be made a pretext for revolutionary movements on the part of these countries against Turkey. The note speaks of the powers' action towards Turkey as being dictated by the interests of Europe, and therefore the powers do not wish have this high purpose compromised revolutionary propaganda.

It is now definitely determined that the objective of the demonstration will be the island Mytelene, where the customs will be seized; but the international fleet will not act within 24 hours, and probably not within 48 hours.

In the meantime the Porte and the ambassadors continue their discussions with some prospect that Turkey will yield before the fleet acts.

GERMANY NOT EMBROILED.

Berlin, Nov. 27.—The foreign office emphatically denies that Turkey's attitude is due to German influence. So far from this being true, it is said that the Sultan is actually angry at Germany because the foreign office has repeatedly advised him to accept the powers demands.

HOW AUSTRIA VIEWS IT.

Vienna, Nov. 27.—Austria will continue to take part in the international actions so long as the powers act unanimously. But if any power desires to withdraw and does withdraw, Austria will withdraw also. The possibilities of serious complications are not ignored here, and the government still hopes and expects that the Sultan will accede to the demands of the powers. Austria-Hungary is not moving troops towards the southern frontier despite reports to the contrary. The statement that she contemplates a movement on Salonica is categorically denied. There is practically no doubt that the note of warning to the Balkan states will have the desired effect. Russia initiated this action with Austria in behalf of the powers.

SILLY GIRLS

Young Men and Girls Attract Unfavorable Comments on Water St.

Chief Russel, about 9.20 Saturday night had his attention attracted to the "goings on" of some ten young people on Water street near the Bank of Ontario. These parties were some five young fellows, of the hobbledehoy age, say from 16 to 17 or 18 years of age, and five well dressed girls averaging a year or two younger.

The chief states that their conduct on a public thoroughfare was deserving of severe condemnation. The boys were guying the girls about and playing in a way that called several citizens' attention and severe remarks as to the silly way the girls not only allowed but encouraged it. Another witness reports the same crowd acting in a similar foolish way, near the Bank of Commerce. As these girls' names are now known, it would be well for their mothers to either keep them off the streets at night or regulate the personel of their companions.

If young girls will act in so disorderly a manner with young fellows in a public place, their garments should blame only themselves, should their daughters turn out badly.

As far as the boys are concerned had they a spark of manhood, or the growing instincts of gentlemen, they would not place their girl friends in so disadvantageous a light before passersby. It is only their thoughtlessness, on account of age, that keeps their names from being published.

Should the chief see these parties behaving or misbehaving so in public again severe measures may be taken.

RAILWAY EXPANSION

Chicago, Milwaukee and St. Paul Said to be Seeking Pacific.

Victoria, B. C., November 27. — In connection with the proposition to build a railway from Victoria to the north end of Vancouver Island, and to connect the same by ferry with the United States system at Port Angeles, twenty miles distant, comes the announcement from Seattle that the Port Angeles and Olympia Railway, with a capital of $4,000,000, has been organized at Seattle. The trustees named are Lester Turner, Jacob Furth, W. D. Hopkins, A. A. Arthur, of New York, and M. J. Carrigan, of Port Angeles. It is believed that the corporation really back of the scheme, also the Midway and Vernon Railway and the Spokane and International Line, is the Chicago, Milwaukee and St. Paul, which is credited with seeking to reach the Pacific. This line is supposed to have secured terminals at Tacoma and at Seattle.

DYING, TALKS WITH THE DEAD

Indianian Sees Parents in Another World, Thus Revives for Time.

Kokomo, Ind., November 27.—James Kerlin, of this city, was believed to have died this morning after a long illness. A few minutes later one of the weeping members of the family found him moving about in the bed and talking apparently to himself.

"Why did I come back?" he asked. "I saw my father and mother and talked to them and they talked to me. Why did I come back?"

In a few hours he relapsed into unconsciousness and soon died. His father and mother died many years ago.

PETERBORO WINS CHAMPIONSHIP

Of Ontario by a Score of 16-2 on Riverside Park

LARGEST CROWD OF SEASON

Peterboro, Peterboro, Rah, Rah, Rah.

Saturday's championship match at Riverdale Park, draw, as was anticipated, the largest crowd of the season, or in fact for years.

Within a very few minutes after arrival of the Hamilton-Dundas special excursion train per C.P.R., the Dundas colors, red and white, were conspicuous every where, from streamers on coat lapels and ribbons attached to canes. They were a well-dressed, prosperous looking and well behaved lot of good fellows, who took their defeat in good part, as became true sportsmen.

Long before the time for lining up, there was a steady procession along Hunter street eastwards.

Every available point of vantage in the grounds was occupied, the grand stand being simply packed with a roaring yelling crowd of men and rooting school master ladies.

The Dundas team, composed of Graham, back, Brady, Noonan, Kelly, Galvin; quarter, Quackenbush; Smith, Hogg; wings, Martin, Scott, Bernier, Cameron, Sammon and Wilson, was the same lineup as played yesterday at Dundas (1st Jersey), and was confident of victory.

Ben Simpson, an old Peterboro boy, who has gained fame as a member of the Chicago Tigers, of Hamilton, was referee, and Dave Toye, the Tiger full-back, acted as umpire. Dundas and Peterboro played a the game at Dundas a week ago last Saturday, so that the winners of Saturday's game are now the intermediate O.R.F.U. championship for 1905.

Dundas got up a strong game, and during the first half kept the ball near the Peterboro home. The locals made a kick for the line during this half which resulted at that time in a score of 4—0 in favor of the homsters.

In the second half, Peterboro forced the play right from the start and got two points in quick succession; then a touch down, a kick from the field which added three points to their score, and two more points from kicks from the line. The final score was 16—2 in favor of the Peterboro team who are now intermediate champions of Ontario.

For the intermediate championship of Canada, the white and blue has only once more to be carried to victory; this will take place when they play Ottawa College II.

THE LOST FOUND

Mrs. Jane Clark is Located with Her Son at Lindsay.

Our readers will remember that, a few days ago, The Times noted that a local woman, Mrs. Jane Clark, who lives with her son Thomas, on Wolsley street, had been missing for three weeks.

As Mr. Thos. Clark has suffered much anxiety over the long and hitherto unaccountable absence of his mother, and was unable, although making every effort to find her, to locate her, we are pleased to state that Mrs. Clark has at last been found.

It seems that the day she left home, she told her son, she was going to call upon a friend, Mrs. King of Dewey, who resides near Auburn. The old lady however, did not go to this King residence at all, but went to see another son, Harry, who lives in Lindsay.

Mrs. Clark informed her son Harry that on leaving Peterboro, she had told her son Thomas how where she was going, but the latter says that his mother must be mistaken as indicated above. However, the matter has been cleared up, and Mrs. Clark, after completing her visit to Lindsay, will return to this city.

DIED.

ARNOTT—Harriet Tadford, aged 58, wife of Mr. Wm. T. Arnott, died Nov. 25, 1905. Funeral will take place from the family residence 68 Patterson street on Tuesday afternoon, at two o'clock to Little Lake cemetery for interment.

TARIFF COMMISSION

Arrangements Now Finally Completed For Thursday.

Mr. Thos. G. Quackenbush, secretary of Peterboro Board of Trade, on Saturday morning, received the following telegram from the secretary of the Tariff Commission:

Ottawa, Ont., Nov. 25, 1905.

T. G. Quackenbush, Secretary Board of Trade, Peterboro, Ont.:

Tariff Commission will leave Toronto by C.P.R., next Wednesday night for Peterboro. Arrange session to commence at ten o'clock on Thursday morning. If necessary evening sessions can be held, but hope this can be avoided. No objection to counsel appearing for or with applicants.

JOHN BAIN,
Secretary Tariff Commission.

Manufacturers, merchants and others wishing to appear before the Tariff Commission will therefore please meet the president and secretary of the Board of Trade in the City Council Chamber—where the Commission will sit—on Wednesday evening next, 29th inst., at eight o'clock, to make final arrangements as to how each applicant shall appear before the Commission.

Every thing points to Thursday being a very busy day, as Mr. Quartermaine, has received communications from several towns, saying they would send deputations to this city to appear before the Commission.

BIG HORSE SALE.

Some 25 Horses Sold at Good Prices Saturday.

An important sale of horses and conveyances was held Saturday afternoon at McCollum Bros' livery barns, water street. About two hundred were present when the sale began, but gradually melted away to some 70 or 80. A large number of rigs, including all kinds from Victorias to buggies, went at ridiculously low prices. The horses brought good prices, although one veteran of the road was sold to a local livery man for $40. Mr. W. Yelland secured a stylish little roadster for $155. The vendor's fine black mare shied by Black Mink, was started at $100 but quickly withdrawn. Mr. Haggart conducted the sale, and his silvery tones saying "Kind as a kitten. Can do you 12 miles an hour all day long. This mare can do it inthree minutes, and yet she will bring you home at night if you are asleep. This is a standard bred mare and can pull a buggy in .21," etc., charmed the good simoleons out of many pockets.

On the whole, Messrs. McCollum Bros., sold outright some 22 or 23 horses, only withdrawing those on whom no bid approximate to their value was submitted.

A LIVE BURG

Bobcaygeon to Spend $25,000 in Water Power.

Our little suburb so prettily situated on the rocky and overlooking Pigeon Lake, and where fisherman most do congregate, shows that its Board of Trade is composed of good, live men.

The Independent of that village says:

An informal meeting of the Board of Trade was held on Wednesday evening to discuss the proposed purchase of the water power from the Boyd Co., and after considering the estimates obtained for the contemplated work, it was agreed that a by-law for $25,000 should be asked, payable in thirty years. The by-law will probably be submitted to the voters at the municipal election.

LIVE ADVERTISING

Great Interest Being Taken in Our Industrial Number.

Now in the time to advertise in our great "Industrial" Christmas number. As this number to be issued shortly on fine quality paper, will comprise the correct history of Peterboro and its vast industries, no prominent or live merchant or business man in this city or vicinity, can afford to keep his business card out of the issue. We are quoting special terms for insertion in the Industrial, Daily and Weekly Times, for those not wanting to keep Xmas or other goods on their shelves for another year.

We might say that most of our leading factories and merchants have already placed their advertising with us, considering this the best advertising proposition that has for years been placed before the mercantile community of Peterboro.

Our Saturday issue, alone, contained the display ads. of many of our most prominent local leaders of the commercial and industrial portion of our population. A representative of the journal will be pleased to call on any one tired of seeing those old cuts on the shelves, or wanting to secure quick sales for the new goods now arriving.

YOUNG WOMEN INVITED

Cordial Welcome to Women and Girls at Y. W. C. A.

To the young women of Peterboro:

You are invited to spend Saturday evenings at the Y.W.C.A. You will find cosy chairs, a grate fire, and a cosy room. Bring your Christmas work and while having a social chat you can make your presents and receive ideas from your friends.

The young women of Peterboro are invited to a Christmas social evening at the Y.W.C.A., Wednesday, December 6th, at 8 p.m. Each one who can attend is asked to bring a five-cent present and to have an acceptance of the invitation at the Y.W.C.A. office.

TO VISIT NEW MONARCH

But King Edward and Consort Will Also Honor King Oscar.

London, November 27.—King Edward and Queen Alexandra are expected to pay a formal visit to the Court of King Haakon, of Norway, in the near future. The English rules will proceed from Christiania to Stockholm, to visit King Oscar of Sweden, in order that no invidious distinction will be shown to the rulers of the nations which were formerly united under one government.

Wool Factory Busy.

Lakefield, Nov. 24.—Overtime is prevalent in the Lakefield woollen mills. Large orders of all varieties are being booked from Canada. Many manufacturers are shipping direct to Canadian warehouses.

Fire On Admiral Soldiers Join Mutiny

Sebastopol in Panic---Refusal to Allow Meeting Results in Dangerous Outbreak.

Sebastopol, Nov. 27.—The sailors of this port and the Brest Regiment have united and joined the workmen who are holding a meeting under the red flag.

The city is in a state of panic.

The sailors yesterday attempted to hold a meeting and Rear Admiral Piserevski announced that the feeling would be suppressed by the use of firearms, whereupon the sailors fired on and wounded the admiral.

SEND ADMIRAL A COFFIN.

Odessa, Nov. 27.—Troops have been sent from here to quell the disorders at Sebastopol, which are reported to be increasing. The mutineers have sent the chief admiral a black coffin and have demanded that he leave the town immediately. Railway traffic with Sebastopol is interrupted.

The wounds of Admiral Piserevski, who was shot by the mutinous sailors are serious.

RAILWAY WAR IN WEST

Looked for Conflict Said to be Fast Coming to a Head.

New York, November 27.—The expected war between the railways in the north-western section of the United States is rapidly coming to a head. Well posted railway men say the conflict between the Hill lines and the St. Paul Railway will be very bitter. The fact that the Rockefellers, Gould and Vanderbilts are all pressing into Hill's territory is ominous. Mr. James J. Hill will return from Europe this week, and it is said he will have his war paint on. Just what he will do under the circumstances is not known, but no one doubts but that he will put up a big fight and buy up some of the existing railways to make his position in the North-West more formidable. It was thought for a long time that the St. Paul would be disuaded from carrying out its Pacific project, but it seems determined now to go on with it. Developments of the next few months in the western railway situation will doubtless be well worth watching. It is intimated there may be a stock and convertible bond issue to finance the St. Paul's extension.

The Kingston Election Case.

Kingston, Nov. 27.—Next Monday is the date fixed for the hearing of the adjourned election protest trial, but it is doubtful if the judges will come down for the hearing as the petitioner has no further evidence to submit. The witnesses chiefly required are not in the country, and cannot be served. The case will either have to be further postponed or judgment will have to be given now. An affidavit will be sent to Toronto in regard to the inability of the petitioner to subpoena the witnesses required.

Many Want to Emigrate.

London, Nov. 27.—The Salvation Army announces that the publicity given to Gen. Booth's emigration scheme has had an extraordinary effect on the number of applicants at the Salvation Army emigration offices. At a low estimate this year's total applications will represent families totaling 70,000 souls. Gen. Booth is convinced that he could transfer 200,000 persons yearly for the next ten years to the colonies without disturbing the labor market at home.

Attempt to Rob Mail Waggon

Minneapolis, Nov. 27.—A fusilade from a revolver in the hands of Driver Reynolds prevented one of Uncle Sam's mail waggons from being looted by two armed highwaymen under the viaduct at Eighth avenue and Washington early last evening.

Nerve and self-control put the robbers to rout after they had broken open the door of the wagon and dragged one of the mail sacks to the middle of the street.

Clemoy Burglars.

Bridgeburg, Nov. 27.—Five men attempted to hold up the local branch of the Traders' Bank but were driven off by Charles Young and W. A. Smith, and another clerk, who slept in the building. Young was awakened by seeing a light flash through the window, and at once opened fire with a revolver. He was answered by several shots from outside. The firing aroused the neighborhood and the robbers made off without even the trouble of entrance to the bank. It is supposed the gang came from across the river.

R. Commission will sit in Windsor.

Windsor, Nov. 25.— Mayor Wigle has been notified that the Railway Commission will sit in Windsor on December 9th. Sessions will be held in the council chamber. Shippers here complain that the railways discriminate in freight rates, and claim that Detroit shippers secure a much lower rate to Toronto and Montreal than manufacturers and dealers in Windsor and Walkerville.

Proof to Stamp Out Competition

New York, Nov. 25.—Mr. Justice Fitzgerald has issued subpoenas directing John D. Rockefeller, H. H. Rogers and others, to appear before a commissioner designated by Governor Folk, of Missouri, to take testimony in this city in two suits brought by the State of Missouri.

The State alleges that certain pool agreements are in existence to stamp out competition.

UNITED STATES COMES TO TERMS

Great Britain Has Settled the Cuban Question.

NEW TREATY NOW READY

Which Gives Uncle Sam Control of the Island's Foreign Policy.

London, November 27.—Britain's proposed commercial treaty with Cuba, is the result of a tacit understanding with the American Government, whereby the United States will be enabled to show Cuba that the Platt amendment means just what it says, and that the United States possesses and intends to exercise supervision over the island's foreign affairs.

The United States welcomed Cuba's negotiations with Britain because the Washington Government knows that a conflict with this country is out of the question. The United States was genuinely pleased, therefore, to have the question of preferential rights raised. In connection with a power with which it enjoys the most cordial relations, because in this way it will be possible for the United States to set its foot down, and bring Cuba to serious complications. Both Cuba and the rest of the world will then be no longer in doubt concerning the status of the United States, where Cuba's foreign relations are concerned.

As indicative of the complete understanding prevailing between the Washington and London Governments, it may be stated that not a single communication on the subject has passed between Foreign Secretary Lansdowne and the American Embassy in London.

The Newfoundland fisheries question continues to engage the diplomatic attention of both governments, but, barring possible excesses on the part of fishermen in the disputed area, the matter is entirely devoid of dangerous aspects.

FELL UNDER TRUCK

Thomas Christie, an Owen Sound Fireman Killed While Responding to a Call.

Owen Sound, Nov. 27.—Thos. Christie, a member of the fire brigade for thirteen years, while going to a fire slipped and fell under the heavy truck cart was instantly killed. He was thirty-six years of age and leaves a widow and three children. He was a brother-in-law of Mr. Victor A. Bonnell, C.P.R. trafficmaster at Toronto. Deceased had a singularly unfortunate experience during the past year, having fallen from a scaffold, which resulted in concussion of the brain, and later had his shoulder blade broken in a bicycle accident.

Schiff Sends Contribution.

New York, Nov. 27.—Jacob H. Schiff yesterday sent his cheque for $100 to the Jewish Defence Association, an east side organization, which is collecting money to ease the Jews in Russia.

This movement has heretofore been opposed by their uptown co-religionists, but the east siders believe that Mr. Schiff's contribution will be followed by others from them who have thus far concerned themselves only with the amount of the successive tortures.

The general relief fund has now reach nearly $600,000.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 600 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car; and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 180 pounds which ought to give us a flow of about 2,000 barrels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 6 per cent.; the Union Trust Company, 6 per cent.; the Central Trust Company, 6 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 500 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 30 per cent. on a basis of five wells to the acre.

WHY SO WEARY ?

Always Restless and Weak Isn't Natural—But It's Dangerous

You have to work hard. This uses up lots of nerve force and tears down the body faster than it can build up.

The result is a half-dead feeling you can't shake off. Somehow you must get more vitality. The water in your blood must be turned into nutriment and building material.

This is just what happens in using Ferrozone, which renews the blood and nerves, and makes each organ do the work that nature expects of it.

Ferrozone quickly increases your weight, brings appetite and healthy color, instills a reserve of vigor into the system that defies weariness, exhaustion, debility, or sickness of any kind.

Ferrozone quickly increases your weight, brings appetite and healthy color, instills a reserve of vigor into the system that defies weariness, exhaustion, debility, or sickness of any kind.

The enormous strengthening power of Ferrozone is proved in the case of Mrs. Edward Hill, of Orr Lake, Ont., who says:

"Two years ago I had a nervous breakdown. At night I tossed restlessly in bed, unable to get any rest from sleep. In the morning I suffered from over-powering weakness. My appetite was poor. I grew pale, thin and despondent. A slight hacking cough also added to my burden.

"My doctor said to try Ferrozone, and it did me good in a few days. I increased in strength, the nervous sensations disappeared, and with my appetite came back my color and good spirits. I have gained over ten pounds in weight, and as my age is 56, I consider Ferrozone is a marvel." (Signed) Mrs. Edward Hill.

REMEMBER THIS: Ferrozone is a true tonic—not an alcoholic stimulant. Fifty chocolate-coated tablets in a box for fifty cents, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

PETERBORO, NOVEMBER 27 1905

THE INSURANCE ACT

The demand is made in some quarters for an investigation of the condition and methods of Canadian life insurance companies and for changes that will give greater security for policy holders, says the Montreal Gazette. This is, perhaps, a natural result of what has happened in New York; thought it is not noted that the New York example is being followed in other states, and does not seem to be contemplated in Connecticut, which has within its bounds in the city of Hartford one of the principal insurance centres in the world. There are several things in connection with a life insurance company into which enquiry may be made. First, as concerns the public, there is the sufficiency of its assets to meet its actual liabilities as set forth on the face of the policies it has issued. Connected with this is the nature of the investments it has made. Both these are now taken notice of by the Government through the insurance branch of the Department of Finance. The returns the companies are called on to make cover all their liabilities and include a detailed list of investments, with the cost price, the market value and the book value of each holding of bonds or stock. In connection with these holdings the law is fairly strict, though in some regards it might be improved, and the directors of a company are personally responsible for any loss that may arise from an unauthorized investment. The superintendent of insurance should be able to tell by a study of these returns, just what the position of a company is. He, with his expert knowledge, is better qualified to make an enquiry, where it is needed, and to recommend action where it is desirable, than would be a parliamentary committee, the majority of whose members would be dealing with what they, at most, could only partially understand. The same remarks may be made in regard to the other likely subjects for enquiry, the integrity of the management and the expenses of administration. The latter, in the case of some companies especially, seems unduly high. For this the excuse is made that the companies were compelled to meet the competition of the fifty United States concerns which threatened to rob them of their best agents. But in regard to this, the facts are known. Whether taken up the insurance returns can see for himself how much each company received as premiums, how much it got from investments, how much it paid to policy holders, how much to shareholders and how much for general expenses. An enquiry in this connection would not show anything more than is now published, except, of course, as regards details, which, however, would be interesting rather than instructive. It is intimated that the Insurance Act may be revised at the coming session of Parliament. Mr. Fitzgerald, the superintendent of insurance, has twice recently in his annual reports recommended such action. Before joining in the varied demands that are being made and so adding to the confusion of an awkward situation, those in responsible positions would do well to await the Government's action and explanations thereof. They can afford to do this, because there has been nothing shown, even in New York, to establish that life insurance policies issued in Canada have lost any of their value, that the security behind them is insufficient; or that there is any reason for shunning life insurance as an investment.

A TERRIBLE INDICTMENT

The London Daily News recently printed a terribly dark picture of peasant life in Russia. It showed that famine and misery are to be found in many of the provinces of European Russia, and it even charges that the Russian Government has been seizing the entire supplies of food which the peasants have stored up to tide them through the winter to pay for arrears of taxation. The exports of breadstuffs from Russia, in the opinion of our contemporary, do not show a condition of prosperity in that country, but rather point to the government having drained the peasants so that they are now on the verge of starvation. The infant mortality in the country districts of Russia is terrible, race suicide that is caused by the poor quality and scant quantity of food. According to the Statesman's Year Book the mortality in Russia is 279 children under 1 year and 567 under 5 years in each thousand deaths. Last July in Manila only 25 per cent. of the deaths were of children under 1 year of age. Russia, therefore, makes a worse showing than did Manila in a summer month. The Daily News claims that while in the other civilized countries of the world there has been a marked improvement in the death rate directly the opposite is true of the country districts of Russia, the high rate of infant mortality playing an important part in this showing. The policy of the Czar's Government has taken the spirit out of the people that till the soil, until a condition has been reached that the Daily News describes as follows:

The Russian peasant is not trained to work. He feels no zest in it. He will not labor for more than is necessary to provide for the next few days. For the land is not really his own, and therefore, he cannot love it as a husbandman should. His whole character has been enervated by enslavement and bad government, which rendered him less than ever capable of struggling with bad times.

Turbine at Halifax.

Halifax, N.S., Nov. 24.—The steamer Turbinia, from Hamilton, Ont., arrived here this morning. She will be here a week or two, awaiting cargo of sugar, and will then proceed to Cuba to run between there and Jamaica for the winter months.

Soft Coal Men's Assembly.

Chicago, Ill., November 24.—A well attended meeting of owners of soft coal mines was opened here today, which was called for the purpose of forming a national federation of operators of soft coal mines.

VARICOCELE & STRICTURE

No other disease is so prevalent among men as Varicocele. As it interferes with the nutrition of the sexual organs it produces weakness, loss of semen through the urine, decay of the organs, pains in the loins, aching in the back, nervousness, despondency, bashfulness, palpitating of the heart, constipation, and a combination of these results in complete LOSS OF MANHOOD. Thousands of young and middle-aged men are troubled with STRICTURE. If you have reason to believe you are afflicted with it, don't neglect it. It will ruin you. Don't let doctors experiment on you by cutting, stretching or tearing it. Our NEW METHOD TREATMENT dissolves the stricture tissue, hence it disappears and can never return. We cure Varicocele and Stricture without operating or loss of time. The treatment may be taken at home privately. Send for our Free Illustrated Book on VARICOCELE and STRICTURE. WE GUARANTEE TO CURE OR NO PAY.

Kidneys & Bladder

All sexual complaints affect these organs, hence the kidneys are a great source of disease. Have you aching or weakness over the small of the back, tendency to urinate frequently, deposit in urine, coldness of hands or feet, a drowsy feeling in the morning. Don't neglect your kidneys. Our NEW METHOD TREATMENT is guaranteed to cure any disease of these organs or no pay.

No Names Used Without Written Consent.

O. W. Rowe, of Jackson, Mich., says: I had varicocele in the secondary stage and two strictures of 8 years' standing. I was operated on twice, undergoing great suffering, but only got temporary relief. I was finally advised to try the NEW METHOD TREATMENT of Drs. K. & K. The enlarged veins disappeared in six weeks, the stricture tissue was removed in [illegible] returned so I was a man in every respect. I recommend you doctors with my whole heart."

CURES GUARANTEED. NO CURE NO PAY.

Before Treatment. After Treatment.

We treat and cure Nervous Debility, Lost Manhood, Varicocele, Stricture, Blood Diseases, Kidney and Urinary Complaints. Consultation Free. Books Free. Write for Question List for Home Treatment.

DRS. KENNEDY & KERGAN
140 SHELBY STREET; DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1.00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 350,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 143 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $1,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels, drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 500,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $10,000.00, and they owe a balance of $6,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 6 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U.S.A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

HUMOR

A TANTALIZING MAIDEN.

Do I love her?
Dimpling red lips at me pouting,
Dimpling shoulders at me flouting;
No; I don't!

Do I love her?
Prisoned in them crystal eyes
Purity forever lies;
Yes; I do!

Do I love her?
Little wild and willful fellow,
Teasing, torturing contradiction;
No; I don't!

Do I love her?
With kind acts and sweet words she
Aids and comforts poverty;
Yes; I do!

Do I love her?
Quick she puts her censure on,
Stabs with laughter, stings with scorn;
No; I don't!

Do I love her?
No. Then to my arms she flies,
Filling me with glad surprise;
Ah, yes; I do.
—Detroit Free Press.

Of Some Use.

Wot's de use of de horizon? Why, if it wasn't for de horizon de sea would slop out into de sky!—New York World.

Scotch Dialect.

"I got quite interested in a book that a man left out in the woods the other day," said the first owl.

"Nonsense!" cried his mate. "You can't understand the human language."

"But this wasn't altogether human. It was by a man called McTavish MacPherson, and it was full of 'hoots.'"—Philadelphia Ledger.

An Excuse.

Little Mary, having fallen in the mud, got her mother to write the following note:

"Dear Teacher—Kindly excuse Mary for having been absent yesterday, as she fell in the mud on the way to school. By doing the same you will oblige her mother."—Lippincott's Magazine.

Curious Effect.

The Daughter—You would be surprised to know how many persons merely think they have hay fever.

The Professor—Yes, but that wasn't the trouble with a neighbor of mine. His was a genuine case. He had it so bad that he married a grass widow.—Chicago Record-Herald.

Friendly Advice.

"Yes, sir," said the noisy party proudly, "I am a self made man."

"Well, don't let a little thing like that worry you," rejoined the quiet party. "Keep your mouth shut and no one will ever suspect it."—Boston Transcript.

Mental Indolence.

"Young Mr. Lobrew is very liberal with tips."

"Yes. He would rather give the change to the waiter than have the mental effort of seeing whether it is correct."—Washington Star.

Why He Resigned.

"Did you attend the last literary supper?"

"No. Last time I was there they hit me 'side the head with a b'iled potatoe, an' I've done left the literary business!"—Atlanta Constitution.

The Reason.

Little Willie—Papa, why does the railway company have three cows with the ax and saw in every car?

Father—I presume they are put in to use in case any one wants to open a window.—Puck.

Ambiguous.

Father—Aren't you ashamed of yourself, Frank? You're old enough to know better!

Child—Well, if you hadn't got married early I wouldn't have been so old.—Tales.

Saving the Honeymoon.

The Bride—A penny for your thoughts, my dear.

The Groom—I was thinking of the dearest person on earth.

The Bride—Oh, you egotist!—Chicago News.

Feminine Charity.

He—Miss Upperton certainly carries her head high.

She—Yes, and without any particular effort on her part. There is absolutely nothing in it.—Detroit Tribune.

Perhaps So.

"It seems to me your wife ought to do the cooking instead of employing a cook."

"Possibly she loves me too well, mother."—Houston Post.

Always the Same.

"Bilder's wife has a very even disposition, hasn't she?"

"Very. Her irritability never varies."—Life.

CARTED OFF SAFE AND $70,000 IN GEMS

Home of Pattersen Millionaire Robbed While at Revival.

New York, Nov. 24.—A $70,000 jewel robbery, engineered with remarkable delicacy and daring, occurred in Patterson, N.J., last night, when the home of Frederick W. Cooke, millionaire member of the Passaic Steel Company, was entered and a heavy safe, containing practically every bit of jewelry in the family possession, was hurled from a second storey window to the soft dirt in a yard and carried away.

Absolutely no trace of the direction the housebreakers took could be the police. The theft of the robbers was amazing. They used no tackle to lower the safe, the contents of which upon discovery, and other gems, money and valuable papers. The only attempt to hide their presence was made when they broke the rear of the house by which to escape with their loot.

At the time of the robbery, Mr. Cook was away from home, attending revival services.

New Telegraph Wires Put Up

Winnipeg, Nov. 24.—Edmonton is now in communication with the outside world by telegraph. The first message from the northern capital was received last night. The Canadian Northern made connection with the Government telegraph line, and a message was thus transmitted. A second and third wire will be strung in two or three weeks, and a general telegraphic service instituted.

The recount in Calgary will sustain Cushing, (lib.) seat by an increased majority.

John Jackson, a rancher at Maple Creek, was fatally injured while unhitching his team.

The steel on the Winnipeg-Edmonton line of the C.N.R. has been laid to Edmonton.

Rev. Dr. Farquharson objects to the stand taken by the Presbyterian Synod on the school question. He was opposed to the school platform in 1905.

Conservatives are looking forward to a call for a Dominion convention at an early date.

Tarte's Sanction.

St. Jerome, Que., Nov. 24.—Hon. I. Israel Tarte, speaking at the Colonization Congress here yesterday, referring to this increased Parliamentary stipend, declared himself completely in its favor. The thought it was required in order to enable representatives of the people to do honor to the position and to remove from them the temptation to corrupt practices.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 by 1500 feet. The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent. collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

Exhaustion All Gone!

To-day She is Buoyant With Health and Vital Energy Given by A Medicine Suited to the Female Sex

There is no medicine for health and strength that accomplishes so much as Dr. Hamilton's Pills. For womanly troubles they have no equal.

Miss Katie E. Emerson, one of Brockton's popular young ladies, in the following letter voices the conviction of hosts of her friends:

"Two months ago I was completely used up. I was weak and miserable. My strength was gone, and I had no appetite or energy left. What I needed was a blood purifier and systematic tonic which I found in Dr. Hamilton's Pills. To-day I am brimming over with spirits and virile good health that came from using Dr. Hamilton's Pills."

No one can over-estimate the true worth of Dr. Hamilton's Pills. Their enormous curative power makes one marvel. You soon have richer blood, better appetite, clearer complexion, freedom from weakness and ill-health. Dr. Hamilton's Pills are sold everywhere 25c. per box, or five boxes for $1. By mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

Wanted.

Laundry woman wanted, by the month. Only a good strong woman need apply, at Snowden House. 2d

Dog Lost.

From 473 Water street, a Scotch Terrier dog, light colored, milk white curly head. Finder will be rewarded by returning to above address. Parties detaining this dog will be prosecuted.

Hotel For Sale.

That well established and largely patronized hotel, the Snowden House. This hotel has a large clientele among the commercial, city and farming trade. Will take cash or acceptable farm property in exchange. Immediate possession to suitable applicant. None but principals need apply. Apply to,

WILLIAM SNOWDEN, Proprietor.

Hound Lost.

Between Lakefield and Peterboro, on Nov. 16th. The dog is a small fox hound, colors black, white and tan. He had a patch of paint on the back of his neck. Any one giving information leading to his recovery, to Charles Gunsolus, Peterboro, will receive a suitable reward. 1d

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

Englishmen Get Work.

It pays to advertise or be mentioned in The Times. Our readers will remember, that in March, it is, we noted how two young and deserving Englishmen were stranded here, and only kept out of financial embarrassment by kindness of a local hotel man, who took them in. We are pleased to say, that owing mainly to the appeal made for these young men in that issue, they are now, both holding down good jobs, one in the city and the other in Lakefield.

Local Firm Working at Calgary.

Mr. A. La Fay, a member of the enterprising firm of Thorn & Co., the Simcoe street plumbers and electrical contract experts, has gone to Calgary, Alberta, to superintend a very large job of steam-fitting, and plumbing which that firm has secured the contract for. This contract is for the complete work of a large new hotel at Calgary.

Peterboro industries are pushing to the front when Calgary has to send to Peterboro for work that will be satisfactory.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

TUESDAY SEPT. 5, 1905

Intending students should make application as soon as possible.

Call at the College, or address

WM. PRINGLE, Principal.

LOCAL INCIDENTS

By The Times Man on the Street

—Deadly! Now will you be good?

—Where was Moses when the candle went out? In Peterboro last night.

—Lindsay amateur cork artists are rehearsing for a show to be given early in December.

—The chief has a pocket book containing a sum of money, found on Saturday. Who owns it?

—Over five miles of granolithic pavements were laid in Peterboro last season. There are more to follow.

—Some lilac trees belonging to Mr. D. Hennessy, east side, are in bud. Nature like man, is not infallible!

—There will be an entertainment given this evening at the Y.W.C.A. under auspices of the Reading Circle.

—The Fortnightly Club will meet at the Y.M.C.A. Hall on Tuesday evening. A large attendance of members is requested.

—Staff-Capt. McLean, of Toronto, with his moving pictures, drew large crowds to the Salvation Army barracks. The exhibition was a Yarmouthy good one.

The Lony Swamp correspondent of the Millbrook Mirror says; Mr. Wesley Husk took a trip to Peterboro with his "automobility" on Sunday and returned Monday evening.

—A memorial service was conducted in the Salvation Army barracks yesterday evening in memory of the late Carlos Gressa. Staff Captain McAmmond conducted the service.

—Mrs. Durand, Water street, on Saturday morning had a valuable terrier dog stray or stolen from the residence in front of Victoria Park. A reward is offered for its return.

—The Bell Telephone Co. has now arranged to run a line to Linden Valley, P.O., near Dunsbray Station. This new telephone line will be eight miles in length running from Lindsay.

—Mr. T. Crowley, whose name has frequently appeared in these columns in connection with mining properties has sold options on several of his properties, including the Medalite property.

—The kickmaster at Lonk No. one, Lakefield, Mr. J. H. McWilliams, reports a very busy season. The number of locks gone this year was 464. Last year they amounted to 216, a very large increase.

—Mr. R. M. Roy, has on exhibition at his Hunter street studio a splendid enlarged photograph of the local rugby team, intermediate champions of the O.R.F.U. The portraits, are both individually and collectively a work of art.

—The Millbrook Mirror says: Mr. J. H. Gardiner, auctioneer of Peterboro, was in town to-day. Mr. Gardiner's services are in great demand, and it is no wonder, as he has a record of conducting successful sales all through the counties of Durham, Peterboro and Victoria.

SOCIAL AND PERSONAL

—Mr. Fred. Peake, Campbellford, was in the city on Saturday.

—Mr. A. A. Muckleband, of Campbellford, was in the city on Saturday.

—Mr. Stuart Fraser spent Monday in Peterboro, visiting friends—Lakefield News.

—Mr. J. Jarrell and Mr. W. R. Trenwith, Port Hope, were in the city on Saturday.

—Mr. J. J. Grafton, of Dundas, of the firm of Grafton & Co., was in the city on Saturday.

—Mr. E. C. Atrill, Gaderich, brother of Mr. Thos. Atrill, Water street, was in the city on Saturday.

—Mr. Walter McMullen, sporting editor of the Hamilton Herald attended Saturday's football game.

—Miss Olga Brand of Port Hope, has returned home after visiting for a few days at the home of Mr. M. Shaw, Otonabee.

—E. B. Wigle of Guelph and J. W. Latimer of Peterboro, are among those registered at the International Hotel.—Soo News.

—Mr. Steve Hetherington, of Peterboro, was a guest at the home of his mother, Mrs. Thos. Hetherington.—Millbrook Mirror.

—Rev. O. C. McLaurin, representing the work in the Northwest, preached at the evening service in Murray street church yesterday.

—Mr. D. R. Harrison, of Springville, has returned from Hastings, Minn., where he has spent the last two years. He will remain here during the winter, and will go west in the spring.

—Miss McCluskey, of Peterboro, spent a few days in the village this week the guest of Mr. and Mrs. W. Baker.—Mr. John Henderson, of Peterboro, was the guest of Mr. and Mrs. J. W. Medill on Saturday.

C. G. E. Co. Appreciates Hurt.

John Lightfoot, an apprentice at the Canadian General Electric Works in the brass department, received an injury on Saturday morning at the works. He was sawing a brass casting on a marble slab, when the saw slipped and his wrist was cut. The services of Dr. Young were secured, but it is not anticipated that there will be any serious results from the accident.

Norwood Wants House of Refuge

Norwood is making strenuous efforts to secure the county House of Refuge. A public meeting was called in the town hall of that village last Friday and all the leading men of Norwood put themselves on record—before possible contestants — by unanimously speaking in favor of the House of Refuge being located there. They think that this city "gets too much of the plums," and are ambitious to be a little plumbing themselves.

The City in Darkness.

Last night the principal part of this city, including all of our commercial district was in absolute darkness. George, Water, Simcoe, Charlotte, McDonald, Hunter, Queen, Brock, Shortdon and many other streets are on the gutless list for repast. Citizens last night were very indignant at this dispensation of our electric. It was generally thought that, as private lights are the same circuit were burning that the public lights were out for want of carbons. Whatever the cause, a city the size and wealth of Peterboro, should not be left like a subway blanket, to the mercy of hapless footpads and thugs.

MURDEROUS ATTACK

How Ald. Leary's Brother Was Injured in Mexico.

As noted in The Times of a former issue, we noted the regrettable fact that Ald. Leary's brother, Charles, had sustained severe injuries at a mine in which he is engaged near Santa Anna, Mexico.

The genial alderman has now received a letter, sent originally to his brother John at Cheyenne, Okla. Home.

The latter is as follows;

Santa Ana,
Sonora, Mexico.

Llanos de Oro Mine, Nov. 8, '05.

Mr. John Leary,
Cheyenne, Okla.

Dear Sir,— I now take time to write you, giving particulars as to Charlie's condition. I understand that you have been informed of his steady improvement, but not knowing as to what extent you have been acquainted. I will tell you now it happened. He was struck on the head with a shovel in the hands of a Mexican, whom he had discharged. While it cut a hole in his skull six inches long, he regained his senses in half a minute, and has been conscious ever since, assisting during the two operations which were performed to remove broken bones and other matter from the brain. He is speechless, and for a time had no use of his right arm, but now he is gradually regaining the use of that member. The doctors say at this time it is impossible to tell whether he will ever regain his speech, or not, but we all have hope he will.

He has at all times understood every word spoken to him, but don't seem to be able to read, and not having enough control of his right arm, can not write. By making signs he can convey his wishes to us. He is having the best of care, both as to doctors and nurses. He sat up for two hours yesterday, and for a time to-day, but as soon as the wound has healed sufficiently to make it safe we will take him to Los Angeles, but it will probably be two weeks or more before it will be safe to let him travel. He was here less than a month when he was hurt. He had, and will have, if he fully recovers, a permanent place with this company as mill superintendent. I have known Charlie over six years, and have been with him a greater part of that time. We follow the same line and work together when it is convenient. A neighbor of yours J. A. Laird, is here as engineer for this company.

I remain,
Respectfully yours.
T. G. LEWIS.

P.S.— This place is 65 miles from railroad or telegraph.—Lewis.

Ald. Leary will leave here on Thursday for Los Angeles, Cal., and hopes to meet his brother Charles at that city.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

Packing House Chimney Blown Down

Messrs. Matthew's large chimney at their local packinghouse was blown down by Friday night's gale. The chimney, which was constructed of steel, was about 30 feet in height, and as a result the street car line was blocked for a short time by a a guy cable stretching across being lowered to the rails. Work on restoration was at once proceeded with Saturday morning.

Mr. Publow Will Speak.

Mr. G. C. Publow, chief dairy inspector for Eastern Ontario, will be present at their meetings of West Peterboro Farmers' Institute. Mr. Publow and others speakers will address the following meetings. It is expected that these gatherings will be very largely attended. At the judging class at Moore house stables, on the afternoon of Friday, Dec. 8th, at 1 o'clock; at town hall, North Monaghan, Friday evening, Dec. 8th, at 7.30 o'clock; at city council chamber, Peterboro, on Saturday afternoon, Dec. 9, at one o'clock.

Looks Like a Bicycle Theft.

On Saturday evening, the chief got word that a bicycle answering [illegible] was lying under the G.T.R. bank bridge, in the Missing Link, just near the outskirts of the city. The chief at once went to the spot and found the wheel, a gent's machine, with handle bars covered with light colored leathers, evidently thrust under the shed, as though the thief, if there were one in connection with its presence there, had hidden it until a favorable opportunity for taking it away should present itself. As the handle bars are turned up very high, it looks as though the rider and owner were a taller man than the one who rode it to its place of concealment.

A UNIQUE MENU

Peterboro's Leading Hotel Gets Out an O.R.F.U. Dinner Card.

On Saturday the Oriental Hotel, typical of their usual progressive spirit, got out a specially prepared dinner menu card, appropriate to Saturday's rugby interest. The Dundas visitors expressed great admiration, not only for the card but for the thoughtful act it typified.

The card displayed a rugby player portrayed in appropriate attitude, and was printed specially in red and blue colors. The card which was intended as a souvenir read;

Vegetable Soup
Olives Lettuce
Boiled Lake Trout de Championship
(Peterboro O.R.F.U.)
Boiled Ox Tongue, Rouge Sauce
Game Saute au Touchdown
Lamb Pot Pie, Smythank Style
Corn Fritters, Punt Sauce a la Shaw
Roast Sirloin of Beef au Back Line
Spring Chicken a la Dundas
Loin of Veal, Quarterback Dressing
Signal Salad de End Run
Boiled and Mashed Potatoes
Green Peas Stewed Tomatoes
Rugby Pudding, Peterboro Sauce
Mince Pie Apple Pie Blueberry Pie
Cameron Jelly Neilson Ice Cream
Coffee, Tea, Nuts, Raisins.

Peterboro, Nov. 25th, 1905.
Intermediate O.R.F.U. Championship—Dundas vs. Peterboro.

EMBARASSING PLACE

Local Contractor was in a Quandary for a Short Time.

A few nights ago a well-known local contractor on his way home, his work completed, his conscience clear, and everything lovely. The time of this little comedy was anywheres between 9 p.m. and 11 p.m.; the scene, Cumberland street; the actors, leading man, the local contractor, and an unknown lady, who carried a grip and bundle wrapped in shawls, etc.

The contractor, en route home, whom near a certain philanthropic institution meets a lady. The lady professedly a stranger asks where this institution is located.

With due gallantry the contractor offers, not only to guide the lady to it, but to carry her grip. The grip is handed over to the contractor.

The pair, with usual tact under similar conditions, discuss the weather. "Yes it's getting very cold;" "Indeed it is, I have felt the heat very much to-day;" "Yes lady it looks very much like rain," to which comes the somewhat irrevalent answer "You are quite right the sky has cleared up wonderfully, I believe we are going to have Indian summer."

At last the aforesaid philanthropic institution is reached. The lady, in addition to the grip, he already carries, hands the shawl-wrapped bundle to the contractor, saying, "Hold it carefully please, I will be back in a minute."

The lady disappears, the contractor puts down the grip, and after a brief study of its shape and dimensions, devotes all his attention to it and its precious contents. The fleeting moments fly apace; yet the lady does not return. "Horror of horrors, what if she does not return!" Still the moments keep busy on the fleeting business, without tangible results, further time to bread disperation in the contractor's mind.

Will put the bundle down and fly! No a thousand times no! Even though the worst should happen, and an acquaintance advance through the kindly darkness and see him, he decides to play Charlie's game and stick to the post of duty. Suppose the bundle should give trouble."

At last, just as his hair was turning several shades lighter the lady appears and relieves him of his grip and bundle, and with a sharp "Good night and thank you," disappears into the institution.

POLICE COURT NEWS

A descendant of Canada's original inhabitants, the dusky redmen, by name Wigwan, who hails from a reservation near Hastings, on Saturday evening, despite the law forbidding sale of liquor to Indians, absorbed a larger cargo of red eye than his bald-wax by nature intended to accommodate. This young man was getting hilarious and somewhat fresh. In consequence, Nemesis, in the shape of a sturdy policeman, led him a two-step waltz to the station. He will explain why, how, and from whom he bought his tanglefoot when court opens this morning.

That Water Street Pipe.

In Saturday's issue we noted, giving our authority, a telephone message late at night to the police station, that the large water main on Water street, at or near No. 321 Water street, had burst and that two ladies had fallen into the resulting cavity. This, as above noted, was telephoned in good faith to the police, and Superintendent Henderson, at once went to the locality named to investigate. He found that two ladies had indeed fallen into a water pipe ditch at this locality, and sustained a severe shaking up. The ditch, however was on private property, the pipe being laid by owners of the property. We print this correction in justice to those interested in our local water works.

STILL GROWING

Demand for Mi-o-na Stomach Tablets Continues to Increase.

Although Mi-o-na was introduced in Peterboro but a short time ago, it is today outselling all other medicines for the cure of indigestion and stomach troubles.

Mi-o-na almost invariably cures all forms of indigestion and stomach trouble except cancer.

It gives such health and strength to the weakest stomach that all the food is readily converted into nutrition, so that it gives nourishment and health to the whole system. In this way nervousness and sleeplessness are cured; headaches, backaches, and rheumatic pains are prevented, and there will be no more poor appetite, distress after eating, heartburn, or debility.

Mi-o-na costs but 50c. a box.

If you cannot obtain Mi-o-na at your druggist, it will be sent by mail, post-paid, on receipt of price. Write us for advice on your case from a healthy stomach specialist which will be sent free. The Mi-o-na Co., Kingston, Ont.

No woman can look beautiful without good health. A woman's good health depends on those organs peculiarly feminine, and which so often become disordered, causing misery and dragging-down pain. Nature's laws are perfect, health and rest if you obey them, but disease follows disobedience. The distressing complaints of women are often brought about by catching cold at a critical period, breathing foul indoors' air and long hours of work and nervous tension. Go straight to Nature for the cure—to the forest. Dr. Pierce's Favorite Prescription is *Nature's cure* for the distressing complaints of women. Prof. King, M.D., in his American Dispensatory, says of Black Cohosh or Black Snake-root—"our early American Indians set a high value on this root in diseases of women. It is surpassed by no other drug, in congestive conditions of the parts where there are dragging pains, and pelvic weakness."

Lady's Slipper root is a nerve stimulant and tonic, improving both circulation and nutrition of the nerve centers—favoring sleep and cheerful condition of the mind, of service in mental depression, nervous headache, irregularities of women with despondency.—Prof. *King*. Besides the above ingredients there are—Golden Seal, Unicorn and Blue Cohosh roots in Dr. Pierce's Favorite Prescription.

Dr. Pierce's Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 50 stamps. Over 1000 pages and illustrated. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gents' Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Mumm Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20, Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIMES BOOKSTORE

MARKET BLOCK, PETERBOROUGH

P. S.—Do your shopping EARLY while the assortment is at its best. Goods selected now will be reserved until called for.

Parliament Will Meet in January

Toronto Combine Crusade will Delay Tariff Revision Until Next Year.

Montreal, Nov. 28.—The session of Parliament is likely to begin about Jan. 20, states La Canada to-day, and adds that it is likely that after a short winter session, another session will be called in November next. It is now understood that the revision of the tariff cannot take place at the January session. This is not due to delay on the part of the tariff commissioners, but the revelations now being made by Crown Attorney Curry in the Toronto investigations.

The combines which he is seeking to have condemned have been, according to Government advices, shown to have taken advantage of the tariff to unduly increase their cost of materials to small dealers and the public.

Friends of the Government say that the work of the tariff commission will be finished in December, and the revision could be made in January, were it not that the Ministers wish to await the result of the inquiry into alleged illegal combines.

Le Canada is generally regarded as the organ of Hon. Mr. Prefontaine.

POLICE COURT NEWS

Mr. Hugh Gibbs got loaded yesterday. Not loaded with work done overtime, but with the stuff that, by continual usage conjures up pink crocodiles and spiders with seven-league boots on. Hugh, when arrested by P. C. Adams, in a Hunter street hotel, that he was trying to "put on the rough," showed evident signs of the frey. Had he passed through a threshing machine, his protoplasm could not have been more damaged. Hugh must have been strictly "up against it." His nose looked somewhat like an Italian sunset as depicted by the artist Turner. It was a dream of "realism." Hugh, about 10.30 p.m. discovered that a 2-pint flask of "Old Scotch" was missing, and as his thirst, on recovering partial sobriety increased in direct proportion to his gathering wits, clamored loudly for the flask. However, the officers were flinty hearted and duly handed in a cell at Peterboro water works output to-day. Hugh will settle matters this a.m. to Mr. Dumble.

John Oakley, a frequent lodger during the past few weeks, last night blandly enquired if any rooms in the Hotel des Cops, were yet vacant. John was shown into the purple velvet and gobelin tapestry lined cell, nearest the warmest coales, after he had dropped his bill copiously into the public fountain on Water street. He is a regular.

Only one case occupied the attention of his worship yesterday morning. An Indian named Wigwin, who hails from near Hastings, was charged with having been drunk on Saturday.

"Jas. Wigwin, you are charged with being drunk on Saturday, are you guilty or not guilty?" "Yes, Mister, I was drunk that day." "Where did you get your liquor?" the magistrate asked, after reading the law forbidding sale of liquor to Indians. "I met them Frenchmen, whom I had met in the shanties, they had a bottle and gave me the whiskey."

"Now," said his worship, "do you want to go to jail for a month?" (It might be explained that an Indian, drinking liquor, when it is not known to the court where he obtained it, must tell or go to jail in default of a heavy fine). The Indian maintained his story was true about the Frenchmen giving him the whiskey, but the magistrate was evidently sceptical.

"What were the mens' names?"

"I don't know."

"What kind of a bottle was it?"

"A big bottle, long."

"How many drinks did you take out of the bottle?"

"I drank till I did not know anything."

"Where did the Frenchmen buy the liquor?"

"I don't know."

"Did you drink any before meeting these men?"

"No."

Several questions more along this line did not throw any further light on where "Lo" got his firewater.

The result was a $5 fine, paid by Mr. Chalmers, who engaged the Indian to work in the shanties.

Mr. Chalmers, after the trial said, "Jim is one of the best workers I sent to the shanties."

THE COURT ADJOURNED

Judge Told That His Wife Was Hanging in the Barn.

Campton, Ky., November 24.—A dramatic scene was enacted in the County Court today when a messenger rushed in and announced that Judge Howe's wife had been found hanging in a barn near her home. Judge Howe hastily adjourned court and hurried to the place, but too late to save his wife's life.

Mrs. Emily Howe had been ill in health for more than a year, and while despondent had made several attempts to end her life. Mrs. Howe left her mother, also an invalid, this morning, bidding her good-by and saying that she would not return. Sheriff Stamper followed Judge Howe and cut the body down.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

BASKETBALL.

The Brownies and Harriers will play to-morrow night. It should be a great game.

* * * *

On Saturday the Harriers will meet the Tecumsehs of Toronto in what should be a fighting fast exhibition. The Tecumsehs are winning all their games in the Toronto intermediate basketball league.

* * * *

RUGBY.

The game with Rough Riders II. will be played half under scrimmage rules and the other half under the usual back rules. It is therefore, up to the locals to get a scrimmage working before Saturday. Leclaire, a former Brockville scrimmage man, will be found with the visiting trio, while it is probable that some of the old scrimmage men will turn out again, leaving the wing line and back division intact. Peterboro should smother the Rough Riders at the usual back game and mean time hold their own under the other rules. Ottawa is said to have a good back division, but their wing line is poor. The game will be played in Brockville unless the Rough Riders can be induced to play here.

* * * *

The rugby team practiced in the Brock street rink last night.

HUMAN BEINGS IN STARS

The Doctrine of Probabilities is Dead Against the Earth Being the Only Planet Inhabited.

Chicago, November 25.—That human beings exist, have worlds of their own up among the stars is the conviction of Prof. W. W. Campbell, director of the Lick Observatory, who was at the Auditorium Hotel, today, on his way home from Europe, where he observed the total eclipse of the sun, August 30.

"It is inconceivable to me," he said, "that only one planet or one star should have intelligent life and that the earth is that one. The doctrine of probabilities is dead against it, and there is the highest degree of probability that there are inhabited worlds above us. We must not overlook the possibility that a telescope, of capabilities and forces now unknown to us, may be invented, and that discoveries will be made that as yet are undreamed of, as wireless telegraphy was fifty years ago.

"It is not difficult to believe, however, that human beings on Mars might be created in our own image and still have lungs capable of sustaining life there. In the present stage of astronomical development, to be visible to us, an object on Mars would have to be about twenty miles in diameter."

BUSINESS CHANGE

Mr. F. C. Cubitt Takes Possession of the Imperial Bookstore.

Yesterday morning, Mr. F. C. Cubitt took formal possession of his recent purchase, the Imperial Book store, formerly occupied by Mr. W. Sellsbury.

Stock-taking has, as noted in a former issue, been in progress for the past week, and on Saturday evening, the final consummation of the deal was completed.

Mr. Cubitt starts this new business under particularly favorable auspices, not only has he obtained a hitherto successful stand, but has secured the services of the young man, whose obliging and courteous manners as former manager, greatly enlarged the volume of trade done. We refer to Mr. W. A. Westcott, who, during the past two years, has so successfully managed the Imperial Book store.

Mr. Cubitt, the new proprietor, has determined to carry on a strictly "up to date" business, and will keep everything needed in books, stationery and sporting goods. For particulars watch for his adv. in these columns.

TREATED WRONG MAN

Awkward Contretemps in Peterboro Hotel.

A funny incident occurred last Sunday night in a Peterboro hotel. It seems that the "warmer" half of a married pair of guests, about two a.m., was aroused suddenly with severe stomach cramps and was almost frantic. His better half was very frightened, but knew that something must be done quickly, so without waiting to put on clothing started down stairs in the dark in search of help.

Running into the dining-room she saw a mustard cruet on the table. Emptying the contents into her handkerchief she started upstairs on the run, and entered the first door she came to. Here she saw a man lying on the bed, who in the dim darkness she mistook for her husband, and greatly tucking up his lingerie slapped the poultice on his abdomen. The man let out a howl and sitting up quickly ejaculated in angry tones: "Woman what in —— are you doing?"

There was a shriek, a patter of stockinged feet on the hall floor, and, frightened half to death, the poor wife found her room and suffering husband. She told him her troubles, and it tickled him so that his cramps took a change of venue.

A DEER REMINDER

Mr. J. C. Strickland will Marry Miss Anderson of Buffalo To-day.

To-day the nuptials of Mr. John Clement Strickland and Miss Sarah Latta Anderson, daughter of Mr. B. Anderson, of Buffalo, N.Y., will be celebrated. The groom is a son of Mr. R. O. Strickland, Lakefield, and carries on a successful commission business in Buffalo. Miss Silvia Strickland, Lakefield, sister of the groom, will be bridesmaid.

Yesterday a handsome present in the shape of a splendidly developed and mounted deer's head was forwarded to the happy groom by the Strickland-Hatton hunting party. The deer, weighing over 250 pounds was shot by Mr. R. O. Strickland.

The gift was accompanied by a suitably worded congratulatory address signed by Roland O. Strickland, captain; G. W. Hatton, secretary treasurer; Messrs Ritchie, recording secretary; Major Dr. Young, D. H. Ormsbym, Burt Hope, G. B. Stevenson, Alex. Elliott, W. E. Brooks, Young's Point; Wm. Gould, Harold A. Morrow, W. C. P. Heathcote, Samuel Bennett, Col. H. A. Ward, Port Hope; C. J. Blomfield, jr., Alex Reid, Lakefield, and A. P. MacDonald.

UP-TO-DATE VETERINARY

Dr. Bernard R. Poole, Water Street, Meets With Great Success.

One of Peterboro's most successful and prominent veterinary surgeons, Dr. Bernard R. Poole, 430 Water street, has decided, owing to his many recent cases of indigestion in horses, to make a speciality of treating such complaints.

Dr. Poole has lately effected many cures for indigestion in horses, that have attracted the emphatic endorsement of some of Peterboro's leading and best-posted horsemen.

Whilst in these cases by such advertising may have, in fossil etiquette, been deemed unprofessional, Dr. Poole, has such faith in his recently proved success in treating indigestion in horses, has in now adopting the usual business plan of "the cure, not pay." Dr. Poole has had great success in the treatment of horses belonging to such concerns as the Peterboro Fuel and Cartage Co., Messrs. Curtis Bros., and other large owners of horses. For particulars see Dr. Poole's adv. in to-morrow's issue and in the Weekly Times of future issues.

TARIFF COMMISSION

Many Outside Boards of Trade Will Be Here.

Mr. T. Q. Quartermaine, secretary of the Peterboro Board of Trade has received word from Deseronto, Orillia, Belleville, Campbellford and Lindsay Boards of Trade that they will send representatives to appear before the tariff commissioners, who will sit in the city council chamber on Thursday next, beginning at ten o'clock. It is possible that Harriston may also send a deputation. Port Hope, Cobourg and Trenton have not yet been heard from.

HUNTERS OBJECT

Ketcheoum Lake Hunt Club Memorialize Ontario Commission.

The Ketcheoum Hunt Club have, in opposition to the petition recently circulated from Mr. H. P. Dwight, forwarded the following petition to the Ontario Game Commission;

To the Ontario Game Commission;

Gentlemen,—The Ketcheoum Hunt Club, having been requested by Mr. W. H. Casement, one of your commissioners, to express their views on the game laws of the province relative to the hunting of deer, have asked me to write, stating the conclusions arrived by the club on this important subject.

Their meeting was held at Lake Ketcheoum in the township of Cavendish, in the county of Peterboro, during the hunting season, when the following hunters were present; H. C. Winch, K. M. Dennistoun, Duncan Walker, W. G. Mitcrrow, Vincent Eastwood, Robert Gibbs, David Johnston, George W. Bennett, W. H. Hill, Willian Irwin, Robert Hicks, and J. M. Brooks, all experienced hunters of Peterboro, and Robert Stuart and Dr. Gentles of Oshawa.

DOGS.

The first question discussed was with regard to the running of dogs, and the decision was unanimously in favor of continuing this practice. There can be no question about the fact that the enjoyment of the hunting season is greatly increased by the sound of the chase and in the opinion of this club, to abolish the pack would be to deprive all but a few skilful still-hunters of their sport.

OPEN SEASON.

After a prolonged debate it was decided with respect to the protection of the game, the season should be continued as it is at present, and that if any change is made the open season should be shortened not lengthened. There are throughout the section of the country numerous hunting clubs and settlers' homes which are centers of attraction for ohse anxious to shoot deer for hundreds of miles around. We believe that hunting would continue without abatement for the full period of 30 days, if the season were extended for so long a period; that whereas it is only possible at the present time for one member of a firm, company, financial institution to be absent for the open season, relays of hunters would be able to keep this hunt going if this season were extended. Many hunters would remain in the woods for the full period of thirty days, and the proposal to issue licenses for the first fifteen or last fifteen days would be ineffective.

Further, with regard to making the open season October instead of November, it is recognized that as a general rule it is impossible to preserve the meat in October owing to the weather not being cold enough and that great waste would result.

DEER TO BE SHOT.

The members of this club are of opinion that the shooting of fawn should be prohibited, but that a provision prohibiting the shooting of anything but horned deer would be ineffective.

SALE OF VENISON.

The members of this club are of opinion that the most effectious way of preserving the deer is to prohibit the sale of venison for a term of years. It is well known to all that it is very difficult, if not impossible, to enforce the game laws in the woods, but that they can be enforced in the cities and towns, and a prohibition of the sale of venison is one of the laws which can be readily enforced throughout the province.

NUMBER OF DEER TO BE SHOT.

The members of this club are of opinion that the present law, which permits two deer to be shot by each hunter, should be amended, and that the number of deer to be shot should be limited to one deer for each member of party, and there is no method of preventing this from being done, since it follows that a man who has shot two deer will continue hunting until the limit allowed for the party has been obtained.

All these suggestions are submitted in the hope that they may be found reasonable, and may be acted upon by the department.

BICYCLE CLAIMED

Mr. Gilpour, of Dickson Co. Gets Wheel After Separated of

Last night Mr. Gilpour, employed on the Dickson Company's office staff, called at the police station to claim his bicycle, which, as noted in yesterday's issue of The Times, was discovered on Saturday evening hidden away under the G.T.R. Missing Link told him.

Mr. Gilpour on entering the police station, and asking for the wheel, gave a satisfactory and fully identifying account of his bike, which was at once handed over by P. C. McGinty, then on duty.

Mr. Gilpour stated to a Times representative last night, that the wheel had been stolen, about two months ago, from the front of the Dickson Company's offices on Hunter street. It was stolen two days before the marriage of another of the Dickson Company's office staff. It was a "Dominion" bicycle and in perfect condition, but the firm's name plate had been removed by the thief, whilst the wheel was in his possession.

GOLDEN AGE PREDICTED

French Writer Says President Roosevelt Declares Staple, Universal Peace is at Hand.

Paris, November 25.—An anonymous article in magazine, "La Revue," relates an alleged conversation with President Roosevelt, who predicts the speedy arrival of an era, hitherto unknown in the world's history, of stape, universal peace.

Mr. Roosevelt is quoted as having said that with a little more foresight and forethought the civilized nations of this age of the world may hope to avoid all war, basing the conduct of world affairs on the principle that their deeper interests are necessarily identical. If four or five of the greater powers agree to adopt among themselves a regime of friendly understandings they would even prevent the others from troubling the universal peace, and this combination is already in process of construction.

The writer says he found both Mr. and Mrs. Roosevelt keenly interested in all things concerning France, and glad of an opportunity of hearing and speaking French.

HYPNOTISM BY PHONE

Is the Latest Innovation in the Sphere of Occult Science.

London, November 25.—Remarkable experiments in the way of hypnotizing by telephone have just been carried out in the Savoy Hotel by Frederick Fant Abbott. The experiments were conducted in the presence of a considerable number of medical men. Mr. Abbott introduced a young gentleman named Mackie, whom he had hypnotized seven times during the previous fortnight. After passing his hand over the face of the subject Mr. Abbott soon reduced the man to a passive state, and then, accompanied by one of the medical men, he left the building, and from a distance of two miles telephoned to the hotel in which the seance had been held. When the bell in the hotel room rang Mackie went to the telephone, and, with a shudder, fell back quite unconscious. Mr. Abbott had commanded him over the telephone to go to sleep, and Mackie remained in a hypnotized state until Mr. Abbott returned and woke him up.

THREW MONEY IN STOVE

Fifteen Thousand Dollars Reduced to Ashes By His Wife.

Chicago, November 25.—Mrs. Charlotte M. Weightman, who recently brought suit against her husband for separate maintenance, today told Judge Brentano during the hearing of her case that she believed her husband had married her for money, and that she therefore threw money and securities valued at $15,000 into the stove and watched them burn.

She afterward left her husband, and when one sought a reconciliation she was told not to enter the house again. A decree giving the woman $25 a month was given by the Court.

Those Silly Girls on Water St.

Many favorable comments were heard yesterday throughout the city on the straight talk indulged in by yesterday's issue of The Times, relative to the misconduct of ten young people of both sexes on Water street, Saturday evening. One of Peterboro's leading barristers yesterday was heard to say, "Well there is one thing about The Times, they are not afraid to speak out and say what they mean. It is a pity others do not follow their lead and more of our young people might be saved." This remark was prompted by the plain way we tried to warn young girls and silly boys not to make exhibitions of themselves in public.

Local Clerical Appointments.

Rev. George Warren Lakefield, has been appointed Archdeacon of Peterboro, in succession to the late Archdeacon Allen. His Lordship, Bishop Sweetman, of Toronto, who made the announcement yesterday, also stated that the Rev. Rural Dean Davidson is appointed to a canonry in St. Alban's cathedral.

New Election in Kingston.

Toronto, Nov. 27.—The protest of A. M. McIntyre against the election of R. J. B. Pense as member for Kingston in the Ontario Legislature was sustained by Judges Street and Teetzel at Osgoode Hall to-day. The election is therefore avoided. The cross petition was dismissed with costs.

M'Curdy and Family Compelled to Resign

Offer of President of Mutual Life to Take Half Pay is Declined.

New York, Nov. 28.—The World is authority for this statement;

Richard A. McCurdy, president of the Mutual Life Insurance Company, has resigned. The date of his resignation depends only on the time required by the trustees to find his successor.

The investigating committee did not accept Mr. McCurdy's offer to cut his salary in halves, because such a move would have pledged them to a continuance of the McCurdy management.

Quickly following the retirement of President McCurdy, his son, Robert H. McCurdy, general manager of the Mutual, and his son-in-law, Louis A. Thebaud, the general agent for New York, have resigned. Each of these three men have been drawing approximately $150,000 a year in salaries and commissions from the company, besides their indirect profits in financial transactions with Mutual money.

FORGAN DECLINES THE JOB.

A tentative offer to head the company was made to James H. Forgan, president of the First National Bank of Chicago, who once was an Equitable director. His bank is one of the leading financial institutions of the middle west. Mr. Forgan declined to consider the offer.

BELIEVES IN PRINTERS' INK

Pastor of Iowa Church Gets Out Ads That Attract Notice.

Eldorado, Iowa, November 26. — Believing in the powers and influence of printers ink, Rev. T. J. O'Conner, pastor of the First Christian church, has displayed in newspapers in advertising style some unique church notices. The advertisement reads as follows:

Eternal Life Assurance Company.

Home Office—Heavenly City. New Jerusalem.

President—The Lord Jesus.

Capital—God's Everlasting Love.

I am one of the many representatives of this company in this community, (here appears a half-tone cut of the preacher) and will be glad to have you call on me at the Church of Christ, on Lord's day at 11 a.m., and 7.30 p.m., or at my study any time through the week. The firm assures you peace and joy here, and in the next world a life of everlasting blessedness — blessedness without alloy, without interruption, without end.

No certificate of health necessary.

Whosoever will may come.

The advertisement has attracted a great deal of attention.

TWO THOUSAND FAMILIES

Slaughtered in Odessa, According to a Postal Card From Dr. Casher's Sister.

New York, November 27.—Dr. L. M. Casher, of 631 West Seventh street, last night received a postal card from his sister, Mrs. Moses Chazinovich, who lives at Odessa, Russia, where the recent massacres of the Jews took place. She says that she and her husband and their five children escaped by hiding in their cellar for a week. Upon learning that order has been restored they left their hiding place and were horrified to learn that 2000 Jewish families in their neighborhood had been slaughtered. Dr. Casher, who is a wealthy retired merchant, was told by his sister and her family are safe, but he had feared they had suffered the fate of the great majority of the Jews of Odessa. He stated that the two daughters of his sister attend the University of Odessa and are the only Jewish girls that have been permitted to become students there.

FARMERS AND TARIFF

Deputation of Peterboro County Farmers to Meet Tariff Commission.

The farmers of this county, by their local representatives, have decided to have a committee present, to look after agricultural interests at the coming session of tariff commissioners, on Thursday.

This committee consists of Messrs. Dawson Kennedy, retired farmer; T. D. Young, North Monaghan, Robert Bashbridge, Cavendish; and J. H. Corbett, Smith.

This general tone of the discussion indicated that no great changes in the present tariff will be asked for.

FIRES 600 SHOTS A MINUTE

French War Office Adopts Machine Gun Weighing Only 50 Pounds.

Paris, November 26.—The French War Office is about to adopt a remarkable new machine gun, which will automatically fire 600 shots a minute.

The gun, which is in thirty-two parts and weighs fifty pounds is composed of a single barrel screwed into a breech box which contains the mechanism.

The destructive power is believed to be greater than that of any similar weapon, and it is also claimed that no other is so easy to carry and work.

PRINCESS IN GOAL

Russian Princess in Trouble in California.

Los Angeles, November 26.—From a Russian palace to a lodging-house in this city and then to jail for disturbing the peace is the fate of Princess Pauline Hulse, who claims that she is a princess of the royal blood of the Romanoffs is in jail.

She was arrested on complaint of a proprietor of a lodging-house and charged with coming home drunk, turning other lodgers out of their rooms, quarrelling, cursing and smashing things in general.

Lighthouse Burned.

Ottawa, Nov. 26.—The Marine Department this received word that the light house at Fulton Docks in Lake Ontario, above Kingston, was burned yesterday, presumably by lightning. It was not known whether the keeper of the lighthouse or house disabled. It may take steamer to get out to the island yesterday, but the department engineer at Kingston is under orders to do so as soon as possible.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

W. Rochaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which above no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Rochaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the possibilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,324 feet and 6 inches deep, and has five distinct showings of oil; this well has a pressure of 120 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let your facts answer. The Dominion Loan and Trust Company pays 4 per cent.; the Union Trust Company, 4½ per cent.; the Central Trust Company, 6 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 150 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 6 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 50 per cent. on a basis of five wells to the acre.

Pale and Anxious

Your Countenance Indicates the Body's Awful Struggle for Health.

Impossible to work or think clearly when there is no reserve of vigor, no nourishment in the blood, no supply of nerve energy.

The life of the half-sick man is pitiful, is fact, almost criminal, when bounding strength is so quickly derived from Ferrozone.

This nutritive tonic is guaranteed to strengthen all men, women and children. Weak organs get new force, vital energy is generated. Muscle and fat are added, healthy color is restored and the blood fairly tingles with new-found life.

Read the evidence of Jno. Carter, of 416 King St. East, Toronto, who says;

"After a severe attack of Grippe my health was almost shattered. I suffered constantly from nervousness and dyspepsia. At night I would waken with terrible palpitation and heart pains. Work became a great effort. At ten in the morning I was so tired and weak I could hardly work another minute.

"Then came a bad attack of rheumatism which laid me up in bed. I could scarcely lift the weight of a pound and to stoop or bend was impossible. My druggist recommended Ferrozone, and he knew what he was talking about, for it rebuilt my strength, gave me abundant appetite, better blood, and new nerve energy. The rheumatism has disappeared. I weigh more, feel refreshed and vigorous, and am able to work ten hours a day. Ferrozone did it all."

You will be steadied, toned and strengthened for all time to come with Ferrozone. Get the genuine in 50c. boxes or six for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., or Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

UNION LABEL

PETERBORO, NOVEMBER 28 1905

SHALL WE BATHE?

A New York paper has been carrying on a lively discussion in regard to the question which heads this article. The argument was started by a correspondent who answered it with a decided negative. He asserts that we bathe too much—nay, that we should never bathe at all. Soap and water, he declared, were destructive to the natural oily film which is spread over our bodies to protect the skin. All manner of diseases result when this film is washed away. We should be a healthier, happier race, according to this iconoclastic gentleman, if we destroyed that relic of barbarism, the bathtub.

The same idea was advanced a year or so ago by a Chicago professor—one Robertson, if memory serves aright. The professor declared, as does the correspondent above referred to, that he himself had not taken a bath for years, and that he felt immeasurably better for it. Bathing the body, he asserted, to be strong, keep away from water. In a certain sense of the word, "strong," that is undoubtedly true. But can it be possible that it is true in any other?

Reactionaries against every decency of civilization appear, from time to time. They are useful in keeping us out of ruts and ridiculing excesses. But the world will not readily let go what it has learned through centuries of experience. It will remember that civilization, national as well as individual health, strength and prosperity, have followed the bathtub. That the subjugation and enlightenment of savage races have been merely the victory of the washed over the unwashed. That the ruins of great public baths bear witness to the necessary cleanliness of Imperial Rome. That dirt and disease and moral uncleanness have gone hand in hand from the beginning of time. And that we began to save the lives of the sick and wounded when we discovered antiseptic treatment—which, in brief, means absolute freedom from dirt.

If we were to cease to bathe, we should stop the course of evolution and begin to go backward. We should become filthy savages; we should have to discard clothes, grow a protective covering of hair on our bodies—become monkeys again. And once started backward, we should not stop. The whole—supposed might turn on and on, till the circling ages would find us wriggling our shapeless bodies through primordial slime—undifferentiated, unclean masses of protoplasm on whose universal history had wasted time in vain.

And, anyhow, what decent person would not be clean, even at the expense of health? And what does Japanese physical prowess mean if water relaxes the body?

MARRYING OF CHILDREN

Alarming Condition of Affairs Among Foreigners in the West.

Winnipeg, November 27.—An alarming state of affairs in regard to matrimonial regulations exists in Western Canada among foreigners, according to a statement made by Rev. Father Blazowski, priest of the Polish Independent Catholic church in this city. He claims that parents sell their children for a consideration and that they are married at ages as low as thirteen. A statement was made by Father Blazowski when anown the interview given by a Galician priest named Kulawy, who denied existence of such condition of affairs as stated by Mrs. Chisholm, of Winnipeg, at the Women's Christian Temperance Union convention in Hamilton. Father Blazowski says: "I have known many many cases of Polish and Galician girls of only thirteen and fourteen years of age being given by their parents, in return for money, to be married to men they know nothing about, and have no wish whatever to marry. Girls belonging to my own congregation have been married in this way, but not by me. If a man asks me to marry him and a child like that I tell him that it would be a crime, that I cannot do it. There are priests in the city, however, who will marry them readily enough, making the bridegroom pay, sometimes, $5c for performing the ceremony because the girl is so young."

Germany Influences Chile.

Berlin, November 28.—The Frankfurter Zeitung says that Chile intends to order one battleship, two cruisers and four destroyers from German yards, at a cost of $2,000,000. ($15,000,000). Chile desires to reorganize her navy on the model of Germany and wants a number of German officers to enter and Chilean navy and work for its organization. The fact that Admiral Montt, of the Chilean navy, is on his way here on a mission is regarded as proof of the growth of German influence.

Many Want to Emigrate.

London, Nov. 27.—The Salvation Army announces that the publicity given to Gen. Booth's emigration scheme has had an extraordinary effect on the number of applicants at the Salvation Army emigration offices. At a low estimate this year's total applications will represent families totaling 70,000 souls. Gen. Booth is convinced that he could transfer 250,000 persons yearly for the next ten years to the colonies without disturbing the labor market at home.

Attempt to Rob Mail Waggon

Minneapolis, Nov. 27.—A fusilade from a revolver in the hands of Driver Reynolds prevented one of Uncle Sam's mail waggons from being looted by two armed highwaymen under the viaduct at Eighth avenue and Washington early last evening.

Nerve and self-control put the robbers to rout after they had broken open the door of the wagon and dragged one of the mail sacks to the middle of the street.

Molsons Bank Changes.

Montreal, Nov. 27.—J. H. Campbell, for several years past manager of the Trenton branch of Molsons Bank, has been promoted to the managership of the Vancouver office, one of the most important branches in the west. The Molsons Bank will also open branches next week in Williamsburg and Drumbo.

Not Expected to Live.

London, Nov. 27.—A despatch to the Times from Christiania says that Henrik Ibsen, the poet and dramatist, who has been ill for some time, is unconscious, and is not expected to recover.

STRICTURE CURED

YOU CAN PAY WHEN CURED.

NO MONEY ACCEPTED WITHOUT WRITTEN CONSENT.

STRICTURE AND KIDNEY DISEASE CURED.

G. E. WRIGHT.

"I had stricture for eleven years. It finally brought on Bright's Disease of the Kidneys. I had an uncomfortable shooting pain in the groin and feeling as though something was in the urethra. My back was weak and I could scarcely sleep over. Urine was full of sediment. Had a desire to urinate frequently. Family doctors, so-called specialists, patent medicines, electric belts, all failed. I was discouraged. I had spent hundreds of dollars in vain. Finally I consulted Drs. Kennedy & Kergan as the last resort. I had heard a great deal about them and concluded from the fact that they had been established over 25 years that they understood their business. I am delighted with the results. In one week I felt better and in a few weeks was entirely cured. I gained pounds in weight."

G. E. WRIGHT, Lansing.

ESTABLISHED 25 YEARS.

DRS. KENNEDY & KERGAN

Cor. Michigan Ave. and Shelby St., Detroit, Mich.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 853,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 143 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 4 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address

W. E. FLODING, Delphos, Ohio, U. S. A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

ALES AND PORTER

— OF —

THE DOMINION BREWERS COMPANY, LIMITED

They are finest and purest in the market

The WHITE LABEL BRAND is a specialty

To be had at all first class dealers

APPEARANCE

Is such an important feature on the table. It makes a heap of difference to the pleasure of the meal whether you have a good or a poor looking Sugar on the table.

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

SELECTIONS

Copenhagen's Round Tower.

The Rundetoarn of Copenhagen is a round tower erected toward the end of the eleventh century during the reign of Canute VI. It is 105 feet high and sixty-five feet in diameter. By means of a spiral gallery in the interior on a gentle incline the ascension may be made either on horseback or in a carriage.

Finger Nails.

An injured nail on the right hand will be renewed ten days or two weeks sooner than if on the left.

Servia.

Servia is thus called because it was originally inhabited by the Suedi, or Suevi, who located there, designing to remain, but were driven out toward the north by other tribes and finally made their way to Sweden.

Chesuncook Lake.

Chesuncook lake, in Maine, was named by the Indians. The word means "the goose place."

Driest Egypt.

The driest place in the world is that part of Egypt between the two lower falls of the Nile. Rain has never been known to fall there, and the inhabitants do not believe travelers when told that water can fall from the sky.

Alcohol.

Alcohol was first distinguished as an elementary substance by Albucasis in the twelfth century.

Licorice.

The licorice of commerce is the product of a plant known as Glycyrrhiza glabra, grown in the north of Spain. The root is gathered at certain seasons of the year, and the licorice is extracted by a primitive and simple process.

Smoothing Irons.

Smoothing irons were first used in France and are supposed to have been a French invention, being introduced in the sixteenth century.

The Storm Center.

The great lakes and the St. Lawrence valley have more storms per annum than any other portions of this country. This is due to the fact that storms originating west of this district move directly east, while many originating farther south move to the northeast.

Ancient Needles.

Needles of bone, very delicately made, have been found in the Swiss lake dwellings.

Mixed Household.

A typical South African household described by Olive Schreiner had an English father, a half Dutch mother with a French name, a Scotch governess, a Malu cook, a Hottentot housemaid and a Kaffir stable boy, while the little girl who waited at table was a Bassuto.

Fiasco.

"Fiasco" means a bottle or flask. When the Italian glassblowers destroyed flaws in the vase they were blowing they made an ordinary bottle of the future, and hence the name.

The Gila River.

The Gila river, in Arizona, is named from a corruption of the Spanish word Guija, "the pebbly."

Ancient Marine Insurance.

Marine insurance dates back to the time of the Cæsars. Claudius Cæsar having been the first to insure vessels. During a famine he issued a proclamation that all vessels engaged in the carriage of foodstuffs meeting with an accident would be replaced by the state and by so doing largely increased the fleet of merchant vessels.

Curious Burial Customs.

A curious burial custom exists in Assam. All corpses are lowered from the roofs with ropes, it being contrary to the laws of the country to carry a dead body through a door.

Paros Island.

The small island of Paros is a favorite summer resort of the Athenians. It is famous for its fruit trees, which yield, among other things, 2,500,000 oranges, 200,000 mandarins and 10,000,000 lemons a year.

Antiquity of Repeaters.

Although the name of the first repeater and that of the land in which he practiced his art have both been lost to history, Egyptian sculptures prove that the art was practiced at least 3,000 years before the time of Christ.

Vitellius.

Vitellius had very gross features. He is said to have weighed over 250 pounds.

Solar Heat at the Poles.

At either pole the intensity of the solar heat is one-fourth greater than at the equator, because of the pole the sun shines during the whole twenty-four hours.

Natural Lightning Conductors.

The Lombardy poplar tree, it is said, forms a splendid natural lightning conductor, its great height and lack of spreading branches enabling it to conduct a lightning stroke straight downward. No house near which one of these trees has been planted has as yet been known to suffer from the severest storm.

The Sea Bladder.

The sea bladder consists of a parent animal, with its own air bladder, from which 1 to 200 children attach to it by a brittle membrane. The whole family moves together.

Greeks and Slaveries.

Among the Greeks hereditary slavery existed. A free man never were chains.

REVIEWED BY THE TIMES.

TWO STEAMERS FAST IN THE ICE

Winnipeg, Nov. 27.—Crews of the steamers Ogemea and Fisherman, which boats are fast in the ice on Lake Winnipeg, have arrived at Selkirk after a 500-mile tramp.

At yesterday's session of the Union of Manitoba Municipalities a resolution was adopted unanimously favoring public ownership of utilities. The resolution says the time is ripe for a refusal to grant franchises to private corporations.

Fire destroyed Hutchinson's mill, two miles west of Prince Albert, last night. Loss, $8,000, partly covered by insurance.

James Mercer, a fisherman of Winnipegosis, fell overboard from the boat John Bull, while going from Right Portage to Moose Lake, and was drowned.

A half section in Dauphin sold last week for $19,000.

First Church Building in Chicago.

Erected in 1833; dedicated Jan. 4, 1834; location, a block and a half from South Water street, on the alley on Clark street, in the rear of the present Sherman House; denomination, Presbyterian.

Lobelia.

Lobelia, also called Indian tobacco, is known as a common herb, often growing as a weed in many parts of the United States.

Washing Dirty Linen.

"Washing dirty linen in public" is probably an old proverbial saying. It was made famous by Napoleon, who used it in a speech to the chamber of deputies in 1814 to intimate that differences between the parties in France should not become a matter of public scandal.

Bismuth.

Bismuth was first separated and distinguished as a metal by Agricola, the famous chemist and scientist, in 1530.

Graft.

The word "graft" was probably first used in this country in connection with a small canal dug in New York 250 years ago. Graft was the Dutch for canal. Three workmen dug and a committee of five citizens was appointed to see that they earned their wages.

The Chenango River.

The Chenango river, in New York, is named from an Indian word meaning "tall thistles."

Soft Coal Men's Assembly.

Chicago, Ill., November 28.—A well attended meeting of owners of soft coal mines was opened here today, which was called for the purpose of forming a national federation of operators of soft coal mines

P. O. Box 4091
Chicopee Falls, Mass., U. S. A.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces (excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 by 1500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

Got New Vitality Increased Appetite

True Strength, Vigor and Buoyant Health Quickly Followed the Use of DR. HAMILTON'S PILLS

By purifying and nourishing the blood, Dr. Hamilton's Pills quickly impart new vigor to all weak organs. The kidneys and liver are stimulated, disease-breeding poisons are carried off, the entire body is renewed and restored.

Lack of appetite is changed into keen zest for food. Digestion and assimilation are made perfect. Thus all you eat is turned into nourishment and building material.

Read the evidence published here; it tells just how Dr. Hamilton's Pills cure the sick and help the weak;

Vital Energy Increased.

"I always felt "dragged" and tired. When I arose in the morning my limbs ached and I felt dull. "I didn't enjoy my meals and couldn't digest properly. "Dr. Hamilton's Pills strengthed my stomach, purified my blood, made me feel like new. No better medicine exists."

Mrs. L. M. Morang, Sidney, C.B.

By relying on Dr. Hamilton's Pills you are sure of strong vitality, youthful blood, bright, cheery spirits. The marvel of this medicine is that it keeps you well—prevents and wards off sickness of every kind.

Dr. Hamilton's Pills keep thousands of people healthy. Won't you use them also? Sold everywhere in 25c. boxes or five boxes for $1, by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

LOCAL INCIDENTS

By The Times Man on the Street

—The Barbers' Union held a meeting last night.

—The Legal Committee of the city council met yesterday evening.

—Mr. H. Lambert, formerly of this city, is opening a tinsmiths store in Hastings.

—A meeting of all the office bearers of St. Paul's church was held yesterday evening.

—It is true that big hats are going out of style, but the milliners insist that big prices are still in fashion.

—The Peterboro County Council will open its fall session at the county council chamber on Thursday afternoon.

—Hastings Star; Two tons of turkeys were purchased for shipment by Mr. J. H. Hess on Monday from the farmers of this district.

—There will be a special men's service in St. Jude's church next Sunday evening under the auspices of the Brotherhood of St. Andrew.

—On Thursday Mr. J. A. McDonald, editor of the Toronto Globe, will lecture in St. Andrew's church on "As the Making of a Nation."

—Yesterday, Mr. Chas. Hoffman, 196 Dalhousie street, lost a very valuable cattle collie dog. For particulars see adv. in another column.

—When the aldermen go before their constituents of course they will point with pride to the way they laundried the expenditures on streets.

—All Saints' Young Men's Guild met yesterday evening, when Mr. H. D. Burnett gave an interesting address to the members on "The Incandescent Light."

—It is stated that F.J. Jamieson and B. F. Ackerman will not be candidates for re-election on the Board of Education. They have expressed their intention to retire.

—Prince Louis of Battenburg says football is the finest thing to war, but it must be remembered that his royal highness has never witnessed a Peterboro hockey match.

—As Christmas comes on the last Monday in December this year, the municipal nominations will be held on the preceding Friday, Dec. 22nd. Elections on Monday, January 1st.

—There is some talk of Hastings having an open air skating rink this winter. The Star says that if they do they will have a hockey team as several players have found employment in Hastings during the past few months.

—Times Bookstore for Xmas presents. Big stock to choose from and prices right. All goods purchased will be reserved until later on. See our stock of Xmas calendars, cards and booklets. All on display Wednesday, Times Bookstore.

—The annual meeting of the Women's Foreign Missionary Society of St. Paul's church will be held on Friday afternoon, Dec. 8th, at 3.30 p.m. Mrs. Sinclair, of Fenelon Falls, will address the gathering. Officers will then be elected and reports read.

—The Dorcas Society of the Park street Baptist church will meet this afternoon at three o'clock at the home of Mr. Hy. Jewett, Chamberlain street. There will be the installation of this new officers for the year. A large attendance is asked for.

—Mr. E. B. Edwards has given notice that a petition on behalf of the shareholders of the Peterboro Cold Storage and Provision Company, Limited, will be presented to Judge Walker on Friday, December 8th, praying that the company may be wound up, and asking for an order to this effect.

—It seems that Peterboro's darkness Sunday night was due to trouble beyond control of the Peterboro Light & Power Co., Sunday's heavy wind storm carried away a line on one of the street lighting circuits and as a consequence many lights were out on George, Water, Simcoe, Charlotte, McDonnel, Hunter, Queen, Brock, and Sheridan streets. The electric light company had men out looking for the wire, but owing to the darkness their efforts were not successful.

AN ENJOYABLE EVENING

Spent in St. John's School Room By St. John's Y. P. Association.

St. John's Young People's Association had a delightful gathering last evening. An instrumental duet by Miss English and Miss Mutchmore received a well-deserved encore. The Rev. Langfeldt delivered an interesting lecture, illustrated by some good views of a journey along the Rhine from Schaffausen to Cologne. The views were very effectively placed upon the canvas. At the close of the lecture a vote of thanks to the rev. gentleman, was proposed by Mr. Yonkum and seconded by Mr. Jardine. After this lecture the association held their business meeting, and the new president made a short address.

An Emily Festival

Epworth League of Bethel church, Emily, will hold a basket social Tuesday evening, Dec. 12. Addresses will be given by Rev. Mr. McCullough, of Omemee, and the pastor, Rev. F. Johnston. There will be a good program provided, consisting of music, singing, reading, recitations, etc., by foreign and local talent. The program will commence at seven o'clock, after which the baskets will be sold to the highest bidders, and a time will be spent in social enjoyment. The gentlemen who buy baskets will have their admission fee refunded from the price of their basket. Ira Switzer is president, and Miss Ettie McCarroll secretary of the League.

Add Cream

SOCIAL AND PERSONAL

—Rev. J. C. Davidson was in Lakefield on Sunday.

—Mr. Bert. McCollum is visiting friends in Orillia.

—Mrs. (Judge) Harding, of Lindsay, died on Sunday last.

—Mr. Ed. Cox, of Colborne, is visiting friends in the city.

—Mr. E. S. Clarry spent Sunday with friends in Millbrook.

—Messrs. R. M. Glover and W. Cavanal spent Sunday in Lindsay.

—Mr. J. S. Waldron left yesterday morning for Buffalo on a business trip.

—Mr. Ed. Edwards of Montreal was a guest of his brother, Mr. B. Edwards of the Ontario Bank over Sunday.

—Mrs. Cecil Carl Forsyth will receive for the first time in her new home, 214 McDonnel street this afternoon.

—Mr. A. E. Dixon is regaining his health during a visit with friends in Bowmanville. He will soon return and resume his legal practice.

—Mr. D. R. Harriman is visiting friends in Springville, where he will spend the winter after two years' absence in Hartney, Man.

—The members of the Dundas Manufacturing Co., accompanied the Dundas rugby team to the city on Saturday and he remained over Sunday with friends.

—Mr. Horace Sutcliffe, formerly of the Canadian Cordage Co.'s staff, but now of the Pinkerton Detective Agency, was renewing acquaintances over Sunday in the city.

—Mr. George Haddow left yesterday morning for Hamilton to accept a position as pattern-maker. Mr. Haddow was lately employed with the Peter Hamilton Company.

—A. S. King, Toronto; A. S. Jeffrey, Montreal; L. M. Watson, Hamilton; Chas. R. Prescott, W. R. Carmichael, T. T. Newton, A. A. Fay, Chas. Fox, Thos. R. Rault, Toronto; E. J. Regan, Montreal; W. R. Madill, Toronto, are guests at the Oriental.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

A GOOD SERMON

Rev. Mr. Mackay Advocates Purity in Political Matters.

Our Sunday evening in St. Paul's church, Rev. W. M. MacKay, gave a stirring sermon on the text, "Bear ye one another's burdens, etc." He repudiated any conception of political motives in his remarks, and practically denied to actual party a component claim to the high principles they promulgate.

Although a great deal about corruption, he did not believe that one-tenth of the corruption existed in Canada to-day that was reported. In England and in Scotland many years ago large sums were spent in elections, but that day had passed away, and now public life was on a high plane. So in Canada the speaker thought purer and cleaner elections would soon be brought about. We would in a few weeks be electing our municipal council, and it behooved the electors to pay attention to small matters, and see that capable, honorable men—men animated with the proper idea of public service were chosen.

A Coming Event.

The Grand English Concert Company will give one of their splendid entertainments in the Grand Opera House, on the evening of Thursday, Dec. 7, under the auspices of the Ladies Auxiliary of the Y.M.C.A., when the following artists will appear:

Miss Hope Morgan, Soprano.
Madame Beatrice Langley, violinist.
Mr. Stanley Adams, baritone.
Miss Myrtle Meggie, pianiste.
Prices of admission: 35, 50 and 75c.

Mr. G. Harris Doing Well.

We are pleased to say that Mr. Geo. Harris, an employee of the Dickson Co., who was working in the Patterson camp in Anstruther township, and had one of his legs broken on Saturday, is doing as well at the hospital as could be expected. Harris was working on a log when a heavy limb of the flaw, struck and hit his leg below the knee, breaking both bones. He was brought to St. Joseph's hospital Saturday night and Dr. Grear set the fracture.

MRS. FORRESTER DEAD

Former Citizen of Peterboro Passes Away in Chicago.

Many of our older citizens will hear with regret, that a former resident of Peterboro, in the person of Augusta Helena Scougall, wife of Frederic Forrester, died recently at her home, 44 East 24th street, Chicago.

Mrs. Forrester was a resident of Peterboro for many years. She was the youngest daughter of the late Capt. W. L. Scougall. At the time of her death Mrs. Forrester was 43 years of age. She was born in Smith township, and the farm now occupied by W. W. Milburn, where her father lived for many years was her birthplace. She leaves to mourn her death besides her husband and one daughter, Miss Gladys Forrester, of Chicago, three brothers, Fred H. Scougall, of Undustown, Missouri; William R., of Minnesota, N.W.T., and Capt. H. Scougall, of Fraserville, Ont.

LEGAL COMMITTEE MEET

Recompense for Damages Sustained Through an Accident on London Street Asked.

The Legal Committee met last night, Ald. Scott presiding.

The city engineer reported that on the evening of November 9th, between five and six o'clock, Mr. Colman Hewett's house tumbled into a hole on London street, west of Bethune St., whereby the horse was considerably bruised and his buggy damaged.

The hole in question was caused by the failing in of sewer work constructed at this point in May, 1903, having recently been washed out, leaving a depression of from six to nine inches deep. Mr. Hewett asked to be recompensed for damages sustained to the horse and rig through this accident. This matter will go before the Council.

In the matter of Mr. P Grady's claim for damages sustained last spring, when his horse fell into a mud hole in the center of the road on Park street north, the committee will on advice of the city solicitor, TEST the city is not liable, report that no action be taken.

The Board of Works did not meet.

MR. ARNOTT'S DEATH

Daughter of Mr. Robt. Tedford of Smith Passes Away.

Yesterday many citizens spoke with sincere regret, upon the news becoming generally known, that on Sunday, Mrs. William Arnott, 53 Patterson street, had died after an illness of several weeks.

The deceased was twenty-six years of age and was born in Harvey township, being the daughter of Mr. and Mrs. Robert Tedford, both of whom survive. She removed with the family to Smith township, where she was married to Mr. William Arnott, and they afterwards came to Peterboro. She was highly esteemed by the many friends who knew her. Four sisters and five brothers survive her. They are Mrs. W. J. Hawes, Peterboro; Mrs. Thomas Hewie, Fenelon Falls; Mrs. J. Wilson, Harvey; Mrs. Bryon Westway, Fenelon Falls; Robert, John and George, Smith; William H., Harvey, and Richard, Fenelon Falls. A young son, Robert, also survives.

The funeral will take place this afternoon at two o'clock from the family residence, 53 Patterson St., to Little Lake cemetery.

JUNIOR CHAPTER

St. John's Church Junior Chapter St. Andrews Brotherhood Elects Officers.

As noted, some days since in these columns, a new chapter of the Brotherhood of St. Andrew had been organized in connection with St. John's church.

The organization has now been completed and officers appointed.

The executive and officers elected are as follows,—Mr. N. A. Howard Moore, chairman; Mr. Percy Cresswell, secretary. The executive is composed of five members from the senior and junior chapters as follows;—Rev. J. C. Davidson, Messrs. Joseph Bell, A. E. Walker, John Hagerman, Percy Cresswell, and N. A. Howard Moore, from the senior; John Hogan, Charles Ray, Evans Lansburn, Donald Dunlamm and Hobart Blackwell, from the Junior Chapter. The boys are starting out very enthusiastically, and by their evident interest shown, in the grand success of the senior chapter, it is predicted that the new chapter will be heard from.

Next Sunday afternoon instead of the regular meeting, a probationary admission service will be held in the church at 4.15.

Level Off Water St. North.

Much dissatisfaction is expressed by citizens living in the north side, owing to the disgraceful state of Water street, from about the locality of Deutcher's alley to Argyle street. Water street was unavoidably torn up this fall owing to insertion of the new large water mains. Citizens living in that locality, however claim that the gravel-like protuberances consequent upon the said water main work, should be levelled off, before frost permanently sets in—the uneven state of the road as now exists, and thus leave a mud roadway for all winter. The Times has had several complaints about this portion of Water street.

Dredge Trent Doing Good Work.

The Dredge Trent under orders of Supt. M. Quinn, is doing good work. She has now got down to about fifty yards south of the first gap, and they are into the hardest cut in the whole stretch. Just at the point where the dredge is digging the bed of the river is high, about a hundred yards in above water. Thus the dredge is practically cutting a new channel for the river. Three teams with scraper, shovels are engaged levelling off the dump, as fast as the dredge throws the gravel out.

The intake of the frog pond has been blocked up and on Sunday the old pond was practically dry, except at the south end. That was partly due to the water in the river being held back on the day of rest.

SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a Day and Be Cured.

Hyomei has performed almost miraculous cures of catarrh, and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs $1.00, and consists of an inhaler, a medicine dropper, and a bottle of Hyomei.

Breathe Hyomei through the inhaler for a few minutes four times a day, and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation and effects a complete and lasting cure.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write today for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

THE FARMER REAPS what he has previously sowed. The human body reaps likewise the natural crop of weakness, pain and death if the seeds of disease have been sown by bad habits of carelessness in eating, sleeping and exercising.

KEEP WELL IF YOU CAN and when you need a little help in keeping well use *Nature's remedies*, that do not roughly stimulate but gently quicken the action of Nature's functions in a natural way. Nature's laboratory furnishes the following ingredients which enter into the manufacture of Dr. Pierce's Golden Medical Discovery: Golden Seal root, Queen's root, Bloodroot and Black Cherry bark, Stone root and Mandrake root.

If in doubt as to your trouble or needing advice, you can consult, free of charge, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. All letters are considered confidential and answered by a beautiful correct medical advice returned in securely sealed envelopes.

"I suffered for nearly eight years," writes Mrs. C. Peach, Esq., of Mobile, Ala., Dewdy Street, "with malaria, which poisoned my entire system and deprived me of my vitality. I was cured in three months by using Dr. Pierce's Golden Medical Discovery. I now feel entirely free from disease and I think I have gained in flesh. I was so run-down and weak that I knew I had to do something at once to regain my health. I began to feel better within four days after I used the 'Golden Medical Discovery,' and after using nine bottles I was restored to my usual health, feeling better than for years."

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 50 stamps.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the posts are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardinieres, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc. Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIMES BOOKSTORE

MARKET BLOCK, PETERBOROUGH

P. S.—Do your shopping EARLY while the assortment is at its best. Goods selected now will be reserved until called for.

FLOATING MINES IN CHINA SEA

Great Danger to the Merchant Marine in the East.

MANY FLOATING PERILS

Feared That Many Horrors May Yet Take Place.

London, November 29.—As a result of the Rus o-Japanese war, floating mines in the China Sea are causing no little worry to the merchant marine now trading on the waters of that sea. The sinking of the British steamer Hasicho by one of these floating perils has lately been brought before the British Admiralty as a substantiation of previous representations made. The casualty to this ship involved a loss of fifteen lives. The Merchant Service Guild complains that although the Japanese and Chinese authorities are doing everything to locate and destroy these mines, nothing has been done by the British men-of-war in a similar direction. Correspondence between the Admiralty and the Service Guild elicited from the former the information that while floating mines would be destroyed by His Majesty's ships whenever possible, the Admiralty could not undertake to detail them for the dangerous duty of seeking and destroying mines on the high seas and in foreign territorial waters. However, the matter has again been brought to the attention of the Tokio and Pekin Governments, with a view to preventing any relaxation on their part of the efforts now being made to remove this cause of danger to shipping in the China Sea. The Merchant Service Guild regrets that, although the duties of the British merchant vessels which are constantly trading in Chinese waters are much more dangerous at the present time, there has been no real effort on the part of His Majesty's ships to alleviate the situation.

DEFENDS IMMIGRATION

Mr. W. T. R. Preston Can See Few Faults in His Own Work.

Montreal, November 29.—Mr. W. T. R. Preston, Commissioner of Immigration for Canada, has seized the opportunity afforded him by his arrival in Canada, to make a defence of the emigration methods employed by the Canadian Government. Mr. Preston has been Canadian emigration commissioner in London for seven years, and he was in Montreal yesterday en route for Ottawa, where he will confer with the Minister of the Interior.

According to his statement, 80,000 new settlers have come from the British Isles to Canada this year, and he declares them to be desirable immigrants, few among all the number having been failures. Of the continental emigrant, Mr. Preston had only good things to say. With their large families, their religious tendencies and their thrift, they made excellent settlers for our North-West lands, and good reports reached him constantly of those already sent out.

An effort may be made to do away with a discrimination in rates against Canada by the steamship combine, he said. At present emigrants could go from continental ports to the Argentine Republic for 140 marks, and they had to pay 190 marks to Winnipeg, only one-third the distance.

SAVED THROUGH PRAYER

Dowie Claims That He is Fully Well Again.

New York, November 29.—Looking the picture of health, and declaring that his quick recovery from his recent illness while in the City of Mexico was due entirely to the prayers of his followers, whose exhortations lasted three days, John Alexander Dowie, head of the Zionist Church, and self-styled "Elijah III.," arrived on Saturday on the Ward line steamship Seneca from Mexico, where he has just accepted two million acres of land which his colony will establish a new Zion city.

"Elijah III." was accompanied on his trip from Mexico by his wife and a number of high deacons of the Zion church. Daily services were held aboard, in which, it is said, some of the crew took great interest.

As the steamship started up the East River on its way to its dock at the foot of Montague street, Brooklyn, Dowie came out on the decks and gazed with anxious eyes at the crowd which had assembled on the pier to meet their leader.

SMALLPOX AT FRANKFORD

Medical Health Officer, His Wife and Others Quarantined.

Belleville, Nov. 28.—Smallpox has reached the village of Frankford, Medical Health Officer, Dr. Simmons and wife are quarantined at home. His hired man, as well as Mr. Hanna and Mr. Turner, are also quarantined. All precautions are being taken.

Toronto Civic Investigation.

Toronto, November 29.—The civic investigation into the charges of bribery which was adjourned indefinitely owing to the illness of Judge Winchester, will be resumed on Friday morning. His honor hopes to conclude the inquiry before Wednesday of the following week.

MR. JOS. RICKERBY IS HONORABLY DISCHARGED

HE IS ACQUITTED BY THE COURT AS BLAMELESS.

Moore's Charge Against Him Was Found to Be Without Foundation—Mr. McWilliams Puts Up Good Defence.

Yesterday morning, at 11 o'clock a large crowd of local citizens gathered in the county council chamber of the court house building, to hear a case of the Crown versus Joseph Rickerby.

It will be remembered that in an issue of The Times of some few days ago, it was noted that a man named Moore, had sworn out an information against Mr. Joseph Rickerby of this city.

The information stated that Mr. Rickerby had stolen a purse containing $80 in bills from complainant.

Mr. Dumble, police magistrate, heard Mr. Moore's evidence and committed Mr. Rickerby for trial before the county judge.

In this preliminary hearing only the evidence of Mr. Moore, the complainant was heard, as judging by reports of the evening papers, things looked pretty black against Mr. Rickerby.

Moore in the preliminary hearing swore that he had been at one time during the eventful day, alone with Rickerby in the bar, that Rickerby had hurriedly thrust his hand into complaintant's pocket and abstracted the purse containing $80. Rickerby was admitted to bail in the interum, which was put up by friends and relatives.

Yesterday the real trial took place, and resulted, not only in a complete vindication of the prisoner, but in his being

HONORABLY DISCHARGED

As above noted yesterday, the case of Crown vs. Rickerby, opened at the county criminal court before his Honor Judge Weller, with Mr. R. E. Wood as Crown prosecutor, and Mr. R. F. McWilliams on behalf of Defendant. Mr. Moore, the Crown's only witness was first sworn, and gave practically the same evidence as at the preliminary hearing. Mr. Wood objected to the defendant's witnesses being present, and accordingly they were retired until individually called, thus precluding any possibility of collusion.

Under cross-examination by Mr. McWilliams, Moore said he paid for his dinner out of change he had in his pockets. Did not have many drinks.

In answer to a question put by Judge Weller, Moore said he did not have more than one or two drinks of whisky that morning. Was in the American and "Clancy's" hotels. Had no drink in Clancy's but had no drinks in the American House, where he stayed over night and had lunch the latter. Had a drink with Joe. Rickerby that afternoon. Witness treated. Asked all the men here in the bar up before he and Joe had their drink. Had on an overcoat and pair of overalls, when in the hotel that day. Rickerby said, "I want a dollar," but Moore did not give it to him. Had not "flashed" the money on his person. The money was in his right side overalls pocket. Rickerby shoved his hand down into his pocket like this, illustrating the alleged action by a quick thrust downwards with his hand. If was done so quickly he could not stop him.

Then he said to Rickerby, "I want my purse; I never did anything mean to you." Rickerby disappeared in a few minutes.

The bartender could easily have heard the talk he had with Rickerby. Saw and spoke to Matt Kearns. Kearns asked him "was there $15 in the purse?" Did not accuse Kearns of taking it. Kearns said he would do what he could for him. Went home the police between three and four that afternoon. Saw Mr. Allen, the proprietor of the C.P.R., but did not know he was the proprietor at that time. Spoke to him but did not mention the theft. Allen first spoke about the stolen money. He swore first that the sum was $60 through excitement; it was nearly $80. Had no drinks after losing his money.

Mr. Wood recalled this witness, who said he earned the money working on the canal.

As this was the only witness for the Crown, on completion of Moore's evidence, Mr. Wood, county Crown attorney, said, "That is the case your Lordship."

Mr. McWilliams for the accused, then called his witnesses.

Michael Kearns, first witness for the defence, said he was in the C.P.R. Hotel, the day Moore lost his money. Talked, and had one drink, with complaintant, Moore. Joe. Rickerby was with them. Thought Moore had had a good many drinks. Moore said to him, "I want my money." Told Moore he did not know anything about his money." In the evening about 5.30, saw Moore again in the hotel. Moore said there will be trouble for some of you if ten o'clock tomorrow morning." Moore did not say who stole the money.

To Mr. Wood, witness said, "I am a laborer. Had worked to the last of October. Am boarding at the C.P.R. Did not drink any intoxicants that day. Heard Rickerby say, the night before, he was going to Toronto. Moore did not mention the amount of the money taken to him. Saw Rickerby the night before with $25 or $30 in his possession.

Mr. R. Eastwood, next witness, was in the hotel that afternoon. Had either a cigar or a drink with Moore. Moore paid for the drinks with a $5 bill. Did not see any moneytaken from Moore. Heard Moore accuse Matt Kearns of taking his money. Did not hear Moore speak to Joe Rickerby about his loss.

C. Asultine, next witness, was tending bar that day at the C.P.R. Hotel. Moore had two drinks in the morning. Moore paid for his dinner with a $5 bill, saying something to this effect, "That is all the money I have got." Did not see any money taken from Moore. Moore had drunk quite a bit and said he had been touched, and would have the house "pulled."

To Mr. Wood, in answer to counsel's question, "Would you put your judgment as to a man's sobriety against that of Mr. Eastwood?" "Yes, I would!"

Moore did not ask Rickerby for money in his hearing.

L. Bachand, next witness, is in the electrical business and boards at the C.P.R. Hotel. Heard Moore accuse different parties of stealing his money. Heard him speak to Mr. Allen the proprietor, about his being robbed.

Joseph Rickerby, the accused, next took the witness stand, and said "I am a brother of one of the C.P.R. Hotel proprietors. Had been working for the preceding two months for Lakefield Cement Co., making $2.25 a day. Heard from my brother George I was wanted at this police station so I went without any summons being served on me. On that day saw Moore at the dinner table. Moore followed me to the bar and paid for his own dinner. I and Moore had had a drink in company with others. The drink, in company, was the only one I had with Moore." Was never with Moore alone that day. Did not get $5 cent from Moore, did not put my hand into Moore's pocket. Had money of my own. Did not ask Moore for loan of a dollar. Moore never mentioned anything to me about losing his money.

As soon as Mr. Jos. Rickerby had concluded his evidence, Judge Weller, turning to prosecuting attorney Wood said, "Well Mr. Wood what do you think of this case?"

The judge then entered on a careful review of all the evidence and saying that Moore's evidence not substantiated by a single witness, was contradicted by all the other witnesses. Moore may have meant to tell the truth, but his statements were conflicting and nearly all contradicted.

His Honor, then said, in view of the evidence given I can only

HONORABLY ACQUIT.

the prisoner.

Thus Mr. Rickerby has had this indignity of imprisonment and trial for an alleged offence that was not backed up by any corroborated evidence.

The complete vindication of Joseph Rickerby, at the same time removes any connection or blame that might attach to the proprietors of the C.P.R. Hotel. This complaintant Moore, according to the general evidence as given yesterday was badly under the influence of liquor the day of his alleged robbery. He "jag" having been got at other hotels than the C.P.R., where he claimed to have been robbed.

—For the convenience of those who have friends at a distance we have a good assortment of Xmas cards now on display. See our leader, a nice fancy box containing ten cards. Thomas Bradburn.

STEAMSHIPS AND ST. JOHN STRIKE

Montreal Supplying All Men Needed.

An Early Settlement of the Difficulty is Now Assured.

Montreal, November 29.—It was stated this morning at the head offices of the Canadian Pacific Railway here that the strike situation in St. John, N. B., was unchanged, as far as the company was concerned. The company continues to fill up vacancies in the staff of their longshoremen at St. John, as they occur with new men and expects an early settlement of the difficulties, probably in the course of the week.

A rumor from St. John to the effect that the company had made a contract with three hundred men to give them employment throughout the winter at St. John and summer employment in Montreal was confirmed at the offices of the Canadian Pacific Railway, on the ground that this was the only way the company had of protecting its own interests.

In reply to a communication addressed to him by the secretary of the 'Longshoremen's Association, St. John, N. B., on Saturday last, asking if he approved of the attitude of the Telegraph and Times of that city with regard to the strike of the 'longshoremen which at present exists, Mr. David Russell replied that in his opinion those two papers were acting in the best interests of that port and of the 'longshoremen themselves in the stand they had taken upon the subject. He stated also that reports to the effect that the attitude of those papers had been dictated by himself in order that they might further his interests with the Canadian Pacific Railway and steamship lines were false. The latter report was set in circulation through the medium of the St. John Star.

The Reford Company this morning reported no change in the longshoremen's strike at St. John as far as they were concerned.

The Allan Line last night sent down forty-three men, and have sixty men ready to go down this evening if required.

Both companies state their boats are being loaded without any hitch, and will leave on time as did the Parisian yesterday.

PREPARES FOR FLIGHT

Czar is Ready to Hurriedly Leave Russia.

London, November 29.—With the terror of revolutions overwhelming him, the Czar has just arranged for the speedy delivery at St. Petersburg from London of the fastest motor boat yet built. The boat is to be used to prevent any attempt to interfere with His Majesty's liberty.

With engines of 120-horse power and the best accommodation which her limited size permits, the craft will be in constant commission, and her commander has orders to be prepared to leave at a moment's notice with the Czar and the principal members of the Imperial family.

The boat is to carry but little in the way of armament, the desideratum of speed having been paramount in the minds of those entrusted with her construction. She will maintain a speed of thirty-five knots an hour for twenty hours at a stretch, and is to be built so that in almost the lightest of seas her decks are awash, only the smallest of conning towers projecting to indicate her existence to possible enemies.

BETTER THAN MEAT.

"I can do more hard work on one little old spoonful of Grape-Nuts than I can on a slice of meat as big as my hand."

It was this remark, made by a neighbor who is a conductor on the Santa Fe Railroad, that first induced me to try Grape-Nuts food; and now that I have tried it I am quite with him in his appreciation of what I regard as the most perfect food production on the market today.

The letter comes from Wellington, Kas., and the writer continues:

"My neighbor said he was worn out from working nights and eating all kinds of stuff at all hours of the day and night, until his condition compelled him to take a 'lay off.' Then he began to eat Grape-Nuts, and says that from that moment his strength rapidly returned to him. He is now working eleven hours a day and does not feel it.

"I was glad he told me, for I had been suffering for a long time from stomach trouble, which came from food that was not suited to me. I had been compelled to give up my housework for a time, and that was a great hardship to me, for I hate to have a hired girl around the house.

"Very soon the benefits of the change in my diet began to manifest themselves; my stomach was restored—the Grape-Nuts seemed to go right to work to putting it in order again, and now I can eat anything. My strength came back to me, and in a little more than a month I was able to let the hired girl go. For more than three months now I have been doing all my housework, and you will understand that that is no small matter when I tell you that I have a family of six to do for, my oldest child being nine and my youngest only five months.

"I actually feel better, doing all that work on Grape-Nuts Food, than I did in the years I ate greasy food and had a girl to take the burden off of me." Name given by Postum Co., Battle Creek, Mich.

Read the little book "The Road to Wellville," in pkgs.

NEW TYPE SETTING MACHINE

Will Easily do the Work of Ten Compositors.

Chicago, November 28.—Anyone who has seen one of the wonderful linotype machines at work would suppose that perfection had been reached in typesetting, but the fact is that Herbert Pettigrew, a young man employed in the office of the Montenese Weekly, has invented a machine that puts the linotype so far in the shade as they do a compositor with his "stick." The machine is marvelously simple, costs only about one fifth as much as a linotype machine, works about twice as fast and without needing workmen of special skill, and delivers for the final making up of the work an entire galley of type at a time instead of merely a line of type, as is the case with the linotypes.

Mr. Pettigrew will not patent the machine nor seek in any way to speculate out of his wonderful invention, but gives it to the world free as his Carnegie donation, but with no string tied to it.

MAJOR YOUNG HOLDS RANK

Local Military Man Transferred to 10th Brigade, 24th F. B.

Under the heading of "Medical services" in the list of appointments, promotions and transfers in the Canadian Militia, dated October 10th, 1905, appears the following announcement:

"The Prince of Wales Canadian Dragoons."—Major T. W. H. Young, is transferred to the 10th Brigade, 24th Field Battery, with rank of provisional lieutenant, 4th October, 1905.

Major Young still holds his rank as major in the Dragoon, but he is transferred from the Dragoons to the Artillery, and as he has never been an artillerryman it is necessary for him to take the lower rank of officer.

The doctor will, as is usual in such cases, have to pass an examination, when his appointment will be confirmed.

LOCAL MAN HONORED

Son of Chief Rossel Vice-president of Teachers' Association.

It seems that Peterboro's sons are bound to "get there." The many friends of Mr. John Rossel, a son of our local police chief, will be pleased to learn that he has been honored by being elected to the position of vice-president of the Haldimand County Teachers' Association. Mr. Rossel is a graduate of the Peterboro Collegiate Institute. He is now principal of the Jarvis Public school and has charge of the fifth form work. He moved to Jarvis at the opening of the fall term having gone there from Toronto Junction. The Teachers' Association met in Cayuga last Friday and Saturday.

Debate by Philomathean Society.

A stirring debate was held Monday afternoon by the Philomathean Society of the local Collegiate Institute. The subject of discussion was; Resolved; "that private schools are better than public schools. The affirmative was taken by Mr. Frank Brown, Miss Elsie Pollock, and Mr. Ross Stewart; the negative by Mr. Fred Brown, Miss Emma Kelly and Mr. Ernest Kidd. The judges decided in favor of the negative. Herbert Mowat sang a solo in good voice. Miss Leora Sanderson gave a violin solo and Misses Maud Oliver and Edith Connor, recitations, and Miss Ruby Fitzgerald a piano selection, all of which were highly appreciated.

C. E. S. Of St. PAUL'S

Christian Edeavor Society of St. Paul's Elects Officers.

The Christian Endeavor society of St. Paul's church, has decided to change the society to the Presbyterian Guild, by which name it will be known hereafter.

Rev. W. M. Mackay presided and the following officers were elected;

Hon. Pres.—Rev. Dr. Torrance.

Pres.—Rev. W. M. Mackay.

Vice-Presidents.— Miss Williamson, Miss Jordan, Miss Garrow, Miss Thurston.

Rec. Sec.—Miss Emma Hall.

Cor. Sec.—Mrs. Stacey.

Treasurer—Mr. W. J. Stacey.

The new executive will meet for the arrangement of the year's business on Saturday evening at 7.30 p. m.

Prominent Parker Away.

Yesterday the numerous customers of Mr. F. A. Clarke, Peterboro's enterprising and successful young furrier, were interested to find that he was away on one of his frequent purchasing trips. Mr. Clarke, every now and then, as opportunity or business suggests, like the Arab of fable, quietly folds his tent and steals away for a day or two to take advantage of opportune chances for getting bargains in fur goods. Mr. Clarke has found this fall, that the quickly increasing demands on his already extensive stock, demand that he go personally to enquire, examine and buy more.

Our readers will do well to watch Mr. Clarke's adv. in three columns, and share with him his advantageous bargains secured yesterday and preceding days.

Large Sale of Cut Glass Yesterday.

Yesterday Messrs. W. A. Sanderson & Co., the leading George street jewellers, sold more cut glass goods than perhaps any Peterboro firm ever got rid of within one month. Mr. Wasson's partnership reduction sale is attracting much attention from Peterboro buyers owing to the fact that this firm keep strictly to their bargains as advertised. When Mr. Wasson advertised that a special sale with special prices, is on the tapis, the purchasing public of Peterboro, know that the advertised sale is bona fide and that there is more than "hot air" in the bargains offered.

A Pure White Wild Goose.

Mr. J. M. Brooks yesterday got a present that is unique. It was a pure white wild goose of the 'Brant' species. This white goose, whilst not altogether unknown in the Northwest, is a very rare visitor to this part of the country. The goose was shot, down the Otonabee river, last week, by Mr. David Johnston, fishery inspector. Mr. Brooks has given the bird to Mr. Elcome, local taxidermist, to set up. When properly stuffed and set up, the bird will be added to the already large collection of natural history curiosities in the Police Residence.

REV. DR. MACKAY DIED YESTERDAY

Well-Known Presbyterian Divine and Prohibitionist of Woodstock is Dead.

WAS SICK FOR SIX MONTHS

An ex-President of the Dominion Alliance, He Was One of the Best Known Canadian Preachers

Rev. Dr. MacKay, who was pastor of Chalmers' church in this city, and vice-president of the Dominion Alliance, died this morning at 2.30 o'clock, after an illness extending over a year. He had been unable to occupy his pulpit the past six months. He is survived by his widow and the following sons and daughters; John F. Mackay, business manager of the Toronto Globe; Robert Mackay, of Toronto; W. D. Mackay, of this city; Mrs. H. G. Dyas, Mrs. D. C. Coutts, and Miss E. MacKay of this city. He was 62 years of age, and was one of the most prominent Presbyterian divines of Canada.

Dr. MacKay was born in West Zorra, and received his primary education in Woodstock, after which he graduated from Toronto University and Knox College. In 1870 he was ordained, and for six years labored in the Peterboro district. He then came to Chalmers' church in this city.

AUTHOR OF BOOKS.

In temperance circles Dr. Mackay evinced an active interest, being an ardent supporter of prohibition. For 20 years he was president of the Oxford Prohibition Association, and for several years he was president of the Dominion Alliance. He was the author of several books, among them being "Pioneer Life in Zorra," and "Zorra Boys Abroad." The funeral arrangements have not yet been made.

LICENSE INSPECTORS DISMISSED

And the Commissioners Refused to Remain.

Toronto, Nov. 29.—Messrs. Thomas A. Hastings, Chief License Inspector; James J. McConvey, and A. B. Hacker, his assistants, were summarily dismissed yesterday afternoon by an Order-in-Council of the Ontario Government, which appointed the following new board; Messrs. W. L. Purvis, 107 Amelia street, Chief Inspector, and Messrs. Robert Stuart Burrows, 138 Lansdowne avenue, and Matthew J. Spencer, 81 Shuter St, assistants.

As a result of this action of the Government, the Board of License Commissioners held a meeting last evening, and forwarded a communication to the Hon. W. J. Hanna, Provincial Secretary, part of which is as follows;

"We view with deep regret the course the Government has decided upon taking. We are unanimous in our judgment that the proposed action is a direct reflection upon the work of the Commissioners, and we are compelled to refuse to continue in office when we have not the support of this Government in the impartial and non-partisan administration of the law."

This letter was signed by Mr. J. W. Flavelle, Col. John I. Davidson, and Major Murray.

At the Cabinet meeting, at which the summary course was adopted, there were present; Hon. J. J. Foy, K.C., Hon. Dr. R. A. Pyne, Hon. W. J. Hanna, Hon. A. J. Matthews, and Hon. Frank Cochrane. Hon. J. P. Whitney, Premier, was absent. He is spending a few days at his old home, having left the Hon. Mr Foy in temporary charge of the administration.

This action on the part of the Provincial Government, whether taken after mature deliberation or not, was evidently a course in which the License Commissioners had not been consulted. Although rumors have been current upon the street during the past few days that some changes in this department would be urged upon the Cabinet by the local dispensers of the party patronage, the appointments made yesterday came as a distinct surprise both to the present inspectors and the public in general.

Ald. Batten Knocked Out by Pin.

Ald. Batten on Monday morning, whilst getting the family fire into working order, and before donning his trousers, had the misfortune to step on a pin that lay, point, on the floor. At first the genial city father did not pay much heed to so minature a puncture. However yesterday when he went to work, the alderman found that even a pin, small as it is, can get its work in. His foot became swollen and painful, so he went home and called Dr. Greer to dress the wound. Mr. Batten had to stay in the house yesterday.

St. Andrew's Night in St. John's.

As noted in a former issue of The Times, a mass meeting will be held in St. John's church school house on St. Andrew's night, tomorrow, under the auspices of the Brotherhood of St. Andrew. Mr. N. F. Davidson, of Toronto, brother of Rev. J. C. Davidson, and ex-president of the Provincial Brotherhood of St. Andrew, will deliver his address. All men are cordially invited to attend.

Interesting to 57th Regt.

Major Stevenson, chairman of the Rifle Committee of the 57th Regiment, stated yesterday that all those who took part in the annual matches on Thanksgiving Day and won prizes, may obtain their money by calling at the Bank of Ottawa and showing the receipt book. All prize winners are requested to call as soon as possible.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 450 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $754,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,264 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 130 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 180 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 6 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 20 per cent. on a basis of five wells to the acre.

How Consumption Starts

Tired When You Waken—Languid All Day—Nerves Worn Out —Snap All Gone

Your limbs feel "draggy" and excessively weak. A night's sleep seldom brings satisfying rest. Continuous headaches, exhaustion and nervous sensations destroy your health. Soon every spark of vitality is used up. Then you catch tuberculosis.

Start to-day. Build up, get new nerve force, and overcome this process of decay. Use Ferrozone, which physicians consider the most vitalizing, uplifting tonic ever made.

Ferrozone cures because it can furnish the body with sufficient nutriment and building material.

Think of the instant effect—at once the appetite increases, delightful color in the cheeks proves that rich, red blood is being circulated. Tired muscles are invigorated, flesh and weight are added. Nerve force develops, and bounding, joyous health is firmly established.

This is certain.—Ferrozone restores failing strength from any cause. The case of Mr. Thos. Lund, of Schreiber, Ont., proves this:

"Household worries and cares had about exhausted my strength. I was weak and miserable. My cheeks lacked the color of health, and occasionally I had spells of rheumatism. Then my appetite fell off, and nothing could tempt me to eat. Worn-out feelings, chills and despondency filled my very being. I became unanemic and dwindled down to a shadow. Consumption was very near. Ferrozone put strength in my body with a rush. It built me up, strong, virile and happy, and I have been well ever since."

Ferrozone cures sickness by curing the real cause—lack of blood and nerve tone. It keeps people at their best—fit, ready and anxious for work. 50c. boxes only, six for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

DEFENCES OF NEW YORK

The opinion expressed by Prince Louis of Battenberg in New York that the city could be bombarded by the North River could reduce the city with ease has brought forth a disclaimer from such a high authority as General Frederick D. Grant, Commander of the Department of the East. He points out that Prince Louis in his statement did not mean that the city could be bombarded. General Grant goes on to point out how impossible it would be for a hostile squadron to approach Manhattan. Nearly six thousand regular soldiers watch night and day, in fifteen forts, named as follows: Forts Hancock, Hamilton, Wadsworth, Rodman, Trumbull, Wright, Terry Slocum, Schuyler, Totten, Jay, and other powerful batteries crouching valiantly against the word to spring into action. General Grant declares that the American metropolis is as nearly impregnable as is any seaport town. It would be impossible for a hostile fleet to drop even an occasional shell into the city. Fifteen miles is the nearest hostile ships could come, according to General Grant, mines and the navy preventing any nearer approach. To reach New York from the south, the hostile navy would come, after getting through the mines sowed along, to the guns of Fort Hancock, on Sandy Hook, with the most powerful guns in commission the world over. If by any chance they should get by Fort Hancock and its great guns, the enemy's vessels would find themselves going due north in the channel leading between Forts Hamilton and Wadsworth, which guard the narrows. A fleet coming from the other direction would have to run the gauntlet of forts beginning with Fort Rodman, at New Bedford, to Fort Trumbull at New London, on to Forts Wright and Terry standing on islands that divide the entrance to the Sound into narrow channels. Should the enemy get into the Sound, he would still find his progress blocked. The nearer approach to the metropolis—the actual northern gate—is commanded by the heavy batteries of Forts Slocum, Schuyler and Totten—Fort Slocum standing of New Rochelle, while Schuyler and Totten stand sternly vigilant five miles nearer the city. The narrow channels leading to New York harbor would offer further impediment, and these alone, with the chains of mines, would make such difficulties for an invader that General Grant declares the people of New York may sleep as peacefully in time of war as they do in peace.

VICTORIA MILITIA LOSE THEIR VOTES

Provincial Statute Has Disfranchised the Volunteers.

Victoria, B.C., Nov. 28.—Members of the Fifth Regiment, Canadian Artillery, have just made the surprising discovery that by reason of the changes made at the last session of the Legislature in the Municipal Elections Act they are disfranchised from voting in the approaching civic elections.

The amendment of last session defined the status of a householder as one who pays during the year rates, taxes or fees to the city of not less than $2. But according to an enactment of Parliament the members of the Fifth Regiment are exempt from paying the poll and road taxes.

By being thus exempt the members have now suddenly found themselves debarred from registering as voters for the civic elections.

Welsh Revivalist in Public Again

London, Nov. 28.—After a silence of seven months, Evan Roberts, the Welsh revivalist, has emerged from his seclusion at Pontycymmer, in Ogmore Valley, Glamorganshire. It is not without a good deal of hesitation that he has consented to appear again in public. "I am in straits," he wrote to a Pontycymmer minister. "What shall I do—come or not? What I dread is the element of curiosity."

Germany Influences Chile.

Berlin, November 28.—The Frankfurter Zeitung says that Chile intends to order one battleship, two cruisers and four destroyers from German yards, at a cost of £2,000,000 ($15,000,000). Chile desires to reorganize her navy on the model of Germany and wants a number of German officers to enter and Chilean navy and work for its organization. The fact that Admiral Montt, of the Chilean navy, is on his way here on a mission is regarded as proof of the growth of German influence.

Will Not Be Bound.

London, Nov. 28.—Mr. R. B. Haldane, M.P., addressing a meeting at Frodsham, said there was nothing more likely to send Canada over to the United States or make Australia declare itself an independent nation than to ask them to bind themselves with ties on a fiscal or any other nature.

Turkey Accedes.

Vienna, Nov. 28.—The Neu Fria Presse to-day published a despatch from Constantinople saying that the Sultan, through Tewfik Pasha, the Foreign Minister, has announced to Baron Von Calice, the Ambassador of Austria Hungary, that Turkey accedes to the demands of the powers regarding the financial control of Macedonia.

Burned to Death.

Fort William, Nov. 28.—The mining camp of the Power Company at Kakabeka Falls was burned last night, and Horrace Burrance, a cook, lost his life in the flames. The loss will be about $2,000.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

BLOOD DISEASES CURED

Drs. K. & K. Established 25 Years.

NO NAMES USED WITHOUT WRITTEN CONSENT.

Before Treatment.

After Treatment.

He was surprised at how the sores healed—"I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up—and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish."

W. H. S.

We treat Nervous Debility, Varicocele, Stricture, Kidney, Bladder, Blood and Skin diseases, Urinary, Bladder and Kidney complaints of men and women.

READER Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. BOOKS FREE—"The Golden Monitor" (Illustrated), on Diseases of Men. Sealed Book on "Diseases of Women" Free.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of treatment FREE.

DRS. KENNEDY & KERGAN

Cor. Michigan Ave. and Shelby St., Detroit, Mich.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1.00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 350,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $1,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 30 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 4 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address,

W. E. FLODING, Delphos, Ohio, U.S.A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

SELECTIONS

THE COUNTY FAIR.

Were You Ever a Principal in an Incident Like This?

A face in the crowd will, as it were, sting your memory. "I ought to know that man," says you to yourself. "Now, who the mischief is he? Barker? No, 'tisn't Barker. Barkdull? No. Funny I can't think of his name. Begins with 'B,' I'm pretty certain." And you trail along after him, as if you were a detective, sort of keeping out of sight, and yet every once in awhile getting a good look at him. "Mmmmmm!" says you. "What is that fellow's name? Why, sure, McCauley," and you walk up to him and stick out your hand while he's gassing with somebody and there's that smile on your face that says, "I know you, but you don't know me," and he takes it in a limp sort of fashion and starts to say, "You have the advantage of"— when, all of a sudden, he grabs your hand as if he were going to jerk your arm out of its socket and beat you over the head with the bloody end, and shouts out: "Why, hello, Billy! Well, suffering Cyrus, and all hands around! Hold still a second and let me look at you. Gosh darn your hide, where you been for so long? I thought you'd clean evaporated off the face of the earth. Why, how air you? How's everything? That's good. Let me make you acquainted with my wife. Molly, this is Mr."—but she says: "Now don't you tell me what his name is. Let me think. Why, Willie Smith! Well, of all things! Why, how you've changed!"—Eugene Wood in McClure's.

THE MORNING BATH.

Conditions Under Which It Should Not Be Taken Cold.

Cold baths in the morning are undoubtedly beneficial, but only to those persons who have sufficient vital energy and nervous force to insure good reaction with no subsequent languor or lassitude. Many persons who are greatly refreshed by their morning bath feel tired or languid two or three hours after it. When this occurs it is conclusive evidence that the practice is harmful. Persons who have an abundance of blood and flesh, who are lymphatic or sluggish in temperament and whose nervous force is not depleted, can take a cold morning bath to advantage. Others who are inclined to be thin, whose hands and feet become cold and clammy on slight provocation, who digest food slowly and assimilate it with difficulty, who are nervous and who have much on their minds should avoid early morning cold bathing. For such the bath before retiring at night is recommended, as it should be followed by rest of brain and body till equable conditions of circulation are re-established. Some persons who are weak in nerve power have such excitable nerves that they get at once a perfect reaction from cold bathing, but less in after effects more than the value of the bath. This class of individuals should not bathe too often and should always use tepid water, choosing the time preferably before retiring.

A Wonderful Memory.

Magliabecci had a memory so extraordinary that it seemed to dwarf all his other mental faculties. He read all ancient and modern languages that had a literature and was familiar with the title and contents of every known book. He once said that he could repeat the titles of over 500,000 books written in many languages on a diversity of subjects. His whole life was given to study. He commonly remained at work all night, and when nature could endure no more he lay down wherever he chanced to be, and with the floor for a couch, a book for a pillow and covered with an old tattered cloak he would sleep for a few hours, then rise and go to work again. He literally knew everything that was worth knowing in his time, but produced nothing of his own.

Fixing a Watch.

"I dropped my watch today, and it has been gaining ten minutes an hour," said a man, at the same time handing the watch to a New York jeweler. The jeweler stuck a glass in his eye, looked into the interior of the watch, poised something with a small instrument, set the watch by a regulator and, handing it back, said, "It's all right now, and I've set it by the correct time." "How much?" said the customer, relieved. "Nothing," was the answer. "But I can't let you work for me without pay." "We never charge any one for such a service. Why should we charge you? The hairspring was doubled, and that made the watch run fast. A single touch set it right."

The Luster of Opals.

Many gems often without any apparent cause suddenly become cracked or seamed, the damage being beyond repair. Opals, known as the unluckiest stones, are so sensitive that their beauty is frequently destroyed by their wearer's proximity to an open fire. The luster of this stone is caused by the presence of myriads of little fissures, which deflect the light into the characteristic prismatic color of the gem. The tiniest of these fissures is likely at any moment to destroy the stone.

Work in Prospect.

"If you keep on," said the credulous layman, "you will find cures for all the diseases that flesh is heir to. Then what will you do?"

"Then," answered the scientist, "we will proceed to seek cures for the new diseases to which our remedies have given rise."

Serious.

"How do you know that young Rounder's intentions are serious?"

"He's quit giving the ladies candy and substituted chastity drinks and cookbooks and things."—Cleveland Leader.

ADVERTISED IN THE TIMES

PRINCESS IN GOAL

Russian Princess in Trouble in California.

Los Angeles, November 28.—From a Russian palace to a lodging-house in this city and then to jail for disturbing the peace is a far cry, but Pauline Hulse, who claims that she is a princess of the royal blood of the Romanoffs is in jail.

She was arrested on complaint of a proprietor of a lodging-house and charged with coming home drunk, turning other lodgers out of their rooms quarreling, cursing and smashing things in general.

His Twelfth Birthday.

The late Lord Russell of Killowen, the well known judge, was, during the early days of his career, a victim of an amusing piece of repartee on the part of a witness.

"What is your age?" asked the great counsel.

"Is it my age you are asking?" replied the witness.

"Yes, sir. Now speak up and be exact!"

"And be exact? Well, of all the"—

"The court does not desire to hear any comments of yours. Tell the court your age."

"Well," said the man, "I celebrated my twelfth birthday last week."

"Do you mean to tell the court that you are not more than twelve years of age? Why, you look more than three times that age!"

"Four times would be exact."

"And yet you venture to tell me—and remember you are on oath—that you celebrated your twelfth birthday last week?"

"And it's quite true, but then, you see, I was born on Feb. 29, in leap year, and my birthday only comes once in four years."

Lighthouse Burned.

Ottawa, Nov. 28.—The Marine Department has received word that the lighthouse at False Ducks in Lake Ontario, above Kingston, was burned yesterday, presumably by lightning. It was not known whether the keeper has perished or been disabled. It was too stormy to get out to the island yesterday, but the department engineer at Kingston is under orders to do so as soon as possible.

New Election in Kingston.

Toronto, Nov. 27.—The protest of A. M. McIntyre against the election of E. J. B. Pense as member for Kingston in the Ontario Legislature was sustained by Judges Street and Teetzel at Osgoode Hall to-day. The election is therefore avoided. The cross petition was dismissed with costs.

Try to Escape Bright's Disease

Look Well to Your Kidneys—Keep Them Healthy and Thus Avoid Incurable Diabetes and Bright's Disease

If you would avoid Bright's disease take Dr. Hamilton's Pills at once—no delay about their action which is swift and thorough. In every case complete cure attends their use.

Read the following symptoms—they tell if your kidneys are sick or well—whether or no you require a medicine such as Dr. Hamilton's Pills:

WATCH YOUR WATER!
Can it smell bad?
Dis'gr'c. bitcdy
Painful and too frequent?
Does it drip?
Discolor the linen?
After standing 24 hours, if the urine is cloudy, high colored, stingy, contains like brick-dust then
YOUR KIDNEYS ARE DISEASED.

To protect your system against the terrible hazards of kidney complaint rely on Dr. Hamilton's Pills. They give instant relief to the backache, those dragging sensations, desire to urinate too often or too seldom. You'll feel invigorated and braced, your appetite will improve, sleep will be restful. No medicine on earth will do you more lasting good. Price 25c. per box, or five bottles for $1, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

Wanted.

Laundry woman wanted, by the month. Only a good strong woman need apply, at Snowden House. 7d

Dog Lost.

From 473 Water street, a Scotch terrier dog, light colored, milk white curly head. Finder will be rewarded by returning to above address. Parties detaining this dog will be prosecuted.

Hotel For Sale.

That well established and largely patronized hotel, the Snowden House. This hotel has a large clientele among the commercial, city and farming trade. Will take cash or acceptable farm property in exchange. Immediate possession to suitable applicant. None but principals need apply. Apply to.

WILLIAM SNOWDEN,
Proprietor.

Collie Dog Lost.

On Monday morning, lost or stolen, a thoroughbred sable collie dog. Colors brown interspersed with black, black rings round the eyes. No collar. Suitable reward on return. Any person harboring the dog after this notice will be prosecuted. Return to Otto Hoffman or The Times office. 3d

Victoria's Warden Gets $300

At the session of the Victoria county council, which concluded its labors for the year on Saturday last, the warden was voted $300 for his services during the year instead of the customary $200, the increase being a recognition of his increased duties and responsibilities in connection with the erection and completion of the house of refuge.

A New Swindle.

The typewriting cleaning graft is one of the latest, says an exchange. The typewriting expert works in the following manner; He comes into an office, and if given an opportunity to look at the machines he finds them in need of a general overhauling. He works on them a little, threatens the machinery in a few places and charges several dollars for the work. The same work could be done by the operator in half an hour, but this does not prevent the expert from securing plenty of victims.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

TUESDAY SEPT. 5, 1905

Intending students should make application as soon as possible.
Call at the College, or address

LOCAL INCIDENTS

By The Times Man on the Street

—The snow plows were out yesterday.

—The Choral Society met at the Central school last night for their regular rehearsal.

—The Board of Works have constructed a bridge over Metcalfe's Creek, on Victoria avenue.

—Yesterday more overcoats were buttoned up near the neck than during any day this winter.

—Hugh Gibbs paid $2 yesterday morning into the city treasury for being under the influence.

—The election of officers of the Barbers' Union will take place on the third Monday in December.

The regular monthly meeting of the Home Missionary Auxiliary of Knox church, will be held this afternoon at 3.30 in Knox church.

—A "library party" was given in the Sunday school rooms of St. Paul's church yesterday evening by Rev. W. M. Mackay, assisted by Miss Dickson and Miss Best.

—The Night Owls Club, of Lindsay, held an assembly in the Academy of Music in that burg yesterday evening. A number of young people from this city attended.

—The next fortnightly entertainment in St. Peter's T.A.S. hall on Monday evening will be under the auspices of the brass band in connection with the organization.

—The Literary Committee of St. Peter's T.A.S. intend holding an "Irish Night" in their rooms in about a fortnight, when the program will consist entirely of Irish numbers.

—Mr. H. H. Burnham received a letter from Haliburton and the writer states that the chances of recovering the remains of the late Chief Bond are very slight.—Port Hope Guide.

—The appointment of an assessment commissioner instead of two assessors is being agitated in Peterboro. It might pay Lindsay citizens to give the matter some attention.—Post.

—And now Mr. Coleman Blewett is claiming damages from the city. He claims that his horse sustained damages from getting into a hole on London street, owing to a washout, on the evening of Nov. 9th.

—Mr. H. D. Burnett, chief of the C.G.E. Company's lamp department, on Monday night delivered a most interesting address before the Men's Guild of All Saints' church. His subject was the electric lamp, how it is made and used.

—Mr. P. Grady the popular and veteran local horseman is claiming damages from the city because his horse got injured in a washout on Park street last spring. As it is not yet established whether the city is responsible or not, no action was taken by the Legal Committee.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MR. TAYLOR'S FAILURE

Assignee Gives Notice to Creditors Yesterday.

As noted in a former issue of The Times, Mr. W. L. Taylor, has made an assignment in favor of his creditors.

The assignment was published in last Saturday's Ontario Gazette. "A meeting of the creditors has been held in Messrs. Roger & Bennet's office. The appointment of an assignee was confirmed and the following inspectors of the estate were appointed, Messrs. L. M. Hayes, F. D. Kerr and J. W. Bennet.

The object of the meeting was to give Assignee Harry Rush authority to sell the assets of the assigned by private contract, tender or public auction, as he may, with the approval of the inspectors elect.

The following is taken from the Ontario Gazette.

ASSIGNEE'S NOTICE TO CREDITORS.

In the Matter of William L. Taylor, of the City of Peterboro, Implement dealer, Insolvent.

Notice is hereby given that the said William L. Taylor, carrying on business as a dealer in implements at the said City of Peterboro, has made an assignment under R.S.O. 1897, chapter 147, of all his estate, credits and effects to Harry Rush of the City of Peterboro, in the county of Peterboro, for the general benefit of his creditors.

A meeting of creditors will be held at the office of Rogers and Bennet, on Monday, the fifth day of November, 1905, at the hour of two o'clock in the afternoon to receive a statement of affairs, appoint inspectors, and for the ordering of the estate generally. Creditors are requested to file their claims with the assignee, with proofs and particulars, as required by the said Act, on or before the day of such meeting.

And notice is further given that after the 1st day of January, 1906, the assignee will proceed to distribute the assets of the estate amongst the parties entitled thereto, having regard only to the claims of which notice shall then have been given, and that he will not be liable for the assets or any person or persons of whose claim he shall not then have had notice.

HARRY RUSH, Assignee.
ROGER & BENNET,
Solicitors for Assignee.

Dated at Peterboro this 28th day of November, 1905.

SOCIAL AND PERSONAL

—Mr. William Pavelle, of Lindsay, is in the city.

—Mr. J. A. Latimore, of Toronto, was in the city yesterday.

—Mr. Eugene Pinsola, of Ottawa, is in the city on a visit to friends.

—Dr. Robertson, of Norwood, was in town Monday for a few hours.

—Rev. Father Conway, of Norwood was a guest of Rev. Father McCall Monday.

—Mrs. J. Harris McClellan left yesterday morning to spend a few days in Toronto.

—Mr. T. W. Robinson has joined the staff of the Metropolitan Grocery Hunter street.

—Mr. Stanley Giroux has accepted a position in the office of the American Cereal Co.

—Mrs. A. E. Dixon and children left yesterday morning to meet Mr. Dixon who is visiting in Bowmanmanville.

—Port Hope Guide says; Miss Gertrude Wright, Hidout street, is spending a few days in Peterboro and other places.

—Mr. Wm. Kennedy, of the Wm. Hamilton M'f'g Co., leaves this week for Chicago, where he has secured a good position.

—Miss Graham and Miss Maud Graham left yesterday morning for Oshawa, where they will be the guests of friends for a few days.

—Mr. C. A. Hayden, sporting editor of the Montreal Herald, and his brother, Mr. Reg. Hayden, of Port Hope, were in the city yesterday on their way to Hastings for a few days' shooting.

—Miss Alice Tivey leaves to-morrow for Montreal, where she will enter upon a course of training as nurse in the Royal Victoria hospital. Miss Tivey's many friends will join in wishing her every success.

—Rev. Father Fitzpatrick, of Roniomore, was in the city yesterday morning on his way to Hastings. This morning he will join a party of delegates and attend the convention of the Knights of Columbus in Brockville.

—Miss Bradd and Miss Alta Bradd, left yesterday for Toronto to visit friends for a few days. Yesterday evening they attended the "Living Song," which was put on by Messrs. Willehmj and Van der Water at Massey Hall.

—Lindsay Post says; Mr. Frank Marshall of Peterboro, who has been visiting his brother, Charles Marshall, on Wellington street, for the past few weeks, has returned.—Miss V. McSweyn of the north ward is spending a week with Peterboro friends.

DAIRYMEN'S CONVENTION

County Council Will Be Asked to Contribute.

As many of our readers will remember that The Times' list, circulated among the local hotel men, was a large factor in securing the coming meeting of the Eastern Ontario Dairymen's Association, to be held here early in next January. It will interest our readers to know that Mr. R. G. Murphy, Brockville, secretary of the association, will arrive in Peterboro this evening to make arrangements for issuing the prize lists and programs in connection with the annual convention. Mr. Daniel Derbyshire, M.P., president of the Eastern Ontario Dairymen's Association, will be in the city on Friday, and, along with Mr. Murphy, will wait on the county council in the afternoon, with a view to obtaining a grant from that body toward the expense of the city convention. The city council has already made a substantial grant.

As the convention will result ultimately in placing knowledge, worth untold wealth, at the command of local farmers, the county council should be generous.

Threatrical Prices in Peterboro.

After this, owing to the great expense of building the new Grand Opera House, consequent better class of theatrical companies that will visit Peterboro, and resulting advanced charges made for their appearance here, the local theater will have, in self defense and firm business principles, to ask the same prices as charged by similar up-to-date theaters, and first-class companies in Toronto, Montreal and other large centers. Fortunately the intelligent portion of our citizens, and they form a majority of those purchasing the higher class seats, will readily understand this essential advanced price for good shows. One important point to be taken into consideration is this. No matter what prices may or may not be charged, the public of Peterboro, has now had ample demonstration that Mr. R. Bradburn, manager of the Grand, has kept his promises scrupulously, and may be depended on to do so in the future. The public does not mind paying fair prices but demands that faith be kept.

WARNE'S EMPORIUM

Alterations in Progress Yesterday—New Store Complete Next Week.

Yesterday, Mr. Dunsdow of the "Framery" had a gang of men at work, putting in a side light and other fixtures, for the new store soon to be opened by Warne Bros. As noted in a former issue, Mr. W. B. Warne, who has so successfully carried on a patent medicine store at 345 George street, has entered into partnership with his brother, Mr. S. C. Warne. The latter gentleman is a practical watch and jewellery repairer, having served a long apprenticeship on the bench in Mr. F. S. Schneider's George street store.

The new firm of Warne Bros., yesterday opened up a large archway between the patent medicine store and that lately vacated by the Douglas shoe store. The complaint stores will open next week with a modern and strictly up-to-date assortment of watches, jewellery, cut glass, etc.

These young men, in their new enterprise, will have ample space to show goods and will, to a certainty, get a good share of local patronage. They are both hustling and wide awake business men. For particulars see their adv. in to-morrow's issue of The Times.

ASSIGNEE'S NOTICE TO CREDITORS.

SAD DROWNING

Louis Bell Skates to His Death in T. V. Canal.

Yesterday sad countenances and hushed conversation were observed generally among our local citizens. The cause of this evident token of grief was the believed death by drowning, whilst out skating, on Monday evening, of Louis Bell, a son of Mr. W. Bell, grocer, at Auburn.

At a late hour last night, The Times telephoned to Coroner Dr. Gray and other people likely to have latest particulars of this fearful tragedy, without ascertaining any further news than published in the evening papers on yesterday.

It seems that Louis Bell, after attending school at Auburn, on Monday, and, almost as though a premonition of danger agitated him, had been warned by his teacher, Miss Main, to be careful when skating, went to enjoy himself on the newly formed ice, taking his skates with him.

Not returning at the time his parents became uneasy, and after the evening meal Mrs. Bell went out to see some of Louis' usual comrades, but could obtain no word of the boy.

Search parties were formed, and found Louis' walking shoes on the west bank.

The ice is rather thin, but no holes were discovered in it, and it is thought that the boy must have skated into the open water at the Warsaw road bridge, near Curtis Bros.' brick yard or else fell in at the bay above the golf links, where the canal is not frozen over.

Louis Bell was a constant attendant at St. Luke's Sunday school, and was there on Sunday afternoon, and at church in the evening.

Monday afternoon Rev. E. A. Langfeldt organized a searching party and they are at work with grappling hooks and pike-poles, seeking to recover the body. Besides the bereaved parents there are two brothers and two sisters of the missing lad. Arthur Bell is a farmer in Douro, and William is paymaster of the Bell Telephone Company in Cleveland, Ohio. The sisters are Mrs. Mowry, Burnham street, and Mrs. Luch, who resides in the Northwest.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

RUGBY.

The local rugby team will play for the intermediate Canadian championship at Ottawa on Saturday, and will endeavor to carry off the honors from the Rough Riders' records on their own grounds. Mr. Chris. Graham, Peterboro's well-known all round sportsman and athlete has been in communication with the Ottawa players, endeavoring to have the game played here.

The Rough Riders however will not play here, but offer locals $125 to play at Ottawa. This seemed satisfactory to the local club and they will go to Ottawa on Saturday. It is probable that the officials will be Messrs. (King) Clancy, of Ottawa, and Dr. Kenney, of Brockville. Clancy will referee the scrimmage half of the game, and Kenney will have charge of the snap-back part. Ottawa refused to stand for a Toronto man as an official.

• • • •

The Peterboro Rugby team has undergone quite a change in its line-up during the past few weeks, and as nearly all the team have played the old game, they should be able to more than hold their own. If they can hold Ottawa under Queens rules out should be easy for them pin the snap-back game.

MUST GET FUR

Local Hotelman May Tramp to Gold Lake in Quest of His Furs.

We understand that Mr. Snowden, the genial proprietor of the hotel of that ilk, discovered yesterday, that he had inadvertly, left at the Gold Lake Lodge some valuable "sables" skins, which he had, by exercise of great hunting craft, managed to secure. This sportsman must have the fur, but, owing to yesterday's snow storm he is undecided whether to walk out on snow-shoes, or take an "automobility" as originally arranged.

Any dealer in raw furs, or local hide dealers had better apply at once and secure the furs. The sable skins in question, owing to their loud and demonstrative odors, have several times had the burial service performed over them, but as a local druggist has secured an option on the mink skin output of our northern lakes, Mr. Snowden is determined to secure his "Alaska Sable" pelts at once. We are informed that yesterday he was practising snow shoe walking in the yard back of the hotel.

Life and Death.

As a Times' man was passing up street yesterday, he heard a couple of men arguing over religious matters. "There is nothing in this angel business; when you're dead, you're dead, and that's all there is to you," said one. The other one didn't think so, but he couldn't prove it to the satisfaction of the other. The Times' man did not care to butt in here and take sides. He merely desires to offer this thought; Suppose the man who believes there is nothing beyond the grave is right, the other fellow has lost nothing. But suppose the man who believes in the future life we are told about turns out to be right, how about the other fellow? Seems to this great family journal that it is one of those propositions where it is all to gain and nothing to lose for one fellow, and all to lose and nothing to gain for the other man.

The Water Power of Niagara.

Ottawa, November 28.—Mgr. Laflamme who was engaged by the Waterways Commission to report on the diminution of the water supply at Niagara Falls, has made a report, in which he expresses the opinion that the wearing away process at Horseshoe Falls will not make a serious change in the flow of water on the Canadian side for fifty or sixty years, and after that the flow of water on the Canadian side will be more likely to increase than decrease.

A HARD ROW

And a long pull describes the pathway of a woman afflicted with female weakness unless she is under the care of a doctor who has had successful experience in the treatment of such cases or else has found the right remedy which can be safely used independently of the doctor.

Forty years ago, Dr. R. V. Pierce found that women were being grossly maltreated—mainly through ignorance and carelessness, and he determined to devote himself to study and research till he found the real cause of their suffering and a proper remedy for it.

He found it, and dug from Nature's Laboratory, the earth, *Nature's remedies* for woman's weaknesses and ailments. He found in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, the required ingredients.

The remedial virtues of these he extracted, combined and preserved by his own peculiar non-alcoholic, glycerie process, and the compound is now known the world over, as Dr. Pierce's Favorite Prescription.

"I had a pronounced case of female weakness, also a prolapsus, or an abdominal pressure, weakening the ligaments and resulting in displacement which troubled me until I was completely run down in health and almost discouraged," writes Mrs. Beverly Stegeman, of 154 Fulton St., San Francisco, Cal. "A neighbor advised me to try Dr. Pierce's Favorite Prescription. Before the first bottle was used I felt much better. Improvement went steadily on, and within four months I was like a new and well woman once more. I am now perfectly well and strong, and extremely grateful to you for your blessed remedy—a boon to sick women."

A Great Doctor Book Free.—Send 21 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., to cover mailing and he will send you a free copy of his 1008-page Common Sense Medical Adviser, paper-covered. Cloth-covered 50 stamps.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for the use of delicate women.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardinere, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc; Hats, Reds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

Mr. Flavelle Had Conference With Premier

They Declined to Reveal the Nature of Their Talk and Refused to Say Whether He Had Resigned from University Commission

Toronto, Nov. 30.—Mr. J. W. Flavelle ex-chairman of the Board of License Commissioners, took advantage of Mr. Whitney's return to the city to call upon the Premier yesterday. Their tete-a-tete lasted for an hour and a half, and what took place at it is an interesting subject for conjecture.

On emerging from the council chamber shortly after one o'clock, Mr. Flavelle was asked if he had any further statement to make public.

"Nothing to-day," he answered.

"Can you say whether this incident will affect your attitude with regard to the other appointments you held under the Government?" was suggested.

In answer Mr. Flavelle held up his hands and intimated that he must decline to discuss that or any other question.

The Premier when seen immediately afterwards was scarcely more communicative.

"Have you asked the License Board to reconsider its resignation?" he was asked, on the presumption that the long and friendly conference with Mr. Flavelle must have led to something.

"We have asked them nothing," was his emphatic answer.

"Has Mr. Flavelle resigned any of his other commissions under the Government?" was the next question.

"If he has I know nothing of it."

"Have any steps been taken toward the appointment of a new Board of License Commissioners?"

"Not yet. I arrived in town only last night, and we have not had time to discuss that matter yet."

The order-in-council dismissing the old inspectors has not yet reached the chief officer of the license branch so that the inspectors have not been notified officially of their dismissal as yet. They are accordingly still in office, and responsible for the enforcement of the law in the city. It is stated that the new officials' appointment is to take effect on the 1st of December.

FORTNIGHTLY CLUB

This Hitherto Well Known Organization Disbanded.

Members of our local literary "Bohemia," and lovers of the arts will regret to hear that the Fortnightly Club, is no more. R.I.P.

The last meeting held in the Y.M.C.A. decided that it was better not to go on with a series of lectures this year.

This important clique, stepping down and out, does not indicate any lack of interest in matters appertaining to its being, but there are so many and diversified kinds of clubs existing here, out of all proportion to population, that mammas could not attend or take such active interest as the club affairs demanded.

The club during its existence has attained eminent success in literary matters, and even when pulling the curtain down on its last scene, does so in the race of financial success.

At the last meeting which was fairly well attended, Mr. J. B. Hunnam presided. The members seemed to feel that it was hopeless to go on with the work and after a short discussion the following resolution moved by Mr. D. Hughes-Charles and seconded by Mr. F. D. Kerr was unanimously carried;

That in view of the fact that the support received last year was not sufficient to warrant continuing the club, it shall be discontinued, especially as the Collegiate Institute intends to hold a course of lectures this season.

Before adjourning a vote of thanks moved by Mr. Hughes-Charles and seconded by Mr. T. A. S. Hay, was passed to the secretary, Miss R. F. McWilliams, whose efforts on behalf of the club have been untiring.

HONORABLY ACQUITTED

Stephen Jackson, Discharged in Monaghan Chevivari Case.

Millbrook Reporter says: At the County Judge's Criminal Court in Cobourg on Wednesday, His Honor Judge Reesor, after hearing the evidence, temporarily acquitted Stephen Jackson. Jackson was on trial, it will be remembered for criminal negligence in carrying fire arms to a charivari in South Monaghan a few weeks ago when, before reaching the scene of the charivari the gun he was carrying accidently went off and two of his companions were wounded, but not seriously. Jackson's reputable character and the good name held by his family in the township convinced the judge that it was nothing more than an accident. We congratulate Mr. Jackson upon the result of the trial which is not only a just conclusion of the unfortunate affair, but is in keeping with what everybody in the township says, is only reasonable and right and leaves my farmish on the name of a respected family. Mr. R. Ruddy Millbrook, counsel for the defendant Jackson, Mr. W. F. Kerr for the Crown.

GENEROUS GIFT

Mr. Mulholland Gives $10,000 to Consumption Hospital.

One of Canada's most philanthropic institutions, and one that is a boon to thousands of sufferers who would, many of them go down to their graves without adequate care, is the Toronto Free Hospital for consumptives.

This fine building, located near the Humber, and only opened about a year ago, has already been visited by over 5,000 people, whose signatures in the register, record their presence.

Mr. R. Mulholland, of Toronto, formerly of the private banking firm of Mulholland and Roger, has placed $10,000 at the disposal of the trustees of the hospital, for the erection of a commodious cottage for patients in the advanced stages of consumption from outside of the city. These will be admitted under arrangement with municipalities or friends, who are willing to contribute just the ears cost of maintenance. Mr. Mulholland's offer has been supplemented by an offer from Mr. H. C. Hammond, treasurer of the hospital, who will erect another cottage at a cost of $5,000.

Philosophical Society Meets.

On Tuesday evening, at the residence of Mr. and Mrs. Hughes-Charles 21 Scott street, a meeting of the Philosophical Society was attended by some 60 members and their friends. This is the first meeting of the season and great enthusiasm prevailed. The chief feature of the evening was a paper by Rev. E. A. Langfeldt on Napoleon Bonaparte. Rev. Dr. Torrance, Messrs. R. M. Denniston, W. H. Moore, J. C. Brown, J. H. Burnham and Mrs. McWilliams took part in the criticism of the paper. It is expected that the society will meet monthly during the coming winter at the home of Mr. and Mrs. Hughes Charles.

THE TARIFF COMMISSION

MEETS TO-DAY AT TEN O'CLOCK FOR BUSINESS.

Meeting Arranged For Last Night to Establish Time For Various Speakers was a Fizzle, Few Attending it.

To-day is the long anticipated advent of the Tariff Commission.

The commissioners, who have had a long and arduous series of meetings in western Ontario, will meet in the city council chamber at ten o'clock. It is hoped by the commissioners

The commissioners who arrived yesterday evening, are Hon. W. S. Fielding, minister of finance, chairman; Hon. Sydney A. Fisher, minister of agriculture; Hon. L. P. Brodeur, minister of inland revenue; Hon. Wm. Paterson, minister of customs, and Sir Richard Cartwright, minister of trade and commerce. Mr. John Bain is secretary of the commission.

A meeting for all those desirous of appearing before the commission was yesterday held at the city council chamber yesterday evening to arrange at exactly what hour they will be heard to-day.

Deputations will be present to-day from Deseronto, Campbellford, Lindsay, Belleville, Orillia and Barrie Boards of Trade.

Messrs. Dawson Kennedy, T. D. Young, Robert Hanbidge and J. H. Grycutt will represent the farmers of this district and watch the proceedings on their behalf.

The following deputations will appear;—

Deputation of farmers from Victoria County.

Deputation of farmers from Peterboro county.

Canadian General Electric Company.

Peterboro Lock Manufacturing Company.

Peterboro Cereal Company.

Central Milling Company.

Hearn Bros.' Woollen Co., of Lindsay.

American Cereal Company.

J. J. Turner & Sons.

Colonial Weaving Company.

Canadian Cordage and Manufacturing Company.

The Dickson Company.

B. F. Ackerman, Son & Co.

Peterboro Tool & Shovel Co.

Thomas Barrie.

Leach Bros.

Fred Cook, and several others.

It is understood that the commission will allow no person more than twenty minutes hearing. This means three persons an hour will be heard. The sitting will be from 10 to 12 o'clock in the morning, 1 to 6 in the afternoon, and if the business is not finished, there may be an evening sitting.

LAST NIGHT'S MEETING.

As above noted there was to have been a meeting held last night to arrange at what hours the several speakers and deputations would wait on the commission. Mr. Quartermain, secretary of the local Board of Trade was on hand, but very few citizens came to the meeting.

Among those who called at different times during the evening, were Messrs. W. Hamilton of the Wm. Hamilton Mf'g Co.; J. C. Snook, of the Dickson Co.; Frank Adams, of the Peterboro Lock Mf'g. Co.; Dawson Kennedy and R. R. Hall, M.P. Mr. Kendry, of the Auburn Woollen Co., declined to be present "on any consideration," As far as could be settled, it was arranged that during the afternoon, the Victoria County farmers will speak and those representing Peterboro County. The Canadian General Electric Co., will be represented by Mr. G. W. Wayt at 10 a.m.

Mr. Eyres will speak for Peterboro farming industry.

During this evening Lindsay woollen industries and the Peterboro Lock Works will be heard.

The engine and boiler section of the Canadian Manufacturers' Association will probably be heard at 8 p.m.

RAISING THE RIVER

Logs Taken From Dam to Find Bell's Remains.

In yesterday's issue we noted the particularly distressing disappearance of the young boy Louis Held, who is supposed to have skated to his death in the canal, day before yesterday.

Last night in order to facilitate recovery of the boy's body, by work kindly granted authority of the Canadian General Electric Co., and Mr. McClellan, superintendent of the Trent Valley Canal, some 20 stop logs, were last night removed from the dam at Nassau.

This dam is owned by the Canadian General Electric Company.

By removing these stop logs, a large percentage of the water will be diverted from the canal to the Otonabee river.

About twenty stop logs altogether were taken out of the seven gaps at the dam. This lowered the water at the dam about five feet and left only some three feet in the canal between Nassau and the Warsaw road bridge. Previous to this the water was over seven feet deep. When thus lowered it is thought that it will not be difficult to recover the body of young Held.

As yet, at least until a late hour last night, the body had not been recovered.

A large number of friends of Mr. William Held, father of the missing boy, have been constantly at work with grappling irons and pike poles but were not successful. The search was kept up yesterday, and was rendered difficult by the fact that the members do not know the exact spot where the boy is believed to have been drowned. Still with the water in the canal lowered, as above noted, it is hoped that the kindly work done by the earnest searchers will result in either finding the lad's remains, or proving that the drowning theory is not correct. It is however thought that there is no doubt but that the poor little fellow has gone to his death.

Mr. McClellan yesterday stated that to actually drain the canal would cost $6,000. It would cost $600 alone to build the necessary coffer dam. With the water in the canal lowered, as above noted, the work of those eagerly seeking to assist the mentally tortured and sadly afflicted father, will be greatly facilitated.

POLICE COURT NEWS

Yesterday evening, William Gallery got a jag on. A great big jag that as the saying comes, of itself should have led to excess himself and spontaneous good will towards all mankind. However William's mind and actions, when under influence of a jag, do not, or did not last night, incline towards hilarity, but trouble. He entered the establishment of a well-known Hunter street furniture dealer and undertaker.

Here William, with quickness and dispatch, proceeded to try and put the place "on the rough" as the progenitor is not built that way, he at once summoned the police. Chief Rossel in the twinkling of a baton, was on the spot, and took William into custody.

Explanation before his worship will be in order at ten a.m.

A HASTINGS WEDDING

Miss Aggie Myles Becomes the Bride of Mr. W. Sullivan.

On Tuesday a very pretty ceremony was celebrated in the pushing little village of Hastings, when Miss Aggie Myles, formerly of Peterboro, was united in marriage to Mr. Wm Sullivan, of Sarnia. The ceremony was performed by Rev. Father Brotherton in the church of Our Lady of Mount Carmel, and was witnessed by many friends of the bride, Miss E. Dorris, cousin of the bride, was bridesmaid, and Mr. T. Myles, the bride's brother assisted the groom.

The bride was attired in a handsome gown of cream colienne over cream taffeta and wore a black picture hat to match and carried a bouquet of bride's roses. After the ceremony, the bride and groom, with their intimate friends adjourned to the bride's home, where the usual wedding dejeuner was served, and a couple of hours spent in congratulations and good wishes. The bridal party drove to Norwood, where they took the evening C.P.R. train for Toronto. After a short honeymoon trip Mr. and Mrs. Sullivan will reside at Sarnia.

The bride was for several years a resident of Peterboro, and is well known here. When the bride and groom passed through the city on the 5.10 train Tuesday night a number of old friends were at the station to tender congratulations and wish them endless years of matrimonial felicity.

VALUABLE FOWL STOLEN

Chickens Imported From Ireland Stolen Yesterday.

Yesterday much indignation was both felt and expressed about the Munro House, over a mean theft that occurred in the yard of that popular hotel.

Mr. Rinland Redmond, the hostler was unfortunate enough to have stolen from him a pair of valuable barred Plymouth Rock chickens — a cock and a pullet.

These fine chickens had only been recently imported from Ireland, and came of a pedigreed and splendid strain.

Mr. Redmond had paid $10 for the birds intending to show them at the different fairs. He left the fowl Tuesday night at nine o'clock, and yesterday morning at four o'clock found them missing. The thief had broken the boards in the lower end of the hotel sheds, in which the fowls were roosting.

Mr. Redmond and others about the hotel, have a good idea as to the thief's identity, and he would act wisely to quietly return the birds.

CURES CATARRHAL DEAFNESS

One Week's Use of Hyomei Did More Than Six Months' Treatment By Specialists.

In the treatment of deafness which is often the result of catarrh, Hyomei acts almost immediately upon the inflamed membrane and the hearing begins to return at once.

Miss Meeks of Mattawan, N. Y., says: "Hyomei is truly wonderful. I have used it but a short time and see a great change in my condition. My hearing is improving rapidly and I had no idea I would improve so rapidly in so short a time. My breath which was very offensive to myself and others, has lost its bad odor entirely. I have spent a great deal of money with catarrh specialists, and can truly say that six months of their treatment is not equal to one month of Hyomei.

A complete outfit costs but $1.00, and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei. The inhaler will last a lifetime and there is enough Hyomei for several weeks' treatment. Additional bottles of Hyomei can be procured for 50 cents. Compare this small expenditure with the fees charged by specialists.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write today for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

Russ Capital Cut Off Affairs Desperate

Telegraphic Communications With all Portions Of The Empire Is Severed.

St. Petersburg, Nov. 30.—The situation has again suddenly grown exceedingly grave. The Russian capital is shut off from telegraphic communication with the interior. The pan-Russian strike of the telegraph operators declared yesterday has gone into operation, and the workmen's council is deliberating whether to declare a general political strike throughout Russia to-morrow on the arrest of the members of the Peasants' Congress at Moscow, and also calling on the people to compel the employers of St. Petersburg who locked out 70,000 men to open their doors. The telegraph strike draws an impenetrable curtain between the capital and the provinces, which in such a crisis renders the position of the government almost desperate, as being in constant and instant touch with the military and local authorities in the interior is imperative.

GOVERNMENT GROPES BLINDLY.

If the telegraph strike can be maintained the Government will be compelled to grope blindly in the dark. The employes of the office here have not yet struck, but they are expected to walk out to-day. Only two lines are working out of St. Petersburg. Telephonic messages from Moscow which are momentarily expected to stop say that the operators on the Siberian lines and on all the lines north, south and east of Moscow have struck. Communications with Sebastopol and Odessa have ceased. The operators on the lines throughout the Baltic Provinces have also struck.

TO STARVE OUT MUTINEERS.

Sebastopol being cut off from telegraphic communications with the capital, it is not known here, whether the mutineers have surrendered or whether Gen. Nepbieff, the commander of the fortress, began active operations against them to-day. The last despatches which came through announced that Sebastopol was practically deserted except for the troops. The scared population has fled in all directions, and Balaklava and neighboring towns were filled with refugees. The streets of Sebastopol were represented as being flooded with incoming troops, and artillery and machine guns had been emplaced so as to command Admiralty Point, the stronghold of the mutineers, while the guns of Fort Constantine had been trained on the sailors' barracks. Gen. Nepbieff and the other military officers, according to the later advices were consulted on a plan to take the mutineers by siege and without bloodshed if possible. No further statement was made regarding the attitude of the Black Sea fleet.

HAD FEW CARTRIDGES.

A despatch to the Novoe Vremya says that not more than a thousand sailors are now supporting the leaders of the mutiny, who number a hundred. The despatch also says that there are only four hundred rifles in the sailors' barracks, and that only a few cartridges are available.

GERMANY AND UNITED STATES

Trouble Looming Up Between Two Powers.

THE MUNROE DOCTRINE

May Force Uncle Sam Into an Unpopular War.

London, November 29.—In discussing the probable outcome of Germany's policy in South America, a London paper says,

The Monroe Doctrine may receive a rude shock one of these days, as the result of Germany's gigantic colonization schemes in Southern Brazil.

For thirty years past that part of South America has been the object of systematic exploitation, carried on quietly, unobtrusively, but still effectively on lines of the Fatherland. The Brazilian Empire is so vast that a large section to the southward has been carved out and colonized without attracting much attention. Farming districts have been advanced to a high state of progress, and towns and villages created, all under a semi-independent form of administration. The Government of Brazil has not collected taxes, nor imposed its rule upon the German community, for the simple reason of the latter's distance from central authority and the expense and inconvenience of the necessary procedure. Meanwhile the land for a thousand miles has been systematically investigated by German timber cruisers and mineralogists, and almost everything of commercial prominence duly located and pre-empted.

All this has for years past been the subject of frequent articles in British magazines, as an example of German push and energy in the finding of new fields for colonization. All sorts of speculations have been indulged as to what the upshot might be when Brazil woke up to the foreign exploitation of its unoccupied territory, and as to where Uncle Sam would find himself under the Monroe Doctrine when the German national policy should be formally asserted in the region.

It seems that at length the U. S. Government has taken up the matter. President Roosevelt has sent Judge Penfield of the State Department at Washington, on a mysterious mission to South America, from which he has just returned. For several years past, says a Washington despatch recording this aspect of the case, the American representatives in Brazil have directed attention to the extent of German colonization in the States of Brazil lying in the rich region southwest of Rio. Communications from these representatives have been disquieting, indicating a belief that Germany had ulterior political motives behind its extraordinary efforts to fill the regions with its colonists. There is reason to believe this subject was pressed on President Roosevelt in a way that made him feel it was his duty to have it investigated by an agent of his own. Judge Penfield refuses to make any statement of his trip.

But developments may be looked for later on. The matter is very difficult from the issue in Venezuela, which the President has made his own to the extent of guaranteeing the financial credit of the Republic, by an understanding that honorable debts shall be paid. The Monroe Doctrine implies this obligation on the United States, as correlative of the power it assumed to repel political aggression. How to deal with the political situation ready made by the colonization of fifty thousand German people in an obscure region of Brazil may tax the pacific resources of the Washington Government to a dangerous point, provided the colony should be recognized by the powers at Berlin as coming under their jurisdiction.

SHOT HIS EYESIGHT AWAY

In Attempting Suicide His Aim at His Temple was Poor and the Bullet Went Across Both Eyes.

Toronto, Nov. 30.—John Wright, aged 21 years, a young Englishman, is in the General hospital, totally blind, the result of an attempt suicide.

Wright is only out from the Old Country about nine months. He was employed in Brantford until yesterday, and came to Toronto at noon. He wandered out Queen street east last night, and at 11.30 he went behind a large billboard at the corner of Queen and Heward streets, where he pressed a revolver to his right temple and pulled the trigger. The weapon was a 38-Gilbert of the British bulldog type, with a heavy trigger pull. To this Wright owes his life. In discharging the weapon he pulled it away from his temple, and the bullet scored its way across his eyes and nose. The bullet ripped the pupil of each eye and tore away the bridge of his nose.

Wright was found leaning against the billboard by Mr. W. G. Helntzman of Hamilton, as a dazed man, with blood streaming down his face. An ambulance was called, and he was taken to the General Hospital. He was conscious all night, and will recover, but his eyesight cannot be saved.

Wright has not assigned a reason for the attempt on his life.

CANADIANS DROWNED

Nine Went Down on the Steamer Matsaffa.

Duluth, Minn., Nov. 30.—Nine men of the steamer Matsaffa, including an engineer, have been drowned.

The names of the lost are;

William Mint, chief engineer, Cleveland.

Claude Farringer, second engineer, Cleveland.

James Early, Buffalo.

W. Gilchrist, oiler, Winton, Ont.

Carl Carleton, oiler, Chicago.

Henry Wright, steward, Cleveland.

Walter Bush, second cook, Amherstburg, Ont.

Fireman and deckhand who shipped at Conneaut, names not known.

The weather is extremely cold, and ice is rapidly forming on the stranded vessel. At three a.m., four of her crew were perished inside the steamer's smoke-stack, supported on the rigs by their arms. The water broke around the stack, but the men were safe, if they did not drop down the funnel from exhaustion.

STEAMER ON THE ROCKS.

Duluth, Nov. 30.—The steamer Rayburn is on the rocks at Split Rock.

MAY SAVE SCHOONER

Mr. J. McClellan, Owner of "Oliver Mowat Has Salvage Crew Working.

Yesterday morning Mr. J. H. McClellan, had a conversation with his brother, Mr. John McClellan, owner of the schooner, Oliver Mowat, that was moored at Oshawa Tuesday, stating that he had a crew working to get the boat off the beach, and thought that he might be successful in saving the vessel and its cargo.

It may however, be necessary to sacrifice a portion of the cargo in order to lighten her sufficiently to be gotten off.

Had the Oliver Mowat gone absolutely wrecked or lost, Mr. John McClellan's loss, including the cargo of 500 tons of anthracite coal, would have amounted to over $10,000.

ROSEMOUNT ON ROCKS.

Fort William, Ont., Nov. 30.—The Canadian steamer Rosemount, Captain John Wood, with 95,000 bushels of grain for Kingston, is hard and fast on the rocks off Middle Island, nine miles from this harbor. A tug has gone to the assistance. The damage is not yet to ascertain. The storm is abating.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Rauchaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Rauchaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the RAY ASSUM 640 well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,500 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take time to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,584 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 150 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 100 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? Is buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 25 per cent. on a basis of five wells to the acre.

The Scourge of Consumption

Thousands Are Dying—If Tired Languid or Run Down Get Protection Before Too Late

No child, man or woman is safe from consumption unless their blood is pure, rich and nourishing.

Allow the blood to become thin, and immediately the whole system grows weak. The lungs are deprived of resisting power and the ever-present tubercular bacilli develops.

The most positive protection against consumption is Ferrozone, which restores the blood to full strength. Weak organs are instantly strengthened. Worn-out tissues are rebuilt. New life is given to the lungs and all danger of consumption is destroyed.

Mrs. E. J. Richardson, Manotick, Ont., tells as follows of her enormous gain in health from Ferrozone: "For two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion. A dead tired-ness hung over me like a load of lead. Housework of any kind I simply couldn't do. A hard cough developed that worried me greatly for I thought it might be tubercular. When I first read of Ferrozone I [illegible] it regularly for eight weeks and the change in my condition was wonderful. My cheeks filled out and became clear and rosy. I gained eight pounds and now am strong and vigorous as possible."

Ferrozone feeds, nourishes and tones up the body—it sends the thrill and vim of robust health from head to foot—makes you feel better at once. Won't you use Ferrozone? Price 50c. per box, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $4 per year, strictly in advance.

WOULD YOU BE POOR OR RICH

Mr. Carnegie would have it that there is nothing so valuable as to be born in poverty and to be compelled to go forth and battle for yourself. This statement is to be questioned. The poor have no monopoly of virtue or of intelligence. The man of unusual talent or genius, if born in poverty, does sometimes escape from his disadvantages to do great work. But as much may be said on the other side for the exceptional man of inherited wealth, also considers his environment and attacks his task with the energy of educated ambition. It is not struggle that develops species and races, but it is the favoring environment that permits them to struggle successfully. Otherwise the Esquimaux would be "Supermen." In the case of the self-made man, golden years are lost. Cecil Rhodes had to pass the best years of his life in making money. He died at the threshold of his political plans. Carnegie himself was not free to consider problems deeper to him than money-getting until his active years were passed. To burst through the bonds of extreme poverty and to rise to eminent usefulness is creditable. To make of wealth a means of culture and of service rather than of weak self-indulgence is also creditable. It is character and not condition that counts.

WARSAW.

—The many friends of Mrs. Joseph Cooper are pleased to see her out again after her serious illness.

—The roads are bad, especially where the land is low.

—The question of local option is agitating the people here. There are many who do not believe in it, and that the evils arising from it are greater than the disease itself.

SAVED THROUGH PRAYER

Dowie Claims That He is Fully Well Again.

New York, November 30.—Looking the picture of health, and declaring that his quick recovery from his recent illness while in the City of Mexico was due entirely to the prayers of his followers, whose ovations lasted three days, John Alexander Dowie, head of the Zionist Church, and self-styled "Elijah III.," arrived on Saturday on the Ward line steamship Monterey from Mexico, where he has just accepted two million acres of land which his colony will establish a new Zion city.

"Elijah III." was accompanied on his trip from Mexico by his wife and a number of high deacons of the Zion church. Daily services were held aboard, in which, it is said, some of the crew took great interest.

As the steamship started up the East River on its way to its dock at the foot of Montague street, Brooklyn, Dowie came out on the decks and gazed with anxious eyes at the crowd which had assembled on the pier to meet their leader.

A REMARKABLE DREAM

A Reader of The Times Has a Wonderful Experience.

[To the Editor of The Times.]

Sir,—Thinking the following might interest some of your readers, I send it to you for publication. I am a woman of 76 years of age, and have the use of all my faculties, having never been seriously ill in all my life.

One night, after finishing my work, I sat down, and, after reading a verse in the Bible, the thought came to me: If I should die, where would I spend eternity? I studied over it until I went to bed, and I dreamed the following dream:

I dreamed that I died, but my spirit stayed over the corpse all the time, never leaving the house until they carried my body to the cemetery. I followed, and watched over the open grave until I saw my corpse buried. After watching over the grave until everybody had left, my spirit seemed to rise up into the air, and a sweet perfume, like the scent of roses, was wafted to me, which seemed to be calling me thither and I started in that direction.

I went until I reached a lovely flower garden, and, seeing a large bunch of roses, I decided to make that my home, and, accordingly, lit beneath the bush. After stopping there a few minutes, a voice said to me: "Have you come to Paradise?" I answered, Yes, who are you? The voice replied, We have no name, for we are only spirits. Our names and our church names were buried with our bodies. The voice continued, saying, You have come a long way and are tired. Stay here and rest.

And I immediately went to sleep, and slept until the voice woke me, saying, Awake, for the resurrection morning has come. Accordingly, I arose and went to my grave which opened on my arrival, and there came therefrom a white robe, which clothed my spirit. I looked at myself and realized that I had at last donned my wedding garments, and I stood ready to meet the bridegroom, the Lord, when He came. While waiting, I looked around to see who of my friends and loved ones had prepared to go to Heaven with me—I awoke, and behold, it was only a dream.

Thanking you, Mr. Editor, I am, etc.

MRS. JANE POTTER.

DEFENDS IMMIGRATION

Mr. W. T. R. Preston Can See Few Faults in His Own Work.

Montreal, November 29.—Mr. W. T. R. Preston, Commissioner of Emigration for Canada, has seized the opportunity afforded him by his arrival in Canada, to make a defence of the emigration methods employed by the Canadian Government. Mr. Preston has been Canadian emigration commissioner in London for seven years, and he was in Montreal yesterday en route for Ottawa, where he will confer with the Minister of the Interior.

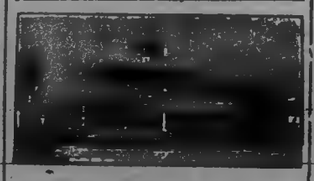
According to his statement, 80,000 new settlers have come from the British Isles to Canada this year, and he declares them to be desirable immigrants, few among all the number having been failures. Of the continental emigrant, Mr. Preston had only good things to say. With their large families, their religious tendencies and their thrift, they made excellent settlers for our North-West lands, and good reports reached him constantly of those already sent out.

An effort may be made to do away with a discrimination in rates against Canada by the steamship combine, he said. At present emigrants could go from continental ports to the Argentine Republic for 140 marks, and they had to pay 190 marks to Winnipeg, only one-third the distance.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

MUSIC



PETERBOROUGH
CONSERVATORY OF MUSIC
—AND—
SCHOOL OF LANGUAGES

Thorough musical education in all branches, under eminent teachers, including H. M. Field, Piano Pedagogue, (late of Leipsic, Germany), W. E. Fairclough, F.R.C.O., organist, Miss Alice H. Roger, pianiste, (pupil of H. M. Field and Martin Krause, Leipsic, Germany), August Wilhelmj, vocal master.

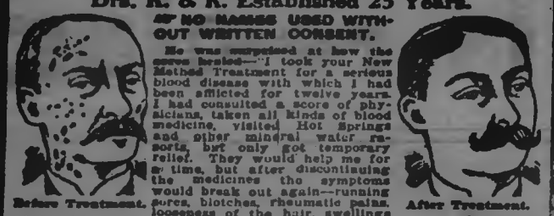
BLOOD DISEASES CURED

Drs. K. & K. Established 25 Years.

NO NAMES USED WITHOUT WRITTEN CONSENT.



Before Treatment. After Treatment.

He was surprised at how the sores healed—"I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old is sound and healthy. I certainly can recommend your treatment with all my heart. You can make your answers to me privately, but you can use this testimonial as you wish."

W. H. R.

We treat Nervous Debility, Varicocele, Stricture, Vital Weakness, Blood and Skin diseases, Urinary, Bladder and Kidney complaints of men and women.

What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. BOOKS FREE—"The Golden Monitor" (illustrated), on Diseases of Men. Sealed Book on "Diseases of Women" Free.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of treatment FREE.

DRS. KENNEDY & KERGAN

Cor. Michigan Ave. and Shelby St., Detroit, Mich.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1.00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 332,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 143 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho Districts, and over $15,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $1,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels, drifts and uprazes the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to mill not less than 100 tons of ore every day in a very short time, but if they only mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $6,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 6 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address,

W. E. FLODING, Delphos, Ohio, U. S. A.

SELECTIONS

THE GRAND CANYON.

Its Bewildering Tumult of Form and Riot of Color.

An artist who loved the wilderness took his bride to the head of the Bright Angel trail. It was night when they came to their journey's end, and the man persuaded the woman not to look upon the grand canyon until morning. When the sun was high he blindfolded her and led her out of the log hotel that stood upon the brink of the precipice to a point of rock that overhangs the abyss. For two days and nights they had been riding through the desert, flat and gray, with blue mountains flicking in and out of the horizon, with a few jarring crevasses and buttes and mesas to emphasize the tranquillity of the scene. The desert, with its somber serenity, had charmed her soul and left it in a fine repose. As she stood blindfolded she could think of nothing but the great level stretches of sand and sage and cactus. The man had told the woman little of the canyon, and when he took the bandage from her eyes he held her very tightly as she looked out across the miles and miles of tumult of form and riot of color that seemed to swirl thousands of feet below her and around her. As from the clouds, she looked down into an indescribable red tinged, ash colored hell, abandoned and turned to stone eons and eons ago. She stared, amazed at the awful thing, for a long minute, and then, as the tears of inexplicable emotion dimmed her eyes, she turned and cried vehemently at her artist husband:

"If you ever try to paint that, I'll leave you!"—William Allen White in McClure's.

DUN OF THE OLDEN TIME.

A Style of Courtesy Not Cultivated in These Days.

It is often remarked that with the forefathers courtesy was a studied art that recent generations do not have time to cultivate. This is illustrated in the following letter:

White's Town, June 14, 1732.

Honored Sir—A few months ago you did me the honor to become my debtor for the purchase of goods at my store amounting to 12 dollars and 18 pence. I have no doubt that a small transaction of this nature may have slipped your mind, and I trust you will pardon and excuse me for mentioning it to you upon this occasion. If you could find it convenient to forward it by safe hands the same would be greatly appreciated, for I am in expectation of the receipt of some nine barrels of extra fine rum for which I shall owe the consignor a part of the purchase price, and which I desire to pay at the earliest convenience. If you should not find it convenient to forward the same, take no thought of what I have written until you might chance to come this way, when you may quit the indebtedness in your own time.

I should be pleased at any occasion to receive a visit from you, and should you be in need of rum, axes, log chains or some very heavy boots for self or servants, I should be pleased to sell them to you. I'm ob't servant,

WM. GREEN.

Mr. Green had a small supply depot near Cayutaxy creek, and his polite and apologetic dunning letter (no different from the "Please remit at once" of the present day) was sent to a man named Doxtader, who resided down the Mohawk valley somewhere near Fort Plain.

The Dog's Sleep.

Dogs, which are at once the drowsiest and most wakeful of domestic animals, according to their state of mind and circumstances, seem to sleep lightly or heavily at will. Nothing can be more slow, reluctant and leisurely than the enforced waking of a petted dog when it does not wish to be disturbed. It will remain deaf to a cat, twitch its feet if tickled, but not unclose its eyes, and finally stretch and yawn like a sleepy child. But mention something interesting to the same dog when sleeping, such as the word "walk," or click the lock of a gun, and it is on its feet in an instant and ready for enterprise.—London Spectator.

Chinese Made the First Paper.

Like a good many other modern industries, that of paper making had its origin with the Chinese. The papyrus of the Greeks and Romans was not paper at all, but simply the pith of the stem of a plant cut into strips, placed side by side and across each other and pressed into a sheet, to which the natural gum of the plant gave a homogeneous character. But the Chinese in very early times made as genuine paper, in its general characteristics, as that produced by the perfected methods and machinery of today.—William R. Stewart in Technical World Magazine.

The Flower Man in Japan.

In Japan when you furnish your house you send for the flower man, who comes and decorates your home with plants. This is always done as a matter of health. The flower man brings his palms, his quince trees, his flowering shrubs and his great spreading oriental flowers and bestows them about the house. If any one is ill he selects the flowers carefully, taking care to get a certain kind of scent, for there are people to whom scents act as a quieter.

Revenge.

Wool—How do you like your new lodging?

Van Pelt—All right, except that the man across the hall is learning to play the flute.

Wool—You ought to get an accordion.

Van Pelt—I did; that's why he got the flute.

One on Him—and Her.

Mrs. Blanchblond—I found this black hair on your coat. What does it mean? Mr. Blanchblond—Why, that is my last season's coat. Your hair was black then, you know.

Fame to the ambitious is like salt water to the thirsty—the more one gets the more one wants.—Ebers.

ADVERTISING IN THIS PAPER

STEAMSHIPS AND ST. JOHN STRIKE

Montreal Supplying All Men Needed.

An Early Settlement of the Difficulty is Now Assured.

Montreal, November 29.—It was stated this morning at the head offices of the Canadian Pacific Railway here that the strike situation in St. John, N. B., was unchanged, as far as the company was concerned. The company continues to fill up vacancies in the staff of their 'longshoremen at St. John, as they occur with new men, and expects an early settlement of the difficulties, probably in the course of the week.

A rumor from St. John to the effect that the company had made a contract with three hundred men to give them employment throughout the winter at St. John and summer employment in Montreal was confirmed at the offices of the Canadian Pacific Railway, on the ground that this was the only way the company had of protecting its own interests.

In reply to a communication addressed to him by the secretary of the 'Longshoremen's Association, St. John, N. B., on Saturday last, asking if he approved of the attitude of the Telegraph and Times of that city with regard to the strike of the 'longshoremen which at present exists, Mr. David Russell replied that in his opinion those two papers were acting in the best interests of that port and of the 'longshoremen themselves in the stand they had taken upon the subject. He stated also that reports to the effect that the attitude of those papers had been dictated by himself in order that they might further his interests with the Canadian Pacific Railway and steamship lines were false. The latter report was set in circulation through the medium of the St. John Star.

The Reford Company this morning reported no change in the longshoremen's strike at St. John as far as they were concerned.

The Allan Line last night sent down forty-three men, and have sixty men ready to go down this evening if required.

Both companies state their boats are being loaded without any hitch, and will leave on time as did the Parisian yesterday.

Toronto Civic Investigation.

Toronto, November 29.—The civic investigation into the charges of bribery which was adjourned indefinitely owing to the illness of Judge Winchester, will be resumed on Friday morning. His honor hopes to conclude the inquiry before Wednesday of the following week.

CHICOPEE FALLS, MASS. U. S. A.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following heads:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $30 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 by 1500 feet. The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locater may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

COMMON SENSE

Will tell you where to invest providing you are given the facts

What think you of this proposition?

BUFFALO ARIZONA GOLD MINES CO.

is owned free from debt.

It is in a producing belt and surrounded by producing mines.

It is covered with a heavy growth of timber.

The ore consists of strong quartz veins running parallel with the mountain.

The assay values run from $5 to $104 per ton.

The stock is offered to aid in developing the mine and equipping it with machinery.

What is more sensible? Get it now.

HERE IS A CURE FOR

Sleeplessness

Weak, Listless, Sleepless Men and Women Cured Every Day by Dr Hamilton's Pills.

The physical suffering and mental anguish that victims of sleeplessness endure is indeed a sad story. But in Dr. Hamilton's Pills there is swift relief from this awful condition Thousands have proved the merit of this grand medicine, among them Mrs. G. T. Lyons, one of the best known residents of Geneva, who writes: "My health ran down and I was unable to sleep. I had headache and pains in different parts of my body. In the morning I was weary and exhausted—no rest or comfort came from the snatches of sleep I got.

"Dr. Hamilton's Pills braced me at once. After the first night I got refreshing sleep, that extreme weariness left me and I recovered very fast.

"No medicine I ever used gave such telling results as Dr. Hamilton's Mandrake and Butternut Pills."

Don't let sleeplessness drive you crazy, take Dr. Hamilton's Pills and get well. You will increase in flesh, your appetite will be vigorous, force and energy will be instilled into your nervous system.

By nourishing and purifying the blood and by stimulating the action of the kidneys, liver and stomach, Dr. Hamilton's Pills accomplish wonders Try a 25c. box, or five boxes for $1, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

Death of Mr. Thos. Weir, Cavan.

The many friends, in this city, of Mr. Thos. Weir, Cavanville, will regret to hear that this gentleman passed away on Tuesday evening, at the age of 75 years. Deceased was at one time a resident of Peterboro, having resided up Burnham street, east side. Interment took place at St. John's church, Ida, yesterday afternoon.

Collie Dog Lost.

On Monday morning, lost or stolen, a thoroughbred sable collie dog. Colors brown interspersed with black, black rings round the eyes. No collar. Suitable reward on return. Any person harboring the dog after this notice will be prosecuted. Return to Otha Huffman or The Times office. 3d

"Sign Of The Four"

Mr. R. Bradburn, the energetic manager of our Grand Opera House seems to be wide awake when securing high class attractions for Peterboro is concerned. His latest success is in getting "The Sign of the Four," for Wednesday evening, Dec. 13th. "The Sign of the Four," is Conan Doyle's greatest Sherlock Holmes' stories, and will attract a large audience here.

Rev. Mr. Yule for Winchester

At the next meeting of the Presbytery of Peterboro, which will be held in St. Paul's church on Tuesday, December 19th, a call will be presented from Winchester, Presbytery of Brockville, to Rev. George Yule, of Springville. A deputation from that town will on present to support the call, before the Presbytery. It is understood Springville will send a delegation to oppose the proposed transfer.

St. Paul's Church Choir Vestments

St. Paul's church is now $170 to the good side of the fence between plus and minus on account of expenditure for choir vestments. This popular church has already spent some $70 on the choir habiliments and the remainder will be raised by private subscriptions.

Mr. Sargant of G. T. R. Fame Dead

Word was received yesterday that Mr. L. J. Sargant, former general manager of the Grand Trunk Railway, died on Monday in London, England. Mr. Sargant resided in Montreal for many years and succeeded the late Sir Joseph Hickson in the management. When the Hays management took charge of the system Mr. Sargant went to London as advisory member of the Board of Directors, residing there until the time of his death.

LOCAL INCIDENTS

By The Times Man on the Street

—Nothing doing in police circles yesterday.

—Three weeks from to-morrow the municipal nomination time. Time to begin thinking.

—Sergt. Mrs. Lang of the local S. A. corps cadets, conducted the meeting at the barracks yesterday evening.

—The Dickson Company have closed down their saw mill here for the winter after one of the busiest seasons ever known.

—The regular monthly meeting of the Ladies' Auxiliary of the Y.M.C.A. will be held this afternoon at 3.30, when the report from the convention will be read.

—Mr. A. H. Pearson, the well-known horse buyer of Montreal, is in the city. He will be here for some days securing carriage and heavy draught horses.

—The tariff commissioners will hold a sitting here to-day in the city council chamber. They came to Peterboro on their private car at 7.30 o'clock last night.

—Mr. Henry Whatley, of Lakefield, whose greenhouse was burned a little over a week ago, will rebuild on a larger scale and be ready for business by the first of March.

—The fall session of the Peterboro county council will begin this afternoon at two o'clock. The principal business will be consideration of the proposed house of refuge for Peterboro county.

—Patrick Heffernan, brought to the city on Tuesday by Constable Cochrane, from Douro, was remanded by County Police Magistrate Edmison, until Friday. The prisoner is charged with being insane.

—Mr. N. F. Davidson, M.A., of Toronto, past president of the Brotherhood of St. Andrew in Canada, will lecture before the St. John's branch Brotherhood in the Guild hall on St. Andrew's night.

—For the convenience of those who have friends at a distance We have a good assortment of Xmas cards now on display. See our leader a nice fancy box containing ten cards. Times Bookstore.

—A sale of county lands for taxes took place yesterday morning at the sheriff's office. About $200 worth of lands were sold, when the sale was adjourned for two weeks—until Wednesday, December 13th.

—A despatch from Ottawa sent by Mayor D. Ray to the Lindsay Post, says:—"Ottawa, Tuesday, 4.30 p. m., —Railway Commission have issued peremptory order re interswitching. Will go into effect at once."

—The Peterboro Motor Co. are busy in fixing up its factory premises over Mr. A. E. Hicks' store on Hunter St., and the necessary plant to begin the manufacture of the automatic meters is expected to arrive in a few days.

—The subject talk on "Sharpeners" at the Y.M.C.A. Boys' Rally on Friday, by Rev. J. G. Potter will be good. Every boy over 12 years of age invited. Mr. Potter was out of the city last week, and unable to return for that meeting. He will be on hand this week, sure.

—Staff Captain Mayr, superintendent of the Maternity Hospital and Rescue Home, Toronto, will visit Peterboro, and address a meeting in the Salvation Army barracks next week. Staff Captain Kerr was in command of the Peterboro corps about six years ago.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Peterboro Made Goods for Scotland.

Peterboro's industries are now taking a leading place in the world's markets. This week Mr. B. F. Ackerman shipped to Stranraer, Scotland, a large consignment of goods made in factory. This is the fourth shipment that has been made by the firm to this point, the purchaser being Mr. James McHarrie, who is a brother of the late Mr. McHarrie, formerly manager of the Bank of Commerce, Peterboro.

An Attractive Window.

Much attention was attracted yesterday by the finely dressed display window of Mr. A. Rountree, the George street grocer. Mr. A. Fletcher one of Mr. Rountree's staff, designed and carried the display into execution. This window shows a solid raised cask of bulk raisins and currants with boxes on the finest table raisins, figs, nuts, and Christmas fruits prettily placed at intervals. The display is brightened by the gold and colored papers in which high grade California and European goods of this kind are covered. The whole design is most artistic and shows that the highest grade goods are kept by this establishment.

SOCIAL AND PERSONAL

—Mr. B. F. Ackerman is in Toronto on a business trip.

—Mr. J. D. Flavelle of Lindsay, was in the city yesterday.

—Mr. C. C. McCleneghan, of Cannington was in this city yesterday.

—Mr. David A. C. Murray, Montreal, is registered at the Oriental.

—Mr. John McCoy of Hamilton, is spending a couple of days in the city.

—Mr. Geo. N. Hutchinson and wife of Ottawa, are registered at the Oriental.

—Mr. Giglin, representing Croft & Company, Toronto, is registered at the Oriental.

—Mr. Geo. Pope, district manager of the Federal Life Co., went to Toronto yesterday.

—Mr. Kenneth Shook, has joined the staff of the local branch of the Bank of Commerce.

—Mr. C. S. Proctor, travelling passenger agent of the G.T.R. was in the city yesterday.

—Mr. Godfrey Laughlin of Peterboro, is visiting friends in the city.—Belleville Intelligencer.

—Mr. W. Darrington of Peterboro, was in town to-day a guest at the Simpson House.—Lindsay Post.

—Mr. James Glendinning, of Toronto, organizer for the Independent Order of Foresters, is in the city.

—Mr. Eugene Proulx, of Ottawa, has returned home after spending a few days with friends in this city.

—Miss John Flemming will be at home on the first and second Wednesdays of December at 323 Simcoe St.

—Mr. Chas. J. Cavanagh, who has been visiting friends in Chicago the past ten days, has returned home.

—Mr. James Cavanagh, accompanied by his niece, Miss Alta, has gone for a few weeks' visit to Detroit, Mich.

—Miss Eda Flannigan, of the Times staff has gone to Cobourg, as her mother, Mrs. Flannigan is ill in that town.

—Mr. T. A. Allum of North Monaghan, who has been suffering from pneumonia, has taken a turn for the better, and it is now hoped that he will recover.

—Mr. John Conroy, late of the Little Windsor Hotel, has gone on a two months' trip to Calgary, in company with Mr. LaSay of Thorn & Co., the Simcoe street plumbers.

—Mr. P. Campbell, treasurer of the Children's Aid Society, desires to acknowledge with thanks a donation to the society of $10 from the Girls' Guild of George street church, and also $1 from Sergt.-Major Brittain.

CHURCH JUBILEE

St. Paul's Church, Lindsay, Celebrates Its Semi-Centennial.

The Lindsay Post says:—A deeply reverent spirit and services of an intensely impressive character were delitting accompaniments to the celebration Sunday of the Jubilee of St. Paul's church. The interest of the parishioners was increased, if possible, owing to the fact that the occasion marked as well the twentieth anniversary of the opening of the new church. Coupled with these great incentives to rejoicings as a congregation was the knowledge borne in upon all that material progress and aggressive Christian activity had marked every one of the years that had passed since a few earnest worshippers met a half century ago and formed the congregation of St. Paul's, Lindsay, the incumbent being the Rev. John Vicars, now of Cannington, and until recently engaged in active church work.

At the morning service at eleven o'clock the church was well filled. The speaker was Rev. Canon Cody, of St. Paul's Toronto, the lessons being read by Rev. A. F. Barr, of All Saints, Toronto, son of Mr. C. Barr, county registrar. Canon Cody gave eloquent and inspiring sermons. During the service the rector, Rev. C. H. Marsh, referred to the changes wrought in the flight of years and made touching reference to the death of Mrs. (Judge) Harding, the day previous, whom all had hoped to have with them that day.

MR. FITZGERALD'S ILLNESS

General Regret Over Game Warden's Reported Paralyses.

Very general regret was expressed throughout the city yesterday, by all classes of the community, over the report, which quickly spread everywhere yesterday concerning Mr. Fitzgerald's illness.

It means that Mr. George Fitzgerald, game warden for eastern Ontario, left a week ago for Pemoroke on business connected with the game laws and on Monday afternoon he and J. W. Bridgeman, who was in that district, were took a run up the Ottawa river, and when coming back, about six o'clock, Mr. Fitzgerald was seized with paralysis on the left leg and arm. Mr. Bridgeman secured assistance, and Mr. Fitzgerald was removed to the Pemoroke hospital, where he has since been confined.

On Tuesday night about six o'clock Mr. W. H. G. Higgins received a telephone message from Pemoroke giving the sad news. Messrs. Percy and Clarence Fitzgerald left yesterday morning for Pemoroke to see if their father, and, if possible, to bring him home. It is not known yet how serious the stroke was, but Mr. Fitzgerald's hosts of friends generally hope that it will only cause his temporary enforced retirement. It is to be hoped both for private and personal reasons as well as for the interests of his department, and the Province, that so valuable an officer, as Mr. Fitzgerald has proven to him, that he will soon be detained from his work for very long.

Yesterday, Messrs. Warne Bros., of Warne Bros. contained stores, had a large archway out between the Peterboro Patent Medicine store, and that recently vacated by Douglas Shaw Co. As soon as alterations are completed, Messrs. Warne will put a fine stock of jewellery in the north store.

—Should local option pass in Lakefield, the hotel proprietors of that summer resort will close their places on January 15th. What will become of Lakefield without patronage of Peterboro and other summer visitors?

ATHLETIC WORLD

BY OUR SPORTING EDITOR

THE RIFLE.

The following letter, which is of interest to local deer hunters, appears in the Globe:

Sporting Editor, Globe: Sir,—Replying to this letter of Mr. A. E. Pratt, M.P.P., stating his intention to bring before Parliament a bill to prohibit hunting deer with dogs, which I am pleased to know Mr. Pratt is interested in the game laws I differ from him on the dog question, for the following reasons:—The serious loss of life that would be caused by bringing into effect the sneak style of hunting. A sportsman's life would be in greater danger when speaking through the thickets after deer in a woods full of hunters that are ready to shoot at any moving object than it would be by sitting in a canoe or standing on a runway listening for the voice of the dog, which when a deer is killed, will enable a sportsman to known where the deer dropped, while the sneak style hunter would probably wound twenty-five to get two, leaving the balance to die and rot in the woods. I have known nine deer to be found in one swamp in one season, having been killed in the sneak style, which, if dogs had been after them, the chances are the hunter would have got the first two. Would it not be well to drop this dog deal and pass a law compelling sportsmen to wear red coats? The buffalo were made extinct without doubt. The sportsmen that have followed up hunting know that deer are fully as plentiful to-day in Ontario as they were ten or twenty years ago. Could not some scheme be carried out to destroy the wolves that have become so plentiful in Ontario the past three years?

Yours truly,
J. F. PILLSWORTH.

Belleville, Nov. 25.

Christmas Canadian Magazine.

Packed full of good things is the Christmas number of our national periodical, The Canadian Magazine. The illustrations are wonderfully well done, and are over fifty in number. These include full-page plates of such famous pictures as Correggio's "Holy Night," Del Sarto's masterpiece "Madonna of St. Francis," and his "Apostle James," and Sir J. E. Millais' "A Disciple." There is also a splendid series of full-page plates showing the harbors and ports in Canada—Victoria, Fort William, Sault Ste. Marie, Depot Harbor, Toronto, Montreal, St. John and Halifax. These pictures indicate Canada's marine possibilities in a most graphic manner. The two leading articles are "Andrea del Sarto," by Herbert M. Vaughan, and "Canada, After Twenty Years," by Sir Gilbert Parker. The stories are excellent, and are by Nellie L. McClung, Jean Blewett, Alice Jones, and Virna Sheard—all Canadian women. The description of "A Prairie Fire," by Douglas Robertson, is a vivid bit of word painting, and its vividness is increased by the illustrations. The book reviews are especially good this month and the department of comment and criticism are thoroughly interesting. The cover is a beautiful piece of work, with the Sistine Madonna as the centre-piece in the design.

Water Street Residents Kick.

Residents on Water street, from Argyle street north, are complaining loudly about the rough state of that thoroughfare. They say that, owing to the recently placed water mains, it was, of course, necessary to cut the street up considerably. Their complaint however is that the street should have been levelled off after inserting the mains, so that when this winter's cold weather sets in there might be a level roadway for future sleighing. As the street now exists, they claim that there will be no use for the street after the frost and snow sets in.

COCOA

The Most Nutritious and Economical.

THE LIGHT OF OTHER DAYS.

Not very many years ago alcohol was used for lighting in combination with other fluids under the name of "Camphene," but it suffered banishment because it was too dangerous.

Alcohol is generally harmful when taken in the form of medicine, especially to a delicate system.

Dr. Pierce's tissue-rebuilding and function-strengthening plan of treatment is following after *Nature's* plan.

He uses natural remedies, that is native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol and by skillful combination in the most exact proportions.

I add as one of the active ingredients of Dr. Pierce's Golden Medical Discovery, BLACK CHERRYBARK specially exerts its influence in cases of lung and bronchial troubles, and this "DISCOVERY" is, therefore a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The names of the medicinal ingredients of this world-famous remedy are: Golden Seal root, Queen's root, Stone root, Blue Cherrybark, Bloodroot and Mandrake root.

"I have had such a wonderful experience with Dr. Pierce's Golden Medical Discovery that I do not hesitate to recommend it, believing it to be a wonderful medicine to build up the tissues of the system," writes Miss Bessie Brown, Secretary Emerson Literary Association, 484 Kerman Avenue, Appleton, Wis. "Worry and nervous troubles had completely run down my health and strength; had no appetite, slept badly, and was in a state of nervous collapse. I took twelve bottles in all, and, each week, knew that I was getting better and stronger, until finally I was as well and strong as I had ever been. I have the utmost faith and confidence in your medicine, and wish to thank you for my good health, which is a blessing to anyone."

For 21 one-cent stamps to cover cost of mailing, you can get a free copy of the "Common Sense Medical Adviser," paper-covers; or cloth-bound for 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets should be used with "Golden Medical Discovery" whenever a laxative is required.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores,

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Sets, Cups and Saucers, Fern Pots, Jardinere, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention; children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIMES BOOKSTORE

Attempt to Murder The Peace Delegation

Sensational Act of Japanese Torpedo Boat Which is Said to Have Cut Launch in Two, But Peace Delegates Were Rescued.

Seattle, Wash., Dec 1.—An attempt to murder the peace delegation and destroy the treaty between Japan and Russia, which was drawn up by the plenipotentiaries in Portsmouth, and was being sent to the Emperor of Japan, was witnessed by [illegible] Dakota on the night of her arrival in Yokohama.

Dr. Wm L. Opp, surgeon of the Dakota, in speaking of the incident, said;

"It happened the night of our arrival at Yokohama. We were lying in Mississippi Bay, just outside of the breakwater. All the torpedo boats and war vessels which escorted the peace commission were drawn up in a long line. The launch containing the delegation and the treaty left the warship and started for the landing. Suddenly one of the torpedo boats, anchored near the end of the line of the battleships, slipped her cable and started after the torpedo boat leaving [illegible] line and knew what was coming. In a minute the torpedo boat struck the launch, cutting her completely in two, and raced on into the darkness. We could see the men struggling in the water and clinging to the pieces of the wrecked boat. Launches from the battleships were sent to their rescue, and saved all but one. The treaty also was saved."

A WOMAN SCORNED

Hell Has No Fury Like a Jealous Woman.

To paraphrase the old Shakesperian saying, "Hell hath no fury like a woman scorned," or as those of lighter vein of wit might say "Hell hath no fury like a woman's corn," was exemplified yesterday on two occasions in this city.

Mrs. McMasters, was the lady who figures as heroine in the case. It seems that the wedded partner of her joys and woes, had the misfortune yesterday to do the civil to another lady.

Then the trouble started, or rather trouble came fast and furious following upon attentions the husband is alleged to have paid another woman.

The really truly wife, Mrs. McMasters, yesterday afternoon met the legal partner of her joys and sorrows in front of Turnbull's dry goods establishment on George street. The wedded wife sailed in and hubby retreated behind the fostering protection of his lady friend's petticoats.

Then the wife, turning her attention towards the lady of the second part, made for her, and handed out one or two "swift ones" on one two three time.

This was not the grand finale of this domestic socio-comedy. Mrs McMaster again met her husband near the market and forcibly demonstrated that although being "the weaker vessel," she could handle her "mauleers" with "eclat."

Much interest naturally was attracted by these combined affrays.

A HANDSOME BOOKLET

Soden's New Book Store Issues Artistic Advertisement.

Yesterday, particularly among those who are booklovers in this city, many favorable comments were passed upon the unique and handsome booklet issued by Mr. R. J. Soden, of the "New Book Store" on Hunter street.

For a young firm, only having a few days' experience among the merchants of this city, Mr. Soden has, in his beautifully illustrated and comprehensive catalogue of Christmas books, set an example to the trade of this or any other city that might well be emulated.

"The Christmas Book List" for 1905 contains some 30 or 40 pages full of illustrations of, and from, all the recent popular novels, historical and scientific works. The booklet is printed on fine quality paper and its illustrations are quite on a par with those on our most expensive periodicals.

Among other full page illustrations are an illustration from "The Gambler," "The Cherry Ribald," "A Servant of the Public," and other up-to-date works of fiction. We congratulate Mr. Soden upon his artistic issue, and venture the opinion, that, a new arrival among Peterboro's merchants who has the push and ability to get out so artistic and comprehensive an adv., must soon attract general attention from Peterboro's book lovers.

MR. FITZGERALD BETTER

Ontario Game Warden is Recovering From Recent Indisposition.

We are pleased to state that yesterday evening Mr. Geo Fitzgerald's son Dan [illegible] returned from Pembroke, and reports that the [illegible] game warden was doing as well as could be expected after his recent attack.

Mr. Dan Fitzgerald was met last night seen by a Times' representative. His father, he stated, was stricken whilst attendant to his duties as game warden, when about 20 miles north on Hennuroke. Fortunately Mr. Fitzgerald was accompanied by Mr. John Brightman of this city.

Mr. Brightman is by the exercise of friendly and [illegible] efforts succeeded in getting Mr. Fitzgerald to the hospital in Pembroke.

Yesterday Mr. Fitzgerald had improved considerably, and was so far recovered as to be able to move his foot and arm, that were currently reported as paralysed.

He was quite conscious and had full control over his organs of speech.

Mr. Fitzgerald's many friends will be glad to hear of his steady progress towards convalescence.

Collie Dog Found.

When a man or woman advertises anything in The Times he generally finds what he wants. A few days ago a gentleman advertised a collie dog as lost. Last night Mr. Carey, the well-known George street boot and shoe man, having been lately bothered with a dog that he yesterday discovered answers, the description given, called up The Times. As we were unable to communicate personally with the advertiser, we would now advise him to call at Mr. Carey's store, 450 George street, and get his dog.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

RUGBY.

The Rugby team will be in fine shape for Saturday's game with Ottawa, and barring accidents, should win out handily. The boys are practising faithfully, and they won't be far away when the Canadian championship is handed out.

* * *

HOCKEY.

The new suits for the Suicide Hockey team have arrived, and the club is now ready for the coming of the ice, and the formation of a city league. The suits, which are fourteen in number, are very handsomely gotten up striped red and white with a monogram, "S.H.C." designed by one of the members of the club.

* * *

The Emeralds, a juvenile hockey team elected the following officers for the season Wednesday night.

Pres.—Dr H. A. Wood.
Vice Pres.—Jim Boyd.
Secretary—Rout. Bradburn
Treasurer—Howard Outram.
Manager—Elmo Bogue.

The Emeralds will line up as follows:—

Goal—N. Boyd.
Point.—H Hird.
Cover point.—H Outram.
Rover.—J Dougherty.
Center—R. Ross.
Right wing—E. Boyce.
Left wing—M. Bradburn

FINE MUSICAL ORGANIZATION

English Grand Concert Company Now in Canada.

The English Grand Concert Company, which is now in Canada, and whose appearance in the Grand Opera House, in this city, is announced for Thursday next, is highly spoken of by all who have heard them in the east. They are repeating their splendid concerts in many places, and in others they had arranged to a return visit.

To the Ladies Auxiliary of the Y.M.C.A., are the citizens of Peterboro indebted for the great treat which is in store for them on the above date. Prices of admission, 35c, 50c, and 75c. Plan opens at 10 a.m., Tuesday, at the Opera House.

JANUARY'S MEETING

Eastern Ontario Dairymen's Association Getting Ready.

Yesterday Mr. R G. Murphy, secretary of the Eastern Ontario Dairymen's Association, was one of the busiest men in this city.

As has been noted in former issues of The Times, next January, the Eastern Ontario Dairymen's Association will, with some 800 or 900 delegates, meet in this city.

Yesterday Mr. Murphy was round among our merchants soliciting views of the city and display advertising from our leading merchants.

As was done in Brockville, and other cities where the association has met, a handsome booklet, or program, comprising the events and dates of meetings during their visit to Peterboro, will be issued and distributed at once.

Many of our local merchants paid their $10 per page for advertising in this program.

Mr. Murphy, accompanied by Mr Gillespie, local representative of the Dairymen's Association, called upon our local hotelkeepers to ascertain finally how many guests they could individually accommodate during the meeting next month. Such hotelkeepers, as were not called upon yesterday will be seen by Messrs. Murphy and Gillespie to-day.

CEREAL CO. EXTENSION

Depends Upon Completion of Trent Valley Canal.

Mr. T Q. Quartermaine, Secretary of the Board of Trade, has received the following communication from Mr. Robert Stuart, treasurer of the American Cereal Company, Chicago;

Mr. T Q. Quartermaine, Secretary Board of Trade;

Dear Sir,—I regret my inability to be present at the meeting of the tariff Commission, to be held in Peterboro on the 30th; besides, I do not feel that this company is especially interested in any revision of the tariff, so long as the import duty is relatively higher on the manufactured cereal product than it is on the raw material. Canadian mills should be able to take care of themselves on the domestic trade. What we are vitally interested in is the question of freight rates, it being impossible to build up large export cereal mills in Canada as long as mills located in European sea ports are able to get supplies of the raw material at about half the rate of freight that Canadian mills have to pay on the manufactured product.

If Government wants to encourage this company in an extension of their mills in Peterboro, all they have to do is to complete the Trent Valley Canal. This, and the development of other waterways, will, in my judgment, do more to build up Canada than anything else the Government can do. Canadian railroads only see the direct haul and are apparently blind to the indirect advantage of building up the country.

Yours very truly.

ROBT. STUART,
Treasurer.

Haultain's Appeal to Electors Against Dictation of Church

Provincial Rights Leader Makes a Vigorous Reply to the Pastoral Letter of the Archbishop of St. Boniface to Catholics of Saskatchewan---A Vigorously Worded Protest.

Winnipeg, Man., December 1—Hon. F. G. Haultain has issued an address to the electors of Saskatchewan in reply to the attacks made on him by the pastoral letter recently issued by Mgr. Langevin, Archbishop of St. Boniface. He comes out flat-footed in favor of national schools and definitely takes issue on the ground that religious interference in the educational affairs of the Province must be resisted.

The address begins. "The recent publication of a memorandum addressed by the Archbishop of St. Boniface to his clergy in the Province of Saskatchewan makes it quite plain that the clauses of the Autonomy Bill are the result of a conspiracy conceived at Ottawa against the rights and liberties of the Province and now being aided and abetted by Walter Scott and his political associates. Motive and design underlying the scheme were made manifest by the speeches of Sir Wilfrid Laurier and Hon. R. W. Scott, Secretary of State, made in support of the bill."

THIS WILL APPEAL TO NEW SETTLERS.

Mr. Haultain then quotes Sir Wilfrid Laurier's statement reflecting on the public schools of the United States and Hon. R. W. Scott's reflection on the schools of the Republic when he said that "It would be a terrible mistake to introduce the public school system from the United States ignoring entirely the existence of God. The effect is visible today in the Republic to the south of us. I ask honorable gentlemen, does crime, dishonesty, and fraud exist in any part of the world to the extent that it does in the United States? There are more murders committed—not perhaps stealing as a burglar would steal, but stealing by fraudulent methods."

Mr. Haultain goes on to say that "the resignation of Mr. Sifton and the substitution of the amended educational clauses served, for a time, to allay the suspicions that these speeches had aroused. I have always contended that the amended clauses were just as bad and far-reaching in their effect as the original draft. That this contention was correct there can be now no doubt.

MONSIGNOR LANGEVIN'S LETTER.

Some weeks ago, having been shown a copy of the Archbishop's memorandum to the Catholics of Saskatchewan, I wrote to his Grace, requesting to be furnished with a copy of it." In a letter to the Archbishop on November 14 Mr. Haultain said: "I have no hesitation in asking for this circular, as I feel sure that you can have no objection to stating openly any reason which you may have for advising the members of your church to oppose me politically."

Archbishop Langevin, replying on November 17, reminds Mr. Haultain of "the way he has dealt with the few cases where the educational interests of our Catholic people were at stake. As for what you have said publicly in Ontario about our Separate schools and your utterances and deeds in the Territories on the same subject, you need not be reminded of them. Catholics cannot but resent, dear sir, your unwarranted appeals to racial and religious prejudices and your threats. We are tempted to believe that you do not care very much for the support of our people who believe in their acquired school rights, according to the constitution.

"As to the members of my clergy, I hope none of them have made any public or private appeal to the passions of the people. Allow me to add, dear sir, that I appreciate your remarkable qualities as a statesman, but regret the stand you take against Catholics, who are just as good citizens as any other British subject, and who have no lessons of loyalty to receive from you or from anybody else in this country, where they have done so much to maintain and strengthen British rule."

MR. HAULTAIN'S REPLY.

Mr. Haultain, in reply on November 20th, 1905, calls the Archbishop's attention to the fact that he (Langevin) did not mention the subject in the letter dated November 14th, namely, the circular advising Catholics to oppose Mr. Haultain. Mr. Haultain says: "I shall not attempt any reply to the very general statement made by you, but would again request to be furnished with a copy of the specific charges which you have made in writing, and which I referred to in my former letter. It should be unnecessary for me to say that as your Grace has seen fit to throw in your great influence on the side of one party in the pending Provincial election, and you are appealing to the members of your church to unit to support that party, it is only due to myself, as well as the electors of this Province, to know definitely why so extreme a course is being pursued by you.

"So far as I can gather from a casual glance at your circular letter, on one occasion on which I had an opportunity of seeing it, your main reasons for attacking me are that I have established and enforced the law and regulations providing for uniform inspection, uniform text books and uniform training and qualification of teachers. The main principles of our school laws, Mr. Scott announces that he is pledged to maintain. Under these circumstances, then, it would be interesting to know why your Grace is appealing to the members of your Church to vote for a man who is pledged to maintain this system and against the man who made it.

"In the absence of any other reason for so extreme a course, I shall be forced to the conclusion that there is some other reason for this action on your part, and that that reason is not consistent with Mr. Scott's declaration of maintaining the system which is so objectionable to you, and for the establishment of which I have been unfortunate enough to incur your severe displeasure.

ELECTORS ENTITLED TO KNOW.

"I notice that you have marked your letter of November 17th 'Private,' although it deals exclusively with important public matters, and I take this opportunity of saying that correspondence between ourselves on this subject and on this important occasion, cannot be considered as private by me. The electors of the Province of Saskatchewan are entitled to know what public reasons there are for the exercise of the enormous influence of your Grace in their first Provincial elections."

THE CONSPIRACY A MENACE

Mr. Haultain then gives what he believes to be an authentic copy of the Archbishop's circular and mentions the fact that he has not received any further reply to his letter.

In concluding the letter to his electors, Mr. Haultain says: "So long as I was satisfied that the present school system could be worked out satisfactorily and without the sacrifice of important principles of administration, I was personally quite willing to leave it unchanged. But this conspiracy between the Roman Catholic Church and a political party I can only look upon as a menace to our school system, and to the sound principles upon which it has been established.

"This deliberate attack upon the character and constitution of our schools can only be met in one way. After an open declaration of war it will be folly to allow the enemy any vantage ground for further aggression. As the matter now stands it is clear to me that the only safety for our educational system lies in once and for all establishing it on an absolutely national basis, with equal rights to all and special privileges to none.

"Pledged to carry this out, I appeal to the free and enlightened electors of Saskatchewan to pronounce with no uncertain sound against clerical aggression and its political allies, who are attempting to barter the educational freedom of this Province for temporary political advantage."

Street Railway Notice.

After Saturday, December 2nd, the cars running to the Canadian General Works, will run from the corner of George and Charlotte streets to the Canadian General Works, all day except at 7 a.m., 12 p.m., and 6 p.m., when it will go from the works up to Smith street.

This will give a fifteen-minute service on this line all day.

TARIFF COMMISSION MEETS

GREAT INTEREST TAKEN BY PETERBORO INDUSTRIES.

Hon. Messrs. Fielding, Patterson and Brodeur Hear Local Representatives of Various Lines of Industries.

Yesterday morning the long anticipated meeting of the tariff commission opened at ten o'clock in the council chambers. Members of the commission present were; Hon. Wm. Patterson, Minister of Customs; Hon. W. S. Fielding, Minister of Finance, and Chairman of the Commission, and Hon. L. P. Brodeur, Minister of Inland Revenue. Mr. John Bain, secretary of the commission, was also present.

The first representation made was that of the Canadian General Electric Company, this being followed by a lengthy statement or requests, given on behalf of the agricultural interests, which consumed the greater part of the morning. Messrs. Dawson Kennedy & Otonabee; W. R. Lett, of Lennox county; and D. D. Rogers, ex-M.P., of Frontenac county; spoke in this behalf. A request for a specific valuation by Mr. John Finlay, M.P., Norwood, completed the representations made yesterday morning.

Mr. D. Hudgen Charles, president of the Peterboro Board of Trade, in a few brief remarks, extended, upon behalf of the Board which he represented, a cordial welcome to the members of the commission; also expressing the hope that the commission would find it possible to visit different points of interest in the city before their departure.

Mr. W. S. Fielding, chairman of the commission, replied briefly, expressing his thanks for the cordial welcome extended.

The first representations made were [illegible] in yesterday's issue of The Times, those on behalf of the Canadian General Electric Company, by Mr. Geo W. Watts. He pointed out that the company has practically no [illegible] While the tariff is nominal, 25 per cent. on the finished product, this, with the British preference deducted, reduces it to 16 2-3 per cent.

The materials used in the manufacture of electrical apparatus are dutiable under the tariff to an average of 20 per cent. on the value of material, leaving a net protection of five per cent. against the world, except Great Britain, where there is no protection. The rates on material range from five per cent. to 55 1-2 per cent., but average 20 per cent. If any of these are increased, the company requested a compensating advance on the company's finished product.

Tinned copper wire is subject to 30 per cent.; copper strip not tinned, is free. The 30 per cent. on the total value, makes 110 per cent. on the tinned copper, whereas large copper wire and tinned copper wire come in at the same rate. A special insulating compound was used, being brought in in iron tanks. These tanks are of no use, except as containers. The company be charged duty on these tanks, making an extra duty of almost three cents a gallon, and is 5 1-2 per cent. of the value, thereby raising the duty on compound to 30 1-2 per cent., instead of 25 per cent.

The same remarks applied also to oil containers. These packages are of no value, but are shipped back to the country of origin. A quantity of Hydrofluoric acid is used by the company, which is shipped in lead jars, which are of no use except as containers. The duty on the weight is about $7.60 per jar, the rate of duty is 20 per cent. The duty on jar as 30 per cent., equaling $1.50 duty on jar, and $3.10 on jar and contents, which is over 40 per cent. of the value of the material.

Mr. Watts also called attention to the fact that marbles for switchboards is dutiable at 35 per cent., whereas the finished switch board is only dutiable at 25 per cent. A considerable quantity of ozokerite, which is produced only in Austria, is used. This, Mr. Watts claimed, should be entered free, the same as asphalt. The duty charged was 20 per cent., though he was informed that it entered the United States free of duty. Foreign competitors in shipping goods thus have an advantage of 20 per cent.

Mr. Dawson Kennedy claimed that farmers were handicapped by the present duties. He claimed that if the city interests were developed and encouraged all other industries would flourish. This argument might be combatted by some farmers. The speaker urged upon the commission that unless the agricultural interests of Canada are developed. He argued the country will make slow progress.

Mr. W. R. Lett, of Lennox county, said the position he occupied was that the tariff should be placed upon a revenue basis. The principle of protection should be eliminated from the tariff. The farmers do not want any special benefits as producers. Remove protection from wheat, pork and other products and the Canadian farmer will meet the world in competition.

The protection given to manufacturers and the bonusing privilege had a tendency to draw the young people from the farms. Foreign competition, he argued, was a great benefit to the farmers in the question of manufacturing machinery. They would not get their supplies on such reasonable terms were it not for the competition of the Deering and McCormick companies. He closed by making a strong plea in favor of a revenue tariff. He had no enmity towards the manufacturing interests. Hon. Mr. Fielding asked if fifteen per cent. on wool and fifteen per cent. on manufactured cloth would encourage and stimulate the woollen business of Canada.

Mr. Lett was not in a position to answer that question. The sugar beet industry should receive no encouragement from the Government, he argued.

The report of the proceeding of the sitting of the Tariff Commission will be continued in to-morrow's issue.

A BUSINESS FRIEND

To be Counted on Under all Circumstances.

One of this bright business women of New York city who found that coffee was wrecking her nervous system, bringing on severe neuralgic attacks and making her "extremely irritable," writes that she has found a staunch friend in Postum Food Coffee:

"I left off the old kind of coffee completely and entirely. This I found was easy to do, since Postum was pleasing to my palate from the beginning. Indeed all my family are with me in thanking it delicious when it is properly prepared—and by that I mean boiled long enough.

"I have not had one single attack of neuralgia since I began to drink Postum some months ago, my nerves have become steady and the old annoying irritability has, thank Postum passed away. I learned with bold this acknowledgement which is made in all sincere gratitude." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pkgs.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCAMIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprises. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we knew we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,004 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 150 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 160 per cent., and the Chemical National Bank 190 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 20 per cent. on a basis of five wells to the acre.

INSIDE INFORMATION

The Times Readers Chance for Profit---Everyone Ought to Grasp this Opportunity.

To have even a simple case of indigestion is to have "inside information" of suffering that warns of serious trouble in the future, unless the digestive system is strengthened.

If you cannot eat and digest three good, square and satisfying meals each day without discomfort, your stomach needs Mi-o-na tablets. They are not a mere temporary relief, but are composed of valuable medicinal agents which strengthen the digestive organs, and cure and prevent stomach troubles.

When there are pains or distress after eating, head aches, belching of gases, a sour taste in the mouth, dizziness, heart burn, specks before the eyes, furred tongue, sleeplessness, nervousness, or back ache, the stomach needs the help of Mi-o-na.

Every reader of the Times should grasp the opportunity offered to try Mi-o-na. Just one little tablet out of a 50 cent box of this remedy before each meal for a few days, and you will soon have a strong stomach and perfect health.

If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post-paid, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.

TIREDNESS MEANS DANGER

Indicates Faulty Blood and Worn Out Nerves—Build Up or Total Collapse Will Surely Follow

When you're tired all day, bothered by trifles, exhausted with nervousness, be sure there is something wrong.

You need bracing up, need more nourishment in the blood, need a powerful medicine to vitalize the nerves and distribute force and staying power to all over-worked organs.

The most marvelous success is Ferrozone, a nourishing tonic so scientific as to be the admirmation of every physician. Ferrozone performs wonders for people in poor health; acts directly on the blood, enriching it with strength and new life that is at once dispatched to all parts of the body. Ferrozone feeds the nerves and vital energies, supplies force, determination and joyous, buoyant spirits.

A case where there was lassitude and lack of strength is told by Mr. David Brown, of post-office box No. 30, Beeton, Ont.: "About a year ago my health commenced to fail. My hands and feet seemed always cold. I felt worn-out and exhausted, weak as a little child. My face twitched. My limbs and arms commenced to lose their sense of feeling and finally my left side was perfectly numb. All my color left. My appetite ran down. Ferrozone was the first to give me any help. I improved with it very quickly. It toned up the blood and started circulation, so that the numbness gradually disappeared. My condition was perfectly cured by Ferrozone, and I have been well ever since. (Signed) "David Brown."

SPECIAL NOTICE.—To get satisfactory results be sure you get Ferrozone only. Fifty cents per box, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

PETERBORO, DECEMBER 2 1905

THE ANTI-COMBINE CAMPAIGN

The aggressive campaign against the "combines" which is being conducted in Toronto is attracting the attention of the whole country; for every home-holder is interested in a business arrangement which artificially raises the price of anything he must buy. Certainly too much light cannot be thrown on the situation. The air is always full of rumors about "combines" and "monopolies;" but the plucky and industrious campaign being pushed by the law officers in Toronto promises to result in showing us just where we stand.

When the facts are in, then we can look for a remedy, says the Montreal Star. Those who tell us that the remedy consists in making this country a back-door dump for the "combines" of the United States will hardly gain much attention. Our neighbors to the South are the champion "combinesters" of the world; and we will hardly find relief from this form of evil by making Canada a commercial annex of their domain.

But it ought not to be beyond the power of Parliament to prevent injurious "combines in restraint of trade." Our contemporary thinks that if the present law does not do it, then public opinion will support a demand for a better law. It may be a delicate subject for the clumsy fingers of legislators to approach; but the people are thinking more just now of the greedy fingers of the "combinesters" which they rather suspect have been in their pockets. They will want a full enquiry, a thorough test of the present law, and then—if necessary—prompt and drastic action by Parliament to make the law more effective.

HARMSWORTH SELF EDUCATOR

First English Periodical Firm to Publish in Canada.

The latest, and according to cabled reports, the most successful of any of Sir Alfred Harmsworth's publications, has been selected as the first to be printed and published in Canada. At the same moment that announcement is made in England that a 40 per cent. dividend is being paid by the Harmsworth firm, it becomes known that a number of Harmsworth men are preparing an active Canadian campaign from the James Building, Toronto.

Mr. Murray, who is in charge of operations, describes the work as "really the most remarkable of its kind ever attempted." He says that every possible subject upon which a man or woman can need information is included within its pages, being a practical guide to all professions and trades, with the last word upon all arts and sciences, in addition to teaching six languages, shorthand, typewriting and all the practical details of everyday life at home, school or at work in any field. The Harmsworth Self Educator will be sold in fortnightly numbers for fifteen cents each, costing altogether less than eight dollars.

THE TREE KILLER.

A Curious Vine That Flourishes in Lower Central America.

One of the curious forest growths of the isthmus of Panama and lower Central America in general is the vine which the Spaniards call matapalo, or "tree killer." This vine first starts in life as a climber upon the trunks of the large trees, and, owing to its marvelously rapid growth, soon reaches the lower branches. At this point it first begins to put out its "feelers"—tender, harmless looking root shoots, which soon reach the ground and become as firmly fixed as the parent stem. These hundreds of additional sap tubes give the whole vine a renewed lease of life, and it begins to send out its aerial tendrils in all directions. These intwine themselves tightly around every limb of the tree, even creeping to the very farthermost tips and squeezing the life out of both bark and leaf. Things go on at this rate but a short while before the forest giant is compelled to succumb to the gigantic parasite which is sapping its lifeblood. Within a very few years the tree rots and falls away, leaving the matapalo standing erect and hollow, like a monster vegetable devilfish lying upon its back with its horrid tentacles clasped together high in the air.

A Chapter of Accidents.

It was the upper deck of a London bus. A passenger, a dignified personage, lighted a cigar and threw the match, as he supposed, into the street. A few seconds later he was surprised to find that his umbrella was on fire. At the same instant a sharp gust of wind opened it and carried it, like a flaming parachute, through the air. Making a sudden grab after his truant property, the passenger overbalanced, plunged headlong over the omnibus rail and after turning a somersault landed upright on the road unhurt.

Practical Preparation.

"I'm surprised that you favor higher education," said the visitor to the village blacksmith.

"Well, the colleges are improving," explained the man of brawn. "Time was when they didn't teach nothing but book learning, but now by the time my son gets through the athletic course he'll be fit for a first class blacksmith."

$25,000 for a Story.

Think of it! Twenty-five thousand dollars for one story! The highest price that has been similarly paid in America to any author. And this for just the exclusive right to print the story in this one publication—no right to publish it in book form being included.

Consider the quality of merit, the intensity of interest this story must possess to command this extraordinary price. The "White Company" has ever been accepted as the greatest work of any author, and by far superior to his own "Sherlock Holmes" tales—but "Sir Nigel," says Conan Doyle himself, surpasses them all.

Conan Doyle receives this fabulous sum for his "Sir Nigel," which begins in the Sunday Magazine part of next Sunday's Record-Herald. Do not fail to buy The Record-Herald for next Sunday, December 3, as this great romance by the world's greatest writer of romantic fiction will be the sensation in the literary world for months to come.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

Texas Lands
Very Cheap

The Houston & Texas Central Ry. Co. has decided to sell its land grant in Northwest Texas, adjoining Oklahoma. To effect a quick sale and avoid the expense of maintaining sales agencies, the lands have been listed at very low prices.

They are adjacent to the Rock Island main line running diagonally across Oklahoma and Texas. Portions of the tract are well watered and nearly all is susceptible of cultivation. Transportation facilities excellent—big markets within easy reach.

Sale will be made in parcels of 160 acres up to four sections or 2,560 acres to each purchaser. The prices are on a fixed scale—no fluctuation. Taxes are low, terms liberal and warranty deeds given in all cases.

If interested, send quick for descriptive leaflet with full information.

BLOOD DISEASES CURED

Drs. K. & K. Established 25 Years.

NO NAMES USED WITHOUT WRITTEN CONSENT.

Before Treatment.

After Treatment.

He was surprised at how the sores healed—"I took your New Method Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians, taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, looseness of the hair, swellings of the glands, palms of the hands scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months, and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish."

W. H. S.

We treat **Nervous Debility, Varicocele, Stricture, Vital Weakness, Blood and Skin diseases, Urinary, Bladder and Kidney complaints of men and women.**

READER Are you a victim? Have you lost hope? Are you contemplating to marry? Has your blood been diseased? Do you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion Free of Charge. Charges reasonable. BOOKS FREE—"The Golden Monitor" (Illustrated), on Diseases of Men. Sealed Book on "Diseases of Women" Free.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of treatment FREE.

DRS. KENNEDY & KERGAN

Cor. Michigan Ave. and Shelby St., Detroit, Mich.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 332,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $1,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 30 tons a day in less than one year may can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 1 per cent. discount will be allowed if all cash accompanies the order. Subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U. S. A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

SELECTIONS

HAWAIIAN SERVANTS.

A Story Which Illustrates One of Their Peculiarities.

"Hawaiian servants," said a brown woman, "are the best—the best in the world, but they are strangely unsophisticated, strangely naive.

"Hawaiian servants insist on calling you by your first name. Ours were always saying to my husband, 'Yes, John,' or 'All right, John,' and to me, 'Very well, Ann,' or 'Ann, I am going out.'

"At last I got tired of this, and to John, when we got a new cook, I said: 'Don't ever call me by my first name in this new cook's presence. Then, perhaps, not knowing my name, he'll have to say "Mrs." to me.'

"So John was very careful always to address me as 'Dearie' or 'Sweetheart,' but the new cook, a watchful chap, gave me no title at all.

"One day we had some company, some English officers. I told them how I had overcome, in my new cook's case, the native servants' horrid abuse of their employers' Christian names, and I said, 'By this servant, at least, you won't hear me called Ann.'

"Just then the new cook entered the room. He bowed to me respectfully and said:

"'Sweetheart, dinner is served.'

"'What?' I stammered.

"'Dinner is served, dearie,' answered the new cook."

THE HIGH CLASS KOREAN.

Being a Drawing Room Gentleman, He Is a Slave to Dress.

The Korean is above everything else a man of the drawing room, and all his instincts move along the leisurely ways of life. Anything like haste or "en pressement" is unknown to the eternal laws that govern him. This characteristic of his is evident in all his actions at all times and under all conceivable circumstances. Being a drawing room gentleman, dress is the great ambition of his life. From the shoes of his feet to the topknot on the top of his head he is ordered so as to be seen and admired of men.

His shoes while in mourning must be spotlessly white. No atom of dust or fly speck shall mar them. His socks, beautifully puffed, are stitched to perfection; his pantaloons, big enough for a Brobdingnag, are padded, quilted and ironed until they come forth looking like some mysterious fabric of polished marble; his jacket likewise and his overcoat and wristlets.

Not only has he a headband, a topknot and a hat on his head, but he buys a pair of spectacles and adds them to his already overcharged headgear, and thus rigged, with a ring on his finger and a fan in his hand, he goes forth to make his way through this troubled world.

A CALL TO THE WOODS.

Commune With Yourself Occasionally For Your Own Good.

Mr. Busy Man, leave your task some day; let the shop take care of itself, let the mill go as it may, let the plow stand in its furrow, and take yourself into the depths of the solemn, shadowy woods. Call back, ah, call back the forgotten years; collect around you the old friends, the old thoughts, the old ambitions, the mistakes you made, the faults you had, the wrongs you did or suffered, the opportunities wasted, the vain things you sought, the work that you might have done better, the kind words you might have spoken and did not, the good deeds you might have done and did not, the frowns that should have been smiles, the curses that might have been blessings, the tears that ought never to have been shed, the wounds that need never have been made.

Commune with yourself—your past, your present, your future, your crimes, your weaknesses, your doubts, your fears, your hopes, your despair—and thus let conscience and the angels of your better self beat your soul into the prayer:

"God be merciful to me, a sinner!"

A Queer Ceremony.

A queer ceremony is performed every year on the 8th day of September in the Valle Maggio, Italy. The region abounds in vipers. The celebrants form into a weird procession, each person—men, woman and child—carrying a huge figure of a snake stuffed with cotton. As they pass along they weep and lament, believing that by the expiatory ceremony they will render themselves proof against snake bites during the grape gathering.

Joy.

Joy is a prize unbought and is freest, purest in its flow when it comes unsought. No getting into heaven, as a place, will compass it. You must carry it with you, else it is not there. You must have it in you, as the music of a well ordered soul, the fire of a holy purpose, the welling up out of the central depths of eternal springs that hide the waters there.

The Singers.

"You opera singers are all jealous, aren't you?" quizzed the friend of the prima donna.

"Oh, no," replied the prima donna, "lots of us never sang in church choirs."

Know Herself.

Flora—I can't decide on a birthday gift for Arthur.

"Give him yourself."

"He made me promise not to give him an expensive present."

Small crimes always precede great ones. Never have we seen timid innocence pass suddenly to extreme licentiousness.—Racine.

ADVERTISE IN THE TIMES.

SHOT HISEYESIGHT AWAY

In Attempting Suicide His Aim at His Temple was Poor and the Bullet Went Across Both Eyes.

Toronto, Nov. 30.—John Wright, aged 21 years, a young Englishman, is in the General Hospital, totally blind, the result of an attempt suicide.

Wright is only out from the Old Country about nine months. He was employed in Brantford until yesterday, and came to Toronto at noon. He wandered out Queen street east last night, and at 11.30 he went behind a large billboard at the corner of Queen and Heward streets, where he pressed a revolver to his right temple and pulled the trigger. The weapon was a 38-caliber of the British bulldog type, with a heavy trigger pull. To this Wright owes his life, in discharging the weapon he pulled it away from his temple, and the bullet scored its way across his eyes and nose. The bullet ripped the pupil of each eye and tore away the bridge of his nose.

Wright was found leaning against the billboard by Mr. W. G. Heintzman of Brooklyn ave., a piano maker, with blood streaming down his face. An ambulance was called, and he was taken to the General Hospital. He was conscious all night, and will recover, but his eyesight cannot be saved.

Wright has not assigned a reason for the attempt on his life.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application made to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

COAL.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

QUARTZ.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 by 1500 feet. The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sale.

PLACER MINING claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

EXQUISITE COMPLEXION

Quickly Acquired if the System is Regulated by Dr. Hamilton's Pills

The power of Dr. Hamilton's Pills over the complexion is marvellous. As if by magic all blemishes, humors and impies disappear. A clear, ruddy glow is quickly manifest on the cheeks, and looks that delight the eye come to stay. It is by purifying and enriching the blood, and thereby building up the constitution, that Dr. Hamilton's Pills accomplish so much in a short time.

"I can highly recommend Dr. Hamilton's Pills for the complexion, writes Miss E. M. Porter, of Clear View, Ia. Before using this medicine I had a very pallid, murky complexion, and there was no redness or color in my cheeks. But Dr. Hamilton's Pills changed this and my looks have been much improved."

In every case of dull, sallow complexion, wherever, the skin is blotchy and rough, Dr. Hamilton Pills quickly prove their merit. You'll look better, feel vastly improved by relying on this great medicine, which is instant in effect. Price 25c. per box, or five boxes for $1, at all dealers, or by mail, from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

Mr. Fitzgerald No Worse.

Yesterday a telegram was received from Mr. Clarence Fitzgerald, who went to Pembroke on Wednesday to attend his father, to the effect that his condition was no worse. No details of the illness were learned, but one of his sons will return either this morning or evening, the other remaining with his father.

Collie Dog Lost.

On Monday morning, lost or stolen, a thoroughbred cattle collie dog. Colors brown interspersed with black, black rings round the eyes. No collar. Suitable reward on return. Any person harboring the dog after this notice will be prosecuted. Return to Otto Hoffman or The Times office. 3d

Mr. Thos. Gladman.

Mr. Thos. Gladman, for many years with Mr. Adam Hall, yesterday evening told a Times' representative his right hand was nearly crushed with shaking the hands of old friends. Mr. Gladman, who divides his time between Parry Harbor, where he visits with his son, Mr. Geo. Gladman, and Dr. Gladman, in Essex county, does not look a year older than when he lived in this city.

Street Railway Notice.

After Saturday, December 2nd, the car running to the Canadian General Works, will run from the corner of George and Charlotte streets to the Canadian General Works, all day except at 7 a.m., 12 p.m., and and 6 p.m., when it will go from the works up to Smith street.

This will give a fifteen-minute service on this line all day.

Canadians Going South in Private Train.

To Cuba and Mexico. Best and cheapest trip ever organized by thoroughly experienced parties. While the ladies specialize in opals, drawn work, pottery, onyx, etc., the gentlemen will have special attention given to showing them the country's resources and fields for investment. Train elegantly equipped. Everything the best. Everything paid for when you buy your ticket. E. M. Cuthbert, 25 Maitland street, Toronto, or to C. B. Foster, District Passenger Agent, C.P. Ry., Toronto.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

TUESDAY SEPT. 5, 1905

Intending students should make application as soon as possible.

Call at the College, or address

WM. PRINGLE,

Opposite Post Office, Principal.

LOCAL INCIDENTS

By The Times Man on the Street

—Something extraordinary must have happened the plant of the Peterboro Light and Power Co. Shortly before eight o'clock, until long after eight, the lights connected with this company's wires were as weak and dim as the promises of a successful politician.

—Mr. Wm. Bell of Auburn is grateful to those kindly assisting in the search for his son's remains. He thanks in particular the Canadian General Electric Co. for their thoughtful courtesy in altering their dam at Nassau, to enable the search to be more efficiently managed.

SOCIAL AND PERSONAL

—Mr. and Mrs. McIntyre, Perth, were in the city yesterday.

—Mr. "Jerry" Young, of Young's Point, was in the city yesterday.

—Miss Edith Griffin, Lakefield, is the guest of Miss Madeline Stone for a few days.

—Miss Fanny Brandon, Fenelon Falls, is the guest of her aunt, Mrs. W. H. Robertson.

—Mrs. R. S. Merrell, 171 Aylmer street, will receive on the flat and fourth Thursdays.

—Mr. J. B. Oke, Toronto, is in the city on business, and, incidentally, visiting his hosts of friends.

—Mr. Matthew Foley, of Buffalo, formerly a resident of this county, is in the city visiting friends.

—Mr. Fred Oberndorfer, the Kingston Cigar man was in the city yesterday, calling on his customers.

—Mr. A. W. Cressman is in Montreal, for several days looking up novelties for the Christmas trade.

—Mr. and Mrs. J. F. McCarthy were in Hastings Tuesday, attending the wedding, of Agnes Myles to Mr. Sullivan of Sarnia.

—Mr M. O. Hammond, of the Globe, and Mr. G. W. Grange, of the Mail, Toronto, are doing the tariff commission here.

—Mr. Thos. Benough, official recorder of the proceedings of the tariff commission and Mr. W. L. Smith, editor of the Farmers' Sun, are in the city attending the meetings, and gave The Times a call.

—Mrs. S. S. Ritchie, of New Lickeard, is the guest of her brother, Mr. A. R. Kidd. Mrs. Ritchie has been called here on account of the illness of her son Roland, who is in the Nicholls hospital, suffering from an attack of typhoid fever.

Mr. Herb. Kent, formerly local agent of the Bell Telephone Company, but now manager of an important branch of the Bell Company in British Columbia, who has been visiting this city during the past few days, will leave for the west on Saturday.

—Mr. Greenslade, proprietor of the "Hospital for sick boots," corner of Aylmer and Charlotte streets, yesterday got in a stock of fine men's boots and shoes. Previous to this date Mr. Greenslade has confined his business to repairing shoes, now he is branching out into keeping a regular stock of goods.

YESTERDAY'S FIRES

Magistrate Harry Rush Visited by the Fire Fiend.

Yesterday one of our best known and most universally respected citizens, Mr. Harry Rush, had two fires at his residence, 31 Brock street.

Between nine and ten o'clock yesterday morning the chimney at the back of the house was discovered to be on fire. An alarm was sent in, but on the prompt arrival of the firemen, Mr. Rush informed them that their services were not needed, so they returned to the station under the impression that the fire was out. About a quarter to one the flames started afresh, and it was only after considerable hard work on the part of the firemen that they were subdued.

Mr. Rush's residence is double roofed, and between the two roofs is a hole in the chimney. The sparks coming up this chimney escaped through this opening, hence the blaze.

The pianos and several valuable articles which were in the front part of the house, or which were removed there by the firemen, were saved, but considerable damage was done by fire and water.

Mr. Rush informed a Times representative that he did not know yet the amount of damage done to his property.

County Council Meets.

The winter meeting of the county council was commenced yesterday afternoon in the court house, with Warden Bush presiding. The councillors present were Messrs. Andrews, Carey, Johnston, Musgrave, Shaw, Garbutt, Stenson, Moloney and Webster.

Yesterday Mr. Brown, the popular market weight master and Pembah of the place where farmers must do congregate and charge five cents per month for turkeys, geese, etc., got off a good joke on many of his friends.

Mr. Brown's fire, as fires will on a cold day went out. To those twitting him about the frigidity of his office he explained that he was trying to burn a sample of Eaniemore coal. It will be remembered that quite a sensation was caused lately over the reported find of coal in Eaniemore.

Mr. Brown and those of his friends in the secret, had samples of soft coal which they displayed as genuine "Eaniemore coal," saying that the coal would not burn well. More than one citizen carried home, carefully wrapped up, choice samples of "Eaniemore coal," imported direct from the Pennsylvania coal fields, as a curiosity.

Louis Bell's Body Yet Missing.

Although step logs were taken out of the dam at the C.G.E. power house, Nassau, Wednesday night and the water in the canal lowered from eight to five feet, the searchers after the body of young Louis Bell, who is believed to have been drowned, were unsuccessful. It is understood that the search for the boy's body will be abandoned until Sunday, when an effort may be made to have all the water out of the canal.

A BRANTFORD DEPUTATION

MAYOR AND ALDERMEN INSPECT TELEPHONE MATTERS.

Peterboro Invaded By Brantford Citizens Investigating Opposition to Bell Telephone Co.

Yesterday morning a citizens were well aware that a large number of well dressed, prosperous looking citizens from a distance, were taking in the city.

Enquiries as to "Whom are the strangers?" quickly spread from mouth to mouth.

The answer was soon in evidence. A deputation from Brantford was in the city to investigate the merits and workings of the system of the Canadian Machine Telephone Company recently installed in this city. The deputation consists of the following gentlemen:—

Mayor Watrous, Ald. Harris, Montgomery, Leitch, Sandaby, Muir, Hartley, Schultz, Robertson, Currey, Waddington, Lyle, Andrews, Pitcher, and Messrs. J. B. Detweiler, T. B. Costin, E. L. Good, E. Hart, McPherson, and A. Brumley.

Yesterday morning the deputation were shown over the system, and investigated its working. Mr. C. H. Waterous, Mayor of Brantford, and other members of the deputation, when asked by The Times, as to their opinion on telephone matters in general, said that, whilst the Bell Company had charged highly for instruments and service in that city the service had been satisfactory.

Still the Brantford men thought, judging by their cursory inspection of the Machine Company's plant here, that the service was good, but grave doubts were expressed as to the complicated switch board retaining its efficacy.

There is no doubt, notwithstanding the prevalent opinion in this city, that a dual system of telephones is not only a nuisance, but a regular "hold up" on the merchants, that as it now exists, the Machine Company, have fairly good talking machines.

Of course the aldermen and other citizens of Brantford, cannot but be, in a measure, prejudiced in favor of the opposition company), as that company paid their expenses for their trip.

Whilst we would like to see a Peterboro company succeed, we cannot blind our judgment to the fact that, with the splendid service now given by the Bell, any opposition is a work of supererogation unnecessary, and a demand for money that merchants and citizens can ill afford.

During the afternoon the Brantford delegation, escorted by Mayor Best, aldermen and other prominent citizens, after meeting at the city buildings, were driven in hacks to the C.G.E. Co., Cordage Works, and other points of interest.

The Brantford men were greatly impressed with the industrial prosperity of our city, and think that, whilst Brantford may, at present excel Peterboro in population a trifle, our future, as a manufacturing center is assured.

Referring to telephone matters, the Brantford delegation said that the Machine Co. is now endeavoring to secure a franchise through their city. They found out, to their surprise, a delayed lack of faith which has characterized the Machine Company's relations with our city council.

The large deputation was composed of thoroughly representative citizens, and, one and all, they think Peterboro is "it."

The delegates yesterday had lunch at McCallum's restaurant, and left last night, after a pleasant visit, for home.

Winter Houseparty Tour Cuba and Mexico.

The cheapest and best trip ever run south. So much interest is centered in these two points of speculation, here is an opportunity to visit them both and see and compare for yourself. Every point of interest will be visited, the trip going further south than any other ever run. Americus trips sent its much for Mexico alone. Patronize home industry when it is the best. The train will contain every possible luxury, the menus as an elegant dining car equal to those of the best hotels. The management is thoroughly experienced in the running of special trains and quite familiar with Mexico, the doctor who will accompany the train having lived in Mexico for fifteen years.

The going trip takes in all the best of Kentucky (Mammoth Cave), Tennessee, Alabama, Florida, Mississippi, with nine days in and about Havana, Cuba, stopping at the best American Hotel. Mardi Gras in New Orleans, Louisiana, Texas—Houston and San Antonio, and all of Mexico, taking circle trips to interesting and beautiful points that sometimes extend three and four hundred miles. On the return Austin, Eureka, Hot Springs, and St. Louis are visited.

Everything paid when you buy your ticket. Write for information to E. M. Cuthbert, 25 Maitland street, Toronto.

THE STORK BRINGS JOY

To the household but how about the mother? Has she been joyful during the weeks and months preceding the advent?

Too many mothers find it a time of fearful anxiety because of the knowledge that they are "not in good health."

They have allowed weaknesses, pains and drains to accumulate till the health is completely undermined and they are "more than discouraged," and all because they have been misadvised by well-meaning friends or maltreated by an inefficient doctor.

To all such *here is the news that there is a remedy* that will heal and not hurt.

It was discovered forty years ago by Dr. Pierce who searched *Nature's laboratory*—the earth, for the remedial agents so liberally provided therein. He took Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and by extracting, combining and preserving, without the use of alcohol, the glyceric extracts of these natural remedies he has given to the world Dr. Pierce's Favorite Prescription, which has to its credit the enviable and unparalleled record of more than a *half-million of cures* in the last forty years.

"Only those who have given Dr. Pierce's Favorite Prescription a trial can appreciate what a boon it is to suffering women," writes Miss Vinna Seamore, of 9 Elm St., Toronto, Ont. "For two years I suffered intensely from female weakness until life was a burden to me. I had distressing, bearing-down pains so I could scarcely stand up. Had hot flashes, was very dizzy, weak, and utterly wrecked. My physician gave me treatments but without success. I tried several remedies but obtained no relief until I began to take Dr. Pierce's Favorite Prescription. I began immediately to improve, and in four months' time I was as well and strong as ever."

Constipation cured by Doctor Pierce's Pleasant Pellets.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention; children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIMES BOOKSTORE

MARKET BLOCK, PETERBOROUGH

P. S.—Do your shopping EARLY while the assortment is at its best. Goods selected now will be reserved until called for.

OLD WORLD COLLAPSE OUTLINED IN ROMANCE

War Cripples European Nations and America and Japan Become Greatest Powers.

(Special Cable.)

Berlin, Dec. 2.—The latest literary political sensation is a book, entitled "The Collapse of the Old World," by an anonymous author, who writes under the nom de plume of "Sea Star."

The book, which is full of vivid pictures of a great war of the future, describes how the principal European powers will sacrifice their predominant position in the world, owing to an outbreak of war between Britain and Germany.

This war involves other countries, and in the general conflict France, Spain and Portugal support Britain, while Austria and Italy give their naval and military aid to Germany.

GERMANS OVERRUN FRANCE.

Germany crushes the French army, and the German army overruns France, but the British fleet annihilates the German navy, sustaining terrible losses in accomplishing that feat.

Finally, Great Britain and Germany are obliged to abandon the struggle owing to its disastrous effects in all parts of the world.

The black and yellow races all over the earth rise. All Africa is in a turmoil; the Matabeles, under an Ethiopian missionary, are massacring and burning from Swakopmund to Bloemfontein, and the English and German inhabitants unite against the common foe.

The English are driven out of Egypt, and massacres of whites take place at Fes—where the Sultan of Morocco is also murdered—as well as in European Turkey. In China, Japan has incited the Chinese against the white population, and ghastly slaughters are reported from the interior.

BREAK-UP COMPLETE.

Japan and the United States of America become the two greatest powers, while Britain, Germany, France, Italy, and Austria are reduced to the rank of second-rate powers through the colossal losses which they have sustained in combating each other.

The author maintains, in short, that a war between Great Britain and Germany would simply result in losses to both combatants and great gains to America and Japan.

Russia, the only European power remaining neutral, is the only one which will retain first class rank.

"A more powerful argument for peace between Great Britain and Germany is inconceivable than this striking romance."

DEAD MAN HELD WHEEL.

Aged Swiss Frozen While Taking Trip on Motor Car.

(Special Cable.)

Geneva, Dec. 2.—An old man named Brunner was found frozen to death in his motor car near Bale yesterday.

As he did not return home, a search was made for him. When found he was still holding the steering wheel of the car, which was in a small stream near the road.

BANKER IN ROME; SHOPLIFTER IN PARIS

Artist's Model Gives up Honest Calling at 100 and Becomes a Thief.

Paris, Dec. 2.—In the Boulevard St. Martin this morning an old man, who was arrested on a charge of shoplifting told an extraordinary life story.

He gave his name as Giuseppe Crotti, an Italian, and said he was 101 years of age. He was formerly a banker at Rome, and after his failure in 1880 he came to Paris and earned a livelihood as an artist's model. His noble-looking face and fine flowing beard caused him to be in demand among artists.

Recently, however, he had to give up posing, and he then took to shoplifting.

ENGLISH JUDGE FINED.

London, Dec. 2.—Judge Ellicott was fined $10 at Stroud Police Court yesterday for failing to keep pigs he bought in the public market separate from other animals for twenty days. The magistrate thought the judge's ignorance of the law with regard to swine fever was inexcusable.

TRADE NOT OVERCROWDED.

London, Dec. 2.—"There are only fifteen tripe dressers in all London. They are licensed by the London County Council, and their calling is a lucrative one." Such was the revelation of a barrister at the Whitechapel County Court yesterday, who denied that the client, who was merely a tripe "dresser," was a man of standing.

NO CEREMONY MARKED KING GEORGE'S VISIT

Greece's Popular Sovereign Opposed to all Ostentation and Fuss.

(Special Cable.)

London, Dec. 2.—King George of Greece, who had been on a brief visit to his brother-in-law, King Edward, left England on Monday. The visit was entirely without ceremony, and in this respect conformed to the habits of the popular Greek monarch, who detests all fuss or ostentation.

King George is an athlete, and is known throughout his dominions for his bravery. Once, when he was driving with one of his daughters, two youths fired six shots at them with army rifles.

As the bullets whistled over the carriage King George stood up to shield his daughter with his body, and shook his cane at the would-be assassins.

His bravery so surprised them that they lost their nerve, and though they had actually knelt down to take steady aim, their hands trembled visibly, and the shots went wide.

He is fond of athletics. His people know that, but for many years they did not know that he competed in Greek sports under the assumed name of George Papadopulos.

But once he was nearly discovered. He had been so uniformly successful that the crowd of onlookers began to suspect that he must be a professional athlete masquerading as an amateur.

The friends of the man he had defeated lost their tempers and hustled him.

For a time it looked as if there would be a free fight. Then the police interfered and smuggled the King away to a place of safety.

The roughs never discovered the identity of the too successful competitor.

It is an advantage to be athletically built, especially when one sees a burly workman beating a little boy. So the King of Greece discovered one day in Athens. The workman was intoxicated and intoxicated. The boy was very small.

King George did not have the man arrested. He gave him a thrashing himself. When the bully was sober His Majesty had him brought to the palace and offered him a good post on condition that he pledge himself to abstain from intoxicants in future.

It was a muscular sermon on teetotalism, and it was successful.

DRACONIC SENTENCE ON GERMAN SOLDIERS

Given Heavy Punishment for Technical Assault Upon a Non-Commissioned Officer.

(Special Cable.)

Berlin, Dec. 2.

A draconic sentence was passed this morning by a court-martial sitting at Cobiens on two riflemen, who, dressed in civilian clothes, the better to avoid recognition, had slipped out of their quarters and, under cover of darkness, gone to a village restaurant, where they knew they would find a certain non-commissioned officer against whom they bore a grudge. Seeing him sitting inside, they threw a stoneware pitcher and a piece of wood through the window at him, though without doing any injury.

The court-martial found the accused guilty of participation in a military revolt, and sentenced one to six years' imprisonment and degradation, and the other to five years' hard labor, expulsion from the army and five years' loss of all civil rights. No allowance was made for the eleven months the men had been in custody awaiting trial.

The sentence has created great astonishment, and is compared with the clemency so frequently shown by courts-martial to non-commissioned officers proved guilty of treating privates with gross brutality.

COUNTESS' LICENSE TO SELL GAME.

London, Dec. 2.—The Windsor Corporation yesterday granted a license to the Dowager Countess of Arran to sell game. She is taking charge of a provision and game stall at a bazaar to be opened by Princess Christian next Wednesday.

SAVING CHAPLAIN'S SALARY.

London, Dec. 2.—Owing to the Yarmouth Guardians refusing to fill the vacant position of chaplain at the workhouse, religious services are being voluntarily undertaken by the vicar and Free Church Council. The ratepayers are thus saved $350 a year.

SCHOOLBOY SMOKERS.

London, Dec. 2.—The Woking school managers have requested their head teachers to use their influence to discourage cigarette smoking among the schoolboys. The Rev. F. J. Oliphant repeated that he had not taken his father's advice and not begun to smoke.

INDUSTRIOUS PAUPERS.

London, Dec. 2.—The inmates of the St. George's Workhouse, Southwark, have made 11,484 useful articles of clothing during the last twelve months while at the same time repairing some 600 articles. The industry saved the ratepayers a substantial sum of money.

A WOMAN MAULED BY GRIZZLY BEAR

Animal Was Untrained and His Cage Was Entered for First Time.

(Special Cable.)

Paris, Dec. 2.

Mme. Fregre was very badly mauled by a grizzly bear at Bostock's Menagerie this morning.

The animal hitherto untrained, was to be taught some exercises in order to take a place in the programme, and Mme. Fregre was detailed to put it through its first paces.

Immediately after the bear had breakfasted to-day, she entered the cage. The beast showed a sullen obstinacy, and declined to move at the sound of her voice. She cracked her whip loudly, but still the animal remained intractable.

Losing patience, Mme. Fregre brought down her whip heavily on the bear's shoulders. The blow enraged the brute, and with a fierce snarl it sprang at Mme. Fregre, and seized her right leg in its jaws. The teeth went through the flesh to the bone and the woman fainted away.

The growling and snarling of the infuriated brute quickly brought the attendants, who succeeded in frightening it away.

Mme. Fregre, who was lying unconscious on the floor of the cage, was hurriedly taken to a hospital. She is in a very critical condition, and it is believed that the leg will have to be amputated.

TWENTY-THREE YEARS OUT OF WORK.

London, Dec. 2.—Henry Emery, a middle-aged dentist, who said he had been out of work for twenty-three years, was given three months' imprisonment at Marylebone police court yesterday for begging.

SHAMROCK MODELS AS GIFTS.

Glasgow, Dec. 2.—One of the most skillful model makers of Glasgow is busy building models of Shamrock III., the America Cup challenger, for presentation by Sir Thomas Lipton to the yacht clubs of America. The models are marvels of careful workmanship.

EXPORTED ENGINE DRIVERS.

London, Dec. 2.—A large division of British engine drivers and fitters left Liverpool yesterday for the Argentine, to take charge of 238 locomotives which have been secured in various parts of England by the Buenos Ayres Great Southern Railway.

CAGED, BUT UNREPENTANT.

Dublin, Dec. 2.—The spirit of John O'Connell, M.P., has not been broken by confinement in Kilmainham jail. "I will go out unrepentant; three years would not make me love an eviction more than I do now," he writes to a constituent.

OFFERS TO FIND TWO THOUSAND HUSBANDS

Unique Proposition Made by Canadian to Telephone Girls of Paris.

(Special Cable.)

Paris, Dec. 2.

N. D. Neill, the president of the Lorimer Automatic Telephone Company, is prepared to make an extraordinary offer to the French Post Office in order to solve the difficulty of providing occupation for the telephone girls should the French Government decide to transform its telephone service and introduce the automatic system.

"Sooner or later," said Mr. Neill, who is a Canadian, yesterday, "the automatic system will be adopted in all large cities, and the telephone girl will be abolished. To compensate these young women for the loss of their occupation I have thought out a plan. Should the French Government adopt the system, I shall open an office in Paris and offer to equip and send out to Canada up to 2,000 young women now engaged in the telephone exchanges. There are thousands of men in the Northwest who have put by sufficient money to set up a house and who are anxious to find wives. Well, we are prepared to pay all the expenses of every young woman who likes to go out to Canada. We will pay her cost of board and lodging and pocket money for six months, and do our utmost to provide her with a suitable husband. That is the extent of the offer which I am considering."

OFF TO SEE THE WORLD.

Child Escapes from Reformatory and Travels Over Country.

(Special Cable.)

London, Dec. 2.—Although only thirteen, Agnes Carr, who has just been sent to a reformatory at Dundee, has embarked on life with a series of exciting, if questionable, adventures.

Escaping from a Dundee industrial school, she purchased a ticket for a town in Fife, but went right on to Edinburgh, saying she had been carried past her station.

By pocket-picking there she realised sufficient to carry her to Glasgow. She then migrated to London, where she was apprehended and brought back to Dundee in charge of a female warder. On the journey she made a desperate attempt to escape, almost leaping out of the carriage while the train was in motion, the warder restraining her with great difficulty.

UNCLE AND NIECE ADEPTS AT FRAUD

He Marries Two Rich Women, Spends Their Fortune and Deserts Them.

Paris, Dec. 2.—By the arrest to-day of a man named Viard, who opened a marriage agency, and his niece, Mlle. Doens de Lancert, an extraordinary matrimonial swindle has been brought to light.

He succeeded in marrying a woman with $35,000, but in a few months he had spent her money and deserted her. The woman did not prosecute him, but contented herself with obtaining a divorce.

Viard then succeeded in finding a second wife in a young woman with $15,000. When he had obtained the money he deserted his wife, who, like the first, did not prosecute him, but obtained a divorce.

Viard promptly began a search for a third victim, but meanwhile a young man, the well-to-do Viscount Emanuel de Villefontaine, applied to his agency for a wife. Viard immediately introduced his niece as a very wealthy young lady, and the Viscount became enamored of her. A marriage was arranged, and Viard induced the Viscount to hand him $16,000 and jewellery to the value of $4,000.

Before the wedding could take place, however, certain information concerning the girl came to the ears of the Viscount, and he broke off the match and asked for the return of his money. Failing to obtain this, he applied to the police, and Viard and his niece were arrested to-day on charges of fraud and conspiracy to defraud.

SUICIDE'S SOMERSAULT.

London, Dec. 2.—"He placed his hands on the parapet, and turned a somersault over." Such was the description given at the inquest yesterday of the curious suicide of Richard Marchant, formerly a well known Rugby footballer, who drowned himself from Clifton suspension bridge on Tuesday.

GHOSTS VANISH FROM CHRISTMAS BOOKS

Children Nowadays Are Too Materialistic to Believe in Fairy Tales.

(Special Cable.)

London, Dec. 2.—The time-honored ghost has completely vanished from among this year's stock of Christmas books for children. A well known Holborn bookseller yesterday vainly explored his premises in search of a specimen.

"He has gone," observed the bookseller, "utterly and bodily, if I may say so. For some years past the Christmas ghost that was wont to thrill, mystify and frighten our young readers has threatened to leave us. This year he has resolved to disappear entirely.

"What is the cause? It is the skepticism of the age, which is as prevalent among children as among their elders. Ghosts! Nonsense! Children do not believe in ghosts nowadays. They are too materialistic. The fairy is dying too. I have not seen one real old-fashioned fairy among the Christmas books I have put on my shelves during the last fortnight.

"Publishers," the bookseller added, "have agreed that the ghost has gone forever from the Christmas fireside, and none could mention the name of an author who now writes "the haunted castle keep" class of story. "Education has dispelled the ghost," explained one publisher.

MADE LOVE AT $2 PER HOUR.

Court Grants Lawyer's Claim for Time Spent Wooing.

(Special Cable.)

Ottawa, Dec. 2.—About a year ago Jerome Internosia, an Italian lawyer, entered a suit at Montreal to recover damages from Signor Bineili, whose daughter had broken her engagement to marry him.

The statement of claim caused much surprise. Mr. Internosia included charges for postage stamps, bananas, convent fees, wearing apparel, and, being a lawyer, he also demanded $2 for every hour spent in the company of the young woman.

The Court of Review reversed the decision of a lower court, and decided that Mr. Internosia was within his right in making these claims from the father of the young woman, because he had induced his daughter to break off the engagement.

SIX-PENNY DOCTORS THRIVE IN LONDON

Give Advice and Medicine for Twelve Cents and Make Money Fast.

(Special Cable.)

London, Dec. 2.—The meaning of the phrase "six-penny doctors," which was used by a qualified medical man in the Southwark County Court on Monday, was investigated by a reporter yesterday.

The following definition was given by a South London doctor with a large family practice:

"The six-penny doctor is of a class that is spreading rapidly in London, and he differs from other doctors in that he charges sixpence for advice and a bottle of medicine, and gets it, while the eighteen-penny, the two-shilling, the half-crown and the three-shilling doctors charge their fees and in many cases never got their money."

This was fully borne out by various medical men in the Greenwich and Woolwich districts, where the six-penny doctor is growing in demand.

The six-penny doctor is thriving where I am waiting in vain for my money," said a well known medical man. "The six-penny doctor has his sixpence cash down before the patient leaves his surgery with the bottle of medicine. The ordinary practitioner has to write off at least fifty per cent. of the fees owing to him.

"Edinburgh turns out per annum as many doctors as the whole of the hospitals of London put together. That is where the cheap doctor mainly comes from."

MARRIAGE LOWERS THE RATES.

London, Dec. 2.—The ratepayers of the Colchester Union have been saved $25 a year by a resolution of the guardians allowing the new porter of the workhouse to marry the laundress and occupy the lodge.

KISSES AS SOUVENIRS IN WOMAN'S ALBUM

She Devises Autograph Book Which Retain Imprints of the Lips.

(Special Cable).

London, December 2.

A clever young Kensington woman, a Miss Evans, has devised a new kind of autograph album that is likely to be popular. It is so contrived as to enable a young woman not only to collect the autograph signatures of her relatives, school-mates and intimate friends, but to preserve also imprints of their kisses.

The book is equipped with a little pad of a soluble carmine-tinted substance, upon which the lips are first lightly pressed, so as to take up a little of the pigment. Then a little kiss is imprinted upon the page in the space provided for the purpose, leaving a clear carmine record of the pressure of the lips. By the side of the kiss print space is another for the autograph. Such a book with its kisses and the signature make a very precious and intimate keepsake.

CHARACTER IN KISSES.

"And it is really marvelous," said Miss Evans, the charming and vivacious young inventor, yesterday, "what a lot of character there is in kisses. People who have not studied the subject simply have no idea how they vary. You know how they say that no two people's finger-prints are alike, though I collected thumbographs for a time, and I can't see much difference. Well, no two people's kisses are the tiniest bit alike. I have 200 in one album, and there is not one of them that you could possibly mistake for any other.

"Oh, no, I could not let any one look at it for millions of worlds. I just keep it for my very own."

"And do the kiss prints look like kisses."

"Of course they do. They are kisses and they simply could not look like anything else. They look like different kinds of kisses, of course, but they all look like kisses. Some are big, smudgy ones and some are little, pecky ones, but they are all kisses and you could not possibly mistake them for anything else, even if you didn't remember."

DEADLY PERIL IN FLANNELETTE DRESSES

English Home Office May Ask For Laws to Prevent Their Wear.

(Special Cable).

London, December 2.

The Home Office authorities are collecting statistics as to the number of deaths caused by the wearing of flannelette clothing, with a view to legislation on the subject.

Wynne Baxter, East London Coroner made this announcement yesterday at an inquest concerning the death of Dora Zullo, the wife of an artist.

She was combing her hair in front of the fire, when her flannelette dressing gown was set alight and she died from her injuries.

The Coroner, after mentioning the official action which was being taken commented on the peril arising from the wearing of flannelette, and said the number of fatal cases seemed to be on the increase.

A similar cause of death was also investigated by the Preston Coroner, a child three years old, dying owing to injuries received by her flannelette night dress catching fire.

"There is not an atom of flannel in flannelette" remarked the Coroner. "Flannelette is merely a name, and the material is all-cotton. It is a good deal more dangerous than flannel or ordinary cotton cloth."

ARMORED MOTOR CARS.

Two Designed for Modern Warfare Give Excellent Results.

(Special Cable.)

Vienna, Dec. 2.—Two armored motor cars, which have been manufactured at the Wiener-Neustadt works for the rapid transport of heavy artillery in time of war, are said to have given excellent results during their trials.

The cars, which are provided each with a forty-horse-power motor, carry a field gun, with a full supply of shells, and have seating capacity for a conductor and a gunner, both of whom are recommended with an armor-plated shelter.

WILL HUNT BIG GAME IN CENTRAL AFRICA

Earl of Warwick and Two Companions Start on a Perilous Expedition.

(Special Cable.)

London, Dec. 2.—The Earl of Warwick, his brother, Captain Greville, and Colonel Pattison to-morrow start for Uganda for a big game shooting expedition, which will be of several months' duration.

This is by no means the first experience the Earl will have had with big game shooting, for he has brought down tigers in India and has shot the "grizzly" on the Rocky Mountains. Captain Greville is one of the best shots of the day, while Colonel Pattison is a big game hunter of repute.

It is to the latter that the arrangements of the expedition have been entrusted, and in explaining them yesterday he laughed at the idea that the perils which he and his companions were going to face would be very dreadful or that the hardships would be over great.

ABUNDANT SPORT.

"As a matter of fact," he said, "we shall take things as comfortably as we can. From Mombassa we shall go up to Nairobi, which is as far as the rail will take us.

"Seven years ago when I was there, Nairobi was simply a patch of desert land, now it is a city with 10,000 inhabitants, and there are a number of white officials.

"We shall use Nairobi as our headquarters, and make various expeditions from there.

"Some of the country is, of course, impenetrable thicket, but we shall avoid this and make for the hills and plains, which are really beautiful, and literally alive with big game of all kinds. Nowhere on earth, indeed, can so much big game be found.

"There are herds of elephants, plenty of lions, giraffes, endless deer, and gigantic baboons that wander about, followed by an attendant army of small monkeys, whom they boss.

ALL DEPENDS ON LUCK.

"Our prospects? Well, that is hard to say. There is a large element of luck in big game hunting. Night after night one may hear lions roaring all around the camp, and yet not see one for weeks together. I have known men go in search of lions for months and never catch sight of one. On the other hand, one may bag a couple in the course of an afternoon.

"As we reckon about twenty porters to each of us, we shall number all told about sixty. I dare say we may find our way to spots where no white man has ever yet been, and come across many of the numerous native tribes. I suppose that altogether we shall be away five months."

PULLET AT $10,000, MOUSE AT $50,000

Devices at Exhibition of Birds and Beasts Which Afford Much Amusement.

London, December 2.

Poultry fanciers literally did not know which way to turn yesterday.

Between them, the Crystal Palace and the Alexandra Palace, housed some 15,000 birds and beasts, including poultry, geese, turkeys, rabbits, guinea pigs, pigeons and mice.

The humors of the "catalogue price," were never better exemplified than at the Alexandra Palace. The catalogue price is an amiable fiction printed against the exhibit numbers, and is sufficiently high to prevent the possibility of a sale. A Malay cockerel at $5,000 begins the joke, followed by a pullet valued at $10,000. The fun grows fast and furious when one comes to the exhibits of the National Mouse Club.

In the "black, chocolate or brown" class, Lady Decies exhibits two mice valued respectively at $30,000 and $25,000. A sum of $80,000 is the catalogue price for another in the "any other self-color class," but the climax is reached by W. Maxey in the "under ten weeks" class, for he prices his infant mouse at $50,000, a sum which is solemnly printed in the catalogue! It is needless to say that this device for retaining possession of a pet succeeds admirably.

SCOTSMAN CLAIMS SLICE OF NEW YORK

It Represents Sixty-five Acres and its Present Valuation is About $300,000,000.

(Special Cable.)

Glasgow, Dec. 2.—A Glasgow family claims and have evidence to support their claim, that they are heirs to a great part of the land upon which New York is built.

The value of this property is said to be $300,000,000.

Robert Edwards was born of Welsh parents in the county of Perth in 1760. He emigrated to America, made a fortune, and bought sixty-five acres of land in Manhattan Island.

J. W. Smith and his three sons, who are carrying on a stationery business in Glasgow, claim to be heirs to this property, as Mr. Smith, sr., married the daughter of Mrs. Madgie, who was a niece of this Robert Edwards.

HEALTH FOR WOMEN

Mrs. Emma Daigle of Moncton N B., Sends an Open Letter to All Sufferers.

Most women are tired when they wake up. Housework drags along with great difficulty. Nervousness is always present, headaches seldom depart, tears are ever ready to flow.

But there is a cure, a true specific for women's ills that restored a prominent lady in Moncton, Mrs. Daigle, who tells the following experience:

"About a year ago I had a serious sickness, sort of a general breakdown. My digestion failed entirely and I was able to eat but very little. I took violent stomach pains and suffered terribly from headaches. My doctor said it was "nerve exhaustion" and I might never be well. My troubles increased, for as I grew weaker I became subject to neuralgia and rheumatism. Sleep finally forsook me and I almost lost heart. Different medicines didn't help. Doctors couldn't do me any good. I was desperate when I took Ferrozone. The first box convinced me it was just what I needed. It toned up my stomach, gave me a splendid appetite and then my recovery seemed easier. Ferrozone increased my weight several pounds, has restored my nerves, given me a good color and strength such as I never had before. For the weak and sickly I can truthfully recommend Ferrozone." (Signed) Emma . Daigle.

REMEMBER: No mere stimulant or alcoholic concoction can take the loss of the nerve and blood nourishment contained in Ferrozone. This true tonic always does what is claimed for it. Sold everywhere in 50c. boxes or six for $2.50. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and in outside points at $3 per year, strictly in advance.

PETERBORO, DECEMBER 2 1905

"WHO SHALL OWN AMERICA?"

Judge Peter S. Grosscup, of the United States Circuit Court of Appeals in Chicago, has propounded a new plan for controlling corporations so that they shall benefit the many instead of the few. Judge Grosscup's plan is to bring all corporations under Federal instead of State control, and to so order their issues of securities that financial juggling of these will be impossible. The judge sets forth his scheme in an article entitled "Who Shall Own America?" He calls it a problem and a solution. He states that unless something is done in the matter speedily America will be owned by the corporations, although the very basis of the Republic has been the ownership of the property of the country by individuals. The beginning of the way out is national incorporation. Then the new corporation must be constructed on lines of simplicity. Third, provision must be made to interest labor in ownership. Fourth, the corporation being trustee for its owners, the Government must be given opportunity to exercise a constant watch that trust is executed. Fifth, provision must be made for a Government exchange, or private exchange under Government supervision, through which the securities of National corporations could be [illegible] and sold. Few statements published in the past years have awakened as much comment as this of Judge Grosscup. The criticism is both for and against and there seems to be a great deal of truth in the logic of the plan.

—Negamee is installing a municipal electric light plant, which will be in operation next month. Their rates for a 16-candle power lamp will be 50c. per month; 2 lamps, 40c. per month each; 3 lamps, 30c. per month each. Havelock citizens enjoy far cheaper rates than that, only paying 25 cents per month for an all night service.

FREE

The Man Medicine Receipt Free to All Suffering Men

You—a man—are not a man unless you are a man in every sense.

There are thousands living dead lives today—weak debilitated, ashamed, disqualified.

There are thousands of others who are strong potent able, stalwart and vigorous—and made so by the great Man Medicine—the medicine for man-weakness, the cure for incapacity.

You can have this great remedy, and get it at most any drug store by sending for the great free prescription. Post free in plain envelope to any man who writes for it—no cost of any kind—no bills, no receipts no papers to sign—free—absolutely—to any and every sufferer.

The Man Medicine receipt or prescription has made men of thousands who had ceased to enjoy the reality of real life actions.

It will do as much for you as it has for others.

Be a man.

Be the man you want to be—be as you used to be—be HUMAN—be natural and right.

Man Medicine does it—does what you want it to do—wildly strongly, naturally, and the great free prescription is yours for the asking—sent free to any address.

201 Leach Building, Detroit, Mich.

House of Refuge Fully Discussed

Joint Committees of County and City Councils and Leading Clergymen Talk Over Housing the Poor.

Last night a large gathering of members, from both County and City Councils, met to arrange for proposed house of refuge.

Among those present were; Revs. Dr. Crethers, Langfeldt, Father McColl, Major and Dr. Torrance; Dr. Halliday, Ald. Johnston, Adams and Mason. Mr. J. B. McWilliams, the Warden of the county, and other prominent civic and county citizens.

Owing to the absence of the boss, before beginning business, Ald. Adams moved that ex-Mayor Roger take the chair. This post he occupied until Mayor Beat arrived.

Mr. J. B. McWilliams opened business by explaining how the Ontario Government might cut off the allowance made to the Protestant Home and House of Providence. He mentioned how the Protestant Home had been just founded. That it was originally intended only for women, but that men were afterwards admitted. It will now be necessary to enlarge the Protestant Home or do something to relieve the overplus of demand for caring for old people.

Rev. Dr. Torrance asked whether, by a further expenditure, the Home accommodation would be adequate. He next asked in case a house of refuge were built, would it be for all classes, Protestant and Catholic. Mr. McWilliams replied that it would, on an equitable adjustment of rates paid. Rev. Father McCool explained how the House of Providence kept a certain number of patients belonging to the city.

Rev. Dr. Torrance asked how much a house of refuge would cost. Mr. McWilliams could not state the amount.

Rev. Mr. Langfeldt asked "would it not be better to do away with the Protestant Home and get a house of refuge."

Mayor Beat explained that the city helped the Home.

Rev. Mr. Mayor asked what the question was, what was the meeting really called for. Mr. McWilliams explained that the Protestant Home would have to be enlarged, or something done.

The Mayor explained it is now up to the County Council to say what they intended to do.

Ald. Adams said the county had been considering this matter for ten years.

The Warden of the County Council would build a house of refuge outside the city limits or assistance.

Rev. Dr. Torrance asked, supposing $50,000 were spent on the house of refuge, how much would the city be asked for.

Rev. Mr. Mayor asked the warden of the county whether his last statement was authorative; if so, there was no use in to-night's meeting. The warden explained that no actual decision had been arrived at.

Mr. McWilliams suggested that the county council report to a committee of the city as to what they intend to do in reference to a house of refuge.

The Mayor again explained that it is up to the county council to build the house of refuge, and see if the city would join with them in the expense.

Rev. Dr. Torrance, thought, to get to business, a series of resolutions, starting from the point, of moving that a house of refuge is necessary for city and county, would get to the point quickest the Rev. gentleman moved, seconded by Rev. Mr. Langfeldt, that in the opinion of this meeting, it is desirable to have a house of refuge.

Mr. Roger said that this was putting the horse before the cart. The city has at present good provision for their poor in Protestant Home and House of Providence. It would render these two institutions useless, should the city build a house of refuge. The meeting should decide whether co-operation of city and county is advisable.

Mr. McWilliams said there are now two inmates in many of the rooms at the Protestant Home. This is against Government regulations.

The warden said that the county council had decided nothing definitely, they were thinking of possibly erecting such a building some day.

Mr. Roger said the Protestant Home is taxed beyond its capacity. They cannot go on taking inmates unless some change is made.

He said to-night's meeting was simply a matter of taking advantage of the county council meeting here, and getting them and the city council to discuss the subject.

Mayor Beat said, "It is just this, who is going to take the initiative? The city is not compelled to build a house of refuge, whilst the county is. It just amounts to this, the county wants to feel how much the city will put up or do."

Rev. Dr. Torrance changed his motion to read that a house of refuge be erected, and that city and county should co-operate.

Dr. Halliday pointed out that as a director of the Protestant Home, he could not consistently or intelligently vote on such a motion. The motion would be all right if it were introduced before the county council. It would commit the city too far.

Rev. Father McColl, made a long speech showing it would be unfair to ask the people to pay towards houses of refuge. They had, at a large expense, erected the House of Providence which sheltered many poor. If a house of refuge were built, with the city's co-operation, the Government grant towards the House of Providence would cease, and the building be thrown on their hands practically useless. He advocated the city looking after its own poor, and letting the county take care of theirs. With a small outlay of money, the Protestant Home could look after its poor. Did not think it would be just to Catholics, with money invested in House of Providence, to be taxed towards house of refuge.

Rev. Mr. Langfeldt agreed with Father McColl, that nothing should be done to injure the House of Providence. He did not know that if a house of refuge were erected, it would, as said by Father McColl, cut off the grant for the city charitable institutions.

The ultimate result of two hours' talk was that things remained in statu quo.

Ald. Adams moved, seconded by County Councillor Mahoney, that in the opinion of this meeting it is desirable for the county and city councils to appoint a committee to consider this matter and report in January.—Carried.

NEW RECTOR INDUCTED

Rev. John Bushell is Now Rector of St. Clement's Church Toronto.

Yesterday The Times was in receipt of a communication to the effect that on Thursday evening, Rev. John Bushell, the new rector of St. Clement's church, was, duly, inducted as rector.

The church was appropriately and beautifully decorated for the occasion. The rite was carried out in the presence of a large congregation by Archdeacon Langtry. Archdeacon Sweeny read the mandate, and the lessons were read by Canon Welsh and Rev. R. Seaborn. An eloquent sermon was preached by Rev. W. L. Baines-Read, of Norway.

After the service the rector was presented with a handsome stole by the members of the Girls' Auxiliary.

Rev. John Bushell was ordained by the Bishop of Toronto in 1898 to the missions of Otonabee, and subsequently he went to the parish of Norway and Westwood. In 1900 he went as assistant to Dr. Mackenzie, of Grace church, Brantford, in which capacity he labored for four years. From there he went to London, Ont., as assistant at St. Paul's cathedral, where he remained until he was unanimously chosen to St. Clement's church, of Toronto, succeeding the Rev. Mr. Heathcote, who is now in Winnipeg.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

BASKETBALL.

The Arrows Basketball team left on the 11.45 G.T.R. train for Belleville yesterday where they met a fast team of that place last night. The team lined up as follows;—N. Darling, D. Loomis, backs; F. Richardson, center; W. Miller, F. Cressman, forwards; J. Laing, spare.

* * *

RUGBY.

The Oriental will receive bulletins of the Ottawa-Peterboro game this afternoon every ten minutes, so that fans will be able to follow the progress of the game from start to finish.

AFTER 31 YEARS

Mr. Jas. Miller Renewing Acquaintance with Old Peterboro' Friends.

Yesterday a former resident of this county and city in the person of Mr. James Miller, formerly of Smith township, but now a resident of Alaska, was, in company with Mr. Dan Bedeglem, casting old friends of years which he has not seen for over 31 years.

Mr. Miller, many years ago managed singing schools in Peterboro, Smith, Lakefield and other parts of the county.

Yesterday he met among other old friends, Mr. R. J. Winch. These old friends had a great chat over old times, recalling how they had, in company, attended the opening of Clementi Masonic Lodge at Lakefield.

Mr. Miller used to live in Smith, about one mile from the hotel once managed by Mrs. Phelan, on the Lakefield road. He is now a successful resident of Alaska, but still contains a warm spot in his heart for the old town of his younger days.

A GOOD JOB

Mr. George Rickerby Appointed to Responsible Position on P. R. R.

Yesterday afternoon Mr. George Rickerby, a young man well known about town, received a very acceptable message.

The message was a telegram which read as follows; Philadelphia, Pa., Nov. 30th, Come immediately; will pay you twenty-five dollars per week, as per correspondence. Wire immediate reply if accepted."

The message was signed by Mr. A. F. Stalman, general manager of the Pennsylvania Railroad.

Mr. Rickerby, as is known by his many friends, has put in a year or two in studying medicine, and had completed arrangements for completing his course at a prominent New York State medical college.

Yesterday he was undecided whether to accept this flattering offer or to complete his medical course.

He decided, owing to the customary habit of the great Pennsylvania Railroad, to quickly advance good men, to accept this good opening.

His brother Joseph, will accompany him, on Monday per C.P.R., to Philadelphia, the former gentleman having secured a good position with the same company as assistant shipping clerk.

Whilst we do not like to see Peterboro's men leaving, we must congratulate these young men on their good appointments and wish them every success in their new home.

County Gives $150 Towards Dairymen

At the meeting of the Committee on Finance of this County Council yesterday morning, the question of the grant to the Eastern Ontario Dairymen's Association was discussed, and it was decided to recommend to the Council that $150 be given to assist the association in paying the expenses of the convention. The City Council will in all probability make a similar grant to the association.

Public

Announcement

The rapid increase in our PLATE GLASS and MIRROR business recently, has somewhat divided our attention between the Framery proper and these lines. Having secured the services of a competent man to look after this section of our business, Mr. Dunslow has pleasure in announcing that he will devote his entire attention to the picture framing and art section till after Christmas.

NO RACE SUICIDE

Mrs. Francis Goselin George Street is Grandmother to 20 Children.

Yesterday The Times interviewed a lady whose duty to her country has been performed in a manner worthy of emulation.

Mrs. Frances Goselin, 139 George street, this city, is the proud possessor of a newly born grandson, who yesterday reached the mature age of ten days. The baby, a fine little boy, of sturdy build, and well developed lungs, is a son of Mrs. Riches, of 141 George street. The mother of this infant is Mrs. Goselin's daughter. This baby makes exactly half a hundred of sturdy Canadian born children, who have called, or will call Mrs. Goselin "grandma."

This lady who rejoices in so numerous a progeny is sixty years of age, but looks twenty years younger.

Her half hundred grandchildren are all alive to-day but seven.

They are divided as follows; Joseph Goselin, Mrs. Goselin's eldest son, has 11; Mrs. Corby, a daughter, now living in Toronto, has had 11 children, although now only 35 years of age; Isadora, another son, now living in the city has had eight children; Mrs. Milo Heath, a daughter living here, has had 8 children; James Goselin, the George street meat market man, has had 8 children; Thos. Goselin 2; Mrs. Kidd, a daughter living in the North-west has 7, and Mrs. Riches, her youngest daughter, has the fine little boy seen yesterday.

Mrs. Goselin, the grandmother, had her first child when only 17 years of age, and raised altogether 12 of a family.

The Government should recognize such well performed duty in the way of family and maternal increase.

The grandmother of the large number of lusty Canadian children, is proud of her children and their children, and is as active as when 21 years of age.

CHRISTMAS CANADIAN MAGAZINE

Extra Size.
A Handsome Cover Design.
Numerous Full-page Illustrations.
Important and Instructive Articles by Specialists.
Short Stories by Virna Sheard, Alice Jones, Nellie L. McClung and Jean Blewett—a bouquet of clever women.

ALL BOOKSELLERS. READY NOVEMBER 25th.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIMES BOOKSTORE

The Cincinnati Enquirer has just issued a New Valuable up to date Wall Chart of three sheets (six pages) each 28 inches wide, 36 inches long.

The first page shows an entirely New Map of Ohio; the most beautiful and exact ever printed. In bringing this Map up to date, all new towns are located, all Electric and Traction Railroads are shown, all Rural Mail Routes, and portraits of all the Governors.

On other pages of this Magnificent Chart are Maps of the United States with portraits of all the Presidents.

Map of Panama showing Canal zone, with data relative to the great Ship Canal, now being built by the United States, one of the greatest enterprises ever attempted.

A topographical Map of the Russia Japanese War district with data and details of the two great Armies and Navies, battle fields, etc., including the last Naval battle in the straits of Korea.

A map of the World, with Names of Rulers. Coats of Arms. Flags of all Nations. Steamship Routes, with data and Statistics of great worth.

Other maps are the Philippine Islands, Hawaii, Alaska and Porto Rico, in all nine distinct maps.

An index will locate any point desired and is so simple a child can understand it. The Chart is new, correct and up to date, making it an invaluable educator, indespensable for the Home, School, Library, or College.

The selling price is $2.50, yet its worth is many times greater. The Enquirer Company is giving this chart Free to subscribers of the weekly Enquirer who remit one dollar for a years subscription or for a renewal of old subscription. Agents can reap a rich harvest soliciting orders for this grand offer. Address,

ENQUIRER COMPANY,
Cincinnati, Ohio.

TURNING THE TABLE

By VIRGINIA LEILA WENTZ

Copyright, 1905, by Virginia Leila Wentz

In the beginning Greta had dreamed of romantic love and army or navy officers. That was while her father lived. When he died, failing to leave either her mother or her a red copper—nothing but the big mansion with the enormous mortgage on it—Greta, prompted by her mother, was ready to marry anything eligible, provided there was a good, substantial bank account.

As far as his physical appearance went John Selwyn did fairly well. He was deep chested and broad shouldered and a bit above medium height. His chin was firm, his mouth was sensitive and his eyes were dark and quiet. In big, practical things, in the financial world, in mines and stock markets he was at home. In the arena of more circumscribed doings—society with a capital S and the infinite trifles that make up form and manners in that arena—he humbly acknowledged that he was out of place.

As for Greta Weston—well, the young creature whom God permitted him to call wife was to John a being from a world he had never known! She was rather a pretty girl and cultured, but to him she was fairer than lilies, sweeter than roses, more precious than all rare gems. Her lovely, delicate face was to him the face of an angel, and his love for her was a mute idolatry. In all his life, not even on the dear old New England farm, had he known anything like it.

When John paid off the mortgage and settled a princely few hundred thousands on Greta, Mrs. Weston saw no reason why the patrician feelings of herself and daughter should longer be repressed.

"If I may make a suggestion," she remarked haughtily one morning at breakfast, the morning following a dinner at which John's ignorance of table etiquette had marked him as an unspeakable kind of skimmed milk among the social cream, "when you have finished a course it is customary to lay your knife and fork on your plate side by side."

"So sorry. But you see I'm not much used"—began John humbly.

"Oh, we know," observed Mrs. Weston icily, "but we'll do what we can to polish you, at least to save you from being ridiculous." And then, with his permission, she began to point out to him his remissnesses of the night before. For example, it appeared that he had offered the wrong arm to the lady whom he took in to dinner; he had shaken hands when he should nod and failed to shake when he should; he hadn't taken the right seat in the carriage; he hadn't risen when the ladies left the table. In fact, he had been a bull in the china shop from beginning to last.

"Give me a little time, dear," he said to Greta a trifle sadly, completely ignoring her mother—"just a little time—and I'll promise you won't be ashamed of me."

If during this scene the man appeared undignified and weak it must be remembered that he was idolatrously in love with his wife. But that very idolatry helped him in other ways, for love is a famous school mistress. He had mastered big, practical problems in life, and he was quite confident that he could conquer these smaller ones.

Pathetically enough, however, his rapid daily improvement passed all unnoticed in the eyes of his young wife. She grew prettier and prettier, her cheeks more exquisitely pink, her eyes brighter. But likewise she grew more and more capricious and manifested increased annoyance at his presence. At first he wondered helplessly. Little by little the scales began to fall from his eyes.

There was a copy of Sichel's "Madonna and Child" which hung directly over the hall mantel. John had bought the picture because he fancied the Madonna resembled Greta. One evening, following his wife into dinner, the fancied likeness struck him with renewed force—she was so richly colored and beautiful! Absentmindedly he stepped on her train and ripped the waist seam ever so slightly. She turned on him contemptuously when he apologized, with an anger born of her condition:

"Do you mean to keep on 'begging pardon' all your life?"

"It was a little accident, dear. I wouldn't get angry," he remonstrated soothingly, at heart very sorry and very much annoyed at himself.

"Don't call me 'my dear!'" she flashed back. "I despise you! I might as well tell you first as last! I"—

"Greta, Greta!" cried Mrs. Weston warningly. But Greta, for the first time in her life, was beyond the control of expediency.

"I can't bear you! I never, never, never loved you, and now—I can't even breathe where you are! Oh, if I could never see you again, if I could never see you again!" She began to cry and sob violently, and her mother led her upstairs.

When Mrs. Weston came down a half hour later the dinner table, brilliantly lighted, gleaming with damask and silver, was still untouched. John, who sat bowed in surprise and crushed grief, slowly raised his head. There was a pause. The thought that occurred to Mrs. Weston was that he was sitting while she was standing—a distinct violation of etiquette. As for him—well, he was thinking of other things. Bewilderedly, he brushed away a heavy lock that had fallen over his forehead.

"She said"—he stopped, his voice was husky—"she said she'd never cared for me." He swallowed hard again. "Never—is that true?"

The woman was frightened. She felt the sudden iron of his will and was speechless.

"Answer me. Is it?" His command rang out like a pistol shot, and a dangerous gleam lay level in his eyes.

"Yes," she admitted, utterly thrown off her guard.

"At least," he said finally, and his voice sounded miles and miles away, "we have the truth at last. Now we may understand each other."

From that time on Greta was as completely ignored as if she had been the bisque shepherdess on the drawing room cabinet. From being everything in the house she and her mother had suddenly become nothing. It was almost as if they were remaining there like the maids on two weeks' notice.

One morning they told him that his wife was calling for him. They led him into a cool, dim room. When he became accustomed to the half light he saw that Greta, the pink rose, had turned to an exquisite white lily. He spoke to her gently, considerately, as the physician had bade him, but as to feeling, had not she herself killed it?

But all the dammed up love in the man's nature went immediately out to the human trifle in blue ribbons and lace which the nurse held on a pillow for his inspection.

John's son and heir grew and thrived daily. Life for the first time since his marriage again became invested with a meaning for John, and God existed after all! The father directed his household with the power and the superb indifference of a king, and the women folk were treated almost as ciphers. Mr. John Selwyn, a man of affairs to be reckoned with, well dressed, well mannered, polished in speech, went to his offices every morning. In the afternoons he drove out with his son and his son's nurse in his son's landau behind his son's magnificent horses.

From the moment of her child's birth Greta had felt a tenderness toward John—the tenderness of a wife who has borne a man a son. Now she was beginning to feel other things. She smiled as she remembered her irritation at his social dereliction, his old time lack of etiquette which had seemed to her a hopeless stumbling block in the way of mutual happiness. But now—even if he hadn't mastered those deficiencies, which obviously he had—what were such small matters compared with the power to face the realities of existence? And how big he was in all big things!

One day she came to him, a dumb, pathetic question in each purple eye.

"What is it?" he asked generously. Her short upper lip trembled, and without warning she burst into tears.

"I—I want you to love me again," she sobbed.

"Love you? As the woman who bears my name, as the mother of my son—why, I could scarcely help but do that."

"No, no!" she cried, as one who really suffers. "I don't mean that way. I want you to love me as you used to. I'm just longing to have you come and kiss me—when you don't have to, you know."

He stood precisely where he was, gauging the sobbing little figure for a long while in utter silence. First he measured her severely, then questioningly. Last of all, a sudden softness stole over him and swept him off his feet.

Without a word, but with eyes that were wet, he crossed the room and took her protectingly in his big arms. Just then the nurse fetched their small son in, crowing with delight.

A Ministerial Doubt.

The new pastor of the country church was an eminently practical man as well as a good Christian, and on the occasion of his first sermon he proceeded at its close to test the practical Christianity of his hearers.

"I should like to know," he said, glancing over the congregation, "how many women in this assembly have not spoken a harsh word to their husbands during the past four weeks."

There was a stir among the auditors, but no other indication that the shot had told.

"Indeed," he went on, "I am so anxious to know that I shall ask that all the women who have not done so rise to their feet and be counted."

He paused a moment and waited. One rose far over in the corner, then another near her, and soon they had come up all over the house until there were at least fifty on the floor. The preacher counted them carefully. Then he added:

"Fifty-two," he said. "Well, really, dear friends, I had no idea there were so many widows in this community."—London Tit-Bits.

A Deadening Habit.

A fault finding, criticising habit is fatal to all excellence. Nothing will strangle growth quicker than a tendency to hunt for flaws, to rejoice in the unlovely, like a hog which always has his nose in the mud and rarely looks up. The direction in which we look indicates the life aim, and people who are always looking for something to criticise, for the crooked and the ugly, who are always suspicious, who invariably look at the worst side of others, are but giving the world a picture of themselves.

This disposition to see the worst instead of the best grows on one very rapidly until it ultimately strangles all that is beautiful and crushes out all that is good in himself. No matter how many times your confidence has been betrayed, do not allow yourself to sour, do not lose your faith in people. The bad are the exceptions. Most people are honest and true and mean to do what is right.—O. S. Marden in Success Magazine.

BLOOD DISEASE

If you inherited or contracted any Blood Disease you are never safe unless the virus or poison has been eradicated from the system. At times you see alarming symptoms, but live in hopes no serious results will follow. Have you any of the following symptoms? Sore throat, Sores on the tongue or in the mouth, hair falling out, aching pains, Itchiness of the skin, sores or blotches on the body, eyes red and smart, dyspeptic stomach, sexual weakness—enlarged glands. Don't trust to luck. Don't ruin your system with the old fogy treatment—mercury, potash and patent medicines, which suppress the symptoms for a time only to break out again when happy in domestic life. Don't let quacks experiment on you. Our NEW METHOD TREATMENT is guaranteed to cure you. OUR GUARANTEES ARE BACKED BY BANK BONDS that the Blood or Skin disease will never return. Thousands of patients have been already cured by our NEW METHOD TREATMENT for over 30 years, and no return of the disease. No experiment, no risk—not a "patch up," but a positive cure. The worst cases solicited.

W. H. PATTERSON NO NAMES USED WITHOUT WRITTEN CONSENT. W. H. PATTERSON

HAD BLOOD POISON 12 YEARS

The New Method Treatment Cured Him after Drugs, Mercury, Hot Springs, &c., all failed.

Before Treatment

Wm. H. Patterson, of Saginaw, Mich., relates his experience: "I do not like notoriety and especially of this kind, but I feel I owe this much to Drs. K. & K. for the great good they have done me. I had a serious blood disease when 24 years of age. The skin and blood symptoms gradually developed. Pimples and blotches formed, rotting bone pains in the bones and joints, became loose, pains in the bones and joints. After Treatment dyspeptic stomach, foul breath, itchy skin, etc. It is needless for me to say I tried doctors. I grew to hate the looks of one. I visited Hot Springs twice for four months each time. It helped me temporarily, but in six months after returning home I was as bad as ever. Finally a Doctor friend of mine advised me to see Drs. Kennedy & Kergan. He said he had known of them for over 20 years, and that they made a specialty of cases of this kind. I was treated by them and considered they ought to be expert in curing them. I was afraid of advertising doctors, but I took his advice. They agreed to treat me under a guarantee or no pay. I investigated their financial standing and found they were perfectly responsible, so I commenced the new method Treatment. The eruptions disappeared in two weeks the bone pains in four weeks and in four months I was entirely cured. Yes, sir, I can recommend the New Method Treatment for Blood and Skin Diseases."

CURES GUARANTEED OR NO PAY.

Consultation Free. Books Free. If unable to call, write for a Question Blank for Home Treatment.

DRS. KENNEDY & KERGAN

149 SHELBY STREET, - DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 250,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 30 tons a day in less than one year they can pay 100 per cent. on the par value of the Stock out standing in dividends, for they expect to have less than 600,000 shares of the Stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 6 per cent. discount will be allowed if all cash accompanies the order. Subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address,

W. E. FLODING, Delphos, Ohio, U. S. A.

WANTED: A Fiscal Agent for Canadian Territory.

"THE KRAMER" Gold Mining Co.

"THE SAFE WAY" IS "THE SUCCESSFUL WAY"

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

SELECTIONS

TALES OF TAMAGNO.

Some of the Great Singer's Peculiarities in Money Matters.

Despite the fabulous sums Tamagno received the great singer had a reputation for extreme parsimony. When staying in Moscow he noticed that the waiters in the hotel furnished him daily with fresh candles, although the old ones had been barely used. This vexed him, and, seeing that remonstrances were of no avail—the candles, he learned, formed a waiter's perquisite—he began to collect the candles himself. On leaving the hotel he gathered up the whole collection, and distributed them among the waiters when they lined up to receive their tips.

Tamagno's one interest off the stage was his only daughter and her children. It was for her that he hoarded his wealth, which he appears to have feared might slip away. With his daughter near him, however, he kept open house at his villa in Varese, near Milan. Once, in St. Petersburg, he disputed a fee of 3 francs for the forwarding of a telegram, but on hearing that his daughter was ill he left St. Petersburg and 40,000 rubles ($20,400) to hurry to Milan.

In a Berlin hotel, after appearing in "The Prophet," for which he received $1,250, he ordered for his supper two poached eggs and a bottle of mineral water. Eventually he drew from one of his pockets a bottle of wine, some of which he poured into the mineral water. It was a bottle which he had contrived to secrete at a banquet given in his honor two days before in Prague.

SUPERSTITION AND GEMS.

Some Points About the Topaz, the Ruby and the Opal.

A Maiden lane jeweler speaking of the trade in jewels said the other day that superstition with reference to them had a serious effect upon the trade. Some people will not buy or wear topaz unless they were born in November, and others cannot be induced to buy rubies unless they were born in July. It doesn't concern many people about rubies, because their price is too high for most persons to wear them. There are not two hundred good rubies of any size worth speaking of in New York, but the topaz is abundant and is not dear.

Then there is the superstitious objection to opals, which are regarded as unlucky all the year around and have no saving natal month to lift their opprobrium. They do not need the superstition to make them objectionable, however, because while they are very beautiful they are also very fragile and should be very cheap. Out in Australia you can go out with a pick and dig a wheelbarrow load in an hour. The cutting and polishing give them some value, but it is something like that bestowed upon cut glass. Still they rank as jewels, and when they are sold it is for a price. If, however, you want to find their value offer one to your jeweler either for a cash sum or in exchange. You will then learn what they are intrinsically worth—or something near it.

Origin of "So Long."

"You have perhaps wondered how the expression 'so long' came to be so generally used by the American people," said a Columbia college lecturer the other day. "It is usually used in closing a conversation and is simply a form of 'goodby.' The Norwegians brought it to this country. In that Land of the Midnight Sun 'sae laenge' is a common form of farewell. It means the same as the 'auf wiedersehen' of the German or the 'au revoir' of the French. Among the early settlers in America were many Norwegians, and the phrase was picked up from them. They pronounce it with the g softened and accompany it by a wave of the hand."

What Is an Edition?

What is an edition? Does it consist of 1,000 volumes or of 500 or 50 or 5? The word is not a technical term like "gross" or "dozen" or any like expression bearing a fixed numerical significance, and there is of course no reason why it should not mean anything from the lowest to the highest of these numbers, according to the taste and fancy, or it may be the tactics of the particular publisher who employs it. We know what is meant when we read that a new novel is "in its twentieth thousand," whereas the statement that it is "in its forty-fifth edition" conveys to us simply no information at all.—London Tatler.

A Use For the Tires.

An automobilist traveling through Castile, in Spain, came out of an inn one day to find his automobile surrounded by the population of the whole village, who were gazing at it with much interest and examining the back wheels, out of which large lumps had just been cut. The damage had been caused by the mother of a large family, who artlessly confessed that, seeing so much rubber on the wheels, she had cut a few pieces out to make toys for her children.

What He Seems.

"Who is that youngster?" asked the visitor to the sanctum.

"That," replied the editor, "is just the new office boy."

"Oh, his face seemed familiar"—

"Perhaps it is, but his manner is more so."

Too Methodical.

Hicks—My wife is very methodical. She's always got a place for everything and everything in its place. Wicks—So has mine, but I can never find the place.

If we rightly estimate what we call good and evil we shall find it less much in comparison.—Locke.

HARMSWORTH SELF EDUCATOR

First English Periodical Firm to Publish in Canada.

The latest, and according to cabled reports, the most successful of any of Sir Alfred Harmsworth's publications, has been selected as the first to be printed and published in Canada. At the same moment that announcement is made in England that a 40 per cent. dividend is being paid by the Harmsworth firm, it becomes known that a number of Harmsworth men are preparing an active Canadian campaign from the James Building, Toronto.

Mr. Murray, who is in charge of operations, describes the work as "really the most remarkable of its kind ever attempted." He says that every possible subject upon which a man or woman can need information is included within its pages, being a practical guide to all professions and trades, with the last word upon all arts and sciences, in addition to teaching six languages, shorthand, typewriting and all the practical details of everyday life at home, school or at work in any field. The Harmsworth Self Educator will be sold in fortnightly numbers for fifteen cents each, costing altogether less than eight dollars.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company.

Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. COBY,
Deputy of the Minister of the Interior.

Dr. Hamilton Cures Rheumatism

You Use His Mandrake and Butternilk Pills—He Guarantees Lasting Cure.

Rheumatism begins and ends in the blood which at no time is ever free from poison. But if the kidneys are healthy, they will filter out the wastes and poisons.

In case of rheumatism, the kidneys are not doing their work. As a result poisons crystaline around the joints and cause pain almost akin to torture.

There can be no sure, no permanent relief until the kidneys are stimulated. First get them into working order. For this purpose Dr. Hamilton's Pills excel all other remedies; they heal and strengthen the kidneys as no other poisons depart from the blood and all medicine can do. Once the kidneys are renewed by Dr. Hamilton's Pills the trace of rheumatism disappears.

No Case is Too Chronic to Yield to the Marvellous Influence of Dr. Hamilton's Pills.

"I spent nearly three years experimenting with rheumatic remedies, prior to the time I tried Dr. Hamilton's Pills, and hope, when I tried Dr. Hamilton's Pills; they completely cured me. No remedy could be better."

You will never regret using Dr. Hamilton's Pills. Get a supply today from your druggist, 25c. per box, or five boxes for $1. By mail to any address if price is forwarded to N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

Obituary.

Antonio Bionco, an Italian, 22 years of age, passed away at St. Joseph's hospital on Wednesday night. The deceased had lived in Peterboro for about four years, and was a favorite with his fellow countrymen. Becoming ill at one of the Dickson Company's camps, he was removed to the hospital. Death was due to pneumonia. The funeral held yesterday afternoon, was attended by many of our local Italian colony.

Scotchmen Celebrate.

St. Andrew's Day is one day on the Annual calendar that the patriotic and brawny sons of auld Scotia, always celebrate. On Thursday night, some 35 to 40 Scotchmen of Peterboro celebrated St. Andrew's night at the National Hotel, where an impromptu banquet was held. The dining room was prettily decorated with flowers and sprigs of heather, and the repast served by Mine Host Lawless was a most sumptuous one. The evening was one of enjoyment and good fellowship, and those present are loud in their praises of the manner in which the National managed the banquet.

It Pays To Advertise.

This great family journal broke through the cobwebs on the front door of a non-advertiser's place of business the other afternoon and, tiptoeing softly so as not to disturb the slumbers of the clerk who was snoring serenely on the front counter, approached the proprietor, who was calmly dozing in the back part, and, after gently waking him up so he wouldn't have a fit on account of seeing a customer in his store, asked him to change a $5 bill. "Haven't got it," he replied sleepily. "Didn't know there was that much money in Peterboro," and settling himself back, he returned to his trance. This g. f. i. then softly wended its way so as not to disturb the "dead ones," and entered the store of a Times advertiser and was accommodated in a hustling, businesslike manner and also got the sight of a roll of the "long green" that would choke a crocodile and convince the most skeptical that advertising pays.

NOT FOUND YET

False Rumor Circulated Yesterday About Young Bell Contradicted

A rumor was in circulation yesterday morning to the effect that the body of Louis Bell had been found, but The Times discovered that there is no truth in the report. The story that the boy had gone to the North-west, based on the fact that a lad answering his description had been given a pass from Toronto to the west, also turns out to be incorrect. The man who gave the pass was Mr. Tree, of Lakefield, and who on Thursday night when called up by 'phone, said that the boy he had seen was about eighteen years of age, Bell were long trousers and a stiff hat, while young Bell were short trousers and a cap.

—Little Lake has now come under the jurisdiction and control of King Jack Frost. This is a record frost for the time of year.

LOCAL INCIDENTS

By The Times Man on the Street

—Port Hope town council are looking for a chief of police to fill the vacancy caused by the death of Chief Reed.

—Things are getting to the point now where the aldermen will have to walk up to the glass and shelf their job is on straight.

—In order to raise necessary funds the Literary Society of the Lindsay Collegiate Institute intend putting on a play about Christmas week.

—Simcoe County Council has increased the pay of jurors to three dollars per day. The new regulation applies to both petit and grand jurors.

—Letters of incorporation have been granted to the Hastings Milling Company Limited, to take over and operate the Flour and Feed Mills of F. W. Rowlin in Hastings.

—Mr. H. H. Burnham, of Port Hope, received a letter from Haliburton on Monday, and the writer states that the chances of recovering the remains of the late Chief Reed are very slight.

Bobcaygeon Independent: Among the trophies of the l... recorded in the papers are a mu... of white deer. Not at all surprising. The lack of the hunters that swarm the woods, and the risks they take are enough to turn any deer white.

—Peterboro's session of the Tariff Commission was well managed and everything ran smoothly as could be wished. Great credit is due to Messrs Hughes-Charles, president, and Thos. Quartermain, secretary of the local Board of Trade.

—Berlin News-Record: Mrs. Ernie Marks, who plays one of the leading parts in the Marks Company, celebrated her birthday party Tuesday evening after the play, and a few friends were entertained in honor of the event. Her hubby presented Mrs. Marks with a beautiful diamond brooch.

PROPERTY COM. MEET

They will Recommend Renewing the Contract with Mr. Bellegham.

The Property Committee of the City Council met last night, when there were present; Chairman Aldermen Batten, and Aldermen Scott, Crowe and Hicks.

The committee will recommend the purchase of half a dozen towels and pillow cases for the firemen's bedrooms.

The contract with Mr. Bellegham for care and service of the Dan Spence ambulance having expired, the committee will recommend that this contract be renewed on the same termas and conditions as last year.

The chairman was authorized to have the signs over the treasurer's and city clerk's offices renewed, and lettered to read correctly as follows; "City Clerk's Office" in place of "Clerk's Office," and "City Treasurer's Office," instead of Town Treasurer's Office. J. J. Turner & Sons, will execute this work.

Ald. Batten was anxious to have the above business attended to before withdrawing from active participation in civic affairs, he having fully decided to withdraw from the Council at the end of this year, owing to pressure of private business.

FINANCE COMMITTEE

The Committee of Finance also met last night when there were present, Chairman Ald. E. F. Mason, Mayor Henry Best, and Aldermen Crowe, Adams and Batten.

A number of accounts were passed.

GRAND TRUNK PACIFIC RAILWAY

Offers a Prize of $250.00 to the Person Submitting Name that will be Adopted for the New Pacific Coast City.

A COMPETITION FOR THINKERS.

The recent use of names foreign to Canada by large corporations whose interests are essentially Canadian has brought about much adverse criticism, not only in Canadian newspapers but journals published in other countries, and to eliminate this omission and to over-rule any objection of this nature, the Grand Trunk Pacific are giving the people of Canada an opportunity to offer suggestions and submit names for the Pacific Coast City that will grow up at the terminus of the new Transcontinental Railway. With this end in view they have decided to offer a prize of $250.00 cash for a name that will be in every way appropriate and suitable. This will give any one an opportunity of putting on their "thinking cap," and competing in an open contest to decide the name, incidentally receiving this handsome prize, and the honor of naming a city whose birth means the evolution of a new era in Canada's twentieth century prosperity. The only conditions governing the contest are as follows:

Name not to be more than three syllables or contain more than ten letters and to be purely Canadian, preferably significant of British Columbia, and not to conflict with other names of towns or post offices now existing in Canada.

Use paper not larger than eight by ten inches, and write in ink on one side of the paper only.

Each competitor allowed to submit three names, on separate sheets, one name to appear on each sheet.

Accompanying each name, a short article of not less than fifty words, nor more than three hundred words, explanatory of the title.

Name of competitor, with full Post Office address, to be signed at bottom of sheet.

Names to be forwarded addressed, Pacific Coast Terminus Contest, Grand Trunk Pacific Railway, Montreal, Canada.

Competition will close at noon, December fifteenth, nineteen hundred and five.

As soon as competition has been decided, and name chosen, the name of successful competitor will be announced through the columns of the daily newspapers.

In case the name chosen has been selected by more than one competitor, then the explanatory articles will be judged on their merits, and decision rendered accordingly.

SOCIAL AND PERSONAL

—Mac McIlb Meadrum is spending a few days in Toronto.

—Mrs. W. R. Morris has gone for a fortnight's visit to Cobourg.

—C. H. Couillard, Toronto, Ernest Lobb, St. Catharines; W. H. Thompson, of C.P.R.; L. Edwards, Toronto; Fred Hartley, Brantford; R. G. Wright, Toronto; R. Lawson, London, are guests at the Snowden.

—Mr. and Mrs. R. P. Watt, of Peterboro, Mr. and Mrs. Jas. Eakins, of Toronto, and Mr. C. F. Randall, of Chicago, attended the funeral of the late Mrs. Mary Eakins, which took place on Saturday.—Millbrook Mirror.

COMPANY CHARTERED

Northumberland-Durham Power Co. L'td, Has $50,000 Capital.

Still another company has now been properly chartered by Government, to exploit the hitherto undeveloped water-power of Canada.

The charter of the Northumberland-Durham Power Company, Limited, has been issued by the Ontario Government, giving an authorized capital of $750,000. Its head office is Cobourg. The company is organized by the J. A. Culverwell Healy Falls Syndicate, and its particular purpose is to develop the Healy Falls power for electrical purposes at Campbellford, Warkworth, Brighton, Colborne, Cobourg and Port Hope and other places in the United Counties of Northumberland and Durham only.

Provisional directors are; W. J. Cameron, president of the Cameron Car Company, Cobourg; John Alex. Culverwell, engineer, Port Hope; George Hennessy, capitalist, Pittsburg and Cobourg; Robert A. Mulholland, hardware merchant, Port Hope; Samuel Nesbitt, apple exporter, Reeve of Brighton; William J. Maher, cattle exporter, Mayor of Cobourg; H. T. Bush, president of the Standard Ideal Sanitary Co., Port Hope; Col. Wm. McLean, merchant, Warden of Counties of Northumberland and Durham; A. R. Dundas, merchant, Cobourg; J. F. Clark, dry goods merchant, Port Hope; Edward T. Adams, physician, Toronto; James Hepderson, physician, Cobourg; W. F. Galbraith, lumber manufacturer, Port Hope; David Ewing, stock broker, councillor of Cobourg; Frank L. Webb, barrister, Colborne; T. C. Lapp, physician, Cobourg; Robt. Elliott, retired merchant, Roseneath; Frank M. Field, barrister, Cobourg; E. S. C. Huycke, King's counsel, Cobourg. The managing director of the company is J. A. Culverwell, of Port Hope.

A large municipal deputation will, shortly, to the number of about 70 persons, visit Ottawa to advance their demands for electric power.

EVERYBODY READS THE TIMES.

WARD OFF DISEASE

By fortifying your system with a reliable blood medicine. An alcoholic stimulant would do more harm than good and the reaction from it would leave you nearer complete prostration than ever before.

With stomach and blood in good order you can fight the battle of life successfully against all odds. GOLDEN SEAL ROOT (*Hydrastis*), is a famous remedy for dyspepsia, and QUEEN'S ROOT (*Stillingia*), has a direct action in promoting the renewal of the blood. Both of these are used in Dr. Pierce's Golden Medical Discovery in such a way, by skillful extraction, combination and solution without alcohol, that their best effects are secured.

Many years of actual practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for continuous use as tonic and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of the ingredients. The publication of the names of the ingredients on the wrapper of every bottle hereafter to be sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an "unknown remedy."

The Original LITTLE LIVER PILLS, first put up by old Dr. Pierce, of Buffalo, N. Y. Pierce's Pellets R. V. Pierce over 40 years ago. Much imitated, but never equaled. Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

"Common Sense Medical Adviser" will be sent free, paper-bound, for 31 one-cent stamps, to pay the cost of mailing only, or cloth-bound for 50 stamps. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

HOTEL IMPROVEMENTS

Hotel National is Now a Busy Scene of Work.

The National Hotel is now in the hands of several gangs of men who are hustling forward important alterations and improvements.

Yesterday men were busy on the large bar-room, tearing down the partition to the west of this room, and clamping the room.

As now arranged the bar stands to the north side of the room. With the partition removed, as above indicated the room will be greatly increased in size, the bar to be moved to the south end of the room.

The kitchens have already been removed to west of their fine dining room. The present lavatory is to be removed to the rooms formerly occupied by the culinary staff.

It is their intention of Mr. Lawless, proprietor, to absorb the two stores, to west of main entrance, now used as agricultural implement warehouses and stores, and add this greatly increased space to the already fine dining room.

The north front from west of the main entrance, will be at once filled up, as is the present hotel front, with handsome plate glass fronts.

When Mr. Lawless completes these extensive improvements he will have one of the best and most modern hotels in this section of the country.

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

On Fifth Page.

Our readers will find additional local news on fifth page of today's issue.

Gold Watch Lost.

On Friday forenoon, between Concession street, Ashburnham, and George street, a lady's gold watch. The finder will be suitably rewarded by leaving it at Times Bookstore.

To Our Subscribers.

Complaints have reached us of late regarding the improper delivery of The Times to city subscribers. We desire all who do not get the paper promptly to kindly notify the office.

Our New Premises.

The Times expects to occupy its new premises in the near future, when important changes will be made. The business will be put into a joint stock company, when some new blood will be taken in. The paper will be enlarged and greatly improved.

A Cobourg Deputation.

A deputations consisting of Messrs. R. A. Mulholland, Col. McLean, J. Culverwell and Col. Floyd, of Cobourg, went to Brighton on Monday and interviewed the council regarding a deputation to Ottawa respecting Healy Falls. The council appointed the reeve and council as a deputation. A banquet was afterwards held at which speeches were made.

Nomination Day.

Municipal nomination day this year will be on Friday, December 22nd, instead of as usual, on the last Monday of the month, which this year happens to be on Christmas. The statute provides that when the last Monday of the month is Christmas, nominations shall take place the preceding Friday, butelection day will be on Monday just the same, although it is New Year's Day.

Estray Bull Calf.

Strayed into the premises of the undersigned, lot 17, 14th concession, Otonabee, on or about November 1st, a bull calf, coming two years old. The owner is requested to pay expenses and take it away.

ISAAC HARPER.

Personally Conducted Tours to Mexico.

Handled by Rean Campbell, the author of the Only Reliable Guide to Mexico, and Manager American Tourist Association, are being arranged to go via the Grand Trunk Railway System. Particulars will be announced later.

Mr. Campbell has had 25 years' experience in Mexican tours, and they are the only ones that positively take in all the interesting points, and are not covered by any other parties. His own dining car "Quauhtinetzomatzin," and open top Observation car "Chilli-tli," are the largest and finest in the world.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

TUESDAY SEPT. 5, 1905

Intending students should make application as soon as possible.

Call at the College, or address

WM. PRINGLE,

Separate Sch. Office, Principal.

LOCAL OPTION IN COUNTY

Municipal Councillors Want Responsibility Removed.

There is a very pronounced feeling among the municipal councillors of this county that there should be some amendment to the municipal act regarding the method of submitting local option bylaws to the people. It has been proposed to make an organized effort all over the province to have the legislature make a change at its next session that will relieve the councillors of the grave responsibility of saying whether or not a vote shall be taken. The councillors say no such responsibility should be placed on them. The submission of the local option bylaw at the municipal elections makes the elections turn, they say, not upon the respective merits of the candidates, but upon the moral or liquor question. One of the municipal representatives told The Times yesterday that there should be a law passed making it imperative for councils to submit the local option question upon the presentation of a petition bearing the required number of signatures.

LEMBER TRADE GOOD

A Larger Cut than Usual Expected this Winter.

The open fall that has prevailed this year means dollars and cents to the lumberman. The woods are comparatively free of snow and a larger cutting will be made this year than for some time past.

Chopping has been going on for the past two months in the camps of the Dickson Company, and with cool weather and little or no snow the operations are not hindered in any way.

The prospects are that if there is the usual fall of snow during the winter, next spring a much larger cut will be brought down than even this year.

No trouble has been experienced in obtaining men for the shanties. The wages this year are slightly higher than last year. Choppers are being paid $23 to $30 per month, road cutters $35, and teamsters $35 to $30.

A CLERK DISMISSED.

Department Employee Charged with Being a Liberal Canvasser.

Mr. Robert Mahood, formerly of Peterboro, a clerk in the License Branch, was dismissed on order-in-council made at a meeting of the Ontario Cabinet on Thursday. Mr. Mahood states that he was called into the Provincial Secretary's office a fortnight ago and was told that a charge had been preferred against him of having been active in canvassing for the Liberals in the general election in East Victoria. He denies that such is the case and states that he has not been in that vicinity for ten years. At the last general election he did not vote.

Winter Homeopathy Tour Cuba and Mexico.

The cheapest and best trip ever run south. So much interest is centered in these two points of speculation, here is an opportunity to visit them both and see and compare for yourself. Every point of interest will be visited, the trip going further south than any other ever run. American trips cost the most for Mexico alone. Patronize home industry when it is the best. The train will contain every possible luxury, the meals in an elegant dining car equal to those of the best hotels. The management is thoroughly experienced in the running of special trains and quite familiar with Mexico, the doctor who will accompany the train having lived in Mexico for fifteen years.

The going trip takes in all the best of Kentucky (Mammoth Cave), Tennessee, Alabama, Florida, Mississippi, with nine days in and about Havana, Cuba, stopping at the best American Hotel. Mardi Gras in New Orleans, Louisiana, Texas—Houston and San Antonio, and all of Mexico, taking circle trips to interesting and beautiful points that sometimes extend three and four hundred miles. On the return Austin, Eureka, Hot Springs, and St. Louis are visited.

Everything paid when you buy your ticket. Write for information to E. M. Outhbert, 25 Maitland street, Toronto.

—For the convenience of those who have friends at a distance we have a good assortment of Xmas cards now on display. See our leader a nice fancy box containing ten cards. Tinsp Bookstore.

RUSSIAN MUTINEERS HAVE SURRENDERED

A Complete Route—Seven Battleships Lost and a Commander Wounded.

Sebastopol, Dec. 1—The mutinous sailors have surrendered to the authorities, six battleships are reported sunk and half the city in ruins as a result of a battle yesterday between the mutineers and the loyal troops, who are rushed here to occupy the forts on shore and suppress the uprising.

Lieut. Schmidt, the commander of the mutineers, fixed three o'clock yesterday afternoon as the time for the receipt of a favorable reply to the demands of the sailors.

When the time had elapsed and no answer had been received, Lieut. Schmidt opened fire from two vessels. The South forts, part of the squadron and part of the coast artillery, which remained loyal, returned the fire and the fire of the North forts, which had joined the lieutenant in the bombardment of the city. The battle lasted two hours and a half. The cruiser Otchakoff was pierced and burst into flames. The auxiliary cruiser Ismail and another vessel, besides torpedo boats, were sunk. The battleship Panteleimon was hit and several holes made in her side.

At 5.30 o'clock Lieut Schmidt was wounded, and surrendered the mutinous squadron and sailors. The North forts were taken at the point of the bayonet by the Brest and Bielostock regiments.

It is announced that Lieutenant Schmidt's wound is mortal.

A ST. PETERSBURG ACCOUNT.

St. Petersburg, Dec 1.—A report here says that Lieut. Schmidt commanded twelve warships, seven of which were lost. The barracks of the mutineers was carried by storm after the mutinous fleet had surrendered, and the whole position is now in the hands of the troops, under the command of General Neupdeuff. The Associated Press, however, is unable to guarantee the correctness of this report.

During the naval battle the sailors on the shore, entrenched in the barracks, defended their position with machine guns and rifles against the attacking infantry. After an engagement lasting two and a half hours, with the Otchakoff riddled and on fire and the cruiser Dnieper, and another vessel sunk, Lieut. Schmidt, who had been badly wounded, surrendered the entire squadron. The mutinous sailors on shore surrendered to the Brest and Bielostock regiments.

According to this report the Panteleimon, was injured below the waterline, and a torpedo boat is ashore on the rocks.

The demands of the mutineers are said to have included, besides the 15 proposals dealing with service conditions, the convocation of a Constitutional Assembly and the complete realisation of liberties promised by the imperial manifesto.

TO LICENSE CHEESE FACTORIES

Owners Throughout the Province Strongly in Favor of It.

Chief Dairy Inspector G. G. Publow, of Kingston, recently reported that owners of factories throughout the province appear to be strongly in favor of the introduction of a licensing system. As announced some time ago, Mr. Publow recently sent notices to the instructors in Eastern Ontario, asking them to see if the owners of the factories in their syndicates were in favor of licensing factories. The instructors were asked to secure the signatures of the manufacturers to a petition either for or against the licensing system.

In a statement that has been given the manufacturers, it has been explained that conditions on which a license would be granted would necessitate the place where the cheese is manufactured having a pure water supply, its being kept clean, possessing good drainage and being in every way fit for the manufacture of food products. In many of the syndicates all the owners of the factories have expressed themselves as being in favor of the license system. In one of the sections where are located some of worst factories in the province, all the manufacturers but one declared in favor of licensing.

If these men do not object to licensing there is not likely to be any strong objection to the introduction of such a system. They explain that they will be willing to improve their factories if the other factories in their vicinity are required to do so also.

Picton cheese board agreed that it would be a good plan to have each factory licensed, or some similar move be made that would further the interest of the cheese industry in the province.

CLIMBING THE ALPS.

Guides That Tempt Unwary Travelers Into Feats of Danger.

More than half the accidents in the Alps occur to those who have not the pluck to turn back. The guides are too often in favor of going on from professional motives. They have very few weeks to earn their living in, and it is a sort of tragedy for them to miss a single climb. For the same reason they are given to urging a party on to climb difficult and expensive peaks that are really beyond their strength. They regard tourists as so much baggage which they can at need almost carry on the rope. The only climb, therefore, which they regard as dangerous is a "traverse"—on which an accident to their tourist may mean death to themselves. Climbing straight up or down they feel fairly certain of sustaining any strain on the rope. It is most important, therefore, that every party should use its own unbiased judgment in regard to every expedition. The great danger in places like Zermatt and Chamonix is that there are a large number of unemployed guides always waiting about to catch the unwary traveler and tempt him into a difficult and expensive climb. He will get far more pleasure out of the sport if he begins with the cheap and easy and works gradually up to difficult. There is no especial merit in being frightened half out of your life.—London News.

CAN NOT RETURN TO HOMELAND

Number of Czar's Soldiers who Served in Manchuria Barred out of Russia.

CAME TO CANADA

Victoria, B.C., Nov. 30.—That Russia does not want any more of her militant subjects back in their home land is indicated by the arrival here on the Iyo Maru of twenty Polish cavalry and infantry men who have been serving the colors in Manchuria. They have been prisoners in Japan and upon their release received notice that they would not be allowed to return to Russia. They managed to collect sufficient funds to cross the Pacific, their intended destination being Vancouver.

They cannot speak English, but Mr. Lowe, a young Englishman who accompanied them, says that Russia refused to allow over a thousand prisoners who had been released to return until the present troubles in Russia are settled. They are to be taken on to a Siberian port pending an abatement of the revolution in Russia.

Over 3,000 Russians, he says, have applied for naturalisation in Japan, but must reside there two years before they can become citizens.

Canadians Going South in Private Train.

To Cuba and Mexico. Best and cheapest trip ever organized by thoroughly experienced parties. While the ladies speculate in opals, drawn work, pottery, onyx, etc., the gentlemen will have special attention given to showing them the country's resources and fields for investment. Train elegantly equipped. Everything the best. Everything paid for when you buy your ticket. E. M. Outhbert, 25 Maitland street, Toronto, or to C. B. Foster, District Passenger Agent, C.P. Ry., Toronto.

For Toronto University.

Stanford University, Cal., Nov. 30.—Dr. Simon J. McLean, for three years acting head of the department of economics and social science, has tendered his resignation, and it has been accepted by President Jordan. Dr. McLean leaves Stanford to accept a call to the head of the department of economics of commerce and transportation at the University of Toronto, of which he is a graduate.

LOOK OUT!

Many a man is looking out for his health, but looking for disease in the wrong direction. He takes medicine for his nerves, which seem "gone to pieces." He "doctors" for his heart, which is acting irregularly. He constantly stirs up his liver with pills and powder. But he does not get any better. He is looking for the cause of his complaints in the wrong direction.

It is a common thing for some one who has used Dr. Pierce's Golden Medical Discovery for "stomach trouble" to find that when the diseased stomach is cured the "weak" heart is made sound, the sluggish liver stimulated, and the throbbing nerves tranquilized. This fact alone suggests the truth which every leading medical scientist knows and recognizes—that diseases which seem remote from the stomach are often caused by the disease of the stomach and other organs of digestion and nutrition. When the diseased stomach and the digestive and nutritive system are cured of disease, the other organs are cured with them.

Food is the basis of life and of strength. But it is not the quantity of food eaten which supports the life and health of the body. The body is sustained by that portion of the food which after being eaten is converted into nourishment and properly assimilated. When the stomach and its allied organs of digestion and nutrition are diseased or "weak," only part of the food eaten is converted into nutrition, and the body and its organs are therefore only partly nourished. Dr. Pierce's Golden Medical Discovery cures the diseases of the stomach and digestive and nutritive system which prevent the proper nourishment of the body. In that way the body is once more strengthened in the only way possible, by food properly digested and perfectly assimilated.

Any person suffering from disease in chronic or aggravated form, is invited to consult Dr. Pierce by letter free. All correspondence strictly private and confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

There is no alcohol in "Golden Medical Discovery," and it is entirely free from opium, cocaine, and all other narcotics.

Accept no substitute for "Golden Medical Discovery." The main motive of substitution is the desire of the dealer to make a little more profit out of you by selling you a less meritorious medicine.

ABLE TO WORK AGAIN.

Mr. John L. Coughenour, of Glenaverge, Somerset Co., Penna., writes: "I had been doctoring for about a year and a half, being unable to work most of the time. The doctor said I had heart disease and indigestion. It began with a choking and oppressed feeling in the chest; later on I was troubled with a hungry feeling, and I seemed to be sore from my throat down into my stomach. My appetite was unusually poor, I was weak and nervous, and my heart kept throbbing continually, and I was short of breath. Finally I wrote to you for advice. I did not think your disease was right, but I ordered six bottles of 'Golden Medical Discovery' and began to use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

"SUFFERED ALL THE TIME."

"I feel that I would be doing an injustice to you if I did not send you a statement of my case," writes Mrs. David W. Gates, of Manchester, Franklin Co., Miss. "I had liver complaint and indigestion. Everything that I ate disagreed with me. I suffered all the time with pain and in my head; heart beat too fast; my feet and limbs were cold all the time. I did not sleep well at all. Was able to get about but very little. I commenced to use Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' in May, 1897, and by December I could begin to get about very well. Have been during my work ever since except vacation. Feel better than I have for several years. I would recommend Dr. Pierce's medicines to all who are troubled as I was. I am now sixty-one years old and I thank you most kindly for the happy relief and cure."

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery" and should be used when it is necessary a laxative is needed.

IGHTEEN LIVES ARE SNUFFED OUT IN MINE

aster on Friday Night—Victims Nearly all Englishmen—Were 4000 feet below Surface When Accident Occured.

alt Lake, Utah, Dec. 3.—An explo- late last night in Mine No. 1 Diamondville caused a heavy of life. One telegram received reports that eighteen men were d. Another despatch states that Mean to twenty-five men were ght in the mine when the explos occurred. Reports received in Salt e City say the explosion was caused by a "windy shot."

hrough telephonic communication the mine office at Diamondville, learned that eighteen men, all were in the mine, were killed. ly all were English miners, who to the Wyoming mines direct England. Five mules have been ered. Had the fatal night shift at work in the mine the loss ife probably would have been ap- ng. A "blown" shot was the of the disaster.

n small shift of 18 men were ing 4000 feet down in the mine, king coal down to be taken out e day shift. Presumably the were close together in a bunch the "blown" shot of glan powder exploded.

the mine offices it is said the workings are not materially damaged.

Tolstoi Hopeful of the Future

ia, Dec. 3.—The Russian correspent of the Tageblatt has interwed Count Leon Tolstoi at the 's house, and telegraphs as rs:

nt Tolstoi shows surprising optim regarding the present condi- of Russia. He considers that it is dangerous, and thinks the inial laborers in the few large s play no role as against the sts, who constitute the great rity of the Russian people.

e peasants are not thinking revolution, and Tolstoi regards newspaper reports about peasrevolting as exaggerated. He it is only a small party of revoary agitators who want to the present order of things. ever, he declines to make predicstating it is impossible to know will happen.

IS PLAINLY ACCUSED

Superintendent of Insurance in State of Missouri Makes Strong Allegations in Court Proceedings

Jefferson City, Mo., Dec. 3.—W. D. Vandiver, state superintendent of insurance, through his counsel, Attorney General Madley, F. W. Lehmann, and John M. Wood, to-day filed in the United States circuit court here, his reply to the petition of the New York Life Insurance Company, in the injunction proceedings recently instituted by the New York Life to overthrow the order of the state superintendent.

Superintendent Vandiver charged at the time he ordered the company's license revoked that President McCall and his associates had in the past four years spent large sums of money to secure desired state legislation and in campaign funds contributions.

In the reply filed to-day Mr. Vandiver accuses President McCall of debauching public morals, corrupting legislature and looting the funds of the policyholders by extravagant ventures and reckless speculation. The answer directs specific attention to the charge that President McCall and Vice-President George W. Perkins have, in bad and questionable estate investments, lost $7,000,000 of the company's money.

Mr. Vandiver maintains that the Missouri insurance department has the right to require insurance companies doing business in the state to manage their affairs in a proper manner, and to insist on the election of new officers and the adoption of methods that will insure the funds of the policyholders.

The return makes a general demurrer of the allegations made in the petition for injunctions.

By agreement the case was set for hearing on December 27.

East Side Hockey Team

And now the ambitious rink chasers, who live to the east of ourOtonabee river, have organized a team, who are open for challenges from all comers.

This East Side hockey team's line up, is as follows:

Right wing—S. Ferguson.
Center—D. Quinlan.
Cover point—C. Cox.
Left wing—C. Kylie.
Point—J. Brady.
Rover—L. Coughlin.
Goal—P. Gorham.

TODAY'S FUNERAL

Late Miss Maud Baxter Will be buried Today

The many friends in this city of Miss Maud Baxter, only daughter of Mr. Robt. Baxter, 29 Harvey street, were much grevied on Saturday to learn of her death at Nicholl's hospital on Friday night.

The funeral will take place from the family residence at ten o'clock this morning.

The deceased who was only 21 years old, had been a sufferer for five years from nerve and heart trouble, and for the last four weeks had been in the hospital.

The late Miss Baxter was born in Fenelon Falls, but has resided in this city with her parents for the last twenty years. Her mother died eleven years ago, and since that time she has kept house for her father and brother. The deceased was a bright, loveable, young lady, and had many friends.

AGAIN IN POWER

Is the Redoubtable Trepoff, and Zemstvoists Thwart Count Witte

St. Petersburg, December 1.—The situation has become worse. Count Witte has been abandoned by the Zemstvo people. General Trepoff is installed in his new post, and a specially strong force of troops and police are being drafted in St. Petersburg, likewise machine guns.

A report from Moscow says that the strikes have been renewed.

Here three more large factories have closed, including the famous "La Forma." Postoffice delegates say that if they are refused the right of meeting they will at once remove their headquarters to Finland.

TAKES WEDDING TRIP IN TRUNK

Young Man With Money Only for Bride's Ticket Goes as Baggage

Omaha, December 1.—George Frances, after being married in Denver, began his wedding journey to Chicago in his bride's trunk, but was discovered by the baggageman when the train reached here and ejected. Frances found that after buying a ticket and a berth for his wife in the tourist sleeper he had no money left with which to purchase a ticket for himself, so he decided to go in his bride's trunk. He laid in a stock of provisions for the journey and made some hundreds of miles of it safely before the baggageman discovered him. He begged to be allowed to continue as baggage, but was refused permission. Frances' father lives in Chicago.

MEN PREDOMINATE

Special Service in St. John's Under St. Andrew's Brotherhood

Last night St. John's church was once more packed to the doors. Perhaps a larger congregation was attracted by the fact that last night's service in the church was held under auspices of the Brotherhood of St. Andrews of St. John's church.

Some 2,000 specially gotten out cards of invitation had been issued preparatory to the event.

The hymns and service in general last night, were the same as usual at a normal church parade in the 57th Regt. in St. John's church.

The two center aisles were reserved for and filled by men, young and old.

Rev. J. C. Davidson, rector, took as his text [illegible] and in the course of his remarks [illegible] The rev. gentleman expressed his pleasure at seeing so many men present, in spite of the inclement weather.

The present claim for two purposes, to join in the worship of God and to feel the benefit of meeting the brethren of St. Andrew.

If the attendance by the men of this city were not as large as had been anticipated, it was no fault of the Brotherhood of St. Andrews. The rector then said the service of to-night has been made as simple as could be; those present were not invited to hear a musical service, nor to hear outbursts of eloquence. The speaker, looking down the center aisles, filled entirely by men, said, "I can see by your honest rugged faces you want no religious fancifully coated sugar plums of eloquence.

The speaker next very aptly illustrated the service demanded of men by Almighty God, by asking the men present, if in hiring a man to do work for them, they would ask him "Do you work?" No, of course the man works, we all must work; but what you ask of the man is, "How do you work? Are you the kind that, as the clock strikes the first blow of 12, throws down your hammer." God, like an employer, looks for the service that is thorough and faithful. The rector then read a prayer universally used by the late Dr. Arnold of Rugby, which well fitted in with his last line of argument.

In refuting the weak replies made by men, who do not attend church, when they say, "What do I want to go to church for, I can read my Bible at home." The rector pointing straight down the church in no uncertain tones said, "Such argument is Bosh! Bosh! Bosh! this is the only word in the English language that applies." Mr. Davidson went on to make a strong appeal to all those present, and in particular the men, to give up loafing about their homes and elsewhares and attend church. He was sometimes told by men they do not come to church as God has not given them a square deal, mentioning sickness, trouble, etc. This the rector said was tantamount to puny man comparing his power with that of the Almighty. The Almighty could get along without any individual's prayers or church attendance, but the individual could not get along without God.

The musical portion of the service was particularly effective.

HORSEMEN ATTENTION

Here is a Chance for any well Posted Man "in the Know"

As The Times always takes great interest in all matters appertaining to horses and racing, we now present a little conundrum to local horsemen that we think will keep most of them guessing.

Within the past few years, a horse raced on the local track. When first brought before the attention of Peterboro horsemen the horse forming the subject of this article was known here, and in this neighborhood as Little Pagne, and then had a mark of 2.12 1-2.

The next time heard of here the horse was known as Comminior K. with a mark of 2.20 1-4. We are now trying to test the extent of "know" that exists among Peterboro horsemen, by offering a reward, probably in the form of a leather medal to any horseman in this city, who first sets 'em up, and then tells us the present name of this horse, and what name he really ran under at the Peterboro races.

In addition to this medal we offer three suitable, clasps, engraved at the winners' expense, to the one answering the first two questions, and who can, in addition tell us where this horse is or has been within the last ten days.

Answer early and avoid the rush! —Sporting Ed. Times.

Result of Advertising Gratis

One day last week a local paper gave a little "write-up" to an local advertiser of their's, doing business not a thousand miles from George street, mentioning, as is customary with any paper desiring reciprocal relations with its patrons, certain changes or additions, made in the advertiser's business. On Saturday afternoon, a friend of the advertiser met a TTimes" representative and said; "Say old man you know how ——— was noticed in this certain local paper?" The Times man, as usual keen for business, naturally replied "Yes of course, it was the least the paper could do to give an advertiser a little notice." "Well," his informant replied, "That is all right, but do you know that ——— has been christening that notice for two days! Not only has he been out showing the article to his friends, but this morning, ——— mentioning a relative of the man referred to started out to look for the missing merchant, and fell he figured of from frequent visits to places where wet goods are sold to did not go home in a hack about ago.

Thus are the virtuous misjudged! A paper does a patron a good turn, two men get hilarious and the paper doing a good turn is treated, like the returned prodigal son, minus the brass band and Easter veal attachments, by getting the blame.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

HOCKEY.

The Aberdeens Hockey Club have organized for the season. The following officers were elected:—Patrons and patronesses, Mr. and Mrs. K. Eardley-Wilmot; hon. pres., Mr. H. Rush, jr.; pres. Mr. A. A. Hollingshead; vice-president, Mr. Sam Ray; secretary, Mr. Gladstone Maine; treas. Chas. Ray; capt., H. McMullin; manager, Victor LeHiff; trainer, Gladstone Maine; committee of management, Edwin Harriman, Henry McMullen, Clarence Wilson.

The colors for the club will be blue [illegible] The suits have arrived and are on exhibition at T. Barrie's.

• • • •

President Darroch has taken a decided stand in regard to tourist players, as will be seen by this letter:—

To the Secretary of the Hockey Club;

I desire to advise you that no change of residence permits will be granted this year under any circumstances. The association, in annual convention, having adopted the recommendation of last year's executive to that effect.

Residence since the 1st of October, 1905, will not be of sufficient qualification to play if there are suspicious circumstances in connection with the player's change of residence, and the executive will refuse a certificate for such player without further evidence.

Any club securing a certificate for a player who cannot qualify under the rules of the association will be held responsible and immediately suspended from further competition in the association. Your club should, therefore, make sure of the eligibility of every player who intends to wear your colors on this ice.

I expect the hearty co-operation of your clubs and all other clubs in the effort to rid the association of the serious amateur and the hockey tourist.

All applications for players' certificates must be accompanied by complete information regarding the players in question, especially if there has been a change in residence during the last year. The date of arrival and the character of the employment are particularly desired. Certificates will not be issued unless this order is complied with.

Sincerely yours,

D. L. DARROCH,
President O.H.A.

• • • •

The local club was grouped as follows in the intermediate series:—

Group No. 2—Convenor, C. N. Graham, Peterboro. Meet at Port Hope, Cobourg, Port Hope and Peterboro.

• • • •

The next meeting of the O.H.A. Executive will be held on Friday, Dec. 15, at 8 p.m., at the King Edward Hotel. A number of players whose change of residence has appeared suspicious will be ordered before the committee for the purpose of investigation.

• • • •

Among the candidates for this year's Varsity Hockey team, are Gould, of Fenelon Falls and McNichol, of Cobourg, two players well known in Peterboro.

• • • •

Manager Schlieman and Secretary Debus, of Berlin, Hockey Club, have announced that Berlin would play in the senior O.H.A. series this season. There will also be a Berlin team in the intermediate series.

• • • •

RUGBY.

Saturday's game was lost to the locals by default. Their failure to go to the Capital was fully justified. The white and blues, for many reasons, not the least of which is their splendid record and standing in the O.R.F.U. this season, made them deserving of every courtesy in their effort to play the Rough Riders H. in Ottawa Saturday. The C.R.F.U. however gave them mighty scant courtesy.

Last Wednesday the President of the C.R.F.U. was requested by the local executive to give a list of officials. No direct answer was vouchsafed to this very proper request. Late on Friday evening the Rough Riders sent word that they had appointed their own officials. The men appointed, would not, for one moment be accepted by the locals as they left good room for pre-supposing that "ceteris paribus," (or in English heads I win, tails you lose). Every advantage would be given to the Ottawa players.

The Rough Riders, evidently seeing their one-sided way of acting, sent a later message kindly allowing the Peterboros to name one official.

Under such treatment the boys could stand for no such bluff as this, at such short notice. If in so be used the Ottawa men will proffer some kind of explanation even though it be a lame one.

• • • •

Toronto Star of Saturday, contains a fine portrait of Mr. Frank Burnham, centre scrimmager of the champion Varsity team. Peterboro boys will get there.

• • • •

Referring to the Peterboro game that was not played on Saturday, the Toronto Star says;

As to that Peterboro case, Hamilton will smile grimly and say; "I told you so."

• • • •

King Clancy may be a great football general, but he appears to be a complete failure as a Rugby diplomat.

• • •

Rough Riders took over $1,000 away from Toronto last Saturday, besides $300 for expenses, yet when Peterboro asked for a Toronto man to referee the away-back half of the game the Rough Riders refused on the ground of expense. Two Ottawa men were appointed officials, both of them ignorant of the away-back rules. Peterboro would have had a fine chance going up against that combination.

TELEGRAPH NOT WORKING LONDON GETS NO NEWS

For First Time, Associated Press is Cut Off from Communication With the Russian Capital—Germany is Connected With Kieff Only.

London, Dec. 4.—Communication between London and St. Petersburg via the Great Northern Telegraph Company was severed this afternoon. Messages when received this morning, but nothing has reached here since noon. The company officials in London are unable to communicate with their office in St. Petersburg. They have no information as to the cause of the stoppage.

The Associated Press which has always received despatches from its St. Petersburg office each day before noon, has not received anything from that office since about 11.30 o'clock last night.

KIEFF ALONE ACCESSIBLE.

Berlin, Dec. 4.—The imperial telegraph department says that the only Russian point still accessible by wire is Kieff. Communication with St. Petersburg via Copenhagen has been interrupted since this morning.

Messages via Eydtkuhnen continue to be forwarded from there by mail.

DELIEVE STRIKE AVERTED.

Washington, Dec. 3.—The state department advices from St. Petersburg, dated yesterday, are to this effect: The strikers and employes have effected a compromise with regard to wages, and promises have been made that a new election law will be ordered to-morrow. This law will be probably provided for almost universal suffrage, and it is expected that the electors chosen directly by the people will in turn elect deputies to the national parliament. As a result of this promise, the situation has been much improved, and it is believed that the danger of another disastrous general strike has been averted.

Warsaw, Dec. 3.—The emperor's ukase, repealing martial law in Russian Poland, was gazetted here this morning. The infantry and cavalry patrols have disappeared from the streets, but some of the soldiery are still concealed in court yards and police stations. Military disturbances are occurring in the government of Lomzha.

At Zambroff the army reserve men have mutinied, demanding to be returned home. The officers' club was attacked and the windows were broken. Troops were sent from Lomzha to quell the riot, but they declare they will not shoot their comrades if ordered to do so.

Serious disturbances have taken place among the troops garrisoning the fortress of Ossowiec.

PRETTY WEDDING

Miss Isabella May Best Becomes Mrs. (Rev.) John Watt.

Yesterday afternoon a pretty and impressive ceremony was celebrated at the residence of Mr. S. H. Best, 210 Antrim street.

His second daughter, Miss Isabella May, was, with Rev. Dr. Torrance, officiating, united in the holy bonds of wedlock to Rev. John Watt of Manwood, Halton county.

The bridesmaid was Miss Ethel, sister of the bride, the groom being assisted by his brother, Mr. Watt.

At the conclusion of the ceremony a dainty wedding breakfast was partaken of by the many assembled guests.

Mr. and Mrs. Watt, who are both graduates of Queen's University, Kingston, left upon the five o'clock C.P.R. train for the west, and will take up residence at Manawood, the groom being the pastor of the Presbyterian Congregation at that place.

Mr. and Mrs. Watt were the recipients of many handsome wedding gifts and congratulatory favors, and will leave, followed by the best wishes of a large circle of friends.

Yesterday's wedding was the outcome of a romance originating whilst the contracting parties attended college together.

Winter Houseparty Tour Cuba and Mexico.

The cheapest and best trip ever run south so much interest is centered in these two points of speculation, here is an opportunity to visit them both and see and compare for yourself. Every point of interest will be visited, the trip going further south than any other ever run. American trips sent in search for Mexico alone. Patronize home industry when it is the best. The train will contain every possible luxury, the menus in an elegant dining car equal to those of the best hotels. The management is thoroughly experienced in the running of special trains and quite familiar with Mexico, the doctor who will accompany the train having lived in Mexico for fifteen years.

The going trip takes in all the best of Kentucky (Mammoth Cave), Tennessee, Alabama, Florida, Mississippi, with nine days in and about Havana, Cuba, stopping at the best American Hotel. Mardi Gras in New Orleans, Louisiana, Texas—Houston and San Antonio, and all of Mexico, taking circle trips to interesting and beautiful points that sometimes extend three and four hundred miles. On the return Austin, Eureka, Hot Springs, and St. Louis are visited.

Everything paid when you buy your ticket. Write for information to E. M. Cuthbert, 25 Maitland [illegible] Toronto.

OPEN SHOP SCHOOLS

New Plan Adopted by the Employing Printers

Chicago, December 1.—The establishment of an open-door printers' school for boys who will be taught all the branches of the printing trade on condition that they will not join a labor union when they have served their apprenticeship, has been determined upon by the Chicago Typothetae.

Plans for getting the school in operation within a few weeks are being formed. The school will be open to boys and young men who can show recommendations from responsible persons or parents, and each boy who enters upon the course must agree to work three years, on the understanding that he will work thereafter for firms in the Chicago Typothetae on the open-shop system.

"The printers' school for boys," says Secretary Hamm, of the Typothetae, "will result in bringing into the field a supply of competent printers within a comparatively short time, who will be pledged to work for Typothetae firms on the 'open-shop' basis. All branches of the trade will be taught—composition, machine operation, makeup, binding and everything that pertains to the trade.

"Parents and guardians will be required to vouch for boys who enter the school. All boys will be paid during their entire three years' course. The rate of wages will increase as the apprenticeship progresses. At the end of three years the young printers will be turned out full-fledged printers in good positions."

BREAKERS AHEAD!

Some Coffee Users Hit the Rocks Hard

The experience of a hard-working minister illustrates the grave dangers into which coffee drinking leads the unconscious victim.

Deranged nerves, clogged liver and disturbed heart action, are rarely attributed by the sufferers to the right cause, and the aid of powerful and dangerous drugs is sought to give the relief. Opium, in its various forms, is the commonly used sedative, and with the result, too frequently, that as the use of the coffee is continued, the ailment grows worse, and larger and larger doses of the drug are demanded.

Then comes a day when the victim realizes with horror that he has become the slave of a terrible habit, the most difficult to overcome of any known to medical practice. Thousands go to their graves every year because of drug addictions, and the proportion of those who recover is very small indeed, for to break the chain that binds the sufferer a strength of will power is required of which the drug has already robbed him.

Very few, perhaps, ever deliberately make choice of indulgence in hypnotic drugs, in the majority of cases the man is began merely as a temporary expedient, read with no thought of its continuance; but with each dose the power to resist the appetite it creates grows less. And those who do not understand the dangers of coffee indulgence are, because of that very ignorance, the more easily led to the verge of moral as well as physical shipwreck.

The clergyman referred to says that he had been a coffee drinker for 20 years, and that as time went on he became a semi-invalid. "It made me so nervous and dull and stupid that I often resorted to hypnotic drugs to induce sleep or to enable me to make the necessary preparations for the pulpit."

A clergyman is expected to preach good sermons, and when he finds his intellectual faculties have grown so sluggish that he cannot properly prepare himself, it may be readily seen that the temptation to use a stimulating drug to overcome this inertia and quicken his powers might prove fairly irresistible.

The time came to him when he realized his dangerous condition. It must be serious for a religious teacher to drift into such a state; he states that about that time he went through the Postum factory at Battle Creek and saw how Postum Coffee is made and when he went home he determined to make the struggle for freedom. He found it easy to rid himself of the coffee habit at once for Postum gave him the hot delicious beverage he wanted for breakfast and no drug, but rather the strong rebuilding food elements. Therenpon his natural sleep returned, the pains in head disappeared and the old lethargy left and he says the growth in his vigor and strength has been most remarkable." A true and happy return to natural conditions of perfect health. It's worth while. Name given by Postum Co., Battle Creek, Mich.

"There's a reason." Read the little book, "The Road to Wellville," in pkgs.

THE PRINTERS' STRIKE

The Printers Lose Their Battle in Winnipeg.

Toronto, December 1.—A despatch from Mr. O. H. Pollard, secretary of the Winnipeg Typothetae, sums the matter up briefly:

"On the 16th day of September the union gave us 24 hours to sign up on the 8-hour question. We refused. Result, all men out in 15 offices at 8 a.m. the following morning. Free Press, Telegram and Martels, employing about 70 to 75 men, complied with the demand and a few other 1-man offices did likewise.

"We sent a man to England, and at the end of 7 weeks after inauguration of strike all our offices were filled, and men to spare, good men, too, and in no way inferior to the strikers.

"Union here admits defeat in these 15 offices, and some say it will take years to gain the lost ground. The Wm. Weld Co., of London, Ont., start here the 1st January with an open office, making 16 in all. At present about 60 hands are walking the streets, who might have been working."

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the taste and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 600 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,864 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 190 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw feets answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Continental National Bank 200 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? Is buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more than 60 per cent over investment than money bolted at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par values of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 20 per cent. on a basis of five wells to the acre.

Send your remittances to

All Thin, Pale Women

Can Learn the Cause of Their Nervous, Used-up Condition

With women, ill-health is usually traceable to nerve exhaustion. Feeling run-down and tired most of the time is nature's warning that more nerve-force is required.

You must build up, nourish the body, vitalize the nerves, get more flesh and blood.

It's the abundant nutriment and building material in Ferrozone that enables it to cure so many sick women. It increases the appetite, adds weight and strength, restores lost color and develops a surplus of energy and nerve force that defies sickness of any kind. There is living proof in Mrs. Daniel Ferguson, Jr., of Prescott, Ont. Read her statement:

"A year ago my health failed. I grew thin and exceedingly pale. At night it was difficult to obtain restful sleep. My appetite was variable and indigestion bothered me considerably. I became morose and suffered from heart palpitation. You could scarcely believe the benefit I derived in one week from Ferrozone. Color came back to my cheeks. My vitality and appetite increased, renewed nerve force and better spirits came also. Ferrozone did a world of good and made me well.

Remember this: No alcoholic stimulant can nourish and build up like Ferrozone. Fifty cents per box or six boxes for $2.50. At all dealers, or N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

"NO CHILDREN WANTED"

It is said that of all the great cities of the world, New York and Paris present the gravest difficulties for a father and mother with a large family. Not one, but a thousand, parents can tell of a weary chase for ten miles in a straight line through Greater New York, vainly seeking accommodation for themselves and children, only to be curtly dismissed by landlords and janitors, with a laconic, "We will have no one with children." An American woman resident in Paris, writing to a friend, says: "The agreement I signed stipulated the following: That the rent was to be paid in advance every three months; that I was to bring on to the premises furniture above a certain value; that I was to have all the chimneys swept at least once a year; that I was not to keep a cat or a dog or any other pet animal in my rooms; that I was not to play the piano or any other instrument after 11 p.m.; that I was not to shake carpets or rugs out of the window after 10 a.m. That my servants were not to hang linen on the balconies, not to place flower-pots on the window-sills; and last, but by no means least, that if any children were to appear within the run of my three years' lease the landlord was at liberty to break the contract and give us notice to quit forthwith." Is it any wonder that under these circumstances the "depopulation peril" is worrying the patriots of France? German has annually more than 600,000 births over France, which, a century or so ago, contained 25 per cent. of the entire population of Europe, whereas the proportion has now fallen to a bare 11 per cent. In 1850 the population of France was 35,200,000, and in 1900 the figures were only 38,961,000; thus the total increase was less than three and three-quarter millions. Until 1850 France was second among the great nations of Europe in point of population, but today she only ranks fifth. In Great Britain today the father of a family probably pays under $10 in taxes in the course of a year; the figure is lower still in Italy and Russia, while in France it is over $25. A French father must provide his girls with a "dot" or marriage portion, otherwise marriage would be practically impossible for the girl. Another serious problem in France is the terrible mortality among infants. The annual loss is over 150,000 children under twelve months old. These conditions have now called into being in Paris a number of philanthropic societies who have laid themselves out to provide accommodation for parents with large families.

THE FALL OF SEBASTOPOL.

Whatever may the details of the most recent siege of Sebastopol, it seems clear, at all events, that the result has been the defeat of the mutineers. If the "reds" did no more fighting than they are credited with in the official despatches, they did not show the only spirit which ever carried a revolution to success—the spirit of Cromwell's army and of the men of Marseilles who "knew how to die." But if five thousand men were killed and wounded during the fighting—as one despatch tells us—then the "five o'clock tea" account published at St. Petersburg can hardly have been wholly frank.

The arrest of a number of the Czar's personal body guard is a symptom of real danger. If the propaganda of the revolutionists is making head-way so close to the person of the Emperor, it is difficult to believe that it is producing no impression upon the other regiments which we were told some days ago were growing restive because they had seen nothing of the Czar for so long. Signs of distrust in the army are not wanting. The disarming of the naval battalions does not look as if the Government felt very confident of their loyalty, and the order to the troops at Majof Novgorod to stay away from meetings is a similar symptom of panic.

When the situation is so entirely in the hands of the army as it seems to be today, it speaks much for the loyalty or the disorganization of the leading office s that there has been no attempt to establish a military dictatorship. There have been countries and times before today where such a step would have been taken. The ease with which Louis Napoleon arranged for his "coup d'etat" some fifty-five years ago, shows that the capture of the heads of an army is frequently equivalent to the capture of the army; but there is no Napoleon in Russia, and it is by no means certain that there is any such solidarity of the soldiery.

GRAND TRUNK PACIFIC RAILWAY

Offers a Prize of $250.00 to the Person Submitting Name that will be Adopted for the New Pacific Coast City.

A COMPETITION FOR THINKERS.

The recent use of names foreign to Canada by large corporations whose interests are essentially Canadian has brought about much adverse criticism, not only in Canadian newspapers but journals published in other countries, and to eliminate this omission and to over-rule any objection of this nature, the Grand Trunk Pacific are giving the people of Canada an opportunity to offer suggestions and submit names for the Pacific Coast City that will grow up at the terminus of the new Transcontinental Railway. With this end in view they have decided to offer a prize of $250.00 cash for a name that will be in every way appropriate and suitable. This will give any one an opportunity of putting on their "thinking cap," and competing in an open contest to decide the name, incidentally receiving this handsome prize, and the honor of naming a city whose birth means the evolution of a new era in Canada's twentieth century prosperity. The only conditions governing the contest are as follows:

Name not to be more than three syllables or contain more than ten letters and to be purely Canadian, preferably significant of British Columbia, and not to conflict with other names of towns or post offices now existing in Canada.

Use paper not larger than eight by ten inches, and write in ink on one side of the paper only.

Each competitor allowed to submit three names, on separate sheets, one name to appear on each sheet.

Accompanying each name, a short article of not less than fifty words, nor more than three hundred words, explanatory of the title.

Name of competitor, with full Post Office address, to be signed at bottom of sheet.

Names to be forwarded addressed, Pacific Coast Terminus Contest, Grand Trunk Pacific Railway, Montreal, Canada.

Competition will close at noon, December fifteenth, nineteen hundred and five.

As soon as competition has been decided, and name chosen, the name of successful competitor will be announced through the columns of the daily newspapers.

In case the name chosen has been selected by more than one competitor, then the explanatory articles will be judged on their merits, and decision rendered accordingly.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. The Cincinnati Enquirer has just issued a New Valuable up to date Wall Chart of three Sheets (six pages) each 28 inches wide, 36 inches long.

The first page shows an entirely New Map of Ohio; the most beautiful and exact ever printed. In bringing this Map up to date, all new towns are located, all Electric and Traction Railroads are shown, all Rural Mail Routes, and portraits of all the Governors.

On other pages of this Magnificent Chart are Maps of the United States with portraits of all the Presidents.

Map of Panama showing Canal zone, with data relative to the great Ship Canal, now being built by the United States, one of the greatest enterprises ever attempted.

A topographical Map of the Russia Japanese War district with data and details of the two great Armies and Navies, battle fields, etc., including the last Naval battle in the straits of Korea.

A map of the World, with Names of Rulers. Coats of Arms. Flags of all Nations. Steamship Routes, with data and Statistics of great worth.

Other maps are the Philippine Islands, Hawaii, Alaska and Porto Rico, in all nine distinct maps.

An index will locate any point desired and is so simple a child can understand it. The Chart is new, correct and up to date, making it an invaluable educator, indespensable for the Home, School, Library, or College.

The selling price is $2.50, yet its worth is many times greater. The Enquirer Company is giving this chart Free to subscribers of the weekly Enquirer who remit one dollar for a years subscription or for a renewal of old subscription. Agents can reap a rich harvest soliciting orders for this grand offer. Address,

VARICOCELE CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double Varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rascals. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy and Kergan, as he had taken treatment from them himself and knew they were square and skilful. He wrote them and got the New Method Treatment for me. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $18 a week in a machine shop before treatment, now I am earning $31 and never lose a day. I wish all sufferers knew of your valuable treatment.

HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most prevalent and most serious troubles. They are the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It only suppresses the symptoms—our NEW METHOD positively cures all blood diseases forever.

YOUNG OR MIDDLE AGED MEN—Imprudent acts or later excesses have broken down your system. You feel the symptoms stealing over you. Mentally, physically and virally you are not the man you used to be or should be. Will you heed the danger signals?

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has failed you, write for an honest opinion Free of Charge. BOOKS FREE—"The Golden Monitor" (illustrated), on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. PRIVATE. No names on boxes or envelopes. Everything confidential. Question list and cost of treatment FREE for Home Treatment.

DRS. KENNEDY & KERGAN

Cor. Mich. Ave. and Shelby St., Detroit, Mich.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1.00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 250,500 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 143 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 600,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales. I offer the above allotment on the following terms: 5 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U. S. A.

WANTED: A Fiscal Agent for Canadian Territory.

APPEARANCE

Is such an important feature on the table. It makes a heap of difference to the pleasure of the meal whether you have a good or a poor looking Sugar on the table.

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

SELECTIONS

Copenhagen's Round Tower.

The Rundetoarn of Copenhagen is a round tower erected toward the end of the eleventh century during the reign of Canute VI. It is 105 feet high and sixty-five feet in diameter. By means of a spiral gallery in the interior on a gentle incline the ascension may be made either on horseback or in a carriage.

Finger Nails.

An injured nail on the right hand will be renewed ten days or two weeks sooner than if on the left.

Servia.

Servia is thus called because it was originally inhabited by the Suedi, or Seevi, who located there, designing to remain, but were driven out toward the north by other tribes and finally made their way to Sweden.

Chesuncook Lake.

Chesuncook lake, in Maine, was named by the Indians. The word means "the goose place."

Driest Egypt.

The driest place in the world is that part of Egypt between the two lower falls of the Nile. Rain has never been known to fall there, and the inhabitants do not believe travelers when told that water can fall from the sky.

Alcohol.

Alcohol was first distinguished as an elementary substance by Albucasis in the twelfth century.

Licorice.

The licorice of commerce is the product of a plant known as Glycyrrhiza glabra, grown in the north of Spain. The root is gathered at certain seasons of the year, and the licorice is extracted by a primitive and simple process.

Smoothing Irons.

Smoothing irons were first used in France and are supposed to have been a French invention, being introduced in the sixteenth century.

The Storm Center.

The great lakes and the St. Lawrence valley have more storms per season than any other portions of this country. This is due to the fact that storms originating west of this district move directly east, while many originating farther south move to the northeast.

Ancient Needles.

Needles of bone, very delicately made, have been found in the Swiss lake dwellings.

Mixed Household.

A typical South African household described by Olive Schreiner had an English father, a half Dutch mother with a French name, a Scotch governess, a Zulu cook, a Hottentot housemaid and a Kaffir stable boy, while the little girl who waited at table was a Bassuto.

Finess.

"Finess" means a bottle or flask. When Alexander Cumberman's distress at love in the vase they were blowing they made an ordinary bottle of the figure, and hence the name.

The Gila River.

The Gila river, in Arizona, is named from a corruption of the Spanish word Guija, "the pebbly."

Ancient Marine Insurance.

Marine insurance dates back to the time of the Cæsars, Claudius Cæsar having been the first to insure vessels. During a famine he issued a proclamation that all vessels engaged in the carriage of foodstuffs meeting with an accident would be replaced by the state and by so doing largely increased the fleet of merchant vessels.

Curious Burial Custom.

A curious burial custom exists in Asam. All corpses are lowered from the roofs with ropes, it being contrary to the laws of the country to carry a dead body through a door.

Paros Island.

The small island of Paros is a favorite summer resort of the Athenians. It is famous for its fruit trees, which yield, among other things, 1,500,000 oranges, 800,000 mandarins and 10,000,000 lemons a year.

Antiquity of Repommbing.

Although the name of the first repommber and that of the land in which he practiced his art have both been lost to history, Egyptian sculptures prove that the art was practiced at least 3,000 years before the time of Christ.

Vitellius.

Vitellius had very great features. He is said to have weighed over 330 pounds.

Solar Heat of the Poles.

At either pole the intensity of the solar heat is one-fourth greater than at the equator, because at the pole the sun shines during the whole twenty-four hours.

Natural Lightning Conductors.

The Lombardy poplar tree, it is said, forms a splendid natural lightning conductor, its great height and lack of spreading branches enabling it to conduct a lightning stroke straight downward. No house near which one of these trees has been reared has as yet been known to suffer from the severest storm.

The Sea Bladder.

The sea bladder consists of a parent animal, with its own air bladder, from which 1 to 500 children attach to it by a hairline membrane. The whole family moves together.

Greeks and Breeches.

Among the Greeks breeches indicated slavery. A free man never wore them.

ADVERTISED IN THIS PAPER

WILL BE ARRESTED

Allan Hazen Water Works Expert in Trouble.

The Guelph Herald, on latest issue says:

"Allan Hazen, the consulting engineer, engaged by the city council to inspect the waterworks system and to report any necessary improvements, as well as the best filter for the work, will be here to-morrow to commence his work. Mr. Aid. Struthers' effort to have him deported, will likely prove futile. The lawyer is of the opinion that such action cannot be taken. His interpretation of the law is that it affects only mechanics and laborers, and as Mr. Hazen is a professional man, his work does not bring him under the power of the act. His worship had a conference with City Solicitor Guthrie, and the latter will give out his opinion this afternoon."

It will be remembered that The Times of a former issue noted that one of the Peterboro water commissioners would probably visit Guelph while Mr. Allan Hazen, of New York, was there in regard to the filtering system. Mr. Allan Hazen was due in Guelph yesterday, if the Herald can be relied upon. For full particulars see Monday's issue of The Times.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the North west Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

COAL.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

QUARTZ.—A free miner's certificate is granted upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 or 1500 feet. The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

LOCAL INCIDENTS

By The Times Man on the Street

—Ald. Batten will not be a candi- date for aldermanic honors this com- ing year.

—The chief of police has a left- handed glove for which he would like to find an owner.

—On Thursday next the Salvation Army Sunday school will hold their annual demonstration.

—At the Ministerial Association meeting today, Rev. Canon David- son, will give a paper on "Ritual- ism."

—A regular meeting of the Board of Education will take place at the secretary's office, George street, to- night.

—The Victoria County Council reim- bursed the town of Lindsay $300 for the care of smallpox patient who went there from Victoria Road.

—The special services in St. John's church last night were under the aus- pices of the Brotherhood of St. An- drew, whose members had charge of the arrangements.

—Nothing doing yesterday in police circles. No police courts, no arrests, not even a case of jag run in. Not even the police salaries were arrest- ed.

—The funeral of the infant son of Mr. and Mrs. John Flaherty of Em- ily township, took place Saturday afternoon to St. Martin's cemetery, Monaghan.

—Four tons of poultry have been shipped from Fenelon Falls for the export trade. Mr. Arnold has been a large shipper, and the price has been 10c. lb. live weight for turkeys.

—Rev. Ng Poon Chew is minister of the Celestial Kingdom, China. Chong Lee, who has shouldered his two and wringer and went to Montreal. He had many friends in the rock-bound burg.

—Staff-Capt. Kerr, superintendent of the Maternity Hospital and Rescue Home, Toronto, will visit here to- morrow when there will be a special meeting at the Salvation Army bar- racks.

—Nov. owing to Peterboro's re- cently imposed dignity, the city of- fices will now have signs over their offices. "City" clerk and "City" treas- urer's offices will show our people where to seek wanted officers.

—Prospects are decidedly good for a new industry for Barrie. A com- pany is being organized for the man- ufacture of druggists' supplies and barbers' supplies. The capital pro- posed is $25,000, of which $10,000 is to be paid up.

—Rev. Canon Davidson and Mrs. Davidson on Friday evening, enter- tained some 30 members of the local banks at 127 Hunter street resi- dence. A very pleasant evening with speeches, toasts and music was great- ly enjoyed.

—Prospects are decidedly good for a new industry for Barrie. A com- pany is being organized for the manu- facture of druggists' sundries and barbers' supplies. The capital pro- posed is $25,000, of which $10,000 is to be paid up.

—A weather prophet predicts a mild winter, with very little snow. Most people will not object to a mild win- ter, nor do they want as much snow as we had the past two winters, but would like just enough to make good sleighing.

—The Post gives away things thea- trical in Sengovia by saying: "A large audience gathered at the Aca- demy last night to hear Prof. Drum- mond recite by candle and lamplight ting with French-Canadian life and character.

—Mr. S. E. Stork of the Bank of Commerce staff, is spending a day or two at his home in Belleville, pre- vious to going to Collingwood, where he will relieve for a short while. He will later be attached to the Parry Sound branch. Mr. K. H. Shook succeeds Mr. Stork on the local staff.

—It was currently reported that prices slumped Saturday morning in the market for poultry, soared so high as to threaten the security of the roof timbers. It's a good thing local bakers do not combine with the far- mers or Peterboro's public will have to take to the fields and chew grass or make sawdust pancake.

—St. John's church choir under the direction of Mrs. K. Eardley-Wilmot will give the sacred oratorio, "Christ and His Soldiers" in St. John's church on Tuesday evening, Dec. 12. It is hoped that all lovers and stu- dents of music will appreciate the treat in store for them and be pre- sent on that occasion.

—Rev. W. M. MacKay conducted a memorial service in Knox church, cor- ner Wolfe and Reid streets yester- day evening. This service was held in memory of the late Mrs. Arnott, who had been a member of Knox church and choir and whose death so sad and unexpected, has caused the first removal in this recently organ- ized church.

—George Harris, an employee of the Dickson Company, who was working in the Patterson camp in Anstruther township, had one of his legs broken on Saturday. Harris was working on a log when a heavy hand spike flew back and hit his leg below the knee, breaking both bones. He was brought to St. Joseph's Hospital, Peterboro, Saturday night.

—Mrs. J. R. Stratton and Mr. K. G. Lech have returned from an extend- ed trip to the west. While away they were the guests of Mrs. Lech's parents, Mr. and Mrs. Thomas Mas- sie, of Kingfisher, Oklahoma Ter- ritory, and also of Mrs. Eugene Waterous, Enid, in the same terri- tory. Mrs. Waterous is a sister of Mrs. Lech.

New Grain Route

The Lindsay Post states that the C. P. R. are locating a line from the Georgian Bay, passing through Orillia, Lindsay, and joining the main line at or west of Peterborough. Some years ago there was talk of double tracking the old Midland line over this route, by the C. P. R., and the two com- panies, G. T. and C. P. using it jointly. It is apparently the intention now of having two separate roads. Grain carrying is the object.

Otonabee Farmer Hurt

Saturday morning Mr. Morely Smithson, of Otonabee, met with a painful accident. He was engaged in threshing when the middle finger of his left hand was caught in a gear- ing and so badly crushed that it was necessary to amputate it at the first joint. Drs. Kincaid and McWil- liams performing the amputation.

SOCIAL AND PERSONAL

—Mr. T. S. Medd was in Chatham on Saturday on business.

—Dr. Robertson, of Norwood, was in town on Saturday on business.

—Mrs. M. Meldrum is spending a few days in Toronto.

—Mr. Chas. Edgar, Bobcaygeon, was in the city on Saturday a guest of the Snowden House.

—Mr. H. J. Crowe, of the Buckhorn cheese factory, leaves today for Cuba. He intends spending the winter in the Heradura district.

—Mr. J. H. Jardine yesterday con- ducted services in St. Paul's church, Bethany, of which Rev. Wm. Burgess is rector, Mr. Jardine officiated Sun- day, and in that church the preceding Sunday. Many complimentary let- ters were received from Bethany re- garding the excellent manner in which Mr. Jardine officiated.

OFFICERS ELECTED

Dorcas Society of Park Street Bap- tist Church Meets.

Last week the Dorcas Society of that flourishing congregation, the Park street Baptist church met and elected their new officers as fol- lows;

Hon. Pres.—Mrs. (Rev.) A. H. Bruce.
Pres.—Mrs. M. Mowry.
Sec.—Mrs. J. Johnston.
Treas.—Mrs. R. Wright.

It was resolved that the executive in working co-operation with the pastor and deacons should alter the society's constitution, so as to pay the $40 per year to the church edifice society until the church was paid for.

The ladies shouldered the respon- sibility and stood by the trustees until the mortgage was burned. With such workers the outlook is hopeful for the new church. It might be noted that this important meeting was held at the residence of Mrs. H. Jewett, Chamberlain street.

Their Wedding Anniversary

Mr. and Mrs. R. F. Buntin, of 70 Albert street, celebrated the 32nd anniversary of their wedding on Fri- day night last. The invitation list was only limited by the size of their home. Mr. and Mrs. Buntin are deep- ly remembered in the affection of the members of the Park Street Bap- tist church with which they are connected. Everything possible was done to make the evening thoroughly enjoyable. The host and his wife were everywhere, making everybody happy. Congratulations by wire from relatives and friends in Hamil- ton was received during the evening. Mrs. Robert Wright presided at the organ, and classic vocal selections were rendered by Mrs. Jewell and Mr. Wm. Howe. Devotional exercises were conducted by Rev. A. H. Bruce, assist- ed by deacons T. J. Gillespie and Alex. Haddow. A very ample supply of re- freshments were served. Mr. and Mrs. Buntin's 32nd anniversary will long be remembered.

Peterboro Club Elects Officers

The Peterboro Club has elected new officers for the coming year;

President—His Honor Judge Wol- ler.

Vice-President—Dr. R. P. Boucher.

Sec.-Treasurer—Mr. E. J. Toker.

Auditors—W. R. Morris, E. G. Patterson.

Committee—Dr. Young and Messrs. P. Campbell, T. F. Matthews, G. W. [illegible] Walker, Hazen Ritchie and T. O. Mid- dleton.

Col. H. C. Roger former president, elected an honorary member.

P. C. Adams Finds Penny

Our readers will remember that in an item of This Times some days ago, we noted that William Penny of of Belleville, was eagerly sought by his mother who resides in the Bay City. On Saturday Mr. Penny, who has been missing for some three months, was located, working at Cook Bros.' lumber camp in Mind River by the intelligent enquiries of P. C. Adams. This will be joyful news for his mother, who was greatly dis- tressed by his continued absence and inability to be located.

Personally Conducted Tours to Mexico.

Handled by Reau Campbell, the au- thor of the Only Reliable Guide to Mexico, and Manager American Tourist Association, are being arranged to go via the Grand Trunk Railway System. Particulars will be announced later.

Mr. Campbell has had 25 years' ex- perience in Mexican tours, and they are the only ones that positively take in all the interesting points, and are not covered by any other parties. His own dining car "Quantzintecomatsin," and open top Observation car "Chilli- titi," are the largest and finest in the world.

Times Gives Away Gratis

Many hundreds of copies of Satur- day's Times, in addition to the large number of copies delivered to regu- lar subscribers, were freely handed out by boys to people on George street and the market square that morning. Many of our country cousins went home loaded with good literature for Sunday reading on their return trip Saturday evening, than for many a month. This system of helping out our advertisers is meeting with gen- eral and marked approval from our many advertisers.

"Please Smile AND Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked.

Fancy an attendant saying to the tor- tured woman, "Please smile and look pleasant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against Nature. Generally speaking, the racking pains of ill-health such as headache, backache and "bear- ing-down pains" are related to derange- ments or disorders of the organs dis- tinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as sacredly confidential.

"It affords me pleasure to relate the won- derful merits of your great medicines, espe- cially your 'Favorite Prescription,'" writes Mr. J. Wesley Blaine, of Woodbury, N. Jersey, R. Box 238. "My wife has been troubled for some time past, having suffered severely with bearing-down pains, aching in back, and many other complaints peculiar to women. She was very weak, could not do any heavy work or washing but can do all kinds of work now. She has taken seven bottles of 'Favorite Prescription' and one bottle of 'Golden Medical Discovery,' and is now as well as ever. Before taking your medicines she was under the care of a physician, but we do not fear the result as prescribed, all due to your wonder-worker, 'Favorite Prescription.'

"Your 'Pleasant Pellets' are also worth many times their price. I have used them for biliousness and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept."

Given away. The People's Common Sense Medical Ad- viser is sent free on receipt of stamps to pay expense of mailing only. The book con- tains 1008 pages, over 700 illus- trations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 50 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

NAVIGATION STILL OPEN

Lindsay's Port Still Accessible to Steamers

The Bobcaygeon Independent says: The lakes are open again and the Beaver came into port on Monday evening, from Lindsay, followed by the Alexandra. The lakes were cov- ered by nearly an inch of ice early in the week, but the stormy wea- ther of Thursday and Friday was too much for them. Openings were made in various places on Thursday, and the gale of Friday got the wa- ter in motion and the ice was quick- ly broken and ground to pieces. Sa- turday morning the canal was filled to deep with ice, and a stream was floating down the river. During the week the weather has done its best to fill the bill for all tastes, and as a consequence has not pleas- ed anyone. Even the cooks and hens have been disgruntled. For half an hour they would be crowing and cackling, and strutting and fussing, and flattering around as if it were a spring morning, and before they would know what was wrong they would be hustling under the barn, afeard first, in a howling snowstorm that was blowing the feathers of them. Thursday, the last day of No- vember, the lakes are open and the grass is green.

T. A. S. Literary Meets Tuesday.

The next regular fortnightly meet- ing of the Literary Society of St. Peter's T.A.S. will be held to-mor- row evening instead of Monday, on account of the election of officers in the Catholic Order of Foresters, which takes place on Monday. The en- tertainment will be in aid of the band fund. A little later on it is the intention to give an Irish night, when Irish songs, etc., will be given, and afterwards a Scottish night. Much local interest is being taken in the coming entertainment.

STILL GROWING

Demand for Mi-o-na Stomach Tablets Continues to Increase.

Although Mi-o-na was introduced in Peterboro but a short time ago, it is today outselling all other medicines for the cure of indigestion and stom- ach troubles.

Mi-o-na almost invariably cures all forms of indigestion and stomach troubles except cancer.

It gives each health and strength to the weakest stomach that all the food is readily converted into nutri- tion, so that it gives nourishment and health to the whole system. In this way nervousness and sleeplessness are cured; headaches, backaches, and rheumatic pains are prevented, and there will be no more poor appetite, distress after eating, heartburn, or de- bility.

Mi-o-na costs but 50c. a box.

If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post-paid, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The E. T. Booth Com- pany, Mount, N. Y.

Park St. Church Meeting

—To-morrow night the Ladies' Mis- sion Circle of Park street Baptist church will hold their annual thank- offering meeting to-morrow night at the church. Mrs. Morrow will give an address on Japanese and Chinese experiences and pioneering in Brit- ish Columbia. Rev. A. H. Bruce will speak on "Objects and Methods."

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other no- tions in burnt leather; also a large assortment of Diar- ies.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores,

Albums in a dozen dif- ferent makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travel- ling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable pres- ent for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles dis- tinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Mar- malade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Muffin Dishes, Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from —all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long win- ter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, chil- dren's Dishes in all sizes. Rocking Horses., etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIMES BOOKSTORE

MARKET BLOCK, PETERBOROUGH

P. S.—Do your shopping EARLY while the assortment is at its best. Goods selected now will be reserved until called for.

RED-HOT STOVE SELLING

Cart loads of New Stoves, etc., going out from Adam Hall's Store, because of their goodness and grate ness. Sales largely on the increase—overwhelming evidence of our leadership in the stove line. Glad to give you the benefit of our experience in the

Best Burning
Best Cooking - Best Fuel-Saving

STOVES, RANGES AND FURNACES

Come in any day and be convinced. Extra salespeople and men to attend to the increased orders.

It's such a comfort to have a GOOD Baker, a GOOD Heater and a GOOD Furnace, and you can get what you want from us, and get it right.

An Indian Murderer Refused New Trial

Finds That the Letter Found Beside the Body Brought the Murder Home to the Prisoner ---Appeal to the Government.

Toronto, Dec. 5.—Joseph Bennett, the Brantford Indian, who is to hang on December 15 for the murder of Hetty Jacobs if the Minister of Justice does not in the meantime direct that a new trial be held.

The Court of Appeal yesterday handed out judgment on the motion of L. F. Heyd, K.C., Bennett's counsel, asking for a new trial, on the ground that there was not sufficient evidence before the jury to warrant the finding of a verdict. Mr. Heyd argued that all the evidence was circumstantial.

The Court of Appeal dismisses the appeal, and it seems from the wording of their judgment that the finding of Bennett's letter beside the woman's body is the circumstance that they deem most damaging to the prisoner.

APPEAL TO MINISTER.

The Minister of Justice, Hon. Chas. Fitzpatrick, has consented to hear Mr. Heyd's appeal for a new trial, and Wednesday next is fixed as the date of the hearing. Mr. Heyd will appeal to the minister on slightly different grounds, to the effect that the jury was not warranted in convicting Bennett on the evidence put before them.

The judgment of Chief Justice Moss reads in part as follows:

"Upon consideration of the evidence we are unable to see that it would serve any useful purpose, so far as the prisoner is concerned, to call upon the learned judge to reserve a case upon the question which was discussed before us.

"The proof gives that the prisoner was in the vicinity of the house where the crime was committed, the correspondence of the hoof-marks of the horse he was driving with the hoof-marks observed near the fence the statement decreed to by the witness Detour Martin as having been made to him by the prisoner, that he was going to do something awful that night, and his fleeing from them who were sent to arrest him, might and probably would not present more than a case of suspicion, and would not in themselves be sufficient to connect the prisoner with the crime. But, in addition to this and other circumstances, there is the evidence of the finding of a letter, admittedly the prisoner's property, of 10 o'clock on the night of the murder, beside the body of the murdered woman. This fact, which was proved by several witnesses of the Crown, renders it impossible to say that at the close of the case for the Crown there was not evidence on which the jury might reasonably come to the conclusion that the prisoner was the person by whom the crime was committed."

EIGHTY-ONE YEARS OLD

Mr. William Croft Celebrates His Birthday

Last night, a jolly crowd of young fellows, many of them schoolfellows and contemporaries, of the host, gathered at the residence of one of Peterboro's best known and genial good fellows, Mr. William Croft, to help him celebrate his 81st birthday.

Mr. Croft, although having attained an age, some eleven years beyond the Biblical three score and ten, is to-day as bright mentally, and as smart physically as he was the age of a generation ago.

As noted above, last night some 40 or 50 of his friends gathered at Mr. Croft's residence and enjoyed his hospitality to the full. There were viands of all kinds galore, washed down by Croft's ginger beer, in some cases, "sweetened" by other things. During progress of the feast, the venerable, but still youthful host, challenged his old friend, W. Snowden, "a mere boy of some 78 odd summers," to play a curling match this winter. The challenge was promptly accepted, and some of our older young fellows might well attend and get pointers.

The Times wishes Mr. Croft very many happy returns of his birthday.

Died in London

London, Dec. 4.—Sir Clinton Edward Dawkins, a partner in the banking house of J. S. Morgan & Co., died in London at four o'clock yesterday afternoon after a short illness. Sir Clinton's heart had been weak for some time.

ENGLAND'S PREMIER

Sir Henry Campbell-Bannerman is Now Forming Cabinet

London, Dec. 4.—Premier Balfour visited King Edward at Buckingham Palace this afternoon and it is understood tendered the resignation of the Cabinet.

Sir Henry Campbell Bannerman, the Liberal Premier presumptive, arrived in town to-day from Scotland and the Liberal statesmen were hurriedly summoned from all part of the Kingdom to confer with him, particularly on the composition of the new cabinet.—John Morley-Herbert, Henry Asquith, Sir Edward Grey and Herbert John Gladstone, all of whom are believed to be selected for secretaryships—were present with Sir Henry.

ELECTION OF OFFICERS

Diamond L. O. L. No 8, Elect Officers for the Current Year

The annual meeting of Diamond L. O. L., No. 8, was held last evening in the Orange Hall, Simcoe street, when the following officers were elected for the current year;

W.M.—Bro. Wm. G. Bartley.
D.M.—Bro. J. Carscallen.
Chap.—Bro. W. A. Kindred.
R.S.—Bro. W. H. G. Armstrong.
F.S.—Bro. G. G. Clarke.
Treas.—Bro. R. Wilson.
D. of C.—Bro. M. Hawley.
Lect.—Bro. Jas. Garside.
Committee—Bros. A. Carmichael, Wm. Miles, John O. Irvine, Thos. Arnott, A. Goodfellow.

The above officers were duly installed by Bro. J. B. McWilliams, P.G.M. and Past Jr. Deputy Grand Master Ontario East.

LOCK-OUT IN NEW YORK

One is Threatened by the Employers of Housesmiths

New York, December 5.—The employment of non-union men in the places of six thousand striking housesmiths, and a general lockout, which are now threatening, will be followed by a strike of national proportions, in which at least seventy thousand men will become involved. War will be made on the Iron League. Not only will work on all new buildings in this city stop, but many large contracts throughout the country will be affected. An emergency committee of Building Trades Employers' Association yesterday appointed a special committee to resort to measures of aggression and defence in dealing with the striking housesmiths. The committee will decide on a date for meeting, at which a general lockout will probably be ordered.

PARK ST CHURCH

Meeting for This Week in this Strenuous Church

Following are the meetings for this week at Park street Baptist church:—

Tuesday—Ladies' Mission Circle's annual thankoffering. A good program, with an address by Mrs. Morrow, on "Japanese and Chinese Reminiscences," and the pastor on "Objects and Methods."

Wednesday — Public service with address by pastor on "Aggressive Christianity."

Thursday—A full attendance of the choir for special practice.

Friday—Dorcas Society meets pastor and deacon to formulate new constitution.

CHILDREN BUILT

The Certain Way to Grow Healthy, Sturdy Children is by Intelligent Feeding.

An Iowa mother tells of the naturally correct instinct of her 8-year-old boy. She says he thinks there is nothing equal to Grape-Nuts for breakfast.

"When he was a little baby he was puny and pale, and to find the right food to properly nourish him was a difficult problem. When he got to be about 12 months old we commenced using Grape-Nuts food in our family and I began feeding him a little moistened with milk. We all liked Grape-Nuts, but he liked it especially well.

"It agreed with him. He began to grow plump and rosy, and for years he has scarcely eaten a breakfast without a dish of Grape-Nuts, and he usually eats nothing else. He wants it and will take no substitute. He has never been sick and today is a remarkably robust child with a fine muscular development, and a quick, active brain—by far the healthiest and strongest, even if he is the youngest, of my five children.

"All this I attribute to his regular use of Grape-Nuts food.' Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pkgs.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

RUGBY.

The press of Ottawa are evidently bound to white-wash the Rough Riders' attempt to get the locals into an ambush from which there would be no escape;

The Ottawa Journal says;—Peterboro, the intermediate Ontario football champions, have refused to play to-day against the Rough Riders II., having disagreed as to officials.

The Canadian Union originally decided that the match should take place at Brockville, but Peterboro decided they would rather play in Ottawa. On the question of officials there was some disagreement, and the matter was left to President Chaney, who appointed Ajax Macdonald, of Ottawa College, and Grant Rice, a newspaper man in Ottawa, who is not connected with any club. As a result Peterboro wired last evening, "Will not play to-morrow. Officials not satisfactory. Consider we have had a raw deal."

Negotiations are therefore all off and there will be no match.

• • • •

The Ottawa Free Press says;—Are the Western Peterboro champions following the golden rule of the Hamilton Tigers? In a telegram to President Hebard last night, the Peterboro executive refused to come to Ottawa, pointing out that they were dissatisfied with the officials. An immediate wire was sent advising them to bring along their own officials, but even this generous concession on the part of the local executive went for naught.

Later in the evening a reply came to the effect that the game was off and thus the matter stands with Ottawa out of pocket considerable for advertising and other expenses.

• • • •

THE TURF.

In our issue of yesterday's date we gave a conundrum concerning a horse that has attracted some attention in this neighborhood. The horse in question, when first brought before the attention of Peterboro horsemen, was known in this district as Little Payne with a record of 2.12 1-2.

The next time heard of here the horse was known as Dominion K., with a mark of 2.20 1-4. To test the extent of "know" that exists among Peterboro horsemen, we offered a reward, probably in the form of a leather medal to any horseman in this city, telling us the present name of this horse, and what name he really ran under at the Peterboro races.

Yesterday we received some 27 answers to our enquiry, all of which, with one exception were astray. As a majority of the names given belong to local horses, and as such would reflect unfairly upon the wrong horses and their owners, it is obviously necessary that we suppress all incorrect answers. The first and only correct answer was that of Mr. Brooks, proprietor of the Palace Restaurant. Mr. Brook's answer was that the horse in question, was Jim Watson, now dead. The leather medal offered for first correct answer is now in process of manufacture.

HOCKEY.

The uniforms for the Alerts hockey team have arrived, and the players are now waiting for colder weather. They are red and white and are very handsome. The Alerts will line up as follows:—Goal, W. Thompson; point, W. Tully; cover-point, H. Mathews; center, L. Stevens; left wing, H. Jeffries; right wing, H. Matthew; rover, C. Nicholls, spare, T. Tonge.

Messrs. Long & Maher supplied the uniforms, which gave universal satisfaction.

JAPAN'S NEW WAR SHIPS

BATTLESHIPS OF FUTURE NAVY WILL BE IMMENSE

And Will Displace Twenty-two Thousands Tons, It is Unofficially Stated —List of Cruisers Now Being Laid Down at Different Yards

Victoria, B. C., December 5.—The Japanese Admiralty has entered upon an elaborate scheme of naval expansion which is expected to be approved at the coming session of the Diet. According to news by the Shawmut today, Admiralty officials say Japan's best ships are beginning to be out of date, and larger ships, with much heavier armament and higher speed, will be built.

The Jiji Shimpo says the battleship of the future navy of Japan will displace 22,000 tons and have an armament of fourteen 12-inch guns and a speed of 20 knots, while the future cruisers will displace 15,000 tons and have a speed of 25 knots, but no official announcement has been made in this regard.

The Nippon gives a list of warships about to be laid down in Japanese yards as follows: At Yokosuku, battleship Satsuma, 18,000 tons; at Kure, battleship Aki, 18,000 tons; armored cruiser Ikoma, 14,000 tons, to be launched in December, 1905; armored cruiser Ikubi, 14,000 tons, to be laid down at Yokosuku; armored cruiser Kurama, 14,000 tons, to be laid down.

The five submarines recently added, built in America in sections, gave such success that the squadron will be increased.

The destroyer Asakze was launched at Kobe October 28, and four others are in course of construction.

A second-class cruiser and a dispatch boat are being built at Sasebo.

The steamer Shawmut of the Boston Steamship Company arrived today from Manila with a cargo of 14,000 tons of hemp, matting, tea and general merchandise valued at $1,300,000.

BOARD OF EDUCATION

Met Last Night and Transacted General Business

Among those present at last night's meeting were: Chairman Ferguson, Messrs. Stevenson, D. Morrison, Kennedy, Hartley, Hall, Hayes, Rogers, Morgan, Crane, Eastwood, Pringle and Dr. Burnham.

Mr. Stevenson opened the meeting by a lengthy address relative to the Collegiate Institute grounds. Dr. Burnham moved that the Board's solicitor see that the proper lots be definitely conveyed to the board; this includes lots 3, 4, 5, and 6, south of McDonell street—Carried.

Mr. Rogers mentioned that some two months ago, he gave notice of motion of changing date of meeting of the Board.

Mr. Roger's motion was, owing to limited time of present Board, laid over to be dealt with by next year's Board.

PUBLIC SCHOOLS.

Attendance for Nov. 1905.

	Roll.	Aver.	P.C.
Central	373	343	92.0

FINANCE COMMITTEE.

The chairman of the Finance Committee, reported and recommended that the following accounts be paid;

A. F. Hoover	$1.60
W. Reid	2.90
The Examiner	3.50
A. H. Stratton & Co....	4.39
Times Ptg. Co....	5.40
P. Canoe Co....	7.60
P. L. & P. Co....	5.00
P. L. & P. Co....	5.00
P. L. & P. Co....	5.63
Peterboro Water Com	40.44
Hicks & Co.	13.50
Kingan H. W. Co.	2.84
Kingan H. W. Co....	3.67
P. Hardware Co....	4.87
P. Hardware Co....	.50
Examiner Co....	12.66

The report was adopted.

A communication from Mr. C. Pearsden, principal of the Collegiate Institute, was received, in which the writer reported that a sidewalk in front of the Collegiate Institute, was usually, in cold weather, covered with ice, and dangerous. The matter was referred to the Property Committee.

Mr. Hodgson, of the Collegiate Institute, wrote the Board thanking them for their courtesy shown in giving him his salary during a recent illness.

A report was received, enclosed by the Minister of Education, from the department Inspector of the Cadet Corps. The usual grant of $50 will be paid the local Board in ten days' time.

The Supervision Committee reported that they visited each department of all the schools of the city last month.

Favorable conditions exist in Central, North Ward, East Ward and George street schools.

In South Central and West Ward schools conditions are not so satisfactory. Several of the rooms are overcrowded, rendering it impossible for teachers to do satisfactory work. Temporary arrangements are now completed for better accommodations.

The committee also referred to the general change from vertical to slant style of writing, advocating this change.

The committee also advocated raising the Public school standard. They also recommended the purchase for teachers in Collegiate Institute of books not to exceed $40.

As very little more work remained for the Board to transact, they adjourned early. It is understood that one more meeting will be held by the present Board, previous to that of the next succeeding Board.

Has Purchased the Ottawa Free Press

Ottawa, Dec. 4.—J. S. Ewart, K.C. Ottawa, has purchased the Ottawa Free Press for some local parties for $70,000. Alfred Wood was the late proprietor.

To Reduce Number of Liquor Licenses

Was the Object of the Ministerial Assn. in Working upon the Council Last Night--- Want a Plebescite Taken.

The City Fathers met in their last (who do know; hotel men themselves regular session for this year last know, and we do feel that some one night, when there were present, representing the public should see Mayor Henry, Reid, and Aldermen that law properly enforced."

Scott, Crowe, Hicks, Johnston, Mason, Jones, Hurley, McIntyre, Adams and Batten.

Now that Peterboro is a city the statutory number of licenses will be reduced from one to every 300 of population, but not until then. There will however, in all probability be one or more special sessions before the aldermen's names go once again before the people for re-election.

REDUCTION OF LICENSES.

The following gentlemen composed a deputation from the Ministerial Association, the churches and temperance organizations, and their object was to induce the City Fathers to take the initiative in the matter of securing a reduction in the liquor licenses. At least they asked that the question be put to the people in the usual way.

Rev. Canon Davidson of St. John's, Rev. Dr. Torrance, of St. Paul's, Geo. E. Williamson, secretary Y.M.C.A., County School Inspector Reid, Rev. F. J. Scott, of Murray street Baptist church, Wm. Kenrt, Wm. M. Matchett, Rev. A. H. Bruce of Park street Baptist church, Revs. Dr. Crothers and A. E. Langfeldt sent their regrets at not being able to be present through Rev. Canon Davidson, to expressions of their sympathy with the movement.

Rev. Canon Davidson, President of the Ministerial Association, introduced his colleagues, and explained that when a deputation from this association had waited upon The License Commissioners some months ago with a view to securing a reduction in the number of liquor licenses in this city they were advised to appeal to the City Council as that through that body an expression of public opinion might be secured at the polls.

The rev. gentleman then pointed out that in earnestly considering this important question, The Ministerial Association had unanimously adopted the following resolution:

1. That the present conditions of our city call for some reduction in the number of liquor licenses issued.

2. That such reduction should be made by the application of definite principles.

3. That among these principles are the four following:

(a) That licenses be given only to men of good moral character who realize the seriousness of their responsibilities as sellers of alcholic stimulants.

(b) That in either the granting or taking away of licenses, politics and religion should be absolutely and entirely excluded as a factor.

(c) That the location of houses applying for licenses be considered with a view to no unnecessary harm resulting [illegible]

(d) That licenses be granted only to those who in the past have shown a disposition to comply with the spirit as well as the letter of the present license law in all particulars.

4. That the Council take what action may seem to them advisable to effect the improvements asked for in paragraph No. 1, on the lines outlined above, whether by ascertaining the opinion of the ratepayers at the forthcoming municipal elections or by other practical means.

Rev. Canon Davidson next went on to say that the association does not wish to harass liquor dealers in any way and fully recognize that the license holders have a license by law to do business under certain conditions. "We do not," he said, "suggest what reductions should be made, or whose licenses shall be cut off; but such reductions should be effected by a strong application of the principles outlined in the foregoing resolutions. We doubt whether the applications can be adopted without some present license holders suffering; but we desire the law enforced in spirit as well as in the letter. If there are low places where blasphemy and rioting is tolerated and wrong measures resorted to to encourage excessive indulgence in strong drink they are a menace to the moral welfare of this city. There are, however, I believe, men who prohibit swearing in their bars and who are trying not to make the selling of liquor a greater curse than need be."

Rev. A. H. Bruce referred Canon Davidson's opinions and introduced Duncan Kemp of Park street Baptist church, who read a resolution passed by this congregation to the effect that the present large number of liquor licenses are a menace to the morals of this city, and to the spiritual welfare of its inhabitants. And the resolution asked the City Fathers to press upon the commissioners the urgent need for a reduction.

Mr. M. Matchett read a similar resolution passed by Mark street Methodist church, and County School Inspector Reid, submitted another from the members of St. Andrew's church.

Rev. Dr. Torrance and Mr. G. E. Williamson of the Y.M.C.A., in fitting terms expressed their sympathy with the movement.

Rev. J. Scott, of Murray street church, remarked that the Ministerial Association, is composed of representatives of the religious denominations in this city. His church members undoubtedly supported the association in its efforts to have the liquor laws more rigorously enforced, and a proper reduction made in the number of licenses.

The Mayor—"It seems to me you gentlemen want to force the responsibility of this matter upon the Council. Why not have the courage of your convictions and say what number you wish the licenses reduced and whom cut off."

Rev. Canon Davidson—"Suppose we say 15. How do we know who spent longest the last? But these are those

Rev. J. C. Davidson—"What was appeal to the License Commissioners?"

Rev. J. C. Davidson—"We have done so, and they, assured us [illegible] support in getting an expression of public opinion at the polls at the January elections."

Rev. A. H. Bruce—"If this Council passes a resolution in favor of reducing the number of licenses, the Commissioners will undoubtedly act upon it."

The Mayor—No doubt! In which we assume the whole responsibility. I thank the Ministerial Association should give the number of reductions they wish made, and the names of whom they wish cut off.

Ald. Adams was pleased to see the Ministerial Association taking active steps in this matter, and regretted they had not brought it before the Council at an earlier date. He felt that a right enforcement of the law lies rightly on the License Commissioners' shoulders, and he felt sure they would have the unanimous support of this Council in such a measure. If they would but enforce the law in spirit as well as the letter, there would be no cause for complaint. When a man is convicted for violation of the liquor act, his license should be cut out when licenses are next renewed, irrespective of church or politics. He had no doubt there are hotels selling when and to whom they should not. Unfortunately this matter comes up too late for the January elections."

Rev. Canon Davidson here pointed out very clearly that all the Ministerial Association asked was that a plebescite be put to the people on the question of reducing the number of licenses on such lines as laid down by the association.

Ald. Johnston moved, seconded by Ald. Adams,—That a committee of the Whole Council, the Ministerial Association and the License Commissioners, meet and consider this matter on Friday night next, at eight o'clock.—Carried.

AMBULANCE CONTRACT.

Ald. Batten submitted the following;—

Gentlemen,—Your Property Committee beg leave to report and recommend as follows;

1. That the chairman be authorized to procure towels and pillow cases required for the fire hall bedrooms.

2. That the contract for the care and service of the Dan Spence ambulance, [illegible] Bellingham on the same terms and conditions as for the last year.

3. That the chairman be authorized to have the lettering in front of the city clerk's and city treasurer's offices re-painted and re-lettered to read city clerk's office and city treasurer's office.

Ald. Mason and Tovey objected to the contract being let for care of ambulance without tenders having been first advertised, as we have another ambulance in town. Ald. Mahon pointed out that there are others in town who would like to tender on this and moved, seconded by Ald. Tovey, that clause two be struck out and that the chairman of Property Committee ask for tenders.

Ald. Hicks explained that $200 for care and service of this ambulance placed the prices per trip at a trifle over 50c a year ago. The committee thought that as no complaints had been made, the ambulance kept in good condition, and the number of trips made this year had reduced the price per trip to less than 50c, they would be supported in renewing the contract with Mr. Bellingham, this would assure the people of a satisfactory service.

Ald. Batten also spoke strongly in support of the report as read.

Ald. Adams here remarked that it has been hinted that letting this contract without tenders having been asked is illegal, and steps would be taken to upset it.

Ald. Mason's resolution was lost, however, and the report adopted as read.

BY-LAWS.

A by-law to aid the Contrat Milling Co., in the matter of a fixed assessment of $12,000 for ten years passed its several readings.

A by-law authorizing the execution of contracts for snow plowing for 1905-6, passed its several readings.

A by-law to appoint polling places, deputy-returning officers, for the election of mayor, aldermen, school trustees and water commissioners, passed its several readings. The text of this by-law will be published in later forms.

A by-law appointing Mr. Dan Bellingham, caretaker of the fire station ambulance, at a salary of $200 per year, passed its several readings.

Ald. Johnston once more resurrected his by-law to borrow $35,000 for improved fire protection, a new fire hall, chemical engine, etc., to be submitted again at the January elections.

Ald. Crowe opposed the proposed purchase of a new engine.

Ald. Batten offered that if the by-law called for $20,000 only, this excluding the purchase of an engine, it would carry, but if a by-law calling for $22,000 is again put it will meet the same fate as before. People don't favor the purchase of a new engine, they think the city can get along for a year or two without a engine. Get a site and a new fire hall, they are what the city needs most urgently.

To be continued in to-morrow's issue.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping. It is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house of Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprises. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,544 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 180 pounds, which ought to give us a flow of about 2,000 barrels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 88 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 150 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 50 per cent. on a basis of five wells to the acre.

When Run-down "Draggy," Used-up

You Lack the Vigor, Courage and Staying Power that "Ferrozone" Can Supply

Night comes and it's hard to sleep. Morning dawns and the anxious, tired feeling is still there. Don't neglect this gradual decline; it can't cure itself. But by forming rich, pure blood, Ferrozone will quickly supply the nutriment and building material your system craves.

Instantly you are aware that some powerful force is building up your depleted energies. Day by day you feel braced, toned, strengthened. Search the world over and you won't find anything to tone up a weak system like Ferrozone. Physicians claim it is the most strengthening, uplifting medicine ever discovered.

No more spells of tiredness, but bounding, joyful health when you take Ferrozone, of which Mrs. H. S. [illegible], of Tennessee, Miss., speaks in the following words of praise:

"I state my case because I think it may assist other women to health. A year ago I was almost a wreck. I was pale and emaciated, suffering from nervousness, and hysteria. Little things going wrong in the house bothered me. The doctor advised different treatments but they didn't help. He said my low condition was due to weakness that might never be cured. Ferrozone had a peculiar grateful effect and built me up quickly. The ills I suffered from are cured. I am now strong and vigorous and was made so by Ferrozone."

Why not cast aside the claims of sickness and enter the bright, happy life of robust health. Let Ferrozone help you—let it cure you once and forever. Price 50c. per box or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

PETERBORO, DECEMBER 5 1905

THE RICH AND THE POOR.

The fund for the unemployed which is being raised by Queen Alexandra in Great Britain, is receiving very liberal contributions from all quarters in that country. There is very real sympathy for the unemployed there, and a keen desire to use all legitimate means in an effort to better the condition of the very poor. A subscriber writing to this paper contrasts this sympathy of the rich for the poor in Britain as compared with such an exhibition as that in Pittsburg when the house of a poor widow was torn down by the minions of a rich steel company who wanted the land she refused to sell. We think, however, the latter is rather a case of contempt for the law, than of any particular despite for the poor. The widow was offered, it is said, a very high price for her property, $10,000 more than its value, it was stated. It would have been no pecuniary loss to her to have her home taken; it was a purely sentimental consideration with her. But she had her rights by law, and we venture to say that in Great Britain the highest in the land would not have dared to violate the sanctity of her home against the protection afforded her by law. Contempt of the law and its violation when it stands in the desires is far too characteristic of this country. The Mother Country sets a better example.

AN AMERICAN VIEW.

Will Canada ever be annexed? asks the Cleveland Journal. However much the old question is argued, Canada is already bound to the United States by ties not easily broken.

Charles M. Pepper has just issued a report, as special agent of the Department of Commerce and Labor, on trade conditions in Canada. The figures he presents are astonishing to all who are not familiar with the subject. Last year Canada got 68 per cent. of its imported goods, valued at $165,000,000, from the United States. From January to October, this year, 35,000 settlers went into the Dominion from Uncle Sam's domain. Last year and the year before the number was greater. Eighty-one per cent. of the iron and steel imported by Canada, amounting to $40,000,000 yearly, is made in the United States. A heavy demand exists for American shoes and ready-made clothing. Practically every large factory is equipped with machinery made in the United States.

If this sort of thing continues long the interests of the two countries will become so firmly interlocked that what injures or benefits one will injure or benefit the other. Our Cleveland contemporary thinks that if this does not bring annexation it will make the British Empire and the United States natural allies.

ADVERTISE IN THE TIMES.

Accidently Asphyxiated.

Buffalo, Dec. 4.—The bodies of Thos Dancey and his wife, Bertha Dancey, who were found dead from gas poisoning in their home yesterday, were taken from the morgue to-day and removed by County Undertaker Hatch to his establishment.

The man's body will be shipped this afternoon to Tlorold, Ont., where a brother, L. E. Dancey, will take charge of the burial, while Mrs. Dancey's body will be taken to Goderich, Ont., the home of her brother, Mr. Hughes, to-morrow morning.

In his official report of the case Deputy Medical Examiner Howland says the stove in the Dancey home was an ancient coal stove, converted to burn gas and that the damper was turned off, thus causing the carbon dioxide to fill the room instead of passing through the chimney.

Mary Dancey, daughter of the dead couple, who was overcome, is on a fair way to recovery. She is being cared for by friends.

GRAND TRUNK PACIFIC RAILWAY

Offers a Prize of $250.00 to the Person Submitting Name that will be Adopted for the New Pacific Coast City.

A COMPETITION FOR THINKERS.

The recent use of names foreign to Canada by large corporations whose interests are essentially Canadian has brought about much adverse criticism, not only in Canadian newspapers but journals published in other countries, and to eliminate this omission and to over-rule any objection of this nature, the Grand Trunk Pacific are giving the people of Canada an opportunity to offer suggestions and submit names for the Pacific Coast City that will grow up at the terminus of the new Transcontinental Railway. With this end in view they have decided to offer a prize of $250.00 cash for a name that will be in every way appropriate and suitable. This will give any one an opportunity of putting on their "thinking cap," and competing in an open contest to decide the name, incidentally receiving this handsome prize, and the honor of naming a city whose birth means the evolution of a new era in Canada's twentieth century prosperity. The only conditions governing the contest are as follows:

Name not to be more than three syllables or contain more than ten letters and to be purely Canadian, preferably significant of British Columbia, and not to conflict with other names of towns or post offices now existing in Canada.

Use paper not larger than eight by ten inches, and write in ink on one side of the paper only.

Each competitor allowed to submit three names, on separate sheets, one name to appear on each sheet.

Accompanying each name, a short article of not less than fifty words, nor more than three hundred words, explanatory of the title.

Name of competitor, with full Post Office address, to be signed at bottom of sheet.

Names to be forwarded addressed, Pacific Coast Terminus Contest, Grand Trunk Pacific Railway, Montreal, Canada.

Competition will close at noon, December fifteenth, nineteen hundred and five.

As soon as competition has been decided, and name chosen, the name of successful competitor will be announced through the columns of the

In case the name chosen has been selected by more than one competitor, then the explanatory articles will be judged on their merits, and decision rendered accordingly.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

GIVEN FREE.

The Cincinnati Enquirer has just issued a New Valuable up to date Wall Chart of three Sheets (six pages) each 28 inches wide, 36 inches long.

The first page shows an entirely New Map of Ohio; the most beautiful and exact ever printed. In bringing this Map up to date, all new towns are located, all Electric and Traction Railroads are shown, all Rural Mail Routes, and portraits of all the Governors.

On other pages of this Magnificent Chart are Maps of the United States with portraits of all the Presidents.

Map of Panama showing Canal zone, with data relative to the great Ship Canal, now being built by the United States, one of the greatest enterprises ever attempted.

A topographical Map of the Russia Japanese War district with data and details of the two great Armies and Navies, battle fields, etc., including the last Naval battle in the straits of Korea.

A map of the World, with Names of Rulers. Coats of Arms. Flags of all Nations. Steamship Routes, with data and Statistics of great worth.

Other maps are the Philippine Islands, Hawaii, Alaska and Porto Rico, in all nine distinct maps.

An index will locate any point desired and is so simple a child can understand it. The Chart is new, correct and up to date, making it an invaluable educator, indespensable for the Home, School, Library, or College.

The selling price is $2.50, yet its worth is many times greater. The Enquirer Company is giving this chart Free to subscribers of the weekly Enquirer who remit one dollar for a years subscription or for a renewal of old subscription. Agents can reap a rich harvest soliciting orders for this grand offer. Address,

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the Brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright; the face full and clear, energy returns to the body, and the moral physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and manly. You feel yourself a man and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.

☞NO NAMES USED WITHOUT WRITTEN CONSENT.

THREATENED WITH PARALYSIS.

Peter S. Simmons, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indiscretion and excesses in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me, guessed my secret. Imaginative pains at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, knees were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the centre—one to and the doctor told me to be feared paralysis. I took all kinds of medicines and tried many first-class physicians. Wore an electric belt for three months, went to Mt. Clemens for three months. Was induced to consult Drs. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced it. New life coursing through my nerves. I was cured mentally, physically . . . really I have cast them many patients and will continue to do so."

BEFORE TREATMENT

AFTER TREATMENT

CURES GUARANTEED OR NO PAY.

We treat and cure VARICOCELE, STRICTURE, NERVOUS DEBILITY, BLOOD DISEASES, URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

DRS. KENNEDY & KERGAN

149 SHELBY STREET, DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1.00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 650,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $8,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $67.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 30 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $6,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 6 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned—or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U.S.A.

WANTED: A Fiscal Agent for Canadian Territory.

SELECTIONS

MAN EATERS IN INDIA.

The Sort of Tigers That Hunt For Human Game.

The "man eater" is the jungle nightmare of India, and numerous are the theories to account for its abnormal appetite. Commonly it is said to be an old tiger which has found game too difficult to bring down, or a sickly tiger which has resorted to man killing in its weakness as the easier method. The consensus of opinion among experienced hunters and observers is, however, that a man eater is an ex-cattle killer which in conflict with herders, who are often quite brave in defense of their cattle, has discovered how much less work it is to kill a man than cattle, for the cattle killer is usually fat and lazy. Nothing has been found, so far as I have discovered, to suggest appetite for human flesh as the impelling motive, or that man eaters reject all flesh not human, or that the cubs of a man killing tigress inherit the man killing propensity. Rather is it a case of contempt for man bred of familiarity, and more often the lust lays hold of the tigress, very likely because in foraging for her cubs (as she does until they begin to hunt for themselves at seven months) and in their defense she has come more frequently in contact with man, or it may be because the female is more numerous than the male or because by nature the slyer and more vicious.—Exchange.

WILD DOGS OF ASIA.

Fierce Animals That Pursue and Kill Bears and Tigers.

The quality of courage possessed by hunting dogs of Asia appears in a marked difference of habit from that noticeable in all other carnivorous beasts. As a rule, each ferocious animal has its natural and favorite prey, which may vary in different localities, but is in each case the easiest and most profitable victim. Tigers, for instance, are cattle slayers or deer killers, just as cattle or deer happen to be most abundant in their district.

Leopards prey on goats, sheep and, when they can get them, on tame dogs; wolves on sheep and cattle, stoats or rabbits and hares, and weasels on rats and mice. But, though the jungles which they visit abound in defenseless animals, the wild dog does not limit his attacks to these. The packs deliberately pursue and destroy the black and Himalayan bears and the tigers, affording perhaps the only instance in which one carnivorous species deliberately sets itself to hunt down and destroy another. From their rarity, the uninhabited nature of the jungles which they haunt and their habit of hunting at night—which a probable suggestion makes the basis of the early legends of the demon hunter and "hellequin" at a time when the "red dogs" still remained in Europe—observations of their habits are rare.—London Spectator.

GETTING OUT OF BED.

Take Your Time About It and Don't Shock Your System.

Don't jump up the first thing your eyes are open. Remember that while you sleep the vital organs are at rest. The vitality is lowered and the circulation not so strong. A sudden spring out of bed is a shock to these organs, especially to the heart, as it starts to pumping blood suddenly.

Take your time in getting up. Yawn and stretch; wake up slowly; give the vital organs a chance to resume their work gradually.

Notice how a baby wakes up. It stretches its arms and legs, rubs its eyes and yawns and wakes up slowly. Watch a kitten wake up. First it stretches out one leg, then another, rubs its face, rolls over and stretches the whole body. The birds do not wake up and fly as soon as their eyes are open. They shake out their wings and stretch their legs, waking up slowly. This is the natural way to wake up. Don't jump up suddenly, don't be in such a hurry, but stretch and yawn and yawn and stretch. Stretch the arms and the legs; stretch the whole body. A good yawn and stretch is better even than a cold bath. It will get you thoroughly awake, and then you will enjoy the bath all the more.—Medical Talk.

Collar as a Verb.

The verb "collar" has long been used transitively, meaning to "seize or take hold of a person by the collar; more loosely, to capture." The verb was thus employed early in the seventeenth century. Steele, in the Guardian, No. 94, wrote, "If you advised him not to collar any man." Other instances are: Gentleman's Magazine, 1762, "His lordship collared the footman who threw it," and Marryat's sentence in "Peter Simple," "He was collared by two French soldiers."

The Laughless Englishman.

The English seem to recognise and enjoy their reputation for stolidity and taciturnity. The London Globe quotes an American asking a waiter in a restaurant:

"Doesn't any one ever laugh here?"

"Yes, sir," replied the waiter. "Sometimes we have complaints about it."

An Eternal Puzzle.

"Is my hat on straight?" she asked him.

He looked at her headgear in dumb amazement.

"I dunno," he answered. "When it's straight it looks crooked, and when it's crooked it looks straight."

Agony.

PATRONIZE IN YOUR TOWN

THE PRINTERS' STRIKE

The Printers Lose Their Battle in Winnipeg.

Toronto, December 2.—A despatch from Mr. O. H. Pollard, secretary of the Winnipeg Typothetae, sums the matter up briefly:

"On the 16th day of September the union gave us 24 hours to sign up on the 8-hour question. We refused. Result, all men out in 15 offices at 4 a.m. the following morning. Free Press, Telegram and Martels, employing about 90 to 95 men, complied with the demand and a few other 1-man offices did likewise.

"We sent a man to England, and at the end of 7 weeks after inauguration of strike all our offices were filled, and men to spare,—good men, too, and in no way inferior to the strikers.

"Union here admits defeat in these 15 offices, and some say it will take years to gain the lost ground. The Free Weld Co. of London, Ont., start here the 1st January with an open office, making 16 in all. At present about 60 hands are walking the streets, who might have been working."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quarts.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $20 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15.0x1500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The leases shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

Diseases of Women

OFTEN DUE TO

Deranged Kidneys

When the Kidneys Are Weak It is Impossible for Any Women to be Happy or Healthy

If the girls and women who are silently suffering with what they suppose is "female trouble," would look to their kidneys they would soon find the source of their ill-health.

The kidneys are very closely allied with the female organs and if the vitality of the kidneys is in any way impaired, great suffering is sure to occur.

No better medicine is known for the kidneys than Dr. Hamilton's Pills of Mandrake and Buttermilk; they stimulate and strengthen the kidneys and thereby assist the other organs to do nature's work. Instant benefit and certain cure are guaranteed in every case.

Sufferers don't wait, begin treatment with Dr. Hamilton's Pills at once; they will cure you as they did Mrs. A. B. Osburn, a well-known resident of the town of Portland. Read her experience;

"For two years past I have been sickly and weak. My color was dull and sallow, and I felt exhausted and weary, as if all my strength were being eaten up with some hidden trouble. I heard of Dr. Hamilton's Pills and decided to use them. The change in a few days was surprising. They regulated my kidneys and bowels and cured all my suffering; to-day I am perfectly well."

Every woman can take Dr. Hamilton's Pills with safety and benefit. Their occasional use keeps the system in healthy, well regulated order. No medicine more gentle or more prompt in results. Now is the time to get Dr. Hamilton's Pills. 25c. per box or five boxes for $1, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A. and Kingston, Ont.

LOCAL INCIDENTS

By The Times Man on the Street

—Council met last night, particulars on first page.

—Board of Education met last night. For full report see other columns.

—The Quarterly Official Board of Charlotte street church will meet this evening.

—The usual fortnightly entertainment will takke place in the T.A.S. rooms to-night.

—The Mission Band of George St. church will hold a bazaar on Friday afternoon and evening next.

—The Murray street church Young People's Union held a consecration meeting yesterday evening.

—The local court of the Catholic Order of Forresters met yesterday evening for the election of officers.

—Lansdowne Lodge, Sons of England, met yesterday evening, when the election of officers took place.

—The annual meeting of the Children's Aid Society will be held in city council chamber on Friday, December 15th.

—The annual meeting of the Women's Missionary Society of St. John's church will be held on Friday afternoon at 3.30 o'clock.

—The annual thank offering of the Faithful Workers Mission Band will be held in St. John's church on Thursday afternoon at 4.15 o'clock.

—The Shakespeare Club, which was to have met this evening at eight o'clock in the Y.W.C.A., has been cancelled for this week.

—The annual meeting of Diamond L.O.L., No. 180, was held yesterday evening, when the officers for the ensuing year were elected.

—The body of Louis Bell has not yet been recovered, although many people were engaged in the search yesterday.

—The Baraca Bible Class will hold a literary meeting in Murray street church Friday evening, which will be devoted to favorite hymns and poems.

—Word was received from Pembroke yesterday that Mr. G. W. Fitzgerald is doing as well as could be expected, and that he will likely be brought home on Friday or Saturday.

—Yesterday evening Rev. Canon Dixon gave one of his excellent illustrated lectures in All Saints' church. His subject was "Reminiscences of the Boer War from a Religious Standpoint."

—Owing to several members of the Ministerial Association having engagements or being out of the city no meeting of the association was held yesterday morning. The next meeting will be held on January 8th.

—Messrs. Little & Current, of Bancroft, are trying to get men to go and work on the C.O. Railway. This looks well for Peterboro's unemployed during the present cold weather. No man need be accused of vagrancy here this winter, as the above firm yesterday had a local agent trying to get men to go to work.

—Messrs. MacGregor & Reid, the George street plumbers and electricians, yesterday got in nearly 100 new lights, for decorative purposes in Messrs. R. Fair & Company's dry goods store. This firm will to-day start operations on Messrs. J. C. Turnbull & Company's establishment where they will put in over one hundred lights. Business looks good in Peterboro.

CHORAL SOCIETY

A Large Attendance is Requested This Evening

Every member is expected to be present at the rehearsal of the Peterboro Choral Society, in the Central school at eight o'clock this evening. The bass section has been much strengthened and did splendid work at the last practice. The tenors were, however, not numerous, but it is hoped that every tenor will make it a point to attend this evening, when the chorus will be assisted in the part music by Miss Hahn Davies, who will take the obligato in the part songs, "Good night, farewell," by Garrett, and "Now tramp o'er moss and fell" by Bishop.

A concert by the society will take place about February 13th, in the Grand Opera House. In addition to part music by the chorus there will be contributions by outside talent. The subscription lists are now in the hands of the members of the Society, and an encouraging response to the call already recorded.

TYPOS MEET

Typographical Union No. 248 Elects Officers

Typographical Union No. 248, have appointed its officers for the ensuing year. They are;

President—Charles Reed.

Vice President—W. Alf. Smith.

Fin. Secretary—John Perry.

Rec. Secretary—Hoar. Pearson.

Treasurer—W. A. Lewis.

Sergt-at-Arms—John Thompson.

Scribe—Walter Peters.

Executive Committee—The foregoing officers and Messrs. Fred. Hobbs, C. H. J. Mitchell, and Geo. Calrns.

Delegates to Trades and Labor Council—Messrs. W. Alf. Smith, J. Thompson, and T. J. Begley.

Stock Sold Cheaply

The $200,000 stock in the International Mercantile Agency was sold on Saturday last to Chas. Henderson, New York, for $2,100, the sale taking place at Toronto. It was attended by Mr. J. P. Langley, who was appointed on Saturday permanent liquidator of the agency. Mr. Langley will now proceed to realize on the balance of the assets. There is $10,000 in cash, and some shareholders who have not paid up will be called upon. It is suggested that office furniture and furnishings will realize a fair amount. Many Peterboro business men are members of the concern.

Veterans 1866, Attention!

The funeral of the late Robert Wright, a member of this association, will take place on Tuesday, 5th December. The members of Five association are requested to meet at St. Luke's church at three p.m., to pay the last tribute to a brother veteran. A. P. Polmentier, president.

SOCIAL AND PERSONAL

—Miss McBain left yesterday morning for Toronto.

—Mr. S. J. Hall of Bowmanville, was in the city last night.

—Mr. John J. Lamb, Omemee, was in the city yesterday on business.

—Miss Barlee left yesterday to visit friends in Toronto for a week.

—Mrs. S. H. Mitchell is spending a few days in Toronto on business.

—Mr. J. A. Bell, Lindsay, was in the city yesterday, a guest of the Snowden House.

—Mrs. R. E. Wood is a guest of Toronto friends. She went up yesterday morning.

—Miss May Archer, B.A., of this place, spent Saturday last in Peterboro.—Norwood Register.

—Mrs. John Hemming will be at home the first and second Wednesday of the month, at 323 Simcoe St.

—Mr. Keilty, representative of the Toronto Mail and Empire was yesterday, very successfully soliciting subscriptions for that journal.

—Mr. J. W. Garvin, chief inspector of agencies for the Manufacturers' Life Assurance Company, is in the city.

—Mrs. Wellington Edwards has returned to her home in Toronto after visiting friends in this city.

—Miss Mabel Green, 213 Brock street.

—Mr. Hugh Kelly, of Peterboro, was in town yesterday.—Miss Annie Bryans visited friends in Peterboro on Monday.—Havelock Standard.

—Mr. Harry Foote, of Montreal, has returned to the city from an extended and successful business trip to Manitoba and the Northwest.

—Mr. Ryerson Ritchie, secretary of the Chamber of Commerce, Detroit, and Mrs. Ritchie arrived in the city yesterday to attend the funeral of his uncle, the late Robert Wright.

—Mr. Sydney L. Stork of the Bank of Commerce, Peterboro, has been transferred to Goderich. He spent a few hours with his parents in this city before going west.—Belleville Intelligencer.

—J. A. Courtemanche, Montreal; D. H. Mackay, F. J. Chesneworth, Toronto; J. H. Pire, Victoria Road; W. McKenzie, Aylmer; C. Pearce, Toronto; W. G. Fischer, Toronto, are guests at the Snowden House.

Plan of Opera House will open at the Box Office this Morning at ten o'clock for the Grand English Opera Company's Concert on Thursday Evening.

PETERBORO'S DEAR BREAD

The Local Bakers Only Argument for Higher Prices is Ridiculous

A local contemporary last night defended our local bakers for charging prices higher here than in most Canadian towns. The main argument in the bakers' favor, and against the poor of this city, is that because some time ago the bakers did not raise their prices when flour went up a little, as bakers in a few other places did, they are quite justified in forming their local combine and soaking the poor of this city as hard as the aforesaid poor can stand. We quite believe our B. L. C. to be honest in their backing up of the Peterboro bakers' exorbitant prices, far higher than charged in Toronto, where higher rents and wages are paid; but no incontrovertible argument has yet been adduced, why, with the miserable wages paid by Peterboro employers, Peterboro people should have to pay, now right now, when flour is down, higher prices than charged in other places.

The Times, whilst having not one atom of animosity against the local bakers, considers that the poor of this city are deserving of more sympathy and attention than any such take arguments as brought forward by Peterboro high-priced bakers. We get nothing directly or indirectly by defending the poor of this city; do the bakers of this city pay wages equal to those in Toronto where bread is cheaper?

Is flour any more expensive in Peterboro than in places where bread is cheaper?

A Dry Sunday

Yesterday many of our local citizens who are accustomed to open the day's business by an "eye opener," at some dispensary of wet goods, took one or more than their usual dose. This is accounted for by the fact that on Sunday, most of Peterboro's hotels, as are sometimes in the habit of taking a few "corpse revivers" on the quiet during the prohibited hours of Sunday were shut down tight. No liquor was sold in the city on Sunday. The reason for this is that word was passed round on Saturday night that a Provincial Government detective was to be in the city on Sunday, looking after license holders. Consequent upon such a report the local license inspector became very active, and was on the war path all day Sunday. This resulted in the few hotels that do a little business on that day, keeping strictly within the law. Yesterday morning, many thirsty souls, deprived of their Sunday stimulant, made up in good shape for the "temporary deprivation. If all Ontario would keep the present liquor law, the inspector would, for 365 days a year, draw his salary and do nothing.

SIMPLE REMEDY FOR CATARRH

Just Breathe Hyomei Four Times a Day and Be Cured.

Hyomei has performed almost miraculous cures of catarrh, and is today recognized by leading members of the medical profession as the only advertised remedy that can be relied upon to do just what it claims. The complete outfit of Hyomei costs $1.00, and consists of an inhaler, a medicine dropper, and a bottle of Hyomei. Breathe Hyomei through the inhaler for a few minutes four times a day, and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation and effects a complete and lasting cure.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write today for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, N. Y.

UNSEEN DANGER IS ON OUR TRACK

From the time of our birth till we lie down for the last time.

The best defense from the dangers of disease is vigor of body and activity of the natural functions.

The kind of assistance is important. It must not be stimulation for that gives but temporary effect, and the reaction is more than depressing. *Take a tonic*—one that will re-establish normal digestion and assimilation and prove a reconstructive rather than a promoter of waste. This will *give nature a fair chance* to put in motion normal work of repair and tissue building.

Such a tonic was grown in Nature's Laboratory, hidden in the ground and brought thence forty years ago by Dr. R. V. Pierce, who has made the treatment of lingering diseases his life-long study and care.

He uses glyceric extracts instead of alcoholic ones, exactly proportioned and combined by processes of his own invention, first used in his private practice and now given out freely to the world in his "Golden Medical Discovery," which is composed of Golden Seal root, Queen's root, Stone root, Black Cherry bark, Bloodroot and Mandrake root.

Mrs. A. T. Jones, of 888 Hayes Street, San Francisco, Cal., writes: "As a child I was delicate, and great care was taken of me because some of my relatives had died of consumption, although my father and mother were healthy. I grew up with only the ordinary diseases of children, but about two years ago I contracted a severe cold, which would not yield to such home-treatment as was handy. Doctors were tried, but after three months of this treatment I was only worse. Then I was advised to try Dr. Pierce's Golden Medical Discovery, and am glad to say that three bottles not only cured me of the cold and cough, but made me feel better than I ever had before. I will always have a bottle of this medicine in the house."

These tiny, sugar-coated antibilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

OBITUARY

Death of Mrs. Andrew Moffatt at 191 Reid Street

Many of Peterboro's older residents learned yesterday, with regret, that Grace MacKay Allen, relict of the late Andrew Moffat, had passed away at her home, 191 Reid street, at noon Sunday. The deceased was in the 88th year of her age. For the last eight years she had been confined to her bed as a result of an accident, which occurred while she was living on Sherbrooke street.

The late Mrs. Moffat was born in Edisburg, Scotland, and in 1834, settled in Monoghan. In 1840 she was married to Andrew Moffat, and after his death Mrs. Moffat moved with her family to this city, and lived on Charlotte street, afterwards moving to her late home on Reid street.

Mrs. Moffatt was a Presbyterian in religion, a member of St. Paul's congregation.

Mrs. Moffatt was the mother of eleven children, the three remaining being, Peter, of this city; William and Elizabeth, living at home, and to them is extended the sympathy of many.

The funeral will take place to-day at 1.30. Services will be conducted at the house by Rev. Dr. Torrance. Interment will take place at Little Lake cemetery.

A VETERAN GONE

Mr. Robert Wright Passes Away at Downer's Corners

As noted in another part of this issue, the attention of Veterans of 1866 is called to the funeral to-day, of the late Robert Wright, who passed away at his home, Downers' Corners, on Sunday morning.

The deceased has for several years been in poor health, his heart troubling him greatly.

Early Sunday morning he took a weak spell, and passed quietly away at nine o'clock. The late Mr. Robert Wright was in his 82nd year. He was born in Sherbrook, county Cavan, Ireland, and came to this country 65 years ago. He married in 1863 Mrs. Erskine, who survives him; there are no children. Mr. Ryerson Ritchie of Detroit, Mr. Harry Gray of Peterboro, and Mr. R. J. Gray of Oshawa, are nephews. The deceased was a lifelong member of the Church of England and belonged to St. Luke's church. Mr. Wright was a Black Knight of the Orange Order, and a veteran of the Fenain Raid of 1866. The funeral will take place to-day at three o'clock from his late residence at Downers' Corners, and proceed to St. Luke's church, where the burial service will be held. From there to Little Lake cemetery. The veterans of '66 of the city will attend the funeral and will assemble at St. Luke's church this afternoon at three o'clock, to pay their last respects to the departed.

A Coming Event

The concert on Thursday evening in the Grand Opera House by English Grand Opera Company, promises to be the event of the season. The Ladies' Auxiliary of the Y.M.C.A., under whose auspices the concert is being given, want every seat taken. Prices of admission 25c, 50c, and 75c. Plan open this morning at 10 at the box office.

XMAS is coming

To the Ladies, Gentlemen and Children of the City of Peterborough and surrounding district:

Once again the holiday season is here and you are in a confusion as to what articles to buy. A visit to our store will help you to decide; our Christmas stock has been selected with an eye to suit every taste. We cannot, in this small space, describe quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases; Glove, Handkerchief and Necktie Boxes; Fancy Work Boxes, Ladies' and Gents' Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardinets, Bon Bon Dishes, Muffin Dishes, Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses, etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls; Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Beds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIMES BOOKSTORE

MARKET BLOCK, PETERBOROUGH

P. S.—Do your shopping EARLY while the assortment is at its best. Goods selected now will be reserved until called for.

RED-HOT STOVE SELLING

Car loads of New Stoves, etc., going out from Adam Hall's Store, because of their goodness and cheapness. Sales largely on the increase—overwhelming evidence of our leadership in the stove line. Glad to give you the benefit of our experience in the

COFFEE WAR

The Coffee Importers and Roasters are Attacking

POSTUM FOOD COFFEE

All Along the Line.

"THERE'S A REASON."

Many people have found out the truth about old fashioned coffee.

They have overcome disease caused by it.

The plan was easy and sure.

Quit Coffee and use Postum.

Proof with one's self is stronger than any theory.

The Postum army grows by hundreds of thousands yearly.

The old fashioned Coffee Magnates are now deriding Postum through the papers.

Because their pocketbooks are hurt, they would drive the people back to the old coffee slavery.

One coffee prevaricator says: "It (Postum) has lately been exposed and found to contain an excess of very ordinary coffee."

Another that "it (Postum) is made from a small amount of parched peas, beans, wheat, dried sweet potatoes, and paste of wheat middlings."

Here's to you, oh faithful followers of the tribe of Asenias.

$100,000.00 CASH

will be deposited with any reputable trust company (or a less amount if desired) against a like amount by any coffee roaster or dealer. If the charges prove true we lose, if not we take the money as partial liquidation for the infamous insult to our business.

The Postum Pure Food factories are the largest in the world, the business having been built upon absolutely pure food products, made on scientific lines, "for a reason" and the plain unvarnished truth told every day and all the time. These factories are visited by thousands of people every month. They are shown into every creamy and examine every ingredient and process. Each visitor sees Postum made of different parts of the wheat berry treated by different mechanical methods and one part blended with a small part of pure New Orleans molasses. So he knows Postum contains not one thing in the world but Wheat and New Orleans molasses. It took more than a year of experimenting to perfect the processes and learn how to develope the diastase and properly treat the other elements in the wheat to produce the coffee-like flavor that makes suspicious people "wonder." But there never has been one grain of old fashioned or drug coffee in Postum and never will be.

Another thing, we have on file in our general offices the original of every testimonial letter we have ever published. We submit that our attitude regarding coffee is now and always has been absolutely fair. If one wants a stimulant and can digest coffee and it does not set up any sort of physical ailment, drink it.

But if coffee overtaxes and weakens the heart, (and it does with some.)

Or if it sets up disease of the stomach and bowels, (and it does with some.)

Or if it causes weak eyes, (and it does with some.)

Or if it causes nervous prostration (and it does with many.)

Then good plain old fashioned common sense might (without asking permission of coffee merchants) suggest to quit putting caffeine (the drug of coffee) into a highly organized human body, for health is really wealth and the happiest sort of wealth.

Then if one's own best interest urges him to study into the reason and "There's a reason," he will unearth great big facts that all of the sophistries of the coffee importers and roasters cannot refute. Take time to read the following from the famous Dr. B. F. Underwood in The American Physician;

Coffee as a Factor in the Production of Gastric and Cardiac Disorders.

BY B. F. UNDERWOOD, M. D.

The pathogenetic properties of coffee have received but scant attention from medical authors, although, it is not doubtful, I think, that, more than any other single substance, coffee is responsible for the great prevalence of nervous, gastric, and cardiac diseases at the present time, and that the great increase in sudden deaths from heart affection in recent years may be justly set down to the use and abuse of coffee as a beverage.

Shoemaker, in his "Materia Medica," treating upon coffee, says; "Used in excess it disorders digestion and causes functional disturbance of the nervous system, shown by headache, vertigo, mental confusion and palpitation of the heart. It increases exertion, blunts sensation, exalts reflex excitability, increases mental activity, and may produce insomnia and great nervous restlessness," and this is as much as any medical author has to say upon the subject.

In my case it may be merely the zeal of the recent convert which inspires me, but I feel strongly from both my personal and professional experience that there is so much more that could and should be said about the deleterous effects of coffee and its potency as a factor in the production of disease. This has been so strongly impressed upon me the past winter that I am impelled to make a contribution to the subject, by reporting a few cases in which coffee was so manifestly causing or continuing the disease that it could not be ignored.

Case I. In the latter part of December, 1903, I had under treatment, an old lady, 74 years, who was convalescing from an attack of pneumonia. She had responded favorably to the treatment and was doing nicely except for a peculiar rise and fall of the temperature and an irregular action of the heart. She had been troubled more or less with weakness of the heart and at this time its action was giving me a good deal of concern, its beat being irregular and feeble, at times much more so than others. A study of conditions and causes threw no light on the case until I found that the irregularity was more marked on the mornings when she had coffee, which she did not have every morning. As I could not discover any other cause I advised that she should not take coffee. After some demur on the part of the patient she acceded and Postum Cereal was substituted for the coffee. A favorable effect was almost immediately apparent; the irregular action gave place to a steady, regular beat the pulse became fuller and stronger, the temperature became normal and the case went on to uninterrupted recovery.

Case II. The result in case one set me thinking. For some years I had been troubled with nervous dyspepsia, with cardiac irritability, and at times, great irregularity in the action of the heart, intermittent beat of the pulse and much nervous depression, all of which, in spite of treatment was steadily getting worse. I had had light enough thrown on the [illegible] but could not see. As, for instance, on one occasion, when the cook, who did not believe that coffee was any good unless it rivaled in color her ebony face, gave me a cup of coffee one morning that was fully up to her ideal, and which, although I noticed that it possessed nearly the strength of Samson, I drank without consideration.

I had been feeling rather better than usual for a day or two, but soon after breakfast I was attacked with such peculiar sensations that I was unable to go out, and was obliged to call upon a colleague for treatment. Singularly enough, although I had the feeling that I was under the influence of some drug, it was not until some time afterward that I realized that I had been poisoned by the coffee. Under strong tonic I grew better for a time, but in December, 1903, I began to grow worse again, and treatment failing to effect any improvement, it began to look as if I was in danger of a complete breakdown.

The colleague who was treating me was suspicious of kidney disease, but a urinary analysis cleared up that point, but I did not improve. It was at this time, as I have said, the result in case No. I set me thinking, and I found from a study of the modalities, that I was worse and more depressed after taking coffee, and it finally penetrated into my inner consciousness that possibly coffee was the cause of my condition. I took my own prescription and gave up coffee, with the result of an almost immediate change for the better. The depression disappeared, the cardiac disturbance ceased, and the dyspeptic symptoms lessened and a steady improvement set in.

Case III. About the same time I had under treatment a young lady suffering from chronic nephritis who presented an almost endless variety of symptoms, which would yield to treatment for a time, only to return in an aggravated form. Among the more persistent and annoying of these was a gastric irritability with an absolute refusal of the stomach to digest or absorb any food, progressive emaciation with great weakness, and a constant sensation of hunger with nausea and frequent spells of vomiting, when the food taken would be returned unchanged; palpitation of the heart, oedema, hectic fever, colliquative sweats, etc. Under treatment and a most rigid diet the mitigation of the symptoms was very slight.

I had advised her that coffee was injurious and should be given up, but it was not until her condition was almost hopeless that she could be induced to follow my advice and refrain from coffee. The beneficial effect of this was apparent at once; the stomach began to recover its tone, the irritability ceased, the vomiting stopped, and the food taken was digested and absorbed; the sensation of continual hunger disappeared, the emaciation lessened and her strength slowly returned. Of course, the disease has not been cured, but a cure which seemed hopeless has been made possible.

As a result of these experiences, to which more could be added, in all cases of intractable nervous or gastric diseases I have come to regard coffee as an incitant, and an important, if not the chief, factor in the production of the disease, and to insist upon its discontinuance as a part of the treatment, and, I may add, with uniformly good effect. I have found also that, although the giving up of coffee has been in many cases done only under protest and with great reluctance, it has been attended with but little difficulty when a palatable and satisfactory substitute was provided. In my own case and in that of the others described I used the Postum Cereal and found it entirely satisfactory. Even the most inveterate coffee drinkers after a short use of the Postum seem to lose all desire for coffee and to be perfectly satisfied with the Cereal.

Study the subject and apply the facts to yourself.

There's a reason for

POSTUM

THE ICE QUESTION

Mr. Rehill Speaks About the Coming Ice Season

A Times' representative yesterday interviewed Mr. T. Rehill about the matter of ice for Peterboro during next season. Mr. Rehill who is Peterboro's oldest and possibly best posted men on the subject of ice, admitted that the ice trade of Peterboro does not know exactly where they are at as far as the supply of ice for next year is concerned.

It is currently known that the Board of Health is securing samples of water from Lakes Chemong, Clear and Katchawanaka, which will be sent to the provincial analyst for analysis.

This is being done to see if a pure source of supply can be obtained for ice, since the water in Little Lake, by the recent analysis, was shown to be contaminated and therefore not safe from which to obtain ice for domestic purposes.

Regarding this matter Mr. Rehill is confident in expressing his determined opinion that, whilst the water of our little Lake, from which Peterboro's ice has been taken for years is not as perfect, bacteriologically speaking, as it might be, during past years very little or no typhoid or others disease, has ever been traced as originating in ice from that lake.

Mr. Rehill contends that all danger would be eliminated in Peterboro would only adopt the system for years in vogue in Toronto and other cities. This year as for all refrigerators to be furnished with stoppers or padlocks the keys of which are kept by the ice companies.

Without a cursory glance at such a system might be considering an interfering with the private rights of a citizen paying for his ice, there is another and broader point of view. The citizen using ice contracts with the dealer, at so much per season or year, for ice sufficient to keep his refrigerator cool. As long as the ice dealer does this, i.e., keeps the ice box filled with ice, he has filled his share of the bargain.

Perhaps the general public is not aware of the schemes worked to do the ice man.

Mr. Rehill instanced many houses in Peterboro where a citizen contracted for ice for his refrigerator so many times a week, for so much per season. The ice man would deliver the specified number of blocks. Becoming suspicious of one or two customers the man kept their eyes open, when in the neighborhood of such people's houses. To their surprise, shortly after the bi-weekly or tri-weekly visits of the ice wagons, neighbors for several houses away, would arrive with pails or baskets, and share up the ice delivered to paying customers. It was afterwards ascertained a regular bargain had existed between the contracting customer and his neighbors, to take ice at such prices as let the contracting customer get his ice for nothing or sometimes even get a profit. By supplying all refrigerators with padlocks, the keys of which are in the hands of the ice men, all chance of danger from using ice for drinking purposes would be done away with, and the hard working icemen protected against such petty infringements of his honest contracts.

[illegible] the only as would compel the dealers to get their supply from so great a distance as suggested, it would simply mean that scores of families, who every summer enjoy the really necessary use of ice, would have, owing to the vastly increased expense attaching, to do without this preservation of their meats, vegetables, milk and other household food. As long as ice is not actually brought in contact with food, there need be no danger from its use in refrigerators.

To pass such legislation as proposed would simply mean that men like Mr. Rehill and the Allin Ice Co., would have to get their supply at enormous expense and have to compete with many irresponsible dealers, who would, despite all law, supply, with no restrictive control, private families, with ice taken from the nearest and contaminated localities.

If the Little Lake ice is not pure, let Peterboro take a lesson from Toronto, and by adopting Mr. Rehill's suggestion, enable the poor to have ice, with no danger to health.

Some consideration, where no positive and proven menace to health is shown, should be given to local dealers who have their money invested for using the ice of our Little Lake.

The Coming Fire By-Law

Yesterday several gentlemen well qualified in matters appertaining to fighting fire, discussed the fire by-law about to be submitted to the ratepayers. It was noted, in yesterday's issue of The Times, that Ald. Batten, advocated making the proposed 10-be asked for amount $20,000, the city father thinking that this sum would be granted, whilst the first suggested sum of $25,000 might be voted. Now if this suggestion were put in practise and $20,000 be voted for fire purposes, it was the unanimous opinion of those discussing the matter yesterday, that Peterboro would have a good serviceable plant adapted to meet every contingency. $20,000 would buy a good fire hall, put in an electric alarm system, and a combination hose waggon with chemical engine. With such a plant as this, the gentlemen referred to above, were confident that Peterboro would never have any serious conflagration.

Yesterday a Times' representative interviewed Chief Thos. Rutherford, and after relating the conversation noted, asked his opinion. The chief fully endorsed the idea, as noted, of confining the amount to $20,000, thinking that this sum would surely be voted, and when voted would accomplish all required results.

BELL BOY STABBED.

Hamilton, Dec. 6.—Walter Barton, a colored bell-boy at the Waldorf, was stabbed in the back and shoulder and taken to the city hospital in a serious condition. He accused Harry Lee, Napier street, of doing the stabbing and last evening Lee was locked up. Barton said he and Lee quarrelled in Lee's yard, and Lee used a knife on him. Lee was arrested at the Stuart street station.

NO REDUCTION

Tax-payer Objects to Deducing Licenses

(To the Editor of The Times)

Sir,—I see by your valuable paper that the Ministerial Association has personally asked the city council to reduce the number of licenses now granted in this town.

Without commenting upon whether these ministers are justified in mixing up civic politics with their usual business of attending to the spiritual wants of their flocks, I would respectfully warn them against interfering in allowing their actions to be made cat's-paws wherewith politicians will ultimately pull political chestnuts out of the fire of graft.

I do not want, for one moment to reflect upon the morality standard of the universally admired and respected gentlemen, their very occupation and environments prevent them from being tested in the petty schemes of unscrupulous political wire-pullers. Let them, for their peace of mind in the not very far distant future, be careful, lest they find that their well intended actions, may cause those, whom they now suspect now, to laugh at the trap into which they innocently stepped.

As far as reduction of licenses is concerned, it is well recorded in the memories of our older citizens, how some ten years or so ago, the Peterboro town council passed a by-law reducing the number of local licenses by five. When this came before the commissioners, they granted licenses to the very men it was proposed to leave out, and cut off some of the hotels supplying the best and legal accommodations to farmers, and the travelling public.

After nine months' trial it was found necessary to repeal the by-law and grant extra licenses. This reduction of licenses was plainly a political dodge. Let us be careful that Peterboro is not again muzzled by politicians or any one else in such matters.

Yours truly,

TAXPAYER

FOR SCIENTISTS

Mr. Chas. McClelland, Water Street Has Fine Petrifaction

Yesterday quite a curiosity in petrifactions was brought to Mr. Chas. McClelland, the jeweller, of 391 Water street, by Mr. Mooney, a son of the late reeve of Dentro. This perfect petrifaction is about seven inches wide by two inches, tapering to one and a half inches thick. It is round in shape and comparatively hollow. Many citizens yesterday did some tall talking and scientific arguing as to what the petrifaction is. It is firmly attached to a piece of lime stone rock.

The general opinion is that it is the petrified bone, from the leg of a long deceased animal. The substance of this unique petrifaction is a glistening foam of quartz.

Anyone desiring to see it and pass an opinion can see this curiosity in Mr. McClelland's jewellery store.

The bone was dug up on Mr. Mol-

Tenders for Engineer's Surveying and Camp Equipment.

Tenders addressed to the undersigned and endorsed "Tenders for Engineer's Surveying and Camp Equipment" will be received up to and including December 15th, 1905, for the purchase of surveying and camp equipment consisting of boats, canoes, canvas tents, blankets, stoves, axes, boring tools, ice augers, cooking utensils, etc., etc.

Detailed inventories may be seen and all information obtained by applying to J. H. McClellan, Esq., Superintendent Trent Canal, Peterboro, Ontario.

The highest or any tender not necessarily accepted.

E. J. WALSH,
Engineer-in-Charge.

Surveys of Routes for Trent Canal.
Department of Railways and Canals,
Ottawa, December 5th, 1905.

WORK ABOUT COMPLETE

New Twelve Inch Main on George Street Nearly Finished

Only about two hundred feet of the new twelve-inch auxiliary fire main which runs from Smith street along George to Argyle and then along Water street to the old water works pump house, remains to be laid. The work on this main has been hustled through as quickly as forty sturdy workers could rush it along.

Ten Italians, who have been on the job, left yesterday for their homes yesterday in the neighborhood of Naples; a majority of them will return to Peterboro next spring. Superintendent Henderson says the fire main will be the last piece of pipe laying undertaken this year.

A VETERAN'S FUNERAL

Burial of Mr. Robt. Wright a Veteran of 1866

The last mortal remains of the late Mr. Robt. Wright, who, as noted in yesterday's issue, passed away at his home, Downers' Corners, on Sunday morning, were laid to rest yesterday afternoon in the Little Lake cemetery. As noted before, Mr. Wright, was a Black Knight of the Orange Order, and a veteran of the Fenian Raid of 1866. The funeral was attended by local veterans of '66, the following being present, viz., Messrs. A. P. Pomette, J. D. Collins, W. Logan, John Irwin, Mowry, H. Rank, Thompson (inspector of plumbing), Craig, P. Gifford, R. J. Sanderson, F. J. Mitchell, and Alex. Ferguson. The bearers were Messrs. Mitchell and Logan, representing the Veterans, and two members of the Orange Order.

The funeral was a particularly impressive one.

TRAGEDIES IN NEW YORK

White Woman Dies in Chinatown Under Suspicious Circumstances

New York, Dec. 6.—Three of New York's great highways—the river, the underground railway, and the street—and that section known as "Chinatown," where mystery is ever present, each furnish a police mystery today. In two cases, the subway and Chinatown, death had come between the victims and the investigators. In the first the police have only the mangled body of a man who, before parting himself in front of a rapidly moving train, had taken every precaution to thwart the efforts of the others to establish his identity. His clothing, unmistakably new, bore not a single distinguishing mark, and not [illegible] found in any of the pockets. The man was about 40 years of age, weighing 170 pounds, was five feet nine inches in height, had dark hair, blue eyes, and the scrupulous care with which he was dressed indicated that he was not a "tramp." He jumped directly in front of a train as it swung into the 137th street and Broadway station of the subway, and was literally ground to pieces.

The Chinatown mystery was the death of a woman, Lottie Lane, a white woman, whose husband, a Chinaman, died a short time ago. She had three callers last night, a Chinaman, a white man, and a white woman. During the night these callers summoned a physician, and notified the police that their hostess had fainted while she was entertaining them. The physician who found her dead when he arrived, regarded the death as suspicious. The police put the three callers under arrest and began an investigation.

POLICE COURT NEWS

Two cases were brought before his Worship's notice at yesterday's police court. A young man of the city who had dabbled too long and too frequently with the contents of various glass bottles, and who showed symptoms of seeing that stage where azure-eyed alligators, on flimsy wings of carmine tint, flit round one's bed side, was remanded for one week, to enable him, whilst enjoying the hospitalities of Castle Nesbitt, to sober up.

Jos. Clure, a resident of Hastings, cracked the city treasury by two successive jumps back on Monday evening, managed to collect in his department of the interior an amount of jetsam which, in direct proportions, revealed his stupendous jag. James must be a financier as in the face of a 7x11 drunk he had a goodly sized roll of the long green; furthermore James was inclined to dispute the alleged overcharge made [illegible] trate gave him to [illegible] not to be mistaken, that James would be wise to make for the wood in Hastings.

(Crowded out of yesterday's issue.)

Yesterday morning, William Peters was charged, when Magistrate Dumble had mounted the rostrum and adjusted the scales of justice, with having assaulted William Kilfoyle. This case, as will be remembered by readers of The Times, had been enlarged from last week.

The main witnesses for the prosecution were Kilfoyle, and a boy, by name Bruce Kempt.

They both claimed that Peters' young brother had been bullying another boy. The witnesses, interfering in the matter, tried to stop the lad's interference, whereupon, the older Peters landed one or two upon them.

Peters had a five flush of witnesses, but as is sometimes found, in every game when called, the flush resulted, as far as coincidence of evidence went, in the flush containing diamonds, hearts, spades and clubs; in other words their evidence did not agree in every point.

It seems that Kilfoyle had called Peters a name that is not used in polite society. Peters, it seemed, by a resume of the evidence was chief cook in the bunch.

The magistrate said that there was no doubt but that Peters had wanted to fight, and imposed a fine of $2 and costs, amounting to $7.20.

The chief has received several complaints recently about the gang in that neighborhood.

Mr. S. T. Medd looked after Kilfoyle's interests.

Winter Houseparty Tour Cuba and Mexico.

The cheapest and best trip ever run south. So much interest is centered in these two points of speculation, here is an opportunity to visit them both and see and compare for yourself. Every point of interest will be visited, the trip going further south than any other ever run. American trips cost as much for Mexico alone. Patronize home industry when it is the best. The train will contain every possible luxury, the menus in an elegant dining car equal to those of the best hotels. The management is thoroughly experienced in the running of special trains and quite familiar with Mexico, the doctor who will accompany the train having lived in Mexico for fifteen years.

The going trip takes in all the best of Kentucky (Mammoth Cave), Tennessee, Alabama, Florida, Mississippi, with nine days in and about Havana, Cuba, stopping at the best American Hotel. Mardi Gras in New Orleans, Louisiana, Texas—Houston and San Antonio, and all of Mexico, taking circle trips to interesting and beautiful points that sometimes extend three and four hundred miles. On the return Austin, Eureka, Hot Springs and St. Louis are visited.

Everything paid when you buy your ticket. Write for information to E. M. Outhwaite, 25 Maitland street, Toronto.

WHY SO WEARY ?

Always Restless and Weak Isn't Natural—But It's Dangerous

You have to work hard. This uses up lots of nerve force and tears down the body faster than it can build up.

The result is a half-dead feeling you can't shake off. Somehow you must get more vitality. The water in your blood must be turned into nutriment and building material.

This is just what happens in using Ferrozone, which renews the blood and nerves, and makes each organ do the work that nature expects of it.

Ferrozone quickly increases your weight, brings appetite and healthy color, instills a reserve of vigor into the system that defies weariness, exhaustion, debility, or sickness of any kind.

Ferrozone quickly increases your weight, brings appetite and healthy color, instills a reserve of vigor into the system that defies weariness, exhaustion, debility, or sickness of any kind.

The enormous strengthening power of Ferrozone is proved in the case of Mrs. Edward Hill, of Orr Lake, Ont., who says:

"Two years ago I had a nervous breakdown. At night I tossed restlessly in bed, unable to get any rest from sleep. In the morning I suffered from over-powering weakness. My appetite was poor. I grew pale, thin and despondent. A slight hacking cough also added to my burden.

"My doctor said to try Ferrozone, and it did me good in a few days. I increased in strength, the nervous sensations disappeared, and with my appetite came back my color and good spirits. I have gained over ten pounds in weight, and as my age is 56, I consider Ferrozone is a marvel." (Signed) Mrs. Edward Hill.

REMEMBER THIS: Ferrozone is a true tonic—not an alcoholic stimulant. Fifty chocolate-coated tablets in a box for fifty cents, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

From J. S. Robertson, Secretary National Sanitarium Association, requesting assistance toward carrying on the work of this association, and enclosing reports of work in Muskoka during the past.—Received.

From John A. Robertson, Secretary Canadian Fire Underwriters Association, with reference to necessary precautions toward having the fire fighting appliances in first class order in view of the dangers created by cold weather conditions.—Fire, Water and Light committee.

From H. Edmison, stating that while driving north on Reid street Wednesday night, November 29, he drove into an embankment in the centre of the road at the corner of King street, his horse falling and breaking the shaft and harness, causing damages to the extent of $2.50, including time, which he asks the city to pay. Referred to the Legal committee.

From E. H. D. Hall, Town Solicitor, enclosing receipt from Division Court Clerk Bell, for $18.83, paid into court in the case of Blodgett vs. Curtis.—Received.

From T. Q. Quartermaine, Secretary Board of Trade, enclosing for consideration of the City Fathers notice of the second annual issue of the Commercial Hand Book of Canada.—Received.

From J. S. Hendrie, chairman of the Railway committee of the Legislative Assembly, giving notice of a proposed amendment of the Electric Railway Act, and inviting the presence of all those interested in this matter on Tuesday, December 5th, and the three following days, in the committee rooms in the Parliament Buildings, Toronto.—Received.

From a number of ratepayers, petitioning for a 32 candle-power electric light at the corner of Reid and Murray streets.—Referred to the Fire, Water and Light committee.

From the Empire Accident and Surety Co., soliciting the privilege of tendering for the fidelity business of this municipality.

From Davis-Thompson Co., re the city's policy with the Boiler Inspection and Insurance Co.—Finance committee.

From ratepayers, petitioning for an electric light between King and Sherbrooke streets, on Water street.—Referred to the Fire, Water and Light committee.

For a street lamp at the west end of Bolivar street.—Fire, Water and Light committee.

Blewett's claim for damages, by reason of an accident on London street, west of Bethune, on November 9th, when his horse stumbled into a hole, was referred to the Legal committee.

From Alfred E. Britton, seeking the position of Truant Officer.—Received.

From Thos. Dale, 56 George street, asking for means of reaching a sidewalk from his premises without wading through mud several inches deep.—Received.

From the Town Solicitor, stating that he had paid into court, as instructed by the Legal committee, the sum of $5.00 in full of claim of Zimri Blodgett against the city, together with $1.75 costs. Mr. Blodgett has accepted this settlement.

EARLY COMPLETION OF THE TRENT CANAL

To Be Urged By The City Fathers—Deputation Will Wait Upon the Dominion Government.

In the matter of Ald. Johnston's bylaw to provide for the borrowing of $25,000 for improved fire protection purposes, which came up before the Council Monday night, Ald. Crowe urged that providing for the purchase of a new fire engine would prove simply a blank aye to the bylaw.

This bylaw was read a second time, and on motion of Ald. Johnston, seconded by Ald. Begley, it will be advertised in the Times.

A bylaw to authorize the construction of granolithic walks passed its several readings.

A bylaw respecting the construction of the sewer on Water street between Smith and Hilliard streets, on sanitary grounds, passed its several readings.

A bylaw to authorize the Mayor and Clerk to execute a release of any interest the city may have in a portion of the Locks Grange, which is being taken over by the Government, passed its several readings.

Ald. Begley moved, seconded by Ald. Johnston, that this Council pass a bylaw to prohibit the running at large of dogs, except in leash, within the city limits.—Carried.

The Solicitor had not this bylaw prepared, but it will be forthcoming at the next meeting.

TRENT CANAL.

Ald. Adams thought now an opportune time for a deputation from Peterboro to wait upon the Government and urge the early completion of an outlet for the Trent Valley Canal, and he moved, seconded by Ald. Scott, that in the opinion of this Council it is advisable that renewed efforts be made for the early completion of this waterway, and that a deputation, representing all the localities interested, wait upon the Government and urge that a sufficient sum for the completion of the canal be put in the estimates at the next session of the Dominion Parliament, and that all unfinished work be put under contract.—Carried.

Ald. Mason moved, seconded by Ald. Hicks, that all refunds of taxes shall in future be paid by the City Treasurer.

MILK INSPECTOR.

Ald. Johnston thought steps should be taken to provide for the inspection of milk, which is a matter that affects the people at large. While his colleagues were in favor of this step the matter was left in abeyance.

COMMUNICATIONS.

GIVEN FREE.

The Cincinnati Enquirer has just issued a New Valuable up to date Wall Chart of three Sheets (six pages) each 28 inches wide, 36 inches long.

The first page shows an entirely New Map of Ohio; the most beautiful and exact ever printed. In bringing this Map up to date, all new towns are located, all Electric and Traction Railroads are shown, all Rural Mail Routes, and portraits of all the Governors.

On other pages of this Magnificent Chart are Maps of the United States with portraits of all the Presidents.

Map of Panama showing Canal zone, with data relative to the great Ship Canal, now being built by the United States, one of the greatest enterprises ever attempted.

A topographical Map of the Russia Japanese War district with data and details of the two great Armies and Navies, battle fields, etc., including the last Naval battle in the straits of Korea.

A map of the World, with Names of Rulers. Coats of Arms. Flags of all Nations. Steamship Routes, with data and Statistics of great worth.

Other maps are the Philippine Islands, Hawaii, Alaska and Porto Rico, in all nine distinct maps.

An index will locate any point desired and is so simple a child can understand it. The Chart is new, correct and up to date, making it an invaluable educator, indespensable for the Home, School, Library, or College.

The selling price is $2.50, yet its worth is many times greater. The Enquirer Company is giving this chart Free to subscribers of the weekly Enquirer who remit one dollar for a years subscription or for a renewal of old subscription. Agents can reap a rich harvest soliciting orders for this grand offer. Address,

ENQUIRER COMPANY,

Each case is treated as the symptoms indicate. Our New Method is original and has stood the test for twenty-five years.

DRS. KENNEDY & KERGAN

148 Shelby Street, - DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less) par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 250,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $3,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels, drifts and upraises the OXARNA COMPANY have uncovered over $1,200,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $67.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 5 per cent. discount will be allowed if all cash accompanies the order. Subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U. S. A.

APPEARANCE

Is such an important feature on the table. It makes a heap of difference to the pleasure of the meal whether you have a good or a poor looking Sugar on the table.

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

The new executive of the Ontario Hockey Association held its first meeting Friday night at the King Edward Hotel, and various matters of importance, including grouping of clubs, were discussed and arranged. There will be nine clubs in the senior, 16 in the intermediate, and 28 or 30 in the junior series this season.

THE SLOTHFUL TODAS

THEY ARE THE LAZIEST PEOPLE IN THE WORLD.

A Hill Tribe of India Whose Men Will Neither Hunt Nor Work and Who Are Proud of Their Reputation For Downright Indolence.

In these days of push and energy it sounds strange to talk of people as being lazy, and still the Todas, a hill tribe of India, are the laziest people in the world.

The Todas are not ashamed of their reputation and are free to confess that they know of nothing so foolish and stupid as work. Their one and only pursuit is the raising of buffaloes. They are far too indolent to follow the chase, and as in their only weapon, although they know how to make others. They use this for waging war and for felling trees. They will not till the land, considering this unnecessary labor. To make housekeeping easier all their natural products are held in common. The idea of property is only restricted to the hut, its contents and live stock.

The buffaloes, which they own in large quantities, furnish them with skins for clothing and the hut, and the meat is used as food. But milk is their principal diet. They do not even relish the idea of milking their cattle. The head milkers are the only ones that are to be persuaded to do this labor. These men are chosen from the class of "peikl," or "sons of God." They are the priests and practice celibacy. Although the priests tend to the cattle, each householder owns his cattle.

Much as these men dislike the caring for their cattle, they find farming a less dignified calling. Some years ago they went to war with their neighbors, the Badaga and Kotas, as they might be able to levy a tax of one-eighth on their grain products. When their grain grows scarce they live on roots and berries. They will sell their land or give it away, but they will not cultivate it at any price.

The building of bamboo huts does not interest them any more than the cultivating of the soil, and they make this task easy by making the boys cut the bamboo and their wives build the huts. It is not unusual for three families to share one abode. The men are often so lazy that they cannot afford one wife alone, but even this does not worry them. Two or three brothers manage to support one wife. Indolent and slothful, they sit listless for hours, unconcerned about all things. What they know they know well. They are intelligent within certain narrow limits, but they are too lazy to increase their store of knowledge. Whatever has to be done must be cared for by the women and children.

Strangely, their appearance does not disclose this most marked characteristic. They are tall and well proportioned. They look like Roman senators as they walk wrapped in skins resembling the ancient toga. Their appearance is not only prepossessing, but bold and self reliant.

Many an amusing story is told of this small hill tribe, numbering about 400 men. An American missionary was working among them when one day he saw a woman and boys building a hut of bamboo. He inquired why the men were not performing this labor, and one woman explained, "Husband mine don't work; me and boys build house."

The missionary made no further comment, but when the hut was built he told the husband that he must build another hut, as he could not live in a home made by women and children. But the surprised Toda answered: "No, no. Me no work. Man has boys and wife to work."

The Toda meant what he said. Although the missionary argued and finally horsewhipped the native, he could not get him to build a hut.

An equally amusing story is told by an English officer. He was so taken by the handsome appearance of one of the natives he wanted to take him to England and place him in his own regiment. The officer gave the native skins and silks until the Toda promised to become an English soldier. He was delighted with the officer's bright, gay uniform. He did not feel bad about leaving his country, his wife and children, but when he was told that soldiers work he said:

"Me no be an Englisb soldier; me be Toda. Me no work; me no like work."

When the English officer tried to persuade him he made answer: "Take wife and boys; they be English soldiers—like work. Me stay home and rest; me be Toda."

Canary Seed.

Perfectly clean seed is absolutely essential to the health of a bird. Do not trust to the appearance of the seed alone, but thrust your hand into the midst of a quantity, and if there is a dusty feeling after you have withdrawn it the seed is not sufficiently clean, says Home Chat. Canary seed, if of good quality, is very bright and plump in appearance and feels heavy in the hand.

Impertinent.

Uncle—Well, here's the money you've been bothering me for. Now, remember the old saying that "A fool and his money are easily parted." Nephew—I don't know about that. I've had to coax you for more than a week for this!—Answers.

Comforting.

Manager—Weren't you afraid to sleep in that haunted room? Disgusted Thespian—No; it was a real comfort to be in some place where the ghost walked.

Not only to say the right thing in the right place, but far more difficult, to leave unsaid the wrong thing at the tempting moment.—Sala.

Graft.

The word "graft" was probably first used in this country in connection with a small canal dug in New York 200 years ago. Graft was the Dutch for canal. Three workmen dug and a committee of five citizens was appointed to see that they earned their wages.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

Had It All Planned.

In the early days of lotteries in England to dream a number was always looked on as the luckiest of omens. On one occasion a footman having plainly seen some numbers in a dream spent the whole of twenty years' savings in purchasing two lottery tickets bearing his lucky dream numbers, and when the tickets proved blanks, we learn, "after a few melancholy days he put an end to his life." In his box was found the following plan of the manner in which he should spend the £5,000 prize, which his mistress preserved as a curiosity:

"As soon as I have received the money I will marry Grace Towers, but as she has been cross and coy I will use her as a servant. Every morning she shall get me a mug of strong beer, with toast, nutmeg and sugar in it; then I will sleep until 10, after which I will have a large sack posset. My dinner shall be on table by 1, and never without a good pudding. I will have a stock of wine and brandy laid in. About 5 in the afternoon I will have tarts and jellies and a gallon bowl of punch; at 10 a hot supper of two dishes. If I am in a good humor and Grace behaves herself, she shall sit down with me."

The Penman & Sprang

DUPLICATOR

Will produce 100 copies in ten minutes, and is without doubt one of the greatest inventions of its kind ever conceived

THE DUPLIGRAPH

The most reliable, clearest, simplest, quickest and most up-to-date duplicating machine on the market

It will reproduce one hundred facsimile copies of a pen written original in fifteen minutes; fifty to seventy five copies of an original written on a typewriter or twenty five copies of an original written with a copying pen.

The original is written on ordinary paper, with an ordinary pen, typewriter or copying pencil, and the copies can be taken on ordinary paper cardboard, wood or china.

Call and see it in operation at the

TIMES BOOKSTORE

Exclusive Agents for Peterborough and Vicinity.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district to which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1500 feet. The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu therof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

YOU ARE AILING

Find the Cause for the Weakness and Nervous Dread That Overshadows Your Life.

You can't keep up forever.

Sooner or later Nature will rebel against the strain that is imposed on your overworked system. So far, will power and nerve may have tied you over, but the end is probably near at hand.

To-day the common complaint with weak men and women is lack of kidney vitality. Here you have the cause of your ill-health.

Wouldn't it be wise to use a time-tested remedy like Dr. Hamilton's Pills—they cure that "ailing" feeling in one night. Next morning you feel like new—bright, fresh and happy. Appetite improves, dull, sallow color grows ruddy and clear, proving that great good is being done by this scientific medicine.

Thus writes Mrs. D. F. Fowler, from Yarmouth: "I used to feel drowsy and heavy, my color was sallow, and there was a tired-out feeling in my mouth. I had vague pains all through my limbs, and an annoying headache as well.

"After one dose of Dr. Hamilton's Pills there was a marked change. I felt better, my appetite became set, and that exhaustion and depression gradually left me. Life seemed brighter and happier after I used Dr Hamilton's Pills, so I strongly recommend such a good medicine."

Mrs. Fowler's letter is a message to you and all others in poor health. You can't do better than follow her advice. Dr. Hamilton's Pills you certainly need; then why not get them now and enjoy the abundant good health they are sure to bring you? Price 25c. per box, or five boxes for $1.00. At all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

Married

MONTGOMERY—BEATTIE.—Tuesday evening, November 28, at residence of bride's cousins, Mr. and Mrs. Peter G. Dunk, 250 West 120th, New York City, Miss Mattie B. Beattie, of Petersboro, Canada, to William M. Montgomery, of Greensboro, N.C., Rev. Gustavus Tuckerman, Holy Faith, E.C., Brooklyn, officiating.

An Eleven Pound Boy

The genial wine clerk of a George street dispensary of wet goods yesterday wore a smile, that by nearest computation, as it everlastingly ripples across his countenance, measured something under eight inches in breadth. Harry, was the proceeding evening, presented with a boy that turns the scale at eleven pounds. It is needless to say his many friends extended their congratulations.

Mrs. A. L. Davis Gives Books

The Y.W.C.A. library is a large number of books to the good, by continued kindness of Mrs. A. L. Davis. The library now contains over 275 volumes. The books now presented by Mrs. Davis are, Greg Kelly, Kit Kennedy, Maid Margaret, Temporal Power, Abner Daniel, In the Morning Glow, The Princess Passes, My Friend the Chauffeur, Pa Gladden, Olive Latham, Little Citizens, The Yoke, Alice of Old Vincennes, At the Time Appointed, A Social Departure, Elizabeth and Her German Garden.

Succeeds Dead Brother

John M. Bond, of the Toronto Police Force, brother of the late W. A. Bond, chief constable of Port Hope, who was drowned a couple of weeks ago at Haliburton, has been appointed by the town council chief constable in the place of his brother. There were a large number of applicants, and the appointment was unanimous.

LOCAL INCIDENTS

By The Times Man on the Street

—County Magistrate Edmison will hold police court at Norwood to-day.

—St. Peter's T.A.S. held its regular fortnightly literary meeting yesterday evening.

—Mr. Walter Stocker is erecting a fine residence for himself on Homewood avenue.

—A little older and the plumbing man will be able to get even with all his enemies.

—Don't forget that the choice of Christmas cards gets poorer and poorer every day.

—A meeting of 57th non-commissioned officers will be held at their rooms, Simcoe street, this evening.

—The annual entertainment of the Salvation Army Sunday school will take place at the barracks to-morrow evening.

—The annual meeting of the Women's Missionary Society of St. Paul's church will be held on Friday afternoon at 3.30 o'clock.

—The play for the English Concert Company, which appears here on Thursday night, opened at the opera house yesterday morning.

—Staff-Capt. Kerr, of Toronto conducted special service at the S.A. barracks yesterday evening. Harry, the cripple boy, sang.

—A little sensible forethought just now will relieve the Christmas shopper of a lot of worry and dissatisfaction later on. It's a wise plan to make your selections now.

—The regular choir practice of George street church will be held to-day, instead of Thursday evening in order to allow the members to hear Miss Hope Morgan, and the English Concert Company in the opera house to-morrow.

—License Commissioner Dr. Morrison says that the liquor laws are well observed in this city. With only one or two exceptions he is jjustified in this statement, and it would be well for all the men in the liquor business to keep in line. This would stop all talk of possible trouble.

MOTOR BURNS OUT

The Times Handicapped in Getting out Yesterday's Issue

Many hundreds of our subscribers who yesterday missed their usual morning paper, will we think cheerfully exonerate us when we explain the reason.

As yesterday's issue was being printed, and ere more than our usual output of The Times was printed, the huge motor, from which the press obtains its power, unexpectedly, as motors will, caught fire and burnt out. This accident happening during the week-end hours of course put the press out of business at once.

Early yesterday morning the Peterboro Light and Power Company, sent a gang of men, under their electrician Mr. Fife, to remove and replace the then useless motor. The celerity with which Mr. Fife and his men did this job is worthy of notice, they had removed the old motor and replaced it by a new one, so that by 10.20 a.m. the presses were once more merrily devouring reams of paper and the accompanying ink.

Such of our subscribers as did not get yesterday's issue, will have it delivered this morning.

TRENT CANAL OUTLETS

Surveying Parties at Work Over a Year Complete Labors

The surveying parties who have been doing field work over a year in connection with the southern and northern outlets of the Trent Canal have completed their work. The southern outlets, Port Hope, Cobourg, and Trenton, have been surveyed, and three routes from Lake Simcoe to Georgian Bay. These are by the Severn River, the North River and by Gordwater. The Department of Railways and Canals will prepare the plans and make the necessary estimates, a decision as to the southern outlet of the canal will then be made.

Mr. Fitzgerald Home

Yesterday evening Mr. Geo. W. Fitzgerald, the recently appointed and proven efficient game warden, whose recent illness was noted in another issue, returned home last night, from Pembroke where he has been in hospital. We are pleased to say that the genial game warden is much improved. He was accompanied on his trip home by Mrs. Fitzgerald.

Mr. D. H. Burritt, ex-deputy postmaster, of this city, has received a letter from his brother, Mr. Jas. H. Burritt, K.C., Pembroke, grand master of Canadian Masons. The letter, written before Mr. Fitzgerald's departure from the Pembroke hospital, says, in reference to Mr. Fitzgerald's recent illness;

"I have just been up to see Mr. Geo. W. Fitzgerald. His wife is with him. His left side is paralysed and, until yesterday morning his face, to such an extent that he could not speak. He can talk now now without much effort, but is rather restless. He had been up in the mountains on the Quebec side in the vicinity of Old Trout Lake and came back to Tarp's wharf to catch the down steamer. It being the last trip of the boat, he was many hours on the wharf with no shelter and it was here he had the stroke. He said if it had not been that a neighbor (some miles away) brought some quilts and blankets, he would probably have met his death. He says he is improving and speaks very highly of the comforts of the cottage hospital here and the nurses. If he keeps on improving he may leave for his home in a day or two."

SOCIAL AND PERSONAL

—Mr. Robt. Fair was in Millbrook yesterday.

—Miss Annie Edmundson has returned from a week's visit with friends in Lindsay.

—Mrs. Herbert Morphet, 378 Hunter street, will not receive until the first Friday in the new year.

—Miss Emma Jones, of Victoria road, is in the city visiting her cousin, Mrs. Samuel Harper, Sherbrooke St.

—Messrs. John Dwyer, Peterboro, and Captain Scollard, Young's Point, went to Kinmount yesterday on business.

—Mr. Albert Storey, the great Montreal wholesale clothing manufacturer, was in the city yesterday, a guest of the Oriental.

—Miss Mona O'Shea is once more at home after a very pleasant visit to Dundas, the guest of her school friend, Miss Helen Lunn. She also visited friends in Hamilton and Toronto.

—J. A. Sweeney, New York; J. E. Bertram, A. C. Carson, Chas. Russell, S. Hobbs, W. J. Lind, J. Pratt, Toronto; J. D. Couch, R. W. Bauer, Toronto, Jas. E. Baker, Kingston, D. Brenner, Montreal, are guests of the Oriental.

—Jas. Balfour, Hamilton; Jas. Morrison, Toronto; W. J. Barrington, H. James, E. N. Drake, Toronto; E. C. Rockwell, Buffalo, E. Sparling, Toronto, W. J. Jewett, Richwood, N.Y.; J. Driver, Kingston, are guests at the Snowden House.

—Mr. Walter Caxton, who takes a principal part in the celebrated Enoch Arden Co., which plays in the Grand Opera House here this month, is in the city, a guest of his brother, Mr. Walter Claxton, manager of the Peterboro Carbon Company. Mr. Claxton has gained a very high place in the theatrical world.

BLOCKED BY ICE

Men Engaged in Reservoir Survey Return to the City

Yesterday Mr. Gus. Sawyers, a member of the party who during the past few weeks have been engaged in surveying our northern lakes in company with other members of the party, returned to the city for a few days.

Yesterday afternoon Mr. Sawyers was interviewed by a Times representative. He states that the party, under control of Mr. R. B. Rogers, engineer in charge on the Trent Valley canal's work, have accomplished a great work, although not yet through.

As noted in a former issue of The Times this survey has been made of the norther waters with reference to the proposed reservoir scheme and regulation of the water. They have completed the survey of the Gull river waters as far as Minden. The ice is just forming and is not solid enough yet to allow the surveyors to venture upon its surface, while it is impossible to use boats in the work.

During the past week or two the party has experienced great difficulty, not altogether devoid of danger. They had to move from one portion of their route to another, by hauling their canoes over very treacherous ice.

Mr. Sawyers, who is an ardent sportsman, yesterday had a long talk and compared notes on deer shooting, with members of the Gold Lake hunting party. During his recent visit to the southern waters, Mr. Sawyers had the good fortune to secure two good bucks.

As soon as the ice is formed sufficient strength to allow the party to travel upon it, the surveyors will return and carry on their work throughout the winter.

GOOD XMAS DISPLAY

The Times' Bookstore Has Every Thing Wanted by Children

Already The Times Bookstore shows by fast increasing patronage, that the splendid display of Christmas goods, now being added to stock, is strictly up to date, comprises all children's wanted articles and are marked at prices appealing to all pockets.

The Times Bookstore has the largest and best assorted stock of dolls, toys and Xmas sundries, to-day on sale in this city.

There are dolls, blond and brunette, dolls that sleep and dolls that never lose time by closing their eyes. This assortment of imported mechanical toys is better in volume and prices than ever before.

The Xmas booklets will meet with approval from all classes of the purchasing public.

Before telephoning your orders to Santa Claus, for dolls and toys, give The Times Bookstore a call.

Mrs. Martin's Funeral Today

This afternoon at two o'clock the funeral of the late Mrs. R. B. Martin, 247 Hunter street, will take place to the Little Lake cemetery.

Mrs. Martin, who was fifty-four years of age, was born in Oshawa, in 1851. She was united in marriage with Mr. Martin in 1874. After their marriage they resided in Toronto and Ottawa for some time, removing to Peterboro about twenty years ago, where they have since resided.

The deceased was a member of the Murray street Baptist church. She leaves to mourn her loss, a husband and three children—one son, Herbert, of Toronto, and two daughters at home, the Misses Gertie and Mildred. Her mother, Mrs. Taylor, of Toronto, was with her daughter in her last illness.

Mrs. Martin was a lady universally beloved by all who knew her.

Gull River Waters

The Government engineers have almost completed their survey of the Gull river waters from their source as far south as Minden, says the Post, and when they get through with these waters they will proceed to survey the Burnt river waters, on which they will also report to the Government as to the area and storage possibilities of both in connection with supplying the Trent Valley Canal system, and also to secure a steady supply for navagation purposes and obviate the great waste of water which always occurs in the early part of the season to be utilized during the latter part of the season.

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work and let him hunt, therefore he dug *papooses root for her*, for that was their great remedy for female weakness.

Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other agents that make it more effective and protect the stomach from functional disturbance.

DR. PIERCE'S FAVORITE PRESCRIPTION is not nor ever was a "patent medicine," but it is the carefully wrought out and thoroughly tested *real prescription of a real physician in a real practice.*

Dr. Pierce's unparalleled success with this remedy was such that more wanted to use it than any one doctor could attend to in a private practice. This induced him to manufacture it on a sufficiently liberal scale to meet the demand.

By his own special processes, he extracts, combines and preserves the medicinal qualities of the several ingredients without the use of alcohol (using chemically pure glycerine instead), thus rendering it absolutely safe for any woman of any age and in any condition to use freely. The names of the ingredients are: Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root.

Miss May Rohrback, No. 73 Amsterdam Avenue, New York City, Treasurer of the Woman's Progressive Union, writes:

"I had headache, backache, and was very nervous; scarcely able to sleep more than two hours at a time. I was advised to try Dr. Pierce's Favorite Prescription, and was delighted with the result. Within a week I was sleeping splendidly. Continued using the 'Favorite Prescription' for eight weeks, and then stopped, for I was *perfectly* well. Ever since then your medicine has been my 'Favorite Prescription,' too. I recommend it to every one."

Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pleasant Pellets cure constipation.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which snow no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says, "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors—scrutinize as they have the ability to correctly judge the qualities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 140 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we knew we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is *no more* stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 130 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 150 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more as your investment than money loaned at 6 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 30 per cent. on a basis of five wells to the acre.

GAPON A STRIKE BREAKER TO OPPOSE A REVOLUTION

Former Leader Addresses Many Meetings Which Forcibly Eject Socialists Fire-Brand Orators---Feeling Against Strikers.

St. Petersburg, Dec. 6.—The Emperor to-day reviewed the Simonovsky regiment at Tsarskoe Selo. Grand Duke Vladimir and Grand Duke Nicholas Nicholaievitch were present. The Emperor drank the health of the regiment. His Majesty appeared to be in good health.

This is a great holiday here and all the factories and mills are closed. The workmen took advantage of the holiday to hold numerous meetings. The principal meeting was attended by over a thousand persons. Father Gapon was in the audience, but not recognized. When his name was mentioned by the speakers it was received with great cheering. Among those at the meeting were several social democrats, who urged upon the workmen that their economic salvation depended upon the realization of the political program outlined by the socialists. The workmen refused to listen to these appeals, which were received with shouts of "Enough! "Enough!" The social democrats were thoroughly discomfited. After their departure the meeting proceeded to discuss the organization of monster unions, which, it was decided, will be formed in accordance with plans previously outlined by Father Gapon. Several speakers clamored for amnesty for Father Gapon, and a deputation will wait upon Count Witte to present the request.

REVULSION OF FEELING.

The strike of the Moscow telephone operators, who cut the wires and tore up the poles, has severed the last means of communication with the ancient capital. Sympathy with the poorly paid post and telegraph employes is now turning into indignation against the strikers and all the public is supporting a formidable movement which has been started by all classes to throw off the revolutionaries.

The "Law and Order party" took the lead, which is now being followed by the "Society of Strike Breakers," but the most important movement has been started under the leadership of Father Gapon, the former idol of the workmen, who since his residence abroad has become convinced that Russia is not prepared for a republic and is appealing to his old comrades to cut loose from the revolutionary agitators.

The latter already charge that Father Gapon has been bought, and that he is a traitor to the cause of the people. Father Gapon, however, is sincere and his influence unbounded in great.

This being a great holiday, Father Gapon attended meetings of 11 of the organizations which he controlled before January 22 (Red Sunday), at which his words were cheered to the echo. At these meetings the socialist orators were howeled down and in some cases forcibly ejected. If this movement should grow and an effective split among the workmen be thereby created, it will prove of immeasurable service to the government in tiding these over until the meeting of the Douma.

BIDDING THEIR TIME.

The socialistic workmen's organization has definitely resolved to remain spectators of the present struggle unless the unexpected should happen. One of their leaders explained that the organization was husbanding all its resources and strength for a final struggle, which is expected would take place about the first of the year, and that in the meantime was bending all its energies to spread its propaganda among the army throughout the empire. A general congress of Socialists affiliated with the revolutionary organizations would be called ate in December, when they would be ready to set up a provisional government, if the test should come.

The garrison has now been reinforced by forty-two battalions of infantry, fifteen squadrons of cavalry and twelve machine gun batteries.

PLACED INNOCENT GIRL IN CELL

Woodstock Police Chief Accused of Unpleasant Performance

Woodstock, Dec. 6.—A recent incident connected with the local police work, the details of which are coming to the notice of the public, is exciting a good deal of comment.

A robbery occurred on Monday Nov. 2. There was no clue the following day, unless it were that the servants had some guilty knowledge. On Tuesday the police decided to question them. They were brought to the chief's office in order that they might if possible, throw some light on the mystery. One of the young women was taken into the office where the magistrate was, while the other was taken down to the police office and there locked up. This was shortly before noon. At one o'clock the first girl was allowed to leave the office to return to her work. The other was still in the cells and remained there until two o'clock. It was ascertained that both of the girls were entirely innocent.

It is said that the police think their excuse for placing the girl in the cells, a place which both the magistrate and the chief have declared to be unfit for ever tramps" asks the Sentinel-Review.

OFFICERS ELECTED

Royal Black Preceptory, No. 261, Elect Officers for the Current Year

At the annual meeting of Royal Black Preceptory, No. 261, Royal Black Knights of Ireland, held last evening, the following officers were elected and installed for the current year;

Worshipful Preceptor—Sir W. H. G. Armstrong.

Deputy Preceptor—Sir H. T. Everett.

Chaplain—Sir Robt. Weir.

Registrar—Sir W. A. Parker.

Treasurer—Sir Robt. Wilson.

1st Lect.—Sir A. McDonald.

2nd Lect.—Sir F. Ragee.

1st Censor—Sir J. C. Waldie.

2nd Censor—Sir Robt. Maxwell.

Lady Standard Bearer—Sir E. J. Farmer.

2nd Standard Bearer — Sir John Mcharry.

Pursuivant—Sir J. A. McWilliams.

1st - Commissionman — Sir H. Briggs.

2nd Com.—Sir Jas. Trew.

3rd Com.—Sir J. F. Leacon.

4th Com.—Sir Robt. Bolton.

5th Com.—Sir Jas. Garaldes.

6th Com.—Sir W. J. Bradfield.

It was decided to commemorate the two hundred and seventeenth anniversary of the closing of the gates of Derry, by holding a banquet on the 18th inst., and a committee was appointed to make the necessary arrangements.

Weather Notes

Fresh southwesterly winds: fine and mild.

LLOYD SENT TO CENTRAL

Eighteen Months in Prison the Sentence on Newmarket Lawyer

THREE CHARGES OF THEFT

Creditors Ask for Leniency—Judge Winchester Sympathizes Also

Toronto, Dec. 6.—Thomas Hiram Lloyd, the Newmarket lawyer, yesterday afternoon pleaded guilty to three charges of theft, and was sentenced by Judge Winchester to eighteen months in the Central Prison.

In passing sentence, his honor expressed his personal sorrow at having to pass such a sentence. He had known him first at Orangeville and had come in contact with him many times since becoming a prisoner. He had always looked up to him as a most upright and honorable member of an honorable profession. However, he had committed a crime against his clients, and against his profession generally. Carelessness had undoubtedly led him astray in the first place, but it could not have been carelessness that led him to continue the course he followed. The maximum sentence was fourteen years, but, as it was a case where mercy should be extended, he would only give him eighteen months on each charge, the sentences to run concurrently.

Lloyd sobbed when the sentence was passed, but braced up immediately when a number of friends gathered around him and sympathized with him.

There were a large number of witnesses who testified to Lloyd's previous good character. A petition was read from a large number of Newmarket citizens, asking for leniency. Mr. E. F. B. Johnston, representing one-third of the creditors, also asked for leniency on the ground that the estate could be much more satisfactorily settled up, if Lloyd were available. Herbert Lennox, representing $1,000 claims, and Mr. Jas. Bain, on behalf of claims aggregating $6,000, made similar appeals.

WANT POWER FOR BUFFALO

Canadian Power Company Ask Washington and Ottawa for Permission to Cross the River

Ottawa, Dec. 7.—The Canadian Niagara Power Company has applied to Washington and Ottawa for permission to string cables across the Niagara River for the transmission of electrical energy from Fort Erie to Buffalo. The request is now under consideration by the Canadian section of the International Waterways Commission, but will not be ruled on by this body until the commissioners have consulted the Minister of Public Works. It is not likely that there is any objection to the idea of exporting power to the States that has been generated on our side of Niagara. It maybe that the Minister will think best to frame regulations to apply in such cases.

By reason of the growth of traffic through the Soo Canal, the Lake Carriers' Association have applied to the Governments of the United States and Canada to reserve land on both sides of the St. Mary's River at the Soo for the future construction of other facilities as they become necessary. Already the business is so congested on the American side that the vessel-owners are already looking for the construction of another lock. On our side the situation is nothing urgent, but the present development of traffic between Lake Superior and Lake Huron means that the time will come when the existing facilities will prove inadequate. A statement just compiled at the Soo shows that during the past season of navigation up till the end of November, 13,614 vessels passed through the American Soo Canal and 5,495 through the Canadian canal. They represented a tonnage of 30,880,448 and 5,493,906 tons respectively, and carried cargoes of 27,641,105 tons in the one case and 5,350,358 in the other.

Body Not Yet Found

The body of Louis Bell, whose shoes were found on the bank of the canal a few days ago, has not yet been recovered. Mr. S. Northup, of Lakefield, an expert diver, started a search in his diving apparatus yesterday, and will no doubt recover the body of the unfortunate lad.

COST ELEVEN LIVES

Lifeboat was Swamped and Only One Occupant Saved

Halifax, Dec. 7.—Full details of the wreck of the coasting schooner Lunenburg have been received, and show that 14 lives were lost when the vessel foundered off the Magdalen Island on Tuesday morning. Robert J. Leslie, owner of the steamer and a member of the Quebec Legislature for Magdalen Islands, is among the drowned.

She struck at three o'clock in the morning and at daylight her signals of distress were answered by a boat from shore. Five of the crew, including First Officer Smith, were taken off, but the other twelve men on board preferred to stick to the stranded vessel. They clung to the boat until late in the afternoon, when she commenced to break up.

BOAT CAPSIZED.

The twelve men then got into one lifeboat, but only reached about half the distance to shore when a huge wave capsized the little vessel. Another boat put out from shore, but when she reached the battered craft only one man was found clinging to the boat.

Captain Pride commanded the doomed vessel.

The six men saved were: Captain Pride; William Smith, mate; Edward Silver, J. H. McCann, William Thorn and Warren Jackson.

THE VICTIMS.

The drowned are: R. J. Leslie, M. P. P.; J. McConnell, purser; H. Maynard, steward, R. McDonald; chief engineer; J. Jones, cook; B. Ham, cabin boy; Swasson, Vital Bourgett, Deaphus Vigneault, Samuel Vigneault and Jos. Bourgeois.

PETERBORO'S PROSPERITY

How it is Evidenced in the Homes of Many Citizens

Peterboro is entitled to be a prosperous place, quite the most prosperous of the inland cities of Ontario. On the farms in the north and every large mill comes together; one hears words of commendation of Peterboro's progress and advancement. And these are solid reasons for these appreciations. The handsome places of business, the commodious dwellings and more elaborate residences that have been erected on every hand all tell the story of advancement.

This prosperity and the evidence of it is not confined to outward manifestation. The inside of the homes of the city share in the comfort and refinement that follows the expenditure of money. The standard of living has been raised during the last four years, and of this there is no doubt.

As an indication of Peterboro's prosperity it is remarked that our citizens are no longer inclined nor find it necessary, to invest in that which is cheap or inferior, but instead are fast becoming permeated with the correct idea that "the best is the cheapest."

The strongest proof of this tendency, if proof were needed, is found in the fact that nearly all the pianos supplied throughout Peterboro district during the past year, have been of the highest possible grade. The celebrated Gerhard Heintzman piano is the one referred to as being in the greatest demand, as is evidenced by the large number of recent patrons of the well known and ever reliable firm of Gerhard Heintzman, Limited, which list is as follows:

Geo. A. Baker, H. E. Bradley, Wm. Bolton.

Johnston Cooney, J. D. Chambers, Mrs. A. L. Davis, E. H. Dobbin, Daily Review; D. H. Downie, E. V. Davey.

George street Methodist church, Ladies' Aid.

Mrs. John Henry.

Miss Sarah Johnston.

Miss May Kennedley, Miss A. Kindred.

M. Lyle, manager Canadian Cance Co.

Mrs. Geo. Mather, H. W. Morphet, Peterboro Conservatory of Music, both grand and upright; Arthur Poe, A. Peters, Mrs. A. Palmer.

W. H. Robertson, Daily Times; R. D. Robson.

Hon. J. R. Stratton, Wm. Shortt, Lang, P.O.; Mr. Geo. Scott, Giles Stone.

Mrs. W. T. Talbot.

Chas. C. Wiley.

[illegible] Y.P.S.C.E., Keene.

The family of Senator Cox, of Toronto, formerly of Peterboro, have within the past six months purchased four Gerhard Heintzman pianos.

Mr. W. H. Isaac, local salaried representative and Mr. Russ, superintendent of agencies, through whom the purchases were made, may with the Gerhard Heintzman Company, be congratulated upon this wonderful increase of customers.

SIX-DAY RACE

Bedell Brothers Now Have a Lead of One Lap

New York, Dec. 6.—After a heart-breaking hour-long sprint at midnight in which the Bedell brothers forged to the front with a clean lead of one lap and several teams dropped farther to the rear, the rider in the six-day bicycle race contented themselves with a slow but steady pace for the remainder of the night. Two of the leaders, the Hall-Downey and the Trenchier-Doscon combinations, were also by the terrific struggle at midnight dropped from the ranks during the early morning hours. At eight o'clock this morning only ten of the sixteen teams which started remained in the race. The standing at that hour follows:

Bedell-Bedell, 950 miles, 4 laps; Van Kennett-Stol, Root-Folger, Keegan-Logan, Maclean-Moran, Hopper-Hollister, Downing-Bowler, 950 miles 2 laps; Galvin-McDonald, 950 miles, 2 laps; Doerflinger-Dimmot, and Ackerm-Wilcox, 950 miles 1 lap.

TWO GIRLS SUICIDE

Domestics Take Carbolic as an Antidote for Love

St. Thomas, Dec. 7.—Martha Graydon, 21 years of age, a domestic at Jesse E. Ridley's residence—No. 60 Hincks street, took a dose of carbolic acid at noon yesterday, and will not live. The cause of the rash act was that her lover, a barber, had demanded back their engagement ring.

Beatrice Bentley, 17 years of age, whose parents reside in Eden, committed suicide Monday night by taking carbolic acid. She was employed as a domestic at the home of Mr. Henry Lewis, farmer, residing in Malahide, three miles east of Aylmer. She had been keeping company with Charles Sears, son of a Malahide farmer, to whom she left a rambling letter.

HALIFAX GARRISON.

Halifax, N.S., Dec. 7.— The troops from Quebec, sixty infantry and 220 artillery, arrived last evening, and marched to quarters headed by the R. C.R. Band. The infantry went to Wellington Barracks and the artillery to the Citadel.

MADAME BERNHARDT MAKES QUEBEC ANGRY

She Had Never Heard of Laurier, Said Canada Was Behind the Age, and Quebec Under the Yoke of the Church.

Montreal, Dec. 7. — The interview some heard nothing, and she talked which appears to have roused the ire of the Quebec mob against Madame Sarah Bernhardt is reported most amusing in L'Evenement, to-morrow as follows.

"A certain number of newspaper men, anxious to see Madame Bernhardt, had the privilege yesterday at the Chateau Frontenac. The star took some time to appear, but finally she broke on the vision of the journalists, and they found themselves in the presence of the actress rather than of the woman.

"She entered the room in which they awaited her with nervous steps and affected demeanor. The impression she created was rather unfavorable, and what followed, despite the opinion entertained by Madame Sarah on Canadians, showed that impression to be justified.

"When her visitors had been duly presented, Madame Sarah sought the window seat from which she expressed her views of the country and its people.

"Quebec, said you it is a pretty city, very pretty, and Canada is also a fine country. I came here fifteen years ago—no, nine years or rather—in 1891," interrupted her manager, Mr. Mayer.

"I have no memory for dates," continued Madame Bernhardt. 'What does it matter? I love Canada. It is the finest country I have ever seen.

"The actress was gradually warming up. She was already gesticulating a good deal, and she continued, growing still more excited 'But I understand nothing about your people. You have English-Canadians, Irish-Canadians, French-Canadians, Protestant-Canadians, but will you tell me why you call yourselves French-Canadians? French! You people! But where? You have hardly a drop of French blood in your veins."

"At this point Mr. Berthe tried to put in an observation, but the comedienne gave him no opportunity. She was talking with overflowing volubility and passion.

"'You have a fine country, but that is all. Since twenty-five years, heritage, agriculture, has gone ahead, but the rest! You have no painters! You have no sculptors! You have no poets! Frechette, perhaps, and another, a young man, but, ecoutez, you have no ment!'

"'Well, madame, we have Sir Wilfrid Laurier,' interrupted Mr. Berthe, 'whom England, and France, even, have acclaimed.'

"'Laurier! Laurier! Oh! yes. I heard someone who was here yesterday say something of him.'

"'Have you at least an ideal?'

"'It is difficult to judge a country on one's nerves,' Mr. Berthe tried to put in, but the hysterical

Pale and Anxious

Your Countenance Indicates the Body's Awful Struggle for Health

Impossible to work or think clearly when there is no reserve of vigor, no nourishment in the blood, no supply of nerve energy.

The life of the half-sick man is pitiful, in fact, almost criminal, when bounding strength is so quickly derived from Ferrozone.

This nutritive tonic is guaranteed to strengthen all men, women and children. Weak organs get new force, vital energy is generated. Muscle and fat are added, healthy color is restored and the blood fairly tingles with newfound life.

Read the evidence of Jno. Carter, 62 1/2 King St. East, Toronto, who says:

"After a severe attack of Grippe my health was almost shattered. I suffered constantly from nervousness and dyspepsia. At night I would waken with terrible palpitation and heart pains. Work became a great effort. At ten in the morning I was so tired and weak I could hardly work another minute.

"Then came a bad attack of rheumatism which laid me up in bed. I could scarcely lift the weight of a pound and to stoop or bend was impossible. My druggist recommended Ferrozone, and he knew what he was talking about, for it rebuilt my strength, gave me abundant appetite, better blood, and new nerve energy. The rheumatism has disappeared. I weigh more, feel refreshed and vigorous, and am able to work ten hours a day. Ferrozone did it all."

You will be steadied, toned and strengthened for all time to come with Ferrozone. Get the genuine in 50c. boxes or six for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., or Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $5 per year, strictly in advance.

PETERBORO, DECEMBER 7 1905

REPORTS OF OUR CITY'S COMMITTEES

Presented at Last Council Meeting For 1905.

BOARD OF WORKS REPORT.

Ald. Adams presented the following report:

Your Board beg leave to report as follows,

1. We had a conference with Mr. R. R. Hall, M.P., in regard to having the Dominion Government build retaining wall along the water front which is caving in at Hully Gully, to retain the material excavated, and we appointed the Mayor, Ald. Adams, Hall and Hall, and the city engineer to attend with three members of the Board of Trade to be appointed by that Board, as a deputation to wait on the minister at Ottawa in regard to the matter, at a date to be arranged by the Mayor. We have asked Hon. Geo. A. Cox to be present at the deputation.

2. We advertised for and received tenders for supplying all the coal, also awarded the contracts as follows,

Southern District—R. Nicholls, $129.50.

Easternmost District—Albert Vallis, $130.

Northeastern District—A. McCarthy $95.

Northern District—John O'Brien, $178.

Western District—James Innis, $120.

Northwestern District—N. Rusaw, $150.

3. We recommend that the city treasurer be instructed to collect an unpaid account for a private walk built last year.

4. We received from the city solicitor an letter from Mr. Hall, Solicitor Grand Trunk Ry., in regard to the provision the council has made for drainage if the Lakefield railway were lowered, and we instructed the solicitor to reply that what we asked was to have the drainage at the street crossings provided for in the usual way.

5. We recommend that the request of the Board of Managers of St. Paul's church for permission to connect Knox church on Reid street with the sewer on Park street, be granted, provided the church authorities enter into an agreement not to in future oppose the construction of a sewer on Reid or Wolfe streets past the church property, and to pay a frontage rate of 3 1-4c. per foot on 60 feet frontage for 30 years. The frontage rate to cease if a sewer is built on Wolfe or Reid street, and the church property assessed for it, and that the church pay all the cost of the connection and the work is done to the satisfaction of the city engineer.

6. We recommend that the request of J. Z. Rogers for permission to connect his house on Hunter street with the outfall sewer in Ward 5, from the west side of his lot, on which a frontage rate would be assessed on Hunter street, be granted, and that the city engineer make the necessary arrangement with the contractor.

7. We recommend that the request from Scott & Hogg for permission to connect their warehouse with the outfall sewer in Ward 5, be granted, provided they do all the work and pay $25 as commutation for a rental for the privilege of connecting with the sewer.

8. We recommend that the street commissioners be paid at the rate of $3.25 per day while engaged in superintending the construction of concrete work on bridges, concrete crossings and surface water drains.

This report was adopted as read.

IMPROVED FIRE PROTECTION.

Ald. Johnston presented the following,

Gentlemen.—Your Fire, Water and Light Committee beg leave to report as follows.

1. We recommend that the petition for a 32cp. electric light at the corner of Reid and Murray streets, be granted, and that the Peterboro Light & Power Co., be instructed to place a light there.

2. We recommend that Mr. Spencer, Supt. C.P. Ry., be informed that the Council contemplates installing a new fire alarm system, and that his request to have an alarm box placed at the C.P.R. station will then be considered.

3. Your committee considered the matter of improving the fire protection, with a committee of citizens, and in accordance with the decision of that committee recommend that a by-law be submitted to the qualified electors at the time of the next municipal election to provide for borrowing $25,000 in order to provide better fire fighting appliances, such as a new fire hall, new fire engine, a chemical engine, new ladders and hose and a new fire alarm system.

This report was adopted as read.

WENT TO ENJOY HIMSELF.

The central figure in the mystery of the river is Wm. Ballinger, aged 28 years, a market man, who says his home is in Yonkers. He was dragged from the East River, more dead than alive, by a tug boat captain, who had heard his feeble cries for help. Ballinger said he came down from Yonkers yesterday with a load of produce, and, after disposing of it, started out to enjoy himself. He told the police that he remembered little from late last night until he was found struggling in the water. When the surgeons in the hospital found that the man had a fractured skull an investigation was begun.

BELL BOY STABBED.

Hamilton, Dec. 6.—Walter Barton, a colored bell-boy at the Waldorf, was stabbed in the back and shoulder and taken to the city hospital in a serious condition. He accused Harry Lee, Napier street, of doing the stabbing, and last evening Lee was locked up. Barton said he and Lee quarreled in Lee's yard, and Lee used a knife on him. Lee was arrested at the Stuart street station.

Tenders for Engineer's Surveying and Camp Equipment.

Tenders addressed to the undersigned and endorsed "Tenders for Engineer's Surveying and Camp Equipment" will be received up to and including December 15th, 1905, for the purchase of surveying and camp equipment consisting of boats, canoes, canvas tents, blankets, stoves, axes, boring tools, ice augers, cooking utensils, etc., etc.

Detailed inventories may be seen and all information obtained by applying to J. H. McClellan, Esq., Superintendent Trent Canal, Peterboro, Ontario.

The lowest or any tender not necessarily accepted.

E. J. WALSH,
Engineer-in-Charge.
Surveys of Routes for Trent Canal.

ESTABLISHED 25 YEARS.

UNLESS CURED

THE MASTER SPECIALISTS OF AMERICA

We know the diseases and weaknesses of men like an open book. We have been curing them for 30 years. We have given our lives to it, and thousands upon thousands of men restored to Vigorous Vitality are today living monuments to the skill, knowledge and success of Drs. Kennedy & Kergan. We never hold out false hopes, we never undertake a case we cannot cure. We have made so thorough a study of all the diseases of men—of Varicocele, Stricture, Blood Poisons, Hydrocele, Nervous Debility, Paralysis, Bladder, Urinary and Kidney Diseases, General Weakness, Loss of Vitality, and have cured so many thousands of cases that if there is a cure for YOUR disease you will find it here. When we undertake a case there is no such thing as failure. We charge nothing for consultation and our knowledge, skill and experience are at your service. We will explain to you How and Why We Can Cure You; why the diseases of men require the knowledge and skill of Master Specialists. We do not require to experiment with your case as we know from experience in treating thousands of cases exactly what to prescribe for your symptoms. Don't be discouraged if you have treated without success with Quacks, Cheap Electric Belts, Free Trials, etc. You must get cured—and we alone can cure you. Our New Method System of treatment has stood the test for 25 years—why should it fail in your case. Should your case prove incurable you need not pay us a dollar. We refer you to any Bank in this city as to our financial standing. If you cannot call write for a Question Blank for Home Treatment. Consultation Free. Booklets sent Free.

DRS. KENNEDY & KERGAN

146 SHELBY STREET, DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 350,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $5,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $15,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 5 per cent. discount will be allowed if all cash accompanies the order. Subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address.

W. E. FLODING, Delphos, Ohio, U. S. A.

WANTED: A Fiscal Agent for Canadian Territory.

APPEARANCE

Is such an important feature on the table. It makes a heap of difference to the pleasure of the meal whether you have a good or a poor looking Sugar on the table.

St. Lawrence Extra Granulated Sugar

is the whitest and best looking Sugar to be had and besides it has the advantage of being the best quality and greatest strength.

The new executive of the Ontario Hockey Association held its first meeting Friday night at the King Edward Hotel, and various matters of importance, including grouping of clubs, were discussed and arranged. There will be nine clubs in the senior, 6 in the intermediate, and 20 or 30 in the junior series this season.

THE MOOR'S PLEDGE.

A Point of Honor Religiously Observed by Arabs and Saracens.

A Spanish cavalier in a sudden quarrel slew a Moorish gentleman and fled. His pursuers soon lost sight of him, for he had unperceived thrown himself over a garden wall. The owner, a Moor, happening to be in his garden, was addressed by the Spaniard on his knees, who acquainted him with his case and implored concealment. "Eat this," said the Moor. "You know that you may confide in my protection." He then locked him up in his garden apartment, telling him that as soon as it was night he would provide for his escape to a place of safety.

The Moor then went to his house, where he had just seated himself, when a great crowd, with loud lamentations, came to his gate, bringing the corpse of his son, who had just been killed by the Spaniard. When the first shock of surprise was a little over he learned from the description given that the fatal deed was done by the very person then in his power. He mentioned this to no one, but as soon as it was dark retired to his garden, as if to grieve alone, giving orders that none should follow him. Then, accosting the Spaniard, he said: "Christian, the person you have killed is my son. His body is now in my house. You ought to suffer, but you have eaten with me, and I have given you my faith, which must not be broken." He then led the astonished Spaniard to his stables and mounted him on one of his fleetest horses and said:

"Fly far while the night can cover you. You will be safe in the morning. You are indeed guilty of my son's blood, but God is just and good, and I thank him I am innocent of yours and that my faith given is preserved!" His point of honor is, it is said, most religiously observed by the Arabs and Saracens, from whom it was adopted by the Moors of Africa and by them was brought into Spain.

NAUTICAL TERMS.

Origin of Some of the Expressions That Smell of the Sea.

The word "admiral" comes from "emir el bagh," which is Arabic for lord of the sea.

"Captain" comes straight from the Latin "caput," a head; but "mate" is almost identical with the Icelandic "matr," which means a companion or equal.

Cockswain was originally the man who pulled the after oar of the captain's boat, then known as "cock boat." "Cock boat" is a corruption of the word "coracle," and, as most people know, the coracle is a small round boat used for fishing on some of the Welsh rivers, such as the Xye and Usk. So cockswain comes to us from the Welsh.

"Commodore" is simply the Italian "commandatore," or commander, and "naval cadet" was originally the French "capdet," which, going a step further back, has the same origin as the word captain. The reason of this apparent anomaly is that originally naval cadets were younger sons of noble families who served as private previous to obtaining their commissions.

There never was such a person as Duffy Jonah to be found on board ship, but there is a good deal to hear of his locker. One ought to talk of "Duffy Jonah's" locker. "Duffy" is the West Indian negro term for spirit or ghost, while "Jonah" refers to the prophet of that name.

"Dog watch" is another curious case of a term gradually corrupted out of its original form. Originally it was "Dodge watch," so described because it lasts only two instead of the usual four hours, and thus makes it possible that the same men shall not be on duty every day during the same hours.

Sailors call salt meat "junk." It is not a complimentary term, for junk is nautical for a rope's end. Some 2,000 years ago ropes were made out of bulrushes, for which the Latin word is "juncus."

Why Skees Were Invented.

The origin of the skee, which may roughly be described as a snowshoe so long that the sole extends far beyond the toe and heel, was purely practical. It was designed to make communication possible between village and village or town and town in northern Europe after a heavy fall of snow. The skate can only be used on ice, but the skee is available wherever there is plenty of snow to traverse. A forward movement of the lower part of the body gives you a start, and you then slip along without raising your feet from the ground, so that the track forms two parallel lines. Even uphill good progress can be made, aided by a long stick or a stick in either hand.

Uncongenial.

A washerwoman applied for help to a gentleman, who gave her a note to the manager of a certain club. It read as follows:

Dear Mr. X.—This woman wants washing.

Very shortly the answer came back:

Dear Sir—I dare say she does, but I don't fancy the job.

What They Left.

Mr. Smith—I was held up and relieved of all my valuables on the way home from my lodge. Captain of Police—What did the robbers get? Mr. Smith—Everything except the password.

More Noise.

Theory—It's an actual fact that "two can live as cheaply as one." Popley—But not as quietly. Theory—How do you mean? Popley—I was thinking of our twins.—Exchange.

People glorify all sorts of bravery except the bravery they might show on behalf of their nearest neighbors.—George Eliot.

His Women Folk.

"What a beautiful home you have!" said the old time friend.

"You mustn't let mother and the girls hear you speak of it so patronizingly," answered Mr. Cumrox. "This ain't a home; this is a residence."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

Professors' Salaries.

The official pay of the foreign professor at first glance seems absurdly small in comparison with the pay in American institutions. In Prussia, for example, a full professor receives by law $1,000 (in Berlin $1,200) the first year, to be increased $100 a year every fourth year for twenty years. In addition he receives an allowance for house rent. This is, however, only the fixed part of his income. The honorarium which he receives from the fees of his students will vary greatly, depending on the subject taught and the attractive power of the teacher. Incomes of $5,000 a year and even larger sums are received in the larger universities by certain well known men. Taking into account the fact that the foreign professor has a life place, that his widow and minor children receive pensions, he is better off financially and is far more free from the anxieties which come with modest income than his American brother, whose nominal pay is higher.—Henry S. Pritchett in Atlantic.

Falsehood has an infinity of combinations, but truth has only one mode of being.—Rousseau.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 0x1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The leases shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

YOU ARE AILING

Find the Cause for the Weakness and Nervous Dread That Overshadows Your Life.

You can't keep up forever.

Sooner or later Nature will rebel against the strain that is imposed on your overworked system. So far, will power and nerve may have tied you over, but the end is probably near at hand.

To-day the common complaint with weak men and women is lack of kidney vitality. Here you have the cause of your ill-health.

Wouldn't it be wise to use a time-tested remedy like Dr. Hamilton's Pills—they cure that "ailing" feeling in one night. Next morning you feel like new—bright, fresh and happy. Appetite improves, dull, sallow color grows ruddy and clear, proving that great good is being done by this scientific medicine.

Thus writes Mrs. D. F. Fowler, from Yarmouth: "I used to feel drowsy and heavy, my color was sallow, and there was usually a bad taste in my mouth. I had severe pains all through my limbs, and an annoying headache as well.

"After one dose of Dr. Hamilton's Pills there was a sudden change. I felt better, my appetite increased, and that exhaustion and depression gradually left me. Life seemed brighter and happier after I used Dr. Hamilton's Pills, so I strongly recommend such a good medicine."

Mrs. Fowler's letter is a message to you and all others in poor health. You can't do better than follow her advice. Dr. Hamilton's Pills you certainly need; then why not get them now and enjoy the abundant good health they are sure to bring you? Price 25c. per box, or five boxes for $1.00. At all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

A Dining Room Girl at the Crown Hotel. E. H. Jackson, proprietor.

Our Big Edition

The large industrial edition of The Times will be out Saturday morning. Copies may be had at The Times Bookstore.

Lace Collar Lost

On Monday evening, between the corner of Charlotte and Stewart streets (by way of Simcoe street), and Barrie's store, a cream colored lace collar. Finder will be rewarded by leaving same at Times Bookstore.

A Good Man

Mr. J. H. Smith, of the East Ward, has decided to run for the council. Mr. Smith will make a good councillor, as he has had considerable municipal experience, having sat in the council of Ashburnham for some years, and also filled, efficiently, the office of reeve of that village.

First to Cross

Mr. Dan Wineguny, of the Indian village, was the first to drive over the ice on Chemong Lake, which he did on Monday last. Mr. Winegung, called on The Times, said that the ice was in good condition, and was from four to six inches in thickness.

Round Trip $3.80

For the Fat Stock Show at Guelph, Ont., the Canadian Pacific will issue tickets for the round trip at $3.80, good going December 9th to 13th inclusive, returning until December 18th. Direct line. Good accommodation. For tickets and all information see W. McIlroy, City Passenger Agent.

Grand Concert; To-Night in Opera House

The English Grand Concert Company, consisting of Miss Hope Morgan, Madame Beatrice Langley, Miss Myrtle Maggie, and Mr. Stanley Adams, will arrive from Belleville and Kingston this afternoon, and will give a concert in the opera house. Everywhere that this company has appeared, each individual member has received a phenomenal hit, and the aggregation is spoken of as one of the best concert parties that has ever visited Canada. The company carries a grand piano with them. No one should miss this concert.

Don't miss this opportunity as this is positively the only appearance of these great artists in Peterboro.

THE FALL TERM

LOCAL INCIDENTS

By The Times Man on the Street

—There is only about $10,000 of taxes remaining uncollected to date.

—See the fine new stock of presents at The Times Bookstore.

—The Guy Minstrels are now touring Western Ontario.

—Mr. Geo. W. Fitzgerald's condition is slowly improving, since his arrival home.

—All Saints' Girls' Guild met last night, and transacted some business.

—A very enjoyable smoker was held by the Elks on Tuesday evening last.

—The German conversation class will meet on Saturday night at St. Luke's rectory at 7.30 o'clock.

—Watch for the opening chapters of our new serial, entitled "The Lust of Hate," to appear in to-morrow's issue.

—The Children's Aid society desire to acknowledge contributions of $1.00 from St. Luke's Mission Band and $1.00 from a friend.

—Yesterday afternoon John McGregor, a resident of Hunter, died in St. Joseph's hospital. He had been ill for some time.

—The Local Alumni Association of Toronto University will meet on Friday night at eight o'clock in the Y.M.C.A. parlors.

—The Ladies' Literary Association of St. Peter's church will meet to-morrow evening, Dec. 8th. Miss M. P. Powers will read a paper on "Literature."

—On account of the concert in the opera house to-night the rehearsal of St. Paul's choir has been postponed until to-morrow night at eight o'clock. Every member is asked to be present.

ARTS AND CRAFTS

Splendid Exhibition Held Yesterday Afternoon

A very creditable exhibition was opened yesterday afternoon at 168 Brock street by the Woman's Art Association.

The department of home industries was very interesting, and consisted of the home spuns, embroidery, needle work, laces and Indian basketry being made by the women of Canada in their own homes. The home-spuns consist of habitant homespuns, draperies, rugs, cashmeres, Scotch and Irish homespuns, tweeds and jinens.

A dainty display of embroidery and needle work was shown.

The interesting unique and educative exhibit of art handicrafts and home industries at 168 Brock street, will be open to the public each afternoon of this week, and everyone is cordially invited to call.

Those who will act as hostess for the balance of the week are Mrs. Dunsford, Wednesday; Mrs. Bertram and Miss Hatton, Thursday; Mrs. A. H. Stratton, Friday and Mrs. R. M. Depmistoun, Saturday.

PURE DRINKING WATER

Expert Here Looking Into the Otonabee Water

Mr. W. E. Fuller of New York, arrived in the city yesterday afternoon. Mr. Fuller is an expert in regard to water, and the filtering of the same. He drove out to the lake-side, following the course of the river, and looked into the source of the city's water supply. He met the water commissioners last night and will devote to-day to further investigation.

There are two kinds of filtering systems—the mechanical and the slow sand—and they are used in different places, according to the condition of the water. Either of these can be put in here.

ATHLETIC WORLD

BY OUR SPORTING EDITOR

HOCKEY.

The George street hockey team has been organized with the following officers:

Hon. Pres.—H. R. H. Kenner.
President—Geo. Robertson.
Sec.-Treas.—Arthur Mann.
Managers—E. M. Best.
Executive Committee—Walley Parnell, Jesse Dobbin, Arthur Weeks.

There is no ice for the boys to practice on, the rink being too expensive. A meeting will be held in E. M. Best's store on Saturday night to try and overcome this difficulty.

A Two Days' Session

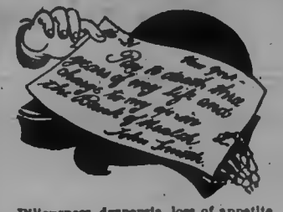
The executive of the pastors' and deacons' conference of the Peterboro association of Baptist churches met yesterday morning in the Y.M.C.A. parlors to arrange a program for two days' session to be held in the Park street Baptist church during the second week in January. There were present, Rev. A. H. Brace, moderator of the Association, Rev. L. McKinnon of Gilmour Memorial, president of pastors and deacons conference, J. Dimon of Norwood, secretary of pastors and deacons' conference, and Rev. F. J. Scott, pastor of Murray street Baptist church.

A Close Call

What very nearly became a drowning accident occurred on the Little Lake on Thursday evening, when Cecil Clitheroe, the fourteen-year-old son of Thomas J. Clitheroe, Robinson street, Fifth ward, skated into a hole in the ice. He was saved by the timely action and presence of mind of James Gorham, son of Patrick Gorham, Maria street, who crawled to the edge of the ice and reaching out his hockey stick to the boy in the water, with difficulty pulled him out.

Our New Continued Story

To-morrow's Times will contain the opening chapters of a fascinating story by Guy Boothby, entitled "The Lust of Hate." Another never allows the interest of the reader to slacken from the beginning to the ending of the book. The story is told in a pleasant, brisk fashion, which carries the action along through the various adventures that befall the characters of the story.



Dear Sirs:
Please send me another bottle of Dr. R. V. Pierce's Golden Medical Discovery. It has done more for my wife and children than the Board of Health, Doctors and Friends.

Biliousness, dyspepsia, loss of appetite, disturbed sleep, nervousness, headache, giddiness and drowsiness, wind and pain or fullness of the stomach after meals, cold chills and flushings of heat, shortness of breath—these are the blank cheques of physical bankruptcy.

The man who suffers from these disorders and neglects them will soon be in the relentless grasp of some fatal disease. If he is naturally narrow chested and shallow lunged, it will probably be consumption; if his father or mother died of paralysis or some nervous trouble, it will probably be nervous exhaustion or prostration, or even insanity; if there is a taint in the family blood, it will be blood or skin disease; if he lives in a new or a low, swampy country, it will be malaria; if he lives a life of exposure, it may be pneumonia. There is one safe course for a man to follow who finds himself "out of sorts" and suffering from the symptoms described. It is to resort to Dr. Pierce's Golden Medical Discovery. This medicine makes the appetite keen, corrects all disorders of the digestion, renders assimilation perfect, invigorates the liver, purifies and enriches the blood and builds firm, healthy flesh and nerve tissue. It cures almost all diseases that result from insufficient or improper nourishment of the brain and nerves. Bronchial, throat, and even lung affections, when not too far advanced, readily yield to it.

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. Don't let a selfish seller over-persuade you to accept a substitute for these Original Little Pills, first put up by old Dr. R. V. Pierce over 40 years ago. Never imitated but never equaled.

BY-LAW NO. ____

A By-Law to Provide for Borrowing the Sum of TWENTY FIVE THOUSAND DOLLARS for the Purchase of a Site for, and to Pay for the Erection and Equipment of a Fire Hall, the Installation of a Fire Alarm System and the Purchase of a Chemical Engine, a New Fire Steamer, Extension Ladders, Hose and Other Apparatus for Fire Protection in the City of Peterborough.

Passed this ____ day of ____ 190 .

WHEREAS the Fire, Water and Light Committee of the Council of the said City has reported that it is necessary to provide for improved fire protection by the purchase of suitable land for, and to erect a new and modern Fire Hall thereon, and to equip the same in a proper manner, and, to instal a fire alarm system, and to purchase a Chemical Fire Engine, a new Fire Steamer, Extension Ladders, Hose and other necessary apparatus for efficient fire protection in the said City at the estimated cost of twenty-five thousand dollars, and it is desirable to pass this By-law to be submitted to the vote of the duly qualified electors of the City of Peterborough to authorize the borrowing of the said sum of twenty-five thousand dollars for the purposes aforesaid, which is the amount of the debt intended to be created by this By-law.

AND WHEREAS in order to raise the said sum of twenty-five thousand dollars it will be necessary to issue Debentures of the said Corporation for the said amount.

AND WHEREAS the amount of the whole rateable property of the Municipality, according to the last revised assessment roll, being for the year 1906, is the sum of Six million, six hundred and sixty-three thousand, six hundred and twenty-six dollars ($6,663,626.)

AND WHEREAS the amount of the existing debenture debt of the Municipality, exclusive of local improvement debts, but including the debt of two hundred and ninety-two thousand dollars ($292,000) incurred for the purchase and improvement of the Waterworks, is the sum of Six hundred and twenty-six thousand, eight hundred and fifty-four dollars and forty-six cents ($626,854.46), and there is no part of the principal or interest in arrear.

AND WHEREAS it will require the sum of One thousand dollars ($1,000) to be raised annually for a period of twenty years, the currency of the debentures to be issued under and by virtue of this By-law to pay the interest of the said debt, and the sum of eight hundred and eighty-four dollars and three cents ($884.09) to be raised annually during the said period for the payment of the said debt, such last mentioned sum being sufficient with the estimated interest on the investment thereof to discharge the said debt when the same becomes payable, making in all the sum of One thousand eight hundred and eighty-four dollars and three cents ($1,884.09) to be raised annually as aforesaid by a special rate on the whole rateable property of the Municipality.

THE CORPORATION OF THE CITY OF PETERBOROUGH BY THE COUNCIL THEREOF, THEREFORE ENACTS AS FOLLOWS:

1. This By-law shall take effect on the day of the final passing thereof.

2. It shall be lawful for the Council of the said City of Peterborough to borrow the sum of twenty-five thousand dollars for the purposes aforesaid and to issue the debentures of the said Corporation for the said sum, such Debentures to be sealed with the Corporate Seal of the City of Peterborough and to be signed by the Mayor and Treasurer and countersigned by the Secretary of the Commissioners of the Peterborough City Trust, and to be made payable within twenty years after the issue thereof, and to bear interest at the rate of four per centum per annum, payable half-yearly on the thirtieth day of June and the thirty-first day of December in each year, and to have coupons attached thereto for the payment of such interest; such debentures as to principal and interest to be payable at the Office of the Secretary of the Commissioners of the Peterborough City Trust in the City of Peterborough.

3. There shall be raised and levied during each year of the currency of the said debentures, by a special rate sufficient therefor on the property of the Municipality, the sum of one thousand dollars ($1,000) for payment of the interest, and the sum of eight hundred and eighty-four dollars and three cents ($884.09) as a sinking fund for the payment of the said debt at the maturity thereof, making together the sum of one thousand eight hundred and eighty-four dollars and three cents ($1,884.09) to be raised annually as aforesaid.

4. The proceeds of the said debentures when sold shall be applied to some or all the purposes following, namely:

For the purchase of a site for and the erection of a Fire Hall and the equipment of the same. To instal a Fire Alarm System. To purchase a Chemical Engine, a new Fire Steamer, Extension Ladders, Hose and other necessary apparatus for fire protection and improvement of the Fire Department.

5. The votes of the electors of the City of Peterborough qualified to vote upon By-laws for creating debts shall be taken upon this By-law on the same day as the annual election for the Municipal Council for the year 1906 is held, and the polls will be held during the same hours, at the same places and by the same Deputy Returning Officers as are fixed and appointed for the said annual Municipal election.

6. The second day of January, 1906, at the hour of 12 o'clock noon and the City Clerk's Office are hereby fixed as the time when, and the place where, the Clerk will sum up the number of votes given for and against the By-law.

7. The thirtieth day of December, 1905, at the hour of twelve o'clock noon, and the office of the City Clerk, are hereby fixed as the time and place for the appointment of persons to attend at the various polling places, and at the final summing up of the votes by the Clerk respectively, on behalf of the persons interested in, and promoting or opposing the passing of the By-law respectively.

Mayor.

Clerk.

NOTICE

Take notice that the foregoing is a true copy of a proposed By-law which has been taken into consideration and which will be finally passed by the Council of the City of Peterborough (in the event of the assent of the electors being obtained thereto) after one month from the first publication hereof in the Morning Times newspaper, the date of which first publication is the seventh day of December, 1905, and that at the hour, day and places therein fixed for taking the votes of the electors the polls will be held.

S. R. ARMSTRONG,
City Clerk.

SOCIAL AND PERSONAL

—Mr. S. S. Alling, Buffalo, while in the city yesterday, dropped in to see The Times.

—The many friends of Mr. H. T. Strickland will be pleased to learn that he is recovering from his illness.

—Messrs. A. T. Arnaton and C. H. Livingston, representing The Harmsworth Self-Educator, were in town yesterday, guests at the Oriental.

—Mr. Addison A. Pegg, of the Nordheimer Piano Co., Toronto, was in town yesterday, on business, and gave The Times a call.

A LAKEFIELD WEDDING

Nuptials of Mr. Jos. M. Fitzgerald to Miss M. J. Preston

A very pretty but quiet church wedding was solemnized in the Presbyterian manse, Lakefield, on Tuesday afternoon, when Rev. C. A. Campbell united in marriage Mr. Joseph Myles Fitzgerald, of Hamilton, to Miss Margaret Jane Preston, daughter of Mr. and Mrs. Peter Preston, of Selwyn.

The bride was charmingly attired in a grey voile costume. She was assisted by her sister, Miss Eva Preston, who was attractively gowned in white. The groom was supported by his nephew, Mr. Gordon Fitzgerald, of Peterboro.

After the ceremony the wedding party drove to Peterboro, and Mr. and Mrs. Fitzgerald left on the 5.12 C.P.R. train for their future home in Hamilton, where the groom is employed with the Dominion Express Company. He is a former resident of Smith township, being a son of the late George Fitzgerald. The bride is a popular and estimable young lady. Many friends will join in wishing the newly wedded couple every success, happiness and prosperity.

Pleaded Guilty of Forgery

A case of forgery was preferred in Lindsay against Evan M. Allen, of Lorneville before County Magistrate McSwain. Allen forged a check for $110 in the name of Newman Bros. of Lorneville, and fled to Chicago, where he was arrested and brought back for trial. Allen pleaded guilty. The Magistrate deferred sentence until Monday.

TENTH ANNUAL HOLIDAY ANNOUNCEMENT

A Magnificent Stock

—OF—

XMAS GOODS

JUST OPENED OUT AT THE

Times Bookstore

Presents for Everybody, Young and Old, at Prices that Defy Competition.

People ask why THE TIMES BOOKSTORE sells so much cheaper than other stores in the city. The answer is apparent: Our Bookstore is only one department of our business, and we are therefore not forced to sell goods at high prices to meet the demands of rent, light, heat and other expenses. We believe that we have the cheapest line of Christmas goods in town.

Shoppers are invited to call and compare our prices, and verify the above. We have long been noted for giving the best values in town, and mean to maintain our well-earned reputation in this respect.

We cannot, in this small space, describe a quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price. OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases, Glove, Handkerchief and Necktie Boxes, Fancy Work Boxes, Ladies' and Gent's Travelling Companions, Gents' Triplicate Shaving Mirrors Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for your sweetheart.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses, etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Reds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

TIME BOOKSTORE

MARKET BLOCK, PETERBOROUGH

P. S.—Do your shopping EARLY while the assortment is at its best. Goods selected now will be reserved until called for.

BEST ADVERTISING MEDIUM IN EASTERN ONTARIO

VOL. XXXIII, NO. 287 — PETERBORO, ONTARIO, FRIDAY DECEMBER 8, 1905. — PRICE TWO CENTS

Cancels Concordat With Roman Church

Legislation Abolishing the Church as an Organization Passes the Senate and Will Now Become Law.

Paris, Dec. 8.—The Senate yesterday by a vote of 181 to 102 passed final reading to the bill for the separation of Church and State. The bill was passed by the Chamber of Deputies on July 3 last by a vote of 341 to 233.

The final scene in the Senate was an historical one. The vote was announced amid enthusiastic scenes and cries of "Long live the Republic," and "Long live liberty."

Former Premier Combes participated in the debate, contending that the measure assured neutrality of religion, moral liberation and social pacification.

The bill will be promulgated in the official journal to-day and will be come immediately effective. The Council of State will devote three months to the framing of the administrative details of the new regime.

PROVISIONS OF THE BILL.

According to the provisions of this bill the present organization of the Roman Catholic Church is to be released by associations, to which are to be assigned the real and personal property of the Church. These associations, whose object must be strictly religious, will hold Church property, and have the right to make collections both in the churches and from house to house, and also to demand payment for religious observances, seats in the church, etc. They will not be permitted to receive legacies. It will, therefore, be impossible for them to become wealthy, especially as the bill stipulates that the interest on capital owned by them is to be limited to the average sum during the last five years for the service of public worship. In the case of an association or union of associations proposing to construct a church, chapel, or residence for the priests, or to repair any of the buildings belonging to the religious association, the capital of the association or union of associations can be increased by the necessary amount, on condition that it be deposited in the Caisse des Depots et Consignations, the interest being employed exclusively for the new buildings or repairs.

NO POLITICS IN CHURCHES.

The present measure prohibits places of public worship in the possession of the religious associations being used for any other purpose. Infractions are taken to prevent the cathedrals, churches, etc., being used for political meetings or political propaganda against the Republic. A priest who should in his sermon, or by a handbill, or pamphlet distributed in his church, seek to influence an election, would be punished with a fine varying between $20 and $60, and imprisonment varying between one month and one year, if in the same way he should encourage citizens to resist the execution of the law or incite them to revolt, he would be punishable with from three months to two years' imprisonment, in addition to the penalties enacted against those offences by common law in the case of the provocation being followed by sedition, revolt, or civil war.

PENSIONS FOR AGED PRIESTS.

With regard to the provisions for aged priests, the bill allots them pensions varying between £16 and £48 a year, according to the length of their service. An annual compensation of £16 is also to be granted for a limited number of years to priests who have received stipends from the State during less than 20 years.

WHAT WILL BE THE EFFECT?

The Bill thus sweeps away the system which dates from 1801, when the famous Concordat was signed by Pius VII. and Napoleon. This gave religion a Government status, the churches being Government property with a clergy paid by the State and the entire Church administration being under the direction of a member of the President's Cabinet.

LOCAL LICENSES

A Joint Meeting of Ministers, Councillors and Hotelmen Tonight

It was generally understood throughout the city yesterday that a meeting will be held to-night, to discuss license matters. The meeting will consider the number of licenses now issued throughout the city, whether they shall be reduced, and whether a vote will be submitted to the people at the January elections. This meeting will be attended by three bodies. There will be representatives of the council, the clergy and the Licensed Victuallers Association. The meeting will be a representative one, and it is expected the whole question will be discussed freely and frankly. There is very little possibility however that the present council will, for purposes easily fathomed, but not necessary for publication to mention, pledge themselves, as to agree to ideas, promulgated by certain gentlemen, acting under impulses arising from arguments suggested by scheming politicians, and which the gentlemen, although actuated by the most honorable and christian-like motives, are blindly using as unthinking tools of unscrupulous wire-pullers, for future selfish purposes, and pass an act that the incoming council would most assuredly nullify.

It is not likely that our present aldermen will place on the taxpayers' shoulders a by-law that must, in the event of its being carried, be followed by a petition

How Consumption Starts

Tired When You Waken--Languid All Day—Nerves Worn Out —Soap All Gone

Your limbs feel "draggy" and excessively weak. A night's sleep seldom brings satisfying rest. Continuous headaches, exhaustion and nervous sensations destroy your health. Soon every spark of vitality is used up. Then you catch tuberculosis.

Start to-day.— Build up, get new nerve force, and overcome this process of decay. Use Ferrozone, which physicians consider the most vitalizing, uplifting tonic ever made.

Ferrozone cures because it can furnish the body with sufficient nutriment and building material.

Think of the instant effect—at once the appetite increases, delightful color in the cheeks proves that rich, red blood is being circulated. Tired muscles are invigorated, flesh and weight are added. Nerve force develops, and bounding, joyous health is firmly established.

This is certain—Ferrozone restores failing strength from any cause. The experience of Mr. Thos. Dowd, of Schreiber, Ont., proves this;

"Household worries and cares had about exhausted my strength. I was weak and miserable. My cheeks lacked the color of health, and occasionally I had spells of rheumatism. Then my appetite fell off, and nothing could tempt me to eat. Worn-out feelings, chills and despondency filled my very being. I became anaemic and dwindled down to a shadow. Consumption was very near. Ferrozone put strength in my body with a rush. It built me up, strong, virile and happy, and I have been well ever since."

Ferrozone cures sickness by curing the real cause—lack of blood and nerve tone. It keeps people at their best—fit, ready and anxious for work. In 50c. boxes only, six for $2.50, at all dealers, or N. C. Polson & Co., Kingston, Ont.

Morning Times

This paper is the only Morning Daily published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

Strangers visiting Peterboro are cordially invited to make their headquarters at the office of the Morning and Weekly Times, where they will be furnished with writing material, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $4 per year, strictly in advance.

UNION LABEL

PETERBORO, DECEMBER 7 1905

THE MAYORALITY.

Mayor Best having tacidly consented to again seek the honor of sitting in [illegible] ter, the electors can fairly estimate the situation in civic circles so far as the Mayoralty is concerned. The present occupant of the chair has filled it for the current year, with credit to himself and benefit to the municipality. He has shirked no duty. He has, as a rule, displayed energy and common sense in administering the affairs of his office. He has been industrious under an avalanche of work and has kept pace with the most progressive of his colleagues in all that has been done for the advancement of Peterboro. On the score of seeking a second term, there can be no complaint. Other gentlemen have had three, and even four, terms in the Mayor's chair, and the present occupant has, therefore, no reason to apologize for following the example set by certain distinguished citizens in their association with the affairs of civic government. Mayor Best is urged by his many friends to stand again, and it is, we believe, the almost unanimous wish of the people that his re-election will not be opposed.

OF INTEREST TO FARMERS

Samples of Choice Grain for the Improvement of Seed.

(To the Editor of The Times.)

Dear Sir,—By instruction of the Hon. Minister of Agriculture another distribution will be made this season of samples of the most productive sorts of grain to Canadian farmers for the improvement of seed. The stock for distribution is of the very best and has been secured mainly from the excellent crops recently had at the branch Experimental Farms at Indian Head, Sask., and at Brandon, Man. The distribution this spring will consist of samples of oats, spring wheat, barley, Indian corn (for ensilage only) and potatoes. The quantity of oats to be sent this year will be 4 lbs., and of wheat or barley 3 lbs., sufficient in each case to sow one-twentieth of an acre. The samples of Indian corn and potatoes will weigh 3 lbs. as heretofore. A quantity of each of the following varieties has been secured for this distribution:

Oats.—Banner, Wide-Awake, Abundance, Thousand Dollar, Improved Ligowo, Goldfinder and Waverley.

Wheat.—Preston, Red Fife, Percy, Stanley, Huron, Laurel and White Fife.

Barley.—Six-rowed.—Mensury, Odessa, Mansfield, Claude and Royal. Two-rowed.—Standwell, Invincible, Canadian Thorpe and Sidney.

Indian Corn (for ensilage).—Early sorts, Angel of Midnight, Compton's Early and Longfellow; later varieties, Selected Leaming, Early Mastodon and White Cap Yellow Dent.

Potatoes.—Carman No. 1, Early White Prize, Rochester Rose, Uncle Sam, American Wonder, Seven, Early Andes and Late Puritan.

Every farmer may apply, but only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley or potatoes. Lists of names from one individual, or applications for more than one sample for one household cannot be entertained. These samples will be sent free of charge through the mail.

Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 1st of March, after which the lists will be closed, so that all the samples asked for may be sent out in good time for sowing. Parties writing should mention the sort or variety they would prefer, with a second sort as an alternative, and should the avilable stock of both these varieties be exhausted, some other good sort will b sent instead. Those applying for Indian corn or potatoes will please bear in mind that the corn is not available for distribution until March or April, and that potatoes cannot be mailed from here until danger from frost in transit is over. No postage is required on mail matter addressed to the Central Experimental Farm, Ottawa.

WM. SAUNDERS,
Director Experimental Farms.

Ottawa, December 7th, 1905.

MARK TWAIN'S 70TH BIRTHDAY

Literary Lights of Two Continents Do Him Honor

New York, Dec. 7. — Mary Twain (Samuel L. Clemens) was the guest of honor to-night at a dinner at Delmonico's, given by Col. George Harvey in honor of the humorist's birthday. About 170 authors were present, nearly half of them women. During the dinner a congratulatory cable message was received from England, signed by forty of the most distinguished writers there.

After giving a typical humorous sketch of his career, he concluded; "Three score years and ten. It is the scriptural statute of limitations. After that you owe no active duties; for you the strenuous life is over. You are a time-expired man, to use Kipling's military phrase. You have served your term, well or less well, and you are mustered out. You are become an honorary member of the republic, your are emancipated. Compulsions are not for you, nor any bugle-call but 'Lights out.' You pay the time-worn duty bills if you are without prejudice; for they are not legally collectible."

AN U. S. CONSUL KILLED BY CAR

Consul-General for Mexico Was Struck by an Electric Car

Chicago, Dec. 7.—A despatch from the city of Mexico, gives further details of the accident in which James Russell Parsons, United States Consul-General, lost his life. An open carriage in which he was driving with Mrs. Parsons and their son was struck by an electric car.

Mr. Parsons was slightly injured. The boy escaped without a bruise. The accident happened while Mr. Parsons and his family were going to the Central station to bid farewell to friends. The coachman tried to cross a street car track in front of a rapidly moving car, which struck the carriage with terrific force, crushing it against a trolley post. Mr. Person's head struck the post, the whole top of the head being taken

SIX-DAY RACE

Bedell Brothers Now Have a Lead of One Lap

New York, Dec. 9.—After a heart-breaking hour-long sprint at midnight in which the Bedell brothers forged to the front with a clean lead of one lap and several teams dropped farther to the rear, the rider in the six-day bicycle race contented themselves with a slow but steady pace for the remainder of the night. Two of the teams, the Hall-Downey and the Treanor-Decoup combinations, were cut out by the terrific struggle at midnight dropped from the ranks during the early morning hours. At eight o'clock this morning only ten of the sixteen teams which started remained in the race. The standing at that hour follows;

Bedell-Bedell, 950 miles, 4 laps; Vandenstaff-Stol, Root-Fulger, Keegan-Logan, MacLean-Moran, Hopper-Bedlater, Downing-Fowler, 950 miles 2 laps; Galvin-McDonald, 950 miles, 2 laps; Doerflinger-Dumont, and Ackern-Wilcox, 950 miles 1 lap.

Texas Lands
Very Cheap

The Houston & Texas Central Ry. Co. has decided to sell its land grant in Northwest Texas, adjoining Oklahoma. To effect a quick sale and avoid the expense of maintaining sales agencies, the lands have been listed at very low prices.

They are adjacent to the Rock Island main line running diagonally across Oklahoma and Texas. Portions of the tract are well watered and nearly all is susceptible of cultivation. Transportation facilities excellent — big markets within easy reach.

Sale will be made in parcels of 160 acres up to four sections or 2,560 acres to each purchaser. The prices are on a fixed scale — no fluctuation. Taxes are low, terms liberal and warranty deeds given in all cases.

If interested, send quick for descriptive leaflet with full information.

JOHN SEBASTIAN,
Passenger Traffic Manager, CHICAGO.
Send me leaflet about the Texas Lands now on sale and Rand-Mcnally folder showing map of the country and time of trains.

VARICOCELE & STRICTURE

No other disease is so prevalent among men as Varicocele. As it interferes with the nutrition of the sexual organs it produces weakness, loss of semen through the urine, decay of the organs, pains in the loins, aching in the back, nervousness, despondency, headfulness, palpitation of the heart, constipation, and a combination of these results in complete LOSS OF MANHOOD. Thousands of young and middle-aged men are troubled with STRICTURE. If you have reason to believe you are afflicted with it, don't neglect it. It will ruin you. Don't let doctors experiment on you by cutting, stretching or tearing it. Our NEW METHOD TREATMENT dissolves the stricture tissue, hence it disappears and can never return. We cure Varicocele and Stricture without operation or loss of time. The treatment may be taken at home privately. Send for our Free Illustrated Book on VARICOCELE and STRICTURE. WE GUARANTEE TO CURE OR NO PAY.

Kidneys & Bladder

All sexual complaints affect these organs, hence the kidneys are a great source of disease. Have you aching or weakness over the small of the back, tendency to urinate frequently, deposit in urine, coldness of hands or feet, a drowsy feeling in the morning. Don't neglect your kidneys. Our NEW METHOD TREATMENT is guaranteed to cure any disease of these organs or no pay.

No Names Used Without Written Consent.

O. W. Rowe, of Jackson, Mich., says: I had varicocele in the secondary stage and two strictures of 5 years' standing. I was operated on twice, undergoing great suffering, but only got temporary relief. I was finally induced to try the NEW METHOD TREATMENT of Drs. K. & K. The enlarged veins disappeared in six weeks, the stricture tissue was removed in eight weeks and my sexual energy and vitality returned so I was a man in every respect. I recommend you doctors with my whole heart."

CURES GUARANTEED. NO CURE NO PAY.

Before Treatment. After Treatment.

We treat and cure Nervous Debility, Lost Manhood, Varicocele, Stricture, Blood Diseases, Kidney and Urinary Complaints. Consultation Free. Books Free. Write for Question List for Home Treatment.

DRS. KENNEDY & KERGAN

146 SHELBY STREET, DETROIT, MICH.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1 00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 250,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 142 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $5,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $57.00 a ton, and they expect to be in position to mill not less than 100 tons of ore every day—in a very short time, but if they only Mill 30 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 400,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $16,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms: 5 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address,

W. E. FLODING, Delphos, Ohio, U. S. A.

The new executive of the Ontario Hockey Association held its first meeting Friday night at the King Edward Hotel, and various matters of importance, including grouping of clubs were discussed and arranged. There will be nine clubs in the senior, 44 in the intermediate, and 28 or 30 in the junior series this season.

THE BOAST OF HEALTH.

It Often Precedes Serious If Not Fatal Sickness.

All doctors know that just before death the patient often experiences what is called a "rally," nature making apparently her last stand against the symptoms which we call death, and it is quite likely that the feeling which induces men to boast of health is of the same kind—an effort of nature to protect us against the coming sickness which the body has recognized, though the mind has not. The phenomenon occurs every day in the cases of consumptive patients, who brighten up and grow hopeful just when the disease is about to strike its hardest blows, and it is quite possible that it is more frequent than has yet been recognized that the approach of fever, for example, is signaled by an unusual consciousness of health. "I have never felt so well in my life," says the patient, who twenty-four hours after is lying prostrate and whose friends quote his statement as illustrating once more the ancient and depressing belief.

The boast had nothing to do with the illness, but it preceded it, and men, attracted by the violent contrast, almost instinctively link the two together as in some way and to some extent cause and effect. Next time those who heard it, if they feel that rush of health in their veins, will avoid boasting of it, and the relation of the two will escape attention. Moreover, it must not be forgotten that boasting is of itself a sign of weakness, either temporary or permanent, and that consequently failure follows boasting more frequently than it follows silence. The perfect driver says he is perfect just when he is most careless, and the resulting spill is remembered when the thousand and one escapes due to the same driver's skill and hardihood are clean forgotten.—London Spectator.

LAMPS THAT ARE CLOCKS.

They Were Commonly Used in the Seventeenth Century.

Of the various examples that have been given of early specimens of the clockmaker's art not the least interesting are the several types of lamp clocks. One of these was of a kind quite common in the seventeenth century and consisted of a lamp burner placed at the base of a glass oil receptacle mounted vertically on a suitable standard. The oil reservoir had attached to it a scale, facing the burner and showing the hours, beginning at 4 o'clock in the afternoon, at which time the lamp was to be lighted in winter, and ending at 7 o'clock in the morning. The lamp being lighted, the gradually descending level of the oil, as combustion proceeded, marked the hours.

The other device, of later origin, dating back to the beginning of the present century, utilized the same principle. It consisted of two communicating oil chambers, superposed by a clock dial. In one of the chambers was placed a night lamp to illuminate this dial, and in the other was suspended a float from a cord which passed around a small pulley. The latter was mounted on a horizontal axis ending in the center of the dial. The float of course descended as the oil was consumed and carried the index hand along with it, thus making the hours precisely as in the case already cited. At their best these timepieces could have had only an indifferent degree of accuracy, yet they probably served their purpose well and certainly are interesting at the present time as illustrating some of the expedients adopted by mechanicians of an earlier period.

Power of Niagara.

What makes Niagara falls' power possible is the fact that Lake Superior, Lake Michigan, Lake Huron and Lake Erie, with a combined area of 90,000 square miles, representing the reservoirs of some 250,000 square miles of watershed, are situated 600 feet above the sea level. The great volume of water falling over the vast territory flows on its natural course to the Atlantic ocean with but a slight descent until it is brought into the narrow Niagara river, when, in the rapids just above the falls, it declines fifty-five feet and then, with a single plunge, drops into the abyss 165 feet below. Eminent engineers have computed that 275,000 cubic feet of water pass over the falls every second, representing in theoretical energy over 6,000,000 horsepower.

Hard to Please.

Nobody outside the journalistic profession has any idea how difficult it is for an editor to please some of his patrons. For instance, referring to a man's reputation for carelessness in the matter of his toilet, a paper announced, "Mr. Maguire will wash himself before he assumes the office of town clerk." This made Maguire furious, and he demanded a retraction, which appeared thus: "Mr. Maguire requests us to deny that he will wash himself before he assumes the office of town clerk." Oddly enough, this only enraged Maguire the more.

TWO GIRLS SUICIDE

Domestics Take Carbolic as an Antidote for Love

St. Thomas, Dec. 7.—Martha Graydon, 22 years of age, a domestic at Jesse E. Kelly's residence, No. 60 Hincks street, took a dose of carbolic acid at noon yesterday, and will not live. The cause of the rash act was that her lover, a barber, had demanded back their engagement ring.

Beatrice Bentley, 17 years of age, whose parents reside in Eden, committed suicide Monday night by taking carbolic acid. She was employed as a domestic at the home of Mr. Henry Lewis, farmer, residing in Southside, three miles east of Aylmer. She had been keeping company with Charles Sears, son of a Malahide farmer, to whom she left a rambling letter.

—That Lindsay youth who took out a hunter's license when he wanted to get married, began at the wrong end. He should have taken out that license when the delicious chase started.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required [illegible] and cultivate fifty acres thereof, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 or 1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

Placer mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

Two leases shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY, Deputy of the Minister of the Interior.

YOU ARE AILING

Find the Cause for the Weakness and Nervous Dread That Overshadows Your Life.

You can't keep up forever. Sooner or later Nature will rebel against the strain that is imposed on your overworked system. So far, will power and nerve may have tied you over, but the end is probably near at hand.

To-day the common complaint with weak men and women is lack of kidney vitality. Here you have the cause of your ill-health.

Wouldn't it be wise to use a time-tested remedy like Dr. Hamilton's Pills—they cure that "ailing" feeling in one night. Next morning you feel like new—bright, fresh and happy. Appetite improves, dull, sallow color grows ruddy and clear, proving that great good is being done by this scientific medicine.

Thus writes Mrs. D. F. Fowler, from Yarmouth: 'I used to feel drowsy and heavy, my color was sallow, and there was usually a bad taste in my mouth. I had varue pains all through my limbs, and an annoying headache as well. . . . After one dose of Dr. Hamilton's Pills there was a sudden change. I felt better, my appetite increased, and that exhaustion and depression gradually left me. Life seemed brighter and happier after I used Dr. Hamilton's Pills, so I strongly recommend such a good medicine.

Mrs. Fowler's letter is a message to you and all others in poor health. You can't do better than follow her advice. Dr. Hamilton's Pills you certainly need; then why not get them now and enjoy the abundant good health they are sure to bring you? Price 25c. per box, or five boxes for $1.00. At all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

LOCAL INCIDENTS

By The Times Man on the Street

—Read the opening chapters of our thrilling new story, in to-morrow's Times.

—The Christmas shopper who has the price to begin right now, is the envy of the whole neighborhood.

—The Farmers' Institute will meet this and tomorrow afternoons in the Council Chamber. The meeting is open to everybody.

—After all hockey will not be such a poor substitute for football. The players often bang one another with their sticks.

—Staff-Capt. Kerr, of the Salvation Army Rescue Home, Toronto, is staid in the city, and continued her sale of work at the barracks last night.

—The Board of License Commissioners of West Peterboro met yesterday morning in the license inspector's office, but no business of importance was transacted.

—Haverlock will have two open air rinks this season, one 50x175 feet, the other 50x100 feet. Both will be lighted by electricity, and will have comfortable waiting rooms.

—To-day is the 23rd anniversary of the resuscitation of Otonabee Lodge, No. 13, I.O.O.F., this lodge is one of the most progressive and successful of any in the Order.

—The young men of St. Mary's R. C. church, Lindsay, are forming a club. Ven. Archdeacon Casey and Rev. F. J. O'Sullivan are assisting the young men in their laudable endeavors.

—The regular meeting of the Chosen Friends will be held in the Sons of England Hall, to-night, December 8th. The annual election of officers will take place. Every member is requested to be present.

—Mayor Chalk, of Port Hope, has received a communication from a large manufacturing concern asking what inducements that town could offer to have them locate a branch there. They require 1,000 horse-power, and a guarantee of an additional 1,000.

One of the worst cases of asthma ever known was Mr. Sim, of Leamington. He suffered from asthma and bronchitis for 28 years, but has been completely cured by a new treatment and will send particulars and recipe to anyone troubled with asthma or bronchitis. Write E. Sim, Box 144, Leamington, Ontario.

—We have just received a large shipment of new blue china, with the lift lock handpainted in colors on each piece. This lot contains some specially pretty designs in jewel cases, pin and candy trays, cheese mugs, tumblers, and vases in many different shapes. This will be sold at 25 and 30 cents, in order to sell quickly. Times Bookstore.

$50 REWARD

Is Now Offered by Mr. W. Bell for Recovery of His Boy

As noted, in several former issues of The Times, the body of Louis Bell, supposed to have been drowned in the canal last week, has not yet been recovered.

Mr. W. Bell, of Auburn, father of the boy now offers a reward of $50 for recovery of the body.

Divers Northey, has been working near Water's Bridge and yesterday worked in the bay at the foot of the golf links in the hope of recovering the body. The diver will continue his search for some time. Holes have been cut in the ice in order to set Mr. Northey dive at different points. So far he has not seen any evidence of the body. Mr. Bell is confident that the stories about his son leaving for some other town are incorrect and believes the lad has been drowned or met with a fatal accident.

PUFFED RICE

American Cereal Co. Will Get Out This New Delicacy

The new extension now being added to the already extensive plant of the American Cereal Co. will, in addition to their already diversified list of cereals include the manufacture and shipping of puffed rice.

This comparatively new addition to the great family of cereals, is ordinary rice put through a patent process, which causes the grains of rice to swell enormously, and also turns it a delicate brown. Puffed rice is very wholesome, pleasant to the taste, and has no injurious ingredients. As a confection it will take the place of pop-corn. It has this advantage over pop-corn—it has no husk and is very easily digested.

Puffed rice is also a new thing in the United States, comparatively speaking. It was first put on the market by the American Cereal Co. of Chicago, and patented by them. It has proved to be a great seller. Thousands of barrels are being sold as fast as the manufacturers can turn it out. In Puffed rice the American factory is already 25,000 barrels behind their orders. Already men are at work in the mills here getting the mill ready for the new machinery.

The puffed rice department will be located in the north end of the main building. This portion is now used as a store room, but as soon as the new storey on the south end of the main building is completed, it will be used as a store room.

SURVEY TO MIDLAND

C. P. R. Short Line for Handling Western Grain Trade

It is now an assured fact that the proposed new grain route survey for the C.P.R. will be gone ahead with. This new route will include from Peterboro to Midland. The surveying party of sixteen members have arrived here, and are registered at the National Hotel.

Mr. Gourlay, head of the party, states that they will at once begin operations. Working from Peterboro. The undertaking of the survey is a large one, and the greater part of the winter will be occupied with it. A second party, working from Midland, will commence operations after Christmas, and will meet that working from here.

The definite announcement that the line will join the main line of the C.P.R. at Peterboro, will be heard with general satisfaction by citizens here.

SOCIAL AND PERSONAL

—Mr. Alfred O. Tate, of Toronto is in the city.

—Mrs. Rolland Johnston, of Lakefield, was in the city yesterday.

—Miss Rose Guerin has returned to the city after visiting relatives in Lindsay.

—Mr. F. C. Cubitt, the George St. stationer, is confined to his room through illness.

—Mrs. L. D. Oakley will not receive again until the second Thursday of the new year.

—Miss Eileen Fair, who has been spending two weeks in Millbrook has returned home.

—Mr. Martin Simon, of H. Simon & Sons, cigar manufacturers, was in town yesterday on business.

—Mr. Geo. K. Martin, who has been absent in the West for two months or more, has returned to town.

—Mr. R. J. Soden has been in Toronto for the past few days selecting novelties for the Christmas trade.

—Miss Kirkpatrick has arrived home after a pleasure trip of four months to Scotland, her native land.

Mrs. (Rev.) Sinclair, Freedom Falls, is the guest of Mrs. W. H. Robertson.

—The Peterboro University students will hold their annual dance on New Year's night.

—Mr. W. Gilroy, representing the Geo. Matthews Co., Hull, Quebec, is registered at the National.

—Mr. D. Hughes Charles has gone to Woodstock, Galt and other Western cities on a vacation of ten days or two weeks.

—Lindsay Post says: Miss Rose Guerin returned to Peterboro Monday evening after spending a few days with relatives in town.—Mr. Wm. Rudkins Inland Revenue Officer, Peterboro, was in town to-day.

—Mr. John McGarritty, an old and respected resident of Douro, is dead. The funeral will be held this morning, at nine o'clock from the family residence, lot 6, con. 5, Douro, to St. Joseph's church.

—Hastings Star says: Rev. P. J. McGuire, of Downeyville, spent Friday and Saturday in town.—Mr. and Mrs. Julian Carter, of Havelock, and Mr. Robt. Carter, of Peterboro, spent Sunday at the home of Mr. and Mrs. Jos. Carter, Sr.

WINTER RACES

Yesterday's Meeting of Peterboro Turf Club

Yesterday afternoon, at 2:30, the Peterboro Turf Club's directorate, met in executive session in the Ontario Bank Chambers to consider a matter of vital interest, not only to local horsemen, but to all patrons and participants of and in racing throughout this Province. As may be judged by those posted on the ponies and their doings, the meeting was called to consider and arrange for a winter circuit of ice races in Peterboro.

The meeting, with president of the local Turf Club, Mr. R. J. Munro, in the chair, was attended by Mr. A. Rountree, secretary; H. R. Jackson, treasurer; and Messrs. Alex. Elliott, Gus. White, Steve Holland, A. Dunn, and P. J. Cluxton, directors.

It was decided to try and make arrangements for winter races here. The subject was fully discussed and it was unanimously decided to call a meeting of the whole club for Wednesday next in the Ontario Bank chamber.

Everything points to a most successful meeting for this winter. This will not only advance turf matters in this city and county, but will result in many hundreds of dollars being spent by outsiders in our city. Financial matters, of interest only to the club, were also discussed.

THE "COFFEE HEART"

It is as Dangerous as the Tobacco or Whisky Heart

"Coffee heart" is common to many coffee users and is liable to send the owner to his or her home if the drug is persisted in. You can run 30 or 40 yards and find out if your heart is troubled. A lady who was once a victim of the "coffee heart" writes from Oregon:

"I have been a habitual user of coffee all my life and have suffered very much in recent years from ailments which I became satisfied were directly due to the poison in the beverage, such as torpid liver and indigestion, which in turn made my complexion blotchy and muddy.

"Then my heart became affected. It would beat most rapidly just after I drank my coffee, and go below normal as the coffee effect wore off. Sometimes my pulse would go as high as 137 beats to the minute. My family were greatly alarmed at my condition, and at last mother persuaded me to begin the use of Postum Food Coffee.

"I gave up the old coffee entirely and absolutely, and made Postum my sole table beverage. This was 6 months ago, and all my ills, the indigestion, inactive liver and rickety heart action, have passed away, and my complexion has become clear and natural. The improvement set in very soon after I made the change, just as soon as the coffee poison had time to work out of my system.

"My husband has also been greatly benefited by the use of Postum, and we find that a simple breakfast with Postum, is so satisfying and more strengthening than the old heavier meal we used to have with the other kind of coffee." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pkgs.

NOTICE

NOTICE is hereby given that a Court will be held, pursuant to the Ontario Voters' Lists Act, by His Honor the Judge of the County Court of the County of Peterborough, at the City Clerk's Office, on the 31st day of December, 1905, at 3 o'clock, p.m., to hear and determine the several complaints of errors and omissions in the Voters' List of the Municipality of the City of Peterborough for 1906.

All persons having business at the Court are required to attend at the said time and place.

Dated the 6th day of December, 1905.

S. B. ARMSTRONG,
Clerk of City of Peterborough.

MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

Forty years ago, Dr. Pierce searched Nature's laboratory for a remedy with which to supplant the ignorant and vicious methods of treatment, with alcoholic stimulants, then in vogue, and still too commonly prescribed and advised for woman's peculiar ailments.

Nature abounds with most efficient remedies, and in Lady's Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root and Golden Seal root, Dr. Pierce found medicinal properties, which when extracted and preserved by the use of chemically pure glycerine, have proven most potent in making weak women strong and sick women well. It contains no alcohol; is not a "patent medicine," nor a secret one either.

"I was suffering with nervous headache, pains in the back and dizziness, so that at times I had to lie down for hours before I could raise my head," writes Mrs. Mary M. Thomas, of 25 Winston Street, Los Angeles, Cal. "After taking the first bottle of 'Favorite Prescription,' however, I was so pleased with the results that I kept on taking it until I was restored to health and strength. I shall never be without this great medicine, and shall take a few doses when I do not feel strong."

One of the principal uses of Dr. Pierce's Favorite Prescription is the preparation of prospective mothers for the time of trial and danger that comes when a child is born. The "Prescription" is strengthening and invigorating and lessens pain and danger. It insures the perfect well-being and the perfect health of both mother and child. Every woman should know these things before she really needs to know them. There are many things in Dr. Pierce's Common Sense Medical Adviser, that every woman ought to know. This celebrated work reached a sale of 680,000 copies at $1.50 each. The expense of production having thus been covered, it is now being given away. A copy will be sent to any address on receipt of 21 one-cent stamps to cover cost of mailing only, or, in cloth binding for 50 stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.

Don't Be Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for the Original Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and called Doctor Pierce's Pleasant Pellets. They've been much imitated but never equaled. One or two are laxative, three or four cathartic.

THE SIGN OF THE "FOUR"

A Sherlock Holmes Play on Tuesday Next

The many thousand admirers of Conan Doyle's popular novels, in this city, are taking great interest in the great dramatized novel, "Sign of the Four," which will be played at the grand opera house here on Tuesday, Dec. 12th.

This most sensational play will be presented by Rice's New York Co., who will on Wednesday evening play Dr. Jekyll and Mr. Hyde, perhaps the strongest novel written in modern times. In Dr. Jekyll and Mr. Hyde, Mr. Goldwin Patton will play the dual role.

Speaking of "The Sign of the Four," the Detroit News says, in part,

A Sherlock Holmes play—that in itself is almost enough. A company made up of capable actors, who properly interpreted their lines, that was more so the afternoon and evening crowds at the Lafayette left without the slightest disappointment, for they looked upon one of the most presentable melodramas they had seen in a long time.

There is plenty of thrilling stuff in any of the Holmes stories to draw and hold a lot of people, and in this instance flavor was lent to it in the announcement that the company was assembled and is managed by Edward E. Rice.

What person has looked into things theatrically in the last score of years and not been interested in the ward, Ricef Evangeline, the first and one of the greatest of its sort, came through Mr. Rice, and his ventures since have been none the less noteworthy.

Canoes for Hudson Bay

The Cobourg Post says: This week the Herald Bros. of Gore's Landing, received an order from the Hudson Bay Company for a number of canoes to the value of $1,700. The above firm has bright prospects ahead, and if the plans now under consideration materialize, the factory may come to Cobourg in the near future.

TENTH ANNUAL HOLIDAY ANNOUNCEMENT

A Magnificent Stock

—OF—

XMAS GOODS

JUST OPENED OUT AT THE

Times Bookstore

Presents for Everybody, Young and Old, at Prices that Defy Competition.

People ask why THE TIMES BOOKSTORE sells so much cheaper than other stores in the city. The answer is apparent: Our Bookstore is only one department of our business, and we are therefore not forced to sell goods at high prices to meet the demands of rent, light, heat and other expenses. We believe that we have the cheapest line of Christmas goods in town.

Shoppers are invited to call and compare our prices, and verify the above. We have long been noted for giving the best values in town, and mean to maintain our well-earned reputation in this respect.

We cannot, in this small space, describe a quarter of the useful things that would make presents suitable for young and old, but a half hour spent with us will suffice.

Fancy Calendars, Booklets, Etc.

Handsome lot of Fancy Calendars, Booklets, Xmas Cards, BURNT Leather Bookmarks, and other notions in burnt leather; also a large assortment of Diaries.

BOOKS—Although not large, our stock of books appeal to those who want a book at a moderate price.

OUR PRICES ARE LOW. All the popular annuals and illustrated books for children. In our 25 cent line of Books, suitable for boys and girls, the poets are well represented and in dainty bindings.

Bibles, Prayer Books and Hymn Books are in great variety.

New Styles in Fancy Goods

In this line we have all the latest ideas, and our prices are right—prove this by comparing prices with other stores.

Albums in a dozen different makes, Brush and Comb sets, Manicure sets, Ladies' and Gent's Writing Desks, Jewel Cases, Gloves, Handkerchief and Necktie Boxes, Fancy Work Boxes, Ladies' and Gent's Travelling Companions, Gents' Triplicate Shaving Mirrors, Fancy Mirrors, Brush and Crumb Trays, Large Tea Trays, Pocket Books and Card Cases, Fancy Baskets for Photographs.

Stereoscopes and Views, etc., etc.

Stationery and Fountain Pens

What is more appreciated than a nice box of Fancy Stationery for a little remembrance? We have just what is right in style, and all the new shades and qualities to choose from. A Fountain Pen is an acceptable present for young or old.

Notions and Glassware

Here we have some real bargains, and articles distinct from any other store. Stock consists of Fruit Dishes, Sugar and Creams, Biscuit Jars, Butter Dishes, Bread and Butter Plates, Fancy Salad Dishes, Marmalade Dishes, Salts and Peppers, Card Receivers, Five O'Clock Setts, Cups and Saucers, Fern Pots, Jardiners, Bon Bon Dishes, Muffin Dishes; Vases, large and small; and an endless variety of little notions in Trays, Candle Sticks, etc., including a very special lot of the new Blue Ware with the lift lock hand painted in colors on each article.

Dolls, Toys and Games

Hundreds to select from—all marked at prices that will ensure rapid selling. Plenty of pleasure here for tots through the long winter evenings.

All the NEW games and all the old favorites. See our Crokinole Board, it beats them all, at only $1.20. Mechanical Toys, Musical Toys, Magic Lanterns, Iron Trains and Toys in iron too numerous to mention, children's Dishes in all sizes. Rocking Horses, etc.

Kid Dolls, Sleeping Dolls, Bisque and Wax Dolls, Dressed Dolls, China and Celluloid Dolls, etc.; Hats, Reds, Cradles and Carriages for dolls.

Santa Claus is getting old but he is as much alive this year as ever; he has been here selecting dolls and other things.

Now, this is only a brief list, but enough to make your "brain think, and prices that will make your eyes blink." Our goods are going now, and they're going quickly. Give us a call and we think you will be repaid.

PETERBOROUGH, ONTARIO, SATURDAY, DECEMBER 9, 1905.

PETERBOROUGH, THE ELECTRIC CITY

TO MANY of our subscribers and readers a short history of the early days of Peterborough as well as a review of the present commercial prosperity will probably be of more than usual interest, as well as an outline showing the steady advancement the city has made. The history of our city, like that of many other Ontario business centres, is an interesting one and dates back to the year 1818, in which year the town reserve was made in the township of Monaghan which at that time was but sparcely settled. In the year 1825 the town was laid out by actual survey by Mr. Richard Birdsall, land surveyor, under the direction of Honorable Zaccheus Burnham, to whom the government assigned the work.

S. R. ARMSTRONG, CITY CLERK.

About the year 1819 a party of gentlemen from Cobourg and vacinity arrived in Peterborough, having rowed up the Otonabee in a skiff, for the purpose of selecting a proper place for the erection of a grist mill. The gentlemen who come here on that mission were Messrs. Adam Scott, Barnabus Bletcher, John Edmison, Charles Fothergill, Thomas Ward and John Farrelly. Much prospecting was done and it was found that by making a small outlay a fine mill site could be obtained near the corner of Water and King streets. Mr. Adam Scott a few years afterwards erected a grist mill and saw mill, both under one roof, at this place and in honor of him the embryo village was named Scott's Plains.

In 1827 the name of the settlement was changed to Peterborough, in honor of the Honorable Peter Robinson, who had been identified with the bringing out of numerous parties of immigrants and settling them in the neighboring townships. The first store opened here was conducted by a Mr. Stewart, his successor was Mr. George Grey Bethune, of Cobourg, who conducted the business on a larger scale and associated with him Messrs. Green, McDonald and Valentine Tupper.

The first hotel was opened by Mr. John Boates, on the south side of the market square. The town was then growing rapidly in importance and population, which it has continued to do ever since.

It is now nearly one hundred years since this prosperous and progressive business centre had its start, and it is safe to say that under the prevailing conditions none of the smaller cities of Canada can look back with such pride upon their career as can this thriving and up-to-date city.

Chief among the claims of Peterborough are its magnificent and thriving manufacturing establishments, and too much praise cannot be bestowed upon the loyal and liberal minded gentlemen who established them and who are conducting them today. Among these must be mentioned The American Cereal Company; The Peterborough Canoe Company, Limited; The Wm. Hamilton Manufacturing Company, Limited; The Peter Hamilton Company, Limited; The Calcutt Brewing and Malting Company, The Central Milling Company, Limited; The Dickson Company of Peterborough, Limited; and J. J Turner & Sons, as well as numerous others. All these concerns occupy large and commodious buildings, splendid offices, and give the city a reputation and appearance which during the last few years has become far reaching.

The financial and banking institutions in Peterborough are represented by The Ontario Bank, The Bank of Ottawa, The Bank of Montreal, The Bank of Nova Scotia, The Bank of Toronto and The Canadian Bank of Commerce, as well as numerous agencies of Loan and Investment Companies.

The hotel accommodation in this city is excellent, and it is with joy that the commercial man enters Peterborough, knowing full well that he can enjoy rest and comfort here that he so eagerly seeks and so seldom finds in cities of this size. The hostelries which are the best and most widely known are The Oriental, The National, The White House, The Snowden, and other smaller hotels.

Peterborough has cause to be justly proud of her excellent churches, schools and public buildings, all of which are substantially built and located in superb and picturesque surroundings.

One feature that residents and visitors appreciate is the efforts of the new Street Railway Company which began operating here about two years ago. The company are providing an excellent service, the cars are well equipped, clean and up-to-date, and the management is to be congratulated and deserve the support and patronage of our residents.

ST. ANDREW'S CHURCH

We are protected by an up-to-date and trust-worthy fire department, who are always alert and ready to fight the flames and protect our commercial establishments and homes.

Beautiful buildings have been erected by the Young Men's Christian Association and the Young Woman's Christian Association, the latter structure having been recently opened and enjoys the reputation of being one of the finest of its kind in the province.

The Hospital accommodation of Peterborough, is unexcelled, being represented by the St. Joseph's Hospital and the Nesbitt's Hospital, both institutions are modern in every respect, have reliable and clever medical attendant, and are every way equipped to undertake and care for the most delicate cases.

The business houses are strictly first class in every respect and will compare favorably with any of their kind in any city of like size in Canada. The stocks carried by our merchants are large and complete and the prices are consistent. The proprietors are bright, progressive men, who believe in doing their share towards helping the city in which they reside.

So far we have been dealing with the commercial advantages of the city of Peterborough and it is quite reasonable to expect that for a city with such a progressive and successful career there must assuredly must be a reason for this success, and among those whom we wish to attribute our later progress and advancement are the Chief Magistrate of our city and his energetic and liberal minded confreres. Mr. Henry Best, our present mayor, is one of our most progressive residents, a man who has made a name for himself for honesty and straight forward dealing and a man who has always had the interest and welfare of Peterborough at heart, and who is willing at all times to lend his influence and aid to all projects which are likely to benefit the city, its business enterprises and its residents. During Mr. Best's administration he has filled his position ably and well.

As a city of homes Peterborough cannot be surpassed, its beautiful walks, parks and drives are famous throughout the country, while the stranger within the gates of this picturesque eastern city are overwhelmed with kindness and hospitality.

MAYOR BEST.

Probably the most popular man in public life in the City of Peterboro is Mayor Henry Best, the subject of this sketch and whose picture appears above. Mayor Best is too well known to the citizens of Peterboro to require much comment, but it is suffice to say that during his twenty-five years as a councilman and during his first term as chief magistrate of our city he has done much to add to the progress and advancement of Peterboro. Mayor Best is one of our kind hearted, public spirited citizens, the manner of man who was born and brought up in our midst and who, consequently, outside of his official capacity, has always the greatest regard and though for the advancement and progress of our city.

Mayor Best, it might be said, is a man who never seeks an office, rather having the office seek him than force himself upon a public position feeling that his appointment would only be a luke warm victory. During his twenty-five years of public service his victories, both in civic affairs as well as business affairs, have been clear cut and honestly won, and he will undoubtedly be the choice of the people of Peterboro for another term.

Mr. Best is a strong Conservative in politics, and has done much to help the party in this city.

H. LeBRUN & CO.

This well known establishment began business in the year 1878, and since that time has enjoyed a continual prosperity seldom equalled by any other store in the City of Peterboro. The large and commodious premises of this highly thought of establishment are located at No. 346 George street and other entrances at No. 148 and 115 Hunter street. This firm are high-class merchant tailors and importers, and are also dealers in ordered clothing, ready made clothing, gents' furnishings, hats, caps, etc. The famous reputation that this firm enjoys in Peterboro and vicinity has made the name of H. LeBrun and Company a household one and those who are patrons of this establishment once will always continue to be. The goods made and sold are of the very best, and the prices are always nominal and in many cases far below that charged by other stores.

This time of year is a most opportune time to purchase a nice overcoat or winter suit, and the fit at this store is far above the average. Only the best workmen are engaged and the best work turned out. Everybody about this time are buying their Christmas presents and nothing is nicer than a well made garment, and these can certainly be procured at this well known store.

The members of the firm are Messrs. Henry LeBrun and Joseph Pickard, two men of high class business capability and who have won the esteem and confidence of the public for all time to come. They certainly are deserving of the greatest support of the general public. The Peterboro people appreciate having such an old established and high class store in the city.

McCOLLUM BROS

This well known business was formerly conducted by R. H Leary, and is located at No. 61 Water street. The business was taken over about a year ago by McCollum Bros., two gentlemen who have conducted the stables in such a manner as to win the confidence and esteem of the best people of our city, as well as building up a large transit trade. The two partners are Mr. H. A. and R. McCollum, and these two enterprising business men are continually watching and studying the wants of their customers.

It is safe to say that the finest turn-outs in Peterboro come from these stables, and when one is anxious to get something nice in the way of a carriage, cab or coupe, they should always patronize McCollum Bros.' livery at No. 421 Water street, or should a buggy or carriage be required in a hurry, by calling up Telephone No. 46, a prompt response with the best turn-out in the city will be the result.

For weddings, funerals, driving or driving parties, no better place than this can be found. The conveyances are of the very latest, the drivers all experienced and careful men and the horses at this livery have the reputation of being the very best for quick travelling and safety.

The citizens of Peterboro are glad to have such an enterprising firm among them and wish McCollum Bros. the greatest prosperity and success.

MAYOR HENRY BEST.

A. W. CRESSMAN.

Peterboro's finest and greatest clothing and dry goods store undoubtedly is that of Alva W. Cressman. He handles a complete line of men's furnishings, dry goods, women's coats, suits, etc. Mr Cressman has the local agency for the Semi-Ready Clothing, garments that are in a class by itself for fine styles and careful workmanship. He can suit your ideas and individuality exactly by the variety of styles in his clothing. In ladies' clothing and underwear his goods are of the quality that are thoroughly reliable, and here is the place to get the kind that you ought to wear. Mr. Cressman is well known and highly respected in Peterboro. He has devoted his special attention to his progressive and successful business, which has acquired a prominence in the opinion of a large and ever-increasing clientele, and the growth of the business is a well deserved tribute to his ability and popularity. His store is located at 345-347 George street, and a recent addition to the business is a carpet and house-furnishing department.

H. G. BROWN.

Mr. H. G. Brown, who is engaged in business in our city, is one of our leading and foremost business men. Mr Brown has a long and creditable career in Peterboro, and is well known for his energy and close attention to business. Mr. Brown is head of one of our large manufacturing concerns.

THE HYDRAULIC LIFT-LOCK.

GEORGE STREET—LOOKING SOUTH.

DICKSON CO., LTD.

The Dickson Company, Limited, is one of Peterboro's busy concerns and an enterprise that has done a lot to advance and aid our city. The officers of the company are:

Miss C. Dickson, President
Dickson Davidson, Vice-President.
J. C. Shook, General Manager.

The offices of the company are large and commodious and are located at No. 161 Hunter street, a few doors east of the Oriental Hotel. At this place a large and busy office staff are constantly employed looking after the interests of the company. Mr Shook, the well known and popular manager of the company, has his office in this building and is always on the alert for the best needs of the company. The mills of the Dickson Company, Limited, are located at Burnham's Point and Lakefield.

The company carry on a general lumber business and have immense yards and mills. They are constantly kept busy on account of the great demand for lumber that is wanted by reason of the heavy building going on in Peterboro at the present time. In addition to manufacturing all kinds of lumber, there are planing mills, a box factory, and door, sash and other house furnishings are manufactured.

Visitors to Peterboro should not leave the city before looking over this immense plant.

E. H. D. HALL, CITY SOLICITOR.

J. SUTCLIFFE AND SONS.

J. Sutcliffe & Sons is a name known to every household in Peterboro County and vicinity. They are one of the largest distributers of medium and high class dry goods in the city. They have a large and well assorted stock of millinery, mantles and dry goods of every description. During the many years in which this firm has carried on business in Peterboro, it has not only worked up a large business, but has earned a reputation for fair dealing and for good value which it has done everything possible to deserve.

The store is situated at 289 George street, and Mr. Sutcliffe, the genial proprietor, is a model merchant, who makes it pleasant buying and visiting his store for his customers and others who desire to look over his varied assortment of stock.

T. H. ADAMS.

In Peterboro and for many miles around, the excellent store of T. H. Adams is well known. His business-like methods and pleasing manner, together with his large and well assorted stock of good quality, has made his business a very thriving one. Mr. Adams' store is located on the west side of George street, near Hunter street, and carries on a general dry goods business. He is an enterprising and respected citizen and richly deserves the success he has attained. His business has increased from a modest beginning, and the trade is steadily increasing. A prominent plank in the policy of Mr. Adams is never to allow a customer to go away dissatisfied. With the large and varied stock of dress goods, furnishings, etc., and the most reasonable prices, make it a comparatively easy matter to satisfy any who deal with him.

A. G. DICKSON.

Alexander G. Dickson, one of Peterboro's oldest merchants and highly respected citizens, is doing a prosperous dry goods business at 296 George street. There is probably no householder in, and for many miles around, Peterboro who has not purchased dry goods at this store and continue to purchase there, for Mr. Dickson has made it a prominent plank in his policy never to allow a customer to go away dissatisfied, in fact he guarantees everything he sells.

Mr. Dickson has an able and courteous staff of clerks, and as he has a very large variety of dry goods of every description it is really a pleasure to go there shopping. The prices at this establishment are away below the average and the goods guaranteed.

ST. JOHN'S CHURCH

THE STREET RAILWAY CO.

The Street Railway Company of Peterborough is one of the necessities of a modern city such as this, and we are indeed fortunate in possessing a company such as our present one is. The company began to operate the cars here more than a year ago, and have put in a service that would be creditable to a city much larger than ours. The cars are clean, well equipped and modern in every respect. The Railway Company is under the capable and energetic management of Mr. J. A. Ireland, a gentleman who through his energetic and clever management of affairs has given to the citizens of this city a street railway which is hard to surpass and which is meeting with the hearty approval of the public. The entire line is now up-to-date in every respect and the company have expended nearly $100,000 in improvements and increased rolling stock. The company now operating the line have always been more than considerate of the welfare and safety of our citizens, something that is very commendable when the reputation of other companies is taken into consideration. The lines are constantly being improved and it is safe to assert that we may enjoy one of the best conducted roads in the country.

The Peterborough Light and Power Company is another enterprise which the proprietors have inaugurated in our city, supplying electric lights for houses, the city and public buildings; and who are giving us the same proficient service as the railway. We extend our congratulations to these two successful enterprises and wish them every success and prosperity in our city.

CHINA HALL.

This elaborate establishment is probably the most attractive business house in the City of Peterboro. The store is located at No. 360 George street, directly in the business portion of the city. The business was established in 1863 by Macfarlane Wilson, its existence it has steadily gained in popularity. The company imports fine china, crockery, glassware, silverware, cutlery, etc., in great quantities and a visit to this handsome establishment well repays inspection.

The stock of this well known company is most elaborate and of the greatest variety. The stock represents the best in American and European china, crockery and glassware. Much knowledge and discretion is shown by the buyers of this firm, and the result is that the stock is not only large but also well selected and the prices nominal.

China Hall is showing some beautiful cut glass ware, which is particularly brilliant and exquisite.

The cutlery includes the product of the best makers at home and abroad, and is in keeping with the other goods displayed.

There is nothing that makes such a suitable and pleasing present for Christmas as something nice in chinaware, and those who contemplate purchasing anything in this line should call in at China Hall and look over the immense and attractive stock.

J. H. McCLELLAN.

Mr. J. H. McClellan, Superintendent and Purchasing Agent of the Trent Canal, is one of our most genial and affable citizens, and a man who is well and widely known throughout this vicinity. Mr McClellan, during his stay in Peterboro, has made many friends; as well as being the leading promoter of the Trent Canal, his efforts on behalf of this project are well recognized and appreciated.

THE FEDERAL LIFE.

The Federal Life Company in Peterboro is managed by Mr. G. J. Pope, a gentleman who is well known in our community. Mr. Pope, during his stay in Peterboro, has done much to advance the interests of the company, and deserves credit for his energetic efforts.

MERCHANTS' STORE NEWS.

The advertisements are as much the news of the day as any other feature of a newspaper. In this number you will find a very large amount of space occupied with the interesting store news of Peterboro's busy merchants. It is certainly profitable reading to economical women. There is not a dull line in the bargain announcements in this issue, and if the ladies do not profit by the tempting values offered they miss a grand opportunity to save money. The people in no community on this continent are better served by their retail merchants than those in Peterboro. Read the advertisements carefully. There is something there you need.

J. C. TURNBULL & CO.

Every one in and around Peterboro is well acquainted with the well-known firm of J. C. Turnbull and Company.

FELIX BROWNSCOMBE.

the popular and up-to-date dry goods house. The business was started in 1881 under the name of Turnbull and Gray. Shortly after Mr. Gray retired and Mr. Turnbull continued the business till 1901, when Mr. F. J. Blight, who had been in the business since its inception in '81, became proprietor. The lines carried in stock include carpets; house furnishings, including iron beds, spring, mattresses, window shades, poles, oilcloths and linoleums; ladies' millinery, ready-to-wear and high-class dry goods.

The store is located at No. 290 George street, and is one of the largest and up-to-date of any business house in Peterboro. Now that the holiday season is approaching people should call in and buy their goods at this well known establishment. Goods are of the very choicest and soundest prices prevail.

GEORGE STREET—LOOKING NORTH.

J. H. McCLELLAN, Superintendent Trent Canal.

GEORGE STREET SCHOOL.

PETERBORO' BUSINESS COLLEGE

The leading educational institution of this city is undoubtedly the Peterboro Business College and Ontario School of Shorthand. The college is under the personal supervision of Mr. William Pringle and is located on the corner of Hunter and Water streets. This school is one of the best equipped and most ably managed of any like institution in Canada. Mr. Pringle, the principal, is a gentleman who has achieved the highest position in his chosen profession. Mr. Pringle is assisted by a large and proficient staff, and is extremely popular with his students.

The college premises are bright and airy, and are situated in one of the newest and best blocks in the city.

The commercial department includes book-keeping, commercial arithmetic, business forms, business law, spelling and business penmanship.

Mr. Pringle himself stands in the front rank of Canada's penmen, and is the author of an up-to-date system of business penmanship. Shorthand is taught by a particularly successful method, the system adopted being Sir Isaac Pitman's.

Those wishing further particulars about the school regarding rates of tuition can receive a handsome prospectus by addressing the principal in care of the college.

F. R. J. MacPHERSON.

F. R. J. MacPherson, whose plumbing and steam-fitting establishment is located at No. 42 George street, is the leading business of its kind in the city. Mr. MacPherson has, during his business career in Peterboro, won the confidence and esteem of the public, and his work when done is always a credit and a guarantee of this merchant's honesty and business-like methods.

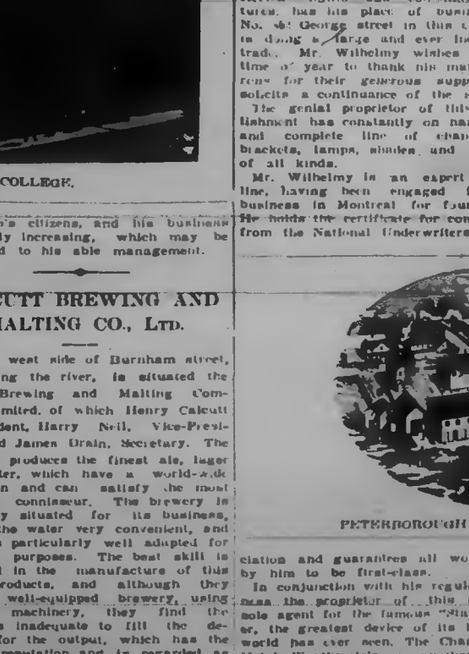
The store is located on the main thoroughfare of the city and convenient to all parts of the residential district. Those who wish anything done in a hurry can receive prompt attention and careful workmanship by calling up Telephone 98.

Mr. MacPherson is contractor for sanitary plumbing and ventilating, steam and hot water heating, and automatic sprinklers, electric wiring, meters and iron armored conduit. Also deals in bicycle sundries, does bicycle repairing, and has livery in connection. All kinds of electrical and plumbing supplies are constantly kept on hand, with a full line of first-class and stylish gas and electrical fixtures are carried in stock. The mechanics employed at this well-known establishment are experts at their work and the patrons of this well known business appreciate full well the high class workmanship done and goods sold at this store.

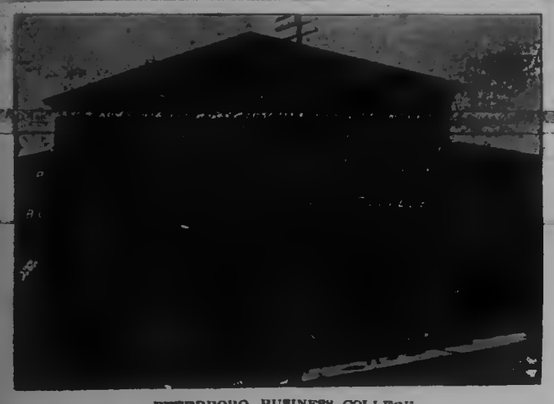
THORN PLUMBING CO., LTD.

This is about the only firm in Peterboro who make a specialty of plumbing in all its branches. Mr. Arthur Thorn, the manager of the Peterboro branch of Thorn and Company, has had a wide experience in plumbing, which was gained during years of practical work in the best houses of Toronto, where they are located at 347 Queen street west. He has employed here some first-class mechanics, and as this is the time of year that householders consider getting the largest amount of heat for the smallest expenditure for plant and fuel, they should call on Thorn and Company, who make a specialty of steam and hot water heating. These men are engineers, who come from far and well qualified to undertake the most intricate plumbing work may be understood that Thorn and Company, of Toronto, are largely employed in heating operations by Toronto architects and citizens demanding the most modern system. Their system, when installed, is part of the house and lasts while the house stands, and they guarantee their work, so their customers may rest assured that they can get the best work at reasonable prices. Experience pays and it pays to pay for experience. Estimates are cheerfully given on high-class plumbing or heating.

Although but a young man, Mr. Thorn has gained the confidence of Peterboro's citizens, and his business is rapidly increasing, which may be attributed to his able management.



WM. PRINGLE
Principal Peterboro Business College.

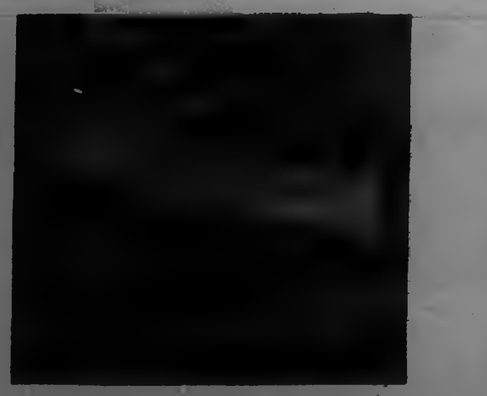


PETERBORO BUSINESS COLLEGE.

CALCUTT BREWING AND MALTING CO., LTD.

On the west side of Burnham street, overlooking the river, is situated the Calcutt Brewing and Malting Company, Limited, of which Henry Calcutt is President, Harry Neil, Vice-President, and James Drain, Secretary. The company produces the finest ale, lager and porter, which have a world-wide reputation and can satisfy the most exacting connoisseur. The brewery is admirably situated for its business, having the water very convenient, and which is particularly well adapted for brewing purposes. The best skill is employed in the manufacture of this firm's products, and although they have a well-equipped brewery, using the best machinery, they find the buildings inadequate to fill the demands for the output, which has the highest reputation and is regarded as the best procurable.

All orders are carefully and promptly dispatched, and the members of the firm, by their courteous and business-like dealing, well deserve the success they have attained and the popular favor which they undoubtedly possess.



PETERBORO CANOE COMPANY'S CANOE.

KINGAN HARDWARE CO., LIMITED.

One of the most substantial and most extensive business firms in Peterboro is the Kingan Hardware Company, Limited, of which Mr. R. G. Kingan is President, and Mr. W. G. Ferguson, Treasurer and Manager. Every line of hardware is kept by this excellent establishment, and the goods are noted for their high quality and low prices. The company is located at No. 357 George street, which is conveniently situated for both town and country patrons, and the many clerks employed by the firm will be pleased to fill your orders accurately and with dispatch.

GEO. HUTCHINSON.

Mr. Geo Hutchinson, whose well known and thoroughly reliable hardware business is located at No. 347 George street, is one of our best known and up-to-date business men. His store has been in Peterboro for many years, and he has always done his utmost to please and satisfy his customers, who come from far and near and always know that they will receive fair treatment and honest prices at the hands of this well known business man. Mr. Hutchinson deals in Oxford stoves and ranges, hot water and hot air furnaces, sanitary plumbing, etc.; the proprietor makes a specialty of eavestroughing and roofing.

At this time of the season, when so many repairs are required around the house, one cannot make any mistake by leaving their orders with Mr. Hutchinson, who is famous for the excellent work he executes and the satisfaction he always gives to all his customers, as well as the nominal charges made by him. This is one of the features of Mr. Hutchinson's business.

All work is done promptly and all orders are strictly attended to. Mr. Hutchinson does work in the country as well as in Peterboro, and all can speak highly of his workmanship. A look over this enterprising merchant's store will be beneficial and remunerative, as he carries a full line of goods not to be had elsewhere.

C. WILHELMY.

C. Wilhelmy, dealer and contractor in electric lights and combination fixtures, has his place of business at No. 481 George street in this city, and is doing a large and ever increasing trade. Mr. Wilhelmy wishes at this time of year to thank his many patrons for their generous support and solicits a continuance of the same.

The genial proprietor of this establishment has constantly on hand a full and complete line of chandeliers, brackets, lamps, shades and fixtures of all kinds.

Mr. Wilhelmy is an expert in his line, having been engaged in this business in Montreal for four years. He holds the certificate for competency from the National Underwriters' Association and guarantees all work done by him to be first-class.

In conjunction with his regular business the proprietor of this store is sole agent for the famous "Star" heater, the greatest device of its kind the world has ever seen. The Chamberlain Metal Weatherstrip is another patent handled by Mr. Wilhelmy and acts to perfection in the making of bottoms of doors and windows absolutely draft proof.

At this time of year when so many things are necessary in the line that this merchant carries a call at his store will be of great advantage. Telephone No. 441

THOS. A. REHILL.

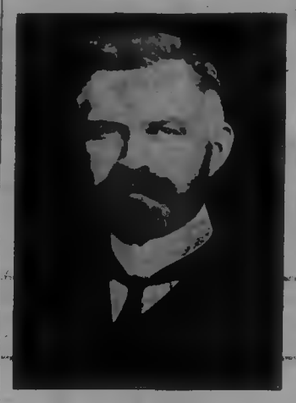
Thomas A. Rehill is a name that is well and favorably known to residents of Peterboro and vicinity. Mr Rehill is engaged in business at No. 219 Wolfe street, and carries on a general business in ice, lime and stone masons' supplies. The office on Wolfe street is adjacent to the Canadian Pacific Railway Station, and those wishing to communicate quickly with Mr. Rehill can do so by calling up Telephone No. 245 and all orders will be promptly and attentively looked after. Mr. Rehill's telephone number at his residence, 149 George street, is No. 589

It is safe to say that those who do business with Mr. Rehill will find everything to their satisfaction. The prices are right and the proprietor does all in his power to please patrons. Mr. Rehill rightly deserves the success he has attained, having won the confidence of the public by his energetic business tact and straightforward methods.

PETERBOROUGH CANOE COMPANY'S FACTORY.

ADAM HALL.

The people of Peterboro and surrounding country scarcely need an introduction to Mr. Adam Hall, our genial and highly respected citizen.



ADAM HALL,
Vice-President Peterborough Cereal Co.

but we merely wish to give a review of the vast business enterprises he is associated with. At No. 401 George street is located Mr. Hall's stove and tinware establishment. In addition to dealing in stoves, he has a general line of house furnishings, pumps baths, and the best tile pipe for sewers. He also manufactures sheet tanyas for hotel, shanty and domestic use. Mr. Hall has the local agency for the famous "Souvenir" stoves and ranges made by the Gurney-Tilden Co., Limited, of Hamilton. The popularity of his goods is attested by the continually increasing sale. He has for sale some furnaces and heaters which give all the heat you can stand. They are easily cared for. Every home in and around Peterboro should be provided with one, with its fuel saving qualities. Mr. Hall also gives special attention to sanitary plumbing, gas fitting, iron roofing, eave troughing, etc.

Mr. Hall is president of the Canadian Cordage Company, a firm which has greatly helped to make Peterboro the thriving city it now is.

WM. HAMILTON MFG. CO. LIMITED.

This well known firm of engineers and machinists have won a name for themselves in Peterboro, that is enjoyed by few other firms of like nature in Ontario. The company, besides their engineers' and machinists' business, are manufacturers of saw mill machinery, water wheels, also mining machinery and engines and boilers. The company have a large and well equipped plant, and also occupy commodious offices, which are located on Reid street. The company ship their mining machinery largely to British Columbia and Quebec, and the demand for their goods is large and the machines highly thought of all over the Dominion.

The officers of the company comprise the following well known gentlemen:

President—Wm. Hamilton.
Vice-President—J. C. Hamilton.
General Manager and Secretary—J. C. Smith.

PETERBORO CANOE CO. LIMITED.

Probably the best known manufacturers of farm implements in this section of the country is the Peter Hamilton Manufacturing Company, Limited. The goods turned out by this firm are of the highest quality and are extensively used in Canada.

The company also ship large quantities of agricultural implements to distant points. The company is comfortably located in commodious and substantial buildings on George street.

A. McDONALD.

Perhaps no other town or city in this vicinity, in proportion to its size, can equal the lumber enterprises of Peterborough. The steady and rapid growth of this city, and the consequent continual construction of houses and factories, makes a strong demand for lumber. The Pt St. Charles Mills, of which Mr. A. McDonald is the proprietor, are admirably equipped to handle the immense amount of lumber trade in this vicinity. The large yards, occupying several acres of ground, are well stocked with every description of lumber, as Mr. McDonald, in addition to the planing mills, manufactures boxes, door, sash and other house furnishings. The business is conveniently located on George street, a short distance from the C. P. R. depot

Mr. Alfred McDonald is a most obliging and respected citizen, and his success depends, not only upon the excellence of his goods, but largely to the tireless attention given to his customers. His business is increasing rapidly and its future expansion and substantial prosperity is assured.

COUGHLIN'S MONUMENTAL WORKS.

PETERBORO HARDWARE CO., LIMITED.

The Peterborough Hardware Company, Limited, is one of our oldest and most thriving business houses. The firm was established in the year 1857 by Mr. Robert Hamilton and has made steady and rapid progress, until today it is one of the finest hardware and metal houses in Ontario. The company was incorporated in 1892, and does one of the largest hardware trades in the Dominion.

Every line of hardware is handled by this excellent establishment, and the goods sold are as high grade and low priced as can be found anywhere. All lines of heavy and shelf hardware are carried in stock by this well-known company, and a large number of clerks and salesmen are kept constantly in employment attending to the wants of customers.

The firm occupy large and commodious premises at No. 368 George street and at No. 146 Simcoe street.

At this time of the year, when people are selecting gifts for friends far and near, a look over this immense store will be positive to attract the attention of the prospective purchaser, for not only does the company handle goods for building and general hardware purposes, but also carries a large stock of valuable and useful goods suitable for home and friends.

RICHARD HALL & SON.

Among the modern and up-to-date stores of the present day, and an establishment that is not to be excelled for its size in any of the large cities, is that of Richard Hall & Son, general dry goods merchants, located at Nos. 355 and 357 George street. This famous and high-class establishment has been doing business in Peterboro for many years and has won the highest esteem and confidence of the general public not only in this city, but for miles around, from which purchasers come to do business at the reliable old stand and know thoroughly well that the goods purchased will be in every way what they are guaranteed to be, and that the prices charged will be reasonable and fair.

Everything in the way of dry goods of the highest and best quality are to be had at this establishment. The firm are direct importers of staple and fancy dry goods, millinery, jackets, carpets and house furnishings. The store is patronized by the best people of Peterboro, [illegible] of their patrons. At this holiday season a visit to this excellent establishment and a look over the immense display will be instructive as well as remunerative. Everything is carried for home and personal use.

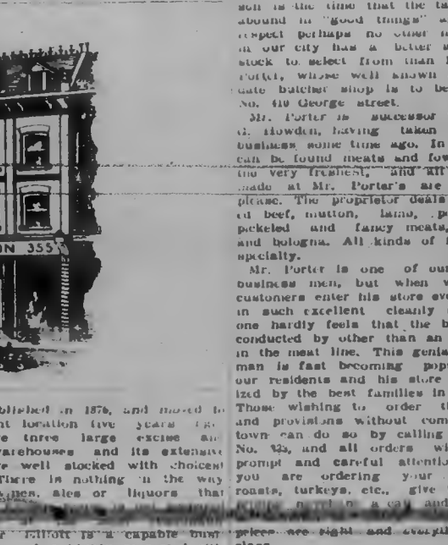
PETERBORO CANOE CO.

The Peterborough Canoe Company has an enviable reputation for the excellence of the canoes of its manufacture. The business carried on by this company was established some years ago. The company occupies a large and commodious building in the business section of the city. In addition to the excellent canoes of all designs manufactured by this firm, the company also sell paddles, oars and skiffs.

The canoes are of the best possible workmanship and the price is quite reasonable. No better canoes can be purchased than the high quality canoe made by this firm, and the [illegible] of this company is almost world wide.

COUGHLIN'S MONUMENTAL WORKS.

This firm has been doing business in Peterboro for the past twenty years and is well and favorably known in the city, and throughout this district. They own their own large factory and have added machinery and electric power, which enable them to buy the rough granite in blocks which they cut and polish at their works. They buy their stock in carload lots from the different quarries in Canada and the United States, making a big saving in freight and duty, besides saving the middleman's profits. They have already made and erected some of the largest and finest monuments in our city cemeteries and the surrounding country, and refer to them with pride as their own manufacture. They are now making several large monuments for prominent late citizens. Owing to these advantages they are enabled to turn out memorials of the newest designs in the largest as well as the ordinary sized monuments and can sell them at manufacturer's prices. They employ expert granite-cutters, letterers and carvers. They have also added mantels, grates and tiles to their business and have already done a large business in this line. Orders by mail receive special attention. Monuments erected in all the surrounding cemeteries in Central Ontario. Call or write us for designs and prices. Coughlin's Monumental Works, 214 Hunter street west, Peterboro.



ST. PAUL'S CHURCH

ALEX. ELLIOTT & CO.

Undoubtedly one of the most extensive wine and spirit merchants in Canada is the firm of Alexander Elliott & Company. They are direct importers of all leading lines of fine liquors, and do an immense wholesale and retail trade. They have a number of travellers constantly on the road, and the firm has an excellent reputation for the quality of goods it supplies.

The offices of this company are situated in the Snowden block, and are comfortable and convenient. The firm was established in 1876, and moved to its present location five years ago. They have three large excise and bonded warehouses and its extensive vaults are well stocked with choicest liquors. There is nothing in the way of fine wines, ales or liquors that [illegible] prices. Mr. Elliott is a capable business man and a highly respected citizen of Peterboro, and in addition to being the head of this firm he is also president of the Port Hope Brewing and Malting Company.

R. McWHINNIE.

This popular merchant, who conducts an up-to-date boot and shoe store at No. 344 George street, is among our leading and enterprising citizens and a man that always has the interest of this city at heart. In his shoe establishment are to be found all the latest styles in mens', womens' and childrens' footwear. The prices are positively as low as can be found anywhere in the city and the stock carried at the store is certainly attractive and worthy of inspection before purchasing elsewhere. No better present for Christmas time could be made than the choice of something nice in the line of slippers or a nice pair of well appearing shoes, and those wishing anything in this line should call on Mr. McWhinnie and inspect his complete stock.

AUBURN WOOLLEN CO.

One of the largest and most successful concerns in Ontario is that of the Auburn Woollen Company, whose magnificent and up-to-date buildings are one of the leading attractions of Peterboro. The company manufacture all lines of woollen goods and ship extensively throughout the country. Mr. James Kendrey is president and managing director of the company, and it is greatly due to his untiring efforts that the company have made the rapid and lasting success they have achieved. Mr. Kendrey is most affable and courteous, and is known by all far and near.

W. PORTER.

This being local to the holiday season is the time that the table should abound in "good things" and in this respect perhaps no other meat dealer in our city has a better and choicer stock to select from than Mr. W. Porter, whose well known and up-to-date butcher shop is to be found at No. 410 George street.

Mr. Porter is successor to Mr. W. G. Howden, having taken over the business some time ago. In this store can be found meats and fowl that are the very freshest, and all purchases made at Mr. Porter's are bound to please. The proprietor deals in selected beef, mutton, lamb, pork, ham, pickeled and fancy meats, sausages and bologna. All kinds of fowl are a specialty.

Mr. Porter is one of our youngest business men, but when visitors or customers enter his store everything is in such excellent cleanly shape that one hardly feels that the business is conducted by other than an old expert in the meat line. This genial business man is fast becoming popular with our residents and his store is patronized by the best families in Peterboro. Those wishing to order their meats and provisions without coming downtown can do so by calling up Phone No. 423, and all orders will receive prompt and careful attention. When you are ordering your Christmas roasts, turkeys, etc., give this enterprising man a call and you will [illegible] are right and everything first-class.

ROY STUDIO

The Roy Studio, which is located at No. 140 1-2 Hunter street, is probably one of the finest of its kind in Canada. The writer of this article has been in studios in large cities of the Dominion and the United States, but rarely has looked upon such fine work as is displayed in the pretty studio of Mr. Roy.

There is on display for Christmas some choice and attractive work which is very appropriate for beautiful Christmas gifts. The work is neat, artistic and something decidedly new. Some of these are magnificent views of our city and county executed in oil. Many of these art treasures are framed, and many of the leading scenes and chief buildings of this vicinity are on exhibition. Those who wish to make a holiday present, unique and attractive, should procure views at once. The Roy Studio can supply any views desired. The work speaks for itself and is highly praiseworthy.

FOOTBALL FRAUD IS SENT TO PRISON

Pretended He Was Noted Player, and Got Money by the Deception.

(Special Cable.)

London, Dec. 9.—Thomas Arthur Gee, a Barnsley miner, has provided a story with a moral.

He went to the officials of the Darfield Football Club and told them that he was Thomas Lee Oatick, formerly a well known member of the Bolton Wanderers football team. Upon the strength of this statement the officials found him employment in the colliery at a fair wage, members of the club collected $2.50 for him, and he was picked to play in the Darfield team last Saturday.

On Saturday morning, in company with the secretary of the club, who believed him to be Oatick, he went to the house of Mr. Turton, the treasurer, and told Mrs. Turton that her husband had authorized him to draw a sovereign from her. This was duly paid him.

Then he made his great mistake. He went into the field with the local team. Their hopes ran high, for they expected great things of such a well known player.

But Gee could no longer keep up the deception. His football was more than below the reputation of that of the man he was impersonating. He could hardly play at all.

At half-back he stopped the ball with his hands. The referee ordered him off the field, and the sorely disappointed treasurer to the club at once gave him into custody.

"I thought it would be the making of the club if we got a man like Oatick," said the deluded treasurer sadly when the case was tried before the West Riding Magistrates, "and this man was an absolute fraud.

The Bench said it was the most impudent fraud that had come to their notice, and sentenced Gee to six months' hard labor.

MAGNIFICENT FLATS BUILT IN LONDON

Some of the Suites to Rent at $10,000 and $15,000 Per Year.

(Special Cable.)

London, Dec. 9.—The palatial flats of London—and they are many—will be completely eclipsed by the "mansions" which will shortly rise on the site of Gloucester House, the town residence of the late Duke of Cambridge.

The foundations are already in, but it will be eighteen months before the building is completed.

The building will be six storeys high, and will be faced with the new stone, which might pass for Carrara marble. The position is, of course, an ideal one. The drawing rooms of the six flats will face the Green Park, and Park lane will be a "side attraction." The frontage of the site about sixty feet, and the depth, 230 feet.

The first four floors are identical in their arrangement, and accommodation. There will be no fewer than eleven beds and dining rooms in each flat, and, for the first time in the history of flat-building in London, servants will enjoy the luxury of a large servants' hall.

The drawing rooms will be forty feet long, and adjoining boudoirs about twenty-four feet long. By throwing the two into one a very beautiful ballroom, sixty-four feet long, can be obtained.

A billiard room is another unusual luxury, and the dining rooms will be, like the entrance hall, of stately proportions. The latest and most up-to-date fittings will be employed in the domestic regions.

Although nothing has been definitely decided, it is probable that the heating and cooking will be done by electricity. Two passenger lifts, one for tenants and the other for servants, and three bath rooms complete the luxury of the millionaires' flats.

Flats on the first four floors will be let at $15,000 per annum, exclusive of rates and taxes, and those on the two top floors at about $10,000.

ESCAPED PAUPER'S GRAVE.

Woman Identifies Missing Husband's Body at Last Moment.

Liverpool Dec 9.—A'mort on the verge of being buried in an unknown pauper's grave, a man who was cut to pieces on the railway at Reddish, near Manchester was yesterday dramatically identified as the hearse was on its way to convey the body for burial.

A woman arrived at the mortuary searching for her lost husband. Under the impression that the clothing of the dead man was that worn by her husband the coffin was opened and the identity of the body established beyond doubt. The hearse was sent back, the widow intimating that she would see to the funeral arrangements.

BIG WEDDING FEAST

Berlin, Dec 9.—Two hundred and fifty guests were invited to the wedding feast yesterday of a wealthy farmer's son at Uelsen, Prussia. They consumed 150 pounds of fish, two oxen, two calves, three pigs and several fowls.

OLDEST ROAD IN ENGLAND.

London, Dec. 9.—Hilaire Belloc lectured last night at the London Institution on "The Oldest Road in England"—that from Winchester to Canterbury. He said that it was certainly 2,000 years old, and probably much

ATHLETIC GIRLS ARE THIS SCHOOL'S PRIDE

More Attention Paid to Dress, Diet and Exercise Than to Marks.

(Special Cable.)

London, Dec. 9.—Coombe Hill School is one of the quaintest and also most up-to-date scholastic institutions in the world.

Prominently placed on the top of Westerham Hill, in Kent, the school is as unlike the conventional "boarding establishment for young ladies" as possible. Miss Clark, the principal, believes in natural and rational dress.

All the girls from the kindergarten mites to girls almost out of their teens wear the same pretty and practical garb. A "djibbah" of tawny woollen stuff, open at the neck and without hooks or buttons, hangs straight from the shoulders and reaches just below the knee. The low-cut neck and short open sleeves show a blouse of soft silk, on the linen yoke of which appears the only trace of ornament, a design embroidered by the clever fingers of the wearer.

No frills, petticoats or corsets interfere with the freedom of movement and Swedish gymnastics, frequent hour and half-hour intervals for outdoor play, cross-county tramps and the summer habit of studying in the garden and grounds have made the Coombe Hill girls impatient of conventionalities, and they are apt to run about, even in November's bleakness, hatless and coatless.

Miss Clark claims for her girls an alertness of bearing, a breadth of view and a general readiness for emergencies great and small. Examinations, marks and kindred horrors are barred. Hockey, gardening and dancing are encouraged, and ardently pursued by the long-legged, short-skirted band of girl athletes.

RUSSIAN MASSACRE DEPICTED ON CANVAS

Polish Painter Perpetuates Horrors of "Red Sunday" in St. Petersburg.

(Special Cable.)

London, Dec. 9. — There is at the Graves' galleries a colossal canvas by the Polish painter, Albert Horace Kosak, which should and undoubtedly will—attract all London, as it has drawn all Vienna, until it was transferred to its present quarters.

The horrors of "Red Sunday" are too fresh in everybody's mind to need recapitulating. And it is enough to say that Mr. Kosak's picture, about 600 square feet of canvas, brings the terrible scene before our eyes without any melodramatic exaggeration — grimly impressive, and painted with an armament of breadth and ease which is not generally associated with works of this class.

The moment chosen is immediately after the firing of the murderous volley, when the Cossacks are charging the defenceless crowd headed by the dignified figure of Father Gapon, in the background, glittering in the winter sun, is the Winter Palace, and the sky, a thin blue overhead, changes further back into grayish rose-colour, suggestive of intense cold and threatening snow.

Everything in the enormous picture is homogenous, and that is, perhaps, the greatest triumph in a picture measuring thirty feet in length. There is no piece-work, and the artist has never lost sight of the general effect. The terrified crowd, the dead and wounded, the fiercely charging Cossacks, are admirably grouped, and the picture is one that can be carefully studied in every detail annd not be found wanting.

WOMAN OFFICIALLY DEAD.

Berlin, Dec. 9.—According to the Hagener Zeitung, of Hagen, Westphalia, it was discovered by a young woman who was about to be married that her birth by some oversight had not been registered, and that she was, therefore, officially non-existent.

FATAL FIGHT OF BUCKS.

London, Dec. 9.—A new forest keeper has found at Park Hill the bodies of two fallow bucks with their antlers interlocked. The animals had evidently been fighting, and had charged each other with such terrific force that their heads had become firmly locked together, and, being unable to disentangle themselves, they died from starvation.

LOVE LETTER FOUND AFTER 700 YEARS

Was Written in Gothic Characters in Thirteenth Century by Knight in Battle.

(Special Cable.)

Paris, Dec. 6—While carrying out restoration work at the ancient parish church of St. Pierre at Montmartre, the architect has discovered a love letter 700 years old, in a niche of one of the bottom stones of the first pillar on the north side of the church.

The letter is written on parchment in Gothic characters. With it were a withered branch of boxwood and piece of enameled glass. It has been deciphered with some difficulty, and the following is the modern translation:

"Jean, of Glaorn, pays respectful greetings to Mistress Alice de Lisle, as the lady in the wide world whom he most does love, although he has no right to give expression to these sentiments.

"And know in truth that he loves you as his own sister, and you can soon[illegible] Concerning the love you bear to Philippe and the love he bears you, and know that this letter is written on the ramparts in the breach, and that he writes it. Though he worships you, he has never received the slightest favor from you. He swears it before God. May God guard you."

It is to be placed in the Paris Museum, and was probably written in the thirteenth century by a knight who, when his life was in danger, was desirous of giving written attestation to a woman about whom there had evidently been some defamation in connection with himself.

MAYOR'S NOVEL PLAN TO SAVE CHILD-LIFE

Gives Bonus of $5 to Each Born in City During His Year of Office.

(Special Cable.)

London, Dec. 9.—Ald. Broadbent, who has been elected Mayor of Huddersfield for the second time, is highly pleased with the scheme which he devised for saving child life when he first took office. He offered a bonus of $5 for every child born during his mayoral year in the Township of Longwood, the sum to be payable to the child's parents at the end of twelve months.

Ald. Broadbent has now stated that promissory notes have been given to 110 children. Out of this number only three have died. From Jan. 20 to Oct. 1 there was no death among the babies on his list. During this time eighty-three were born.

Nothing, Ald. Broadbent says, has been done in the way of supplying delicacies to any of the children. Their care has been left entirely to the parents.

If the proportion of deaths is as low during the next twelve months, it will mean, says Ald. Broadbent, an infantile mortality rate of fifty-four per 1,000, against the 122 which has been the average in Longwood for the last ten years.

Ald. Broadbent thinks his scheme is responsible for the fact that there were no deaths from diarrhoea in Longwood during the last twelve months. He issued a letter to mothers giving them simple precautions for the prevention of infantile disease.

BABY SOLD FOR 50 CENTS.

Woman Makes Strange Allegation Against Her Husband.

London, Dec. 9.—Remarkable evidence as to a father's callousness was given yesterday at the Wood Green Police Court by Mrs Joseph Bell, who summoned her husband for persistent cruelty.

Mrs Bell said that her husband constantly beat her, and that he had sold their baby to a man for 50 cents.

He threatened to kill her, she said, and on one occasion set the house on fire, and she had to jump out of a window with her clothing ablaze.

Bell pleaded guilty, and a separation order was granted with alimony.

JUVENILE BURGLARS.

London, Dec. 9.—Nottingham has been infested recently by a gang of boy burglars. A dozen have been caught and punished within the last two months, and two more were yesterday committed for trial.

THE MAHARAJAH OF UDAIPUR

PRINCE OF WALES VISITS THE "PARADISE OF INDIA."

The Prince and Princess of Wales have just paid a visit to Udaipur, where they were the guests of the Maharajah for three days. The Royal Palace, in which they were received, is a most imposing building, constructed of granite and marble, most effectively placed on the crest of a ridge above the lake. Other gleaming white buildings are built on the little islets on the lake, charming summer houses of stone. "The glory of the capital of Mewar," says Sir Frederick Treves, in "The Other Side of the Lantern," "is the lake and the palace-pierced islands which rest upon its surface. [illegible] the first glimpse of the lake is glorious beyond words, and the effect of the sight is not lessened when it comes after weeks of travelling through a dried-up country husky with dust. The lake is two and one-quarter miles long, it is deep and blue. On one side of the lake is a white city, on the other are green flats, with forests of dark trees, while beyond, in the haze, are the purple hills." Udaipur is largely a rugged jungle-clad district; the altitude of the city itself is about 2,000 feet. The roads to the town are guarded by a chain of fortresses which are now, however, in a state of decay. Commanding the city on the south side is the fortified hill of Ehlingarh. On entering Udaipur, the Prince of Wales visits the district of India known as Rajputana, the collection of native states that enjoy almost complete autonomy under the British residencies, and are known as "the Paradise of India." The people of which the Maharajah is the head are a very proud race, earning the soil; they have from time to time furnished ruling dignitaries to many of the native states. In point of population, however, the district is not a very notable one. The population of Udaipur City is about 50,000; it contains some marvellous Hindu or Brahmin architecture, dating from A.D. 1000.

PLAY BILLIARDS IN FIELDS.

Game Has Strange Fascination For Aborigines of New Zealand.

London, Dec. 9 "The Maori children are often kept up all night billiard marking, and are therefore utterly unfit to come to school, or to work when they do come."

This remarkable statement is made by W. Bird, inspector of native schools in New Zealand, in his annual report, which throws light on the extraordinary gambling propensities of the natives.

Billiard tables, Mr. Bird declares, are to be seen in the gum fields, in the native settlements, and even on the roadside.

In one place, Mr. Bird says, several natives, after losing all their possessions, gambled away their crops, and when winter came were unable to supply either food or clothing to their children.

SHOULD FOLLOW FLOCK.

Bishop Advises Clergy to Go to Places of Amusement.

London, Dec. 9.—The Bishop of Manchester is a prelate who sees that the Church of England, if she is to retain her hold upon the people of the twentieth century, must bring her methods more into line with the spirit of the age. In a striking address at Blackburn yesterday he gave some of his views on the duty of the clergyman of to-day.

He viewed with amasement, he said, the huge palaces that were springing up on all sides for the amusement of the people, and the multitudes who crowded them.

Clergymen who could not nowadays find people at their homes must follow them to places where they collected, and seek to make a first impression upon them, either in their places of amusement or near them, following them home afterward to continue the work.

BLIND PIANO TUNER.

London, Dec. 9.—J. E. Smith, a blind man, is to be recommended for an appointment as pianoforte tuner for the London County Council. He can not only tune, but he can do all necessary repairs, and can find his way about without assistance.

DEAFNESS IN ESSEX.

London, Dec. 9.—Referring to an old man having been knocked down by a cyclist, Mr. Bateman, justice of the peace at Romford Police Court, on Saturday remarked: "In Essex deafness is very common. In fact, one person out of every twenty is hard of hearing."

WILHELMINA MAY BE LAST QUEEN OF RACE

Absence of Direct Heir to Throne Presents Strange Situation in the Netherlands.

(Special Cable.)

The Hague, Dec. 9.—A strange story is being circulated to the effect that there is a clause in the Dutch constitution providing that if the Queen has no issue within five years of her marriage—that is, before February 7 of next year—the Dutch Parliament has power to dissolve the union.

A further rumor has gained ground to the effect that there is a clause in the marriage contract permitting of this being done.

[illegible] into circulation no one knows how, are mere legends.

So little does the Dutch constitution interfere with the choice of a prince or Queen consort that Queen Wilhelmina is known to have married quite contrary to the opinions of her government, and had her own way in all the details connected with this momentous affair for Holland.

Holland is a profoundly Christian country, and the mere suggestion of such a possibility is revolting to its principles and sentiments, while the marriage relation is considered by Queen Wilhelmina herself as far too binding to allow for any such a solution of the question of succession.

THE LAW OF SUCCESSION.

It is this very question of succession that is absorbing the attention of her government, which is now busying itself with a revision of the constitution. Under present conditions the matter is by no means clear, but as the monarchy is a constitutional hereditary one, it is to be presumed that apart from any special enactment on the part of the Dutch people—the succession would follow the same law of inheritance as that of Great Britain.

In this case the nearest agnate line of the House of Orange is now represented by the Grand Duke of Saxe-Weimar, grandson of the Princess Sophie, of the Netherlands, sister of the late King William III., and second cousin to the present Queen.

The Grand Duke might choose between the crowns of Saxe-Weimar and Holland, but by the constitution of the German Empire, he could not carry both. It is, therefore, to be assumed that he would remain content with his present sovereign position.

His rights of succession would next devolve on his sister, or on the children of his aunt, who became a Princess of Reuss. Of this family there are several princes who might legitimately be called to the Orange throne.

More remote still from them is another line of agnates descended from an uncle of the late King William III.—Prince Frederick of Orange, who married a Princess Louise of Prussia, and whose daughter married the Prince of Wied.

HOLLAND'S FUTURE.

There is throughout Holland an antipathy to all the possible successors, and most people remember well at the time of the Queen's wedding that the word "republic" was echoed on every hand when the question, "Who shall reign if there is no heir" was raised. Dr. Kuyper, the ex-Prime Minister, once said that Holland would resort to arms rather than yield to German rule.

The succession to the throne is regulated by Articles 1 to 36 of the constitution, but it is more than likely that the present States General will entirely revise these clauses and we may yet hear much in favor of a republic, for the loyalism of the Dutch people is entirely limited to their "Wilhelmintje," beyond whom they care for no one, and, in fact, openly and universally express opposition to any possible German prince occupying the throne.

To one who has followed the young Queen from her childhood to the present day the change in the "child of the Dutch people" is painful in the extreme.

The bright, winsome charm has faded, and there lingers about her mouth and over her brow the unmistakable expression of a disappointed woman. The enthusiasm with which the Hollanders once spoke of her has died away, and she is now referred to with a sigh.

It seems but a few years ago that the palace here rang with the laughter of the children who came to play with little "Wilhelmintje." Now all is changed, and the Queen hides her sorrow as many months of the year as she can at Loo.

KING EDWARD STILL HOLDS SERVIA ALOOF

No Diplomatic Relations With Country Until Assassins of Alexander Are Punished.

(Special Cable.)

Belgrade, December 9.—A profound impression has been caused here by the statement in the Pester-Lloyd that King Edward has set his face against Great Britain resuming diplomatic relations with Servia until the regicide officers are punished.

His Majesty is reported to have said: "I cannot pass over lightly such a terrible crime, accompanied by such dastardly outrages that is an insult to all [illegible] I must pay heed to the religious and moral feelings of my people, which have plainly manifested themselves on this occasion, and with which I fully identify myself.

"My position, too, as a sovereign demands that I should publicly condemn the murder of another sovereign instead of condoning it by accepting the immunity of the evildoers."

In irony of the Servian regicides' declaration that the murders of June 11 were a justifiable revolution, the Belgrade Opposition papers have adopted the word "revolution" as a substitute for "murder" in all current cases.

Thus, we have in to-day's Parnda: "Another revolution in Palanka! This time it has been committed on the Mayor of the village, whose dead body was found mutilated on the high road. Two other revolutions are signaled from different parts of the province."

GRAND DUKE FINDS HIS EXILE HAPPY

Cousin of Czar and His Love-Match Bride Enjoy Honeymoon at Cannes.

(Special Cable.)

Paris, Dec. 9.—In the Echo de Paris M. Marcel Huth describes an interview with Grand Duke Cyril, who is now stopping at Cannes with his wife, Princess Victoria of Saxe-Coburg-Gotha, formerly Grand Duchess of Hesse-Darmstadt.

Grand Duke Cyril spoke of his marriage, which so incensed the Czar, as a love match.

"And neither the Emperor nor the Empress could succeed in inducing you to abandon your intention?" asked M. Hutin.

"That was impossible," replied the Grand Duke, adding that when he was banished from St. Petersburg many officers showed their sympathy by shaking hands at the station.

"I am nothing now," he continued. "I do not complain much, because the climate of Cannes is delightful. We are very happy, my wife and I, and we indulge in automobiling, which is my favorite sport. We intend to remain here for the winter, after which we shall probably settle in Coburg."

CURIOUS HUNTING INCIDENTS.

London, Dec. 9. - The Quorn Hounds hunted three foxes at once on Saturday. One of the foxes jumped into the Soar, followed by half the pack, and was drowned. While a fox was being dug out at Crewkerne a badger was unearthed. The hounds dashed after him, and the fox seized the opportunity to steal away.

PLEA FOR CIVIC PURITY.

London, Dec. 9.—The mayor and corporation of Yarmouth attended the Congregational Church in civic state yesterday. The Rev. Cornwall Jones, who has the new mayor for one of his deacons, appealed to the corporation, in the name of the outraged conscience of the town, to take speedy legal action against those who auctioned civic dignity in the street and sold civic self-respect in public houses.

TINY GERMAN STATE MAY LOSE A DYNASTY

Luxemburg, With Its Toy Army, Apes Ceremonials of its More Powerful Neighbors.

(Special Cable.)

Berlin, Decehmber 9.—As the present Grand Duke of Luxemburg, who succeeded to the throne a few days ago, has no heir—only five daughters, who are barred by the Salic law—the dynasty looks like dying out. In that case, Germany, which has long looked with covetous eyes on the little principality, will probably have some plan of annexation.

Few people who pass through Luxemburg on the way to Switzerland or Vienna know that it is the capital of a comfortable little pocket kingdom, with custom houses, coinage, postage stamps, and an army of its own. It is a charming example of a little State just large enough to be serious, not, like Monaco or Andorra, a mere jest.

Luxemburg, the "capital," would be in England a small country town, but ti has its little court, its host of functionaries, its modest little palace, and its legations and consulates. There is an army of 250 or 300 men, who are drilled just as seriously as if war with France was expected next week. The commander-in-chief has few enough [illegible] but he does it with an air that Lord Kitchener might envy.

The custom house officials, too, tumble out your luggage just as if they belonged to a State with a big revenue. There are now no proper fortifications, for the State has been neutralised, but here and there you find an old tower more or less falling into ruin.

"Where is the garrison?" you ask, and an old soldier who conducts you draws himself up proudly, and replies, "I am the garrison."

About 200,000 people live under the Arcadian rule of the Grand Duke. They speak bad French and bad German indifferently, and are insulted if you call them either Frenchmen or Germans.

KUBELIK GIVES VECSEY MAGNIFICENT VIOLIN

Hears Musical Prodigy for First Time and is Charmed With His Gifts.

(Special Cable.)

Edinburgh, Dec. 9. — Kubelik, who has become very friendly with young Frans von Vecsey, the boy violinist, has given up to the boy a magnificent Guarnerius violin, with which the young performer had fallen in love.

At Frans von Vecsey's first appearance in Edinburgh the other day Kubelik was present, and was so charmed with this marvelous young prodigy a gifts that he sought his acquaintance, and after the concert took him back to his hotel.

They became fast friends, and Kubelik invited Vecsey to play upon his own special Guarnerius.

Vecsey was so enchanted with its superb tone that Kubelik most generously offered to give it up to him, and only asked the boy's father the actual bargain price at which it was acquired.

Vecsey's father at once accepted the kind offer, and Kubelik, in handing the instrument over, said that only to such a wonderful player as Vecsey would he have given up his treasure.

It is understood that the price Kubelik paid for his Guarnerius was nearly $10,000. Had he chosen to sell it in the ordinary way he could easily have made a handsome profit.

BUTLER CONSIDERATE SUICIDE.

Refrained From Killing Himself Until "At Home" Party Was Over.

Melbourne, Dec. 9.—All butlers do not show the same consideration for their employers as Albert Wood.

He blew out his brains with a shotgun, leaving behind him the following letter to his mistress, Mrs. Robert Reid, of Toorak, Victoria:

"I suppose people will say I am mad for writing this, but you have had a lot of people this afternoon. I don't think they will say I took anything like a madman. I should have gone to a better world last night, only this being your 'at home' day, I thought I would wait until to-night. I hope you will find everything all right in the pantry."

London, Dec. 9.—A convolvulus, or "hawk" moth, which was captured at Hartford, Cheshire, was yesterday presented to the Northwich Museum. It is said to be the first specimen taken in that part of the country.

REPORTS OF OUR CITY'S COMMITTEES

Presented at Last Council Meeting For 1905.

BOARD OF WORKS REPORT.

Ald. Adams presented the following report;

Gentlemen,—Your Board of Works beg leave to report as follows:

1.—We had a conference with Mr. R. R. Hall, M.P., in regard to having the Dominion Government build cribbing along the water front where dredging is being done, to retain the material excavated, and we appointed the Mayor, Ald. Adams, Hicks and Hall, and the city engineer to attend with three members of the Board of Trade to be appointed by that Board, as a deputation to wait on the Minister at Ottawa in regard to the matter, at a date to be arranged by Mr. Hall. We also asked Hon. Geo. A. Cox to be present at the deputation.

2. We advertised for and received tenders for snow plowing for the season, and awarded the contracts as follows,

Southern District—R. Nicholls, $129.50

Southeastern District—Albert Vallis, $130.

Northeastern District—A. McCarthy $95.

Northern District—John O'Brien, $178.

Western District — James Innis, $120.

Northwestern District—N. Russell, $150.

3. We recommend that the city treasurer be instructed to collect an unpaid account for a private walk built last year.

4. We received from the city solicitor a letter from Mr. Tiffin, Supt. Grand Trunk Ry., in regard to the provision the council ask made for drainage if the Lakefield railway were lowered, and we instructed the solicitor to reply that what we asked was to have the drainage at the street crossings provided for in the usual way.

5. We recommend that the request of the Board of Managers of St. Paul's church for permission to connect Knox church on Reid street with the sewer on Park street be granted, provided the church authorities enter into an agreement not to in future oppose the construction of a sewer on Reid or Wolfe streets past the church property, and to pay a frontage rate of 3 1-4c. per foot on 60 feet frontage for 30 years. This frontage rate to cease if a sewer is built on Wolfe or Reid street, and the church property assessed for it, and that the church pay all the cost of the connection and the work is done to the satisfaction of the city engineer.

6. We recommend that the request of J. Z. Rogers for permission to connect his house on Hunter street with the outfall sewer in Ward 5, from the west side of his lot, on which a frontage rate would be assessed on Hunter street, be granted, and that the city engineer make the necessary arrangement with the contractor.

7. We recommend that the request from Scott & Hogg for permission to connect their warehouse with the outfall sewer in Ward 5, be granted, provided they do all the work and pay $25 as commutation for a rental for the privilege of connecting with the sewer.

8. We recommend that the street commissioners be paid at the rate of $3.25 per day while engaged in superintending the construction of concrete work on bridges, concrete crossings and surface water drains.

This report was adopted as read.

IMPROVED FIRE PROTECTION.

Ald. Johnston presented the following,

Gentlemen,—Your Fire, Water and Light Committee beg leave to report as follows.

1. We recommend that the petition for a 32-c.p. electric light at the corner of Reid and Murray streets, be granted, and that the Peterboro Light & Power Co., be instructed to place a light there.

2. We recommend that Mr. Spencer, Sagt. C.P. Ry., be informed that the Council contemplates installing a new fire alarm system, and that his request to have an alarm box placed at the C.P.R. station will then be considered.

3. Your committee considered the matter of improving the fire protection, with a committee of citizens, and in accordance with the decision of that committee recommend that a by-law be submitted to the qualified electors at the time of the next municipal election to provide for borrowing $25,000 in order to provide better fire fighting appliances, such as a new fire hall, new fire engine, a chemical engine, new ladders and hose and a new fire alarm system.

This report was adopted as read.

A trip around the world in 60 minutes at a mere trifle.

Laughable, interesting and exciting scenes from every land--A trip around the world at almost no cost.

Scores upon scores of people are daily taking advantage of our very liberal and decidedly interesting offer.

Magnificently finished and exquisitely photo-color views in place of the oldtime and antiquated views of the past. A most pleasant and interesting hour to spend journeying around the globe viewing the places of greatest interest, most beautiful scenery, etc., at a mere trifle of cost through our liberal plan. These views illustrate some of the most noted places in the world—mountain scenery both in America and Europe—waterfalls and other famous natural phenomena, some of the world's most famous buildings, places of historical interest and places famous for beautiful architecture or beautiful natural scenery. This set is of the greatest educational value, presenting, as it does, such realistic likenesses of scenes and places that we all should know about. We want every household in this city to have one of these sets. Imagine yourself taken through the Orient, on a trip to California, through the world's Fair to see the splendid scenes as though you were right there on the spot. By a special process, a combination of lithographing and half-tone work, we are able to offer a collection of colored views from every part of the world in the most beautiful, natural and startling life-like color effects, which must be seen to be appreciated. It is impossible to describe the grandeur and beauty of these views. Come and see them. We want each and every household in this city to have a set of these.

The most beautiful scenes from every land, among which are the following:

Yellow Stone Park, U. S. A.; The Swiss Alps; On board a Russian Man-of-War; Scene from a Klondyke Camp; The Famous Ferry Depot, San Francisco; Cathedral from the Grand Canal, Rotterdam; Moulin Rouge, Paris; Street Scene, Mexico City; Emperor Wm. II Inspecting a Regiment; Chickamauga Park; Cotton Plantation Scene; On the Pike at the World's Fair, St. Louis; Holiday Street Scene Parade in Havana, Cuba; Scene Showing a Public Well, Pekin, China; Lookout Mountain; Steamboat Scene on the Mississippi; Garden of Gethsemane, Palestine; Scene Showing the Famous Southern Trestle; Hauling Trains Through Mountains in the South; The National Capitol at Washington, D. C.; The Pantheon at Rome; Victory Monument; Leipsic; Luna Island at Niagara Falls; David's Judgment Seat, Jerusalem; Interior View of President Diaz' Palace, Mexico; Ostrich Farm, Egypt; Royal Gardens, Dresden, Germany; (very beautiful), Palm Garden, Frankfort, Germany; Morro Castle, Havana; Plaza, World's Fair, St. Louis; Bird's Eye View of St. Louis Exposition; The Tomb of Gen. Grant, N. Y., Street Scene of Cairo, Egypt; Street Scene in Venice, Italy; Japanese Royal Garden Scene; Zoological Garden at Berlin, Germany; Ice Cave at Niagara Falls, N. Y., etc., etc., besides dozens of comic, sentimental and interesting views of every nature. These pictures are the genuine Oleo Stereoscopic Views, made especially for this purpose and are executed in a most artistic manner, being a combination process of lithographing and half-tone work enabling a magnificent depth of detail and splendid color reproduction true to life. You cannot enjoy an hour more delightfully than by viewing a set of these beautiful and decidedly interesting pictures.

It wasn't so very long ago that hundreds of thousands of people spent many pleasant hours with the stereoscope, but heretofore they were compelled to pay enormous prices for views, think of it, as high as 50c each for colored pictures. We sold thousands upon thousands of stereoscopic views, in colors, at 50c each in those days, but imagine each and every view had to be colored by hand. In the past few months we have had repeated demands for them, and being able to secure the latest and most beautiful colored views to furnish to the public at a ridiculously low price, we entered into the stereoscope plan on quite a large scale, and have taken immediate advantage of the International Art Association, who have spent an enormous amount of money to get out special color plates and have finally completed their end, namely: To place on the market thousands of magnificent stereoscopic views, the most beautiful, interesting and exciting scenes from every land, in the grandest and most exquisite natural colors.

Now we come to our great special offer. Read our plan carefully as it describes the stereoscope and tells how to secure the scope and views at almost no cost to you.

First the stereoscope. The Stereoscope is our world-famous "Aluminum Crystal Lens" Stereoscope. Genuine aluminum hood, bound with dark rich red velvet. Frame is of fine finished cherry wood with patent folding handle, folding underneath frame, and sliding bar. The lenses are extra fine quality, selected for clearness and brilliancy, 1¾ inches in diameter, ground from best quality glass and carefully adjusted. This Crystal Lens Aluminum "Scope" has won universal praise from lovers of the beautiful, and as a means of entertainment stands second to nothing.

OFFER No. 1 The Stereoscope and 25 beautiful Colored Views and THE DAILY TIMES for one year, for **$4.00**

OFFER No. 2 The Stereoscope and 25 beautiful Colored Views and THE WEEKLY TIMES for one year, for **$2.50**

REPORTS OF OUR CITY'S COMMITTEES

Presented at Last Council Meeting For 1905.

FINANCE REPORT.

Ald. Mason presented the following;—

Gentlemen,—Your Finance Committee beg leave to report and recommend as follows;—

1. That an account from the Water Commissioners for injury to a pipe be returned to them with the request that it be sent to the sewer contractor Mr. R. Stanley.

2. That as the Peterboro Hardware Company did not keep the city supplied with cement and 36 barrels had to be purchased at an extra cost of $10.80, that amount be charged to that company.

3. That R. Howland be paid $15 as park constable for the past season.

4. That no action be taken on the request of V. Crocker for permission to have a pop-corn stand on Simcoe or Hunter streets;

5. That the following accounts be paid:

E. H. D. Hall	$81.67
C. B. McAllister	76.45
J. Clancy	1.25
Davis-Thompson Co.	7.00
Can. Sewar Pipe Co.	137.70

A. McDonald	145.16
Grand Trunk Ry. Co.	27.60

This report was adopted as read.

LEGAL REPORT.

Ald. Scott presented the following;

Gentlemen,—Your Legal Committee beg leave to report as follows:

1. That as to the claim of Grady for injuries to his horse on Park St. last spring, as the city solicitor advises that the city is not liable in this matter, we recommend that no action be taken.

2. We recommend that the city solicitor be instructed to notify the Crown, authorities that the city will not oppose the appeal in the case of Russell vs. Hearn, and if the Crown does not undertake the responsibility of opposing the appeal that the solicitor be instructed to abandon the case.

This report was adopted as read.

COMMITTEE OF THE WHOLE.

Ald. Adams presented the following;

Gentlemen,—Your Committee of the Whole Council beg leave to report as follows;

1. We recommend that the matter of trying to get the material being dredged from the river by the Dominion Government, deposited on property owned by the city be referred to the Board of Works with power to send a deputation to Ottawa if found advisable, and that the expenses of the deputation be paid on the certificate of the Mayor, or the chairman of this Board.

2. We received a letter from the secretary of the Peterboro Protestant Home asking that a committee be appointed to meet the committee of the county council and of the Home respecting increased accommodation for the poor, and we appointed a committee composed of the Mayor, Ald. Johnston, Mason and Adams to represent this City Council.

This report was adopted as read.

BELL BOY STABBED.

Hamilton, Dec. 6.—Walter Barton, a colored bell-boy at the Waldorf, was stabbed in the back and shoulder and taken to the city hospital in a serious condition. He accused Harry Lee, Napier street, of doing the stabbing and last evening Lee was locked up. Barton said he and Lee quarreled in Lee's yard, and Lee used a knife on him. Lee was arrested at the Stuart street station.

ADVERTISE IN THE TIMES.

TOO MUCH LOYALTY

Sir Frederick Pollock Has Gleaned Some Impressions of Canadians That May Offend Somebody.

London, Dec. 3.—The Outlook, on "The Loosening of the Empire," and referring to Canada asking for power to make her own treaties, says;

"The mere request implies the growth of Canadian conviction that Canada is not concerned with the interests of Great Britain in Europe, and that she must be prepared to work out her own political destiny by herself, and for herself, in the sphere of American politics. Deep down in the national consciousness of the Canadian people is the idea that if a treaty of mutual preference cannot be made with the mother country, then it must be arranged with the United States, in order that the younger polity may not be molested during its growing time."

Sir Frederick Pollock, in the Nineteenth Century, on "Imperialism and Fourth Century, on "Imperialism and Canadian Opinion," referring to his recent visit to Canada, says: "Canadian loyalty was among the elementary things we had no need to talk about. If I were a Canadian I think I should prefer to hear no more of it. Surely it is rather an ambiguous compliment as between citizens of the empire to assure a man effusively that one does not suspect him of treasonable or seditious intentions. My own belief is that some of our mouthing over Canadian loyalty is dangerously near the kind of gust which might well offend self-respecting Canadians and obscure our own perception of the facts."

Referring to the proposed council of empire, Sir Frederick says;

"Our discussions in London had ruled out at an early stage all proposals which would invest the council of empire with any kind of compulsory authority to fix contributions for imperial purposes. Not only because it would be a grave constitutional innovation at home, but because there is no prospect of obtaining the consent of self-governing colonies to the creation of such authority. That conclusion has been amply confirmed by all I could hear from one end of Canada to the other, but for a mere handful of enthusiasts who are still wedded to the old projects of imperial federation, but who are not an effective power in Canadian politics. English no less than French-Canadians would meet any plan of that kind with a most determined opposition."

Sir Frederick is of the opinion that if there is to be an imperial council it seems clear it can be nothing else than the existing colonial conference made continuous and reinforced.

HARD TO PLEASE

This Great Family Journal Runs Against a Snag.

That you can't please some people was demonstrated the other day by this great family journal. A man called to see the editor; he had a roll of manuscript in his hands. He asked us to look it over, remarking:

"Here is some trivial stuff I have just dashed off. You know it is entirely out of my line to write anything, but once in a while I think I strike a good idea. Still, I know my stuff has its weak spots. Of course it is an imposition on you to ask you to waste your time on it, but I'd like you to give me an honest opinion on it. Not much to it, of course, but then I'd——"

We stopped him by taking the manuscript and looking over it. Then this g.f.j. remembered the old axiom that the way to please people is to agree with what they say, so we told him:

"Yes it is some trivial stuff, and you have just dashed it off, as you say. It is entirely out of your line to write anything, but once in a while you think you have struck a good idea. You know that the stuff has its weak spots. It is an imposition on this g.f.j. to ask us to waste our time on it, but——"

But by that time he had snatched his manuscript and was rushing out with his hat jabbed down over his eyes. Eyes when you agree with people you cannot please them.

FIVE FACTS

Which attest the security of the **Imperial Life**

1	¶ The IMPERIAL LIFE has voluntarily made a Government Deposit of $250,000, although the Insurance Act calls for only $50,000.	1
2	¶ It maintains reserves amounting to $1,768,708, a sum $117,000 in excess of the Government standard.	2
3	¶ Its subscribed capital is $1,000,000—$450,000 paid up.	3
4	¶ Its surplus on policy-holders' account is $579,848.	4
5	¶ Its Motto: *"First and Paramount, Absolute Security to Policy-holders."*	5

Consumption Cured

Attention is called to the marvellous cures wrought in the City and County by the recently discovered, and now patented remedy put up by Dr. Johnston, of this city.

Dr. Johnston has on hand and is willing, at all times, to show those interested bona fide letters received from grateful users of his wonderful discovery.

If taken in time, Consumption can be cured.

The medicine is sold at $1 per bottle. No free samples.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the Northwest Provinces excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES—A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased), of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7 50 [illegible] for an individual or [illegible] for a company conferring [illegible] for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 15 by 1500 feet.

The fee for recording a claim is $5

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent. on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5 renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

The Lust of Hate

BY GUY BOOTHBY

Author of "A Beautiful White Devil," "A Bid For Fortune," "The Marriage of Esther," "Dr. Nikola," Etc., Etc.

CHAPTER I.

Let me begin by explaining that I have set myself the task of telling this story for two sufficient reasons. The first, because I consider that it presents as good a warning to a young fellow as he could anywhere find, against allowing himself to be deluded by a false hatred into committing a sin that at any other time he would consider in every way contemptible and cowardly, and the second, because I think it just possible that it may serve to set others on their guard against one of the most unscrupulous men, I man he is—of which I begin to l my doubts—who ever wore shoe leather. If the first should prove of no avail, I can console myself with the reflection that I have at least done my best, and, at any rate, can have wrought no harm. If the second is not required, well, in that case, I think I shall have satisfactorily proved to my reader, whoever he may be, what a truly lucky man he may consider himself never to have fallen into Dr. Nikola's clutches. What stroke of ill fortune brought me into this fiend's power I suppose I shall never be able to discover. One thing, however, is very certain, and that is that I have no sort of desire ever to see or hear of him again. Sometimes when I lie in bed at night, and my dear wife—the truest and noblest woman, I verily believe, who ever came into this world for a man's comfort and consolation—is sleeping by my side, I think of all the curious adventures I have passed through in the last two years, and then fall to wondering how on earth I managed to come out of them alive, to say nothing of doing so with so much happiness as is now my portion. This sort of moralizing, however, is not telling my tale; so if you will excuse me, kind reader, I will bring myself to my bearings and plunge into my narrative forthwith.

By way of commencement I must tell you something of myself and my antecedents. My name is Gilbert Pennethorne; my mother was a Tregenna, and if you remember the old adage—

"By Tre—, Pol— and Pen—
You may know the Cornishmen."

you will see that I may claim to be Cornish to the backbone.

My father, as far back as I can recollect him, was a highly respectable, but decidedly choleric, gentleman of the old school, who clung to his black silk stock and high-rolled collar long after both had ceased to be the fashion, and for a like reason had for modern innovations much the same hatred as the stage coachman was supposed to entertain for railway engines. Many were the absurd situations this [illegible] led him into. Of his six children—two boys and four girls—I was perhaps the least fortunate in his favors. For some reason or another—perhaps because I was the youngest, and my advent into the world had cost my mother her life—he [illegible] stereotyped [illegible] upon me. A month later a new rush [illegible] away the inhabitants, and Banyah Creek was deserted. Not wishing to be left behind I followed the general inclination, and in something under a fortnight was prostrated at death's door by an attack of fever, to which I should probably have succumbed had it not been for the kindness of a misanthrope of the field, an old miner, Ben Garman by name. This extraordinary individual, who had tried his luck on every gold-field of importance in the five colonies and was as yet as far off making his fortune as when he had first taken a shovel in his hand, found me lying unconscious alongside the creek. He carried me to his tent, and, neglecting his claim, set to work to nurse me back to life again. It was not until I had turned the corner and was convalescent that I discovered the curiosity my benefactor really was. His personal appearance was as peculiar as his mode of life. He was very short, very broad, very red faced, wore a long grey beard, had bristling, white eye-brows, enormous ears, and the largest hands and feet I have ever seen on a human being. Where he had hailed from originally he was unable himself to say. His earliest recollection was playing with another small boy upon the beach of one of the innumerable bays of Sydney harbor; but how he had got there, whether his parents had just emigrated, or whether they had been out long enough for him to have been born in the colony were points of which he pronounced himself entirely ignorant. He detested women, though he could not explain the reason of his antipathy, and there were not two other men upon the field with whom he was on even the barest speaking terms.

How it came about that he took such a fancy to me puzzled me then and has continued to do so ever since, for, as far as I could see, save a certain leaning towards the solitary in life, we had not a single bond in common. As it was, however, we were friends without being intimate, and companions by day and night without knowing more than the merest outside rind of each other's lives.

As soon as I was able to get about again I began to wonder what on earth I should do with myself next. I had not a half-penny in the world, and even on a gold field it is necessary to put if one desires to live, and to have the wherewithal to pay if one desires [illegible] I mentioned the matter before my companion and ask his advice. He gave it with his usual candour, and in doing so solved my difficulty for me once and for all.

"Stay with me, lad," he said, "and help me to work the claim. What with the rheumatis and the lumbago I'm none so spry as I used to be, and there's gold enough in the old shaft yonder to make the fortunes of both of us when once we can get at it."

Naturally I lost no time in closing with his offer, and the following morning found me in the bowels of the earth as hard at work with pick and shovel as my weakness would permit. Unfortunately, however, for our dream of wealth, the mine did not prove as brilliant an investment as its owner had predicted for it, and six week's labor showed us the futility of proceeding further. Accordingly we abandoned it, packed our swags, and set off for a mountain range away to the southward, on prospecting thoughts intent. Finding nothing to suit us there, we migrated into the west, where we tried our hands at a variety of employments for another eighteen months or thereabouts. At length, on the Diamantina River, in Western Queensland, we parted company, myself to take a position of storekeeper on Markapurlie station in the same neighborhood, and Ben to try his luck on a new field that had just come into existence near the New South Wales border.

For something like three years we neither saw nor heard anything of each other. Whether Ben had succeeded on the field to which he had proceeded when he had said "good-bye" to me, or whether, as usual, he had been left stranded, I could only guess. My own life, on the other hand, was uneventful in the extreme. From morning till night I kept the station books, served out rations to boundary riders and other station hands, and, in the intervals, thought of my old life, and wondered whether it would ever be my lot to set foot in England again. So far I had been one of Fate's failures, but though I did not know it, I was nearer fortune's stocking bag than I had ever been in my life before.

The manager of Markapurlie was a man named Bertrand, an upstart and a bully of the first water. He had never taken kindly to me nor I to him. Every possible means that fell in his way of annoying me he employed; and, if the truth must be told, I paid his tyranny back with interest. He seldom spoke save to find fault; I never addressed him except in a tone of contempt which must have been infinitely galling to a man of his suspicious antecedents. That he was only waiting his chance to rid himself of me was as plain as the nose upon his face, and for this very reason I took especial care so to arrange my work that it should always fall to give him the opportunity he desired. The crash, however, was not to be averted, and it came even sooner than I expected.

One hot day, towards the end of summer, I had been sent to one of the boundary rider's huts with the month's supply of rations, and, for the reason that I had a long distance to travel, did not reach the station till late in the afternoon. As I drove up to the little cluster of buildings beside the lagoon I noticed a small crowd collected round the store door. Among those present I could distinguish the manager, one of the overseers (a man of Bertrand's own kidney, and therefore his especial chum), [illegible] and [illegible] and [illegible]

[illegible] which, without [illegible] the body of a man lying upon the ground at their feet. Having handed my horses over to the black boy at the stockyard, I strode across to see what might be going forward. Something in my heart told me I was vitally concerned in it, and bade me be prepared for any emergency.

Reaching the group I glanced at the man upon the ground, and then almost shouted my surprise aloud. He was none other than Ben Garman, but oh, how changed! His once stalwart frame shrunk to half its former size, his face was pinched and haggard to a degree that frightened me, and, as I looked, I knew there could be no doubt about on thing, the man was as ill as a man could well be and yet be called alive.

Pushing the crowd unceremoniously aside, I knelt down and spoke to him. He was mumbling something to himself and evidently did not recognize me.

"Ben," I cried, "Ben, old man, don't you remember Gilbert Pennethorne? Tell me what's wrong with you, old fellow."

But he only rolled his head and muttered something about "five hundred paces north-west from the creek and just in a line with the blasted gum."

Realizing that it was quite useless questioning him, and that if I wished to [illegible] his life I must get him to bed as soon as possible, I requested one of the men standing to lend a hand and help me to carry him into my hut. This was evidently the chance Bertrand wanted.

"To the devil with such foolery," he cried. "You, Johnstone, stand back and let the man alone. I'll not have him malingering here, I tell you. I know his little game, and yours too, Pennethorne, and I warn you, if you take him into your hut I'll give you the sack that instant, and so you remember what I say."

"But you surely don't want the man to die?" I cried, astonished almost beyond the reach of words at his barbarity. "Can't you see how ill he is? Examine him for yourself. He is delirious now, and if he's not looked to he'll be dead in a few hours."

"And a good job too," said the manager brutally. "For my part, I believe he's only shamming. Any way I'm not going to have him doctored here. If he's as ill as you say I'll send him up to the Mail Change, and they can doctor him there. He looks as if he had enough money about him to pay Gibbs his footing."

As Garman was in rags and his condition evidenced the keenest poverty, this sally was treated as a fine joke by the overseer and the understrappers, who roared with laughter, and swore that they had never heard anything better in their lives. It roused my blood, however, to boiling pitch, and I resolved that, come what might, I would not desert my friend.

"If you send him away to the Mail Change," I cried, looking Bertrand square in the eye, "where you hope they won't take him in—and, even if they do, you know they'll not take the trouble to nurse him—You'll be as much a murderer as the man who stabs another to the heart, and so I tell you to your face."

Bertrand came a step closer to me, with his fists clenched and his face showing as white with passion as his tanned skin would permit.

"You call me a murderer, you dog?" he hissed. "Then, by God, I'll act up to what I've been threatening to do these months past and clear you off the place at once. Pack up your traps and make yourself scarce within an hour, or, by the Lord Harry, I'll forget myself and take my boot to you. I've had enough of your fine gentleman airs, my dandy, and I tell you the [illegible] you're out of it."

I saw his dodge, and understood why he had behaved towards Ben in such a scurvy fashion. But not wanting to let him see that I was upset by his behaviour, I looked him straight in the face as coolly as I knew how and said—

"So you're going to get rid of me because I'm man enough to want to save the life of an old friend, Mr. Bertrand, are you? Well, then, let me tell you that you're a meaner hound than even I took you for, and that is saying a great deal. However, since you wish me to be off I'll go."

"If you don't want to be pitched into the Creek yonder you'll go without giving me any more of your lip," he answered. "I tell you I'm standing just about all I can carry now. If we weren't in Australia, but across the water in some countries I've known, you'd have been dangling from that gum tree over yonder by this time."

I paid no attention to this threat, but, still keeping as calm as I possibly could, requested him to inform me if I was to consider myself discharged.

"You bet you are," said he, "and I'll not be happy till I've seen your back on the sand ridge yonder."

"Then," said I, "I'll go without more words. But I'll trouble you for my cheque before I do so. Also for a month's wages in lieu of notice."

Without answering he stepped over Ben's prostrate form and proceeded into the store. I went to my hut and rolled up my swag. This done, I returned to the office, to find them hoisting Ben into the tray buggy which was to take him to the Mail Change, twenty miles distant. The manager stood in the verandah with a cheque in his hand. When I approached he handed it to me with an ill-concealed grin of satisfaction on his face.

"There is your money, and I'll have your receipt," he said. Then, pointing to a heap of harness beyond the verandah rails, he continued, "Your riding saddle is yonder, and also your pack saddles and bridles. I've sent a black boy down for your horses. When they come up you can clear out as fast as you please. If I catch you on the Run again look out, that's all."

"I'll not trouble you, never fear," I answered. "I have no desire to see more of Markapurlie again as long as I live. But before I go I've got something to say to you, and I want those men to hear it. I want them to know that I consider you a mean, lying, contemptible murderer. And, what's more, I'm going to let them see me overhide you within an inch of your rascally life."

I held a long green-hide quirt in my hand, and as I spoke I advanced upon him, making it whistle in the air. But surprised as he was at my audacity he was sufficiently quick to frustrate my intention. Rushing in at me he attempted to seize the hand that held the whip, but he did not affect his purpose until I had given him a smart cut with it across the face. Then, seeing that he meant fighting, for I will do him the justice to say that he was no coward, I threw the thong away and gave him battle with my fists. He was not the sort of foe to be taken lightly. The man had a powerful [illegible] of his own, and, what was more, he was as hard as whipcord and almost as pliable. However he had not the advantage of the training I had had, nor was he as powerful a man. I let him have it straight from the shoulder as often and as hard as he would take it, and how long he supported his fall [illegible] I cannot say, but when I [illegible] at last I was [illegible] and [illegible] [illegible] [illegible]

YSPEPTIC

OOD DOES YOU NO GOOD.

If the time you're afraid to eat, tongue is coated, mouth tastes stomach is bloated. If you want at well, stop using dyspepsia tab- and go to the source of the ble before it is too late. Strengt your stomach, cast out the bile, ate the bowels—do this and dys- a will be no more.

er your condition the best pres- tion is Dr. Hamilton's Pills ch are made specially for the mach, kidneys and liver, no bet- remedy will ever be devised, for Hamilton's Pills are perfect. To overworked organs they give new ength. The general health is built and all trace of dyspepsia disap- ars. Here is proof;

FIVE YEARS OF DYSPEPSIA CURED

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

Street Car Accident

Last night about seven o'clock, as Mr. Harry Nesbitt was exercising his pony on George street woan, he came in front of A. Rountree's grocery store, a north-bound street car collided with the outfit, throwing Mr. Nesbitt onto the street, and completely stripping the harness of the horse. No material damage was done to the horse, but Mr. Nesbitt received a severe shaking up.

Few Appeals to Voters' Lists

The voters' list which will be used in the forthcoming municipal elections were posted in the city clerk's office a month ago, and the time for receiving appeals as to errors or omissions has expired.

Only three appeals have been put in. The court for the revision of the list will be held in the city council chamber by his Honor Judge Wallbridge on Thursday, December 21st.

Mr. Thos. Rutherford Entertains

Last night a merry party of local citizens, guests of Chief Thos. Rutherford, drove out to Mr. Steve Hetherington's residence, some three miles out the "gravel" road. A very pleasant evening with dancing, music and other forms of amusement, was passed, the party returning, after a most perfect oyster supper, to the city somewhere between midnight, and the wee sma' hours. The wives and lady friends of Mr. Rutherford were present and all voted Tom a good and genial host.

Small Livery Offices

Yesterday Messrs. McCollum Bros., had a gang of men busy changing the offices portion of their Water street livery barns.

As is well known many ladies apply personally to livery stables for rigs of all kinds. Messrs. McCollum Bros., recognizing the [illegible], especially those coming into an office filled with men and consequent tobacco smoke, decided to inaugurate a new departure. They now have two offices, one in front, beautifully completed when any any lady of the city can call and engage her conveyance in perfect confidence and privacy.

How to Do It.

If you feel like running for alderman

Refuse.
Refuse emphatically.
Refuse more emphatically.
Consider.
Reconsider.
Hear the people calling you.
Feel impelled by patriotic motives.
Sacrifice personal interest for good of city.
Accept.
Place yourself in hands of people and
Being elected under an election day, say you are so happy because you never really wanted to be an alderman anyway.

THE FALL TERM

at the

PETERBOROUGH BUSINESS COLLEGE

opens on

TUESDAY SEPT. 5, 1905

Intending students should make application as soon as possible.

Call at the College or address

W. H. PRINGLE,

Principal Post Office Building.

LOCAL INCIDENTS

By The Times Man on the Street

—Nominations this year will take place on Friday, December 22nd, on account of the last Monday being Christmas day.

—The Trent Valley Canal surveyors are now encamped temporarily on Smithtown Hill, back of Mrs. Hammond's residence.

—Times Bookstore for fancy calendars and Xmas cards. A nice line of cards at ten cents per dozen, as well as other grades up as high as 25 cents.

—Millbrook Reporter: The G. T. R. new station is now finished and a beauty it is. Mr. F. Burton, agent, has moved in, and will be "at home" all the week to callers, light refreshments a la Corby.

—Look at the address label on this paper. It shows the time to which your subscription is paid. If the date is past it is up to you to make a remittance, or call and renew. Some of our readers have thoughtlessly allowed their subscriptions to get in arrears and we need the money.

Get our prices for girls' and boys' annuals before buying. Don't forget the Child's Own Magazine which we sell at 25 cents, this is nicely illustrated and bound with hard back, just fills the need for a child from eight to ten years old. Times Bookstore.

—Port Hope Times: This week the Herald Bros., of Gore's Landing, received an order from the Hudson Bay Company for a number of canoes to the value of $1,700. The canoe firm has bright prospects, and if the plans now under consideration materialize the factory may come to Cobourg in the near future.

—The Lakefield News says that Mr. W. A. Hunter, secretary of the Board of the Presbyterian church, has tendered his resignation, as he was removing from that village to reside in Peterboro. During the progress of the meeting Mr. Hunter was presented with an address, expressing regret at the severance of his connection with the Board and removing from the congregation.

The enterprising town of Orillia has subscribed $20,000 for a Young Men's Association building and the work has begun. The site cost $4,800 the building is to cost $16,000, and the estimated maintenance is $2,500 for first two years. The good ladies of Orillia have undertaken the entire furnishing of the building. Some weeks ago effort was made to provide some kind of young men's recreation building in Bowmanville, but no practical movement has been agreed upon. What a good work might be done for the youth of the town if we had the money necessary.

PETERBORO'S ICE

P. C. Adams Drives to Ketchewanic and Clear Lakes

Yesterday at noon, P.C. Adams left the city for a long drive in the interests of public health, or what might be so termed. The doughty constable, first drove to Lakefield, and securing proper means of further conveyance, then went to an advantageous spot on Kelchewanic Lake and filled a bottle with the lake water. Then he drove to Clear lake, some two miles above Young's Point, and procured a sample of the water of that lake. The reason for this trip and [illegible] that the Provincial Board of Health can analyse and pronounce upon the several waters of this vicinity and adjudge their relative merits as regards health. This is done in respect to the coming ice season.

THE NEW RINK

The Electricians are Busy Installing Lights

That the new rink to be shortly opened at Jackson Park by the Street Railway Company, will be a success and popular is assured now. Electricians of the company are now stringing wires and hanging about 120 new colored and plain incandescent lamps, at Jackson Park. In the center of the rink will be four squares of lights—an outer square and three inner ones. In three will be 120 colored lights and the spectacle will be an attractive one. There will also be several colored lights on poles.

Altogether on the new toboggan slide, work on which will begin today, and at the rink there will be 600 lights. The slide and rink will present a fairy-like appearance on winter evenings.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Nassau and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 10 King street east, Toronto, Ont.

A Railway Change

Special conductors for sleeping cars is an innovation which will soon be in force over the whole of the system of the Canadian Pacific Railway. At present there is a negro porter in charge of each sleeper, who in addition to looking after the beds, baggage, etc., collects the tickets and hands them over to the regular conductor. At the end of last month the Railway Company decided that it would be more satisfactory to have a conductor in charge of the sleepers, who would collect the tickets and also supervise the work of each porter. As soon as this decision was reached, an experiment was made on the run between Montreal and Toronto, and this change has been in effect for nearly a week.

Simple Joy

Mighty good to be free from COFFEE AILS.

POSTUM

10 days, is the sure proof.

Get the little book, "The Road to Wellville" in each pkg.

SOCIAL AND PERSONAL

—Mr. P. Burns of Campbellford, was in the city yesterday.

—Mr. A. L. Hughes of Picton, was in the city yesterday.

—Mr. A. A. Mulholland, of Campbellford, was in the city yesterday.

—Mr. R. R. Hall, M.P., is in Montreal on business.

—Mr. D. A. Brodie of Lang, was in the city yesterday.

—Mrs. David Heath, Lang, was registered at the Snowden House yesterday.

—Mr. T. Cleary, of Peterboro, is a guest of his sister, Mrs. Richard Donaghan, Caughnawaga.

—Mr. Geo. L. Blatch, C.E., of Ottawa, auditor for the George Matthews Co., is in the city.

—Mrs. W. H. Brownscombe, of Uxbridge, who has been visiting in the city, has returned to her home.

—Mr. Otto Storts left yesterday for Kemptville, where he has accepted a position in the Bank of Ottawa.

—Rev. J. E. Moore, Ph.B., of Pickering, formerly pastor of Mark street Methodist church, was in the city yesterday.

—Mr. Robert Gemmell, of Toronto, representing John MacDonald & Co. is in the city. He is a brother of Mr. J. M. Gemmell, Charlotte street.

—Rev. J. G. Potter, who has been away in Hastings county for several days on matters connected with the work of the Bible Society, has returned to the city.

—Dr. Hodgetts, of Toronto, provincial medical health officer, and Dr. Sheard, medical health officer of the Queen City, were in the city Thursday night and left yesterday morning for Heard's Station, where smallpox exists.

—A. E. Gallagher, C. D. Stewart Toronto; D. T. Mahoon, Montreal, H. H. Hutchinson, Toronto; Alf. Farwell, Robt. Dutcher, Montreal; Lyman Lee, Hamilton; T. W. McBeth, Montreal; Robt. Gemmell, Montreal; L. G. Mickles, Buffalo, are guests at the Oriental.

SMALL POX QUARANTINE

Apsley Is Now Cut Off From Connection With Lakefield

Yesterday arrangements were completed whereby all stage connection between the smallpox infected district of Apsley, and the back country, was placed under strict quarantine as far as Lakefield, and consequently Peterboro, are concerned.

The Lakefield people decided that the stage running from that village to Apsley, and points north of Burleigh, are concerned should carry neither passengers, freight nor mails further north than Burleigh.

This is a good and sensible move on the part of the Lakefield people. It is now an open secret, thanks to the timely warning given by The Times, and at first attempted to be belittled by a Peterboro evening contemporary, that that dreaded scourge smallpox is rampant in the northern districts. Neither Lakefield with its 2,000 people nor Peterboro with its 15,000, can afford to have a frightful epidemic introduced in their midst.

Yesterday a rumor was current throughout the city that there were several cases of smallpox in Lakefield.

Last night The Times telephoned Lakefield to ascertain the truth. We were assured that the only case of smallpox was existing in Lakefield was that of a man who came to that village from a northern lumber camp, and is now located in Lakefield with a private family, the house being strictly placarded.

Whilst having no animosity against Apsley or its people, we applaud the good sense of the Lakefield people in shutting off all stage connection until the disease is stamped out in the northern county.

McGREGOR & REID

Peterboro's Up-to-Date Plumbers and Electrical Fitters.

One of Peterboro's most hustling and progressive plumbing firms is that of Messrs. McGregor & Reid, of George street. These young men are comparatively new arrivals in the business world of Peterboro. Their past record of work done, however, is a sufficient guarantee of their ability, integrity and workmanlike handling of all work done. One proud fact to be emblazoned on their certificates of ability is that Mr. McGregor actually superintended, and was commended for his work, the vast plumbing contract job of the King Edward Hotel, Toronto. Messrs. McGregor & Reid are now getting a very large share of Peterboro's plumbing and electrical work. Only a few days ago their services were called upon to tear out and refit a large electrical job in one of Lakefield's largest mansions.

A Strong Resolution

The following resolution was passed at a recent meeting of the Board at Smith's Falls: "That no home work be given to pupils on Friday in the public schools, that the home work given on other days of the week be no more than pupils can reasonably get through with in an hour; that the schools be promptly dismissed at 12 o'clock and 4 o'clock; that nothing be allowed to interfere with the 15 minutes recesses both forenoon and afternoon, and that in the opinion of the Smith's Falls Board of Education the system of crowding too much study on young persons is injurious to both mind and body." A copy of the resolution was ordered to be sent to every teacher, and each was instructed to carry out the provisions.

Very Extravagant

A well known Peterboro man, before starting off on a business trip a few days ago, gave his wife an Ontario Bank checkbook, and told her to draw on his account whenever she needed money. When he got home he found her pale and worried. "I hate to tell you," she said in answer to his inquiry, "but I lost that checkbook. I advertised, but it can't be found." Her husband burst out laughing, but her worry immediately turned to amazement and indignation. "I don't see how you can laugh over the loss of all that money," she exclaimed. "But you always were extravagant."

Our New Story

The opening chapters of our new serial, "The Least of Hats," will be found in today's issue. Be sure and read them.

COLONIAL WEAVING COMPANY, LIMITED

A Progressive Concern Which Promises to Play an Important Part in Industrial Life of this City.

One of the busiest of Peterborough's smaller manufacturing concerns is the Colonial Weaving Company, Limited, which promises to play an important part in the industrial life of this city. The factory of the company is located at Auburn. The company was organized to manufacture, buy, sell, trade, and deal in silk, linen, cotton, wool, paper, and other fibres, and in labels, badges, ribbons, belts and ornamental drapings, and any and all articles manufactured wholly or partly from silk, linen, cotton, wool, paper, and other fibres.

As a matter of fact the Colonial Weaving Company, which has one of most complete plants of its kind on the continent, has been kept busy since it first started, in manufacturing woven labels for all the leading manufacturers of clothing and boots and shoes in Canada.

Manufacturers, owing to the keen competition, are anxious that their names appear on the goods they make, and hence we find boot and shoe manufacturers using large quantities of pull straps and top facings in their best boots and shoes, and the manufacturers of all kinds of underwear want labels on each garment; tailors, dressmakers and manufacturers of ready made clothing such as coats, overcoats, water proof coats, shirts and shirt waists, want labels with their names as well as hangers for each garment they manufacture.

The company, it may be stated, has practically a monopoly of the trade in Canada. The process of manufacturing these labels is most interesting and a visit to the factory is well worth the while.

BROCK STREET RINK

Arrangements Completed for the Approaching Season

This season the Brock street Rink promises to be more popular than ever. When the ice is opened to skaters, which, if the weather stiffens up, will be in the near future, the patrons will find that a number of improvements have been made which will add to their comfort, and which cannot help adding to the popularity of this rink. Those who have been patrons will be glad to learn that for the coming season the directors have appointed the same efficient rink superintendent and his assistants as held those positions last season. Messrs. John Thirnbeck and Arthur Blade are now busily engaged in making the ice, and will be on duty during the whole of the season. In the past the service has been eminently satisfactory, and there is every reason to believe that the same conditions will prevail in the future.

The directors state that the holders of season tickets will be given the first consideration, and that every available night will be given to skating, the fact that in all probability there will be no Junior O. H. A. or Trent Valley League teams making it possible to give a greater number of nights to skating. At the same time the fact that the senior team this year gives promise of being one of the fastest seen in a local uniform in a number of years is a guarantee of good hockey games will be played.

Prior to the opening of winter the floor of the rink was levelled, a large process, and the result will be that much less time will be required to form a bed of ice than formerly. If the weather man is only favorable in his treatment, it will only be a matter of a few days before the announcement will be made that the ice is ready for skating.

The prices for tickets this season will be the same as those of former years, viz: Gentlemen's tickets, $5.00, Ladies, $3.00, and Limited tickets for Children, $1.50. They will be on sale, commencing today (Saturday, December 9) at the stores of Messrs. A. H. Stratton & Co., W. A. Sanderson & Co., The Best Stove Co., F. A. Clarke and H. H. Edmison and at the Examiner Office.

In the past it has been the custom of a great many parents to give their children tickets for the rink as Christmas gifts, and nothing could, to the majority of children, be more highly appreciated.

Common Errors in Speech

Who does not make errors in everyday speech? As a matter of fact it is very unusual to find any person whose use of the English language is absolutely correct. The following are examples of some very frequent errors or faulty expressions often heard:

"Let you and I go"—should be "you and me."

"I am as good as her"—should be "as she."

"You are younger than me"—should be "than I."

"Come to dinner with John and I"—should be "John and me."

"Between you and I"—should be "you and me."

"Where are you going? Who? Me?—should be "Who? I?"

"Who do you see?"—should be "whom."

"If I was her"—should be "If I were she."

"Was it him?"—should be "Was it he?"

"Who was it by?"—should be "whom."

These examples of "Faulty Diction" are so common that many people look upon the improper form as being the correct one; and Thomas H. Russell, L.L.B., editor-in-chief of Webster's Imperial Dictionary, has done the public a great service in having written the new book, entitled "Faulty Diction, or Errors in the Use of the English Language and How to Correct Them," which the publishers have, by printing it on thin Bible paper, succeeded in getting into what may be called Vest-Pocket size.

Illustrating the comprehensive treatment that has been given the subject by the author, there are 1617 headings treated in the book, under some of which—"plurals" for instance—over fifty errors that are not at all unusual are to be found illustrated and corrected.

It is rarely one's good fortune to become possessed of so valuable a book, and especially one so compact and of so much general interest. It is handsomely bound in embossed Russia leather and will be sent postpaid on receipt of 25c. to any address by Geo. W. Ogilvie & Co., Publishers, 189 R. Randolph street, Chicago, Ill. They also publish the same book in cloth binding, and will send a copy of it in that style on receipt of 15c.

HOTEL CHANGE

Mr. J. Allen Secures Full Control of C.P.R. Hotel

It was currently reported yesterday that Mr. J. Allen, who formerly owned and sold out the C.P.R. Hotel to Messrs. Rickerby Bros., a few months ago has now completed arrangements and has a bill of sale whereby he is, once more, sole proprietor of this popular hotel.

Mr. J. Rickerby who got a long price for his interests in the hotel, conducted the business during his ownership very advantageously. Mr. Allen, who formerly managed the C.P.R. Hotel, with profit to himself and satisfaction to his customers, has decided finally to cut out all objectionable features in the hotel. No loafing will be permitted. As a sample of his strenuous decision to have the C.P.R. run so that no objections can be raised, it might be mentioned that yesterday evening Mr. Allen had a "heart to heart" talk with the police, soliciting their aid towards stopping certain objectionable characters from frequenting the hotel. Mr. Allen [illegible] certain blind man, who whilst not a heavy drinking man, by his erratic actions, in front of the hotel, would lead passers by to think he was under the influence, be warned away from the premises. He also gave the police names of several undesirable customers whose trade Mr. Allen does not want, and requested the police to enforce their staying away from the hotel.

There is no doubt but Mr. Allen will have the C.P.R. Hotel strictly decent and above reproach.

MR. A. H. COOK EXPELLED

Local Man Fired From National Trotting Association

The Toronto World of yesterday's issue says:

J. Casey of Bradford, Pa., was expelled by the Board of Review of the National Trotting Association last night, at the session at the Murray Hill Hotel, for entering a horse at the meeting of the Rimersburg Driving Association in September last under the name of Surprise, which was alleged to be a "ringer." After it had won the race in the 2.22 class, in which it was entered, it was discovered that the trotter was Dick Berry, and that it was changed by the use of chemicals from a bay to a chestnut gelding.

T. B. Dempsey, one of the complainants, made a strong protest, and the winning money was held up in consequence. The horse, he said, was owned by [illegible] Goodwin and Gray, and owned the animal. Dempsey said he met Goodwin and his brother at the meeting, and when he asked them what they were doing there they replied they were trying to get a bay team for a funeral coach.

He then told them that Surprise was none other than Dick Berry, and he made such a howl about the matter that he was quietly informed an inducement would be offered to him to remain silent. Other complainants corroborated this statement.

Harry Meister, it is claimed, knew the trotter was Dick Berry, and nevertheless, as it is alleged, consented to drive it under the name of Surprise. His action is regarded seriously by the board, and he will probably be dealt with like Casey.

Frank Carroll of Binghamton, N.Y. was to-day refused reinstatement. [illegible] eight years ago.

The board handed down a decision expelling A. H. Cook of Peterboro, Ont., for irregular practices.

Mr. Cook, we understand, has already entered an application for reinstatement, which will possibly be favorably entertained. His application will be considered at the meeting now in progress at New York.—Sporting Ed.

CHICAGO IS DIVORCE-MAD

One Marriage Out of Seven Ends in Separation

Chicago, December 9.—Chicago has gone divorce mad. More than half a hundred cases of family discord were docketed Friday, occupying the attention of six judges and probably a hundred lawyers. Nineteen decrees of divorce and one of separate maintenance were granted and the others are under advisement by the judges.

On Thursday there were issued in Chicago only 20 marriage licenses. There were 17 decrees of divorce granted on that day—all by one judge.

During the week there were granted 87 decrees of divorce and one of separate maintenance. There were issued 673 marriage licenses. This would indicate that an average of one marriage out of seven ends in the divorce court.

On July 1 the new divorce law for the State of Illinois went into effect. It provided that the parties divorced could not remarry until one year after the granting of the decree, and when the divorce is granted on statutory grounds not for two years.

Plebiscite on Reducing the Number of Hotels

Will be Voted on at January Elections, According to Resolution Passed by Council Last Night---But is There Time for Necessary Advertising?

An interesting game of battledoor and shuttle-cock was indulged in at the city hall last night, in the presence of the majority of Peterboro's license holders, when the city fathers, members of the ministerial association and license commissioners Dr. Morrison and H. LeBrun met by appointment to discuss the advisability of submitting to our citizens at next January's elections a plebiscite reducing the number of liquor licenses [illegible] contention that the ministerial association should definitely state to what number they wish the licenses reduced if they wanted a vote taken at all on this question and not should of the respectability on this year's retiring council. The gentlemen of the cloth could not see the matter in this light, and some aldermen endeavored, without avail to convince the commissioners that it was their duty to advise the council as to what course to pursue.

The license commissioners contended that the council should move first, and thus the liquor shuttle-cock was batted around for three hours and a quarter before the following result was arrived at;

Ald. Hicks moved, seconded by Ald. Mason, that the commissioners advise the council as to the number of licenses to be reduced, if any, and that in the event of such number of reductions being advised, the council take action thereon.

Ald. Adams moved, in amendment, seconded by Ald. Scott, that in the opinion of this council it is not advisable to submit this question at the coming elections, but that if a satisfactory reduction in the number of licenses is not made by May next by the commissioners, the matter be submitted to a vote of the electorate at the most favorable opportunity.

Ald. Johnston moved in amendment to the amendment, seconded by Ald. Tovey, that this question be submitted to the people at the January elections.

The latter resolution was carried on the following vote;

For—Ald. Johnston, Begley, Tovey, Hatten, McIntyre and Crowe.

Against—Ald. Adams, Scott, Mason and Hicks.

Ald. Hall and Leary were not present.

Although the above resolution was carried, it is doubtful whether there be time to submit a bylaw to the people, according to legal requirements, by January next.

Amongst those present were; Revs. Canon Davidson, Dr. Crothers, Dr. Torrance, Jolliffe, Potter, Brace and Scott; License Commissioner H. LeBrun and Dr. Morrison, Inspector Cochrane, Alex. Elliott, J. M. Brooks, president of the Licensed Victuallers' Association, and the major portion of the license holders.

[illegible] the meeting was called to order by Mayor Smyth. Rev. Canon Davidson, President of the Ministerial Association, opened the proceedings with a lengthy address, in the course of which he expressed his satisfaction at this coming for the first time with so large a number of those directly interested in the liquor question. The ministerial association, he said, are a unit in regard to the resolution submitted at last council meeting to the effect that the licenses should be reduced on three definite principles therein laid down, and published in this journal Tuesday morning. He admitted that it was unpleasant to come before the council on such an errand; "It is a hard duty to perform," he said, "and no one feels it more keenly than I, that we should stand in opposition to a portion of our fellow citizens on this vexed question. I have friends amongst the license holders—men I know well and honor, and whom I would trust with ten to paper. They are with us in this world and, like us, have difficulties to fight against. We of the ministerial association, do not all take precisely the same view of temperance; some are total abstainers, others, including myself, are not prohibitionists; but we are all agreed upon the resolutions passed by us, which represent common sense principles coming to the fore, and which will have to be faced in the future.

We have eyes, and anyone traversing our streets will come in contact with men in a disgraceful condition, who have come through the hands of licensed victuallers, and we ministers have to undo what has been done (unintentionally perhaps) by hotel keepers. We have had to bring men out of hotels, proprietors of which, have treated us with respect and consequently we ministers will never consent to be informers as to who are breaking the law; the licensed victuallers themselves would not be guilty of such an action were they in our places. But we do work for the moral improvement of our city, and in asking for a betterment of existing conditions, we do not want to be prosecutors. But we object to the [illegible] being allowed to increase—being granted to men who do not realize their responsibilities, and to retain these the air is permeated with everything that is blasphemous and bad. The ministerial association did not feel competent to state to what number the licenses should be reduced; but feel that a substantial reduction would assure the law being better enforced, and ask the council to take what action they think advisable to effect much needed improvements, either by ascertaining the opinions of the ratepayers at the elections, or by some other practical means.

The Mayor—"Even suppose a plebiscite, calling for a reduction were passed by the people, the license commissioners are still the people to name who shall be cut off. The council has only the power to reduce the number of licenses.

License Commissioner Dr. Morrison agreed with his Worship, and remarked that his Board had warned hotel keepers that they are expected to keep hotel, and live up to the law, and believed a great number are doing. "There may be some who are not and I warn those men that we are not going to have the whole trade condemned because of two or three." He felt that the council should name the number of licenses to be granted.

It there is a moral sentiment in the city for reduction, the council should act. The Royal commissioners of Toronto, urged upon their council to reduce licenses by 40. This was the case in Hamilton and London also. We take the same ground, and believe the people should say whether there should be 25 or 21 licenses issued. The licensed victuallers should recognize what results will accrue from the law being broken. He did not think we have too many hotels for the accommodation demanded by this city, especially on market days. He would not say that some should be cut off as such a statement would prejudice the commissioners future action. In cutting off any hotels, his board would not be influenced by external reasons, religion or politics.

Mr. H. LeBrun concurred in his colleague's remarks, and said if we reduce the number of licenses at all, we will do our best to cut off those who break the license laws.

Rev. Dr. Crothers recognized that hotel keeping is a legitimate business and necessary for public accommodation. We have, he said, the best license law on any statute, and if it were properly kept, one could not get a [illegible] glass of beer. The question limiting the number of licenses.

His Worship could not see how cutting down the licenses would cause the law to be properly enforced.

Mr. J. M. Brooks said he did not know of any hotel man not keeping the law, and if the ministerial association would name them, the Licensed Victuallers' Association would bring them on the carpet in their own interests. All they asked for is justice.

Mr. Alex. Elliott contended that Peterboro's hotelmen as a class are as respectable and honorable as any in Ontario, and he thought the law was enforced. He also asserted that there are not enough hotels to furnish the required accommodation, and people frequently have to resort to private houses and yards.

License Inspector Cochrane did not suppose there was ever a law framed that was not broken. He thought conditions had improved of late years and everything was progressing satisfactorily as far as he could see. He believed that there is at present an honest attempt at keeping the law, although it may be broken occasionally.

Revs. Messrs. Potter, Brace, Jolliffe and Dr. Torrance urged that the question be submitted to the people, but his Worship argued that the Ministerial association should name the number of licenses they wish reduced.

Mr. J. M. Brooks asked what would be the use of taking a plebiscite on the matter. The commissioners have the power to cut off any hotel keeper. If a man breaks the law let him sell on to one who will keep it. Let the licensed victuallers know who is violating the law and they will see to it that he conforms to the act. The law is better enforced than when he came here four years ago. Hotels are necessary to any town, and are looked to to furnish accommodations for visitors. Peterboro licensed victuallers had to assure accommodation for 500 dairymen coming here next January, and for visiting Oddfellows later on in the year.

After considerable further heating about the bush by some aldermen and their petitioners, the resolution above noted, and which is exactly what the ministerial association were looking for, was adopted.

Has Gone to Liverpool, England

Mr. J. H. Carnegie, M.P.P., has gone to Liverpool, England, with a load of cattle. He was accompanied by Mr. Wm. Murray, of Coboconk, as assistant manager in the first shipment of cattle exported by Messrs. Carnegie & Hope. This firm are one of the largest ranching concerns in the county, with headquarters at Coboconk. They have sent two shiploads of cattle to England, 1,25 head in all. This first load left here on Thursday of last week, under the management of the senior member of the firm. The second load left on Monday, of this week, Mr. W. Ward, of Norland, and Mr. Adair, being in charge. The first brand to have their shipments in England for the Christmas trade and we wish them success in their large undertaking. They are handling over about five hundred head of cattle for next export business.

CZAR'S THRONE TOTTERING

Struggle Promises to be Long and Tragic as the Great Plond Revolution

London, Dec. 9.—The events transpiring in the Russian empire are nothing less than a great revolution, which promises to be as long and tragic as the French revolution, although it is yet to be hoped that the Russian revolution may not bring about the fall of the throne and dynasty.

This revolution will be social and [illegible] political character, sweeping over all boundaries, or is guided in regular channels through the foresight of Count Witte.

As in the case of the French revolution, there will be in Russia a transfer of power and property to new hands. In the eyes of most Russians it is bureaucratic autocracy which must end. It was neither the army nor the fleet which was defeated by Japan, but the great fox vanquished was the autocracy.

The recent savage violence and slaughter of Jews, with perhaps more victims than throughout the reign of terror of the French revolution, is attributable to the old autocratic regime.

The writer examines at length the imperial reforms, and says:

"It is the imperative duty of such liberals as Prince Eugene Troubetskoy to strengthen the hands of Count Witte, who is the sole man capable of dealing with the situation."

M. Leroy-Beaulieu asserts that the oppression in Poland is due to the autocracy's yielding to Germany, which does not wish to see the kingdom of Poland awaken at Germany's door.

MRS. ROGERS A MODERN DELILAH

Woman Hanged Yesterday Bound Husband While Caressing Him and Chloroformed Him

Windsor, Vt., Dec. 8.—Mrs. Rogers has been hanged. The drop fell at 1.13 p.m.

White River Junction, Vt., Dec. 8.—The conference between Mrs. Rogers' attorneys and Governor Hall for another reprieve for Mrs. Rogers was fruitless. She is to be hanged between 1 and 2 o'clock, despite strenuous efforts for a postponement.

The crime for which Mrs. Mabel Rogers was convicted was the murder of her husband, Marcus Rogers, at Bennington, Vt., August 13, 1902. She was then only 19 years old. She had been separated from her husband for some time, and was desirous of marrying a young man named Maurice Kemp. On the night of the murder Rogers met his wife by appointment in the woods near the Wallomsac River. While caressing him she induced him to allow her to bind his hands, and while he was powerless she chloroformed him. In this she was aided by Louie Parham, a half-witted lady with whom mother she boarded. Another woman, Estelle Batson, was present.

After the chloroforming Mrs. Rogers and Parham rolled the body into the river, where it was found the next day. In order to divert suspicion the woman wrote a note, to which she signed her husband's name, giving the impression that he had committed suicide.

TRIED TO GET INSURANCE.

Immediately after the murder Mrs. Rogers endeavored to collect her husband's life insurance of $600, and also made arrangements to purchase furniture for the house where she expected to live when she married Kemp.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Raschaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Raschaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS.

The books of the company are open for inspection and the officers of the company refer you to any bank or wholesale house or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the means to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we knew we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 4th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 190 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 160 per cent., and the Chemical National Bank 180 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO TH READER

Is our proposition worthy of your consideration? In buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 6 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 30 per cent. on a basis of five wells to the acre.

WHEELER & CO., Dept. 114, 32 Broadway, N. Y.

Good reliable agents wanted.

I offer, subject to prior sale, 50,000 shares of the Capital Stock of The

Oxarna Gold Mining Company

at the "Ground Floor" price of TEN CENTS A SHARE, (none has been offered for less), par value $1.00, fully paid and non-assessable.

The OXARNA GOLD MINING COMPANY is capitalized at $1,000,000.00, divided into 1,000,000 shares of the par value of $1.00 each. The Oxarna Stock was originally all in the treasury, no preferred or promotion stock having been issued by this Company, and up to the present time only 250,000 shares of their stock have been issued.

The OXARNA COMPANY own by United States Patent and Deed, 160 Acres of highly mineralized land in the Famous Thunder and Custer Mountain, Idaho districts, and over $12,000,000.00 net has been realized by the Mines in our immediate vicinity. One of the Mines contiguous to our property on the north has produced $5,000,000.00 and five veins of this rich ore parallel on one of our claims, and by about 2,000 feet of shafts, tunnels drifts and upraises the OXARNA COMPANY have uncovered over $1,000,000.00 worth of ore, and they have a large amount of ore in the ore bins and on the dump that averages over $47.00 a ton, and they expect to be in position to Mill not less than 100 tons of ore every day in a very short time, but if they only Mill 50 tons a day in less than one year they can pay 100 per cent. on the par value of the stock out standing in dividends, for they expect to have less than 600,000 shares of the stock on the market when they are fully financed.

The Oxarna Company have purchased a Mill all fully equipped and ready for business, that originally cost about $75,000.00, and they owe a balance of $5,000.00 on this Mill that will be due in three months, and in order to raise this amount quickly I am privileged to make this most liberal offer, for the stock is easily worth par today, for the time is rapidly approaching when the Company will be on a paying basis and the stock will become immensely remunerative in the near future.

Subject to prior sales I offer the above allotment on the following terms; 6 per cent. discount will be allowed if all cash accompanies the order, or subscriptions will be accepted on the installment plan, 1-4 of the amount with the order and a like amount in 30, 60 and 90 days. Make all orders payable to the undersigned or remit through the NATIONAL BANK of Delphos, and they will forward stock subject to your order.

Personally I advise you to get all of this stock that you can pay for during the next three months, for it is an exceedingly good investment. For further particulars call on or address,

The Scourge of Consumption

Thousands Are Dying—If Tired Languid or Run Down Get Protection Before Too Late

No child, man or woman is safe from consumption unless their blood is pure, rich and nourishing.

Allow the blood to become thin, and immediately the whole system grows weak. The lungs are deprived of resisting power and the ever-present tubercular bacilli develops.

The most positive protection against consumption is Ferrosone, which restores the blood to full strength. Weak organs are instantly strengthened. Worn-out tissues are rebuilt. New life is given to the lungs and all danger of consumption is destroyed.

Mrs. E. J. Richardson, Manotick, Ont., tells as follows of her enormous gain in health from Ferrosone: "For two years I was not well. I was thin and anaemic. Towards spring I fell into a condition of nervous exhaustion. A dead tired-ness hung over me like a load of lead. Housework of any kind I simply couldn't do. A bad cough developed that worried me greatly for I thought it might be tuberculer. When I first read of Ferrosone I was convinced it was good. I took it regularly for eight weeks and the change in my condition was wonderful. My cheeks filled out and became clear and rosy. I gained eight pounds and now am strong and vigorous as possible."

Ferrosone feeds, nourishes and tones up the body—it sends the thrill and vim of robust health from head to feet—makes you feel better at once. Won't you use Ferrosone? Price 50c. per box, or six boxes for $2.50, at all dealers, or N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

UNION LABEL

PETERBORO DECEMBER 9 1905

THE DEATH KNELL OF THE BOYCOTT.

The epoch-marking struggle between the Metallic Roofing Company and the Amalgamated Sheet Metal Workers' Association, which for more than three years has dragged its weary length from court to court, has at last been virtually settled. The plaintiffs, [illegible] have been awarded damages by the jury to the amount of $7,500, and the defendant unionists have been enjoined from ever again interfering with the business of the plaintiffs in any way, shape or form.

It is probably no exaggeration to say that this is the most important action against a labor union ever fought out through the Canadian courts. From first to last the company have had to plough their way through new legal ground, where there has been no statute to define and few precedents to guide. The points which they have succeeded in establishing, therefore, are new points, and will undoubtedly be the standards whereby the merits of future litigation of the kind will be gauged.

It takes little knowledge of human nature to understand why the Metallic Roofing Company has fought so strenuously for the principles which it has established. Within the possible limit of human foresight it has made sure that every dollar of its hard-earned profits will be safe from the [illegible] with which they are connected, the judgment of courts being openly invoked to establish the fact that the individual members of an unincorporated union are responsible for the acts [illegible] by their officers or representatives in the name of the union, and can be made to pay for injuries sustained as a result of their actions.

Two new rules have thus been forged in the chain of precedent which is hanging to bind down all would-be lawless trade unions to conduct [illegible] Henceforth the difficulty has been to take action against bodies which were not legal entities, which had no status in the eyes of the law. The unions themselves, realizing the protection which the peculiar nature of their organization afforded them, have steadily refused to incorporate, and with every new success have accumulated to fresh acts of violence and coercion. But their very successes have been the means of accomplishing their downfall. Intoxicated by their apparent victories they have attempted to impose conditions that were absolutely intolerable, with the inevitable result that they have been made to answer for their misdeeds before the bar of justice.

The award of the jury in the present instance is certain to exercise a most distinct influence in restraining further coercion on the part of trade organizations. These industrial highwaymen have learned the lesson that they can no longer hold their employers up at the pistol point and order them to cancel and deliver written themselves being called upon to suffer the consequences provided by the law in such cases. Possibly the irresponsible scribbling who has nothing which can be seized to satisfy a claim, or the well-fed delegate who can watch the trouble from a safe distance, may still be anxious to continue upon a career of lawless extravagance, but the time has come when the sober mechanic, who has a home with wife and little ones to provide for, is going to have a say in the management of union affairs. He is the one who must ultimately pay the price of the union's folly, and he is the one to whom the employers may now look for assistance in restoring industrial peace and harmony.

For establishing these results the Metallic Roofing Company are deserving of no small amount of credit. Their plucky determination in the face of difficulties and their unselfish devotion to the cause of justice are greatly to be commended. Personally they stood to gain nothing by the fight. So far as the open shop was concerned, the victory was soon theirs. Any damages which they might hope to recover for injuries sustained through the boycott were sure to be more than swallowed up in expensive litigation. And yet, in order that the legal responsibility of trades unions might be settled once and for all, they decided to fight, and to fight to a finish. The results speak for themselves. Every employer of labor, and every free workman in this or any other union-infested country, is equally a sharer in the victory which has been achieved, and by all such we feel sure, the Metallic Roofing Company will be most heartily and sincerely thanked.

THE MAYORALITY.

Mayor Best having tacidly consented to again seek the honor of sitting in the chief chair in the Council Chamber the situation in civic circles so far as the Mayoralty is concerned. The present occupant of the chair has filled it for the current year, with credit to himself and benefit to the municipality. He has shirked no duty. He has, as a rule, displayed energy and common sense in administering the affairs of his office. He has been industrious under an avalanche of work and ber, the electors can fairly estimate has kept pace with the most progressive of his colleagues in all that has been done for the advancement of Peterboro. On the score of seeking a second term, there can be no complaint. Other gentlemen have had three, and even four, terms in the Mayor's chair, and the present occupant has, therefore, no reason to apologize for following the example set by certain distinguished citizens in their association with the affairs of civic government. Mayor Best is urged by his many friends to stand again, and it is, we believe, the almost unanimous wish of the people that his re-election will not be opposed.

THE RICH AND THE POOR.

The fund for the unemployed which is being raised by Queen Alexandra in Great Britain, is receiving very liberal contributions from all quarters in that country. There is very real sympathy for the unemployed there, and a keen desire to use all legitimate means in an effort to better the condition of the very poor. A subscriber writing to this paper contrasts this sympathy of the rich for the poor in Britain as compared with such an exhibition as that in Pittsburg when the house of a poor widow was torn down by the minions of a rich steel company who wanted the land she refused to sell. We think, however, the latter is rather a case of contempt for the law, than of any particular despite for the poor. The widow was offered, it is said, a very high price for her property, $18,000 more than its value, it was stated. It would have been no pecuniary loss to her to have her home taken; it was a purely sentimental consideration with her. But she had her rights by law, and we venture to say that in Great Britain the highest in the land would not have dared to violate the sanctity of her home against the protection afforded her by law. Contempt of the law and its violation when it stands in the desires is far too characteristic of this country. The Mother Country sets a better example.

I'm Growing Old Fast

And you know why, too. It's those gray hairs! Don't you know that Ayer's Hair Vigor restores color to gray hair? Well, it does. And it never fails, either. It stops falling hair also, and keeps the scalp clean and healthy. Do not grow old so fast! No need of it. J. C. Ayer Co., Lowell, Mass.

WHY THE RUSSIANS FIGHT THE JEWS

Several of our readers ask The Times to "kindly explain why the Russians are fighting the Jews." That is a large order and may breed controversy. But we are willing to try to give the common theory of the best informed and most impartial persons.

Russia is in a state of transition from industrial transition from serfdom to land tenantry or peasant proprietorship. When the serfs received freedom, they gradually became partly communal and partly individual owners and occupiers of the agricultural land. This brought them under obligations to pay taxes and rent out of the fruit of their labor after supporting their families, more often in kind than in money, and in other ways to sustain a partly independent industrial existence.

Centuries of serfdom had left them unfit for self-reliance, the exactions of oppressive taxation and military service hampered them and they fell into financial difficulties. They who have observed from the beginning the difficulties of the emancipated negroes in sustaining the responsibilities of free industrial existence can understand the greater difficulties of the Russian peasantry in a far worse environment.

Debt became the normal state of the Russian peasant and artisan. The Jews were the natural creditors because no other people, outside of the considerable towns, had money to lend or capacity to carry on business. For the same reason they monopolized the trading in many parts of Russia. A creditor class is never popular either with borrowers or buyers.

When debtors are harassed by political oppression and driven desperate by privation, they lose all sense of justice and turn upon their creditors as the authors of all their ills. So it may happen, in a community as ignorant and miserable as some parts of Russia, that the one race whose thrift and capacity has saved it from absolute ruin and starvation becomes the object of its bitter hatred and the victim of its furious rage.

Canadians used to blame the Russian government unjustly for the Jewish massacres. It is probable that the government did its best to prevent them. Evidence of this is the fact that riots and massacres broke out in greater fury than ever when the government was paralysed by revolution. They seem to be the fruit of popular madness, bred by industrial oppression in minds blinded by ignorance and warped by starvation, which strikes at the nearest visible object as a rabid dog snaps at the hand that feed him. They are a painful incident of the slow agony of Russian transition from barbarism to civilization.

THE NEW ASSESSMENT ACT

It is a "Botch" Says a Times' Correspondent

(To the Editor of The Times).

Sir,—I have studied the working of the new Assessment Act in Peterboro as well as in other places and have no difficulty in arriving at the conclusion that it is a "botch" from beginning to end. It is a mere hodge-podge of expedients to get taxes.

The Act as it now stands is what remains of the original act after every "request" that had got enough was granted. Even the business tax which might have been a valuable improvement, is accompanied with inequitable and arbitrary distinctions making the man pay more than his neighbor on similar assessment, instead of relieving labor and its products and encouraging industry and improvement, it further [illegible] them. It is to its credit to Ontario's progress and intelligence, and it cannot too soon be wiped off the statute book to give place to an act based on some more scientific and equitable idea than that of getting taxes where they may be most easily exacted.

Let us hope that the new Government will take action at the approaching session of the legislature, to end this farce.

Thanking you, Mr. Times, for the space, I am,

Yours truly,
ALEX. D. MELLOR.

Engineers May Strike.

It is hinted in railway circles in Toronto that the Grand Trunk locomotive engineers have intimated to Mr. Hays that they must have an answer within two weeks to their request for an increase in wages and other improvements in their condition. This action was taken, it is alleged, after an understanding with the Brotherhood of Locomotive Firemen. The general membership are said to be tired of keeping a committee in Montreal at a cost of a thousand dollars a week, awaiting the pleasure of the officials, who are said to find it convenient to have important business in Chicago or Detroit on the date arranged to meet the committee. The committee have now received instructions to demand an answer for or against their request.

The Hand That Wards Off Coughs, Colds, Grip And Restores Nervous, Dyspeptic Catarrh Wrecks.

COLDS COUGHS GRIP
"During the recent Grip epidemic, claiming a million victims or more, the efficiency of Peruna in quickly relieving this malady and its after-effects has been the talk of the continent."—N. Y. Journal.
DOMINION OF CANADA
BRITISH COLUMBIA
CANADA
CATARRHAL DISEASES

LIKE A DEMON grip has crossed the country, leaving behind scores of physical wrecks.

Victims of catarrh of the head, catarrh of the throat, catarrh of the lungs, catarrh of the stomach, catarrh of the kidneys, catarrh of the pelvic organs, are to be counted by hundreds of thousands.

Grip is epidemic catarrh, and sows the seed of chronic catarrh within the system.

This is as true that few grip sufferers are able to make a complete recovery until they have used Peruna.

Never in the history of medicine has a remedy received such unqualified and universal eulogies as Peruna.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

La Grippe Victims Restored by Peruna.

Miss Alicia Newell, 6 Stanley street, Montreal, Can., charter member Societe Francais Bienfaisance, writes:

"We had a siege of la grippe in the family and I, as well as some of my friends, was a victim of the malady.

"Three bottles of Peruna assisted me to complete recovery, and some of my friends regained their health by even less.

"La grippe, as a rule, leaves one debilitated and nervous, but I noticed in every case where Peruna was used, the recovery was not only complete, but the medicine seemed to infuse new life and vigor."—Alicia Newell.

President La Pharmacie Laterniere Recommends Peruna.

Mr. J. A. Goyer, President La Pharmacie Laterniere, 2222 St. Denis street, Montreal, Can., writes:

"I can highly recommend your inestimable preparation, Peruna, to all those who suffer from the bad after-effects of la grippe.

"Two bottles of Peruna have brought to me a complete cure of that sickness, and it has acted as the best tonic for the system that I have ever experienced."—J. A. Goyer.

Prostrated With Grip—Cured by Peruna.

Miss J. A. McGibbon, 371 William street, London, Ont., writes:

"I was prostrated with the grip last winter and it left me with a severe bronchial affection and catarrh of the larynx.

"The doctor's prescriptions seemed powerless and I was going from bad to worse, until I was advised to try Peruna.

"I took four bottles and it entirely removed the complaint. Words cannot express my appreciation for the good that Peruna did for me."—J. A. McGibbon.

Texas Lands

Very Cheap

The Houston & Texas Central Ry. Co. has decided to sell its land grant in Northwest Texas, adjoining Oklahoma. To effect a quick sale and avoid the expense of maintaining sales agencies, the lands have been listed at very low prices.

They are adjacent to the Rock Island main line running diagonally across Oklahoma and Texas. Portions of the tract are well watered and nearly all is susceptible of cultivation. Transportation facilities excellent—big markets within easy reach.

Sale will be made in parcels of 160 acres up to four sections or 2,560 acres to each purchaser. The prices are on a fixed scale—no fluctuation. Taxes are low, terms liberal and warranty deeds given in all cases.

If interested, send quick for descriptive leaflet with full information.

Catlin and the Multimillionairess

By Frank H. Sweet

Copyright, 1905, by Frank H. Sweet

They were sweeping along the country road, with the sun just rising over the hills in the east. Birds were flocking among the branches and in the open fields, preparing for early migration south, and mingled with the rich lesser notes were the occasional clear, dominating whistles of the quail and the soaring medley of the bobolink. The road was not bad for a country road, though they often had to traverse to one side or the other to avoid a deep rut or washout, and there were many steep hills where they had to dismount and walk and many places where the descent was too abrupt to trust to brakes.

But the glorious morning compensated for it all, and presently they yielded to its influence, and Catlin's clear, mellow voice broke into a swinging bicycle song, which the other two

AS SHE BENT OVER, THE GIRL ALLOWED HER SUNBONNET TO FALL BACK.

caught up and sent ringing across the fields with the rhythmic fullness of three strong, cultivated voices, whose owners were allowing their hearts and unfurnished thoughts to well up unconsciously to their lips and which rose and fell and wavered under the swift motion of the singers. As it finally died away and their speed slackened somewhat one of the riders looked across at Catlin.

"It's a shame to break up our outing like this," he called.

"I know, but Aunt Beulah telegraphed for us to come straight to her country house."

"Your rich aunt?"

"Yes, the one I told you was going to entertain us so lavishly at the end of our trip."

"And introduce you to the multimillionairess?" grinned the other rider.

"Precisely. The multimillionairess is devoted to my aunt, and my aunt is devoted to me. Ergo, we join hands around the triangle."

"But do you really mean that you will marry her offhand?" incredulously.

"I really do, Burke. A multimillionairess means multimillion cares less, and the very fact of my never seeing her or her photograph adds the needed tinge of romance. But, hello," as there came the dull thud of a fall and then a faint call for help, "somebody's dropped from one of these apple trees above the bank. Hurry, fellows!"

As they climbed the bank the call was repeated, sounding very near. A few moments later they found an old man lying down upon his back under the first tree.

"Much hurt?" asked Catlin solicitously.

"N-no, I guess not," slowly and with a long indrawn breath of pain. "Just shook up considerable, I think, without any bones broken. But I suspect you fellows will have to help me home."

"Of course" Catlin instinctively glanced about for some means of transportation. "Where's your horse?"

"Don't own one. Been picking apples from that tree. That'll do very nicely," he said. "Here, fellows, gather up all these empty sacks and spread them on the ladder to make it more comfortable. Now, sir," when all was ready, "we'll lift you as gently as possible."

"Oh, I don't mind a little pain," the old man answered, grimacing, however, when they lifted him to the ladder. "It's the apples that's worrying me most. I've been sending them off to one firm, at about this time, for forty-nine years. This would make fifty."

"The firm will certainly overlook the slip, then," said Catlin consolingly.

The old man's face creased into a smile. "I know, I know," he replied. "They won't mind, and the money part does not matter. But when a man has done a thing forty-nine years it's hard for him to miss the fiftieth. I don't suppose I ought to have tackled the apples alone. Hello, there comes Gerty. She heard me call, I guess."

A tall girl, with her face hidden by a sunbonnet, was hurrying through the orchard toward them.

"Oh, uncle," she cried, with very much distress in her voice, "it is you! I thought I heard a cry, but was not sure. Is—is it very bad?"

"Not so very, I think," the old man answered. "Just a shakeup. Fortunately these young men were near. They will carry me to the house."

As she bent over him the girl allowed her sunbonnet to fall back. Catlin was directly in front of her, and he caught his breath a little at what the act revealed. The girl was not merely pretty, as he had at first thought; she was beautiful.

An hour later the three were standing out under one of the trees on the lawn.

"I tell you, fellows," Catlin was saying, "it's our duty to stay and pick the apples for the old man. It's too bad for him to miss the fiftieth year."

"Too bad for you to miss another chance of looking into Miss Gerty's eyes, you mean," suggested Burke.

"Perhaps," composedly. "They are certainly worth looking into. But we can pick two days and still have time to reach Aunt Beulah's on the date set. The trout fishing doesn't matter."

"All right, Catlin," Burke laughed. "I don't mind staying. But you had better keep your mind on the multi-ess and leave me to talk with Miss Gerty."

Two days later they stood under the same tree. The apples had been picked and barreled and shipped. Two bicycles were leaning against the tree, apparently ready for departure. The third was missing. Catlin looked cool and composed; the others were plainly annoyed.

"You can give that letter to Aunt Beulah," Catlin was saying to Burke. "It tells her the multi-ess business is off. She will look after you all right and give you the good time as scheduled. You might add of your own accord that you left me well."

"I'll tell her you are working on a farm as a common laborer," grumbled Burke. "But, first, I've got a good mind to go in and tell the old man and Miss Gerty just what you are—a wolf in sheep's clothing."

"Oh, no, you haven't," smiled Catlin. "I've known you too long, Burke. You couldn't do a thing like that if you tried. Well, goodby!"

Four days later a letter came to Catlin. It read:

My Dear Boy—You're a fool. And after the way I raised you too. But it doesn't so much matter now. Miss Catlin will not come for several weeks. You will get well by that time.

Catlin's letter in answer a week afterward read:

My Dear Aunt—There's no chance whatever of my getting well. I haven't spoken yet, but I begin to see it in her eyes. Gerty is the sweetest girl in the world. I'm stopping with her uncle, Richard Parks—but perhaps Burke told you.

Six days later:

My Dear Boy—You're a prodigy, with a cat's faculty of sticking on your feet. Miss Catlin's name is Gertrude, and her uncle is Richard Parks. She wrote that he had met with some kind of accident and that she would remain with him a few weeks longer.

Catlin's reply, three days later:

My Dear Aunt—I discovered her last name the day before your letter arrived. I asked her, and she said yes. We will be with you the first of the month.

Trouble on Another Score.

Doctor—When can you pay me my bill for curing you of insomnia? Patient—I don't know, doc. I sleep so soundly now that my wife goes through my pockets most every night and takes everything.

Not a Friend.

Frau A.—Is that gentleman over yonder a friend of yours? Frau B.—No; he's my husband.—From the Figaro.

MR. BALFOUR ON THE WORLD'S PEACE

Ex-Premier Balfour rejoices to feel that, whereas exactly a century ago, Pitt predicted a long period of strife and warfare, he is privileged to predict, not only for Great Britain but for the whole civilized world, a long period of peace. Every sincere lover of progress rejoices to know that the British Ex-Premier has excellent reasons for his prophecy. The wish is not father to his thought. Critical analysis of the international situation discloses ample ground for his optimistic view.

Aside from the horrors caused in Russia by the shock of the collision between the new order and the outgrown regime to which the reactionaries and selfish despots cling with desperation, the world is calming down. In the far East, in the near East and in the middle East diplomacy and existing treaties, including, as Mr. Balfour properly reminds the nations, The Hague arbitration convention—soon, we hope, to be broadened and strengthened—will solve outstanding problems without resort to physical force. The Anglo-Japanese, the Franco-Russian and the triple alliances are guaranties of peace, and equally effectual, in a moral sense, are the "understandings" between England and France, Russia and Germany, and France and Italy. It is hardly necessary to add that the good will of the United States, "splendidly" isolated, toward all nations is a potent peace factor.

There is no likelihood that Europe or the Western world generally will find itself compelled to form a coalition against a too ambitious power prepared to trample upon the rights of its neighbors in pursuit of its own schemes of aggrandizement or empire. In this industrial age, when no nation can live without foreign markets and expanding commerce, even colonial and imperial ambition, if at all enlightened, shrinks from war and contents itself with pacific penetration" and open doors.

The late Moroccan episode caused a dangerous strain in the relations between Germany and France, and for a time a clash seemed imminent. But Germany did not want war, and the controversy was satisfactorily adjusted—so satisfactorily, indeed, that all interest in the conference over Morocco has died out. And now there is active discussion of improved relations between Germany and France on one hand and Germany and England on the other. The program of the British Liberals, who are expected to carry the country at the next general elections, includes a good understanding with Germany without prejudice to France.

The foreign, and particularly the eastern, policy of a constitutionally governed Russia will be practical and sensible, based on recognition of facts and the real interest of the people.

Of course, the chapter of accidents is never closed, but the present situation undoubtedly warrants Mr. Balfour's reassuring forecast.

MUNICIPAL OWNERSHIP IN ENGLAND

Prof. Hugo R. Meyer has studied municipal ownership in Great Britain more thoroughly than most of its eulogists have. His conclusion is that it is a distinct injury to the public. It hampers industrial progress. It deprives communities of the advantages they would enjoy if individual initiative were not suppressed. Municipal ownership has resulted in the municipalities playing the part of the dog in the manger. There are certain things they will not do themselves because they lack the energy or are doubtful as to the financial returns. They will not let private corporations undertake the work because they may make money or give the public better facilities than those given by municipal plants.

Twenty years ago when the subject of electric lighting was before Parliament, Lord Salisbury said: "It was the public which would suffer if the [private] companies were not allowed to come into the field, and if this new instrument of power discovered by science should lie useless and unfruitful for several years." The public has suffered. The government was so submissive to the influence exerted by municipal corporations and urban district councils that it made one law for them and another, and a much harsher one for the private companies. The result was that the private companies were kept out of such cities as Glasgow and Manchester, and it was not until near 1900 that the municipal government supplied electric lights in the residential districts and the outer portions of the business districts. January 1 last there were in the United Kingdom only 91 central electric stations. It would have had 1,500 stations if it had been proportionately as well served as the United States.

There is an extraordinary lack of street railway facilities in the United Kingdom, because private enterprise has been paralyzed and the municipalities have been unwilling to fill the void thus created. The urban population of the United Kingdom is about the same as that of the United States, but the one was served in 1904 by street railways with a track mileage of 3,250 miles and the other by street railways with a mileage of 14,000 miles. The municipalities are unwilling to build or improve street railways, and will not let private companies—which they stigmatize as "dividend seeking" concerns—build them. The municipalities clung to horse railways until nearly 1900. Private companies would have begun building electric lines years before, but the municipalities would not let them, and the people suffered.

Electric power distribution is held back in England by the fear of the municipalities that private corporations will get possession of a field of labor which the municipalities think there may be money in for them at some future time. The prosperity of England depends on its ability to make goods cheaply. Engineers and capitalists are willing to stake their reputations and their money upon their ability to supply cheaper power to manufacturers if allowed to build central power plants. The municipalities are exerting their great influence to thwart plans which would decrease the number of the unemployed and better the condition of the employed.

Municipal ownership in Great Britain palsies the hand of enterprise. It robs the public of the benefit of the services of our courageous and far sighted men who perceive possibilities of development which are not visible to the average man, and improve them if permitted to do so. The American advocates of municipal ownership—men whose ideas are, as Prof. Meyer says, 'made in Europe'"—should study his analysis of the practical workings of their favored policy in Great Britain.

In Good Health

A woman makes her toilet with care and adornment, but half the time it often happens that the gratification of being well attired is lost. There is hardly strength to brush and dress the hair, and there is small courage to make the effort to keep up appearances.

Dr. Pierce's Favorite Prescription makes weak women strong, by making them well. The commonest cause of feminine weakness is found in a diseased condition of the womanly organism. "Favorite Prescription" establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. The tonic effects of this medicine are remarkable; it soothes the nerves, encourages the appetite, and induces refreshing sleep. It gives comfort and courage to prospective mothers, and practically does away with the pains commonly experienced at maternity.

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine, and all other narcotics.

Women suffering from disease in aggravated form are invited to consult Dr. Pierce by letter free. All letters are read in private and womanly confidences held in absolute secrecy. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Surprised Man.

"I enjoy good health, thanks to Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. J. J. Schuyler, of Pontiac, Livingston Co., Ill. "Before taking six bottles of each I had to go to bed. I was troubled with the dreams here called 'Night Mare.' I lay for days in bed, and then when I got up I found I had developed a tumor. I was told that I had a rib in my back and that he would not stand any length of time. I knew that my home doctor would think the first thing on examination, and that I would not submit to, unless I was dangerously sick, and then it would be too late to do any good. My aunt had your book, Common Sense Medical Adviser, and brought it to me, telling it that Dr. Pierce's medicines would do me more good than all the home doctors could do for me. So my aunt had to send to Buffalo for them. I took them and they did me much good. I soon say that I was surprised at the benefit I received. I took in all my washing and baked bread for my family. In fact I was on my feet most all the time. An old friend of mine said to me, 'Why, what is the matter with you? You are growing young again.' I told him I had taken Dr. Pierce's medicine, and he said that if she would do likewise she would find she was years younger, too."

Five Physicians Helpless.

"I feel it my duty to write to you and let you know what great benefit I have received from your medicines," writes Mrs. Thomas Hayward, Chemung Co., N. Y., "for none of the best that I ever took in my life. I was taken sick and confined to my bed. Five physicians worked over me for several months. Could not retain food in my stomach. Could not sleep. Got so I was not able to sit without fainting. Could not walk to my sister's house. Friends here got me to send for your medicines, and I have a testimonial of what they did for me. Was not able to do anything when I began taking them. Do you want to know what I could do when I got through taking them? Do you want to know what I am doing to-day? Do you want to know how I am—or rather I was—(for I am dead and buried) who had planned my life with a friend to go to Europe? Well, I am. I am not without a position. I am not without a home. I am not without friends. I am not without money. I am not what I was dying, and could not be moved by my bed, that could not sleep. I would invite friends to come to see me die. I am not what I was when I was given up by five physicians to die. I am not what I was when I was given up by my friends to die. I am not what I was when I was given up by myself to die. I am not what I was when I was given up by my God to die. I am not what I was when I was given up by my God to die. I am not what I was when I was given up by my God

TOWN AND COUNTY NEWS

DASHES HERE AND THERE BY TIMES' REPORTERS.

One Assessor Only.

The Times is in the receipt of a letter advocating the appointment of only one assessor next year. The writer forgot to sign his name to the article, hence it will not appear in these columns.

Lace Collar Lost

On Monday last, between the corner of Charlotte and Stewart streets (by way of Simcoe street), and Barrie's store, a cream colored lace collar. Finder will be rewarded by leaving same at Times Bookstore.

Preparing For Curling.

Mr. Angus McIntosh, the caretaker of the Charlotte street rink, is busy these days, "making ice." In a few days [illegible] the initial matches of the season in the roarin' game.

Round Trip $3.80

For the Fat Stock Show at Guelph, Ont., the Canadian Pacific will issue tickets for the round trip at $3.80, good going December 9th to 13th inclusive, returning until December 18th. Direct line. Good accommodation. For tickets and all information see W. McIlroy, City Passenger Agent.

New Telephone Building.

The Bell Telephone Company have purchased from the Independent Order of Foresters a lot in Brantford, and the company propose erecting a telephone building there. The property is on Dalhousie street, and has a frontage of 51 feet. It won't be long till larger premises will be required in Peterboro.

Where to go This Winter.

The Lehigh Valley Railroad have now on sale special tourist tickets to all winter resorts in Virginia, North and South Carolina, Georgia, Florida, Havana and Cuba, via New York Philadelphia, and Washington. All rail and steamer lines. For rates, time-tables and illustrated literature, etc., call on or address Robt. S. Lewis, Canadian Passenger Agent, 19 King street east, Toronto, Ont.

Begin Early.

There is one class of people by whom the approach of Christmas is regarded with mixed feelings, and that is the clerks in the stores. Whatever else Christmas may be for mankind, for the store clerks it means hard work, long hours, and few breathing spells. Much of the rush and crush at Christmas time is unnecessary. A little thoughtfulness and a little of the spirit of Christmas would do much to improve the conditions of Christmas shopping.

Stopeville.

Mr Aavil McCann reports business in a flourishing condition.

Mr. George Turner leaves on Tuesday next for Jacksonville, Florida, where he expects to spend the winter.

Colonel Kennedy moved his household goods this week to his "Summer Resort" by Riverside Park.

Mr. Lewis Sullivan and his able staff of employes have just completed the erection of a handsome new residence on his farm property north of the Demorest road. His late residence, long known as "The Nine Mile House," will be occupied about Mar. 1, by Mr. Martin McManus, who purchased the property for the neat sum of two hundred and fifty dollars.

The Sunshine Society held its regular monthly meeting on Thursday evening last. The officers for the new year were elected. Mr. Jack Jordon polling the highest number of votes for president.

The township nominations will take place at an earlier date this year than usual. There are several good names mentioned as candidates.

A TOUCHING APPEAL

A Little Deaf Girl is Looking For Her Father.

The Times is in receipt of the following letter, which speaks for itself;

Master editor, Times office, Peterboro, wednesday—

master editor,—me a little girl 8 years oud, please send me adress of good santa clus because he never put any thing in my stockings last christmas my papa and ma are deaf and dumb and they are poor, papa worked two years for a Toronto factory for two years and had only 5 dollars a week and we pay rent one dollar and a half, and we had to get cook stove for one dollar week, and we are poor and not enough left for clothes and cook ya and ma are in trouble as they owe thirty dollars for rent. ya been away four months, and I want him come home as I hear he is in peterboro, ask when papa is coming home. i go to school and cannot buy book, good master editor put this in your paper as I want papa come home, your good girl

NO BINDER TWINE DUTY

Attitude of the Local Company on Tariff Question.

Mr. R. R. Hall, M.P., has written the Globe as follows:

"In your issue of the 4th inst. the following, which cannot fail Everybody, you make the statement; 'That free binder twine is one of the concessions of the Fielding tariff to the farmers' claims; but now the manufacturers come forward and demand a duty or a bounty.' I presented the case of the Canadian Cordage and Manufacturing Co., Limited, before the Tariff Commission at Peterboro. I expressly stated that, so long as the United States permit 500 ft. twine to enter the United States free of duty, this company, and, I believe, the other twine manufacturers in Canada, desire to have binder twine upon the free list. As for the Peterboro company, they do not desire, under present conditions, to have the Canadian Government place any duty on binder twine.

R. R. HALL.

Peterboro, Dec. 4.

MUCH COMMERCIALISM IN CHURCHES

Bishop of Niagara Objects to Bazaars, and Musical Services Like Concerts

Hamilton, Dec. 7.—The Bishop of Niagara, after dedicating the new organ at St. Luke's church, made some pointed remarks about music in the churches. He questioned the means taken in many churches, such as bazaars, garden parties, etc., to raise funds for church furniture. Without being unthankful, he thought there was altogether too much commercialism in many churches. When people gave a piece of furniture they wanted something in return. He declared the fact that the Sunday evening services in so many churches were nothing more than concerts, praise of God being set aside. The singing was not for God, but the amusement of the people, and it made no difference whether the singers were Roman Catholics or atheists. He was pleased to see the Pope had issued order for a change to Gregorian chants in Catholic churches, and that the Anglican Synod at its last meeting had undertaken to see that church music was given its proper place.

Warne Bros. Branching Out.

This hustling young firm have now secured and greatly improved one of the best business stands on George street. By absorbing the shop immediately north of the Peterboro Patent Medicine Store, so successfully conducted by Mr. Warne, the new firm of Warne Bros., in their combined stores, have splendid facilities for showing goods and accommodating their customers. To the south of the combined stores one partner will continue the patent medicine business, whilst on the north side a splendid stock of up-to-date jewellery and watches constitutes one of our best jewellery establishments. Mr. Warne, who will attend to the jewellery department, is a thoroughly practical watchmaker, having learned the trade with Mr. Schneider, George street.

—Complaints have reached The Times regarding the old shingles that fall from the old opera house building, which is being repaired, and which are allowed to lie on the market square.

IDLE THOUGHTS

ON MATTERS LOCAL, NATIONAL AND UNIVERSAL.

It is not usually necessary to jog the memory of the average Britisher that Christmas is coming; yet the the last three weeks an enterprising merchant on George street has displayed in one of his spacious windows a notice setting forth how many weeks still remain before this most joyous season of the year arrives—joyous to them who receive, and joyous to them who give. Each week the figure on the notice is changed to correspond with the number of weeks left before December 25th, and each week one is thus painfully reminded that the depletion of one's purse will be quite alarming before that merchant takes down his sign. But what's the odds! Christmas only comes once a year; Christmas box giving is a good old heart-cheering custom, and there are many unfortunate mortals who would be delighted to have this year the opportunity of accepting our George street merchant's ambiguous invitation to "step in and buy." How many know the origin of the term Christmas box? Twentieth century presents oft times take such queer shapes that it is frequently difficult to discern any analogy with the name "box." This was especially the case with a friend of the writer last year, when he found hanging to the family Xmas tree a huge lobster as his share of the spoil. A visitor suggested that perhaps the donor meant to suggest that the cognomen of the fish of many claws was analogous to my friend's intellectual qualifications; but the latter could not see it that way. But to return to the subject. "Christmas box" takes its origin from an old time custom of English Catholics of hanging in their churches on Christmas morning a box in which worshippers deposited money offerings for the poor. As Christ's mass is sung on that morning of all mornings, so this poor box was designated "Christ's mass box." Others copied this worthy example, and sent to far-away friends presents in the shape of boxes of choice edibles; later on, as years rolled by, a Christmas box developed into anything and everything given and received on that happy morning, when all brother and sister mortals alike should hope for peace on earth, and entertain good-will to men.

* * * * *

The time is quickly coming when aldermanic candidates will put out thier sign—the smile that won't come off, until after the elections. The qualifications for this coveted office may be summed up as follows: a high order of business acumen, the patience of Job, spare time and a latch key. The latch key is required to secure admittance to one's house the night of council meetings, the patience of Job is necessary to draft and follow a policy which will leave one at the end of the civic term as many friends as he had on election day, and sufficient business acumen is called for to avoid making the same mistake twice. The duties of an alderman of this city, while somewhat onerous, are occasionally pleasingly varied by an oyster supper at McCallum's (at the aldermen's expense of course), and a "smoker" in the committee rooms on an average of three nights a week. He will also have a group picture of himself and fellow victims presented to him once a year by some enterprising photographer. And, truly, the man who devotes the time latterly required to transact our corporation affairs, and does it well and faithfully, deserves not only the above recreative privileges, but the everlasting thanks of his fellow-citizens. It looks as though a Board of Controllers is needed to execute the business mapped out by the Council, as is the case in Toronto. For an alderman's evenings, and some small portion of his days, can scarcely be called his own; and as for City Clerk Armstrong, he all but lives in the City Hall.

* * * * *

As to who will run for aldermen this year there is yet some uncertainty. Many dark horses may be in the field, while some are quite frank in acknowledging their intention to abide the shock of public opinion next January. Undoubtedly quite a few will be called, but only twelve chosen. His Worship, Mayor Henry Best, will in all probability hold down the velvet in the City Hall another term. And why not? The unwritten laws of Peterborough reads "Mayor once, Mayor twice," and H. B., of Board of Works fame, should prove no exception to this rule. But a sprinkling of new blood will be forthcoming, as Aldermen Begley, Scott, Batten and Hall are withdrawing from civic honors. Ex-Ald. R. F. McWilliams will be in the field to win as usual, and C. H. Clementi, and J. H. Smith of Ashburnham municipal experience, are definite candidates. Ald. Hicks has given good service to the city, and should be prevailed upon to stand for re-election, while any alderman who has the unblushing temerity to send back to the ratepayers a third time the same old bylaw, as has Ald. Johnston with his new fire hall and improved fire protection measure, has in truth earned his title to a third term in the hall of municipal wisdom. And it is quite certain that both this bylaw and its "father" will be seeking public sympathy at the polls next election.

* * * * *

Mr. R. R. Hall, our energetic member for the Dominion House, has expressed himself strongly in favor of the T. V. Canal's outlet into Old Ontario being at Trenton, and not at Port Hope. He is convinced that barge navigation of the open lakes is a dangerous, not to say ruinous, scheme to undertake. Protected water, he says, is undoubtedly essential to a profitable and safe transportation of freight in such barges as this waterway can accommodate. It is safe to say that a big percentage of this city's people will line up behind Mr. Hall in his views on this subject, and [illegible] prevails, the Trent Valley Canal will receive an appropriation for the completion of the southern portion of this waterway, but also for the whole of the unfinished work, he could say with Dickens' Sidney Carton, "This is a far, far better thing that I do than I have ever done." We people of Peterboro and other interested districts are getting desperately earnest in our desire to see the first barge load of grain meander on its way from Georgian Bay to the seaboard, via Peterboro's lift lock.

* * * * *

Ald. Tovey, Mason and Adams are in the field for re-election. Ald. McIntyre is undecided, and so is Ald. Crowe.

CONSUMPTION CURB

Put Up By Johnston & Co. of Peterboro—Testimonials to the Value of This Wonderful Medicine.

The citizens of Peterboro are, by general conversation throughout the city, and by recent notes, unsolicited, in the press of this city, astonished at the wonderful cures wrought by a medicine put up by Johnston & Co., Peterboro.

Until Dr. Johnston's discovery, the formula of which is now patented, that dread scourge, consumption, was generally regarded as practically incurable.

It will be remembered that a few weeks ago it was noted in the columns of this and other Peterboro papers, that a newspaper representative, having heard of the cures effected by Johnston's medicine, made a personal call upon many of those using his medicine. It is too fresh in the minds of our readers to recall the absolute faith expressed by those seen, to reiterate their remarks. We append extracts from letters received by Mr. Green, 354 Brock street, ex-president of the Star of the East Mining Co. It might be noted that Mr. Green sent a sample bottle, followed by further orders, to a friend of his at Somerset, Man. The extracts, taken from actual letters, read as follows:

Somerset, Man., November 3, 1905.

Dear Mr. Green,—Your letter to hand last Saturday, and also medicine for Pearl. Thanks very much. We will always bless both of you kind people if Pearl gets better. Only for that medicine I don't think she would have been with us much longer. The doctor here did not seem to think there was any chance of her getting better. She would cough all night and in the morning she would be like a broken reed, but she hardly coughs at all now and has a good appetite. She was able to take her place at the organ on Sunday. She is a lot better, and improving so much strangers see it. She has dropped all the medicines she was taking, and taking Dr. Johnston's all the time. Mrs. Lane is delighted to think that Dr. Johnston comes from Peterboro.

Somerset, Man., November 14, 1905.

Dear Mr. Green,—I thought that you would be very anxious to hear how Pearl is getting along. She is doing nicely, thanks to that famous medicine, eh?

Johnston & Co.'s adv. appears in another column.

FROM BIRTH TO OLD AGE

Life is a constant fight against the dangers of disease, and he holds his own the best who keeps his body and its functions in the best working trim.

There are times in every life when Nature gratefully accepts a little aid. She does not want a whipping up for that is inevitably followed by depressing reaction.

In most cases a tonic and alterative properly compounded will afford the required help by promoting digestion, assimilation and reconstruction of tissue and reducing waste of vital nerve forces.

It must not be an alcoholic stimulant—just a vegetable tonic. Meeting these needs and conditions Dr. Pierce's Golden Medical Discovery has been in successful use the forty years and has accumulated a record of cures unequaled in the history of medicine. It is composed of non-alcoholic, glyceric extracts of Golden Seal root, Queen's root, Stone root, Black Cherry bark, Bloodroot and Mandrake root, and by special processes perfected by Dr. Pierce, in his own laboratory, so combined in the most exact proportions, and their medicinal properties preserved without the use of alcohol as to render it a *safe* and *effective* remedy for use in the family without consulting a doctor. Young or old can take it freely as needed, and now that its composition is published, there is no ground for prejudice against it as a patent medicine or secret medicine. It is neither.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 50 stamps.

President Peterborough Cereal Co.

CENTRAL MILLING CO., LTD.

Probably the most modern and well equipped mill in the country is that of the Central Milling Company, Limited. In Peterboro and for many miles around the products of the Central Milling Company, Limited, are well and favorably known. The mill is located on the corner of George and Dalhousie streets, and has one of the finest office buildings in the city.

The brands of flour manufactured by this efficient company are of the highest grade, and for baking and pastry purposes cannot be excelled. The "Thistle Down," "Diamond Crown" and "Royal Gem" are brands which have a splendid reputation and are always of uniform grade and high quality. This mill is known as the "Farmers' Mill" and is extensively patronized by the farming community.

Mr. H. A. Mulhern, the genial and well known manager of the company, is widely known in this city for his strictly honest and careful management, and those that have occasion to do business with this company can always rely upon fair and honest treatment.

The business of this well known company is rapidly increasing, and it promises soon to become the best known and foremost of all Canadian milling companies.

CURTIS BROS.

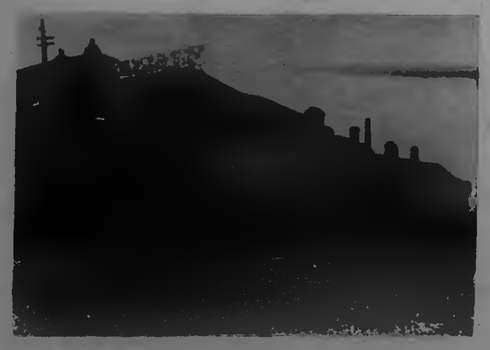
About thirty-five years ago Mr. Mark Curtis began the manufacture of brick in Peterboro. His first season's manufacture did not exceed a couple of hundred thousand bricks. The business gradually developed until the present time, when the annual output exceeds four millions. Mr. Curtis, a few years ago, was succeeded by his sons, under whose capable management the business rapidly increased to its present immense proportions. To give the readers of The Times an idea of the extent of the business done, the following figures will be of interest: The firm employes about 25 men in the winter, and 60 during the summer season. It requires twelve teams of horses to haul the finished article to the city. Over 2,200 cords of wood are

consumed in the burning of the bricks. Fully two-thirds of the buildings in the City of Peterboro came from the firm's yards, and there is sufficient clay to make two or more cities as large as Peterboro.

The firm manufactures red and white brick, drain tile and cellar flooring. The bricks made thirty-five years ago are to be seen today in many of the principal buildings in the city, and are as good as when made. In addition to their extensive local trade, they ship large quantities of their goods to many distant points. Mr Charles Curtis, head of the firm, is very popular with all with whom he comes in contact, and is everywhere regarded as one of Peterboro's most progressive and enterprising citizens.

W. L. TAYLOR.

Although a comparatively short time in his present business, the subject of this sketch has worked up an exceedingly large trade in agricultural implements, carriages, etc. About two years ago he took over the business from Mr. W. E. Murphy, and under his able management and square dealing the sales have rapidly increased, and his customers continue to purchase their necessities from him, feeling confident that they can get the best goods for the money. Mr. Taylor is the local agent for the Frost & Wood agricultural implements, and for the famous J. I. K. threshing machines. He has also for sale some splendid buggies and cutters, wagons, harness and horse furnishings, snow scrapers, and almost every article or implement used on the farm. Mr. Taylor's place of business is at 178 Water street, and he is well-known as a successful agent for agricultural im-



PARKER'S DYEING AND CLEANING WORKS.

PETERBORO CEREAL CO., LIMITED.

This company is one of the leading commercial enterprises of Peterboro. The firm possess a large flour mill which is a solid brick structure four storeys in height, a chopping mill and a flour store house three storeys high.

The buildings are thoroughly substantial, all the machinery is new and up-to-date, and the flour mill has a capacity of one hundred and fifty barrels per day and chopping capacity of three hundred bags per day.

The manager of the company is Mr. W. H. Meldrum, who has had many years experience in the flour milling business and is one of our highly esteemed and thoroughly able and respected business men. The milling plant is a going concern, so that that the shareholders, both preferred and common, may rest assured that their dividends will be regularly paid from the date of the payment of their subscription.

The stock of the company offers a most advantageous and profitable investment, and the company has the brightest prospects for substantial expansion.

A. KINGSCOTE

At 341 Water street is located the enterprise of Mr. A. Kingscote, manufacturer of sails, tents, awnings, horse and wagon covers. This well known firm makes a specialty of camp furniture, canoe sails, tents, chairs, beds, flags and bunting. As Peterboro is admirably endowed by nature with an abundance of water and picturesque streams, Mr. Kingscote finds his business steadily increasing, as the demand for camping outfits by tourists and local citizens is extensive, and the goods which he manufactures are, as a rule, entirely satisfactory.

Mr. Kingscote has also achieved a decidedly good reputation for his decorations. He decorates ball-rooms, halls or banquet-rooms, with flags, bunting, etc., for special occasions, and always gives the utmost satisfaction.

The proprietor also supplies suits for all outdoor sports, such as baseball, football, hockey, lacrosse and other games. His trade among the farmers, and people loving horses in this city, is spreading rapidly, for his waterproof horse and wagon covers are the best that can be procured.

J. R. BELL.

Located on Hunter street, just a few doors from the Oriental Hotel, is the grocery store of Mr. J. R. Bell, who is one of our leading merchants and a man who is highly thought of in Peterboro. Mr. Bell handles nothing but first-class groceries and provisions, and his stock is always pure and fresh. Everything in the way of groceries, provisions, butter, eggs, as well as choice teas and coffees can be had at Mr. Bell's.

This holiday season, when people are using much in this line, they will find it advantageous to give this energetic merchant a trial. Mr Bell has a large staff of assistants with him in the store, and all who patronize him can rest assured that they will receive every courtesy and attention.

WHITE & GILLESPIE.

Among the leading grocery firms of this city must be mentioned that of Messrs White and Gillespie on George street. These enterprising business men have won the confidence and good will of the people of this city by their strict business methods and the careful attention given to all orders placed in their hands. A general grocery and provision business is carried on and the stock carried is large and select. Groceries, canned goods, meats, pickles, in fact everything that can be thought of in a first-class grocery establishment, can be procured at this place of business.

When making your Christmas purchases in this line give Messrs. White and Gillespie a call, prices are right and goods the very best procurable.

JAMES J. SHADGETT.

Mr. Shadgett, the well known carriage and wagon painter, who recently came to Peterboro from Lakefield, has opened a workshop at No. 134 Murray street, over H. Telland's carriage shop. He has had a large experience in painting, and is prepared to execute all classes of work, from an ordinary waggon to the finest turn-out. He makes a specialty of carriage and sleigh painting and embellishing. In addition to carriage painting, Mr. Shadgett also is prepared to do fine house painting, sign painting, fine lettering, scroll work and ornamental painting.

Mr. Shadgett has won his reputation as an expert and successful carriage painter by paying strict attention to his work and never having a customer dissatisfied. As this is the time of year when people desire to have their cutters and sleighs overhauled, repainted and embellished, they should give him a call and be assured that their work will be executed in a most workmanlike and satisfying manner.

THOMAS B. STAPLES.

Mr. Thomas B. Staples, whose pump factory and blacksmith store is located at No. 114 Simcoe street, is one of our well-known business men. Mr. Staples manufactures the highest class of pumps in this vicinity. Besides the pump business, Mr. Staples also has a large blacksmith trade, and his patrons come from far and near. Personally, Mr Staples is a most genial gentleman and deserves the support of the people.

J. J. TURNER & SONS.

With many imitators but no equals in their line, the old firm of J. J. Turner and Sons still continue to hold full sway in Peterboro. This firm was established nearly forty years ago and has enjoyed about two decades of prosperity. The company have recently erected a handsome new building with large ware-rooms and commodious offices. The firm makes large shipments to all parts of the world, and their goods have the highest reputation for quality and durability wherever they have made their appearance. Some of the work done by this firm is the manufacturing of tents, awnings, flags, waterproof goods, coal bags, nose bags, horse blankets, sails and camp furniture, flags, banners, etc. They also deal in snow-shoes and toboggans.

Those who require anything in the line of goods made and handled by J. J. Turner and Sons need not hesitate by purchasing direct from them. Patrons will find the durability and quality of the goods to be far above the average and the prices away below the average.

J. J. Turner and Sons have a name to sustain and they are duly sustaining it. A call on this reliable establishment before paying large expenses to go to so-called bargains in the large cities will be convincing.

R. R. HALL, M.P.
1st Vice-President Peterborough Cereal Company.

H. P. KENNEDY.

H. P. Kennedy, live stock dealer, whose place of business is located at No. 240 George street in this city, is probably carrying on the largest and most thriving business of its kind not only in Peterboro but in the Province. Mr. Kennedy ships live stock to various points throughout Canada and the United States. Large shipments of hogs are made to Montreal, Hamilton, and Ingersoll, as well as various other parts of the Dominion. Large shipments of cattle are made to the United States and also to the cattle market in Toronto. In connection with the live stock business, Mr. Kennedy conducts an up-to-date and well appointed meat, pork and provision store in which he does the largest business of its kind in Peterboro and is patronized by our best families, who are loud in their praise of the attention and service they receive at this well known establishment. Those who wish to do so can leave orders by calling up Telephone No. 275 and all orders will receive prompt attention.

PARKER'S DYEING AND CLEANING WORKS

This well known institution, with works and office at 177 Charlotte street, was established over 20 years ago by Mr. A. Parker, and its name stands synonymous for "High class work" only. The business of dyeing and cleaning requires exceptional skill and the application of scientific principles, which qualifications have secured for this establishment a firm footing in the front ranks of Ontario's

J. J. TURNER & SONS.

E. H. MANN.

Mr. Mann's Peterboro Planing Mill, situated on 165-167 Dublin street, presents a very busy appearance these days. On account of the rapid growth of Peterboro and the consequent demand for lumber and building material, this planing mill is compelled to manufactures doors, sash, blinds, office fittings and building supplies, and all his products are made from fine quality lumber. He has in stock a large variety of close-grained woods, mouldings, balusters, rails, newel posts, etc., for finishing work, and also the best stock of building lumber of all kinds, in both soft and hard woods. In addition to his planing mill, Mr. Mann also operates a Cheese Box and Veneer Factory. Custom lumber and shingles are cut to your entire satisfaction.

Although comparatively a young man, Mr. Mann has achieved a wonderful success in his business enterprise, which may be attributed to his great business energy and strict attention to the wants of his customers.

R. HICKS & CO.

The most extensive fuel dealers in Peterboro are the enterprising firm of R. Hicks & Company, whose yards and offices are located at Murray and Bethune streets, where the entire block is devoted to this purpose. The stock of coal and wood kept by this company is very large, and includes all grades of this description. They are large importers of hard and soft coal and their purchases of wood are on an extensive scale. Accordingly, they are in a position to quote remarkably reasonable prices to their customers, who benefit by the low prices at which the firm are enabled to purchase at wholesale in such large quantities.

Messrs. R. Hicks & Co. also keep a large supply of builders' supplies, tiles, cement, lime etc. The company is also agent for the celebrated Philip Carey roofing. Although this company have been in business only a few years, by dint of square dealing and satisfactory business-like methods they have succeeded in getting a large retail trade.

W. F. NELSON & CO.

The firm of W. F. Nelson & Co, 197 Water street, Peterboro, began operating as New York Stock Commission Agents, September 1st, 1900, and have had marked success. Although strenuous opposition has been met with in Peterboro, Messrs. W. F. Nelson & Co. enjoy the honor of being the sole remaining firm doing business direct over private wires to New York, through Messrs. J. R. Heintz & Co. of Buffalo, a firm established in 1879. The business of W. F. Nelson & Co. was organized with a view to executing the orders of investors as of operators in stocks. Having no prejudices nor preferences in relation to special securities, all efforts on their part have been to discover what is most profitable for investors, having due regard to safety.

This firm is too well and too favorably known to require any introduction to our readers. The firm enjoys the confidence of business men both in this city and elsewhere. W. F. Nelson, the manager, is a member of the Toronto and Montreal Exchanges. Orders received from investors for purchase of stocks must be accompanied with a deposit commensurate with price of stock ordered to be delivered. No securities are transfered to name of customer unless full amount be paid.

Information required, regarding any New York stock securities, will be cheerfully given at all times. The securities markets are practically the pulse of the financial world, therefore all eyes are centered thereon and news pertaining to such is valuable. This can be obtained at 197 Water street.

In addition to the Stock Commission business, Messrs. W. F. Nelson & Co. conduct a very large and rapidly growing Real Estate Commission business. As all their business is conducted solely on commission basis, they always endevor to further the interests of their customers.

ORIENTAL HOTEL DINING ROOM.

ORIENTAL HOTEL BAR.

FANNING'S STEAM LAUNDRY.

This is, perhaps, the most up-to-date laundry in the city, and is noted for doing fine work and turning out quick orders. Particular attention is paid to commercial men and theatrical companies. With their new method they can do first-class work, and turn out

orders in less than four hours, and not tear or damage the goods. Mr Fanning, the genial proprietor, in addition to his laundry, also cleans and presses clothes and makes them look like new. The laundry is located at 236 George street, and their telephone number is 93. Give him a trial and be convinced that your work will be done in an entirely satisfactory manner.

PETERBORO LAUNDRY

This establishment is Peterboro's biggest and leading laundry, employing a large and competent staff of laundrymen and laundrywomen, and fitted throughout with nothing but the most improved up-to-the-hour machinery. The business was established many years ago by Mr. A Parker, and grew apace with the town, until today, under the exclusive control of its present capable and energetic proprietor, Mr. W. P. Hetherington, for 11 years Mr. Parker's superintending laundryman, it has developed into a first class "City" laundry in every respect. "Quality" is this institution's trade mark, while its capacity is practically unlimited. Prompt and careful attention is given to all work, either large or small, and the management's collecting and delivering system is a model of perfection. Each department is under expert supervision, and every 20th century laundry improvement adopted to assure the best possible laundering and to avoid regrettable mistakes and accidents. This well known and modern "white" laundry has several branches in Ontario, while its Peterboro works and office are at 179 Charlotte street. Mr. Hetherington is now making a specialty of flat work, which he is prepared to handle on a large scale, and the public can rely on a continuance of those definite principles of correctness and courtesy which have firmly established the Peterboro Laundry in an enviable place in the laundry world.

B. SHORTLY.

Located at No. 273 George street is the well known harness making establishment of Mr. B. Shortly, who is well and favorably known not only to Peterboro residents but also to the farmers and country folk. All work turned out from Mr. Shortly's establishment is famous for the fine workmanship executed, together with the low prices which prevail make a visit to this famous store a pleasure as well as a money saver.

Mr. Shortly's complete stock of harness, saddles, whips, trunks, valises satchels, blankets, robes, mitts, and gloves are unexcelled in Peterboro.

At this time of year horsemen undoubtedly are contemplating the purchasing of something in this line, and a visit to this store is sure to please

W. LECH & SONS.

The name of Lech is synonymous in this city and vicinity for reliable work and highest grade goods. The house of Lech, as fur importers, dealers, manufacturers and general experts in furs of high grade, was established in this city about 50 years ago. During this half century thousands of our local citizens, and many from great distances, have kept constant patrons of this establishment, actuated thereto by universal satisfaction in every purchase.

Messrs. Lech have a wide connection with the large European fur markets, a member of the firm going every year to Leipsic, St. Petersburg or other great fur centres. The two young men, now carrying on the business, have had a most thorough training in every detail and branch of the business. Their experience, gained during lives totally spent amid the environments of fur and its manufacture, has served a useful purpose in gaining them the universal faith of the fur buying public.

THE MONTREAL STANDARD

(Toronto Globe, November 11th.)

The marvellous success of the Standard, the new national illustrated weekly of Montreal, is a matter of which all Canadians can very well feel proud. The Standard commenced publication on the 23rd of September, and in a few weeks occupies a position rarely attained by any paper in any part of the world in the same space of time. The Standard has come to the front through genuine merit. Everybody seems to buy the paper, and everybody is delighted with it, because the paper has rare merit in all departments. The Standard is highly prized by the best class of advertisers, who through its columns reach an enormous constituency of a most desirable class. The Standard is not an ephemeral paper, to be read and thrown away, but after being read is sent to friends at a distance. The postoffice reports that the number of Standards passing through it each week is incredible, running into tons weight.

E. F. MASON.

Prominent among our many fine grocery shops of this city are the two fine establishments owned by Messrs. E. F. Mason & Co. Mr. Mason is a strictly practical man in his line of business, having been engaged in the grocery business since childhood.

The firm of E. F. Mason & Co. is incorporated, such enlargement being compelled by the enormously increasing volume of their business. The premises occupied by the firm are spacious, consisting two stores on George street, each of the highest grade, Mr. Mason is enabled to purchase in the world's markets under more advantageous circumstances than a smaller store.

What the company gains by a more comprehensive choice of fine goods, and by discounts saved their customers save. Mr. Mason is one of Peterboro's most ambitious and enterprising merchants, and his fast increasing business shows the intelligent application the genial Alderman gives to all branches of his two establishments.

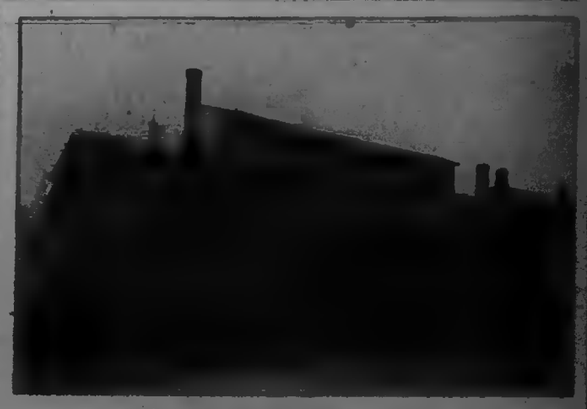
ORIENTAL HOTEL

Peterboro has for many years been a common centre for thousands of summer visitors from every part of the continent, as well as a favorite stamping ground for commercial travellers.

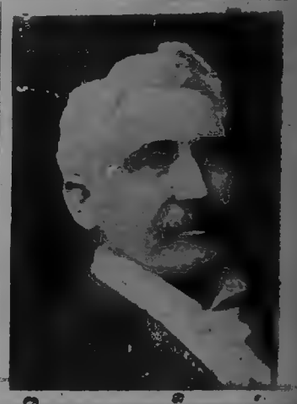
To ascertain the best fitted and furnished hotel in any town or city, one naturally consults a traveller, whether comercial or otherwise. Among the thousands of visitors to this city during each year, the almost universal opinion, openly expressed, is that the Oriental Hotel, owned by Mr. G. N. Graham, a well known advocate of all sports, is the most comfortable, commodious, and best equipped house in Peterboro. The rooms are large and clean, the cuisine, under the management of a son of the proprietor, is equal to any found, whilst the courteous treatment of all visitors by Mr. "Chris." Graham, who looks after the office end, is proverbial.

SODEN'S BOOKSTORE

One of the most recent and already successful bookstores in this city is that opened last month by Mr. Soden, on Hunter street, opposite the Post Office. Mr. Soden is a young man thoroughly well posted in the book and stationery business, and starts under especially favorable auspices. He is an old Peterboro boy, with many personal friends in the city, and has the further advantage of having an absolutely new and complete stock, chosen from Canada's best wholesale houses. Mr. Soden has already obtained a large slice of Peterboro's patronage.



G. WALTER GREEN'S MACHINE SHOP.



W. H. MELDRUM.
Managing Director Peterborough Cereal Company.

PERKINS, INCE & CO.

"WHOLESALE GROCERS."

Sailor Boy Extracts and Baking Powders. Tomato Catsups.

These goods are most attractively put up and are absolutely the best that money can purchase at the price.

Also in Store

A most complete stock of every kind of groceries suitable for Christmas needs.

Courteous treatment. Prompt shipment guaranteed. The trade is invited to come and inspect our stock. Letter orders solicited. Wholesale only.

JOHN CAMERON, Manager.

C. N. BROWN.

Probably one of the best known and popular merchants of this city is Mr. C. N. Brown, whose large and well patronized flour and feed store is located at No. 13 simcoe street. The genial proprietor also deals in coal, and has the patronage of a large number of our leading citizens.

Those who require anything in this line should give Mr. Brown a call, and they are bound to receive the very best value for their money, as well as receiving every courtesy and marked attention from the proprietor.

GEMMELL'S CORSET FACTORY

One of Peterboro's successful and unique factories is that conducted by Mr. Gemmell at 70 Charlotte street. Mr. Gemmell is an ambitious and thoroughly practical business man. He had, since childhood, devoted all his time and work at the corset manufacturing business. Mr. Gemmell is acquainted with every detail of the factory, from purchasing the raw material to making up any desired quality or make of corsets. All corsets issuing from this factory are made right on the spot, under personal supervision of the proprietor. One advantage of corsets made by Mr. Gemmell is that they fit better and outwear those usually bought in shops.

G. WALTER GREEN.

One of Peterboro's thriving firms is G. Walter Green's Foundry and Machine Works, manufacturers of machinery, improved wood and iron pumps, windmills, tanks, washing machines, hand feeders, etc. Mr. Green recently erected a fine addition to his foundry, and, with the first-class mechanics he employs, he is prepared to execute promptly and satisfactorily saw and shingle mill machinery. He is giving this class of work his special attention, and with the ambition and painstaking interest in his business, so characteristic of Mr. Green, we predict a huge success in this new venture. He also supplies first-class castings, and repairs all kinds of agricultural implements. Mr. Green's foundry is situated on McDonnel street, west, near Park street.

W. H. COLLIER.
Secretary Peterborough Cereal Co.

ST. PETER'S CATHEDRAL

THOS. BARRIE & CO.

One of Peterboro's finest stores is that of Mr. Thomas Barrie, on the corner of George and Simcoe streets, who carries on a business of furs, hats and furnishings. Smart and fetching are more apt to creep into furs than almost any other business. You can't trust your eyes—it must be a case of trusting the store. That Mr. Barrie has inspired confidence into the citizens of Peterboro is evidenced by the continually increasing sale of his furs and furnishings, of which he has an exceptionally fine stock. He will help you with expert advice to satisfactory choosing, and guarantee every article to be precisely what he says. For instance: he won't tell you that electric seal is seal, when it's French rabbit, and he won't tease you into buying something you don't want. The emphasis of this business is absolute satisfaction, and the only way he can be sure of that is to be sure of his goods. Mr Barrie carries a varied stock of furnishings, which are the best that can be had in Peterboro.

JAMES T. STENSON.

Mr. James T. Stenson's well known boot and shoe establishment is located at No. 464 George street. Mr. Stenson carries a large and complete stock of boots and shoes, among which are all the latest and most up-to-date styles. A large and assorted stock of trunks and valises are also carried in stock, and, as always, sold at reasonable prices. Special bargains are putting at this place at this time during the holiday season.

H. B. McBAIN

One of the well-known insurance men in and around Peterboro is Mr. H. B McBain. Although but a young man, Mr. McBain has acquired an enviable position in the insurance field, being district agent for the Imperial Life Assurance Company, one of the most prosperous financial institutions in the Dominion. Its success may be attributed to its financial connection and prudent management, and perhaps of greater consequence, probably, than anything else, are the very desirable terms of the policies issued.

Mr. McBain carries on a general insurance business at 146 Simcoe street, and by his energy and push has created an extensive business.

BANK OF MONTREAL

One of the foremost financial institutions in this country is the Bank of Montreal, and the Peterboro branch is among its most important and progressive offices. The manager of the Peterboro branch is Mr. A. Bradley Walmsley, who enjoys the highest reputation, and whose ability has done much to make the success of this branch as great as it undoubtedly is. The business of the Peterboro branch is derived not only from this city alone, but from territory for many miles around, and its business is constantly increasing.

The Bank of Montreal is situated on the corner of Water and Simcoe streets in well equipped offices, and Mr. Walmsley has surrounded himself with affable and energetic assistants, who take delight in pleasing their customers and any who may have business dealings with the bank.

In every respect the bank's annual statement discloses a position of the most substantial and prosperous nature.

A general banking business is transacted at this branch. Accounts of business men, farmers and corporations are handled on the most favorable terms. The highest current rate of interest is allowed on deposits, and depositors may be well satisfied with the absolute security afforded.

BANK OF NOVA SCOTIA

This excellent banking institution has one its branches located in Peterboro for nearly a year and during that time the bank's branch has steadily increased its business and popularity.

Mr. J. H. Ferguson, the well known manager of the branch at Peterboro, has done much to advance the affairs of the bank, having at all times an untiring and energetic disposition to do his utmost for its advancement. The Peterboro branch is located on the corner of George and Charlotte streets, and occupies a large and commodious office. A general banking business is transacted and in the savings bank department deposits of one dollar and upward are received and interest allowed thereon. The branch in this city has found ready favor with our citizens, who wish it every success and prosperity and extend their cordial wishes for its further prosperity. The branch has a courteous and hard working staff, who are always on the alert to assist depositors and patrons who transact business within its domain.

city, and every care and attention is shown to depositors and those transacting business at this well known financial institution.

Mr. Crane has surrounded himself with a large and courteous staff, who are well known for their affability and attention to people doing business at this banking house.

The Ontario Bank is one of the foremost financial institutions of the country, and the Peterboro branch is a progressive and prosperous one. The business done is very large and is steadily increasing.

The head offices of The Ontario Bank is in Toronto, and Mr. C. McGill is general manager.

CANADIAN BANK OF COMMERCE.

The Canadian Bank of Commerce, under the local management of Mr. D. Hughes Charles, is comfortably located in an up-to-date building on the corner of Water and Hunter streets. The Peterboro branch is one of the busiest of this great financial institution. The business done is large and is steadily on the increase. A general banking business is transacted.

In connection there is a savings bank department, where deposits of $1 and upwards are received and interest allowed thereon.

DAVIS-THOMPSON CO., LTD.

This well known company is located at No. 453 George street, and is carrying on an extensive insurance and general agency business. Among the various companies this firm represents in Peterboro may be mentioned: the Canadian Express Co.; Q. S. W. Telegraph Co.; Royal Insurance Co.; Western Assurance Co.; Guardian Insurance Co.; Atlas Assurance Co.; London and Lancashire; British America Assurance Co.; Manitoba Insurance Co.; New York Underwriters Agency; Montreal-Canada Insurance Co.; Boiler Inspection and Insurance Co.; Alliance; Aetna; Phoenix of Brooklyn; Home Insurance Co. of New York; Imperial Guarantee and Accident Insurance Co. of Canada; Canada Accident Assurance Co.; London Mutual Fire Insurance Co., and Lloyd's Plate Glass Insurance Co.

Mr. A. L. Davis is President and W. J. Thompson is Vice-President and local manager. The business was established in 1858, being successors to Cox and Davis. By the above list of substantial insurance companies it can be readily understood that Davis-Thompson Company, Limited, can issue insurance policies to cover a risk of any nature and in any amount. They make a specialty of insurance on the larger manufacturing establishments of this and other cities.

W. H. CLUXTON.

One of Peterboro's oldest and highly respected citizen is Mr. Wm H Cluxton, who is conducting a general insurance business at 1341-2 Hunter street. Mr Cluxton represents some of the most solid and prosperous insurance companies in the land and can issue policies to cover practically any risk. He has been in business for many years and by his integrity and business-like methods has increased his business very extensively, inspiring his patrons with unfailing confidence. Mr Cluxton's business is not only confined to the city of Peterboro but for many miles surrounding this city. He greatly deserves the success which he has attained.

Y. M. C. A.

The Young Men's Christian Association is one of the leading institutions of Peterboro, and it is needless to say that the association is keeping up the good name so nobly won and sustaining the cause it advocates. The building on George street is a handsome red brick structure and is a great boon to our city. The association in Peterboro was incorporated in 1889 and has enjoyed nearly fifteen years of prosperity.

The officers of the association are: E. B. Edwards, President. J. C. Shook, 1st Vice-President. J. J. Howden, Treasurer.

all are profuse in their praise for the service extended to them while staying there.

Mr. Lawless is well known to many Toronto people, he having formerly managed the Toronto Lampton Golf and Country Club, the best and most modern club in Canada. This genial proprietor has had a wide experience in hotel work and management, and this along with his affable nature makes him extremely popular.

BANK OF OTTAWA.

The Bank of Ottawa, whose handsome and attractive office is conveniently located on George street, a few doors above Hunter street, is the latest financial institution to open a branch in Peterboro and it is a matter of considerable comment the extensive business the bank has secured in so short a time. The branch in this city is under the management of Mr. A. Hollingshead, a gentleman of energetic business ability.

A general banking business is transacted and in the savings bank department deposits of one dollar and upwards are received and interest allowed thereon. The local branch has a courteous staff and it is safe to say that no other banking institution in our city gives greater consideration and attention to its patrons than this well known and successful banking house.

The public welcomes this new branch to Peterboro and wishes it every success and prosperity.

LITTLE LAKE CEMETERY.

W. A. SANDERSON & CO.

This old established jewelry firm is located at 367 George street, and is one of the largest stores of its kind in the city. They carry an excellent stock of the widest variety, including numerous gems of great cost and beauty.

largest variety of artistic and valuable gems found in the city. Mr. C. E. Frost, the young proprietor, purchased the business a short time ago, and the rapidly increasing trade speaks well for his able management. He has had a wide experience in the jewelry business, is a practical watchmaker, and for a number of years he travelled for good houses, thereby gaining a knowledge of prices and quality, which is extremely valuable to himself and to his customers, who benefit by his ability to purchase to the best advantage.

Diamond Hall is situated at 349 George street, which is very centrally located, and the interior fixtures of the store are of the handsomest in Canada. The show cases are well stocked with every description of jewelry and art. Diamonds of the purest water, rings, brooches, bracelets and other articles sparkling with jewels are there in abundance. He also carries a large variety of art goods and exquisite chinaware.

R. WESCOTT.

At this busy season of the year, when people are thinking about buying rich Christmas presents, and there is nothing nicer, more comfortable or acceptable than something nice in foot-wear,

Mr. R. Wescott, with a new boot and shoe store is located at No. 423 George street, is well known to all our citizens, both young and old, this gentleman having been a resident of our city. His fine new store in Simcoe Mansion is one that calls attention to all, and those who call on Mr. Wescott can be pleased, as they will receive every attention from the genial proprietor and can also rely upon the highest quality of stock as well as moderate prices.

Mr. Wescott, at the present time, is doing a specialty of the Cat Boot, manufactured in Montreal, and will shortly add a large and fine stock of the famous Keith shoe.

Mr. Wescott has had a long and successful experience in the boot and shoe line and if any one can show how to conduct an up-to-date boot and shoe establishment it is certain this enterprising merchant does.

For Christmas the proprietor is making a specialty of fancy felts for slippers, etc., also carrying a large stock of ladies' and children's goods.

Mr. Wescott, in his new enterprise, has the very best wishes of The Times for his success and prosperity. Prices [illegible] satisfaction guaranteed.

F. MASON.

An inviting spot to spend a few moments with pleasure and profit is at Mr. Francis Mason's Floral emporium, located at the corner of Water and Brock streets. In addition to the choice flowers grown by Mr. Mason, he is an extensive importer of seeds and bulbs of every description. The lavish display of cut flowers found at his store, in such large varieties, are always fresh, which make buying a pleasure. Mr Mason also has some choice vegetables which he imports with his flower seeds from growers in England, Germany, the United States, and France. He gets all sorts of Dutch bulbs from Holland, and Azaleas, palms and other plants from Belgium.

Visitors are at liberty to inspect his green-houses at any time, and the genial Mr. Mason and his assistants will be pleased to show visitors around. Wedding bouquets, table decorations, and floral designs are artistically made up to suit all occasions.

C. A. KELLY.

Mr. C. A. Kelly, the genial proprietor of the City Grocery, is well and favorably known among a large Peterboro clientele. His large store is located on the west side of George street, nearly opposite the market. The stock of the City Grocery is large and in good taste, and for choice table delicacies and supplies his provisions cannot be excelled.

In addition to the extensive grocery business, Mr. Kelly also has a wide and spirit department, and has always in stock the best brands of choicest liquors, at the most reasonable prices.

Mr. Kelly's trade is steadily increasing. His grocery department contains everything to suit the wants of the most exacting customers. He carries [illegible] for table use, and all groceries offered for sale at the City Grocery are fresh and carefully [illegible].

LINDSAY & MIGHT.

This old established insurance and real estate firm, of which Mr. Wm [illegible] is the head, is located at No. 324 George street. They carry on a general insurance agency, issuing policies on fire, plate glass, burglar, guarantee, accident, etc. They represent some of the best non-tariff insurance companies that cover almost any kind of risk at moderate rates. Mr Might also carries on an extensive real estate business, and has building lots and houses for sale and to rent in all parts of the town.

Mr. Might has been in business in Peterboro for a great many years and is one of the city's best known and highly respected citizens. He has always been upright in his business dealings and his clients have the utmost and assurance that all business placed in his hands will be satisfactorily attended to.

W. H. HILL.

One of the best known insurance men in and around Peterboro is Mr. W. H Hill, whose offices are at 150 Hunter street. He can issue life, fire, accident, plate glass and guarantee policies in some of the very best companies. Mr Hill is the manager for Central Ontario of the Sun Life Assurance Company of Canada, the company that, according to the Canadian Government Blue Book, is doing the most extensive business of all Canadian life assurance companies. The causes which have contributed to this success have been numerous. Its influential connection, its prudent management, and the great care exercised in the selection of its risks have been important factors; and today the company occupies an enviable position among the solid and prosperous financial institutions of the Dominion.

Mr. Hill is an old and highly respected citizen of Peterboro, and well deserves the success he has attained.

THE ONTARIO BANK.

The magnificent branch of the Ontario Bank in Peterboro is located on the corner of Water and Simcoe streets, and is under the capable and energetic management of Mr. John Crane, a gentleman who is well known in financial and business circles, and a man who, through his untiring efforts, has brought this branch up to its present high standard. This office is one of the oldest branches

JOHN CRANE.

of the Ontario Bank, having been established here nearly forty-five years. A general banking business is transacted, besides having in connection a savings bank department where deposits of $1 and upwards are received and the highest rate of interest allowed thereon.

The bank building is conveniently located to the business portion of the

AMERICAN CEREAL CO.

Five years ago a large tract of unoccupied property, known as the Dickson Estate, was procured, and the erection of the above plant was begun. At that time the people of Peterboro did not realize that what then looked like a rough, undesirable tract could in a short period be so improved by immense buildings that today these same people look on this property with pride, and well they may. The buildings represent a length of four hundred (400) feet on the river side and are now being extended another one hundred feet, making a total length of five hundred feet. In addition to this line of buildings there are two other immense buildings, as shown in the cut, one being a structure with a capacity of over one half million bushels grain. This storage will undoubtedly be increased several fold on the completion of the Trent Canal, in order to take care of the grain coming to the plant in barges. Looking to this end the river from Hunter Street to the railroad bridge is now being dredged.

The plant is electrical throughout, employs between 175 and 200 people and consumes yearly approximately (5,000,000) five million bushels oats for Quaker Oats, and (1,000,000) one million bushels wheat for Aunt Flora's, also a very large quantity of other grain used in the manufacture of their well known feeds.

The principal product is Quaker Oats, The World's Breakfast Food, the food that made Peterboro famous. Quaker Oats is shipped daily in carlots to all parts of the world, and is as well known abroad as at home, due entirely to the fact that it represents the highest degree of perfection as a breakfast food—indispensable to health, happiness and economy, and produces "The smile that won't come off."

The following are the principal brands:

Cereals—Quaker Oats, Pettijohn Breakfast Food, Spitz "The Best Food," Quaker Puffed Rice, Saxon Oats, Bairn's Oats, Victor Oats, Muskoka Oats, etc.

Flours—Quaker Manitoba Flour, Ivory Manitoba Flour, Acco Manitoba Flour, Otter Manitoba Flour.

Feeds—Victor Feed, Banner Cattle Feed, Vim Oat Feed, X Oat Feed, Bran, Chop, Cow Bran, Mill Cow Shorts, etc.

THE NATIONAL HOTEL.

Located on the corner of Charlotte and Water streets is the National Hotel. Mr. J. A. Lawless, the proprietor, is one of the most popular hotel men in Eastern Ontario, and he is well sustaining his reputation for conducting a first-class house.

The hotel is nicely situated and overlooks the Otonabee River. Everything at this house is strictly up-to-date. The rooms are large and airy and the dining-room is the feature of the house, and the proprietor always has his tables well supplied with the freshest and best that the market affords.

The National is the home of commercial men when in Peterboro, and

FRED A. CLARKE

F. A. CLARKE.

To enjoy the distinction of being not only the youngest business man in Peterboro, but to be one of those who stand at the top of the ladder as far as successful prosecution of the business is no small honor. Mr. Clark, the enterprising manufacturing furrier, started in business in 1898, purchasing the business from A. H. Melville & Co., and in the five years his trade has increased four-fold.

The store is situated at 351 George street, and is a very attractive one. He has recently installed a most modern cash register. Mr. Clarke has in stock, besides his large variety of furs, an extensive line of gentleman's and children's headwear, and uniforms for sporting associations, and this branch of the business is also rapidly increasing. Fair dealing and good quality have resulted in this large expansion of trade. The proprietor of the store makes it a principle to conduct his business on a cash basis, and return the purchase price for any goods not satisfactory, which he very seldom is called upon to do. Personally, Mr. Clark is one of the most popular young men in the city, and is affiliated with the various sporting organizations. He is also an officer in the 57th Regiment, Peterboro Rangers.

F. J. R. MITCHELL.

The popular grocery establishment of F. J. R. Mitchell is located on Hunter street and is one of our leading grocery and provision houses. Mr Mitchell enjoys the patronage of some of our best families, he carries a large stock of choice family groceries and provisions, butter, eggs, canned meats, flour and feed; choice blended teas and excellent coffee are amongst the specialties handled by this energetic business man.

At this time of the year, when families are looking for everything that is first-class in the way of provisions for Christmas-tide, they should visit this progressive merchant.

Mr. W. E. Watson, the manager, has had a wide experience in this line of business and is capable of giving his customers the best value for their money.

The goods are invariably high-class and the prices are surprisingly reasonable. Diamonds of exquisite lustre are set into most handsome rings for ladies and gentlemen. Other gems sparkle with emeralds, rubies, sapphires, opals and other brilliant stones. Brooches, bracelets and other articles of jewelry are shown in great variety.

A department of the store is devoted to beautiful china and works of art, the product of some of the most famous makers. There may also be found glittering cut glass, beautiful Canadian souvenirs, and a great variety of clocks, high-class cutlery, etc.

The optical department is given their special attention. Eye glasses and spectacles are provided to suit any defect of vision. Field glasses, telescopes and other goods are in great variety.

ALEX GIBSON.

Mr. Alex Gibson, the leading jeweler and optician of Peterboro and a man who is known throughout the community, has his place of business located at No. 361 George street in this establishment can be found everything in the way of silverware, watches, rings, fancy china, souvenirs and cut glass ware. Mr Gibson is one of our esteemed citizens, a kindly and affable gentleman, and a resident who has long won favor in this territory. At Christmas time, when all are looking for gifts for friends far and near, they should not fail to call upon Mr Gibson and look over his large and attractive stock. The prices charged are certainly fair and the goods above comparison.

C. E. FROST.

Diamond Hall is no doubt one of the most handsome jewelry stores in Peterboro and is stocked with the

VOL. XXXIII, NO 48 PETERBORO, ONTARIO, MONDAY DECEMBER 11, 1905. PRICE TWO CENTS

SEVEN TORONTO PLUMBERS FINED

Robert Ross, $300; R. W. Harrison, $250; G. H. Cooper, $250; J. J. McKittrick, $250; J. H. Wilson, $250; Fred. Armstrong, $300; W. Mansell, $500.

Toronto, Dec. 9.—"No one guided by conscientious honesty would have done the things you did." Mr. Justice Clute told eight master plumbers this morning, in convicting them of having conspired to restrain trade.

Fred. Armstrong, J. H. Wilson and J. J. McKittrick were first called to the par. Wm. Mansell is away. These four pleaded guilty to conspiracy with Union 46. Asked what they had to say Mr. Riddell replied for them that they had the opinion of eminent counsel that what they did was not against the law, but they knew this was no excuse and threw themselves on the mercy of the court.

In reply to his Lordship, Mr. Riddell said the Master Plumbers Association's fine, imposed last night by his Lordship, had been paid.

The Supply Association had not paid theirs up to noon.

A DISTINCT OFFENCE.

Mr. Justice Clute, addressing the defendants, pointed out that anything he did or any restitution of the bonuses, as Mr. Riddell said was being done, could have no effect on any proceedings taken or to be taken in regard to the matter. That was a distinct offence for which a very different punishment was provided than he was going to impose. As to the legal opinion given no reputable lawyer, with a full knowledge of the facts, as now disclosed, would have advised any such course as was taken by the association and the defendants.

"It may be," said his Lordship, "that the sentence I am about to pronounce errs on the side of leniency."

DELIBERATELY BROKE LAW.

"You three were largely instrumental in what was done by the Association. I have read the minutes and find no extenuating circumstances in that regard. You have placed yourselves in the position of persons who have deliberately and continuously broken the law. It may be that you were not aware of the fact that the law bound you, but no persons guided by conscious honesty would have done the things you did. While I have determined to make the sentence light it is not to be considered a precedent in any cases that come before me."

R. W. Harrison, G. H. Cooper and P. J. Hayes were next called forward. Mr. Ross is ill. . . s for reasons which the Judge . . . satisfactory to himself and the Crown Counsel was allowed out on suspended sentence.

The Crashley case was postponed until next assizes.

PRISONERS TO RETURN

Japanese Soldiers Captured in the Late War to be Returned

Montreal, December 8.—The Japanese Government are about to bring back from Russia the Japanese soldiers captured by the Russians in the late Russo-Japanese war, and it is announced that the Japanese Government has made arrangements with the Dominion Line of Steamships to convey these soldiers home.

The steamers chartered are the Vancouver and the Cambroman, and it is stated they will carry the men on a basis of payment of 7s. 6d. per ton gross per month.

Figuring on this scale the Cambroman will earn a little over, and the Vancouver a little under £2,000 per month for the Dominion Line. The vessels will proceed to Hamburg to receive their passengers.

ARE NOT HOODWINKED

Canadians Said to be Awakening to Connection Between Protection and Combines

London, Dec. 9.—The Liverpool Post says: "A wholesome object lesson is afforded in Canada for so-called tariff reformers whose intellectual sight has not yet been dazzled by the surrounding brilliancy of the halo with which they have invested the great agentic of protection." Referring to the combines the Post says that when a powerful combine undertakes the task, that task is pretty thoroughly done. Therefore, it is quite a logical conclusion that in Toronto the threatened trusts have made a corner in lawyers an expensive luxury which seventy big associations centered in the city can afford easily enough. Perhaps the connection between protection and combines may not be clear to everybody but the facts about leather trusts should suffice.

The Montreal Herald's comment on a "Circular about Sole Leather," is then quoted.

"Fortunately," says the Post, "Canadians are rousing up to the evil of inflated prices, and are not hoodwinked by the 'high wage' fable."

SHOCKING TREATMENT

Insane People Sleep on Benches and Floors With Consumptives

Philadelphia, Dec. 9.—The advisory committee appointed by Mayor Weaver at the suggestion of Dr. W. M. L. Coplin, director of the Department of Health and Charities to make an investigation of conditions in the insane department of the Philadelphia General Hospital, submitted a report last night which shows a condition in the almshouse that is characterized as "shocking" by Dr. Coplin.

The report says there are 1,800 patients in the insane department whereas there are accommodations for only 900. There is an utter lack of clothing, and many patients are compelled to remain in bed because they have no clothes to wear. Some have to remain in bed while their clothes are being washed. In one ward 116 patients out of 125 were without underclothing, and night clothes are also scarce. The report also says that the place is so crowded that patients have to sleep on benches and on the floor, and that tuberculosis patients are not separated from the other inmates.

UNION SLUGGERS

Sensational Trial is Now on in Chicago

Chicago, December 9.—The trial of Charles Gilhooley, who is declared by the State Attorney to be a hired "slugger" for the murder of Charles Carlstrom, has commenced. It required two weeks and the examination of 5,000 veniremen to complete the jury.

Charles Meller, former President of the Carriage and Wagon Workers' Union, was the first witness. He declared that at a meeting of the officers of the union over which he presided, the statement was made by one of the officers that Gilhooley had approached him with the proposition to "slug" nonunion men who had taken the places of the members of the union then on strike. The question of hiring Gilhooley was voted upon and unanimously adopted. A voucher for $50 was made out and the witness signed it, the money, he said, to be used to pay Gilhooley.

MISSION WORK OF ST. PAUL'S

Great Interest Taken in Spreading the Gospel

THE ANNUAL MEETING

Of the Women's Foreign Missionary Society of St. Paul's Church

The annual meeting of St. Paul's Auxiliary of the W.F.M.S., was held in the school room of the church on Friday afternoon. Decembar 8th. There was a good attendance, one hundred and twenty-five ladies being present.

The president, Miss Dickson, occupied the chair. After the opening exercises and prayer offered by Mrs. Robert Hall, the president gave an earnest address, dwelling on our responsibility, the need of earnest watching unto prayer, and how by prayer, we may be kept in touch with all lands and people.

The annual report was then read by the secretary, Miss Hall, and the financial statement given by Miss Kilgan, treasurer.

Miss Ethel Best presented the report of the Fraser Mission Band, and Miss Mattie Robertson, the Faithful Workers' report, both of which were most encouraging and satisfactory.

Mrs. Fife moved the adoption of these reports.

Mrs. Sinclair, of Fenelon Falls, gave a most interesting and helpful address, taking as her subject, "The Benefits accruing to us from Membership in Our Society." The speaker dwelt on the thought, that we are benefitted, socially intellectually, and spiritually. Intercessory prayer is a very vital part of our spiritual life, self-denial the key-note of service to Him, and the truest and best success is doing and being our best,—closing with the thought that we are responsible not for results, but, for efforts.

This address was greatly enjoyed by all who had the pleasure of hearing it, and a most hearty vote of thanks was tendered Mrs. Sinclair by Mrs. Torrance and seconded by Mrs. Carmichael.

Miss Weir read a most comprehensive and instructive paper, taking as the title, the two last lines of Tennyson's "In Memoriam:"

"The one far-off divine event
To which the whole creation moves."

Miss Mason sang a solo most acceptably while the offering was being taken. Mrs. McPherson offered the dedicatory prayer and the meeting was closed with the benediction offered by Dr. Torrance.

ELECTION OF OFFICERS.

The following officers and Executive Committee were elected for 1906:

Hon. Pres.—Mrs. Fairbairn.
Pres.—Miss Dickson.
1st Vice Pres.—Mrs. Rogers.
2nd Vice Pres.—Mrs. Torrance.
Secretary—Miss Hall.
Treasurer—Miss Kilgan.
Lit.-Sec.—Miss Bertha Brown.
Literature Secretary—Mrs. Fairbairn.
Supply Secretary—Mrs. Carmichael.
Mission Band Secretary—Mrs. Hall.
Press Secretary—Mrs. Hall.
Auditors—Mrs. Hall and Miss Kilgan.
Executive Committee—Mrs. Robert Hall, Mrs. W. G. Ferguson, Mrs. Fife, Mrs. Alex. Gibson, Mrs. Turner, Mrs. McKee, Mrs. Shook, Mrs. Hill, and Miss Cameron.

ANNUAL REPORT.

In reviewing the work of our Auxiliary during the past year, we would express our gratitude to our Heavenly Father for the way in which He has led us. We find much to encourage us to renewed effort during the coming year, and imagine us to attempt even greater things for Him, whose we are.

Our work has gone steadily on, the meetings have been helpful, interesting and instructive. In September, we finished the study of Rev. Christmas, and have now taken up Div. Christmas a study of Japan. We find that this systematic course of study has greatly increased the interest in our meetings, excellent papers have been prepared and read, and an interest created in the missions of the world that hitherto was not felt.

Our total membership is 109; of the Auxiliary 49 are members of the General Society and 18 are life members. The average attendance remains the same as last year 53.

In August a box was sent to the Indian Boarding school at Regina, containing clothing for a boy and girl for whom we had been asked to provide, also quilts and other useful articles. The whole valued at $65.04.

Our thank-offering service, held in October, was largely attended, and the contribution the largest we have ever received, amounting to $29.00.

In January, a bequest of twenty-five dollars was received from the estate of the late Mrs. Bajmer. We would express our thanks to the Stewart Settlement Sunday school for their kind donation of $4. We regret that there has been no increase in the number of subscribers to the Tidings, the number remains the same 105. In May we had the privilege of having the annual meeting of General Society held in our church, the sessions lasting for three days. The meetings were well attended and the result undoubtedly will be increased zeal and enthusiasm in the great work of the society.

At our annual meeting held last December, Miss McBean, of Toronto, gave a most helpful and deeply interesting address, taking as her subject, "Our Responsibilities and Our Opportunities in Foreign Mission Work." The speaker emphasized the magnitude of the work to be done, the need of immediate service and the promises of rich reward. This address was listened to with great pleasure by all present. Miss McBean expects to sail for China in a few days to take up mission work there.

Death has again visited our midst and two of our much loved members, Mrs. Wilmot Hamblin and Miss Lucy Reid have been called to higher services; they have passed from earthly labors, having laid down their work done for higher service in heavenly places. Witness the past few days death has taken from us an aged Christian, Mrs. Moffatt. Though bed-ridden for the past eight years and unable to be with us, we knew that at all times we had her loving prayerful sympathy and interest, as evidenced by the fact of her making herself a quilt for our North-West clothing fund and at our last thank-offering meeting she sent her contribution with a loving message. Of it may truly be said, "She hath done what she could." We would enter the new year hopefully and earnestly, praying that each member may be awakened to a new realization of his awakened to a new realization of her privileges and responsibility in this great work undertaken in His name. May our loving Heavenly Father use us more and more as He sees best, to hasten the day when all shall love and serve Him as Lord and God of all.

THE FINANCES.

Receipts ... ... P...	$499.34
Expenditure	45.05
Balance in bank	$454.31
Total number of members on roll, 102.	

ATHLETIC WORLD

BY OUR SPORTING EDITOR

HOCKEY.

The election of officers of "MacPherson's Fitters" took place Saturday evening. A very enthusiastic meeting was held in the offices of the F. R. J. MacPherson electric and plumbing establishment, for the purpose of organizing a hockey team for the coming season. The officers elected are:

President—F. R. J. MacPherson.
Vice-Pres.—W. Fogarty.
Rec.-Sec.—F. A. Simson.
Treas.—C. P. Walker.
Captain—J. W. Young.
Managing Committee—J. Staton, J. McNichol, F. A. Simson, C. P. Walker and W. Fogarty.

"MacPherson's Fitters" was the name chosen for this septette, with the MacPherson tartan for their colors. This is a very strong organization, and will find no difficulty in holding its own against all comers.

• • • •

There is talk of forming a hockey league composed of Marmora, Tweed and Stirling teams. Marmora and Stirling have organized, and if the other two towns intend having hockey teams, such a league should be formed, as the different towns are closely situated — Stirling being the hub of the wheel. The local team are quite favorable to the formation of such a league. — Stirling News-Argus.

• • • •

The line-up of the Argonauts will be about as follows: — Goal, Cochrane; point, Rafferstun; cover-point, Hamber or Murphy; forwards, Hamfield, F. Thomas, Irving (Brantford), Tremble (Picton, Robinson, (Peterboro), and there will be others.—Mail.

• • • •

The president, Mr. M. J. Hutchinson, of the City League, will call a meeting of that organization early this week. It is probable that the League will then decide the number of teams that will enter. A large number of teams will enter.

• • • •

Smith's Falls, Dec. 9.—The Record says; Harold Armstrong, who played with Peterboro when they won the intermediate championship of the O. H.A., and with the Marlboros for the last two years is coming to the Bank of Ottawa here, and will no doubt be persuaded to take a place with the seniors. He played with the Marlboros here last winter, and was the white-headed boy of the team. He went on the ice when the others got cold feet, and wanted to play the game out.

Hugh Ross, who played a star game for Shamrocks of Montreal last year, is on the Molsons Bank staff here now. He will no doubt finds place on the senior team, and will fill it when he finds it.

Of last year's team the following will be on hand at the first practice; Service, Fraser, DeLacey, and May while Smith is expected almost any day, although reports have him going to Pittsburg and slated for a place on the Senior Ottawas.

• • • •

CURLING.

A meeting of the Curling Club will be held at the Charlotte street rink to-night for the entering of rinks for the season. A full attendance is requested. Mr. Angus McIntosh, the caretaker of the rink is busily engaged in making ice and as soon as the weather turns colder the roaring game will be in full blast.

Rev. Mr. Langfeldt Gets a Present

Last week Rev. K. A. Langfeldt, rector of St. Luke's church, was waited upon by a number of the Mothers' Guild, and presented with a silver private communion service in a handsome leather case. The service consisted on three pieces—chalice, flagon and paten and bore the inscription "Presented to Rev. K. A. Langfeldt by St. Luke's church Mothers' Guild, Dec. 1905." Mrs. Harry Bennett made the presentation on behalf of the Guild. Mr. Langfeldt made a suitable response, expressing his gratitude for their thoughtful gift.

NEGRO PLIED A RAZOR

Actuated by Jealousy He Carved a Rival, Who is not Likely to Survive

Winnipeg, Dec. 10.—H. Clay, a well-known negro barber, committed a murderous assault on another negro named W. H. Cooper in the latter's rooms, and the latter will probably succumb to his injuries.

The trouble started at a dance, when the attentions of Cooper to a dusky belle aroused the jealousy of Clay. A row occurred, and after Cooper had retired Clay invaded his room and slashed him with a razor in a horrible manner. Clay was arrested shortly afterwards. He has been implicated in a serious offence before.

Magistrate Daly held police court beside the injured man's bed in the general hospital, and Clay was afterwards committed for trial.

AN INQUIRY INTO THE YORK LOAN

Government Has Promised Hamilton Members to Go Into the Association—Meeting Held to Consider Matter

Hamilton, Dec. 10.—There was a large attendance of shareholders of the York County Loan and Savings Society at the meeting held in Association Hall last night.

Mayor Biggar was present and he gave the result of his investigation into the affairs of the society. He regretted that he had not been able to get all the information he desired. He read a copy of the agreement between the society and the Dominion Permanent Loan Society, and said the proposed amalgamation was not authorized by the society's charter, neither did he consider that it was in the interests of the shareholders, whose money would be locked up for some years. He said the proxies already given to President Phillips could be revoked.

He advised some of the shareholders to get no more money into the society. He said he had interviewed Hon. W. J. Hanna and Hon. [illegible] and the Government investigation.

Henry Carpenter denounced the officers of the society, claiming that they had gone beyond the powers granted to them under the charter, and that they might be liable to prosecution for obtaining money under false pretences.

On motion of Wm. Berry, a resolution was unanimously carried, asking the Ontario Government to investigate the affairs of the society.

A resolution was passed, expressing confidence in Ald. Gilbert, who will attend the meeting of the society when the proposed agreement is considered, as representative of the Hamilton shareholders. Proxies were handed around among the shareholders for signature.

TORRENTS OF HUMAN BLOOD

Will be Shed in Poland Uprising

KAISER'S PACT WITH CZAR

By Which Poland is to Remain Fettered for all Time

Berlin, December 11.—The clouds on the political horizon are darker than they have been for many decades, and there have been times during the last two weeks when it seemed as if a general conflagration could no longer be averted.

The most conspicuous event, the dispatch of theallied fleet to Turkish waters, has by no means been the most dangerous, although serious enough in itself. All political interest at this this moment centers in Poland, where a bloody uprising, far worse than the one suppressed in torrents of blood 44 years ago, may break out.

It is no longer the fear of the gray-coated soldiers of the Czar which is making the Polish revolutionists hesitate in declaring their country free and independent, it is far more the knowledge that an agreement was signed at Biorkoi by the Czar and the Kaiser, according to which the former promised not to grant any political liberties to his Polish subjects against the Kaiser's pledge to come to Russia's assistance should a revolt break out in Poland.

Ever since the Kaiser's return from his secret trip to Russian waters, German troops have been poured into Prussia's Polish provinces until there are today no less than five German army corps within a short distance of the frontier of Russian Poland, all under the command of a general who has been given full authority to cross the frontier at the first call for assistance from General Scallon, Governor of Warsaw.

It seems after all as if there is no truth in the many rumors which have been circulated concerning an estrangement between the Kaiser and his uncle, King Edward of England.

According to the latest of these the King of England had become so bitter against his nephew because he refused to have Germany represented in the naval demonstration made by the great Powers in Turkish waters that he declined an invitation to be present at the Kaiser's silver wedding in February next. This is now officially denied.

I have been informed upon most reliable authority that in view of the great success of Prince Louis of Battenberg's recent visit to the United States the Kaiser intends that some time during the next year Prince Henry of Prussia shall once more visit America.

Unlike the last time, when he traveled on a regular ocean liner, the Kaiser's brother will this time cross the Atlantic as commander in chief of a large squadron consisting of the most powerful and up-to-date men-of-war of the German navy.

Rothschild With the G. T. P.

Montreal, Dec. 9.—A cablegram received at the head office of the Grand Trunk Railway to-day announces the appointment and acceptance of a place on the directorate of the Grand Trunk Pacific by Hon. N. C. Rothschild, one of the heads of the noted London banking house of that name, which have been prominently identified with underwriting the bond issue of the Grand Trunk Pacific Railway. This action is taken as evidence of the confidence of prominent financial interests in one of Canada's foremost enterprises.

Czar Refuses and Witte Must Stay

Berlin, Dec. 9.—A despatch to the Tageblatt from St. Petersburg, dated yesterday and received here to-day by way of Eydtkuhnen, East Prussia, says Premier Witte has given his resignation to the Emperor, who refused to accept it.

STRUCK BY CABOOSE.

Guelph, Dec. 9.—An Italian named Frank Delaco was fatally injured yesterday on the Guelph and Goderich railway. He was one of the men who have been at work building the line and with other Italians was living in shanties along the line of construction. This morning he was walking along the track, and when near the cemetery did not notice the construction train backing into the city. He received a terrific blow on the head from the caboose, and was knocked insensible, dying in the hospital shortly afterwards.

A BRAVE RESCUE

Vernon Miller, Whilst Skating Breaks Through River Ice

On Saturday morning, Vernon Miller, a son of Mr. J. C. Miller, 28 Hunter street, had a close call by death. It seems that the boy was in company with other lads, skating on what is known as the "Goose Pond," near Goose Island, an inlet of the Otonabee River.

Young Miller, as boys will, tried to skate just a little further out on the newly formed ice, around the island, than prudence would have authorized.

On the east side of the island, owing to the swifter flowing current of the river, the ice is consequently very thin and treacherous.

The boy had reached the east side and was not far from the open water in the center of the river, when he broke through. Chalmer Nicholls, son of Mrs. N. Nicholls, corner of Aylmer and Methonsal streets was not far to land and at once went to his companion's assistance. Miller was keeping himself up by holding onto the ice and Nicholls was able to reach him from his predicament by plucklily creeping over the ice towards his comrade in distress; when within a few feet of the boy, whose strength had grown very feeble, owing to the numbing by the icy waters, young Nicholls forcibly dug the heels of his skates into the ice to give him a purchase, and handing the end of his hockey stick to young Miller, hauled him out to safety.

There is no doubt but what young Miller owes his rescue from otherwise certain death, to the quick wit and brave risk of his chum.

This is a most dangerous spot for skaters, and parents should forbid their children skating near Goose Island at this time of the year.

SEES A BRIGHT FUTURE

Action of C. P. R. Officials Lends Confidence to the Citizens

Nanaimo, B.C., Dec. 11.—Speculation is rife here over the numerous visits of the C.P.R. officials. Those supposed to know say the visits really are to size up the situation here with a view of making Nanaimo the center of the system of railway service which the company proposes giving the island in the near future. The recent report of the exploration party sent out to survey a route between here and Quatsino developes the fact that geographically the situation of Nanaimo is all that could be so desired both on land and on water. The company, it is said, has satisfied itself that the country is worthy of being developed. This, together with the great interest displayed by railway people individually in Nanaimo and the bright fututure they have been predicting for her have led the public to be convinced that the city is on the eve of great development.

TOLSTOI GLAD TO DIE.

London, Dec. 10.—"I regret every minute in which I do not feel myself dying." This extraordinary statement is attributed to Count Tolstoi by Mr. W. T. Stead, who recounts a recent interview with the great Russian reformer. "The thought of death is growing so increasingly pleasant," added Count Tolstoi, "that I need to struggle against this realization of its approach. If I did not believe that I should see some advance however slight, towards the coming of the Kingdom of God I know that I should kill myself."

Aftermath of License Question

Rumors were generally current yesterday that several local oficiants interested in the liquor business, have decided, owing to the prominent part taken by local divines, to transfer their attendance to other churches of the same denomination. It seems that they are greatly incensed at their ministers leaving the usual arena of their church labors, to personally interest themselves in civic matters and attack their means of livlihood. It seems a pity that such a spirit should be engendered, still he who goes willingly into battle must expect to receive blows.

Do You Want an Investment That Will Pay You Fifty Per Cent Per Annum?

Fr. Rauchaupt, the great Geologist, Mining Engineer and Chemist, has made an exhaustive examination of the properties of

The Union Oil and Sulphur Company

near the HOUSTON RIVER, LOUISIANA, in CALCASIEU PARISH, and over his own signature has reported that the lands of The Union Oil and Sulphur Co. have under them large quantities of oil. As real valuable deposits are always overlain, he says, by a considerable thickness of sediments, and such is the case here, which show no outcropping and hence no seeping, it is clear that such primary oil deposits, particularly in the best included in our tracts, are by far more valuable than the secondary ones, because they are by far less subjected to variations.

Professor Rauchaupt gives a long scientific and technical description of the property and from its geological formation and position proves the existence of oil in large quantities. He says: "I therefore have the greatest confidence that your land tracts lying in the before mentioned 'oil belt' will cover one of the most productive and extended oil basins."

The officers of the company are the ones who put in the money to make all the tests and to buy the ground; and now that we know we have oil we ask you to put your money in our hands and we will

GUARANTEE TO YOU HONEST TREATMENT, HONEST REPORTS AND HONEST RETURNS

The books of the company are open for investigation and the officers of the company refer you to any bank or wholesale house, or to Dunn or Bradstreet Agencies.

Investigate the officers and directors; ascertain if they have the ability to correctly judge the probabilities of their own enterprise. It's the MEN BEHIND THAT COUNT.

We are within 400 yards of the tracks of the Kansas City and Southern Railway. We own all the land around our well and have leased large tracts besides. The Houston River runs alongside our property, so that our shipping facilities are the very best.

THE UNION OIL AND SULPHUR CO. was organized under the laws of South Dakota, with a capital stock of $750,000.00, the shares being $1.00 each.

After the organization of the company we began to search farther for evidence of sulphur and we have a piece of land today that will from all evidence produce as much sulphur as the famous mine near our land, this is producing today about thirty-five (35) cars a day with a profit of $1,000 a car and we want to say to you that this famous mine is the wonder of the world and is paying the enormous monthly dividends of 100 per cent., and they are now increasing their capacity to try and meet the demands, and we feel confident (that as soon as we can develop our sulphur property) we will be able to do the same; we know we had the oil and we also knew that it would take less to develop it and that oil would pay for the sulphur plant as soon as we were able to begin the sale of the oil and this we think, we will be able to do within a short time, and we want to say to you right here, that as soon as we begin the sale of oil there is no more stock for sale, for this company will then be self-sustaining.

We began the drilling on our property on July 6th, 1904, we have a well that is 2,564 feet and 8 inches deep, and has five distinct showings of oil; this well has a pressure of 180 pounds, which ought to give us a flow of about 2,000 barels a day as soon as we get the strainer on and the tanks built; this takes time and money and that is why we are selling this allotment of stock. Everything points to a high grade of oil and if this is what they all think it is, we can say to you that you will make the best investment of your life when you buy some of our stock.

A PLAIN TALK WITH INVESTORS

What, think you, is the earning power of money? Can it with safety earn more than five per cent? Let raw facts answer. The Farmers' Loan and Trust Company pays 40 per cent.; the Union Trust Company, 47 per cent.; the Central Trust Company, 60 per cent.; Fifth Avenue Bank, 100 per cent., and the Chemical National Bank 150 per cent.

Are these institutions "get-rich-quick" concerns? Are their dividends REAL or FICTITIOUS?

PERSONAL TO THE READER

Is our proposition worthy of your consideration? Is buying the stock of this company are you buying only paper? Certainly not! This company is formed on a business basis; is conducted for profit to the stockholders, and you share just in proportion to the amount you hold.

STOCK

The cost of stock in The Union Oil and Sulphur Co., is now forty cents per share, but will soon jump to par. Please note in this connection that when your stock reaches par you have made more on your investment than money loaned at 5 per cent. for forty years. You should also remember that the quarterly dividends to be paid after the well is in successful operation will also be estimated on the par value of the stock, and not on the price paid for at time of purchase.

PAR VALUE

We feel confident that within one year our stock will be at or above par, for we could today contract the entire anticipated output of our wells at such alarming figures that would guarantee an annual dividend of 50 per cent. on a basis of five wells to the acre.

Send your remittances to
